### BUCKLEY'S MIXTURE BANISHED COLD, BACK AT WORK NEXT DAY

No wonder Mrs. Withershaw, Port Arthur, Ont. says BUCKLEY'S best cough medicine she ever used. She writes:-

"Just this week my husband caught a very gave him two doses of Buckley's and in the morning he was so

greatly improved that he was up and about his work as usual." It is this quick, sure relief that makes BUCKLEY'S MIXTURE the largest selling cough and cold remedy in Canada. If you have a cough, cold, 'flu or bronchitis, take

Buckley's. It acts like a flash-A single sip proves it.

At the annual dinner meeting night in the Commdore Cafe Peter Laki the newly appointed C.N.R. district passenger and freight agent, was elected a member.

### Another Test Run

The Socony-Vacuum Corporation of New York conducted a test run of many makes of cars on a route through the Peace River Country, Alberta, touching at Edmonton, Saskatoon, Moose Jaw, Regina, North Portal and down through the United States and on into Mexico. The leading car was a Ford V-8 Fordor, owned by the Socony-Vacuum, and bringing up the rear was a

V-8 Cabriclet which was driven by the Secretary of the Expedition. Included in the tour were a Chevrolet, Buick, Oldsmobile, LaSalle, Cadillac, two Pierce Arrows, G. M. C. truck, Studebaker, Pontiac, and other makes, as well as two Fords.

It is interesting to note that it was reported on the arrival of the caravan at Edmonton from the Peace River Country that the V-8's were the only units which made the round trip through mud without having to be towed. On a close check we find one of the V-8's travelled ten continuous hours in low gear, the temperature never exceeded 140 degrees and gasoline consumption was one gallon to ten miles while running in low gear. All the other cars had boiling radiators and required repeated additions of water.

Herring Fishing Next Activity-Steam Trawlers Change Hands—Deep Sea Fishermen Elect

Now that the New Year has turned, the next activity to be looked forward to as far as the fisheries at Prince Rupert are concerned will be the commencement of the herring run which, under normal conditions, usually starts around the end of January or early in February. The end of January should also see a commencement of spring salmon trolling in a limited way in

nearby waters. Ere February ar- of Prince Rupert has re-elected rives there should be considerable 1933 officers to serve again during activity in the way of getting the the year 1934. Alex Duthie continhalibut fleet in readiness for the ues as president, Karl Dybhavn as season's work, followed closely by a vice-president, George Anderson as by the salmon fleet. All around, trustee. there is every reason to believe that the 1934 season may be a considerably busier one than was 1933 with the probability that it will also be a good deal more profitable.
