**CONGRATULATIONS FROM KING TO LLOYD GEORGE**

**U.S. NAVAL LIEUTENANT'S WILD TALK AT VANCOUVER**

**Charged With Flagrant Violation of International Etiquette During Banquet to U.S. Officers on Recent Naval Visit—Lt.-Commander James Faces Court Martial**

(Canadian Press Despatch)  
Bremerton, Wash., Aug. 22.—Charged with having grossly violated the principles of International Etiquette demanding rigid observance from a naval officer while on a foreign country, Lieutenant Commander James of the United States Cruiser West Virginia is today facing Court Martial at Bremerton, Washington. His case at the time looks serious, but his defence will be fully considered.

**Speech at Vancouver**  
The difficulty is the outcome of the visit at the end of last week of the U. S. C. West Virginia to Vancouver. A banquet was given by the United States Officers by the city of Vancouver on July 27th, and Lieutenant Commander James attended. After the banquet he said to have made a wild and rashly worded speech in which there were remarks which seriously involved the friendly spirit ex-

isting between the United States and Canada.

**In His Cups**  
The young officer's defence is that he was slightly intoxicated at the time, and allowed his spread-eagle spirit to get the better of his sense of the courtesy due the country extending its hospitality to him. While this defence may be entertained as fully as possible in order the more to reduce the possible resentment that may have been aroused in the Dominion by the ill-chosen expressions, the officer's position is sufficiently serious, especially at the present political juncture.

A. Cuthbert, secretary of the Prince Rupert Civilian Rifle Association, has written to the city council on behalf of the association suggesting that the council might offer a trophy for the association. Referred to finance committee.

**CITY TO BUY PERMANENT PIPE**

**Morse Creek Pumping System Needs \$8,000 Worth of Pipe to be Used for Woodworth Water Later.**

In view of the urgent need in the city for increased water supply both for domestic purposes and fire protection the council last night carried a motion authorizing the expenditure of \$8,000 or so on permanent water piping to be laid in connection with the Morse Creek pumping plant to be installed and afterwards to be used for the permanent water supply from Woodworth Lake.

Alderman Douglas was most anxious that this motion should carry "we fellows," he said, "rushed it over the trail among all that devil's club while some others stayed at home with their cold feet on the stove. We want to see some good of it."

Alderman Newton, who went by proxy on that memorable occasion, supported Alderman Douglas on the ground that the need for fire protection was most urgent. "We have diddle daddled over it too long already," he said with some reason.

**BASEBALL SCORES**

**Northwestern League**  
Spokane 9, Tacoma 0; forfeited in the fifth.  
Seattle 6, Vancouver 1.  
Victoria 1, Portland 6.

**American League**

Chicago 4, Washington 7.

**National League**  
Chicago 2, New York 3.  
St. Louis 6, Brooklyn 1.  
Pittsburg 10, Philadelphia 7.  
Boston 6, Cincinnati 7.

**Pacific Coast League**  
Vernon 3, Oakland 3; called to end in twelfth.

**NOBLE STEEDS COMING FOR CITY**

**Mayor Purchased Fiery Chagrers for the Civic Chariot. They'll be Here Wednesday.**

On Wednesday witness the arrival at the wharf of Mayor Manson's noble nags purchased for the city by the Mayor himself while he was down below. T. H. Jaeger, veterinary surgeon advised Mr. Manson and the horses are guaranteed in good shape.

Alderman Clayton suggested that they should be insured. This was referred to the finance committee.

City Solicitor Peters doesn't think much of livestock insurance. "Did you ever collect a claim for a lost horse?" he asked Alderman Kerr.

"Yes, five times," replied Alderman Kerr.

"You're lucky," returned Mr. Peters.

"Well, you see," remarked Alderman Kerr with an innocent air, "I didn't employ a solicitor to collect for me."

And Alderman Douglas tee-hee'd.

Inspector of Works McNeil is authorised to set about building a civic stable at once.

**KING'S CONGRATULATIONS FOR MR. LLOYD GEORGE**

**Premier and Chancellor of the Exchequer Receive Royal Message of Appreciation on Peaceful Termination of Old Country Industrial Strife—Work Being Resumed all Over**

(Canadian Press Despatch)  
London, August 22.—King George has sent a special message of congratulation to Premier Asquith, and to Mr. Lloyd George, Chancellor of the Exchequer, as an expression of his royal appreciation of their efforts towards the settlement of the great industrial dispute in the United Kingdom. Thanks to the unstinted energy of those in authority, and the tactful handling of a very strained situation, the strike trouble looks practically over now. Violence is at an end. The men are returning to work.

