Declares That Business Heads Will Not Listen to Him in His Effort To Solve Difficulties

TORONTO, Sept. 19: (CP)—Bluntly declaring that he would go on with the price spread and mass buying probe whatever happens Hon. H. H. Stevens, minister of trade and commerce, last night declared that he was appealing to the citizens of Canada because business heads "would not listen" to him to help solve the economic difficulties.

He declared that one of the largest packing houses in Toronto "could" without doing the packing business one atom of injury pay seven or eight cents per pound for choice beef steers instead of four and a half cents. The purchasing power of the farmers would then within one year increase by \$34,000,000.

ITALIANS TO BE SOLDIERS FIRST OF ALL

ROME Sept. 19: (CP)—Compulsory military service for Italians beginning at the age of eight and continuing to the age of thirty-three was decreed Tuesday by the Council of Ministers in what was probably the most sweeping military law ever passed in history.

Coal Orders For Hospital

Philpott & Evitt and Albert & McCaffery to Get Business From Hospital Board

The hospital board, at its regular monthly meeting last night, accepted tenders from Philpott & Evitt for supply of Bulkley Valley slack and Vancouver Island double screened lump coal to the hospital and nurses' home and from Albert and McCaffery for Bulkley Valley lump.

Tenders were: C. C. Ketchum—Bulkley Valley slack, \$5.85; double screened lump, \$10.40.

Philpott & Evitt—Nanaimo-Wellington double screened lump, \$11.60; mine run, \$10.60; Bulkley Valley slack, \$5.75; double screened lump, \$10.40.

Albert & McCaffery—Nanaimo-Wellington lump, \$11.75; mine run, \$10.75; Bulkley Valley slack, \$6.00; lump, \$10.30.

The board decided to accept the lowest tenders in each case. There was a communication from F. M. Dockrill of Telkwa urging the merits of Bulkley Valley coal for stove as well as furnace use. Further tests will be made in the hospital kitchen range. It was also decided to try out the Bulkley Valley coal in the nurses' home heating plant. Members of the board expressed themselves as being in favor of using the district product to as great an extent as possible.

Milk Supply The board awarded the hospital milk and cream supply for the coming year to Valentin Dairy. The following bids were considered:

Prince Rupert Dairy—milk, 35¢ per gallon; table cream, 50¢ per quart, 25¢ per pint, 12½¢ per half pint; whipping cream, 70¢ per quart, 35¢ per pint, 20¢ per half pint.

Beaching Smoldering Morro Castle

Towed by a coastguard cutter, the ss. Morro Castle, gutted queen of the seas, is shown being beached off Asbury Park, New Jersey. Peacetime Navy Work

Commanders of Two Visiting Canadian Destroyers Speakers Before Gyro Club at Luncheon

While the primary peacetime function of the navy is to prepare for war, by keeping itself at all times in practice, it also performs a variety of other useful duties such as policing the seas, protecting British interests and people abroad in time of disaster or emergency, providing relief in the event of calamity and, not least of all, "showing the flag," which is a most effective way of advertising. Such was the information given to the Gyro Club at its luncheon yesterday by Lieut. Commander F. L. Houghton, R.C.N., captain of H.M.C.S. Vancouver.

With reference to the policing of the seas, Lieut. Commander Houghton mentioned among other activities of the navy, the keeping down of piracy and suppressing of gun running and drug traffic. He gave incidents with which he had been personally associated where Canadian warcraft had been called upon to protect British interests and subjects during uprisings in foreign lands. One of such incidents described was the revolution in San Salvador in 1932 when the Skeena had been called in.

Commander Oland

Commander J. E. W. Oland R.C.N., D.S.C. of H.M.C.S. Skeena was also a speaker at the luncheon. His talk was brief but, in the course of it, he recalled how the name "Prince Rupert" had been selected for this port. The name had been offered by a Miss MacDonald of Winnipeg in a competition put on by the Grand Trunk Pacific Railway. Miss MacDonald as well as two others, one of whom was a Mrs. John Orme of Ontario, a relative of C. H. Orme of this city, had been each paid \$250 although only Miss MacDonald had suggested "Prince Rupert," the other two suggesting "Port Rupert."

W. H. Tobey, president of the club, occupied the chair. Other guests, in addition to Commander Oland and Lieut. Commander Houghton, were Lieut. Commander Davey R.C.N., Lieut. E. R. Luckey R.C.N., Lieut. P. H. Hughes R.C.N., Lieut. Walter Hume R.C.N.V.R., Lieut. L. H. Hawthorn R.C.N.V.R., C. H. Orme, Thomas McClymont, John W. Allen (Vancouver), Capt. J. R. Elfert and Capt. W. P. Armour.

