## LORD'S VETO BILL PASSED IN THE BRITISH HOUSE

### LEADING MANUFACTURER ENDORSES RECIPROCITY

**Mr. James Ramsay, One of the Best Informed Commercial Men on the Coast Says It Will Be Good Thing for the Province—An Interesting Interview**

"Reciprocity will be a good thing for the province. A free interchange of natural products with our neighbors across the border will be good for both of us," said Mr. James Ramsay one of the best known manufacturers in British Columbia to the News yesterday. Few men are more qualified to give a better judgment than Mr. Ramsay. He is head of the Ramsay Biscuit Manufacturing Company, a director of the Dominion Trust Company, an Alderman of the Vancouver City Council and a member of the School Board of that city. He has been twenty years a resident of Vancouver and is thoroughly conversant with commercial conditions on the coast.

**Not a Politician**  
 "I do not speak from any party point of view for I have kept out of party politics all my life. I speak as a business man only. We have things to sell them, and they have things to sell us, and there is no sense in erecting barriers to an interchange of natural products."

**Grow Like Vancouver**  
 "You are going to have a great city here. You are going to capture a lot of the trade of the continent. You are going to give Vancouver a jolt, but we have got our foundations laid and can stand it. You will grow like Vancouver has done,

**FIFTY DOLLAR FINE**  
 Indian Agent C. C. Perry administered justice this morning in the case of an Indian found by Sergeant Phillipson to have been keeping hooch in his house and supplying it to his countrymen and women. A fine of fifty dollars and costs was the punishment to fit the crime.

### WANT TO PROCURE A NEW MUNICIPAL CLAUSES ACT

**Representatives of British Columbian Cities Are in Victoria—Claim That Present Act is a Failure—Will Get a New Act Drafted By City Solicitor**

(Canadian Press Despatch) Victoria, Aug. 11.—More up to date legislation to permit of better carrying out of the government cities of the first class than is provided under the existing Municipal Clauses Act, which, it is claimed, is out of date, and has long since proved to be almost entirely unworkable, is the aim of an intercity committee, composed of representatives of the city councils of Victoria, Vancouver, New Westminster and Prince Rupert, which met today at Victoria City Hall.

A general discussion on the needs of better legislation for the government of cities of the first class, ended in a resolution approving of Mayor Morely's suggestion that steps be taken to draft new legislation along the lines desired. A resolution was passed that a copy of the resolution be forwarded to the Secretary of the Union of British Columbia

### THEY MADE JOBS

**Lazy Mexicans Started Forest Fires to Make Work**

San Bernadino, Cal., Aug. 10.—That the forest fires, starting up mysteriously each time the rangers thought the flames under control, were the work of laborers who want to make the job last was the substance of a report which Ranger Seeley made to Forest Supervisor Charlton today. When these men, all of whom were Mexicans, were dismissed, a marked improvement was made, said Seeley.

An English aviator keeps his feet warm while flying by an ingenious arrangement of pipes from the engine and radiator.

### BASEBALL SCORES

 Chicago 5, Philadelphia 4.  
 Washington 9, St. Louis 8.  
 Boston-Cleveland; no game.

### May be No Council

Alderman Smith is gong up river. Alderman Newton and Alderman Clayton are going down below. Alderman Morrissey is in the East. The Mayor is at Victoria. It doesn't look as if there would be a city council meeting on Monday night but you never can tell.

### Wireless Reports Fog

Wireless stations along the coast report a good deal of dense fog which will delay shipping. The S.S. Empress of Japan has been spoken by Triangle in Lat. 49.48, Long 134.12 east bound. She will be in Victoria Saturday p.m. Smooth seas are reported everywhere signalling.

### ON RAMPAGE WITH RIFLE FIRED INTO WINDSOR BAR

**James McCall, Sailor who Deserted from the "Rupert" With a Shipmate Went after Constable Vengefully With Gun. Serious Charge To-day.**

Bullets flew through the Windsor Hotel Bar yesterday evening. No one was killed but a \$200 mirror is in little bits. After promising to be good and go back to his ship James McCall the seaman who was suspected yesterday of having deserted from the Rupert along with his mate Jack Hart, got rampageous and made a noise like a sailorman painting a trown red.

But that ended McCall's marksmanship. Surrounded and seized he was overpowered and the rifle taken from him—one loaded shell remaining in the magazine. Arrested by Constables Merritt and Swaley at 8 p.m. last night the redoubtable avenger of his mate's arrest colled his heels in the Hotel Vickers until today when his case came up for preliminary investigation.

