PRINCE RUPERT, B.C., WEDNESDAY, FEBRUARY 7, 1934

PRICE FIVE CENTS

THIS PROVINCE NEEDS FIFTEEN MILLION FOR RELIEF WORK

Reply From Ottawa In Regard To Program Is Awaited, Says Premier

Provincial Prime Minister Declares Federal Plan of \$50,000,000 Would be Entirely Inadequate to Meet Situation, Giving B. C. Only \$4,000,000

VICTORIA, Feb. 7: (CP)—Approximately \$15,000,000 would be required for the works program to meet British Columbia's unemployment demands, Premier Pattullo states. The Premier is awaiting a reply from Ottawa regarding British Columbia's proposal for the provincial program of works separate from federal plans which would be financed on funds loaned by the Dominion government at a low rate of interest.

Premier Pattullo stated that a federal works program of \$50,000,000 as reported to be proposed would be inadequate for British Columbia, as a province, would receive only from \$3,000,000 to \$4,000,000 on a proportionate basis.

FOUR BURN TO DEATH

Mr. and Mrs. Maurice Baes and Two Children Meet Tragic Fate in Peace River Country

EDMONTON, Feb. 7: (CP)—Maurice Baes, his wife and two children, Marie, aged ten, and Charles, seven, were burned to death on Saturday in a fire which destroyed their home near Roycroft, Alta., in the Grand Prairie district. It was learned on Tuesday.

In addition to its Canadian holdings, the company is reported to have interests in an African Gold Coast property known as Tarkwa and also in the development of the Little Bell properties in Australia.

Central Bank is Entitled to Chance; If it Can be Beneficial to Country, Should be Backed

Local Banker Speaks Before Service Club on Timely Subject—Describes Functions, Most Important Being Credit, Note and Exchange Control

"Whether or not a central bank in Canada can do what is expected of it remains to be seen. It is easily possible to expect either too little or too much from such an institution. It is entitled to be given a chance and, if it can, in a measure, form policies which benefit Canada and Canadians, then it is entitled to sympathetic and active support. Much depends upon the men chosen to operate it. If they follow sound economic principles and are free from political influence, undoubtedly the bank will in time occupy a useful place in our national financial system. It would thus help the country and, in doing so, would help the existing banks."

U. F. A. IS BREAKING

Two of Premier Brownlee's Supporters Decide to Join Liberals At Next Alberta Session

EDMONTON, Feb. 7: (CP)—Premier J. E. Brownlee was officially advised that two of his former United Farmer of Alberta followers would be found in the Opposition benches at the next session of the Legislature, both having decided to join with the Liberals.

Miss Beverley Jack arrived in the city on the Prince Rupert this morning from Vancouver to pay a visit here with her parents, Mr. and Mrs. J. E. Jack.

MATTER OF NO MOMENT

Speaker Rules That Liberals Just Naturally Do Not Enjoy Confidence—House Hilarious

OTTAWA, February 7 (Canadian Press)—Speaker George Black ruled before a hilarious House of Commons yesterday that it does not matter whether or not the official Opposition has the confidence of the House or country.

Mr. Speaker was dealing with a sub-amendment of the United Farmers of Alberta to the address in reply from the Speech from the Throne intending to vote non-confidence in both the government and the Opposition, this having followed the Liberal amendment of lack of confidence in the government.

"It is apparent that the Opposition does not have the confidence of the country or otherwise it would not be the Opposition," observed the Speaker. And even the Liberals were constrained to smile.

Over Fifty Dead and Thousands Are Wounded in Paris Following Serious Revolutionary Outbreak

Daladier Government Resigns And Ex-President Doumergue Is Invited to Form Cabinet

PARIS, Feb. 7: (CP)—Premier Edouard Daladier's brief regime ended today when he and his radical Socialist cabinet resigned as menacing crowds surged in the streets of the capital, threatening the Chamber of Deputies. President Lebrun immediately requested Gaston Doumergue, former president and veteran French statesman to form a new government.

HECTIC DISORDERS EVEN INSIDE CHAMBER OF DEPUTIES WHERE GUARDSMAN IS SLAIN AND HUNDREDS SUFFER INJURIES IN INSURGENT DEMONSTRATIONS.