**Truce on Railways**  
Business is kept going with comparative smoothness owing to the truce at present on the various railways affected by the strike. All the railway lines except the London and North Western are running as before the trouble, and an early settlement of the diffi-

culties with the latter corporation is expected confidently. For the first time in three weeks work in the London docks is in full swing. Machinery is running, and the yards resound again to the sound of gangs of men hard at work.

**Still a Little Strife**  
Although undoubtedly commendation is due to the high authorities for their tactful intervention, there is still a slight unrest apparent throughout industrial centres, as might be expected after so serious a disturbance. Here and there slight outbreaks are occurring where less tact has been displayed by lesser controlling agencies, and one or two instances of violence occasionally filter through the news source. In general, however, all over the United Kingdom, the tendency is towards industrial peace after the worst war of the century.

**SIMPSEAN CO.'S PROPOSALS**

**Mayor Consults Engineer Thompson of Seattle, Regarding Them. Seattle Engineer Does not Approve.**

While in Victoria attending to the matter of the G. T. P. assessment the Mayor took occasion to visit City Engineer Thompson of Seattle in order to consult him regarding the Tsimpsean Company's offers to the city.

Engineer Thompson was by no means inclined to regard the proposals favorably. He would not give his reasons hurriedly, but promised them after consideration.

Mr. R. Bruzini was in Seattle in consultation with Engineer Thompson to try and secure the approval of the proposals.

**DOWN ON ORIENTALS**

**Laundry By-law Places Exact-ing Conditions on Them**

Some alterations designed to make it still more difficult for the Chinese laundrymen to start up or extend their business in this city, were made last night in the by-law to regulate laundries.

Alderman Newton would like to have enforced a clause on them making them employ only white labor—a fatal clause for the Chinese laundry industry—but City Solicitor Peters declared this impossible. The by-law is still under consideration.

**Beach Place Water**

Colonel Davis has reported on the extension of water mains to Beach Place. Referred to water committee.

**Welcome Home**

Tanned by the southern sun and zephyrs, Mr. J. H. Kugler, "Uncle Jerry," returned from the south yesterday afternoon on the Princess May with his wife. He has been away on a business trip. Returning with Mr. Kugler were his son Jay and his wife.

**Mayor is Home**

Mayor Manson, Alderman Newton and Clayton returned home yesterday on the Princess May from the south.

**VANCOUVER NOMINATION**

(Canadian Press Despatch)  
Vancouver, Aug. 22.—The nomination of Conservative candidate will take place on Tuesday night. Primaries are being held tonight. Among the names before the convention will be those of Alderman Stevens, Sir Hibbert Tupper, and Mr. James Findlay who are hot favorites with supporters.

**Sold Lot on Fifth**

H. F. McRae & Co. sold Lot 18, Block 5, on Fifth avenue yesterday to Solomon Mussallem for \$1,470.

**P. R. Indoor Baseball League.**

Brotherhood Crescents vs. Quill Drivers at the Auditorium, Tuesday, August 22nd. Game called at 8.45 sharp. Admission 25 cents.

**Busy Board**

The city engineer's report on sewer schemes has been referred to the board of works for consideration.

**Hasn't Got a Hurt Leg but Wants a Fruit Stand**

Solomon Mussallem is sore that a fruit stand should have been allowed to go up and do business at the corner of McBride street and Fifth avenue. The stand is owned by Andrew Hansen who got permanently disabled on the work of clearing the townsite and instead of going away to become a charge elsewhere or live on his relatives stayed with the city and is eking a living out of the stand. A kind hearted alderman allowed him to go ahead with the stand and the council sanctioned the matter later. Now Mussallem who has a big store farther out on Fifth wants leave to put up a fruit stand beside the cripple's and threatens to cut up nasty unless he gets permission to do so.

**SOLOMON IS SORE**

**Hasn't Got a Hurt Leg but Wants a Fruit Stand**

Solomon Mussallem is sore that a fruit stand should have been allowed to go up and do business at the corner of McBride street and Fifth avenue. The stand is owned by Andrew Hansen who got permanently disabled on the work of clearing the townsite and instead of going away to become a charge elsewhere or live on his relatives stayed with the city and is eking a living out of the stand. A kind hearted alderman allowed him to go ahead with the stand and the council sanctioned the matter later. Now Mussallem who has a big store farther out on Fifth wants leave to put up a fruit stand beside the cripple's and threatens to cut up nasty unless he gets permission to do so.

**TO ABOLISH STAND PIPES**

**Ald. Hilditch Thinks Them a Serious Expense to the Water Dept. Committee will Consider.**

"Stand pipes" says Alderman Hilditch, "are an expensive to the water department. They are frequently left running by children and it is absolutely impossible for the tax collector to get money from the users of them. I would suggest that the water committee go again into the matter of the advisability of cutting out all stand pipes wherever the water can be given into the houses or close up to them."

