Joan Batten Lowers Amy Johnson's Record For England-Australia Trip

PORT DARWIN, Aust., May 25: (CP)—Miss Joan Batten, 24-year old New Zealand aviatrix, reached here on Wednesday afternoon to set a new women's record for the England-Australia solo flight. She beat by four and a half days the nineteen-day record for the distance established by Mrs. Amy Johnson Mollison in 1930.

Province Will Thus Be Enabled to Meet Maturing Financial Obligations and Implement Projected Recovery Program

VICTORIA, May 25: (CP)—Premier T. D. Pattullo late Wednesday announced that he had secured a \$10,000,000 loan from the Dominion government. Confirmation of the loan came from Ottawa following the Premier's return from his successful financial mission to the federal capital. The loan will enable the provincial government to meet its maturing financial obligations and to finance a projected recovery program.

Premier Pattullo stated that he had reached an agreement with Premier Bennett for loans to meet certain financial needs of the province as follows: one million to cover the deficit for the past fiscal year; \$750,000 to meet old relief accounts; \$3,000,000 to cover present relief costs; \$1,000,000 for advances to aid municipalities; \$2,100,000 to cover the current budget deficit, and \$2,000,000 to pick up bonds maturing in August.

In addition, the Dominion government has agreed to make a direct per diem contribution to the cost of provincial road work. While the interest rate has not been definitely specified, Premier Pattullo said it would probably be five per cent.

EXCURSION TO SIMPSON

Four Hundred Persons Made Victoria Day Trip Aboard Steamer Prince Rupert

About four hundred local persons made the Victoria Day excursion to Port Simpson yesterday aboard the steamer Prince Rupert. The weather was just right and an excellent program of sports and games had been arranged by the Port Simpson people so the outing proved an enjoyable one for all. The steamer left at 9 o'clock in the morning with Capt. Neil McLean in command and returned to port about 1 o'clock this morning.

In softball games, Port Simpson defeated Prince Rupert 6 to 4 and also triumphed over Metlakatla 7 to 6. Port Simpson defeated Metlakatla 8 to 2 in baseball. In addition to a full program of track and field sports, there was a list of aquatic events, the feature of which was an Indian war canoe race.

The Port Simpson band met the steamer on arrival at the dock and throughout the day played selections to enliven the proceedings. There was a dance last evening.

Abandonment Of Gold Standard

By Dental Profession Urged to American Visitor Before Canadian Association

TORONTO, May 25:—Dr. R. C. Willett of Peoria, Ill., speaking at a general session of the Canadian Dental Association here, urged abandonment of the gold standard by the dental profession.

BUILDING IS OPENED

Speeches, Music and Dancing at Legion Function Wednesday Evening

Greetings Brought

Veterans Pay Farewell Tribute to Lieut. Col. McMordie

The official opening ceremony of the new building of the Canadian Legion, British Empire Service League, Wednesday evening was a very successful and impressive function.

The meeting opened with the usual remembrance silence and, after the singing of "O Canada," the president, J. H. Preece, welcomed visitors and members. He spoke of the work of the Legion in the past and the special effort of the past few years that enabled the completion of the building.

The speakers joined in extending felicitations. City Commissioner W. J. Alder spoke of the pride men look in their buildings. The appearance reflected the owner and the Canadian Legion was to be complimented on the completed building.

Ex-Mayor C. H. Orme, in his usual happy manner, referred to the Legion's accomplishments. On behalf of the branch, he presented past-president's badges to William Wilson and J. H. Preece.

Lieut. Col. S. P. McMordie D.S.O., a long-standing member, regretted that his impending departure would prevent his enjoying the building as much as he would have liked. He would always remember his comrades here. Three cheers followed the Colonel's remarks and the singing of "He's a Jolly Good Fellow."

Dr. J. H. Carson, in the absence of Col. S. D. Johnston, who had been called out of town, conveyed the compliments of the Regiment to the Legion. Reference to the post-war condition of the returned men in Austria was a feature of his talk.

Lieut. Walter Hume brought greetings from the Royal Canadian Naval Volunteer Reserve.

S. D. Macdonald, for the Prince Rupert Trades and Labor Council, added his congratulations. The enterprise and courage of the branch in undertaking such a program at the present was indeed a splendid community service.

Program and Dance
Contributed to a very enjoyable (Continued on page three)

Lightship Survivors Reach Safety

Capt. George Braithwaite (arrow) of the lightship Nantuxet, sunk by the Olympic in a collision in a fog, reaches the lifeboat in a lifeboat with other survivors and the body (in the foreground) of one of the victims.

HOLT IS WITNESS

Head of Royal Bank of Canada Refuses to Disclose Income—Would Reduce Number of Banks

MONTREAL, May 25:—Sir Herbert Holt, president of the Royal Bank of Canada, told a subcommittee of the banking and currency committee of the House of Commons that twenty-eight companies of which he was an officer or director owed the Royal Bank of Canada \$2,290,255. Only six of the twenty-eight companies were borrowers, the others having on deposit \$28,000,000.

Sir Herbert refused to disclose his income from companies with which he is associated on the grounds that no other witness had been asked that question and also that it was "bad principle."

