DOUG FRIZZELL TAKES ANNUAL NEW YEAR DAY PLUNGE DESPITE COLD

The cold snap did not deter Doug Frizzell from having his annual New Year's Day swim in the harbor yesterday although he did not tarry long in the water which registered 34 above. It was a case of in and out in short order for it was the coldest of many New Year's Days on which Doug has essayed the plunge. He went in at 4:30 p.m. from the Prince Rupert Rowing & Yacht Club floats.

LOS ANGELES, Jan. 2; (CP)—Thirty persons were known to be dead, nineteen were missing, hundreds injured and millions of dollars property damage done at the turn of the New Year this week as a result of the most devastating floods Southern California has experienced in many years following rainfall of deluge proportions, no less than twelve inches of rain or more having fallen in the foothills section around Los Angeles within twenty-four hours ending 10 o'clock Monday morning.

Relief operations have been instituted among thousands who have been rendered homeless by the mighty flow of water flooding lowlands and valleys and in the relieving of distress generally.

COLDEST IN FIVE YEARS

Thermometer Descends to Eight Above at Digby Island—Frigidity is General

The coldest weather in Prince Rupert in five years was recorded at 6 o'clock Sunday morning when the official meteorological thermometer at Digby Island descended to eight above zero which was the lowest mark during the New Year's week-end cold snap. The last occasion on which it was so cold was January 28, 1929 when the thermometer descended to eight above zero. On New Year's Day it was milder with cloudy skies and a light fall of fine snow. It was raining today with decidedly warmer temperature.

The cold wave in Northern British Columbia and the Yukon continued over the week-end, the coldest point, according to the Government Telegraphs, being Fort Selkirk, Yukon, which recorded 78 degrees below zero.

From all parts of the country came reports of continuation of the cold wave at the week-end. Boston at Saturday had its coldest day in 16 years while in New York it was colder than it had been for 13 years.

Milder In Interior

A distinct amelioration of weather conditions in the interior was indicated by the daily weather reports of the Government Telegraphs today, Burns Lake being the only point to show a sub-zero reading. The report was as follows: Terrace—Snowing, strong north wind, 4 above. Aiyansh—Light snow, calm, 2 below. Anyox—Light snow, calm, 10 above. Stewart—Dry snow, calm, 8 above. Hazelton—Snowing, calm. Smithers—Cloudy, east wind, cold. Burns Lake—East wind, 15 below.

Buildings Damaged By Fire on Sunday

Loss of \$300 Occasioned By Flames at Corner of First Avenue and Eighth Street

Damage of some \$300, occasioned by insurance, was done by a fire at 2:15 noon Sunday in the walls between the Commercial Hotel and a dwelling owned by D. Zarelli and occupied by Peter Wingham at the corner of First Avenue and Eighth Street. A frozen water pipe was being thawed in the latter building, the frame construction between the walls catching fire. The fire department was called and soon had the flames extinguished but not before some damage was done.

Premier Pattullo Is Accorded Reception By His Constituents

Prime Minister of British Columbia Hopeful of Success at Ottawa Conference—Addresses Informal Welcome Gathering on Arrival From Victoria

Reiterating the intention of the new provincial government to embark upon an extensive "work and wages" program providing the necessary financing can be arranged as a result of the forthcoming Dominion-provincial conference at Ottawa, Premier T. D. Pattullo, speaking before a gathering of local citizens in the smoking room of the steamer Catala Sunday evening

following his arrival from Victoria enroute to Ottawa, announced that the provincial public works department had already laid out a program of work for the province which included continuation of the Skeena River Highway. Mr. Pattullo intimated, however, that he wished to receive advice while here as to whether or not local people considered the present course being followed on the road construction the most advantageous. As far as he was personally concerned, he said, he believed a route via the canneries to be the best and had advocated this in the past.

The Premier stated that it had never been contended that a large program of "work and wages" would entirely meet the existing situation of unemployment and economic ills but he most certainly was of the opinion that it would help a great deal in remedying matters, particularly if useful work were carried out as it was intended to do.

Mr. Pattullo stated that he was very hopeful of beneficial results from the forthcoming conference in Ottawa. The government of British Columbia intended to urge the use of the national credit in undertakings to bring about an improvement in the economic situation. The Premier said that he wished to give Premier Bennett credit for having shown every possible consideration for British Columbia's convenience in connection with the inter-governmental conference which had now been set to open January 17.

Premier Pattullo declared that there was no question of the fact that "we are coming to a new state of affairs." He referred to the new and great change that was being brought about by President Roosevelt's program in the United States. "Possibly many of us do not realize the importance of these changes," Mr. Pattullo said. "The Roosevelt program could not be a failure, the British Columbia Premier predicted. Already there were many evidences of returning prosperity both in the United States and Canada.

"Let me say that I am fully appreciative of the debt of gratitude I owe the people of Prince Rupert for their loyalty and their support of the past seventeen years," said the Premier. "Without your help I would not have been able to accomplish what little I may have done or to have achieved such position or measure of authority as may have fallen into my hands. This government wants the sympathetic support of all the people and I think that I can tell you that we are getting it in other parts of the province. Let me assure you that I will do in the future, as I have always striven to do in the past, all I can

for the city of Prince Rupert, my home riding."

Congratulations Extended

There were about fifty representative citizens present at the reception to Mr. Pattullo which took place aboard the steamer. Many had left other New Year's Eve activities to join in the welcome to the Premier whose first visit it was here since the recent election and his elevation to the Premiership.

T. H. Johnson, president of the Prince Rupert Chamber of Commerce, presided and, in brief but appropriate remarks, congratulated Mr. Pattullo upon having become Premier and assured him of the continued loyalty of the people of Prince Rupert. It was the first time that a northern man had become Premier of this province and Prince Rupert was proud that its member should be chosen for such honor and responsibility. Local people were confident that Mr. Pattullo would carry on the high office with dignity and effectiveness and that he would take care of the interests of this riding to the best of his ability with due regard to the claims of the other parts of the province.

S. E. Parker stated that a brief memorandum had been prepared by a special committee of the Prince Rupert Chamber of Commerce centering upon the desirability of resumption of activity on the construction of the Skeena River Highway. In view, however, of the Premier's indisposition it had been decided, instead of presenting the memorandum at this time, to take it up by appointment at any time which would suit Mr. Pattullo's convenience. Mr. Parker reiterated the remarks of welcome and congratulation which had been voiced by Mr. Johnson.

Premier Pattullo stated that it was his wish while here to meet representatives of the local unemployed as he understood they had matters they wished to take up. Mr. Johnson offered to make arrangements for representatives of the unemployed to meet the Premier.

Before the gathering dispersed, three hearty cheers and a tiger were given for Mr. Pattullo.
