### LOCAL HALIBUT OPERATORS APPROVE LIMITATION CODE

#### Control Board Set Up To Regulate Fishing During 1934 Season

Allotment of 3300 Pounds of Fish Per Man Per Trip is Accepted by Prince Rupert Boat Owners and Fishermen—Tie-up Periods to Be Governed By Circumstances

Halibut boat owners and fishermen of Prince Rupert, at a meeting last night, decided to fall in line with a production curtailment code proposed by halibut vessel owners of Seattle and already ratified by boat owners and fishermen of Alaska whereby halibut catches for the 1934 season will be limited, as far as the Prince Rupert fleet

operating in Area, No. 2 is concerned, to 3300 pounds per man per trip. A control board consisting of W. E. Drake and M. F. Nickerson, managers of local fishing supply houses, and George Anderson, secretary of the Prince Rupert Deep Sea Fishermen's Union, was set up to regulate details of the operation of the code during the season as circumstances warrant, the duty of the control board to include the setting of tie-up periods between trips.

The allotment accorded the Prince Rupert fleet is the same as that accorded Ketchikan.

Adoption of the code by the local boat owners and fishermen followed a conference held here last week by Harold E. Lokken, manager of the Seattle Halibut Vessel Owners' Association.

The general object of the curtailment plan is to regulate halibut production as to ensure a maximum of profit for the operators by preventing, if possible, an oversupply of fish with consequent collapse of prices. The element of conservation of the fishery also enters into the scheme.

There were some 150 boat owners and fishermen in attendance at last night's meeting.

#### PROBE IS STARTING

OTTAWA, Feb. 15.—The committee of Hon. H. H. Stevens, minister of trade and commerce, formed for the purpose of investigating price spreads and mass buying met yesterday for organization and expects to launch the investigation next Tuesday.

Mr. Stevens pointed out that the investigation is purely economic and, perhaps, sociological and there is no intention of approaching it from a partisan or political standpoint.

#### Dumping Duty On Hats Protested

Contended That Department of Revenue Has No Right to Place It on British Imports

OTTAWA, Feb. 16.—The Canadian Importers' Association, on behalf of MacBeth & Co. and Peter Ruttman Limited of Toronto, has protested to the tariff board that the Department of National Revenue has no right to impose a "dumping duty" on felt hats from Great Britain which, it is claimed, was cancelled by the Customs Act of 1932.

#### Agent-General For British Columbia in England Retires

The Canadian chamber of commerce in Great Britain tendered a luncheon to F. P. Burden, the retiring agent-general for British Columbia, recently. Picture shows Hon. G. Howard Ferguson, F. P. Burden and H. M. S. Hayens, president of the chamber.

#### New Trade Agreement Between Britain and Russia Signed Today

Pact Contains Specific Provision to Meet Possible Price Cutting Tactics Such as Canada Had Complained Of in Respect to Timber

LONDON, Feb. 16: (CP)—Safeguard against any interference with benefits of British Empire preferences was contained in a new trade agreement between Great Britain and Soviet Russia which was signed today. The pact contains a specific provision to meet possible price cutting tactics which, in the case of Soviet timber especially, had aroused sharp Canadian objection.

#### CONTINUING TRUST FUND TOOK HIS OWN LIFE

Halibut Boat Owners and Fishermen To Carry On Profit Deductions For Co-Operative Purposes

Despondency Over Ill-Health Believed to Have Caused Interior Farmer's Rash Act

At a meeting last night, halibut boat owners and fishermen of Prince Rupert decided to renew for another three years as from March 5 this year a trust agreement providing for the regular deduction of 2 1/2 percent from gross proceeds of trips to be placed in their co-operative fund.

The fund up to last fall reached a total of something in excess of \$11,000 which it was decided to invest with the Northern Fishermen's Cold Storage Ltd. which is establishing a new ice manufacturing and cold storage plant on the Prince Rupert waterfront, it is estimated that the further deduction as decided upon will make another \$9,000 available for the project this year, bringing the total up to \$20,000.

Einar Larsen, one of the trustees of the fund, presided over the meeting of which Capt. David Ritchie was secretary.