Sir Herbert recommended a reduction in the number of Canadian banks from ten to three and urged a quota upon new banks in Canada.

Gave Arsenic To Cure Cancer And His Patient Died

HUMBOLDT, Sask., May 25:—Dr. H. R. Hone, veterinary surgeon is awaiting trial on a charge of manslaughter following the death of Mrs. Mary Detch allegedly from arsenic paste administered to cure cancer.

CANADIAN GOLD PRICE

MONTREAL, May 25: (CP)—The Canadian gold price was up one cent today to \$34.74.

High Wages In Tire Factory

President of Goodyear Rubber Co. Heard by Stevens Committee

OTTAWA, May 25:—C. H. Carlisle, president of the Goodyear Tire & Rubber Co. of Canada, told the Stevens price spread and mass buying committee on Wednesday that wages in Canadian tire factories of the Canada Rubber Association were among the highest in the country.

Edmonton Mining Party in City On Way to Liard River

Led by M. L. Strickland, a party of eight Edmonton mining men sailed from here aboard the steamer Prince Norah yesterday morning for Telegraph Creek enroute to the Liard River mining country to engage in mineral exploration work on extensive gold holdings. F. Doncaster, having bought equipment and supplies in the south for the expedition, arrived Wednesday morning by the Prince George from Vancouver and proceeded by train this afternoon to Edmonton. The remainder of the party came in Tuesday night from the Alberta Capital by train.

Four Indians Under Arrest As Result of Suspected Foul Play

Provincial Constable Percy Carr and Dominion Constable Frank Gisborne of Merritt Are Feared to Have Been Done to Death—Wrecked and Blood Covered Car is Found

MERRITT, May 25: (CP)—Four Indians of the Canford Reservation were arrested by British Columbia police today in connection with the disappearance of Provincial Police Constable Percy Carr and Indian Department Constable Frank H. Gisborne whom the police believe have been murdered. The two officers left Merritt Wednesday night for the reserve to investigate the reported stabbing of an Indian woman and interviewed a number of Indians. Their automobile was found yesterday smashed against a tree off the road about five hundred feet from the entrance of the reserve with all evidence of a desperate struggle, the car being covered with blood.

NEW LOAN FLOATED

Canada is Raising \$50,000,000 in London With New Record For Cheap Financing

OTTAWA, May 25: (CP)—Marking a new record for cheap financing in recent years, announcement was made last night of a \$50,000,000 Canadian loan being floated in London. Hon. Edgar N. Rhodes, minister of finance, said the loan would be for twenty-one years, bearing a coupon rate of 3 1/4% and would be offered to the public at 96 1/2% to yield approximately 3.48% at maturity.

IS PLEASED WITH FIELD

Pilot Frank Dorbrandt Speaks Highly of Airplane Landing Facilities at Smithers

SMITHERS, May 25:—Pilot Frank Dorbrandt, veteran northern commercial flyer, who spent Tuesday night here enroute from Seattle to Fairbanks with a large trimotored Junkers airplane of the Ptarmigan Airways, having on board ten passengers and five tons of freight, was loud in his praise of the excellent landing field at the local airport. The big ship dropped down here at dusk Tuesday from Prince George, a big crowd of Smithers townspeople being on hand to watch Dorbrandt make a perfect landing. Early Wednesday morning the machine hopped off for Telegraph Creek in continuation of its northward flight.

Pope Pius Goes Outside Vatican

Papal Seclusion Broken for Second Time in Sixty Years With Visit to Alban Hills

VATICAN CITY, May 25:—It being the second time in sixty years that a Pontiff has left Papal seclusion, in the Vatican, Pope Pius XIII left Rome on Wednesday and paid a three-hour visit to a summer residence in the Alban Hills.

DAILY EDITION Friday, May 25, 1934

WELCOME VISITOR

A. E. Warren, vice-president of the Canadian National Railways who is in charge of western lines with headquarters in Winnipeg, has been a visitor in the city this week. He is one of those officials who always gets a warm welcome because he shows a sympathetic understanding of the problems with which we have to wrestle. He is not a great talker but is a keen listener and an expert observer. He inspires confidence because he never promises anything he cannot fulfil. We hope Mr. Warren will come often.

AN INSANE CHILD

A boy was acquitted on a charge of murder after killing another lad at Powell River recently. He was declared to be insane. He was the son of an insane parent, according to the evidence given at the trial.

That is one case where sterilization would have been beneficial in preventing the birth of a child of that kind and thus saving the life of another child. Also it would have saved the country the horror and cost of a terrible tragedy. The perpetuation of insanity should be prevented.

MANY COMPLIMENTS RECEIVED

Many compliments have been received by the Daily News on their rather hurriedly prepared special number commemorating the opening of the new Canadian Legion building this week. The number contained articles dealing with practically all the activities of the local organization and included cards of congratulation from advertisers and public men.

On the afternoon of the holiday I made a call on P. J. Fuleir and found him as usual in his garden. He is one of those men who make intimate friends of his flowers. He knows them all individually, tells their names and all about them and enjoys being with them. He has over seventy rose trees and features delphiniums, peonies and Canterbury bells. He shows a very fine pansy that measures three and a half inches one way and three and a quarter inches the other, beautifully marked and colored. Also he has one of the new Arkwright ruby violets in bloom. It is fragrant as an English violet.

