CIVIL WAR BREAKS OUT IN AUSTRIA

RUSSIA WOULD DESTROY CAPITALISM BY ARMED FORCE

Forty Persons Are Killed In Pitched Battles In Cities of Vienna, Grazena and Linz; Many Hurt

EDITORIAL

WHY PROSPERITY?

One of our friends wants to know why we are so hopeful of continued improvement in this part of British Columbia. Here are some of the reasons:

The dry dock shipyard is unusually busy for this time of year and this has given us a good start in the matter of local buying power. Among the employees have been fishermen who owed the dry dock money for past services. They will start the new fishing season with a clean slate.

A new ice plant has been built and is in operation on the waterfront.

A new cold storage plant is being built here.

Stocks of fish are being rapidly depleted and the buying power of the east is improving every day, thus assuring a better market for halibut and salmon.

Salmon fishing promises well so far as high grade fish are concerned.

The Billmor lumber mill has orders ahead and will start cutting very soon.

The Georgetown mill has been kept busy practically all winter and orders are still coming in.

Other mills in the district will open for business soon.

Shipments of white poplar logs will be made through Prince Rupert soon. This is new business.

A thousand men will be employed soon on Queen Charlotte Islands spruce forests.

Pole contracts are being filled along the Skeena River.

The local pulp mill project is still a live issue.

Queen Charlotte Islands mines are busier than they have ever been before.

Portland Canal mining is promising well. More men have been employed in the Stewart district than in most past winters and the prospects there were never better than today.

Mining is looking up at Usk where the Columario is being developed and a mill is being installed.

The Surf Point mine is operating steadily and shipping concentrates to the smelter.

Greater interest is being taken in mining in the Bulkley Valley region than for some time past.

Increased prices will give the farmers of the interior greater purchasing power.

All that is needed to complete the picture is a reasonable amount of construction work on the highway. If Premier Bennett decides to co-operate with Premier Pattullo in financing, that work will go ahead.

Socialists Proclaimed Nation-Wide General Strike and Government Retaliated With Martial Law—Bombs, Machine Guns and Artillery Used

VIENNA, Feb. 12: (CP)—From thirty-two to forty-two persons were reported killed in pitched battles between Socialists and the authorities today as the former proclaimed a nation-wide general strike and the government retaliated with martial law which was enforced in Vienna, Grazena and Linz. Fighting in Linz accounted for most of the deaths. Large numbers were wounded, many of them possibly fatally.

STRIKE IN PARIS ON

Twenty-Four Hour Tie-Up In Protest at Political Situation Commenced at Midnight

PARIS, Feb. 12:—At the call of the National Federation of Labor a general strike commenced in Paris at midnight last night "in protest at the existing political situation in France." Many industries and businesses are tied up for the day; the strike being described as the most extensive since the general strike of 1919. Picketing is general in the effort to prevent strike-breaking.

In protest against "Fascism," a quarter of a million persons, most of them belonging to the working class, assembled in the Cours de Vincennes today. It was the first large scale demonstration of Paris workers in the general strike. Police and soldiers were held in readiness but there was little trouble up to early evening with only a few minor clashes reported throughout the country.

The general strike slowed down the whole of France as one million workers walked out as a warning of what they can do should their rights be infringed upon by a government resorting to dictatorship.

Local Man Named To Executive Of Jewelers' Ass'n

VANCOUVER, Feb. 12: (CP)—Allan G. Carruthers was elected president of the British Columbia section of the Canadian Jewelers' Association at the annual meeting here. John Bulger of Prince Rupert was elected a member of the district executive.

Mrs. Samuel Insull Jr. Dies Suddenly

Passed Away in Chicago Hospital Yesterday as Result of Blood Clot Following Operation

CHICAGO, Feb. 12:—Mrs. Samuel Insull Jr. died in hospital here yesterday at the age of 36 years. She had been taken on January 26 from her home to the hospital and underwent an operation last week. At first she appeared to be making a good recovery but a clot in the bloodstream caused her sudden demise. Besides her widower, she is survived by one child.

