CANADA WINNER OF KOLAPORE CUP AT BISLEY SHOOTING

BISLEY, Eng., July 20: (CP)—Canada today won the Kolapore Challenge Cup, making a clean sweep in two great team events, having won the MacKinnon Cup yesterday.

Governor of California Declines to Have National Guardsmen Removed Until All Danger is Over—Washington Issues Authority For Deportation of All Foreign Agitators

CLASH AT SEATTLE

SEATTLE, July 20: (CP)—Seattle police, using long range tear gas bombs, routed longshore pickets from Piers 40 and 41 where a number of ships were loading and discharging today. Police and rioters came to grips but gas fumes won the battle. A score or more of police were given emergency treatment for gas and several went to hospital. There was no estimate of the casualties among the strikers. As a result of disagreement over the handling of the situation, Mayor Smith "fired" Chief of Police Smith and took active charge himself.

SAN FRANCISCO, July 20: (CP)—The industrial tie-up which has been paralyzing Pacific Coast ports of the United States with increasing intensity since the longshoremen's strike commenced a couple of months ago moved further towards dissolution yesterday afternoon when the general strike committee at a conference voted 191 to 174 to immediately call off the sympathetic strikes. The longshoremen's strike, however, remains unchanged although the general expectation is now that a settlement will probably be speedily reached through arbitration under direction of General Hugh S. Johnson, N. R. A. administrator.

While California ports had another quiet day yesterday in view of prospects of an early settlement of the whole strike situation, Governor Merriam, in a statement from Sacramento, announced that he would not call for the withdrawal of National Guards from San Francisco until he was completely satisfied that all danger of anything in the way of strike demonstrations or disorders had been removed.

With the exception of the longshoremen's walk-out, the strike situation in the trans-Bay area was almost normal today. Union labor in Oakland and San Francisco called off the general strike and more than eight thousand men returned to work.

At Portland, however, threat of a general strike was made if Governor Meier orders the National Guard mobilized into the Portland waterfront district.

Deport Agitators

WASHINGTON, D.C., July 20:—The Department of Justice yesterday transmitted authority to the state authorities of California, Oregon and Washington to place under arrest with a view to deportation all Communists and agitators who are not American citizens. It was reported here that 900 men of Communist tendencies had already been rounded up in San Francisco for deportation.

Berlin Subdued As Nazi Terror Stalks Streets

The streets of Berlin swarmed in a fearsome quiet, are shown in this remarkable radio photo of the vicinity of Potsdamer Platz. Two policemen, their rifles slung over their shoulders, patrol the district where the shadow of Nazi terror has subdued the usual workaday activities. Hermann Goering St., named after Chancellor Hitler's "strong man", stretches a way to the right.

Dr. Fred Kergin Was Pleased With Russia and Liked the People, He Tells Rotary Club in Address

Two years ago Dr. Fred G. Kergin made a trip through a part of Russia and yesterday, in an address to the Rotary Club at its luncheon, he told of his impressions. He went there prejudiced against the country but he found that he rather liked it. The Russian people were struggling against great difficulties, the greatest being their own inability to stick to a task and carry it to completion. They were, however, ready to make great sacrifices for the cause and great credit was due them for the progress they had made. If they failed it would be because the peasants could not carry out the sacrifices required of them. On the whole they were nice people.

It was clear from what he saw that a large proportion of the people had military training and that preparations for war were proceeding. From conversations with many people he found that they were taught that the whole world was against them and that the country most to be feared was England. They had an idea, at that time, that there would be a titanic struggle between their country and the rest of the world and the chief enemy would be England.

Dr. Kergin told of the trip through the country commencing with Leningrad, which in the distance looked like fairyland but on closer inspection proved to be very much run down and neglected. After spending a few days there, during which he inspected one of the finest picture galleries in the world, he, with a group of thirteen others, went on to Moscow. They travelled "hard" which meant in cars which were not upholstered. They were cleaner than the others. All baggage had to be watched or it would be stolen. Night and day one of the party was on watch throughout the whole trip.

Moscow, the old capital, had narrow streets and was something of an Oriental city. The feature of the place was the Kremlin which was visited under strong guard. The speaker was much pleased with the parks of culture and rest where the common people enjoyed themselves. They went on to Nijni-Novgorod, formerly the city with great markets, now closed. Down the river they travelled in a boat, the native people travelling below decks in unbelievable filth. They passed on to Stellingrad and many other cities and towns and finally emerged into the Ukraine where they visited one of the large state farms.