Part of Mr. Fuller's place is being cultivated by Mr. and Mrs. Lance Styles who have a very delightful little garden at the back, gay with orange and mauve chieranthus (Siberian Wallflower) and all sorts of seasonable flowers including some fine pansies. Not many places have flowers both front and back and of such splendid quality as those found at Mr. Fuller's - H. F. P.

TRAVELLING LIFE'S ROAD

Inspiring Empire Day Address Delivered Before High School Pupils by H. N. Brocklesby

"Mud" was the odd title chosen by H. N. Brocklesby, assistant director of the Prince Rupert Fisheries Experimental Station, for a talk delivered before pupils of King Edward High School at the auditorium of Booth Memorial School in observance of Empire Day on Wednesday afternoon.

The most important thing in the Empire, declared Mr. Brocklesby, was youth. Youth set out in life full of enthusiasm, energy and idealism. By middle age ninety percent had lost these attributes. Barriers and pitfalls which one might term "Mud" caused the falling off in determination and accomplishment.

Some settlers were content with muddy roads. Their transportation was hampered and their activities hindered. Other more enlightened settlers constructed corduroy roads so mud was no hindrance to them.

Mr. Brocklesby discussed what he believed the constitution of the "Mud" which held back and dampened the average life. Youthful aims were usually too idealistic, non-attainment causing early discouragement. In other cases, mental laziness would not allow original and clear thinking. "Education" might be inadequate and poorly digested. Then, too, there was mental and physical cowardice, the lack of courage to face public opinion in defence of a principle.

Building the Road

These constituting the mud, what then could be used for a corduroy road? First came education which did not necessarily mean high school or university education although these helped. One half to one hour a day spent on the following subjects would enlarge one's outlook and give one that tolerant attitude so necessary for the solution of the world's affairs: physical science, biological sciences, history, geography and social science. Second there should be a widening outlook given a philosophical attitude which fostered a courage to resist public opinion. In these days education was within the grasp of all.

Why, asked the speaker, did the youth of today require such equipment? The world was changing rapidly. Developments in various fields were taking place more swiftly than ever before. Socially, man was not keeping pace with the rapid advance of the physical world. Of the many social problems that awaited solution, war, Mr. Brocklesby declared, was the most outstanding. A rough sketch of the pros and cons of war and a plea for tolerance as a necessary factor in peace concluded a useful and helpful talk.

Gardening In Prince Rupert

Mrs. J. T. Mandy, who arrived home from the Queen Charlotte Islands this week, says that the people there have shown very great interest in the local effort to make Prince Rupert a city of roses. Mrs. Rajaut of "The Dunes" at Tiel wishes to join the Prince Rupert Horticultural Association and sent the amount of the membership fee to the secretary. She has always been keen on gardening.

On the afternoon of the holiday I made a call on P. J. Fuleir and found him as usual in his garden. He is one of those men who make intimate friends of his flowers. He knows them all individually, tells their names and all about them and enjoys being with them. He has over seventy rose trees and features delphiniums, peonies and Canterbury bells. He shows a very fine pansy that measures three and a half inches one way and three and a quarter inches the other, beautifully marked and colored. Also he has one of the new Arkwright ruby violets in bloom. It is fragrant as an English violet.

Part of Mr. Fuller's place is being cultivated by Mr. and Mrs. Lance Styles who have a very delightful little garden at the back, gay with orange and mauve chieranthus (Siberian Wallflower) and all sorts of seasonable flowers including some fine pansies. Not many places have flowers both front and back and of such splendid quality as those found at Mr. Fuller's - H. F. P.

The Letter Box

GROPING IN DARK

Editor, Daily News:—

Your genial correspondent Greenwood, a very appropriate name for a critic of Fascism, is groping in the dark, nibbling on the margins of the greatest constructive revolution since 1789.

Before making comparisons about wages, lire and dollars he had better look up the Italian exchange. He would have found that his dollar is only worth 60 cents and the lire 8½ cents.

Comparing Britain's wages with Continental Europe's is futile. Britain's orchard is along the Mediterranean, her cattle ranch in Australia and Argentina, her dairy in Denmark, etc. while France and Italy are self sufficient in food-stuffs.

Here are some Fascist facts:

1. Italy has the most advanced social legislation in the world, 7½% of all wages paid going to the National Institute for Social Insurance whose capital is now over 10,000,000,000 lire. Five percent is the contribution of capital and 2½% of labor. The worker gets his pension at 65. Maternity is assisted with six weeks of rest before and after confinement, medical assistance and hospital free, plus a cash bonus of 300 lire. Besides compensation for injury the worker gets half day's pay when sick and medical and hospital treatment free. Tuberculosis is treated in the magnificent new sanatoriums and sanatoriums. Unemployment gets 120 days of assistance per year.

