STARTING BUILDING

To Put Down Piers For New Cold Storage Plant Within Few Days—Ice Plant About To Produce

To put finishing touches on the new ice manufacturing plant established on the Prince Rupert waterfront by Albert & McCaffery and to take charge of construction of the new cold storage plant which it has been decided to erect in conjunction therewith, George E. Mitchell arrived in Prince Rupert on the Catala last night from Vancouver.

It is expected that the ice plant will start making ice within a few days following Mr. Mitchell's arrival. There are a few engineering matters to be settled upon in connection with the new cold storage plant but it is expected the laying down of the piers for the building will start within a few days. The building will be of frame construction and it is the intention to have it completed and ready for operation by June.

TIE-UP IS STILL ON

No Trains Before Tomorrow Night: Huge Slide Near Usk

No trains will be moving in or out of Prince Rupert before tomorrow night at the earliest, it was announced this afternoon at offices of the Canadian National Railways. There will be no train for the east today. The train, which was to have arrived here Saturday night from the east, was turned back from Smithers. The train, due from the east at 10 o'clock tomorrow night, will be late, it is already certain.

The major source of trouble on the line now as a result of last week's warm rains is a huge snowslide one mile west of Usk on which the rotary plow is now working. This slide is reported to be from five to six hundred feet long. Mudslides in the Bulkley Canyon just east of New Hazelton are causing some trouble also. The Kayex bridge, which had been partly washed out, was made passable Saturday afternoon and by yesterday afternoon the bridge at Mile 21, just west of Haysport, had been rebuilt.

Convicted Traitor Pardoned From Devil's Island

Because he yearns to see Paris, his home, again, Benjamin Ullmo, who spent 26 years in the living death of the French penal colony at Devil's Island, is overcoming his fear of being ostracized as a traitor to return to the scenes of his youth. This picture, one of the rare photos to be made on Devil's Island, was taken in 1922, showing the naval officer, who had been convicted as a traitor, under guard. He was pardoned recently by President Lebrun. Ullmo, now a "free-man" in the colony, believes he deserved his sentence. He is working as a linguist.

BRITISH COLUMBIA'S CLAIM

When Premier Pattullo was getting ready to go to Ottawa to ask for financial aid in his work and wages and interest reduction schemes, he investigated the amount of money collected by the Federal Government in the province and the total expenditures and he found that during the past five years the Dominion had collected twenty million dollars more than it had expended in the province. The money had been expended in public works in the east. This was one of the great arguments for British Columbia in asking for consideration.

In view of the situation British Columbia can ask for what she needs without appearing in the aspect of a mendicant. Some newspapers in the east criticized the western provinces recently for trying to make raids on the federal treasury, when as a matter of fact the east has been levying tribute on the west regularly for five years.

A REAL SPRING DAY

Yesterday, January 28, was a real spring day. Practically every person in the city was out enjoying the sunshine and it was so warm that an overcoat was an incubance. A number of parties were picnicking on the beaches and a few had their boats out on the harbor for the first time.

It was noted that a number of the spring bulbs are coming through the ground. Crocuses, snowdrops, daffodils and narcissi are pushing their buds through the soil and even tulips are seen in favored spots. The pussy willows are out, many of the perennials are growing and gardeners were out looking over their plots to see what the frost had left them.

It is expected that there will be more winter yet, but the frost will not injure the bulbs. Perennials are more likely to get a bad setback if the frost is severe and if it should come without snow. So far the snow has been a great protection to the gardens. That is why today the lawns are all green, and everything has a spring-like appearance.

Try a "Hospital-Tested" Remedy

Normal health and energy are possible only when the haemoglobin content of the blood is normal. That is because it is the haemoglobin that distributes vital oxygen from the lungs and nutrient from the digestive organs to build body cells and clear the system of poisons.

Dr. Williams' Pink Pills—long recognized as an efficient blood-builder—were recently put to another authoritative test of their power to increase haemoglobin in the blood-streams of run-down, nervous people. Forty thin-blooded, "tired out" students were "blood tested" before and after a five weeks' treatment at a leading Canadian hospital. The authentic records of the test proved that these Pills are remarkably valuable in restoring strength and vigor.

Almost without exception the patients—male and female students—showed notable increases in haemoglobin, ranging as high as 22 per cent. They declared that they felt greatly improved in energy and vitality. The doctor in charge of the clinic was surprised by the extent of the improvement in so short a time.

Many thousands of benefited users have Dr. Williams' Pink Pills to thank for restoring them to normal health. The same happy experience can be yours. Try a month's treatment. Children and young women in many cases need this "test proven" remedy as much as adults do. Your Druggist can supply you—50 cents a package.

Individual reports on these 40 patients, certified by the hospital pathologist, are on file.

Rushed by Plane To San Diego; His Mother is Better

Having made a speedy trip from here to San Diego and back in 12 days, Clarence Martin of Massett arrived in the city on the Catala last evening from the south and is now awaiting transportation to his home on the Queen Charlotte Islands by gasboat. He left here on January 16, having been called south on account of the serious illness of his mother, Mrs. James Martin, who has been in California for some time on account of her health. From Seattle Mr. Martin Jr. travelled by airplane to San Diego and found on arrival there that his mother was much improved. She will be unable, however, to resume residence in the north this year. Mr. Martin Sr., well known Massett pioneer merchant, is in San Diego with her.

Quick relief for acid stomach

Acid indigestion indicates too much acid in the stomach.... The resultant misery will vanish speedily if you take a little Bisurated Magnesia (Bismuth in Magnesia) after eating, to improve the over-acid condition of the stomach.... This is better than relying on habit-forming Laxatives.... At all Drug Stores—in powder form, or in tablets for handy carrying.

CONCERT BY BOYS' BAND

Splendid Entertainment Last Night Enjoyed by Large Crowd

The concert staged in the Moose Hall last night by the Prince Rupert Boys' Band, under the baton of Bandmaster Robert Greenfield, was an unqualified success. The band, with assisting artists, playing to a capacity house which took up all available space. A variety of numbers rendered splendidly by the Band received spontaneous applause and much favorable comment was heard.

The band program was augmented with vocal solos by Miss Betty Cameron, vocal quartets by Dr. and Mrs. R. G. Large, Mrs. P. C. Miller and J. S. Wilson, vocal solos by David Houston, recitations by Miss L. Hale and humorous songs by J. Melville all of which were most acceptable with encores being demanded in each case. Mrs. J. S. Black was piano accompanist.

F. W. Wesch presided and, in a few well chosen words, spoke on behalf of the band, expressing appreciation to the artists for their assistance.

TWO FILM BILL HERE

Another Double Program Offered At First of This Week At Capitol Theatre

A rollicking comedy "Love, honor and Oh Baby," featuring Slim Summerville and Zasu Pitts, and a pugilistic drama "The Life of Jimmy Dolan," with Douglas Fairbanks, Jr., Aline MacMahon and Loretta Young in the leading roles, comprise a double feature picture bill being presented at the Capitol Theatre here at the first of this week.

In "Love, Honor and Oh Baby," Slim Summerville appears as a lawyer and Zasu Pitts as a filing girl. The action is fast and the lines funny with plenty of laugh climaxes. Summerville and Pitts are always a popular team and this picture is said to be one of their best.

"The Life of Jimmy Dolan" is the story of a left-handed prizefighter who is forced to keep out of the ring to avoid detection after becoming a fugitive from justice. In addition to Fairbanks, Miss MacMahon and Miss Young, the cast includes such well known stars as Lyle Talbot, Fifi Dorsay, Guy Kibbee and others.
