Important Economic Matters To Be Given Attention by Board

Transfer of Settlers From Sub-Marginal Lands, Farmers' Finances, Employment Census, Utilization of Natural Resources and Markets to Receive Study

VICTORIA, April 4: (CP)-Transfer of settlers from sub-marginal lands, the financial condition of farmers, classification of people on a basis of employment, conservation and utilization of natural resources and a study of markets are some of the subjects which the British Columbia economic council proposes to study, Prof. W. A. Carrothers, chairman of the council, stated yesterday.

There are some settlements of BOARD IS British Columbia which are neither more nor less than rural slums where people never have been able to make a living and never will," declared Prof. Carrothers. "It should be possible to move them to areas where they will have a chance of success.

Under a classification of people on a básis of employment, a census of skilled and trained workers would be taken. It would be expected to show what groups are overloaded and in what groups there

Under conservation and utilization of natural resources, logging methods and their threats upon natural reforestation would be among the subjects to be studied.

YOU NEED THIS 'Blood-Tested' PREPARATION

If you are tired, run-down, and lacking in energy and strength, you'll be interested in this report by a reputable physician. It concerns a woman patient, blood tests, and the remarkable results that followed a Pills. The first blood test showed low haemoglobin content and a stil lower count of red corpuscles. In other words, there was not enough vitalizing oxygen being carried from this woman's lungs throughout her blood stream and not enough nutriment being conveyed from her digestive organs to maintain normal health by rebuilding the body cells and dissues and clearing the sys-

tem of poisons. She was anaemic. The physician prescribed Dr. Williams' Pink Pills as a safe and efficient means of improving his patient's blood-stream. The first month showed a substantial increase in haemoglobin and red corpuscies, and the woman had better color and felt better. In two more months her blood condition was very close to normal, and she was feeling peppier, stronger and happier every day. The

physician described her improvement as "nothing short of remarkable." Authentic records are on file. Dr. Williams' Pink Pills will do as druggist can supply you-50c.

Ad- the keeper of a disorderly house. ventures aboard ship on a voyage to China and back are depicted in a thrilling manner and there is a climactic denouement which is as thought-provoking as the story's active theme.

Robinson's attempts to play the gentleman in "The Little Giant" lead to some most hilarious situations. He is constantly in hot water and, incidentally, is taken for a ride to the tune of several hundred thousand dollars by a charming adventuress and her father. The supporting cast includes Mary Astor. Helen Vinson, Shirley Grey and Russell Hopton.