2. The Baillia organization takes care of all needy children and sends them to the mountain and sea shore during the summer months.
3. The after work organization in every community goes to uplift the worker. Recreation, night schools, sports, lectures, professional and trade education are responsible for a new moral standard of the masses. All yearly employees are entitled to two weeks of holiday with pay. The discharge of an old employee must be compensated with three months of pay for every year of service rendered. Abandoned infancy is taken care of with the bachelors' tax.

Italy is not a paradise for workers yet, but is fast becoming the land where the dignity of labor is paramount. Labor and technique are about to assume the direction of national economy and the world will witness the operation of a real co-operative commonwealth—not the one of the year 2000 of Bellamy advocated by the C. C. F., which still entertains the bogus idea of impractical socialization, but the one of the year of Grace 1934.

Millions of acres of marsh lands are reclaimed, new cities are springing up. One million new rooms have replaced slums. Five millions of hydro-electric horsepower have been developed, 8000 kilometers of new paved highways, 2000 miles of new electrified railroads, 10,000 new elementary schools, 500 miles of cement auto roads, all in twelve years.

Work creates wealth. Wealth begets wealth. McGee's trade and credit policy is sound: It has been successfully tried for ten years in Italy. The philosophy of action of Fascism conquers the world.

V. BASSO-BERT.

OVERHAUL P. CHARLES

With the steamer Prince Rupert now away to commence service for the season after having completed annual overhaul, work was started at the local dry dock today in overhauling and cleaning up the steamer Prince Charles which has been tied up at the yard for the past couple of years. The work being carried out for the present will be inside ship and above the water line. Later the vessel will be taken on to the pontoons for hull work.

MUTUAL LIFE OF CANADA

Reports Increased Business

April Sales Higher

The number of new policies paid-for in April 1934 exceeded by 30% the number for April 1933.

Policyholders Add to Insurance

Approximately 5,000 Canadians applied for and received Mutual Life insurance policies in amounts ranging from \$500 to \$120,000 and aggregating many millions, between January 1st and April 30th, 1934.

One-half of this business was taken by present policyholders—a splendid endorsement of the results of their original policies.

Payments to Living Policyholders Three Times Greater Than Death Claims

Death Claim payments in 1934 already total \$1,128,954
 Payments to LIVING POLICYHOLDERS in Dividends, Matured Policies, etc., in the same period amount to \$3,745,438

AN EXAMPLE of how MUTUALITY PAYS

The following simple statement shows the result of one man's policy with The Mutual Life of Canada. (\$5,000 Endowment in 30 Years—Issued in 1904 at age 25)

THIS MAN PAID
 30 Annual Premiums of \$199.75 \$4,792.50

HE RECEIVED IN RETURN
 Face Value of Policy \$5,000.00
 Accumulated Dividends 3,223.20
 Special Extra 1928 Dividend 23.00
 \$8,246.20

HE GAINED \$3,453.70

This is a return of \$172.06 for every \$100 of premiums paid. If the assured had died at any time while the policy was in force \$5,000 plus the accumulated dividends to date of death, would have been paid to his beneficiary.

It is to YOUR advantage to insure in The Mutual Life of Canada—the only Canadian life insurance company that since its organization (1869) has operated on a mutual basis—there is no capital stock—ALL profits from all sources belong to policyholders, who own the company in its entirety.

Big Eagle Flock Found by Officer Fishing in River

While engaged on a patrol along the Bear River in the Portland Canal district lately in the hope of finding some trace of the body of Rade Stach, who was drowned in that stream early last winter and whose remains were never recovered, Provincial Constable Lance Potterton of Stewart was attracted to a point in the river over which no less than thirty-two eagles could be counted hovering. The officer found that the birds were taking large trout out of a pool in which a great school of the fish had been for some reason trapped. It is unusual that so many eagles are seen flocked together.

Boy Scouts meeting Friday, at 8:30 p.m. in 'Tob' H. Rooms, Second Avenue. Address by W. Solway, Scout Commissioner for B. C. Open to all. (121)

Request numbers for Prince Rupert and Port Simpson listeners were played last evening by radio broadcasting station K G B U of Ketchikan.

FAREWELL PUBLIC DINNER to Col. S. P. McMordie, D.S.O., in the Commodore Cafe at 6:30 Tuesday Evening. Please obtain tickets on or before Monday. A. Brooksbank, 315 3rd Ave.

E. N. Valentine and Thomas Boulter returned to the city on the Prince George last night after making the round trip to Anyox to attend a Royal Arch Mason's gathering.

William Grosnevior and Patrick Sims of the local unit of the Royal Canadian Naval Volunteer Reserve returned to the city on the Prince George on Wednesday from Esquimalt where they spent five weeks taking training at naval barracks.

A. E. Warren, vice-president in charge of western lines, Canadian National Railways, Winnipeg; B. T. Chappell, general superintendent for British Columbia, Vancouver and G. A. McNicholl, general passenger agent, Vancouver, were passengers aboard the Prince George last evening returning to Vancouver after making the round trip north to Anyox and Stewart on the steamer.