Elias Albert Pratt Beach, aged 59, who has been farming for the past fourteen years at Francois Lake, committed suicide there on Friday of last week by blowing off the back of his head with a bullet from a 30-30 Winchester carbine, according to a report received at divisional headquarters of the provincial police here. In poor health for some time, he had already undergone a series of abdominal operations and, on a recent visit to Vancouver, had been advised that he could not expect to live much longer without an even more extensive operation. This he had declined to have performed and it is said that he had been despondent for some time over his health. He shot himself in the living room of his home while his housekeeper was outside. Immediately previous he had made remarks of a despondent nature.

Deceased, who was 59 years of age, is survived by a widow, who is believed to be in Vancouver, a son, Frederick Wesley Beach, at Francois Lake, and another son, Albert. After the coroner had decided that death was due to suicide and that an inquest was unnecessary, interment was made at Francois Lake on Tuesday of this week.

#### Claims Stock Mart Has to be Curbed

Witness in Washington Claims It Cannot Right Itself and Cites Case

WASHINGTON, D.C., Feb. 16.—Ferdinand Pecora, to show that the stock exchange could not regulate itself and must be curbed by the government, yesterday cited skyrocketing of alcohol stocks last July with huge profits to "insiders."

#### Former Ku Klux Klan Head Faces Charge of Theft

EDMONTON, Feb. 16.—John J. Maloney, former Imperial Wizard of the Ku Klux Klan, is facing a charge of theft here by conversion of two \$1000 bonds.

#### Funeral Notice

The funeral of the late Mrs. B. G. Beale will be held from St. Andrew's Cathedral at 2:30 Saturday afternoon, Rev. Canon W. F. Rushbrook officiating.

#### Death of Alberta Man Accidental

Coroner's Jury Investigates Shooting of Andrew Terressio of Two Hills

VEGREVILLE, Alta., Feb. 16.—A coroner's jury investigating the death of Andrew Terressio of Two Hills from a gunshot wound has found that death was accidental.

#### DEATH RAYS MAY WIPE OUT NATIONS

CHICAGO, Feb. 16.—Dr. Luther S. Gable, former head of the Detroit Institute of Technology department of radium and heliology, predicted yesterday that wars of the future might employ "alpha death rays" to wipe out entire nations.

#### HERRING RUNNING

First Scowload of Season Arrives From Pearl Harbor For Reduction Plant—Two Seiners Out

A fair run of herring has developed this week at Pearl Harbor near Port Simpson and seining is now under way there. Gammon & Watt are already fishing with the Zenard for the reduction plant of Nelson Bros. Fisheries Limited at Prince Rupert. Capt. Ole Skog left yesterday and will seine for the Canadian Fish & Cold Storage Co. which will, as usual, put up the fish for frozen halibut bait supply.

The first scowload of herring to be brought into the harbor this season arrived yesterday behind the power tug M. T. 3, Capt. Harris Kerr, enroute to the reduction plant. Jack Hazelton also brought in a boat load for the Bacon Fisheries yesterday, these being used for kipping.

The fish to start with are rather small but it is expected the size will improve as the season advances.

Large numbers of sea lions are reported to be interfering with seining operations.

#### Four Men Drift Into Lake Erie Upon Ice Floes

PORT COLBORNE, Ont., Feb. 16.—Four men were yesterday drifting out into Lake Erie on ice floes from which seven of their companions had been saved by life savers from the fire station here.

#### Exchange Rates, New York and Montreal

MONTREAL, February 16.—The British pound sterling was quoted at \$5.09 1/2 on the local foreign exchange market yesterday and the United States dollar at \$1.00 7/8.

NEW YORK, February 16.—The British pound sterling closed at \$5.05 on the local foreign exchange yesterday and the Canadian dollar at 99 1/2 c.

#### Silver Price Is Mounting In New York

NEW YORK, Feb. 16. (CP)—Bar silver sold at the highest price in four years today at 46c per ounce. Rumors during the past three days had sent the price upward but nothing has been announced officially as yet on the reported government plan to boost the price of the metal to \$1 per ounce by Monday. Today's price compared with 45 1/2c on Thursday and 45 1/2c on Wednesday.