Enraged Mob Fires Ministry Building in Place Concorde

ROYALISTS, SOCIALISTS AND COMMUNISTS PARTICIPATE IN ALL NIGHT RIOTING—AIR STILL TENSE TODAY, CHARGED WITH DISCONTENT.

PARIS, Feb. 7: (CP)—Street fighting in which many thousands of Royalists, Socialists and Communists participated, having broken out yesterday afternoon with renewed vigor after days of seething and threatening discontent, continued throughout the night and into early this morning and even today there was little assurance that the trouble was in check or that police, heavily augmented by troops, were in control of the situation. Following what was described by some observers as "the most serious revolutionary outbreak of modern times," it was estimated this afternoon that as high as fifty persons were dead, between one hundred and two hundred gravely injured and thousands of others less seriously hurt.

During the afternoon three persons were killed and ninety wounded in rioting which became more intensified last night after the police had fired into the battling crowd, the enraged mob then setting fire to the Ministry of Marine building in the Place de la Concorde. The demonstrators soon increased in numbers from three thousand to over fifteen thousand including numerous women as well as men.

Inside the Chamber of Deputies, where police and troops were mobilized, it was reported that one guardsman had been killed and two hundred persons injured.

Machine guns were used to hold back the mob in front of the Chamber of Deputies while in other sectors mounted guards with drawn sabres slashed right and left. In some instances the rioters returned the fire of the police.

During the morning and early afternoon today the city was comparatively quiet following the fierce night of rioting but disorders broke out anew in the late afternoon with mobs parading the boulevards and mounted guards charging with drawn sabres. In the Place de la Concorde horses of the guards, many of them riderless, plunged through the crowds.

Demonstrations have been rife in Paris for the past two weeks, first in protest at the late Chautemps ministry and the Bayonne Pawn Shop scandal and now at the apparent tendency of the new Daladier government to lean to the right. Last night's outbreak was, however, by far the most serious to date and the air is still tense and charged with discontent with many expecting even more serious trouble. The disorders were termed the worst in Paris since the revolution of 1870.

Royalists were also reported to have started rioting on a smaller scale at Lille, Nancy and Nantes.

A New French Revolution—And All One Family

A striking picture, made in front of the chamber of deputies, Paris, as gendarmes and detectives forcibly removed a family of mother, father and five children who picketed the building shouting: "Down with government. Give us bread!" All members of the family seem to be putting up a fight. Note struggling father at right and two children at left who refuse to be separated. This is just one of the many happenings that took place just prior to the resignation of Premier Chautemps and the French cabinet.

TWENTY-FIVE MILLION DOLLARS IN GOLD TO LONDON FROM PARIS

PARIS, Feb. 7: (CP)—Twenty-five million dollars worth of gold was transferred from Paris to London yesterday by airplane. It was the heaviest individual shipment of the yellow metal to be made between the countries in years. The high price of gold in England was the reason.

Pound Sterling and Canadian Dollar on New York Exchange

NEW YORK, February 7—The British pound sterling closed at \$4.97 on the local foreign exchange market yesterday, the Canadian dollar closing at 99.3-16c. In Montreal the price of the pound sterling was \$5.01.

Mrs. Darrow Casey and child are passengers aboard the Prince Rupert today returning to Anox after a trip to Vancouver.

REGISTER AIR PORT

Junior Chamber Takes Steps to Put Place on Aviation Map—Speakers Urge Permanent Residence

The Junior Chamber of Commerce, at its regular monthly meeting last night, appointed a committee consisting of T. N. LePage, Lee Gordon and Joseph Wickett to take steps towards having Prince Rupert registered as an official seaplane port. It was felt that to get this place on the air map would be an important step towards having it used to a greater degree than at present as an aerial base. The special committee will report back at the next meeting.

The meeting heard an interesting talk by R. G. Van der Sluis who gave an account of what he believed to be Prince Rupert's advantages in comparison with other parts of the world which he had visited. He urged his listeners to

ACTION ON SILVER BELIEVED LIKELY

WASHINGTON, D.C., Feb. 7: (CP)—There is an impression in official quarters here that President Franklin D. Roosevelt will move to devalue the silver dollar in a manner similar to that carried out with gold recently. The effect, it is believed, would be to bring about a considerable increase in the price of the white metal.

make up their minds to stay here permanently rather than to retain the idea of making only enough money to get out.

There was correspondence from the Senior Chamber of Commerce in regard to the constitution of the junior body. This will be gone into further by the executive.