On his way back to Dawson where he intends to return to the placer mining game after having spent the past seventeen years farming first on the prairies and for the past eleven years at Francois Lake, Ed. Hensley, who arrived in the city at the first of the week from the interior, sailed yesterday on the Princess Norah for the Yukon, accompanied by Mrs. Hensley and son, William. Before coming out of the north to take up farming, Mr. Hensley was for many years located in the Atlin and Yukon districts as well as Alaska, having been for some time in the service of the American smelting and Refining Co.

Rev. Robert Tomlinson, who has been paying a visit to the city and the interior, sailed by the Princess Norah yesterday on his return to Ketchikan.

Norman L. Freeman, local representative of the International Fisheries Commission, sailed on the Princess Norah, yesterday for a trip to Ketchikan on official business.

Merely routine business was taken up Tuesday night at a regular meeting of the Women of Mooseheart Legion. Mrs. D. C. Schubert, senior regent, was in the chair.

Game Warden Ed. Martin sailed yesterday on the Princess Norah for Skagway acting as escort for a shipment of government liquor for delivery to Atlin. On the way south he will stop off to make game patrols in the Taku and Stikine River districts and expects to be back here about the middle of June.

IN MEMORIAM
TORONTO, Ontario—In loving memory of my dearly beloved Uncle, Elias Emdid, pioneer confectioner, who passed away in the far off soils of Prince Rupert, May 25th, 1933.

Life is but a golden chain. Death tries to part but all in vain. Our thoughts drift to scenes long past. Though I do not know you uncle dear, but love, devotion and memories, still cling treasurely in letters of the past.
Sadly missed by a loving niece, EVA.

BUILDING OPENED
(Continued from Page 1)

program were Mrs. H. N. Brocklesby, R. E. James and J. A. Teng, with vocal solos, and G. Fogarty with mystifying card tricks. Community singing of the wartime songs under J. S. Wilson were reminiscences of France. Mr. Wilson also thanked the artists for their help and the speakers for their encouraging and complimentary remarks.

A buffet supper was served and later a dance was carried on to a late hour. Al Smail, with William Reid and William Bacon, provided splendid music for the dance. Mrs. J. S. Black was accompanist for soloists.

In the course of the dance a telegram was read from Col. S. D. Johnston with the message "Well done Legion" and expressing regrets at his inability to be present.

SPORT NEWS

HIGH WINS OVER BOOTH

Junior Football Game Wednesday Resulted in 5 to 1 Score

King Edward High School defeated Booth Memorial School in a regular Junior Football League fixture Wednesday evening last by five goals to one. It was by no means an easy victory for the High School for the Booth team not only rivalled its opponents in combination but also attacked as vigorously. High School had a decided advantage in its more powerful shooting.

For the first ten minutes play was very even. Then Veitch and McMeekin became dangerous and Rice was forced to concede a corner. A splendid corner by Lear was rather fumbled by the High School forwards. Booth got away and J. Ritchie tested Blake with a fine shot. Kelsey sent the ball back into the Booth area and, after Krause had saved in turn from McMeekin, Lear and Irvine, Veitch, with a long drive from near mid-field, beat the Booth goalie. Booth tried hard to equalize. Holkestad and Carlyle combined nicely and gave Cameron a chance. Erickson and R.

Ritchie kept their goal intact and soon High was attacking. Lear centred nicely and McMeekin, taking the ball in the air, drove it past Krause giving High School a lead of two goals. Shortly after this Veitch worked his way alone through the Booth defence and finished a fine run by scoring a third goal for High School.

Second Half

The second half opened with Booth attacking. McKay, Clausen and Brown placed well and gave their forwards every support but, though the Booth forwards combined well, their shooting lacked power and Blake had little difficulty in saving. A penalty for hands against Booth was converted by McMeekin. With four goals against them the Booth players did not slacken and, eventually, their persistence was rewarded when Cameron, with a splendid slanting shot, beat Blake. Shortly before the final whistle blew, Veitch added a fifth goal for High School.

High School—Blake; Erickson, R. Ritchie; Wick, Grimble, Kelsey; Irvine, McMeekin, Veitch, Houston, Lear.

Booth—Krause; Rice, Eastman, McKay, Clausen, Brown; Husoy, Cameron, J. Ritchie, Carlyle, Holkestad.

Referee, J. Carroll. Linesmen, C. Ormiston and H. Yamanaka.

Threatened

PRIMO CARNERA

NEW YORK, May 25.—Persistent reports have been current the last few days of Primo Carnera, world's heavyweight boxing champion, having been threatened with kidnapers. It is said, without official confirmation, that special guards have been engaged to ensure against possible abduction of the massive Italian pugilist.

professionally and Bobby has just retired.

But Bobby only made up her mind to quit a few days ago. There had been whisperings that when the British Empire Games trials came around the tall and humorous Miss Rosenfeld would suddenly snatch a javelin or something and throw it after a record. Bobby quashed these rumors.

"No," she said, "they don't need to worry about me at the trials. I won't do anything unexpected. I'm all through with competition. You can't get back into shape in a few months after you have been out for four years. This year there will be enough for me to do coaching these girls. I'm not in training now and won't be." The fact is Miss Rosenfeld has become a coach. There have been few—if any—woman coaches rated highly enough to be given charge of a national team and take it overseas. So the games committee has expressed rare confidence in Bobby and nothing will interfere with her efforts to justify that.