The matter will be considered by the water committee.

**GRAND TRUNK AGREEMENT AND WATERWORKS BY-LAWS**

**Final Stages Reached in Council With By-Laws to Ratify the G. T.P. Assessment Settlement and to Raise \$500,000 For the Woodworth Hydro Electric Scheme---Both Pass Third Reading Late Last Night---Citizens to Give Their Decision by Ballot Saturday, September 2nd.**

On Saturday, September 2, the By-law to Ratify the Grand Trunk Assessment Settlement will be submitted to the vote of the citizens of Prince Rupert together with the Hydro Electric By-law to sanction the borrowing of \$500,000 for the purpose of constructing the Woodworth Lake Waterworks and Electric power system. The hours and modes of procedure in connection with the ballot will be in accordance with the Municipal Clauses Act.

M. M. Stephens is appointed Returning Officer, and Polling will be in the City Hall or other convenient place appointed later. The By-laws will be printed in all the city papers at least four times to give the citizens every chance to make themselves thoroughly acquainted with the purport of them. Both By-laws passed their third reading in council last night, and will come into effect if favorably regarded by the citizens, on September 12. Mayor Manson conducted the final stages of the business in council last night with an air of

considerable relief at having steered these two matters so far towards the final decision of the people regarding them.

Reporting to the city council last night on the visit to Victoria the Mayor stated that on the main matter of his mission there, viz., the gaining of the Government sanction and signature to the G. T. P. assessment agreement had caused him rather more trouble than he had expected.

**Government Objection**  
The Government objected rather emphatically to the transfer of so much property to the city in fee simple which does the Government out of its quarter share of the property also to the handing over of 100 ft. of water frontage to the city.

**Mayor's Memo**  
Mayor Manson had a terribly hard time of it to convince the Government that the points in question should be favorably regarded. He pleaded and argued but all in vain. The Powers at Victoria demanded that he prepare a memorandum setting forth in black and white his reasons

for so arguing for the sanction of the Government to the agreement. This the Mayor did at great length setting forth the advantages to the city involved, and finally on Wednesday last made a noise like an approval of the affair and agreed to sign the agreement in form as approved by city and G. T. P. and to effect the conveyance of the Provincial lands to be transferred.

**Govt. Withdraws Offer**  
The Government gave the Mayor no trouble at all in regard to the 999 year leased park sites, etc. But in view of the transfer of the waterfrontage and the fee simple lands the Provincial Powers have withdrawn the offer made some time ago to sell five lots at Market Place suitable for a city hall site, for \$5000. The Mayor remarked that while he had considered this offer an advantageous one, still in view of the greater advantages of the assessment settlement sanction he was ready to relinquish the idea of purchasing these Market Place lots at the terms mentioned.

**MORE DEMAND FOR FISH FROM OUR LOCAL WATERS**

**Cuban Market Can Take Quantities of Cured Fish—Prospects Ever Brightening For Thriving Fish Curing Industry in Prince Rupert—How Scotland Can Help**

A Cuban firm interviewed by the Canadian exported product of salt fish, is practice under the guidance of those who have had the art at their fingers' ends for generations. Here in Prince Rupert, once reciprocity passes and the railway gets through, we shall have the best possible field for a fish curing industry on the largest scale.

**Rupert Will Benefit**  
To Prince Rupert Canada will probably attract the Scotch fisher lasses. In Prince Rupert fish curing plants will be erected at a dozen points along the waterfront, and from Prince Rupert the finest fishing fleet on the Pacific will sail to the finest fishing grounds in the world right at our doorstep. Incidentally perhaps Prince Rupert will supply the best breed of men for the coming Canadian Navy and Naval Reserve. Scotland has done as much for the Imperial Navy from her fisher lads as all the world knows.

**UNITED STATES BEWAIL BAD HARVEST PROSPECTS**

**Washington Department of Agriculture Issues Worst Report Since 1901—Owing to the Crop Failure Southern Pacific Railway has 160,000 Cars Idle and Has to Fire 6000 Hands**

Washington, Aug. 21.—A tremendous decline in the condition of crops throughout the country traceable to drought and heat occurred during the last month indicated by official figures and estimates made in the monthly report of the Department of Agriculture. The report is the first as to general crop conditions that any department has issued for any single month since 1901.

The area most seriously affected extends from New York and Pennsylvania westward to the Rocky Mountains, embracing all of the corn, wheat and hay-producing states in the country. In the Southern States, with the exception of Virginia and North Carolina, ample rains served to maintain generally favorable conditions throughout the past month. These conditions thus far continue to be favorable.