BRITAIN TO RETALIATE

Tariff Reprisals Against France to Come Into Force Tomorrow, It Is Announced

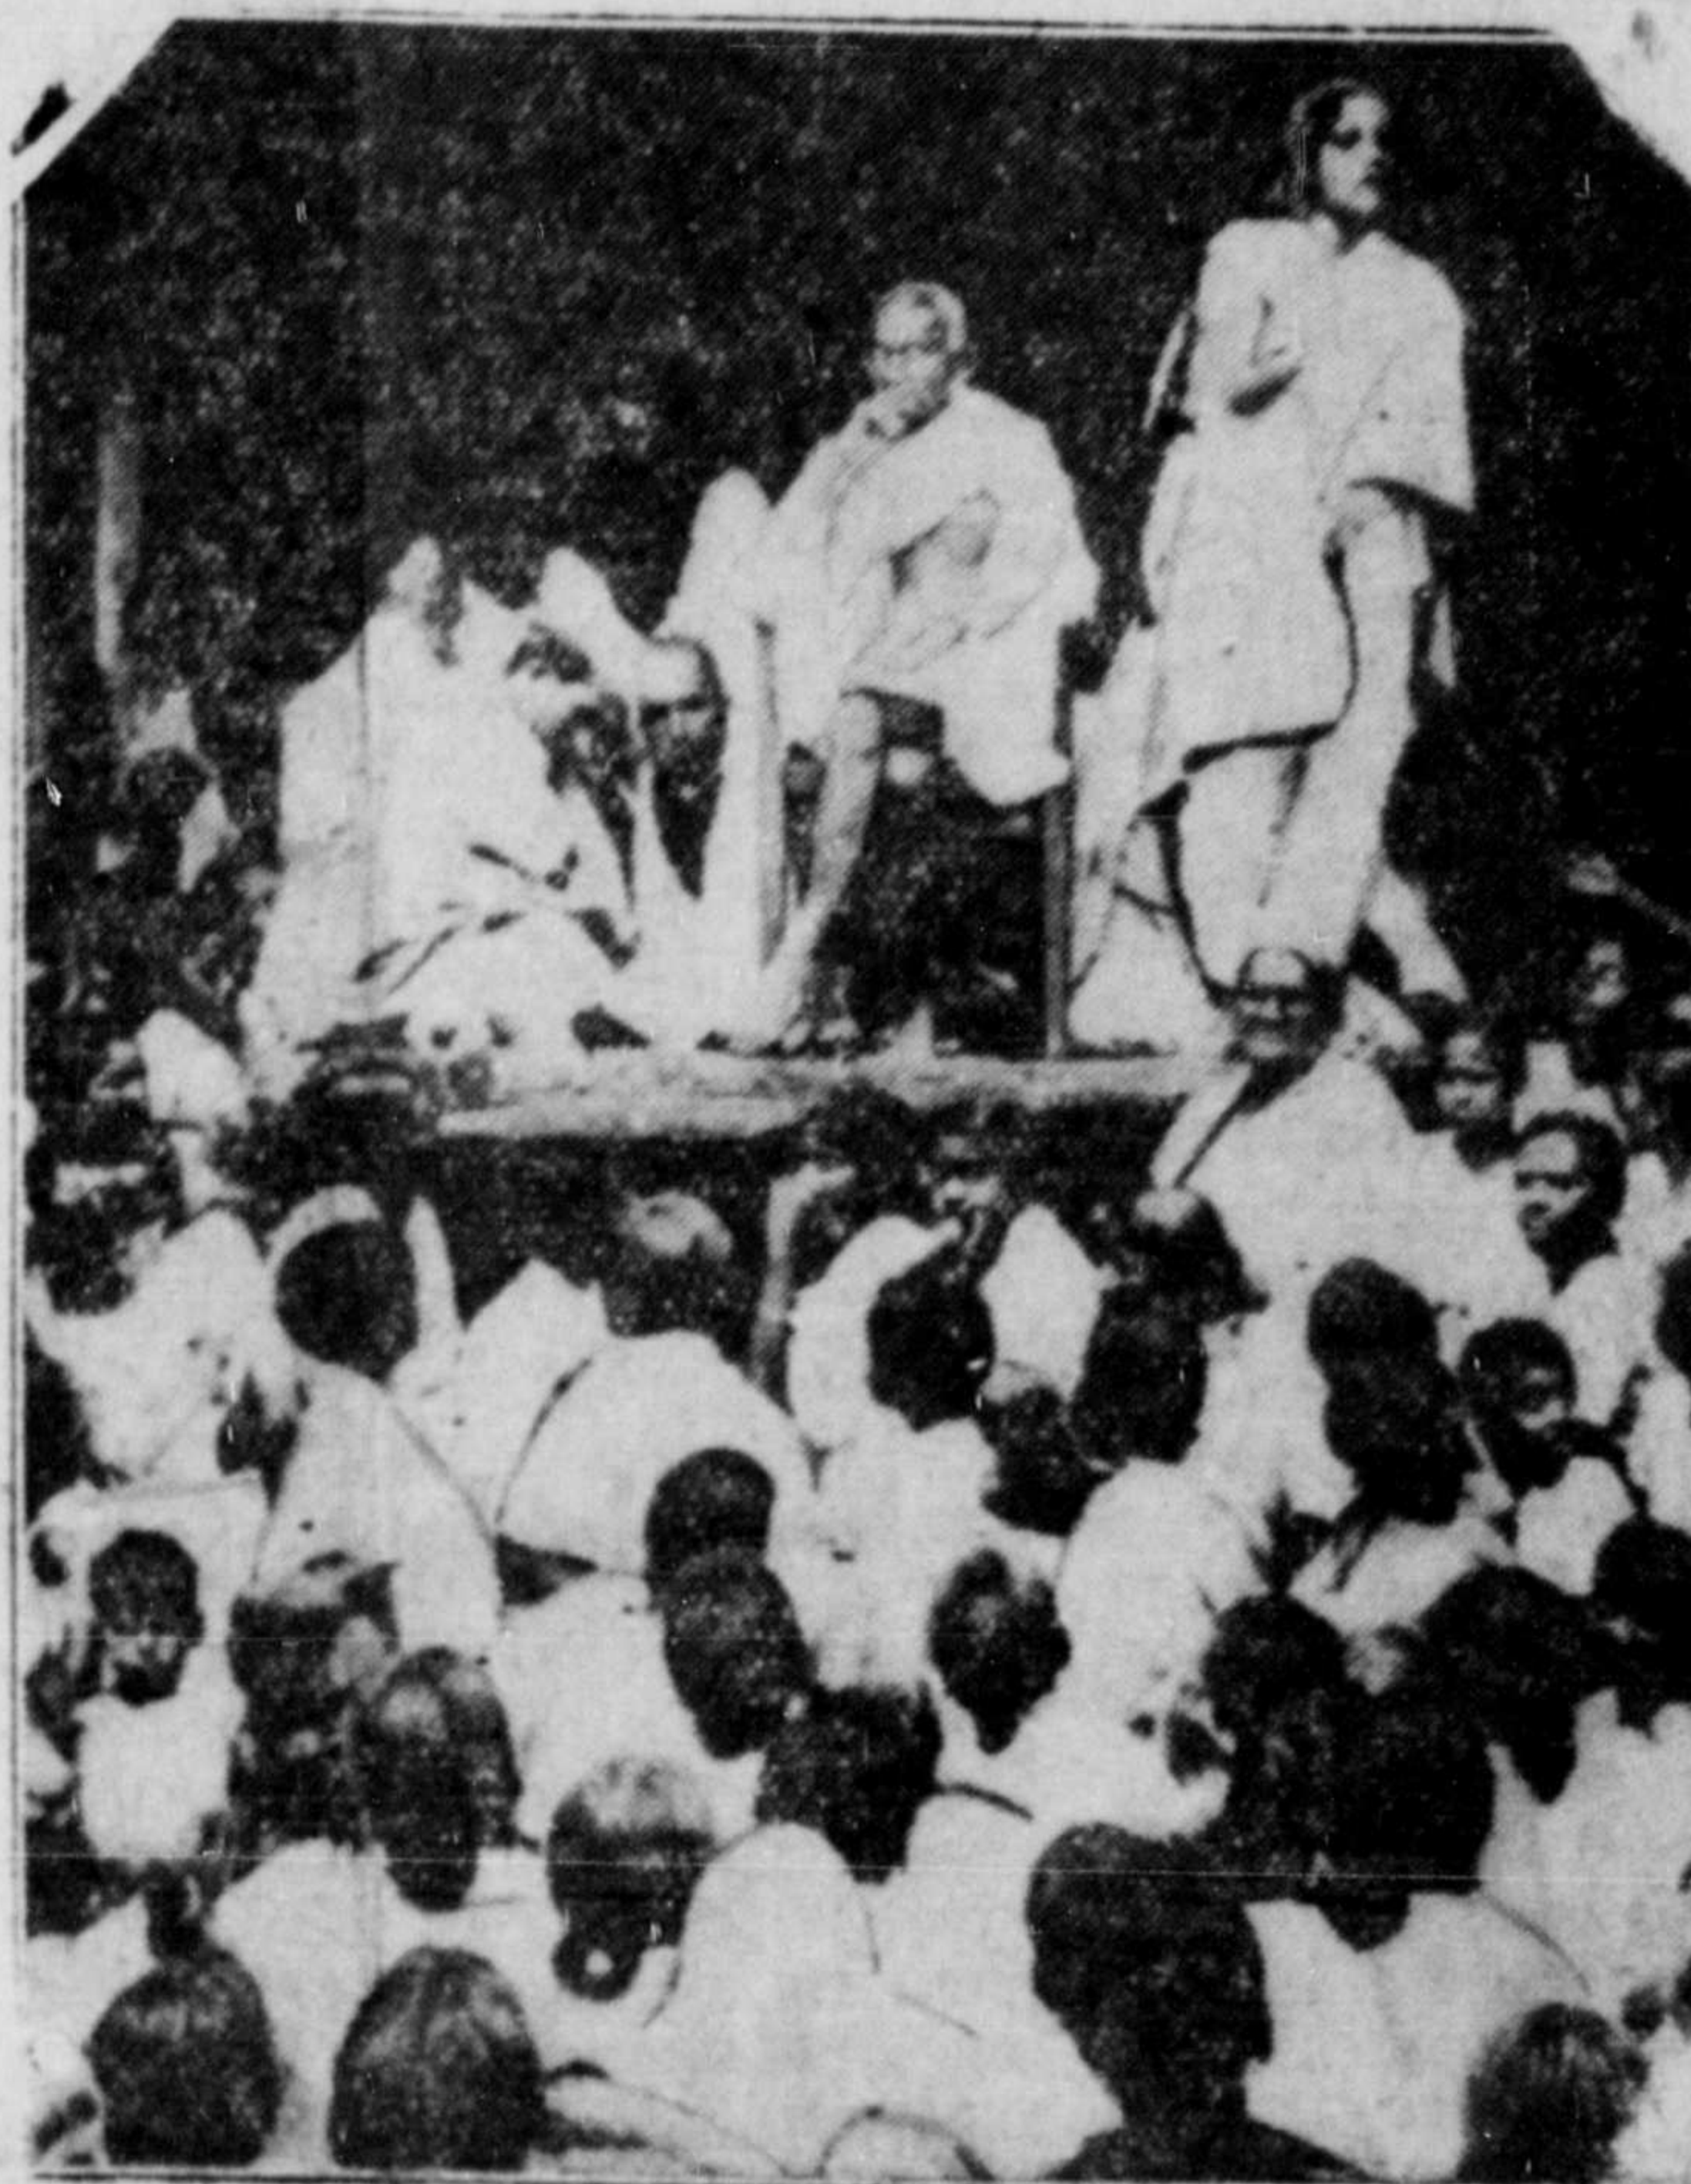

LONDON, Feb. 12: (CP)—The British government announced at the end of the week that tomorrow it would inaugurate for the first time the retaliatory clause of the Import Duties Act as a weapon to deal with what it alleges are discriminatory French quotas on British imports.

The Ladies All Go For Mahatma

When Mahatma Gandhi visited Bezwada, India, to hold a meeting of his followers, he was greeted by this huge crowd of women, proving that the aged leader has lost none of his popularity with the womenfolk. With Gandhi, whose visit to this part of southern India was the first since his release from jail, is shown Srimathi Durga Bak who was responsible for leading the first civil disobedience campaign and who also was sent to prison.