### Rifle Meant for Constable

With a Winchester rifle he sallied forth in search of Constable Hamblin who had arrested his mate in the morning. He supped at the Butte Cafe on Eighth street, and then refusing to pay for the meal, went outside presented arms and threatened to shoot the place as full of holes as a pepper pot top. James was full of hooch and any little thing took off his attention so he suddenly turned to the palatial Windsor Hotel windows.

### ANOTHER PAPER FOR HAZELTON

**Up River Town will now Rival Prince Rupert**

A third newspaper is to be started in Hazelton. An extensive plant purchased by Messrs. K. L. Rauk and A. R. Macdonald is now on its way up on board the Inlander. The plant includes a cylinder press, and while at first will only turn out a weekly paper, will be capable of producing a daily newspaper when the field warrants the change.

The new paper will be called "The Omineca Miner." Both Messrs Rauk and Macdonald are well known up river and are both practical printers. Mr. Rauk worked for some time on the Omineca Herald. He also helped to get out the first copy of the Prince Rupert Optimist.

### Fired at His Own Face

Reflected in a mirror behind the bar counter he caught sight of the ugly face of a sailorman with a gun and without an instant's hesitation he fired at the reflection. Bang! Crash—and \$200 worth of silvered plate glass shattered to fragments while bar tender and customers ducked to dodge the second shot which ploughed past the cash register and plugged a pumpkin pie on the buffet.

### Rupert's Pull Out

This morning the S.S. Prince Rupert pulled out punctually with her usual crowd of passengers for the south. Her Stewart trip continues to be well patronised during the mid week.

### Morse Creek Water

City Engineer Davis reports that the Morse Creek Dam is now repaired, and the gates up. The dam is storing water now, but when the pumping engine and pipe will be ordered is not yet known. It is up to the city council.

Alderman Ramsay of Vancouver went south again with his wife by the Prince Rupert this morning.

## LIBERALS PICK DELEGATES DUNCAN ROSS RECOMMENDED

**Magnificent Meeting Held in McIntyre Hall Last Night---All were Unanimous in Endorsing Reciprocity, in Praise for Hon. Wm. Templeman and in Favor of Mr. Duncan Ross as His Successor in Comox-Atlin.**

**FOR SIR WILFRID LAURIER**  
 "That this meeting go on record as endorsing the Reciprocity Agreement and as expressing its confidence in and loyalty to Sir Wilfrid Laurier as a leader and statesman. And that a copy of this resolution be forwarded to Sir Wilfrid Laurier."

**FOR HON. WILLIAM TEMPLEMAN**  
 "Whereas the Liberals of the City of Prince Rupert have found their late member, the Honorable William Templeman, as a man honorable and honest, and as a member faithful and persevering, in the performance of every duty and trust imposed upon him and more particularly in the discharge of his duty towards the riding he represented, they therefore in General Meeting assembled desire to express their keen regret at the decision of the Honorable Minister not again to contest the riding of Comox-Atlin in the approaching Federal Election. They further desire to express their utmost confidence in the Honorable Minister and their hope that he may decide further to serve his country as a member of the Cabinet and of the House for another term and they request that a copy of this resolution be forwarded to Mr. Templeman."

An enthusiastic and harmonious meeting of the Liberal Association was held last night in the McIntyre Hall under the chairmanship of Mr. A. J. Morris and delegates were appointed to attend the Provincial Convention at Nanaimo on 19th August to select a candidate for the Comox-Atlin seat.

look as if there was not a Conservative in Comox-Atlin.

passed amid applause. While the ballots were being counted the meeting listened to a short address by Mr. J. S. Cowper.

**Praised Mr. Templeman**  
 Warm praises were bestowed upon Hon. William Templeman, the retiring member, and great regrets were expressed that owing to the size of the constituency he felt obliged to ask them to select a younger man instead.

**Endorsed Duncan Ross**  
 After the delegates were appointed the question of instructing them came up. It was decided not to tie the hands of the delegates by making any resolution limiting their freedom, but a resolution was unanimously passed by the meeting expressing their strong confidence in Mr. Duncan Ross as candidate for Comox-Atlin.

The entire expression of opinion was that his Parliamentary experience, his knowledge of the district, his grip of the reciprocity question, and his personal popularity throughout the entire northern portion of the constituency made him an entirely desirable candidate.