President S. J. Jabour was in the chair at last night's meeting and there were about twenty-five members present.

Funeral Notice New Sergeant-at-Arms is Selected

The funeral of the late James McGregor will take place Thursday at 2:30 p.m. from Hayner Bros. Parlors with interment at Fairview Cemetery. All returned men please attend at Canadian Legion hall.

VANCOUVER, Feb. 7: (CP)—Dr. Charles Henry Gatewood, aged 69, well known Vancouver dentist, died last night.

Capt. D'Arcy Martin Is Appointed To Post in B. C. Legislative Chamber

VICTORIA, February 7 (Canadian Press)—Capt. D'Arcy Martin of Victoria has been named sergeant-at-arms in the British Columbia Legislature, it is announced.

INVITING DICTATORSHIP

France is in a very disturbed condition and many people are wondering whether it will lead to a dictatorship.

France may not have a man strong enough to rescue the country from the present condition of turmoil.

WAGES AND PRICES

Wages are to some extent regulated by the price of commodities. When prices drop wages drop but they do not drop for some time after the price drop.

It is the failure of employers to share with employees when prices go up that is at the root of some of the industrial trouble.

HOOP PLAY WAS CLOSE

C. N. R. A. Had Only One Point to Spare Over Kaiens-Intermediate Game Tight

Dyed in the wool basketball fans sat in on some good games at the Moose Hall last night.

Kaiens lost out again by one point to C. N. R. A. in the Senior League on the score sheet but, on floor play, should have won.

They tied the score eight all at 11 minutes to go but, from then on, the Iron Moguls led the way to have a commanding lead over the Kaiens at the interval 28-19.

In the second half Mitchell and his crew turned on the heat with Wingham, Moxley and Mitchell the scoring trio while Stiles and Santerbane did the honors for the Trainmen.

The Merchants ran out winners by one point in a close Intermediate fixture over the High School although the Students outscored the Retailers in the second half, the score at the interval being 19-14.

Cardinals doubled the score on the High School girls 21-11 in a tame Ladies' League affair although the Students staged a belated rally in the second half to rouse the interest of the fans.

Scythians, playing the better combination brand of ball, defeated the Trojans 13-14 in the Junior League game.

Senior League C. N. R. A. (55)—Johnson, Stiles (36), C. Smith (6), Nelson, Santerbane (11), E. Smith, Campbell (2).

Ladies' League Cardinals (21)—Lowe (12), Boddie (7), Stone, Rivett, Brand, Eva Morris (2), M. Morris.

High School (11)—Ritchie (3), Turgeon, Mussallem, E. Davis (6), T. Davis, Ellison (2).

Intermediate League Merchants (29)—Armstrong (7), Blake (7), Suehiro, Lindsay (15), Naylor.

High School (28)—Nakamoto (12), Santerbane (14), Tobey, Davies, Morgan, Moxley (2), Miller.

Junior League Scythians (18)—Montesano, Murray, Gillis (10), Dominato (7), Astoria, Comadina (1).

Trojans (14)—Shrubsall (3), Currie, Hirano, Naylor (1), Campbell (4), Lindsay (6).

LOCAL NEWS NOTES

St. Andrew's Cathedral men's annual banquet Thursday, Feb. 8, 6:30 p.m. Attractive musical program. Tickets 50c.

With a fair-sized list of passengers, C.N.R. steamer Prince Rupert, Capt. H. E. Needen, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening south-bound.

City Commissioner W. J. Alder announces that the city will continue the policy of the past few years of allowing interest at the rate of six percent per annum to property owners making payment of any part of 1934 taxes in advance. Monthly or periodical payments less than \$10 in payment of taxes past due or for 1934 will also be accepted.

MAY HOLD CONVENTION

Teachers' Meeting Here Discussed Matter—Advisability of Monthly Reports Questioned

The regular monthly meeting of the Prince Rupert Teachers' Association was held last evening. The chief business being the consideration of the feasibility of holding a local convention for the teachers of this district during the Easter vacation at Prince Rupert. A preliminary questionnaire will be sent to the teachers in the district with a view to ascertaining how many would be able to attend. The difficulty will be partly the question of the train and boat connections being suitable.