Soviet Does Not Want To Fight; Is Prepared For War, Nevertheless

Japan Should be Ready to Receive "A Bitter Lesson," Declares War Lord in Addressing All Union Congress on Sunday

MOSCOW, Feb. 12: (CP)—The full extent of the Soviet ring of iron and concrete fortifications along the Manchurian border was revealed yesterday with the publication of the text of General Vassily Bleucher's address to the All Union Congress. Bleucher is commander-in-chief of the Russian Armies in the Far East. He described to the All Union Congress a Red Army so strong that it will "administer a blow capable of cracking and in some places destroying the very foundations of capitalism" in the event of a Russo-Japanese war. "War is not included in our second five-year plan," declared Bleucher. "We do not want to fight but if we are compelled to do it, let our neighbor be ready to receive a bitter lesson."

Dr. Lopez Elected In Quiet Colombia Poll on Saturday

BOGOTA, Colombia, Feb. 12:—Dr. Lopez, Federal candidate, was elected president of the Republic of Colombia on Saturday in one of the quietest elections held in years.

Exchange Rates, New York and Montreal

NEW YORK, Feb. 12:—The British pound sterling closed at \$5.01¾ on the local foreign exchange Friday. The French franc closed at \$5.044.

Control of Wheat Production Needed

So Says Member For Qu'Appelle in Speaking in House in Support Of Acreage Limitation

OTTAWA, Feb. 12: (CP)—"Control of the production of wheat is what Western Canada needs," declared E. E. Perley, Conservative member for Qu'Appelle, in speaking in the House of Commons in support of the government's plan of limiting prairie wheat acreage in accordance with the London agreement.

General O'Duffy Is Re-elected By Irish Fascists

WESTFORD, Ire., Feb. 12: (CP)—General O'Duffy was re-elected president of the United Ireland (Fascist) party here at the end of the week.

More Active Mining In Central Interior This Year Expected

Increased Interest in Silver and Anticipated Rise in Price Should Result in Many Properties Getting Busy During 1934

With the increased interest in silver and a promise of an early rise in price, there are many properties in the Babine Range, across the Bulkley Valley from Smithers, which should be under active development this year says L. S. McGill, manager of the Omineca branch of the British Columbia Chamber of Mines, in a review of the mining outlook in the Bulkley Valley district. Among these is the Babine Silver King Mine, which is owned by the Omineca Silver King Mines, Ltd., and exhibits some very high values in silver.

Near Topley there are several gold-silver-lead properties which could very easily be worked with a little capital. The Topley Silver property of David Heenan and Charles Matheson has some very high silver values. Mrs. Frank H. Taylor was successful, in 1933, in opening up a deposit of ore carrying both free gold and native silver in close contact with one another. The Topley Richfield property, now in the hands of a Smithers syndicate, was the scene of a new find during 1933 and, with the increased price of gold during the past year could easily be mined at a profit. Mathew Sam, the Indian prospector of Topley, had good success in development work which he carried on last summer. All of these properties can be reached by motor road and all of them show great promise and invite the coming of capital.

The outstanding success achieved by the prospector-owners of the Glacier Gulch Group in getting out a shipment of gold ore, unaided by capital, which brought in returns of \$100 per ton in gold alone, has attracted widespread interest. A few days ago, after numerous offers, the property was bonded by the owners to prominent mining people, with a cash payment made on the option. Men are already at work getting out a further carload of ore and preparing for extensive development with the arrival of spring.

Further development is expected on a larger scale at the property of Babine Gold Mines, Ltd., on Dome Mountain, thirty miles east of Telkwa. Under the supervision of R. W. Wilson of Great Falls, Montana, tunnel work carried out during 1933 was successful in proving up underground the veins already explored on the surface. The values are chiefly in gold, and in some parts of the property they run very high.

Silver Lake Group
Plans are under way for an extensive development on the Silver Lake Group and adjoining properties on Hudson Bay Mountain, near Smithers. The chief values are in silver and lead but gold is an important constituent as well. The surface development on the Silver Lake Group was conducted under the supervision of Charles M. Campbell, mining engineer, of Vancouver, during the summer of 1931, since which time an improvement of silver and lead prices has been awaited before carrying out the program of tunnel development recommended by Mr. Campbell on completion of the surface work. Last summer the approach and

SALMON IS IN DEMAND

Movement Into Consumption in January Best in History of Industry

SEATTLE, Feb. 12: (CP)—H. B. Friele, president of the Association of Pacific Fisheries, says that the movement of canned salmon into consumption during January was "the best in the history of the industry," having been 370,000 cases as against 171,000 cases in January of 1932.

"The market is firm with an advancing tendency and there is more than usual activity in foreign demand," said Mr. Friele.

