Thousand Men Are Already on Creeks in That Area

The Atlin district is having this year the best season it has had for several years due to increased interest in gold mining.

People to the south are greatly interested in gold properties and many are being opened up this season in the Atlin district, both new ones and those that have not been operated for some time.

It is estimated that there are already approximately 1000 people on the creeks in the Atlin area now.

HIS DEATH IS SUDDEN

David Smith, Well Known Local Barber, Succumbs in His Sleep, Evidently Victim of Heart Failure

David Smith, well known local barber, passed away suddenly early Sunday morning in his bed at the Pioneer Rooms on Third Avenue East. His body was found about 4 o'clock yesterday afternoon by Alexander Gooch, proprietor of the rooms, who, when Mr. Smith had failed to put in an appearance all day, entered his room to investigate. Death is believed to have been due to natural causes, possibly a heart attack, as deceased, before retiring Saturday night, had complained of pain about the region of the heart which he believed to be indigestion. An inquiry is being held this afternoon.

The late Mr. Smith, who had followed the barbering trade here for several years, first as proprietor of the Empire Baths on Third Avenue and more recently at the Fleet shop on the waterfront, was born at Brechin, County Forfar, Scotland, October 25, 1880. He is survived by a widow and daughter, Miss Peggy Smith, who left recently for Vancouver. Mrs. Smith will be here on Wednesday for the funeral. Other relatives reside in the Old Country including a brother, who was formerly here, and a sister. Funeral arrangements are in the hands of the B. C. Undertakers.

Eight Hundred Thousand Persons Receive Relief in Arid U.S. Mid-West Areas

Crop Loss is Estimated at Hundreds of Millions—Thousands of Cattle Being Slaughtered and Canned As Food For Needy

KANSAS CITY, Aug. 6: (CP)—Approximately 800,000 persons are on relief rolls in the drought-blighted western half of the United States, official records show. Unofficial estimates place the crop loss in the hundreds of millions of dollars. Barren pastures and shortage of water have forced the sale of thousands of head of cattle to the government to be canned for distribution to the needy. Forecasts give no signs of a break in the drought.

TRIBUTE OF CHANCELLOR

Hitler Pledges Himself For Peace And Freedom of Germany—France Mourns For Von Hindenburg

BERLIN, Aug. 6: (CP)—Addressing the Reichstag today, Chancellor Adolph Hitler paid tribute to the late President Paul von Hindenburg and pledged himself for freedom and peace in Germany. The address throughout was on a non-political nature.

Reports are current here that the day before President von Hindenburg died last week Hitler was in consultation with leaders of the Reichswehr and that it was agreed that he (Hitler) should become President and assume control of the Reichswehr providing he guaranteed that leaders of the military arm should have a voice in matters of foreign and military policy.

WILL HE GET IT?

Evidently there is a strong opinion in the south that Premier Pattullo will get some money for his work and wages scheme. He is a persistent man, our member, and, if he does not get what he is after, it will not be for want of trying. If he can't get the money from the federal government he will possibly save it from the loan conversion scheme which he is planning if conditions are right later in the year. At any rate, he is not sitting down on the job. He seems to have more than one string to his bow and he has not yet even changed the first one.

MINING ACTIVITY

Mention has been made on several occasions of the activity in mining in this north district. From every direction comes word of work proceeding or about to start in developing new mines or shipping ore from old ones.

The activity is not by any means confined to one district. Hudson Bay Mountain is being pierced at various points by miners finding ore. Porcher and Princess Royal and Queen Charlotte Islands all show some activity. Atlin is busier than for years and, as for Portland Canal, it is very much in the limelight.

Prince Rupert is right in the centre of these various mining districts and some day will have a modern smelting plant to handle the output of the smaller mines that find it difficult to ship to the south.

Women In The Next War

Women will do more than hospital work and tending the home fires in the next war, as these two pictures illustrate. In the upper one we see modern Greek Amazons taking an active interest in the practice of battle tactics. They are members of one of the numerous patriotic organizations in Greece. The lower picture shows the newly organized medical detachment of the women's air reserve as they are put through first practice beside their ambulance aeroplane under the direction of Lieut. Emma Kittridge, standing.

