FASCISM CRITICIZED

The Daily News has on several occasions published articles explaining favorably the fascist system of government as carried out in Italy. The Rothermere papers, including the London Daily Mail, are now boosting the fascist movement in England and say that Italy and Germany are beyond all doubt the best governed nations in Europe today.

The Daily Herald, the labor organ of Britain, says that Germany's balance sheet of foreign trade for 1933 was one from Seattle Monday, were three Johnson (7), C. CARRYING THE FIGHT TO OTTAWA

The fight for national credits in the present emergency is being carried to Ottawa by the Legislature at Victoria. Evidently the public accounts committee of the Legislature reflects the majority opinion of the House and the resolution will pass if it is not already adopted by the time this is published. Mr. Bennett is being asked not only by Premier Pattullo but by the British Columbia Legislature to take decisive action with a view to relieving the depression.