#### Beer and Wine With Manitoba Meals Sought

WINNIPEG, Feb. 16.—Supporters of beer and wine with meals in licensed hotels and restaurants in Manitoba are urging the provincial government to adopt this means of helping to balance the budget.

#### THRONE SPEECH PASSED BY HOUSE OF COMMONS

OTTAWA, Feb. 16: (CP)—The address in reply to the Speech from the Throne passed the House of Commons yesterday by a vote of 89 to 54 after the amendment of J. S. Woodsworth, Labor member for Winnipeg, declaring that the government had failed to deal adequately with unemployment and other problems had been rejected by a similar division.

#### DREDGING FOR GOLD

Large Boulders Are Proving Hindrance To Submarine Operation On Islands But Expenses Are Being Paid

Speaking of a new mining undertaking in which he is interested by which coarse placer gold is being dredged from under salt water at a shallow depth from Seagewick Bay on the east coast of Moresby Island, Indian Agent Jas. Gillett of the Queen Charlotte Islands, who is paying a brief visit to the city, reports that the dredge has now been in operation for fifteen days and, during that time, twenty yards of material has been handled yielding eight ounces of gold. Large boulders have been causing trouble for the suction dredge by cutting down the yardage of gravel which is being handled. It is hoped, however, to soon overcome this so that a closer approach may be made to the dredge's daily capacity of 160 yards.

Meantime, in spite of the boulder problem and the fact that bed rock has not yet been reached, the operation is paying expenses.

Mr. Gillett who has not been actually on the property of late, arrived from the Islands on the Prince John Wednesday and will be returning to Massett on the same steamer tonight.

#### Stewart Man Is Interred Today

Funeral of Late William Hanson From B. C. Undertakers' Chapel To Fairview Cemetery

The funeral of the late William Hanson, well known Stewart prospector, who passed away earlier in the week at the Prince Rupert General Hospital, took place this afternoon at 2 o'clock from the chapel of the B. C. Undertakers to Fairview Cemetery. Rev. P. M. Fosse, pastor of St. Paul's Lutheran Church, officiated and Peter Lien presided at the organ for the hymns. The widow and young son of deceased arrived in the city last evening from Stewart to attend the funeral.

#### IS AGAINST TITLES

The issue of Saturday Night of Toronto of February 3 contains an article by George G. Nasmith which strongly opposes the granting of titles to Canadians. He quotes a number of prominent British statesmen who consistently refused to accept titles from the King. After meeting the various arguments in favor of the system he says:

"Fundamentally the whole business of honors lends itself to trucking and trading, because in the final analysis recommendations for honors have to be made by governments, and governments consist of individuals, who are susceptible to influence. It cannot be otherwise. Those who are friendly or powerful with those who are to make the recommendations for honors can bring pressure to bear on behalf of their friends. It is quite obvious, for instance, that were I an influential friend of Mr. Bennett he would probably pay more attention to my opinion than he would to a man of similar qualifications and judgment whom he didn't know at all.

"The award of titles is not going to help Canada to alleviate the tension which already exists between those who have and those who have not. Emphatically now is not the time to raise class distinctions. Anyone who during the last four years has tried to read the signs of the times knows what a revolution in ideas has been going on. It was only the realization by those who were down and out that most people were honestly trying to do their share in alleviating conditions that stilled the hostility to things as they are and prevented a more aggressive demand that they be righted.

"It would, therefore, seem to be very stupid to revive once more an archaic system of class distinction which we can do without in Canada, which will only tend to create a system of castes and stir up class antagonisms that we cannot afford in this virile young country.

## Murray Murdoch Plays 400th Consecutive Game

Aurel Joliat is not the only "iron man" in pro hockey. Joliat, who will celebrate his 500th game for Canadiens in February, has a rival in Murray Murdoch of the New York Rangers who recently celebrated his 400th consecutive game in New York playing against Ottawa—and all with the same team. Four hundred games of hockey without a break! That's some record. In the layout, Butel Keeling (right) and Earl Siebert (left) are testing the tensile strength and iron muscles of the iron man, Murdoch, who is shown again in the inset. Murray has played hockey for the past eight years with the Rangers along with ching Johnson, Bun and Bill Cook, and Frank Boucater. During that time, these five players have established a record unequalled in hockey history.