There the speaker met a man named McDougall who formerly lived at Prince George but who was now an enthusiastic idealist who considered that in spite of the difficulties their work was worth doing. Speaking of religion, Dr. Kergin said religious worship was not abolished but made difficult. No food allowance was provided for priests. He attended a number of church services and never had seen such blind superstition and childlike faith. The congregational singing in the churches was marvellous. He considered the anti-God museums which the state had made from some of the churches as rather childish. In one he saw a factory for the manufacture of relics of the saints from beef bones. Dr. Kergin's address proved very interesting and he was thanked at the close by President J. J. Little.

YANKS DOWN TWO GAMES

New Yorkers Win Over White Sox While Tigers and Athletics Are Rainbound

CHICAGO, July 20: (CP)—New York Yankees defeated the lowly White Sox here yesterday to reduce to two full games the American League leadership of the Detroit Tigers whose game with the Philadelphia Athletics at Detroit was rained out.

The Washington Senators continued their tumble towards the cellar by losing a close verdict to the St. Louis Browns below whom they dropped into sixth place.

In the National League, the three leading teams—New York Giants, Chicago Cubs and St. Louis Cardinals—all won games over Cincinnati Reds, Phillies and Boston Braves respectively. The fourth victory of the day in the senior circuit was won by the Brooklyn Dodgers over the Pittsburgh Pirates at Ebbetts Field, the Dodgers, as a result, moving into a tie with the Phillies for sixth place.

Yesterday's Big League scores: American League New York 4, Chicago 3. Washington 7, St. Louis 8. Boston 5, Cleveland 6. National League Cincinnati 0, New York 4. Pittsburg 2, Brooklyn 4. Chicago 2, Philadelphia 1. St. Louis 3, Boston 2.

TRUMPETER SWANS ARRIVE EARLY AT TLELL THIS YEAR

TLELL, July 20:—Two trumpeter swans arrived at Tlell a few days ago and seem to have settled quite comfortably on the Tlell River. In previous years these swans have not been seen until November and they go north some times in March. Their early arrival this year has caused residents to wonder if this is a sign of an early winter.

GOT RELIEF FRAUDULENTLY

Divisional headquarters of the provincial police here have been advised that James Edgar Allen has been sentenced by Judge H. A. Robertson at Prince George to one month's imprisonment on each of two counts, the terms to run concurrently, for obtaining relief by false pretences. Allen at first elected for jury trial but later decided to take a speedy hearing.

BIG BEARS ON ISLANDS

Bruin Invaders Prove Nuisance Around Allison Logging Camp At Cumshewa Inlet

SKIDEGATE, July 20:—Huge bears are giving A. P. Allison much trouble at his logging camp at Cumshewa Inlet, making raid after raid on the camp meat house. George Munro said he pumped ten pounds of lead into one bear but it got away. Mr. Allison remarked it was just as well he did for, if it had been shot dead on the spot, it would have taken twenty men half a day to dig a large enough hole to bury it in.

FOURTH TEST MATCH IS ON

England and Australia Meeting In Cricket Play at Leeds, England

LEEDS, Eng., July 20: (CP)—England was dismissed for a first innings score of 200 runs and Australia, commencing the reply, tallied 39 for a loss of three wickets at the close of the first day's play in the fourth cricket test match today.

THE DEPRESSION

The depression which is rapidly passing was particularly hard on the building trades, according to the Royal Bank monthly letter. For every unemployed person in the industries providing food and clothing there are fifteen in the building and subsidiary industries. A similar condition existed in the United States where special government action was taken to try to stimulate the building industries.

The recovery in Britain has been brought about through stimulation of the building industries. This industry is affected more than any other by the mental condition of the people. If a person is feeling happy and prosperous he considers the possibility of building. If he is depressed the last thing he would think about is building.

Dependent on the building trades are the activities of, not only the manufacturers of building material such as lumber, brick, quarried stone, lime, builders' hardware, etc., but also the architects, the real estate brokers, commercial travellers, all of whom have been suffering from the depression. Through the closing of offices the landlords of city buildings have found their places empty and that has thrown janitors out of work, coal merchants have had less to do and all utilities have suffered. Let building get under way and every other industry will immediately be affected by the stimulus.

Good houses are needed and people who already have homes would like to improve them inside and out if they had the money with which to do it. Already there has been quite a movement in that direction compared with two years ago and it will not be long before everyone will be setting the decorators at work and there will not be skilled men enough to handle the work.