Bedaux Plans to Take Northern B. C. Display to Paris

A permanent display in Paris of the most complete collection of British Columbia game in existence is planned by Charles E. Bedaux, French sportsman and explorer, who, with an expedition, is crossing the Rocky Mountains by tractor this summer.

M. Bedaux hopes to collect and have mounted one specimen of each type of game in the province. These will be placed on permanent exhibition in the Citroen Museum in the French capital.

Moose, caribou, sheep and goat groups will be displayed in their natural surroundings. Photographs will be taken during the trip to be used in the working out of the backgrounds so that the mounted groups will blend into scenic arrangements identical with the country where the game lived.

Fifty-thousand feet of moving picture film of northern British Columbia will be taken.

Capt. W. P. Armour sailed on the Prince George Saturday night for Vancouver whence he will proceed to Rochester, Minn., to be with Mrs. Armour who is to receive treatment at the Mayo Clinic. Mrs. Armour left several weeks ago to visit with relatives near Drumheller, Alta.

WHAT THE PREMIER SAID

Editor, Daily News:—
May I trespass on your space to bring home to the people of this part of the country how sadly the Dominion Premier has fallen since the last election? At that time, to be exact, on June 12, 1930, at his home town of Calgary he said:

"I am convinced that unemployment has now ceased to be local and provincial and has become national in its importance. This is a new country and there is no excuse for unemployment if a government does its duty. I will not permit this country with my voice or vote ever to become committed to the dole system. I will not permit those to share in any benefits that may accrue unless they are willing to work and my duty is to provide them with work to do. There are great national works that may be undertaken in times of stress and strain. They will be taken and I promise that Parliament shall formulate a definite plan of permanent relief and that Parliament shall deal with this national problem and provide amelioration in order that next winter the Canadian people may not be facing the crisis that is upon us without having a remedy on hand."

Evidently Premier Pattullo has been urging Premier Bennett to keep his word, to carry out his pledges and provide the promised remedy.

Thanking you for your space, Sir,
I am,

ONE OF THE DISILLUSIONED.

Miss Jean Harrison R.N., lady superintendent of the Prince Rupert General Hospital, left at the end of the week for Winnipeg where she will spend a month's vacation visiting with a sister.

TERRACE

It is understood that the Girl Guides are coming from Prince Rupert soon for their annual camp at Lakelse Lake under the supervision of Mrs. C. J. Norrington.

On Saturday week a dance was held at Usk in celebration of the wedding recently of S. Varner and Miss Durham. A large company was present. Pieces of the wedding cake were handed around and an air of gaiety pervaded the evening.

J. Colliver had an alarming accident at Lakelse Lake when his sail boat capsized in a squall. The skipper was imprisoned beneath the sail for a time but he was rescued.

Two boys also met with a mishap with their canoe at Lakelse. Raymond Loen's boat capsized and his friend Harry Atree swam out to his rescue.

During the week the weather has been cool and showery. The following figures are from the July meteorological report of the local observer: Temperature, maximum, 97; minimum, 42; average, 63; precipitation, 2 inches.

British Navy Helps Jack Hulbert Make Picture

Jack Hulbert, popular British comedian, is back again at the Capitol Theatre here the first of this week in "Jack Ahoy!" The glamorous background of the sea and the magnificent spectacle of the British Navy in action are combined with a good story. Hulbert has his own ideas of how a member of His Majesty's fleet ought to conduct himself, but when he attempts making love to the Admiral's daughter something happens. Jack rescues the admiral and his daughter single-handed from the clutches of blood-thirsty Chinese pirates. The pirates give chase. Jack takes refuge in a submarine that is anchored nearby and after manipulating the various levers is finally able to get away. Eventually Jack brings all to safety and is signally honored by the commander of the fleet amid the cheers of his fellow sailors.

Jack has every opportunity of singing and dancing in his inimitable way. The sailor's hornpipe is a treat and the new song hit "My Hat's on the Side of My Head," is also put over in good style. Nancy O'Neil and Tamara Desni are the principal feminine members of the cast and their loveliness adds greatly to the appeal of the film.