## Musketeers and Moose in Tie For Crib Lead

The Prince Rupert Cribbage League was in error in making its official returns on Monday night's play, showing the Empress to have won over the Musketeers 15 to 12 whereas, actually, it was the Musketeers who won over the Empress. The standing to date, therefore, is as follows:

	G.	P.	A.
Musketeers	5	75	60
Moose	5	75	60
P. R. Hotel	5	72	63
Grotto	5	70	65
Empress	5	65	70
Elks	5	67	68
Canadian Legion	5	59	76

## SOCIALISM IS CRUSHED

Fascist Rule Now Looms in Austria Following Victory of Dollfuss in Civil War

VIENNA, Feb. 16:—Socialism in Austria has been crushed for the time being at least and the unhappy post-war republic, which represents the remains of what was once a great Empire, appears to be at the threshold of Fascist rule. Thousands of Socialists, defeated in the four-day civil war which cost thousands of lives including those of women and children, were surrendering to the forces of Chancellor Dollfuss throughout the city yesterday.

## BASKETBALL LAST NIGHT

Senior League—Canadian National Recreation Association, 47; Kalens, 24.

Intermediate League — High School, 23; Merchants, 25.

Ladies' League—High School, 4; Cardinals, 12.

Junior League—Flashes, 12; Scythians, 16.

Canadian National Recreation Association ran rough shod over the Kalens in the Senior Basketball League last night with the latter using the High School crew in order to field a team. Johnson had a field night, scoring twenty points. D. Morrison returned from Anox to strengthen the transcontinental outfit.

Cardinals swamped the Student girls in a one-sided Ladies' League fixture 14-4.

High School boys were lucky to win out in their Intermediate game with the Merchants. It was forty seconds to go when Blake of the Merchants called time out to stop the scoring streak of the Students with the count standing 25-24 in favor of the Retailmen. A technical shot was awarded the students and Nakie missed the opportunity to tie up the game. From the toss up Nakie passed to Moxley who sank the winning basket and Kazu sewed up the game a second later with another. The Merchants should have won and they outscored the Students in the second canto.

Half time score was 17-11. Scythians defeated the Flashes in a Junior fixture 16-12.

## Senior League

C. N. R. A. (47)—Johnson (20), D. Morrison (5), J. Morrison (6), C. Smith, Stiles (12), E. Smith (4).

Kalens (24)—Mitchell (8), B. Tobey, Davies (1), Moxley (8), Nakamoto (7).

## Intermediate League

High School—Miller, Nakamoto (11), Canterbane (8), Davies (2), Tobey, Moxley (7), Morgan—28.

Merchants—Armstrong (4), Palmer, Blake (9), Naylor (3), Suehiro (1), Campbell (8)—25.

## Ladies' League

High School—E. Davis, Ellison, Ritchie (4), Blaine, Turgeon, T. Davis, Mussalle—4.

Cardinals—Stone, Lowe (13), E. Morris, Brand, Boddie (1), Rivett—14.

## Junior League

Flashes (12)—Palmer (3), McPhee (3), Hill, McMeekin (6), Ritchie, Fulton, Cramp.

Scythians (16)—Montessano (4), Gillis, Murray (6), Comadina, Dolmino (6).

## Legion Has Good Lead in Billiard League Fixture

As a result of the playing of four out of six matches in last night's Billiard League fixture, Canadian Legion took a substantial aggregate lead of 752 to 589 over Empress. Individual scores were as follows:

A. Donald, Empress, 185; G. P. Tinker, Canadian Legion, 200.

M. M. McLachlan, 81; J. J. Judge, 200.

W. E. Williscroft, 123; Charlie Baptle, 200.

Frank Aldridge, 200; M. M. Lamb, 152.

In one of the deferred games, Pete Pritchard, Empress, will play Alex Harvey, Legion, tonight, while the game of M. E. Young, Empress, vs. Alex Murray, Legion, will be played tomorrow night.

