## BLOODY WARFARE CONTINUES IN VIENNA DURING NIGHT

### Socialists Appeared To Have Upper Hand; Authorities Sieged

From 500 to 2,000 Estimated Dead Following Sanguine Conflict in Capital and Other Important Cities of Austria

#### Women and Children Suffer

Terrible Carnage in Capital City of Austria Especially in Working Class District at Karl Marx Apartment

VIENNA, Feb. 13.—An unofficial estimate tonight placed the number of dead at 500 in the civil war while rumors with some basis of plausibility placed the toll as high as 2,000. A large majority of the deaths were in the Vienna working class district.

It is feared that many women and children were killed when artillery shelled the Karl Marx apartment.

VIENNA, Feb. 13.—With the death list estimated to be running over the 200 mark—at least one hundred being in Vienna—and hundreds suffering injuries, many probably fatal, bloody warfare continued in the streets of Vienna and other cities of Austria throughout the night. While the police and troops were holding the most of the public buildings, the Socialists appeared to have the upper hand in the open fighting and on three sectors, centering about the city's power plant, the municipal building and the largest apartment block of Vienna had taken possession of the artillery of the authorities and driven them to shelter. Roar of guns continued in the city throughout the night and an emergency curfew decree was issued, requiring all persons to be off the streets after 8 p.m. on pain of being shot down on sight.

### STRIKE IS CONCLUDED

Different Views on Effectiveness; Four Hundred Arrests Made; Paris Quiet

PARIS, Feb. 13.—With the National Federation of Labor claiming that the demonstration had been a complete success while the government authorities expressed the opinion that it had not been as fully effective as had been hoped, the 24-hour general strike of workers in Paris and the provinces called as a gesture of protest against the attempt to set up a "Fascist dictatorship" in France came to an end at midnight last night with the city quiet following a day of more or less sporadic disorder.

Four hundred arrests were reported to have been made during the day.

Many services, businesses and industries were tied up but army engineers manned the utilities and kept these running.

### Disturbance In Penitentiary At Walla Walla Subdued Last Night By Gunfire of Guards

Convicts Took Temporary Possession in Bloody Disorders Before Quiet Was Finally Restored—Delivery Attempt Foiled at Gates of Institution

WALLA WALLA, Wash., Feb. 13: (CP)—One prison guard and eight convicts were slain in a bloody outbreak late Monday at the Washington State Penitentiary here which was quelled by machine gun fire from the prison walls. Four guards and five convicts were wounded. After order was restored, the dead were removed to the morgue, the wounded to hospital and ring-leaders in the outbreak were placed in solitary confinement pending an official investigation of the disturbance. No prisoners escaped.

### CARRYING AIR MAIL

Service to be Placed in Hands of Private Companies Again in United States, It Is Intimated

### "LINDY" AROUSES IRE

Protest of Famous Aviator Designed For Publicity, President's Secretary Charges

WASHINGTON D.C., Feb. 13.—It was officially stated on behalf of the government last night that the intention was to place air mail service in the United States back in the hands of private companies as soon as possible. First, however, the administration will seek legislation from Congress providing for a complete reorganization of the set-up for the carrying out of the services. This, it is expected, will be on a cost plus basis rather than on the basis of subsidies as at present.

Meantime following the cancellation of all private company air mail carrying contracts, Army planes will take over the service next Monday and will continue to

### SENSATION EXPECTED

Important Disclosures, Involving Higher-Ups, Anticipated in Bremer Investigation

ST. PAUL, Minn., Feb. 13:—Sensational disclosures which would "blow the roof off" a local kidnaping and crime ring were promised by the police yesterday in connection with the investigation of the recent kidnaping of Edward G. Important developments in connection with the investigation are expected hourly.

Meantime Edward G. Bremer has been re-united with his family here following his release last Wednesday night in the residential district of Rochester, Minn., by kidnapers. It was announced that the full payment of \$200,000 ransom had been paid by the father, Adolph Bremer, for his son's release.

**ATTITUDE OF SCHOOLBOYS**

Japan and Russia are like two schoolboys, each daring the other to hit first. Unfortunately the result will be very different from a schoolboy fight if the two countries resort to hostilities in order to settle their differences.

We remember the time when Germans drank toasts to the day when they could get an opportunity to fight Britain. They were quite confident they could lick the world, but they failed.

A good many people would not worry if Russia and Japan should decide to start a war of their own but the difficulty is that these wars have a habit of spreading. We hope these two countries will fall in line with the trend of the times and decide to settle their differences amicably. There is no need for either to knock the chip off the other's shoulder.

**SEASON OF LENT**

Catholics and Anglicans tomorrow enter upon the season of Lent which lasts for forty days, corresponding with the forty days in which the Christ retired from the world for fasting and introspection. Many people during that period retire from the active festivities of life and deny themselves some of those things which they enjoy. It is to them a period of spiritual training.