Conditions in the Pacific North-

western states are regarded as excellent although during July that territory suffered from a brief, but excessively hot spell.

Later advices, however, show that the damage to crops from this spell of drought has been more serious than was calculated upon and the effect upon trade in general is bad. A despatch from Portland this morning states that owing to poor times and the failure of the main crops in the district generally, the Southern Pacific Railway Company has decided to dismiss six thousand of its employees. Officials of the company state that they have not seen so little doing for them at this season for many a year. The company has no fewer than 160,000 empty cars lying idle on hands. Canadian transportation companies on the other hand are wondering if they will have cars enough to handle the bumper harvest expected.

## SIR JOHN AND RECIPROCITY

That the Conservative party were favorable to reciprocity under the leadership of Sir John A. Macdonald and his successors, Sir John Abbott and Sir John Thompson, is a matter of record.

Reciprocity was part of the "National Policy" which Conservative orators take such pride in dwelling upon and is still a part of it, although the present leader of the party, a bitter opponent of Sir John A. Macdonald, has seen fit to repudiate it. The following was the clause referred to, a policy which Sir John A. Macdonald was devoted to up to the very hour of death, for it must be remembered the veteran statesman "died in the harness."

"Any or all of the following articles, that is to say: animals of all kinds, green fruit, hay, straw, bran, seeds of all kinds, vegetables, including potatoes and other roots, plants, trees, and shrubs, coal and coke, salt, hops, wheat, peas and beans, barley, rye, oats, Indian corn, buckwheat, and all flour of rye, Indian meal, and oat, other grains, flour of wheat and meal, and flour meal of any other grain, butter, tallow, meats, fresh, salt or smoked, and lumber, may be imported into Canada free of or at a less rate of duty than is provided by this Act upon proclamation of the Governor-in-Council, which may be issued whenever it appears to his satisfaction that similar articles from Canada may be imported into the United States free of duty not exceeding that payable and the same under such proclamation when imported into Canada."

If anything, that is a wider policy of reciprocity than the Fielding pact and it looks as if Sir John A. Macdonald was not afraid of annexation. The only man who is really afraid of annexation is the tariff fed trust magnate who is afraid that with a competing bidder the farmer will annex more of the money now going into the pockets of the high tariff gentry. That's about all the annexation there will be under reciprocity.

### NOTES DUE

At Guelph, Mr. Henry Arkell, one of the largest breeders of sheep in Canada, said: "Remove the tariff against Canadian sheep and watch the Canadian sheep industry grow. I have voted Conservative for years, but I am for the reciprocity trade agreement."

At Halifax, Mr. Howard Smith, head of N. & M. Smith, Limited, the largest exporters of dried fish in the world, declared that reciprocity meant a new era of prosperity for Canada. Nova Scotia would come into her own, and her fishing fleet be doubled in from three to five years. Although hitherto a Conservative, Mr. Smith is supporting Laurier and larger markets.

At Napanee, Mr. Charles Anderson, a prominent Conservative farmer, stated that reciprocity was of far more importance to Canadian farmers than abject party allegiance. He declared he was not a traitor to his party, but that the party was traitor to the old policy for which Sir John Macdonald and all other Conservative leaders had stood up to the time it became possible through the Fielding-Taft agreement.

At Brockville, Mr. John Gill, President and General Manager of one of the large hardware and edged-tool manufacturers in Eastern Ontario, said that the reciprocity agreement "is purely a sound business one, and Canadians will do well to avail themselves of its advantages altogether apart from politics. I am glad, as a manufacturer, to have this opportunity of heartily approving of the sound business-like agreement secured by Mr. Fielding."

At Brockville, also, Mr. William C. MacLaren, General Manager of Halls, Limited, manufacturers of gloves, suspenders, etc., said: "I have given the matter of this agreement a great deal of thought, and I have found nothing in it except benefit to the people of Canada. I cannot understand how manufacturers can take any other position. This agreement in no sense injures any of us, and cannot fail to be a big thing to the farmers and artisans. I desire to put myself on record as a manufacturer in complete accord with the reciprocity agreement, and am glad indeed that the farmers are to have this opportunity to secure better returns for their labors."

"A very common criticism on the part of the gentlemen who have not viewed this matter as favorably as we would have wished has been: 'If the United States want to make a tariff arrangement with you, let them come down to your rates of duty.' It seemed to be taken for granted that that was what the United States would not do. But that is exactly what we asked them to do, and what they have agreed to do respecting a large number of articles. They have not only come down to our rates, but in some cases they have come below

them, and in those cases, in order to reach that common rate, we have had to make reductions. But as our tariff is a modest one, while theirs, in the main, is a high tariff, the result has been that, in order to arrive at a common rate, we have had to make only moderate reductions, while they, in many cases, have had to make quite large reductions."—From Hon. W. S. Fielding's introduction to the tariff agreement.