In women's sports, Bobby Rosenfeld a few years ago starred in more games than Lionel Conacher found time to dabble in. She went to the 1928 Olympic at Amsterdam as a sprinter and weight thrower—not a common combination. Incidentally she competed in the half-mile. She scored points here and there and wound up by racing a great leg on the Canadian relay team that won. Bobby was the second best sprinter on the Dominion team—Myrtle Cook was the "best"—and when the No. 1 dasher was disqualified in the 100 metres final for false starts Bobby almost won the race anyway. They called Betty Robinson of United States first, but there was considerable howling over the judges' decision.

They used to say Miss Rosenfeld was the only woman hockey player who shot the puck like a man. No softball player in the major Toron-

SPORT CHAT

A unique feature of the Canadian Legion football team this year is the "Father and Son" combination of the veteran Sam Currie and his son, J. Currie. The latter showed that he is a chip off the old block by turning in a grand game at left back on Tuesday night. Other outstanding players on the Legion team were Thurber, Greer, Christison and Blake while Merchants were best served by Gurvich, Howe, Hunt and H. Dickens. Both games played to date have resulted in identically the same score and there is very little to choose between all three teams entered in the competition.

Brick Skinner made his debut as referee Tuesday night and handled a difficult game to the general satisfaction of all concerned. Tuesday night's teams were:

Merchants—Gurvich, Moe, Styles, Howe, MacKay, Hunt, Chenoski, H. Dickens, A. Dickens, Loken and Carroll.

Canadian Legion—Smith, J. Currie, Blake, S. Currie, Webster, Thurber, Palmer, Bussanich, Christison, Greer and Baptle.

Linesmen—J. Campbell and C. L. Barker.

Pittsburg Pirates scored an easy victory over the Phillies at Philadelphia Tuesday to move into the lead in the National League standing with a mere mathematical margin over the Chicago Cubs who lost a close contest to the Dodgers at Brooklyn. St. Louis Cardinals continued their challenge by defeating the Giants at New York. In the American League, the New York Yankees had another bad day in the crucial series in the west with the second place Cleveland Indians, losing again to have their margin of supremacy cut to one game and a half. The St. Louis Browns defeated the Philadelphia Athletics by the odd run of twenty-three to advance from seventh to fifth place ahead of the Boston Red Sox, who were losing to the White Sox at Chicago, and the Philadelphia Athletics.

The next best all round woman athlete to the Texan Babe Didrikson is probably Fanny (Bobby) Rosenfeld of Toronto, who is just as inactive competitively as the American Olympian. The Babe is idle because no one will pay her to work

Canadian National Railways

Sixty-three cents of every dollar goes for Wages.

The railways of Canada are among the largest employers of labour in the Dominion. In 1933 the Canadian National Railways paid wages to 70,625 employees, and in so doing disbursed \$95,632,076.00. In terms of expenditure for operation, this means that of every dollar so spent by the Canadian National Railways, 63 cents was paid for labour. The balance was spent for fuel, material, etc., used in maintenance and operation, and, of course these expenditures in turn contributed to the wages of those employed by the parties from whom the materials were purchased.

As the policy of the railways is not only to serve Canada, but to "buy Canadian", it follows that the railways, through direct payment of wages and indirectly through purchases, are of tremendous importance to the wage-earners of Canada and to everybody who is to any extent dependent on them—and that means practically everybody in the Dominion.

Yet, impressive as are the above figures, they are far below those of previous years. The number of employees is less and the payroll is smaller than hitherto. We want to change this. We want to restore men to their jobs and put their names once again on the payroll. In doing so we will be helping every form of business in Canada, and therefore feel entitled to the fullest co-operation of all citizens.

The railways are equipped for much greater service than they are presently called on to perform. Their standards of efficiency are higher than ever, and they are ready for and anxious to have additional business. The time of the year for vacations is here, and it will give additional pleasure to any holiday to have the knowledge that each dollar spent on railway travel has to the extent of well over one-half found its way straight to some employee's home.

But in patronizing Canadian railways you get more than the satisfaction—deep as this may be—of having helped to banish the Depression. You get railway service in all its varied branches at its best. Whether you have much or little to spend, whether you are going on a long journey or a short one, let a railway be your servant. And, of course, we would like to have the pleasure of your choice falling on us.

Strike of Truck Drivers is Ended

MINNEAPOLIS, Minn., May 23.—The Twin City regional labor board has ordered the truck drivers' strike ended, labor committees and employers agreeing.

WHIFFLETS From the Waterfront

Halibut prices at Wednesday's session of the Fish Exchange were a little firmer in spite of the exceptionally heavy landings so far this week. American vessels received from 7.5c and 5c to 7.8c and 5c for 50,500 pounds and Canadian boats 5c and 4.5c to 5.6c and 4.8c for 69,000 pounds.

Following the special Victoria Day excursion to Port Simpson yesterday, C. N. R. steamer Prince Rupert, Capt. Neil McLean, sailed this morning at 2:30 for Vancouver to remain until the night of June 8 when she will sail for the north with the Vancouver Board of Trade excursion. In the course of the excursion, the vessel will spend all day Monday, July 11, at Prince Rupert with the party, arriving in good time in the morning and sailing that night in continuation of the trip. Twenty-two members of the Prince Rupert's crew arrived here on the Prince George Wednesday morning to join their ship.