Another "Public Enemy" Has Been Caught in South

SANTA MONICA, Feb. 12:—"Dutch" Otto, described as a "public enemy," is being held here pending arrival of officers to take him to South Dakota where he is wanted as a member of a machine gun gang. Otto was trapped here last week and surrendered to police of officers without a struggle.

Pioneer Dentist Of Prince Rupert Dies

Dr. Larry Gilroy Passed Away in Vancouver Yesterday at Age Of Fifty-Two Years

VANCOUVER, Feb. 12: (CP)—Dr. Larry Gilroy, aged 52, who practiced dentistry in Prince Rupert in the early days, died here on Saturday.

More Loggers Go On Strike

Twelve Hundred Men in Campbell River District Want Higher Wages

CAMPBELL RIVER, Feb. 12: (CP)—Some 1200 employees of lumber camps at Elk River, Campbell River and Menzies Bay are on strike for higher wages and rectification of other grievances. Loggers at Bloedel, also in this district, have been on strike for a couple of weeks.

FRENCH DICTATORSHIP

When a country gets into a turmoil politically it is almost invariably followed by a dictatorship. France has been no exception to the rule. Should the political troubles cease, it is possible the dictatorship will cease automatically, but it is a dangerous thing to provoke. Instead of the Communists winning out they simply strengthen the defences against themselves.

DANGEROUS NAVIGATION

Navigation in these waters is dangerous in winter and even in summer some experience is desirable in the manipulation of small craft. Hidden rocks are numerous and not many amateur navigators take the trouble to carry and read charts. Those who take boats out without getting some experience first are gambling with fate.

In the winter, storms come up very quickly and gas boats are easily swamped in a sea such as that running in the harbor Saturday.

This warning is issued for the purpose of trying to prevent accidents which happen now and then as a result of inexperienced people trying to navigate without taking advice.

Canadian Legion
Has Strong LeadWith But One Game to go, Veterans
Ahead of Grotto by Well Over
Two Hundred Points

Two more games were played over the week-end in the Billiard League fixture from Thursday evening between Grotto and Canadian Legion, making the aggregate score to date 936 to 759 in favor of the Legion with the last deferred game between Don Brown, Grotto, and G. P. Tinker, Legion, to be played this evening. Scores of the two games played at the week-end were:

George Howe, Grotto, 92; Alex Murray, Legion, 200.
Bert Morgan, 150; Alex Harvey, 200.

Line-ups for tomorrow evening's fixture between Elks and Grotto are announced as follows:

C. P. Balagno, Elks vs. Don Brown, Grotto.
William Stuart vs. Earl Batt.
Harry Menzie vs. George Howe.
J. E. Morris vs. John May.
J. Doherty vs. Bert Morgan.
John Bulger vs. S. D. Macdonald.

DUBLIN, Feb. 12: (CP)—England defeated Ireland by a score of 13 to 3 in international rugby Saturday before a crowd of forty thousand fans.

RED WINGS
ARE AHEADDetroiters Again Leading American
Section of National Hockey
League With Chicago Second

DETROIT, Feb. 12: (CP)—Detroit Red Wings, by blanking the Ottawa Senators here last night, moved back into exclusive possession of first place in the American Section of the National Hockey League. The Chicago Black Hawks, vanquishing the Montreal Canadiens at the Windy City, took second place while the New York Rangers, losing to the Americans in a close game at New York, were relegated to the third position.

The victory of the Americans put them in third place in the International Section along with the Canadiens who lost two games at the week-end, having been beaten by the Maple Leafs at Toronto Saturday night.

Week-end scores were as follows:

Saturday Scores					
Boston 0, Montreal 1.					
Canadiens 2, Toronto 4.					
Sunday Scores					
Ottawa 0, Detroit 3.					
Canadiens 1, Chicago 4.					
New York Americans 4, New York Rangers 3.

LIFE INSURANCE

A Veritable Bed Rock of our Economic Life

TESTED by every major catastrophe—world war, world epidemic and world depression—Life Insurance has demonstrated its strength and stability. It has proved a veritable bed-rock of our economic life. It has met every obligation 100 cents on the dollar and met it promptly. It has relieved financial distress, guarded families and homes, proved a sure protection against poverty and want.