## WHAT RECIPROCITY WILL DO

In addition to reducing the cost of living, opening up great markets for our lumber, our fish and our minerals, reciprocity will double the present population of Prince Rupert. This statement is made on the authority of J. P. Todd of Seattle, whom the Seattle Daily Times declares is "the best posted man on fishing matters in the Northwest."

Not that J. P. Todd is a friend of reciprocity. J. P. Todd is allied to those "interests" who prosper under a tariff. His men have been accustomed to go in their boats out to the Canadian halibut banks and load up. The Canadian fishermen could not come into the market. There was a duty of a cent a pound on the fish caught by a Canadian fisherman. This corralled the market for J. P. Todd and the Seattle fishermen, leaving the Canadian fishermen out in the cold.

This is what J. P. Todd says in an interview in the Seattle Daily Times:

**"Under the reciprocity bill fish are admitted free of duty. If this measure carries, the halibut fleet that makes Seattle its headquarters will move to Prince Rupert as soon as the Grand Trunk Pacific is completed to the Coast."**  
**"The loss to Seattle will be whatever money or business 6,000 fishermen involve."**

What money and business do six thousand fishermen involve? In the first place there are the wives and families of the married fishermen. Six thousand fishermen will have at least six thousand dependents; probably twice that amount.

Six thousand fishermen will need between them several thousand homes. Those homes will have to be built by Prince Rupert carpenters. They will have to be built on lots at present held by lot owners in this city.

Six thousand fishermen and their families will need food, they will need clothes, they will bring abundant wants with them, all of which the merchants of Prince Rupert will have to satisfy.

Six thousand fishermen will need boats and repairs. The trade of a fleet of six thousand fishermen in Prince Rupert will keep a shipyard and several engine works busy.

J. P. Todd "the best posted man on fishing matters in the Northwest" states that if reciprocity carries six thousand fishermen and all the money and business involved with them will move from Seattle to Prince Rupert.

Every voter in Prince Rupert without regard to the usual considerations of party should vote for the reciprocity candidate when the time comes.

Six thousand fishermen with all the money and business they involve is just what Prince Rupert needs.

## ON MAIDEN VOYAGE HERE

**Steel Steamer "Hans B." is a New Boat Finely Fitted—There was a Birth on Board to Mascot the Trip.**

The S.S. Hans B. which arrived here Sunday night, left Sydney on May 31st coming here by way of Cape Horn and her master, Captain Christiansen, says she had a splendid trip. Incidentally this is her maiden voyage. She is a Norwegian boat built in Great Britain and is an up to date cargo boat in every way.

Dr. Tremayne, as quarantine officer for this port went out to

the steamer as soon as she entered the harbor and found everything aboard O. K. There had been, however, one birth on the voyage in the shape of one ewe lamb which made her debut when the vessel was several days out from Sydney.

The Hans B. carries thirty-three of a crew. She is unloading her cargo near the Foley, Welch & Stewart dock.

### 100 Went South

About one hundred passengers went south on the S.S. Prince George yesterday, sixty-three of whom were first class. Premier McBride's party returned to Victoria after a very interesting visit to here and Stewart.

## LAND PURCHASE NOTICE

**Skeena Land District—District of Queen Charlotte Islands**  
 Take notice that Austin M. Brown of Prince Rupert, occupation saddler, intends to apply to the Chief Commissioner of Lands and Works for a licence to prospect for coal, oil and petroleum on and under the following described lands on the West Coast of Graham Island:  
 Commencing at a post planted three miles east of the southeast corner of C. L. No. 4475 thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Pub. April 15.

= THE COSY CORNER =
DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN
This is a little section of the paper, which from day to day will be devoted
to subjects of special interest to women. Any and all of the ladies of Prince Rupert
are invited to contribute to its columns, and to take part in its discussions. Sug-
gestions and criticisms are invited by the editor. The hope is expressed that "The
Cosy Corner" will fill a social need.

SMART AFTERNOON DRESS
Delicately Designed in Embroidered Veiling
Embroidered veiling in a deep
tablier falls over the latest gown
of soft white chiffon, which is
adorned with a band of flowered
chiffon in one of the new pom-
padour patterns. A border formed
by a serpentine adjustment of
fringe finishes the skirt. On the
waist the veiling is adjusted over
the shoulder at one side and to
give a bib effect in the front.
Flowered chiffon over silk forms
the foundation of the bodice.
The veiling is cut long to form a
train in the back, and a sash is
adjusted about the high waist
and falls in long ends almost to
the ground.
Picture hats come in with gowns
of floral fabrics. Some are of
fine straw adorned with plumes.
The floral toque may be the piece
of millinery chosen to wear with
the new gowns because there seems
a strong prejudice against the
revival of large hats, but it is
probable a moderate hat will be
brought out which is heaped with
flowers and has streamers from
each side which fall over the
brim and tie in a flat bow at the
nape of the neck, with ends toward
the waist.

