BIG STRIKE IS LOOMING

Efforts Fail to Prevent Walk-Out of Textile and Steel Workers in United States
 WASHINGTON, D.C., June 4:—All efforts to halt the impending strikes in the cotton textile and steel industries of this country have so far proven unavailing and a walk-out affecting no less than half a million workers appears to be inevitable. Three hundred thousand textile workers are scheduled to go on strike this week and 250,000 steel workers on June 15. These codes were signed last week by President Franklin D. Roosevelt.

SUGAR MAPLES FOR TERRACE

Another Importation By George Little—McIntosh Place Pretty

TERRACE, June 4:—George Little has imported to this district a consignment of young sugar maple trees. One thousand of these are being set on the hillside overlooking the Skeena bridge and the rest are being distributed among the local citizens.

Those people who know Terrace will have admired the beautiful avenue of ornamental trees which were planted by the same public spirited citizen about twenty years ago along Lakelse Avenue.

Other Terracites with an eye to arboreal beauty are Mr. and Mrs. R. L. McIntosh who have developed a lovely landscape garden at their country home at Kalum; some of the most beautiful effects are achieved by an artful distribution of local forest trees, such as the blue spruce, which, when it has plenty of room, will throw out limbs or branches that are in the crowded forest, absent.

The following have been appointed provincial elections commissioners for Prince Rupert electoral district: Robert Blance, W. R. Love, C. V. Eviatt, C. H. Orme, John Preece, G. P. Tinker, P. R. Cameron and William Sullivan, Prince Rupert; Dr. J. C. S. Dunn, Massett; F. R. Wilson, Inverness; J. R. C. Deane, Port Simpson; W. H. Miller, Refuge Bay; F. B. Collins, Jap Inlet; G. S. Mayer, Port Clements; R. G. McKenzie, Queen Charlotte City, and George Letts, Oona River.

GROTTO IS VICTORIOUS

HIGH LOSES FIRST GAME

Wins Loose Game Over C. N. R. A. To Consolidate Softball Supremacy

Grotto consolidated its position of supremacy in the City Softball League on Friday evening by defeating the cellar-dwelling Canadian National Recreation Association by a score of 7 to 5. Play was replete with errors on either side and there were only four hits in the whole game. Most of the runs resulted from weak infielding. Outfielders on both sides made some fine catches by the ditch. Scoop Bury, for the Grotto, was the star of the game, one of his feats being the conversion of what would have ordinarily been a sure hit into a fine one-handed catch.

Of the four hits of the game, oddly enough, it was the losers who made three off Yager, Grotto hurler, Pitcher, for the C. N. R. A., yielding but one bingle to the tobaccoists. Eleven errors were chalked up against the C. N. R. A. and twelve against the Grotto. Yager struck out one batter and allowed three walks. Pitcher fanned five Grotto batsmen and walked five.

Comadina and Lambie were umpires with line-ups as follows:
Grotto—Rodgers 2b., Ratchford rf., Bury 3b., George Howe ss., Hill cf., Stalker lf., Gurvich c., Yager p., Antonelli 1b.

C. N. R. A.—McIntosh lf., Cameron cf., Horton 3b., Bill Tobey 1b., L. Astori 2b., Styles 3b., Pitcher p., Coverdale rf., Geddes ss.

In a regularly scheduled Junior Football League game played Friday night instead of on Saturday afternoon owing to the High School first year picnic taking place on the latter day, Booth Memorial School inflicted the first defeat of the season on King Edward High School by scoring the only goal of the match. It was one of the most exciting and keenly contested Junior League games which has been staged in many a day. There was no scoring until within half a minute of full time when Jack Ritchie was responsible for the sole counter.

W. W. C. O'Neill was referee and handled the game with satisfaction to all.

The league standing to date is as follows:

Mr. Hart's Reply To His Friends

Speech of Pioneer Citizen at Birthday Party Held Last Friday Evening

At the birthday party held last Friday night in honor of F. W. Hart and J. W. McKinley, Mr. Hart spoke as follows:

"My friends, you overwhelm me with your congratulations and good wishes. One goes along from day to day not dreaming that he holds such a place in the hearts of his friends until an occasion like this arises. A birthday is a man's new year day—the day on which he takes stock of the things that he has accomplished during the year just closed, when he inventories his assets and counts his liabilities, when he realizes his mistakes and makes new plans and resolutions for the future.

"When an occasion like this arises he counts his friends and finds them good. It is his own fault if he finds them otherwise. Friends are the greatest assets a man can have and tonight I realize I am rich. I value your interest and kind regard beyond price. Your investment in friendship may never bring you return in a material way but it will never bring you loss. It gives me pleasure to wish you the same success and happiness that you have joined in wishing me.

"Here's to the hand of friendship. "Success—twice tried and true. "That smiles in the hour of triumph "And laughs at its joy with you, "Yet stands in the night of sorrow "Close by when the shadows fall. "And never turns the picture "Of an old friend to the wall."

It was Mr. Hart's seventy-ninth birthday which he observed by opening up a new business here.

A Little Pump Controls Your Life Stream

The world's most wonderful pump is the human heart. It pumps blood faster than a strong man can pump water from a well—and this despite the fact that blood is seven times as sticky as water and, in consequence, is ever so much harder to pump.

This marvelous piece of human machinery keeps your blood stream in constant motion. It pumps the red blood corpuscles—loaded with vital oxygen from the lungs—to your millions of body cells. After unloading the oxygen, the red corpuscles load up with the gas poison forever being generated in the human system. The heart pumps this poison to the lungs, to be breathed out of the system. If your heart were to stop pumping, you would die in a few seconds for lack of oxygen.