Today is Shrove Tuesday, celebrated in England as "Pancake Day." Tomorrow is "Ash Wednesday," the first day of the period of penitence. At the close of the period is Holy Week including Good Friday, the crucifixion day, followed by Easter Sunday. To some people these periods mean nothing, but to others in the community they are outstanding annual events and mean much more than any other current events.

**MUST BUY SOON**

A great many people have been doing without new clothes for several years. The depression hit hard and hundreds had not the price to pay. Doing without was a necessity. Others feared for the future and kept their money in their pockets. Now we have all come to a point where we must buy. Clothes are necessary and must be purchased. Homes are getting shabby and must be painted. Money must be expended on many things and the tendency is to buy to the extent that finances will allow. The buyers' strike is over.

**WRECK ON HONEYMOON**  
Trying Experience of Fuller Brush Man and Bride, Who Was Formerly Powell River Girl

**Terrible Night**  
Lost Their Boat on Wales Island After Being Caught in Storm—Charles Crowe Starts Again

To spend one night of their honeymoon trip in the woods on Wales Island, wet to the skin and without fire, was anything but pleasant for Mr. and Mrs. Charles E. Crowe of Vancouver who were wrecked from their gasboat La Boheme in Portland Canal, drifted off the Naas River for twelve hours and then had their launch ground to pieces on the rocks by the huge breakers which swept over her and put her engine out of business.

It all happened while on their way from Stewart about a month ago. They had visited Anyox, Stewart and Premier on behalf of the Fuller Brush Company and were on their way to Prince Rupert. As they came to the mouth of the Naas, everything looked favorable. The sea was calm and they got half way across without incident. Then a sudden squall struck them, buffeted their boat and drove them southward and at one time they feared they would be forced out into the open strait. After twelve hours of constant effort, during which they tried sailing and towing with their dinghy. They made the shore of Wales Island and every effort was made to get into a cove and anchor there. The elements were too powerful. The La Boheme struck a rock which drove a hole into her hull and it was as much as the occupants of the boat could do to scramble ashore with blankets and food before the launch broke up. They took matches but these were wet and it was impossible to make a fire.

That night was a terrible one. The young couple, wet to the skin, huddled in their blankets and prayed for morning to come. Happily when it did come it brought succor, for a party of Indian trappers headed by the aged Matthew Johnson of Port Simpson came along in their boat. They were at once taken to the Indian camp, two miles distant, and before a blazing fire dried out their clothes and stayed with the natives until the weather allowed their return to Prince Rupert.

Mr. Crowe is well known in Prince Rupert where he canvassed for the Fuller Brush Company a little over a year ago. He lost all his stock and his records in the wreck but he plans to start over again here and will spend several weeks in the city before going south. Mrs. Crowe was married last summer just before setting out on the trip. She was formerly Miss Alexandra Zilnic of Powell River. In spite of the hardships and narrow escape in Portland Canal, she is eager to start over again when conditions are propitious.

**GROTTO IN LEGION HAS HOOP WIN SCANT LEAD**

Defeated Kaiens in One-Sided Game—Intermediate Match Close

Grotto defeated the Kaiens last night in a one-sided Senior League basketball game 36-16. The Kaiens were minus three of their regular players while the Tobaccoists had nearly a full team. Half time score was 14-8 and from then on the Grotto had things its own way.

Trojans lost out to Scouts by one point in an exciting Junior contest, the score being 15-14.

The Warriors were lucky to win out against the Merchants in their usual Intermediate crowd pleaser. Lindsay and Blake tried enough shots to win in a walk but they just wouldn't stay sunk and so the Warriors went home with a 27-25 win.

High School girls came close to winning a game in their league tussle with the Comets. The Students were six points behind at recess and all indications pointed to a one-sided victory for the Comets but Ritchie and her crew upset the dope bucket and outscored Steen and her stars in the second half. The Students' luck was out, however and they came off the floor three points in arrears.

(Continued from Page 1)

carry out until such time as new contracts are let.

It was uncertain yesterday whether or not, under the new deal, the companies at present holding contracts will be permitted, either as at present constituted or reorganized, to later resume the work. Ordinarily, companies having their government contracts cancelled for corruption or such reasons would not be able to again bid for public business within five years.

President Roosevelt conferred yesterday with Postmaster General Farley and Attorney General Cummings on the question of new contracts.

**Lindbergh Rebuked**

A telegram sent by Col. Charles A. Lindbergh to President Franklin D. Roosevelt protesting at the cancellation of the contracts drew fire from both White House and the Senate yesterday. Lindbergh, officially rebuked for the first time since he became a public idol in this country, had made the protest. It was charged in a statement issued by Private Secretary Early on behalf of the President, for the purpose of obtaining publicity and exploiting the great influence he has with the public on behalf of the companies with which he is identified. This was evident, it was declared, by the famous young aviator having permitted his attorney, Col. Breckenridge, to publish the telegram in New York before it had reached the President. On behalf of the President, exception was taken to the practice of permitting such a protest to be published before it was in the hands of the chief executive and he had been extended the courtesy of perusing it. Lindbergh, who is associated in official capacities with the Transcontinental and Pan-American air lines, has been made the gift of \$250,000 in stock by these companies in addition to his salary. It is alleged, cancellation of the contracts, it was pointed out, had been actually ordered by the Postmaster General, the President subsequently ordering Army planes to take over the service.