The Policyholders of the Life Insurance companies in Canada have greater holdings of government and municipal bonds than the chartered banks. Their real estate loans are double those of the mortgage and trust companies combined. The Policyholders' funds exceed the total deposits in banks, trust companies and all government depositories combined. These combined assets make Life Insurance pre-eminently safe and sound.

Life Insurance is reliable because—

It is established upon a sound scientific basis. Income from premiums is sufficient to provide a large margin of safety against all contingencies. No Policyholder has ever lost a dollar through the failure of any Life Insurance company, licensed in Canada, to fulfill its obligations promptly and to pay all claims in full. All Life Insurance companies are subject to continuous government inspection and control.

Hold fast to your Life Insurance and add to your holdings whenever possible.

PROMPT DELIVERY

WHIFFLETS

From the Waterfront

Having been stormbound at Massett during the gale at the weekend, the Armour Salvage Co.'s power tug Salvage Princess, which had been away since Wednesday of last week, returned Saturday night from the Queen Charlotte Islands. Capt. W. P. Armour, head of the company, had been visiting Massett on business.

Despite the appearance of the advance guard of the fish which was reported a few days ago, there has been no run in material numbers as yet of herring in local waters. A close watch is, however, being kept for the arrival of the fish and the harvest will commence once they put in an appearance. It is generally expected that they will show up following abatement of the present stormy weather conditions.

With a fair-sized list of passengers, Union steamer Cardena, Capt. A. E. Dickson, arrived in port at 5 o'clock yesterday afternoon from the south and sailed at 8 o'clock last evening for Anyox, Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. for Vancouver and waypoints. The steamer Catala is due back next Sunday after having been out of service for two weeks for annual overhaul, the Cardena thereupon reverting to her regular run on the Vancouver - Bella Coola - Ocean Falls - Skeena River-Prince Rupert route.

Minnesota Seeks To Have Income Tax Sustained

ST. PAUL, February 12.—The government of the State is taking immediate steps to appeal to a higher court the ruling of the State Supreme Court at the end of the week finding the state income tax to be invalid. The upholding of such a judgment might have a far-reaching effect throughout the country.

NEW YORK HAS COLD

Unusual Sight of Ice in Hudson River as Metropolis—Fifteen Below Zero

NEW YORK, Feb. 12.—As the city shivered during what the weather bureau described as the lowest temperature in its history, New Yorkers saw the unusual sight at the end of the week of cakes of ice floating down the Hudson and East Rivers. After having descended to fifteen below on Friday, the thermometer registered in below on Saturday. Several hundred school children were treated for frostbite. Sub-zero weather was also reported from Chicago, the cold wave extending over the entire east and middle west.

Young Son of 'Jake The Barber' Better

CHICAGO, February 12.—Alvin Factor, eight-year old son of John Factor (Jake the Barber), who came into the limelight recently as a result of a kidnapping episode was reported yesterday to be out of danger after having been critically ill with pneumonia following an attack of chicken-pox.

Mrs. Jack McDougall returned to the city on Saturday night's train from a trip to Edmonton where she has been receiving treatment as a result of which her health is reported to be much improved.

C. N. R. steamer Prince John, Capt. Edward Mabbs, coming north from Vancouver via the Queen Charlotte Islands on regular schedule, is due in Skidegate Inlet at 1 o'clock this evening and, after making her calls there and in Massett Inlet, should arrive here by early Wednesday morning.

MORE ACTIVE MINING IN CENTRAL INTERIOR THIS YEAR EXPECTED

(Continued from Page 1)

some thirty-two feet of the tunnel were completed by hand-work. The properties are held under option by W. R. Wilson and Sons of Vancouver.

At Bob Creek, eight miles south of Houston, A. J. MacPherson and Hugo C. Stratford installed a power plant and small mill on the property of George W. Smith and associates during the year 1933. Negotiations are now under way in Vancouver aiming to get the necessary capital to carry on this operation to production as early as possible in the spring.

Jessie Gold Mines Ltd., on Hudson Bay Mountain, was successful, in its tunnel work in the summer and fall of 1933, in reaching and drifting upon gold-bearing ores of the No. 1 vein, previously opened up on the surface. Financial arrangements are being made to extend this work during the coming season.