Having such a large list of passengers on board for the north that it was impossible to provide accommodation for some who sought passage from here, C. P. R. steamer Princess Nofah, Capt. William Palmer, arrived in port at 11 o'clock yesterday morning from Vancouver and sailed an hour later for Skagway and other points whence she is scheduled to call here next Monday afternoon southbound. On arrival here, the vessel had on board 149 passengers, one leaving the ship at this port and forty boarding her here for the north. Most of those aboard were going to the north to engage in mining in various parts, there also being a few members of boat crews of the Yukon and White Pass Line.

West Coast of Vancouver Island fishermen have decided to go on strike, if necessary, in demand for 40c a fish for sockeye.

THRILLING WESTERN

Randolph Scott and Barbara Fritchie Head Cast of "The Last Round-Up"

The story of "The Last Round-Up," another thrilling Zane Grey western picture, which comes to the Capitol Theatre this week-end, is based on the exciting adventures of the "border legion," a band of outlaws which held forth in California during the dangerous gold rush days of 1870.

Barbara Fritchie, a newcomer in her first moving picture role, is kidnapped by a bandit chieftain, Fred Kohler, a former sweetheart whom she had jilted. Randolph Scott, forced to join the outlaws, fails for her, attempts to rescue her but is caught and sent away. Later, through a chain of thrilling circumstances, the two lovers are united. Monte Blue and Fuzzy Knight are also prominent members of the cast.

Surprise Party Tuesday Night

Mrs. J. Jerstad is Honored By Forty Friends—Presentation and Dancing

Arranged by Mr. and Mrs. H. Liland and H. Grindstrand, a surprise party was held in honor of Mrs. J. Jerstad at her home Tuesday night, forty friends being present. With a suitable speech, Mrs. Jerstad was presented by H. Liland on behalf of the company assembled with four small rugs. Dancing was enjoyed until 4:30 a.m. with music by Julius Welle. Refreshments were served.

SOURD ON THE WORLD?—THAT'S LIVER

Wake up your Liver Bile —No Calomel necessary
Many people who feel sour, sluggish and generally wretched make the mistake of taking salts, oil, mineral water, laxative candy or chewing gum, or roasting which only sores the bowels and ignores the liver.
What you need is to wake up your liver bile. Start your liver pouring the daily two pounds of liquid bile into your bowels. Get your stomach and intestines working as they should, once more.
Carter's Little Liver Pills will soon fix you up. Purely vegetable. Safe. Sure. Quick. Ask for them by name. Refuse substitutes. 25c at all drug stores.

Dr. Mandy Pays Visit to Queen Charlotte Islands

Dr. Joseph T. Mandy, resident mining engineer, returned to the city on the Prince John on Wednesday morning from a two weeks' trip to the Queen Charlotte Islands on official inspection duties. He visited some new mines that are opening up on the islands and also examined some very good looking gold prospects that have been discovered lately. Among other properties he visited was the Prince Rupert group on which the Haida Gold Mines Ltd. of Vancouver is carrying on development including the driving of a long tunnel.

Dr. Mandy was accompanied on the trip by his wife.

MOTHER'S TIP Saves the Budget and the Morning Breakfast

WHAT'S THE MATTER WITH THE COFFEE AND CEREAL THIS MORNING, DEAR?

IT'S THE CREAM YOU'RE MISSING. YOU KNOW WE DECIDED TO ECONOMIZE AND CUT DOWN ON CREAM.

THAT TASTES LIKE OLD TIMES — DID YOU DECIDE TO ECONOMIZE ON SOMETHING ELSE AND ORDER CREAM AGAIN?

NO, DEAR — MOTHER GAVE ME AN EXCELLENT IDEA. SHE TOLD ME TO ADD HALF NESTLÉ'S EVAPORATED MILK TO THE ORDINARY MILK!