Another development yesterday was the firing in the sum of \$100 of William P. McCracken, assistant Secretary of Commerce and the administrator of air mail service under the Hoover administration on a charge of contempt following disclosures made before the investigating committee in regard to letting of air mail contracts during the Republican regime. McCracken had applied for a writ of habeas corpus before any actual charge had been laid against him. He is being held by the authorities and it is understood other charges will be laid.

W. Gibb of Anyox, who has been visiting in the city for a few days, went south on the Cardena this afternoon.

Beale, a well known engineer for the Canadian Fish & Cold Storage Co. and an esteemed resident of Prince Rupert for sixteen years. News of her demise will be received with regret by numerous friends here and general sympathy will be extended to the bereaved family. Besides the widower, who went to Edmonton with deceased, the late Mrs. Beale is survived by a daughter, Hilda, and two sons, Howard and Reginald.

Born at Farnham, Surrey, Eng., the late Mrs. Beale, following her arrival in Canada, lived for three years in Montreal and, after seven years at Vancouver, came to Prince Rupert sixteen years ago, having made her home here since.

Funeral arrangements have not yet been announced. The late Mrs. Beale attended St. Peter's Anglican Church at Seal Cove and the family home is at 1129 Eleventh Avenue East.

HAVEN't you noticed that your happiest hours occur on days when you feel your best?

Have more of these happy days. You and all your family. Guard health while you have it. Keep on the sunny side of life.

The greatest enemy of health is common constipation. It may cause loss of appetite and energy. Certainly it kills enthusiasm! Yet it can be banished by eating a delicious cereal.

Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" and vitamin B to relieve common constipation. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much pleasanter to eat this delicious ready-to-eat cereal than to take patent medicines. Two table-spoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. Made by Kellogg in London, Ont.

## HIS DEATH REGRETTED

J. R. Cameron, Former Railway Manager, Well Known Here—Long Transportation Career

Many local friends learned with regret on reading the Daily News on Saturday of the death of Joseph Robert Cameron, former assistant general manager of the Canadian National Railways for British Columbia, at the age of sixty-nine years. Mr. Cameron was well known in Prince Rupert through frequent visits here during the many years he was identified with the railway company prior to his retirement a few years ago.

Born at Truro, Nova Scotia, November 5, 1855, Mr. Cameron was educated in that city and went into railway service at Winnipeg in 1882 with the Canadian Pacific Railway. Three years later he went over to the Northern Pacific Railway, first at Winnipeg and later at Grand Forks, North Dakota. In 1901 he joined the Canadian Northern Railway as general superintendent at Winnipeg, being promoted to the position of assistant general manager at Winnipeg ten years later. From Winnipeg he was transferred to Vancouver in a similar capacity and had since been located on this coast until he retired.

In 1885 Mr. Cameron married Miss Mary Falconer of Streetsville, Ontario. They had three sons and two daughters. Mr. Cameron was a Presbyterian and motoring was his principal recreation.

Mr. and Mrs. Fred Grimble and son Fred, sailed Sunday night on the Cardena for Stewart where Mr. Grimble will relieve for the next few weeks as customs officer.

There has of late been some unseasonable growth of early plants in local gardens. Pretty soon frosts may be expected that will injure some of these and sometimes these spring frosts are fatal. The bulbs are pretty safe but roses are apt to be injured if growth commences. Spring frosts do much more damage than winter or fall frosts.

## GROW OWN VEGETABLES

There may or may not be profit in growing vegetables but most wo-

men like to be able to step into the garden and get their vegetables fresh. Anyone can grow carrots, peas and beans and by careful

study and attention most vegetables can be raised.

If not already done raspberries should be moved now. From bushes moved in spring it is not wise to expect much crop this year but the second season they should bear well. No berry is as prolific in Prince Rupert as the raspberry.

## BALL HELD LAST NIGHT

Annual Affair of Two Masonic Lodges Was as Usual Outstanding Social Success

The annual ball of Tsimpsan and Tye Lodges, A. F. & A. M., held last night in the Masonic Temple, was, as usual, one of the outstanding affairs of the local social season, a crowd of some 230 persons being in attendance. The hall was attractively decorated for the occasion and dancing was in full swing from 9:30 p.m. until 2 a.m. with music by C. P. Balagno's orchestra. The Grand March was led by the masters of the two lodges, R. E. Benson and Dr. R. G. Large, and their wives. G. H. Munro was master of ceremonies. At midnight delicious refreshments were served.

The committee in charge consisted of A. R. Nichols, W. M. Watts, W. R. McAfee, G. E. Phillipson, W. Brett and A. S. Nickerson. Special guests were a number of Masonic guests from Ketchikan.