Capt. Sinclair Pierce and Crew Escape and Land at Queen Charlotte City Inland

A brief message received here this morning announced the total destruction by fire off Buck Point west coast of Queen Charlotte Islands, yesterday morning of the well known local halibut boat Eric Roy, Capt. Sinclair (Red) Pierce, which was engaged in black cod fishing for the Canadian Fish & Cold Storage Co. Capt. Pierce and his crew consisting of Gunnar Anderson, Frank Long, Percy Pierce and Tom Banbury made their escape from the burning vessel and were safe at Queen Charlotte City last night.

From there it is expected they will come on here aboard a fish packer and may arrive today or tomorrow. There were no details of the incident but it is believed that there were no serious injuries. There was insurance on the Eric Roy. The Eric Roy was 43 feet 5 inches in length, 13 foot 2 inches beam and 6 feet 3 inches deep. The vessel was equipped with a 30 h.p. Enterprise gasoline engine. She was built here in 1926 for Frederick T. Blundon from whom she was acquired some years ago by Capt. Pierce.

ELECTED PRIMATE

Bishop D. T. Owen of Toronto Is New Head of Church of England in Canada

MONTREAL, September 19 (Canadian Press)— Rt. Rev. D. T. Owen, Bishop of Toronto, was elected Primate of the Church of England in Canada yesterday succeeding the late Most Rev. Charles L. Worrill, Archbishop of Nova Scotia. The election was by the House of Bishops of Canada.

D. Crombie, general superintendent of transportation, Canadian National Railways, Montreal, and R. A. Black, transportation engineer, arrived in the city on the ss. Prince George this morning from Vancouver in the course of a western inspection tour and will proceed east in a special car attached to this evening's train.

Nome Already Making Plans To Rise Out of Ashes Following the Disastrous Fire Last Monday

NOME, Sept. 19:—This far northern Alaska mining and trading town is already making active plans to raise itself by partially rebuilding out of the ashes following the disastrous fire on Monday which practically razed the entire community to the ground and the damage from which is now placed at \$3,000,000 by the city council and businessmen. Some citizens are making plans to rebuild their business premises or residences before winter closes in. Others will probably leave the place to establish themselves elsewhere.

SAILORS ON ROUTE MARCH

Led by the combined band of the two visiting destroyers, a landing party from H.M.C.S. Skeena and Vancouver staged a route march through some of the city streets this morning and attracted considerable attention.

Al Hagar, president of the Canadian Fishing Co., and party came north from Vancouver to Ocean Falls on the Prince George last night. At the paper town they are boarding a yacht for a hunting trip in the district.

and food supplies will be rushed from Seattle during the next six weeks. The steamer Victoria will leave the Puget Sound port as soon as she can be loaded. Coastguard vessels will also be used to rush necessities to the stricken community.

Soup kitchens were established yesterday to cope out the meagre food supply left in the town and the sole remaining hotel and few houses left after the conflagration are taxed to the utmost to give shelter to the homeless. Temperature is near freezing but the population is making the best of the situation.

The fire started from a spark on the roof of the Golden Gate Hotel and soon was out of control as the flames leaped from building to building and across streets from one city block into another.

The town of Nome, which once boasted a population of 20,000 persons, now has normally 2500 people in the summer and 1500 in the winter.

Relief Being Rushed

It was announced today that three coastguard cutters were already on the way here from their bases with food supplies. Two cargoes of foodstuffs and one cargo of five thousand tons of building material are being rushed from Seattle.

READ YOUR HEALTH IN THE PALM OF YOUR HAND

Stretch the hand out flat and look at the colouring which lies just beneath the outer skin. If you are in good health the flesh will be a mottled rosy pink. Should the pink tones appear pale, the probability is that your blood lacks haemoglobin (red colouring) and red corpuscles. Here is the reason why many people are not exactly well; some are really ill.

The blood carries life force and nutriment to every part of the body. If the blood is low in haemoglobin and red corpuscles, the person is more or less anaemic or "run-down" . . . easily tired . . . lacking in vitality . . . perhaps close to serious sickness.