### Clean Sweep Promised

As the issue is being fought out exclusively on the reciprocity issue, all were admitted to the meeting who were prepared to pledge themselves to support the pro-reciprocity candidate. As a result several who do not usually attend Liberal meetings were present. The feeling of these was very well expressed by Mr. Tom Dunn, who said that no part of the whole Dominion needed reciprocity so much as Northern British Columbia to make her prosperous, and that at election day, it would

**Two Resolutions**  
 Two resolutions, one endorsing Sir Wilfrid Laurier's stand on the reciprocity question, and the other thanking Hon. William Templeman for his past services to the constituency were unanimously

passed. The entire expression of opinion was that his Parliamentary experience, his knowledge of the district, his grip of the reciprocity question, and his personal popularity throughout the entire northern portion of the constituency made him an entirely desirable candidate.

The entire expression of opinion was that his Parliamentary experience, his knowledge of the district, his grip of the reciprocity question, and his personal popularity throughout the entire northern portion of the constituency made him an entirely desirable candidate.

## PEOPLE TRIUMPH OVER THE PEERS

(Canadian Press Despatch) London, Aug. 10.—Premier Asquith's Government which represents the Democracy of Great Britain tonight enforced its will upon the Peerage by the narrow vote of 131 to 114.

By this vote the House of Lords decided to accept the will of the people and adopted Viscount Morley's motion not to insist upon the Lords' amendments to the Parliamentary Bill which practically limits the power of the House of Lords to a two year suspensory veto and vastly increases the prerogatives of the House of Commons.

The great constitutional struggle which began nearly two years ago when the House of Lords rejected the budget of Lloyd George, Chancellor of the Exchequer is ended, for a time at least, with the greatest change to Great Britain's working constitution since the passage of the Reform Bill.

### LIVED FOR TWO MONTHS ON SEAWEED AND CLAMS

**Pitiable Plight of Two Castaways on Bardwell Island, Alaska—C. Alexander and A. Anderson After the Wreck of Their Boat Almost Starved—Rescued by Steamer Bertha**

(Canadian Press Despatch) Valdez, Alaska, Aug. 11.—Attracted by signals of distress from Bardwell Island, a barren rock near the entrance to Resurrection Bay, the steamer Bertha on August 2 sent a small boat to the island and took off two ragged and starving men, Charles Alexander and Alvin Anderson, who had been on the island for two months and who must have perished but for the Bertha.

a few matches, lived for a month on mussels, clams, young gulls, seaweed and wild herbs which they cooked. The wrecked boat leaked so seriously that while one man labored at the oars the other was obliged to bail out the water, yet it enabled them to travel about the shores of the island in search of food.

### Boat Capsized

The men sailed from Kodiak on May 11 in a dory on a prospecting voyage. About June 1 a storm upset their craft off Bardwell Island, and all their provisions and outfit were lost in the sea. They managed to get ashore, but with practically nothing but their clothing. The next day the tide washed ashore the boat, sadly battered and with all but one of the oarlocks gone. The oars also drifted to the island. The men, who had

### Bitter Disappointment

After their matches gave out, about July 1, they were able to gather the same sort of food as before, but they could not cook it, and it was unpalatable and indigestible and the men felt their strength failing and had begun to despair. Their wretchedness was increased by the fact that two vessels had passed the rock and either overlooked or disregarded the signals of the castaways. The Bertha's officers clothed and fed the men and brought them to Valdez, where they are recovering.

## THE MOST INIQUITOUS TAX OF ALL

There are many wrathful citizens in Prince Rupert this week. This is the week when the Provincial Assessor sends out his papers demanding to know how much we each earned last year, so as to permit the Provincial Government to impose a tax on each man's income.

It is hard to dodge the income tax of British Columbia. A sentence of six months in the penitentiary is threatened to every person who is caught making wrong statements. The Provincial Government insists on having its pound of flesh to swell that "eight millions of dollars on deposit in the banks. (Loud and prolonged cheering greeted the Premier's remarks.)

"I think this is the rottenest kind of taxation that could possibly be put in force," a well known citizen was heard to remark as he brandished his income tax papers before the face of a friend outside the News office a couple of days ago. But he was wrong.

The "rottenest kind of taxation" is not the income tax, vexatious though it is. The "rottenest kind of taxation" is the taxation that is imposed upon the people's food. The income tax is a tax on incomes; the food tax is a tax on man's most elemental need.

The income tax exempts from taxation all who earn less than \$1,000 a year; the tax on food taxes the poor along with the rich. It falls heaviest of all on the workingman with a family. It is the most iniquitous tax of all.