Now, in order to do their work effectively, your red blood corpuscles must be rich in what is known as haemoglobin—a substance having the power to absorb the oxygen and the poisonous gas. When your haemoglobin is below normal, your blood stream is weak, and you feel "tired-out," run-down and nervously-exhausted. Restore the haemoglobin to normal, and you are once more strong, energetic and vigorous.

Dr. Williams' Pink Pills will do that very thing. This is not just a claim; it is an established fact, recently proven at a hospital where 40 people, treated with Dr. Williams' Pink Pills, each recorded splendid blood improvement and, with it, renewed health and vigor.

You will be benefitted in the same way. Try a month's treatment. 50 cents a package at your Druggist's.

Individual reports on these 40 patients, certified by the hospital pathologist, are on file.

LIBRARY MEETING

Terms of Lease on Second Avenue Building—Votes of Thanks Passed

Under the terms of the lease by which the old government agent's office building on Second Avenue has been taken over for a period of five years for use in housing the public library, there will be a nominal annual payment of \$1 per year. The city will be responsible for all repairs and maintenance of the building. Before the building can be occupied by the library, it will be necessary to put on a new roof and make extensive furnace repairs. Tenders for this work are now being called and it is expected the move will be made during the summer vacation season.

The library board, at its meeting at the end of the week, authorized the purchase of new books with funds raised by the recent campaign as well as the making of repairs to present volumes.

The board passed votes of thanks to be extended to members of the book campaign as well as to organizations which had assisted in the campaign.

The library's monthly report showed that 4602 books had been loaned during May. Eighty-seven new books had been catalogued during the month including thirteen acquired in the drive.

Present at the meeting were Frank Dibb, chairman, City Commissioner W. J. Alder, Mrs. G. H. Arnold, William Cruickshank, R. L. McLennan, R. E. Moore and Thomas B. Black, secretary.

WHIFFLETS From the Waterfront

Fate of Katalla Still Uncertain—George to Make Ketchikan Trip—Charles on Pontoons.

As time passes anxiety continues to be felt as to the fate of the well known Seattle halibut boat Katalla which is now three weeks overdue and fears are entertained that she may have been lost possibly off the north of Vancouver Island. Laden with a catch of fish, the vessel had left the northern banks for her home port but has mysteriously dropped out of sight. Capt. Michael Nelson, owner and skipper, was on board with a crew of five. Fisheries patrol and other vessels have been keeping a watch out for the missing vessel but, so far, there has been no clue as to what, if anything, may have happened.

To get in on some of the Alaska business which is offering in view of the tie-up of American vessels owing to the longshoremen's strike on the Pacific Coast, C. N. R. steamer Prince George, Capt. H. E. Nedden, on her voyage north of here this week, will make a special call at Ketchikan. The vessel will leave here as usual on Wednesday afternoon but, before making her calls at Anyox and Stewart, will put in at Ketchikan, returning here Friday morning southbound instead of Thursday night. It is understood the vessel will have a considerable number of passengers from Seattle on board for Ketchikan enroute to various Southeastern Alaska points. The ss. Prince George is scheduled to arrive here at 6 o'clock Friday morning from the north and sail at 8:30 a.m. for Vancouver via Ocean Falls and Powell River.

With two C. P. R. steamers in, the government wharf was a busy place Saturday morning. First came the Princess Norah, Capt. William Palmer, bound for Skagway, with a capacity crowd of 190 passengers on board. Two disembarked from the vessel here while four went north aboard her from this port. Then came the Princess Adelaide, Capt. S. K. Gray, from a special voyage to Ketchikan with 142 on board including seven who disembarked here, four taking passage from here for the south aboard the vessel. The Norah sailed for the north at noon while the Adelaide got away for the south at 2 p.m.

C. N. S. S. Prince Charles, which is undergoing a general overhaul at the local dry dock, is now on the pontoons, having been taken out of the water last Friday. How long the vessel will be up depends upon the amount of hull work it is decided to do on her following the arrival of inspectors from Vancouver this Wednesday. It is understood, although no official announcement has been made, that the Prince Charles, which has been tied up here for the past couple of years, will go into commission for at least a time this season. What run she will go on appears at this time to be uncertain although it is believed quite likely that she may relieve the Prince John in the Queen Charlotte Islands service.

Having been delayed a few hours by heavy freights for points along the coast, Union steamer Catala, Capt. A. E. Dickson, arrived in port 10:30 last evening from the south and sailed a couple of hours later for Anyox, Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. for Vancouver and waypoints.

GREAT FILM PRESENTED

"The House of Rothschild" Here With George Arliss at His Best

One of the most important and talked-of screen productions of the year, "The House of Rothschild," featuring the great British actor, George Arliss, is being presented at the Capitol Theatre here the first of this week in a special three-day engagement opening tonight. It is said to be the finest performance Arliss has contributed to the screen not excepting the memorable "Disraeli."

Considered purely as motion picture entertainment, it is a lavish and colorful drama of Napoleonic days, made more engrossing since the play is keyed to reality, concerning itself with the story of the famous Jewish bankers who rose to great heights of power and distinction despite racial prejudice and persecution.

Arliss plays a double role as the elder and younger Rothschild. Romance is charmingly provided by Loretta Young at Nathan Rothschild's daughter and Robert Young as the Duke of Wellington's aide. Other strong members of the cast include C. Aubrey Smith, as the blustering and cursing Duke of Wellington; Boris Karloff as Lefrantz, and Helen Westley as "mother of half the loans in Europe."

District headquarters of the provincial police here have been advised if the fining by Stipendiary Magistrate Wheeler of Bella Coola in the sums of \$5 and \$10 of five Bella Coola Indians for drunkenness on May 24, Mrs. Minnie Andrews, for supplying, was fined \$60.