Fortunately the vitality of the blood can be increased in the majority of cases, as was proved in a special clinic of 40 persons whose haemoglobin and red corpuscles were low. Under a physician's direction these patients took a 30-day treatment of Dr. Williams' Pink Pills. Blood tests taken before and after treatment demonstrated conclusively in the physician's microscope how this excellent remedy had built up the vitality of the blood and restored health and vigour.

If your palm or your feelings tell you your blood is not up to normal, try a 30-day treatment with Dr. Williams' Pink Pills. You, too, will probably experience the same pick-up in general health and the same gain in strength and vitality that the physician observed in the persons forming the clinic. Health is precious. Let Dr. Williams' Pink Pills help you keep it. This tested remedy has amply proved its restorative qualities. Full size box for 50c.

WHIFFLETS From the Waterfront

Capt. Ben Peterson, Norman Starvick, Herman Leland, Anton Martinussen, Harold Helland and Alf Jacobsen, members of the crew of the halibut boat Tahoma, which has been seized by the United States Coastguard and is being held at Ketchikan on charges of violation of the marine laws in that she allegedly operated as an American vessel while being owned and operated by Canadian interests, arrived in the city from the Alaska city on the Prince Maquinna yesterday afternoon. Members of the crew of the Tahoma were allowed their liberty by the American authorities, the boat itself being held pending libel proceedings. It is alleged that the skipper of the Tahoma was the only American on board, two members of the crew being Norwegian subjects and the other three Canadians.

Returning south after a special voyage to Skagway with a large cargo of coal and explosives, C. P. R. steamer Princess Maquinna, Capt. Even Rheumatic Pains Eased Fast Now!

BAD HEADACHES, NEURITIS PAINS OFTEN RELIEVED IN MINUTES THIS WAY

Remember the pictures below when you want fast relief from pain. Demand and get the method doctors prescribe—Aspirin. Millions have found that Aspirin eases even a bad headache, neuritis or rheumatic pain often in a few minutes. In the stomach as in the glass here, an Aspirin tablet starts to dissolve, or disintegrate, almost the instant it touches moisture. It begins "taking hold" of your pain practically as soon as you swallow it. Equally important, Aspirin is safe. For scientific tests show this: Aspirin does not harm the heart. Remember these two points: Aspirin Speed and Aspirin Softly. And, see that you get ASPIRIN. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet. Get tin of 12 tablets or economical bottle of 24 for 100 at any druggist's.

Why Aspirin Works So Fast

Drop an Aspirin tablet in a glass of water. Note that BEFORE it touches the bottom, it is disintegrating. In 2 SECONDS BY STOP WATCH An Aspirin tablet starts to disintegrate and go to work. What happens in these glasses happens in your stomach—ASPIRIN tablets start "taking hold" of pain a few minutes after taking.

Mrs. Large Is Speaker

The Women's Missionary Society of First United Church held the first of its fall meetings last night at the home of Mrs. W. T. Kergin, Fourth Avenue West.

At the opening Mrs. R. Geddes Large sang a solo. The privilege was accorded some thirty members and friends of hearing Mrs. R. G. Large of Toronto tell of the work among the native Indians through the Missionary activities of the church.

A social half-hour was enjoyed by all and delicious refreshments were served.

Two Films On Screen

"Looking For Trouble" and "The Right to Romance" at Capitol This Mid-Week

Side-splitting comedy, double-barrelled romance and exciting adventure are combined in "Looking For Trouble," a story centered about telephone service in San Francisco, which is one of the feature offerings on a double bill at the Capitol Theatre here this mid-week. It's the yan of a wise-cracking pair of "trouble hunters" who have thrilling adventures with wire-tappers and gangsters involving them in the solving of mystery deaths, and bank robberies. Earthquake, blizzard, fire, storm and flood scenes are also introduced and many interesting glimpses behind the scenes of Telephonedom are given. Heading the cast are Spencer Tracy, Jack Oakie, Constance Cummings and Arline Judge.

The other end of the double bill presents Ann Harding in "The Right to Romance" as a famous plastic surgeon. A powerful story sweeps on to a surprising climax in which Miss Harding, as the doctor, is called to restore the mutilated

face of her rival who was injured in an airplane accident while on a sky-larking trip with the doctor's husband. Robert Young has the role of the philandering play-boy husband of the doctor while Sari Maritza is the other woman. Nils Asther has the part of a fellow scientific worker of Miss Harding.

Mrs. F. A. MacCallum, who was called to Victoria recently on account of the death of her father, returned to the city from the south on the Prince George this morning.