It is possible sometimes to evade the income tax; it is not possible to evade the tax on food. Through the unwitting agency of the baker, the grocer and the butcher, it is collected on almost every article of food we buy.

Yesterday a woman went to a grocery store to price some sweet corn.

"Seventy-five cents a dozen," said the grocer.

"In Ontario I used to buy them for ten cents a dozen," said the woman.

"We have to import them from Washington," explained the tradesman.

"When will they be cheaper?" inquired the customer.

"When reciprocity is passed and the tax on them is removed," replied the wise grocer.

The tax on incomes is not to be compared with the amount of the tax on food. It cannot even be arrived at by the Government returns, though these show that large sums are collected at the border on all food stuffs which pass the customs houses.

On every pound of meat that we import there is a tax of from 3 to 5 cents a pound, on poultry from 5 to 8 cents a pound. On the \$700,000 worth of vegetables imported into Canada last year the huge percentage of \$200,000 was paid in duty. Through a long list of everyday foodstuffs it is possible to go and show how taxes are exacted at present on almost every crumb we eat.

Under the reciprocity agreement arranged by the Liberal Government it is proposed to abolish this iniquitous and unfair taxation. The interests which profit by the existing system are lined up solid to prevent the taxes on food from being removed. English sovereigns and Yankee dollars are being poured into Canada to try and defeat reciprocity. Every desperate means from obstruction in the House of Commons to frantic appeals to race hatred are being invoked to prevent it going through.

But the people of Prince Rupert will not be deceived. They realise that it is to their interests to see that the reciprocity agreement is passed. The tax collector walks too often here, for us not to hail the chance of having the iniquitous tax on food removed.

## PRINCE RUPERT STYLE

Such sunshine as has prevailed this season in Prince Rupert is once shown to the world of woman-kind the good sense of Dame Fashion in decreeing that latitude may be allowed in the choice of hats, large as well as small, this season.

The hat and frock above would be admirable for present day wear in Rupert and the effect can be attained by local milliners without any delay.

## NEW JOB FOR WOMEN

### Iron Trade Offers Them Openings in the States Now

The Deane Steam Pump Company, of Holyoks, Mass., a branch of the International Pump Company, has advertised for women to work on its core making department. In these advertisements much stress has been laid on the "neatness" of the place, and stating that the making of cores is like making bread, except that no flour is used. The company has endeavoured to secure the services of newly arrived Polish women to accept positions at low wages, only \$1.25 being offered for work now performed by men at \$2.75 per day. It is not known as yet what the union ironmoulders and coremakers will do in the event of this substitution, but it is quite likely that with the introduction of women in this trade the ironmoulders will vigorously protest and contest this innovation. So far as known, this is the first general effort ever made in the United States to employ women in the iron trades.

## AGE FOR MARRIAGE

### Ought There to Be a Maximum as Well as a Minimum Limit?

James Doughty, who is remarrying in his 93rd year, should be thankful that he is not a subject of the czar. According to Russian law, no person more than 80 years of age can enter the bonds of matrimony. All civilized countries fix a minimum age for marriage, but nowadays apparently only in Russia is a maximum age laid down. The law in ancient Rome was strict on this point, no man more than 60 or woman more than 50 being allowed to marry.

## Patent Leather Belts

Patent leather belts are smart with a certain severe style of linen or pongee gown, and in Paris young girls are wearing their belts unusually loose and of fancy striped leather. This belt may be any width from three to five inches, the wider being the smarter for the wearer's figure. The buckle may be metal or of the leather.

## Lingerie Hats

Lingerie hats are trimmed with frills of plaited lace, ribbon flowers or huge silk ones. Entire crowns of lace gathered around petals of a large flower to form the top are the pretty ideas on lingerie hats of the latest importations.

## ITEMS OF SPORT

Manager McAleer thinks he has picked up a great ball player in Catcher Henry, the former Amherst amateur. If McAleer is a prophet then he ought to have one of the best catching staffs in the major leagues. Anismisth, who is batting above .350, was a big find for Washington. A catcher who can bat is a rarity.

Just what Jack Johnson intends doing is a good deal of a conundrum. Nothing much has been heard recently of his match with Petty Officer Curran. This was to have taken place at the football grounds in Dublin and was to have been managed by Flanagan, who acted as Johnson's officer toward the close of the training days at Reno.