The value of monthly reports to parents was considered. For the great majority of pupils it was felt that there is not sufficient difference between their records from month to month to warrant the additional outlay of time and labor entailed by giving complete examinations. For those pupils who are the exception special reports would be made by the teachers to the parents concerned. This practice would also do away with the vicious comparisons that are so often made when pupils' records are discussed. Pupils differ in their capabilities and it is unfair, and sometimes even worse than unfair, to expect similar results. A pupil should only be tested against himself. If he is doing as well as he possibly can his progress is satisfactory, no matter how it may compare with another's. Plans were discussed for future meetings before adjournment. It is hoped that the general secretary, Harry Charlesworth, will visit this northern district soon. There was a good attendance with J. S. Wilson presiding.

PROMPT DELIVERY

PRIZES ARE PRESENTED

Canadian National Recreation Association Holds Jolly Gathering

Under the auspices of the Canadian National Recreation Association a most enjoyable bridge was held in the Eagles' Hall last night, there being in the neighborhood of one hundred members and friends present.

Cards were played from 8:30 to 11:15, winners being: ladies' first, Miss Ruth Gillies; ladies' second, Mrs. W. I. Miller; men's first, Harry Thrupp; men's second, W. L. Sandison.

At the conclusion of the card playing, a recess was called, the card tables dismantled and replaced with the regular dining tables after which the company enjoyed a social hour under the chairmanship of President W. H. Tobey. This being the first social event of the association since the close of the last sports season, the opportunity was taken to present the trophies and prizes won by the various members. The president, in a happy mood, briefly reviewed the sports indulged in during the season, also the aims and objects of the association after which he called on Mrs. Tobey to present the prizes to the successful contestants, the number and quality of which would have done credit to an organization of much greater pretensions.

A feature of the evening was the presentation of the Sir Henry Thornton Shield for Small Bore Rifle shooting, open to the system and won by W. Brass. This trophy is competed for by marksmen from all over the Canadian National system and, needless to say, the association feels justly proud of Mr. Brass' achievement.

During the refreshment hour the committee in charge received many favorable comments as to the capable manner in which the arrangements had been made. The quality of the refreshments were such as to tempt the most fastidious. The credit was largely due to H. R. Hill, assisted by a committee of the ladies of the organization.

The arrangements for the evening were under the supervision of the vice-president, J. Frew, assisted by F. A. Rogers, J. A. Teng, W. Reid, J. H. Horton, T. Annesley, J. Campbell and Secretary W. P. McIntosh, as well as a host of willing workers who lent such assistance in various ways during the evening.

Winners of Trophies

The prizes presented during the evening were as follows:
McAuley Bowling Trophy, won by G. P. Tinker.

American Tennis Tournament, won by Miss E. Davis and J. H. Horton.

Stapp Tennis Trophy, ladies' singles, Mrs. Horton.
McEwen Tennis Trophy, men's

SMITHERS SKI MEET

(Continued from Page Two)

a hard fought battle for the longest jump.

The spectators get a great thrill watching these daring jumpers sail through the air at a speed of 100 miles an hour for a distance of two hundred feet and alight on the steep down grade to continue down the hill at such a speed one can hardly follow them with the eyes.

It is hoped by the Smithers Ski Club that they will be able to send a competitor from Smithers to take part in the big jump at Grouse Mountain, Vancouver, later in the season.

The racing will take place on Thursday, when the boys, girls, men and women will go over the courses in their respective classes and, as outside skiers are coming for these races as well as for the jumping contest, it will lend an added interest to this occasion.

The ladies' race was won last

year by an entry from Burns Lake Ski Club.

Watching the young boys going over the jump last year was one of the greatest attractions of the carnival. These enthusiastic skiers had to be held back at the top of the jump while the preceding jumper finished his jump and got clear of the course. Little fellows, 10 and 12 years of age were jumping from 40 to 60 feet. They have worked up a great competition among themselves and this year will see not only close competition and enthusiasm among these youthful athletes but also some very fine exhibitions.

The jumping will all take place on Friday and the tournament will finish with a grand ball in the evening when the Carnival Queen will be crowned.

Visitors Expected

Arrangements have been made whereby reduced fares from Prince Rupert and waypoints for parties of 10 or over can be obtained and the people of Smithers hope that this arrangement will be taken advantage of so that those who have never witnessed the very exciting sport of ski jumping will attend this event and get a thrill that is different from that obtained in any other sport.