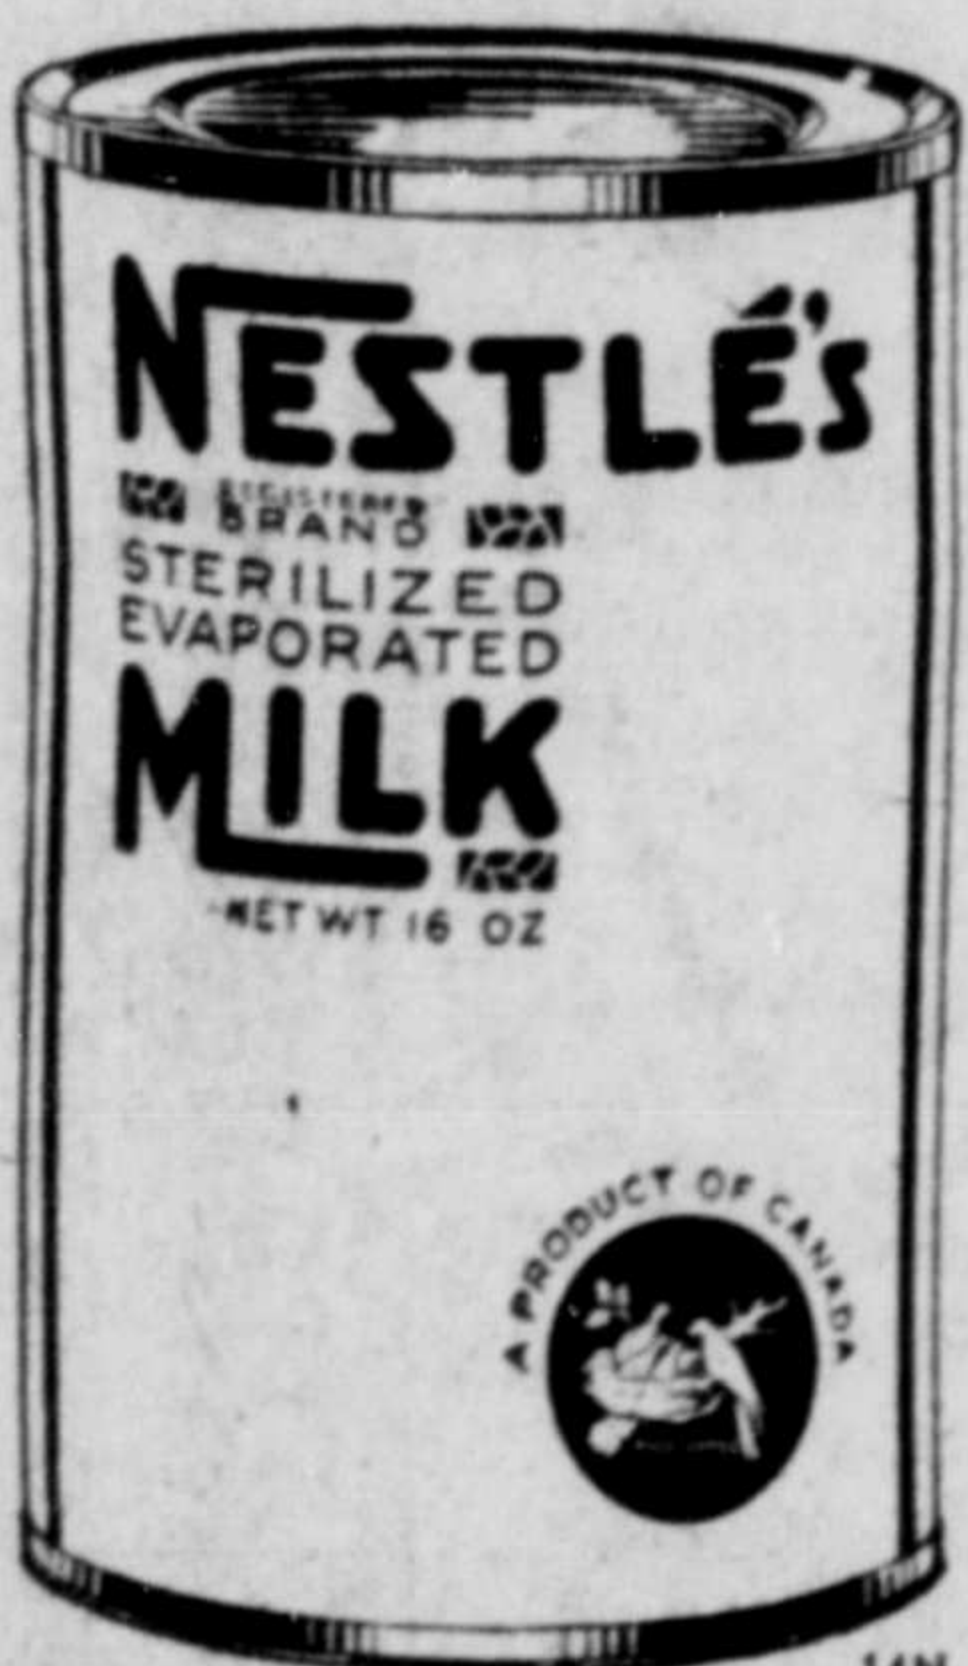

NEXT MORNING

WELL, IT'S CERTAINLY A GOOD IDEA. I CAN'T TELL THE DIFFERENCE — IT TASTES LIKE CREAM. IT CERTAINLY IS DELICIOUS.

YES — AND IT'S SO HANDY. MOTHER SAYS SHE'S GETTING WONDERFUL RESULTS IN HER COOKING WITH NESTLÉ'S AND I'M GOING TO USE IT TOO!

When you use Nestlé's Evaporated Milk in your cooking and beverages, you use the handiest, safest, most dependable form of milk there is. Nestlé's Evaporated Milk offers you all these advantages: superior digestibility; maximum safety; excellent keeping qualities; and a genuine economy you will readily appreciate. Nestlé's is pure cow's milk carefully selected, concentrated, sterilized and then packed, for safety and constant goodness, in sealed, air-tight tins. Its double richness ensures more uniform and pleasing results in cooking, provides an easy means of adding extra milk nourishment to the daily diet.