Many overskirts come within
a few inches of the bottom of
the skirt and are edged with a trim-
ming which does not catch in the
skirt, but merely gives a finish
to the tunic.

The touch of red so dominant
in the winter's fashions has spread
to the artificial flower, and the
deep tone of the old fashioned
fuschia now adds warmth to a
corsage bouquet of violets.

LADIES OF COLOR
POSE AS NUNS
Ingenious Idea Put in Practice
by Unprincipled Coons
In the garb of Sisters of Charity,
two negro women caused a deal
of attention recently in the street
cars at Denver. Posing as nuns,
they secured free rides on nearly
every line in the city. But their
ruse has been discovered, and in-
vestigation has proven them to be
imposters. As has always been the
custom of the tramway company,
fares are never requested from the
Sisters of Charity, but when re-
ports were taken to headquarters,
and an investigation was made, it
was found that there were no
negro nuns in the city.

THREE LITTLE COFFINS
Moosejaw Man's Home Made
Desolate by Drowning
(Canadian Press Despatch)
Moosejaw, Aug. 21.—While Fred
Staples was away his three small
children wandered into a pond
near by. All three were drowned.

THE BATHING GIRL TELLS HOW
SHE GROWS HAPPIER AND BETTER
EVERY DAY
I keep my skin in perfect
condition, and have found it affect
my whole health and vitality.
Every morning I get a tepid
bath, and sponge myself all over
with perfectly cold water. I squeeze
the water down my spine, and
this, I find, has a tonic effect upon
my nervous system and general
health.
The absolutely cold bath never
agreed with me, as I did not like
the shock and could not get
sufficient reaction afterwards. So
I began by standing in warm water
and sponging myself with tepid
water, which I gradually made
colder and colder, until I could
quite comfortably enjoy a cold
sponge.
After a week or two I ceased
to be troubled with perpetual
colds, which I had always suffered
from, and begun to sleep better
also.

I found that my constant slight
headache became much less com-
mon, and that I gradually improved
in health all round.
The daily sponge and cold water
applications to the spine seemed
to keep me fit as nothing else had
done, and in hot weather espe-
cially I found the treatment
made me almost immune from heat
fag and depression.

So I keep up my tepid bath and
cold sponge. It is a very simple
measure, and I am sponge. It
is a very simple measure, and I
am sure it has kept me fit since
I started it.

Handkerchiefs of the finest linen
are edged with black chantilly
lace.

SENSATIONAL
SOCIETY TRIAL
Beattie Murder Case Looks Like
Being Another Harry Thaw
Trial for Newspapers Over
the Line.
(Canadian Press Despatch)
Chesterfield, West Virginia, Aug.
21.—The trial of Henry Clay
Beattie indicted for the murder
of his wife while driving out in an
auto, both being members of wealthy
families of the state, opened
despite the fact that it was thought
there would be another adjourn-
ment. The murder was com-
mitted a month ago. Beulah
Binford, a young girl the mistress
of Beattie is held in jail as a
material witness and Paul Beattie,
the prisoner's brother, alleged to
have bought the gun used is also
in custody. The court was crowded
with special writers from papers
all over the states.

FIVE THOUSAND DUMMIES
Preposterously Padded Petition
Prepared in Seattle
(Canadian Press Despatch)
Seattle, Aug. 21.—It is doubtful
if a recall election will take place
here as on investigation only six
thousand of eleven thousand sig-
natures asking for action against
Mayor Dilling were found to be
bona-fide.

CHICAGO MEET DECLARED UN-
PROFITABLE BY PROMOTERS
(Canadian Press Despatch)
Chicago, Aug. 21.—The pro-
moters of the aviation meet which
ended on Saturday declared they
lost fifty thousand dollars despite
the fact that three million people
witnessed the flights.

INLANDER LEFT YESTERDAY
Yesterday morning the S.S. In-
lander, left for Hazelton with
several passengers and a lot of
freight. Among those who were
aboard was Mr. C. L. Monroe,
secretary-treasurer of the Skeena
Transportation Company who is
going on a holiday trip up river.
He will be back in about ten days'
time.

ADVERTISE CITY BY POSTCARD
Every berth of the S.S. City of
Seattle was filled on Saturday when
she came in here from the south.
Crowds of tourists looked over the
city and bought innumerable post-
cards to send to friends.