The Smithers ski enthusiasts are also looking forward to the time when Prince Rupert will have a good ski jump so that these competitions can be carried on between the two places and so promote this premier outdoor sport. Some headway has already been made toward that end.

Hunters! Sportsmen!

Have your trophies mounted by an expert. Bear rugs mounted in any style. Game heads a specialty. All work guaranteed first class.

CENTRAL BANK IS ENTITLED TO CHANCE; IF IT CAN BE BENEFIT TO COUNTRY, SHOULD BE BACKED

(Continued from Page 1)

question and subjected to criticism. Distress always fostered distrust and the banks could not hope to be immune from such questioning.

May Be Disappointment

"It is to be feared that the general public is going to be very much disappointed in the functions of the central bank because it will not be a competitor with the commercial banks and it will not dispense credit freely to those who cannot obtain credit from the chartered banks," declared the speaker. "Its duties will be to regulate and will be indirect."

The following were outlined by Mr. Blackstock as the duties usually ascribed to central banks:

To be a Bankers' Bank i.e. to accept deposits from and make loans to banks and act as a clearing house for intra-bank settlements.

To be the government's banker, placing a ready source of skilled and impartial financial advice at the disposal of the administration of the day.

To take over the note issue from the Dominion government and, possibly, from the chartered banks, the speaker pointing out in this connection that, undoubtedly, the privilege of note issue was profitable to the chartered banks and alone made it possible to maintain the present branch system to the extent now existent.

To assist as experts in the framing of Canada's financial policies and to represent the Dominion at international conferences on financial subjects.

To concentrate cash reserves and thus economize in their use.

To insure that credit and note issue are controlled in the public interest and not for private profit.

To exercise a conscious control of the exchange rates which reflect the value of the Canadian dollar in terms of other currencies.

Most Important Functions

The last-mentioned two functions were generally conceded to be the most important. While central banks in other countries, with the exception of Sweden, had failed in their efforts to control credit and exchange, it was felt that Canada should benefit from some such central supervision in respect to credit and exchange. Mr. Blackstock then proceeded to discuss in some detail how these two most important functions would be carried out. He described how it was felt that the central bank might be able to check a boom or a depression by the regulation of credit, thus having a stabilizing effect. In regard to the present chartered banks, Mr. Blackstock mentioned, in passing, that he knew of no case where a seeker of bank credit for a legitimate trade transaction whose financial position warranted the loan had been refused. The complicated subject of foreign exchange was briefly discussed by the speaker.

In closing the speaker quoted a part of a resolution passed at the international economic conference held at Genoa in 1922: "Banks, and

TWO FILMS, BOTH GOOD

"Should Ladies Behave?" With Lionel Barrymore and Alice Brady—"Hell and High Water." Arlen and Allen

To conclude the special "B. C. Managers' Week" bookings, the Capitol Theatre this mid-week is presenting another outstanding double feature bill with "Should Ladies Behave?" starring Lionel Barrymore, Alice Brady, Conway Tearle, Katherine Alexander and Mary Carlisle, and "Hell and High Water," with Richard Arlen and Judith Allen in the leading roles.

"Should Ladies Behave?" is a scintillating comedy revolving about the activities of a group of people who get into amusing difficulties at a week-end house party. Lionel Barrymore is a touchy but lovable old crab with liver trouble, Alice Brady is his giddy wife; Conway Tearle, a specialist in amorous adventures; Katherine Alexander, sophisticated resident of Europe, and Mary Carlisle, young and innocent ingenue.

"Hell and High Water" gives an intimate glimpse into the life and love of an ambitious, pugnacious barbor sailor who hates all women but falls for Sally who hates all men. They quarrel their way into each other's hearts and furnish plenty of entertainment while doing it.

especially banks of issue, should be free from political pressure and should be conducted solely upon lines of prudent finance."

President W. H. Tobey was in the chair and extended the thanks of the club to Mr. Blackstock for his address. Guests were, besides the speaker, M. P. McCaffery, Peter Lakie and W. O. Fulton.

To Entertain Masons

Announcement was made that next week's luncheon would be an open affair instead of the usual regular monthly business meeting in view of the expected visit to the city at that time of a Masonic party from Ketchikan to attend the annual ball of the craft here on Monday night and a meeting the next night. It is expected there will be about twenty-five visitors here from the Alaskan city, making the trip by special boat.