Deferred games of William Stuart, Elks, vs. Earl Batt, Grotto, and Johnny Saunders vs. Johnny May from Tuesday night's fixture of this week are also still outstanding.

### MERCHANTS HAVE MEET

Endorse Plan to Curb Chain Store Development—George Hill Elected President

The Prince Rupert Retail Merchants' Association, at a general meeting yesterday afternoon, endorsed a resolution, proposed by the Fraser Valley Retail Exchange and approved by the Union of British Columbia Municipalities and the Fraser Valley Reeves' Association, urging the provincial government to enact legislation to provide a sliding scale of taxes which would have the effect of curbing the development of the chain store system. Under the proposal these taxes would range from \$2.50 per year for a single store up to \$1000 per store for retail organizations having 21 or more branches. One half of the revenue so derived, it is proposed, would go for the benefit of hospitals and the other half to the municipalities with one-half of this to be earmarked for school purposes.

The meeting, which also discussed hours of store closing on Saturday evenings, deciding to defer action until the next meeting, elected officers for the year as follows:

- President, George Hill.
- Secretary - Treasurer, Douglas Prizzell.
- Executive—C. H. Orme, W. M. Watts and C. G. Minns.

### GONE CRAZY WITH HEAT

Steam Just That and Ice is Water Gone Crazy With Cold—Interesting Lecture By J. E. Boddie

"All the elaborate machinery you see in a modern-refrigerating plant is mainly for one purpose, that is, the removal of heat," stated J. E. Boddie, chief engineer for the Canadian Fish & Cold Storage Co. in addressing the Rotary Club on "Refrigeration" at its weekly luncheon yesterday. "This heat may be taken from water to make ice, from air to make it more comfortable to breathe, from meat, fish, fruits or vegetables to slow up the rate of decay, and last, but not least, to remove heat that will filter through the walls, floor, ceiling or roof of any refrigerating plant."

Mr. Boddie explained that heat flowed from a warm substance to a cooler one but never in the opposite direction. By taking advantage of this natural law it was possible to tell what a refrigeration plant would do before construction was commenced. The heat to be removed was measured in tons of refrigeration.

The refrigeration cycle, the speaker explained, was the opposite to the steam cycle. A candidate at an oral examination once replied to a question as to what steam was, "Steam is water gone crazy with the heat," he said. "Ice is water gone crazy with the cold."

Mr. Boddie explained how it was that, through the difficulties of maintaining a steady supply of ice in summer, engineers had manufactured the household refrigerators, thus doing away with the necessity of keeping the ice box full.

Refrigeration was used extensively in the making of dynamite, in the making of beer, in conditioning the air in large public buildings, in the manufacture of tennis balls and the speaker told also of a frog farm where refrigeration had been used to keep the supply equal at all times to the demand.

Seeing that refrigeration was just the reverse process to that used in the steam locomotive, Mr. Boddie explained the steam engine process. He showed why ammonia was a good refrigerant to use and also carbon-dioxide. Refrigerators had four main parts, the liquid receiver, the compressor, the condenser and evaporator. With these properly connected and with a suitable power to drive the compressor the plant was ready for business.

### "LADY FOR DAY" HERE

Warren William and May Robson Starred in Farce at Capitol Theatre

Headed by Warren William and May Robson, a splendid cast including Guy Kibbee, Glenda Farrell, Ned Sparks, Walter Connelly, Barry Norton, Nat Pendleton and Hobart Bosworth is assembled in the much-heralded talking picture "Lady for a Day," which is billed as the feature offering at the Capitol Theatre this week-end.

The story deals with an old apple woman (May Robson) who, unknown to her associates, is supporting a daughter in school in Spain, the child being under the impression that her mother is wealthy and socially prominent. Suddenly the old lady learns that the daughter is on the way to America with a young count she wants to marry. Friends rally to the old woman's rescue and instal her in a rich man's apartment. After a series of hilarious happenings, the masquerade works out perfectly. The Spanish nobles accept the pretensions and the daughter goes back to Spain for a magnificent wedding.