ITEMS OF SPORT
Sam McVey has challenged Sam
Langford to box for \$5,000 a side,
the bout to take place in London.

Digger Stanley, England's cham-
pion bantam, has changed his mind
about coming to America next
month to meet Johnny Coulon.

Pat Powers, the New York
promoter, has declared against
no-decision bouts. Pat wants a
referee to give a decision after
every tangle.

Dan McKittrick, manager of
Willie Lewis, announces that Lewis
is the welterweight champion. Too
bad about Mac, but he will be
himself again in a day or two.

The acquisition of Emil Fisk
from Spokane and Catcher Bradley
from Portland, the release of Jimmy
Adams shows that Bob Brown of
Vancouver, is preparing his line-up
for next season.

Tampa, Fla., Aug. 20.—Positive
announcement was made today by
the track owners at Tampa, Pen-
sacola, and Jacksonville that these
tracks will remain closed this
winter. This ends racing in the
far South.

San Francisco, Aug. 20.—Jack
Britton, the Chicago lightweight,
is the latest possibility for the fight
promoters here. Britton some
months ago went eight rounds with
Packy McFarland to a draw. Now
he is in San Francisco looking for
a bout.

Marty O'Toole, the \$22,500
pitcher, has been beaten three
times since Pittsburg paid the
record price for him. The Pirates
paid the price too. Reproductions
of photographs of the check for
\$22,500 have been going the rounds
of the sporting pages.

MONTREAL, AUGUST 19.—Frank
Patrick, who is here signing hockey
players for the new Coast League,
has closed with Harry Hyland, the
former Wanderer star, and is now
dickering with Small and Jimmy
Gardiner. He has left for Ottawa
to attempt to get some of the
Capital stars to sign up. He said
that among the players to be
seen in the new Western league
would be Skinner, Poulin, Joe Hall
and Tom Phillips.

TORONTO, ONT., AUG. 18.—(Long
Branch Rifle Ranges).—Some re-
markable shooting was done at
the opening of the Ontario Rifle
Association meet. Captain Selater
of the Sixth D. C. O. R., Van-
couver, missed the bullseye only
in one shot all through the day, and
his record stands at 138 points
out of a possible 140. He was one
of the eleven to make possibles
in the Coronation match; he made
a possible with three bulls added
in the 200-yard extra series, and
got a possible in the City of
Toronto match at 500 yards, and
made six bulls out of seven in the
same match at 600 yards.

## IT WASN'T SACRILEGE

"It is sacrilege, sir," the crew of the Inlander didn't say these words with their mouths, but literally speaking, they did with their eyes, when Captain Bonser gave orders to attach the cable to a big Totem pole in the Indian village of Kitsenklá so that the boat could be pulled through the rapids, on her last trip up river. There was no tree or anything else in sight strong enough on which to fasten the cable.

The crew hesitated before obeying the orders from the bridge. "Tie up to the Totem pole, it will be all right!" shouted the captain.

With visions of a war dance in the offing the cable was fastened to the genealogical tree. The steel girde fitted about the waist line of one of the most famous of the tribe at Kitsenklá; a forefather who it is claimed scalped fifteen white women in one day and made a rope with their hair to hang fifteen white men on the next day. His picture hangs in one of the historic homes of old fashioned Victoria.

Slowly the Inlander crawled up the river and when she got up to the village the Indians were holding a conference. Some of the fearsome aboard talked of another rebellion. An old bent Indian was walking round and round, muttering something unintelligible to himself. Captain Bonser went ashore first. Walking up to the old muttering fellow he hollered: "Hello, grandpa, how are you?" Out shot the old man's hand in welcome to the captain. Then gurgling in delight he hurried to tell the rest of the tribe that their old friend Captain Bonser had dropped in to see them. It was several years since he had called. They killed the fatted calf and said: "This is our old friend who came to us twenty years ago, we thought he was lost, but he is found."

Later the Inlander was given a great send off and the captain was told any time he wants to use the forefather's waist to pull his boat up stream, well, to just go ahead and use it.

## FELL ON BRIDGE UNCONSCIOUS

**Captain of Hans B., the Big Steel Boat Victim of Malarial Fever—Now Resting in Central Hotel.**

Just as the Hans B., the big steamer from Sydney, C. B., with 6,800 tons of steel for the G. T. P., was docking at the wharf yesterday, the master, Captain Christiansen, fell over on the bridge unconscious, a victim of the after effects of malarial fever and agitated by the long watches on the three months' voyage.

In falling the captain cut his head on some of the brass work around the bridge. He was hurried to the Central Hotel and there he is now resting quietly. Dr. Tremayne, who is in attendance, says the captain will be well again in a few days' time.

It is learned that Captain Christiansen has had malarial fever on three or four occasions when in tropical countries.