If the Johnson-Curran affair has been called off it is highly probable that the Johnson-Bombardier Wells go will also be wiped off the schedule. It is hard to say, in fact, which of the two propositions is the most ridiculous. Unless Johnson deliberately pulled to the petty officer and the bombardier, neither bout would last a full round.

Dick Arnt, the world's rowing champion, has had a boxing bee in his bonnet for quite a while. Dick was first a cycling champion, and then he made up his mind to become an oarsman. By wonderful determination he mastered the rival pastime, and won the premiership. He has an idea that if he tackles boxing he would meet with similar success.

Al Kaufman, the well known California heavyweight and at one time considered the only man who had a chance with Jack Johnson, the champion, will sail from Vancouver, September 6 for Sydney, Australia, where he will appear under the management of Hugh McIntosh. His first bout will be with the winner of the Bill Lang-Jack Lester bout scheduled to take place the latter part of this month. He will receive \$5,000 for this match.

## JACK ASHORE GOT TOO GAY

Seamen from the Prince Rupert Rather Jolly Even for Tars, and Got into Serious Trouble. All May End Well.

Two seamen from the Prince Rupert got into trouble last night, and as a result there may be two charges of deserting ship preferred against James Hart and his mate Bill something or other (not known to the police). James got half seas over last night, and Bill was helping him in something that might or might not have been a hornpipe on Centre street. Away they cruised up town, forgot all about their time limit, and got separated. James fell into the careful hands of the City Police, and thus may be said to have skipped his ship for he wasn't there to answer the roll call at prayers this morning. Bill, well, goodness only knows where Bill got to. He was looking for Jim. When he couldn't find him, he heard that Jim was in Vickers Hotel. Then he got real cross, said things, and even got a gun with which to bombard the famous hostelry. Mr. Arthur Little, "The Man who Made Good" did a lot to persuade Brother Bill to Be Good, and this morning Bill said he would rejoin his ship. Jim is still in his suite (with eau de cologne bath ten cents extra) at the hotel.

### BEST MATCH IN PRINCE RUPERT

Quilldrivers Beat the Maple Leafs Last Night by a Score 30-28.—A Record Game.

"Without doubt the best indoor baseball game ever played in Prince Rupert." This is the comment today on last night's great league match between the Quilldrivers and the Maple Leafs. The match resulted in a win for the Quills by the narrow margin of two points, the score standing 30-28 in their favor at the finish. A record crowd witnessed the match, and the rooting was something marvellous. As many varieties of hoot, yell, and roar as there are trees on Mount Morse were tried with variations, and every kind of brazen instrument from a trombone to a fireshovel added to the encouraging din.

Quills played well all through. Maple Leafs after the third inning showed splendid vim and dash, and had almost recovered their loss at the ninth inning. Some of the Leafs' leeway is attributed by the section of players and fans to unfortunate decisions on the part of Umpire Sidall in the first few innings. Nelson Dunn, the other lion-heart who dared to fill the onerous post on the diamond, was thoroughly approved.

### MONEY FOR MINING EASY

Spokane Fair Superintendent Believes so and Says Continent is on Eve of Great Mining Activity.

Mr. L. K. Armstrong, superintendent of the mining department of the Spokane mining fair, has sent out a circular letter in which he says:

"After a careful canvass of the situation among mining men, the management decided that we are on the eve of the greatest mining activity ever known and to meet the demand for information, it is their intention to call on every district to be represented at the Spokane Interstate fair, to be held next October, from the 2nd to the 8th of that month.

"Money for mining, development and equipment is easier to secure than for any other purpose at this time," says the Circular, "and for the establishment of plants for the manufacture of clay products, etc., it should be equally easy to interest capital."

Fresh watermelons came in yesterday, muskmelons too.—Ideal Provision House, Phone 190.

### LIBERALS PICK DELEGATES

(Continued from Page One)

**The Delegates**  
Following is the complete list of the delegates elected to attend the Nanaimo Convention: A. M. Manson, A. J. Morris, T. D. Pattullo, F. H. Mobley, G. R. Naden, J. S. Cowper, Dr. W. S. Hall, D. McKinnon, F. W. Keeley, J. M. Lynch, S. P. McMordie, J. J. Sloan. The following were elected as substitutes if vacancies occur: H. F. McRae, H. Campbell, Robert Ross, P. W. Anderson and K. Munro.

**Mr. Morrison Honored**  
During the evening Mr. D. H. Morrison was honored by being elected to the executive of the Liberal Association to fill the vacancy created by the resignation of Mr. T. D. Pattullo.