On the southwest slope of Hudson Bay Mountain, near Duthie mine, the Mamie, a gold mine owned by the estate of the late J. A. Aldrich, is receiving some attention. This property has an extremely fine showing of gold-bearing arsenopyrite which has been opened up on the surface for several hundred feet, and shows four to eight feet of ore, averaging from \$10 to \$20 per ton in gold, with additional values in silver. It has all the indications of making a very profitable gold mine and is within half a mile of an automobile road.

There was not the progress during 1933 which the resources and possibilities of the district warranted. For some unaccountable reason capital was slow in coming in, although there are many very promising gold properties within reach of rail and road transportation.

High School Dance Enjoyed

Happy Affair Held Friday Night In Elks' Home

The annual High School dance was held last Friday evening at the Elks' Hall. Music was provided by Balagno's orchestra. The hall was beautifully decorated with Valentine decorations and festoons.

There was a varied program of dances which included some novelty dances. In the spot dance the boxes of candy were won by the Misses Thekla Fulton, Lucille Brooksbank, Mary Conroy, Bertha Conroy, Ruth Wood, and Winnie Cameron.

An added and much appreciated feature of the entertainment was the tap-dancing by Miss Tite's pupils—the Misses Kay Murray, Venetia Feero, Betty Brown, Clara Dahl, and Aileen Mair. Miss Joyce Gawthorn performed a Russian dance which was much applauded. Miss Betty Ellison and Miss Betty Wood gave vocal solos.

William Hanson Of Stewart Succumbs

Sixty-Year Old Prospector From Portland Canal District Died Yesterday Morning, Victim of Heart Trouble

William Hanson, sixty-year old prospector from Stewart, who had been a patient in the institution since January 9 suffering from heart trouble, passed away yesterday morning in the Prince Rupert General Hospital. He was a native of Norway and had been a resident of this district for considerable time. A widow, Mrs. Minnie Hanson, resides at Stewart. Funeral arrangements are in the hands of the B. C. Undertakers.

A Little Pump Controls Your Life Stream

The world's most wonderful pump is the human heart. It pumps blood faster than a strong man can pump water from a well—and this despite the fact that blood is seven times as sticky as water and, in consequence, is ever so much harder to pump. This marvellous piece of human machinery keeps your blood stream in constant motion. It pumps the red blood corpuscles—loaded with vital Oxygen from the lungs—to your millions of body cells. After unloading the Oxygen, the red corpuscles load up with the gas poison forever being generated in the human system. The heart pumps this poison to the lungs, to be breathed out of the system. If your heart were to stop pumping, you would die in a few seconds for lack of oxygen.

Now, in order to do their work effectively, your red blood corpuscles must be rich in what is known as haemoglobin—a substance having the power to absorb the oxygen and the poisonous gas. When your haemoglobin is below normal, your blood stream is weak, and you feel "tired-out," run-down and nervously-exhausted. Restore the haemoglobin to normal, and you are once more strong, energetic and vigorous.

Dr. Williams' Pink Pills will do that very thing. This is not just a claim; it is an established fact, recently proven at a hospital where 40 people, treated with Dr. Williams' Pink Pills, each recorded splendid blood improvement and, with it, renewed health and vigor.

You will be benefitted in the same way. Try a month's treatment. 50 cents a package at your Druggist's.

*Individual reports on these 40 patients, certified by the hospital pathologist, are on file.

FILMS ARE DRAMATIC

"Girl Missing" and "Midnight Mary" Make Good Double Bill at Capitol Theatre

"Girl Missing," a thrilling mystery drama, and "Midnight Mary," a powerful melodrama of the underworld, are the feature pictures on another double picture bill being presented at the Capitol Theatre here for the first of this week.

"Girl Missing" is filled with thrills and a haze of mystery which holds the suspense until the end. There is plenty of smart wise-cracking as well as abundant humor to offset the more dramatic moments. A well-balanced cast includes Ben Lyon, Glenda Farrell, Mary Brian, Peggy Shannon, Lyle Talbot and Guy Kibbee.

In "Midnight Mary" the pivotal role is played by Loretta Young who is forced by a gangster, Ricardo Cortez, to become a crook. Romantic phases are played by Miss Young and Franchot Tone with Andy Devine and Una Merkel ensuring plenty of comedy. Other well known members of the cast include Warren Hymer, Charles Grapewin and Halliwell Hobbes.