Under the supervision of Captain Kennedy of the Pacific Coast Stevedoring and Contracting Company the cargo is being unloaded.

## HATES TO PAY FINE

**Contractor Tom Mazlum Asks Extension**

Contractor Tom Mazlum has appealed against the infliction upon him of the \$25 per day fine for non completion of his grading contract. He claims delays were caused by the city engineering department over grade changes, etc., and pleads that a serious accident killing one of his men also delayed him. Referred to public works department.

## New Feed Stable

The Pony Express Company have extended their business to include a full line of feed. They jhandle everything including oats, hay, wheat, linseed meal, bran, shorts, crushed oats, cracked corn, chicken feed, rolled oats, pastry flour, garden seeds of all kinds.

It will pay you to give them a trial, they promise prompt delivery. Prices are right. Call up the Pony Express, phone 41 or 301.

## DID THE BUSINESS

**Frank Ellis is a Top Notcher Auctioneer**

For fully eight hours on Saturday Mr. Frank Ellis walked up and down an improvised rostrum in C. B. Shreiber's store and sold practically all the remaining stock of clothing, boots, shoes, etc., by public auction. The stock was sold absolutely without reserve and some great bargains went under the little hammer.

Mr. Ellis was courteous to everybody and by sprinkling a little humor occasionally kept the crowd in good spirits. He is an experienced auctioneer and proved it on Saturday.

## GOING AHEAD

**Tsimpsean Company are Har-vesting Their Waterpower**

Mr. R. Brutinel, general manager of the Tsimpsean Light and Power Company, arrived here yesterday on the Princess May. He left later with Mr. Clark Durant, the company's electrical engineer, for Khatada Falls up the Skeena River, to look over the work on the watersheds there, which is already in progress. Ten men are getting things in shape and many more will be put on immediately.

## Glad You Liked Rupert

After expressing themselves as being pleased with their visit here and prophesying great things for Prince Rupert, the Railway Commissioners left yesterday afternoon on the S.S. Princess May for Skagway, from where they will go to Whitehorse, where they will hold a sitting.

## Togo Will Drink It

When in Vancouver Admiral Togo will likely drink Ridgway's tea and coffee because it is the best. You can get Ridgway's tea and coffee at the Ideal Provision House, Third avenue, phone 190. We'll have a shipment of fresh fruit tomorrow.

## Brought Lumber

The S.S. Prince John arrived from Queen Charlotte Islands this morning with 50,000 feet of lumber for this city. She leaves at noon tomorrow for the Islands.

## PLEASED WITH SCENIC BEAUTY

**Made Trip to Stewart on S.S. Prince George—Weather was Beautiful—Hundreds of Pictures Taken.**

Click, click, click, then more clicks and every click meant another picture taken of the beautiful scenery along the route between here and Stewart. Every turn rounded along the rugged coast line opened up a more wonderful piece of scenic grandeur to the large number of tourists on the G. T. P. S.S. Prince George. Such scenery made them marvel and hasten to get pictures of it.

Being such a beautiful day the scenery along the Portland Canal was never seen to better advantage. Changing hues, soft shadows, the sun irradiating on a hundred odd snow capped hills made a tableau of incomparable beauty.

Among those who enjoyed the trip were W. Molson MacPherson of Montreal, president of Molson's Bank, J. P. Graves, president of the Granby Mining Company; Mr. James of the Tyee Mining Company, Premier McBride's mother, sisters and daughters; Mr. A. E. McMaster and wife, and others.

Next Sunday is the last week end trip of the season the Prince George will make.

## Grade Changes O. K.'d

Various changes of grade recommended by Colonel Davis for some of the important avenues and streets of Prince Rupert have been approved by the Lieutenant-Governor and Council, and the work already done and in progress has been sanctioned. Colonel Davis has been notified to this effect by letter read at the council last night.

## It's Good to See It Thus

Never did the G. T. P. wharf present a more active scene than at present. Three boats of lumber are being unloaded in addition to nearly seven thousand tons of steel rails and the freight brought in by the regular boats that call here and the longshoremen are kept busy.

Mr. George Leek, real estate agent and insurance agent, has opened a temporary office on Sixth street, corner of Third avenue next to C. D. Newton's office.

**GOOD PRINTING**  
Is a Persistent "Influence" Exerted in Your Behalf!  
Every bit of printing that goes out to serve you makes "Some Kind of an Impression." Poor printing will leave a poor impression of its user as surely as would poor clothes, or poor store or shop or office. "Good" printing will leave upon every mind an impression wholly favorable of its user. Even if but one in a thousand of these "Impressions" really tips the scales for business, for orders, for you "Good Printing" will have thus paid for itself!