### CANADA AND BERING SEA

Rainbow May Patrol Northern Waters Next Sealing Season under Terms of New Naval Agreement.

Under the terms of the naval agreement between the Imperial Canadian, and Australian governments entered into at the Imperial conference the sphere of action of the Canadian Pacific warships is placed as follows: "The Canadian Pacific station will include the waters north of 30 degrees north latitude and east of the meridian of 180 degrees longitude." This sphere includes the waters as far south as lower California and about half way across the Pacific and northward to the Arctic, including Bering Sea.

Under the terms of the sealing agreement it is anticipated that the station will have hereafter to provide the patrol vessel to go yearly to Bering Sea, as Great Britain, as one of the signatory nations included in the treaty has agreed to provide a patrol vessel. As Britain acted for Canada in the agreement and Canada is to receive the advantage derived it is expected, says the "Victoria Colonist," that Canada will have to supply the patrol and next season will probably see the Rainbow started for Bering Sea on the cruise similar to that now being undertaken by H. M. S. Algerine.

Gooseberries larger than olives and as sweet as cherries with 50 pounds to a single bush have been grown this year in Summerland, Okanagan Valley, by Mr. G. W. McLaren, a brother of Rev. E. D. McLaren of Vancouver.

**THE RAJAH**

**Cleveland Company Score Another Clever and Amusing Hit with Crowded Audience Last Night in the Empress.**

Rich in color, light, song, and laughter last night's performance of "The Rajah" by the Cleveland Comedy Company was in every way a splendid show. Frank fun all the way through kept the packed house in the very best of humor.

Musical numbers throughout the evening by the Prince Rupert Orchestra were splendidly rendered and accompanied to the songs by those excellent singers Miss Drena Mack as "Lydella" and Frank Snyder as "Captain Tiney" were excellent. Nothing could have been funnier than the performance of Jack Westerman and Harry B. Cleveland in their parts as "Bill" and "Slivers" the two aeroplane sailors who tumbled into the Sacred Garden of the Rajah's Bath, made the acquaintance of his numerous charming wives, and even usurped his throne for a space as Rajah and Secretary. In her part as "Fatima" the Rajah's first wife, Miss Pearlita kept the audience in fits with her marvellous make up and mannerisms. Encores were demanded for the songs by Miss Josephine Gerrish as "Salome," Miss Drena Mack as "Lydella" Frank Snyder, as "Captain Tiney" and the funny sailormen. A clever quintette by Messrs. Westerman, Cleveland, Snyder, Kemper, and Perkins in the second act, was encored four times. The fifth call had to be gratefully but resolutely declined. Miss Drena Mack's white costume in the second act displayed her charms to perfection. The dresses of Miss Gerrish were also very becoming, while the nine merry little ladies of the chorus set off their costumes and parts in first and second acts most attractively.

**Gone on Holiday**  
The two Misses Barbeau left this morning on the S.S. Prince Rupert for Seattle, Tacoma and other points on a few weeks' holiday with friends.

Mrs. J. H. Kugler left for the south this morning.

No Excuse for Either Ladies or Gents Being Poorly Dressed.

Sharp at eight o'clock tomorrow morning, Jabour Brothers, the well known dry goods merchants, ladies and gents clothiers on Third Avenue between Seventh and Eighth streets, will commence their third annual summer sale. Some startling bargains are announced among which should be specially mentioned the values in ladies' silk and white lawn waists, undershirts, children's and boy's clothing, etc. As an inducement to men all suits and men's wear are reduced 25 per cent. Boots and shoes in all lines are reduced in price very considerably. All raincoats are reduced 20 per cent. Prices in hosiery and a hundred and one

**Do away with this. Patronize a white laundry. White labor only at Pioneer Laundry. Phone 118**

things are cut down, in some cases below cost. You would save money by carefully reading Jabour Brothers' full page advertisement on another page of this paper.

**FOUR MONTHS FOR STEALING**  
Tom Westerman Took a Kit Bag, and Now Takes a Trip Below. Six Months' Sentence Awaits "Doc" Wilson.

Police court business yesterday afternoon consisted in the sentencing of Tom Westerman to four months' imprisonment at New Westminster for theft of a kit bag, and the issuing of a warrant for "Doc" Wilson the dubious character who skipped out rather than face sentence for frequenting. A six months' term awaits him should he ever show his face again in Prince Rupert. Tom Westerman went down below today by the Prince Rupert in charge of one of Chief Vickers' officers.

If you want money apply P. O. Box 933.