THE STATE OF GERMANY

Germany seems to have settled down after the squelching of the rebellion against the present regime by wholesale killings, called by some people murders. At any rate most of those who lost their lives were not given even the semblance of a trial.

While it is true that exceptional times make necessary exceptional methods, it seems a pity that Germany has had to step back a hundred years or more governmentally to the days of absolutism. Evidently Herr Hitler is more firmly in command in that country than ever before and the future will depend to a large extent on the ability and mentality of the leader in the working out of the governmental scheme.

The provincial department of public works is tearing down the garage at Skidegate and will move it to Queen Charlotte City.

Mrs. John R. Morgan of Crescent Inlet has been a guest at the Dunes at Tleil.

The late news broadcast each night of the Vancouver Province is much appreciated by the people of the Queen Charlotte Islands. It gives the people of the Islands a much better opportunity than they have ever had before of keeping in touch with the events of the outside world.

A. R. Mallory, road superintendent, and Alfred Cook, road foreman, are receiving congratulations on the splendid job of rebuilding the long bridge between Queen Charlotte City and Skidegate. Queen Charlotte Islands cedar was used in the work. This timber, it is claimed, will outlast any other variety and the hope is being expressed here that the public works department will see fit to use it in all future bridge and wharf construction on the Islands.

J. Mathers, pioneer farmer and postmaster of Sandspit, paid a recent visit to Skidegate and Queen Charlotte City on business.

Port Simpson

The closing exercises of the Port Simpson Public School were held recently, the trustees and residents taking part. During the evening a campfire picnic was held on the beach by the nursing staff of the Port Simpson Hospital at which Miss Petra Lindland, the teacher, was the guest of honor. The outing terminated by the singing of "Auld Lang Syne," as Miss Lindland is leaving this school this year, terminating a very successful two-year period spent here.

Capt. Angus MacIvor of the Dominion Fisheries Department was in port recently and reports very fair fishing for the Naas at this time of the year.

Miss Nicholson and Miss Staples, of the staff of the Crosby Girl's School, have left Vancouver Island for their vacation.

Miss B. Love of the Port Simpson Hospital staff, returned here after spending a few days in Prince Rupert.

TERRACE

After a long spell of warm sunshine, cool, cloudy weather has prevailed during the past week with welcome showers. The gardens and fields had been suffering for lack of moisture.

Following the recent visit of the provincial Grand Mistress and Prince Rupert party, members of the local Orange Lodge have been active of late. On Sunday last they were on parade to the Anglican Church and on Thursday a successful social evening was spent in their fine new hall. The social took the form of a feast of strawberries.

There is some prospect that Terrace will be visited in the near future by an officer of the Canadian Airways. The local landing field is being spruced up for this event.

The Orange Lodge has completed its new hall on Lakelse Avenue. It is a handsome addition to the village and does the local members credit for building such a fine hall in these times of depression. A piano has been installed and Mrs. Adams is pianist for the lodge.

The Oddfellows' and Rebekah Lodges staged a picnic recently at Kalum Lake. There were sports for the kiddies, boating on the lake and a good time generally. The weather was lovely for the occasion.

Rev. J. E. Birchall has gone to his home in England, having received somewhat serious news concerning his mother's health. During his absence, which is expected to be for several weeks, the church services are being read by church wardens on alternate Sundays.

The ladies of the Anglican Church Auxiliary spent a pleasant time recently picnicking at Braun's Island. Mr. Swain took them there in his commodious Charabane.

Several Terraces have left for the summer vacation. Mr. and Mrs. Young have gone to Vancouver for the school vacation. Three teachers, Miss McGinnis, Miss Patmore and Miss McLean, have also left.

The Board of Trade held their quarterly meeting when E. T. Kenney, M.L.A. for Skeena, described the doings of the recent legislative session. J. Smith spoke interestingly of the Agricultural College at Guelph. There was a full attendance and ice cream and other light refreshments were served.

Members of the Board of Trade paid a visit to Columaric Mine re-

cently, John Wilman, the manager welcomed the visitors and W. H. Burnett, president of the Board of Trade, replied in a cheery spirit. Several parties were conducted over the works which proved of much interest. Before returning to Terrace the visitors were invited into the crew's restaurant, where refreshments were provided.

H. M. Willson and daughter of Terrace are now in charge of Kalum Lake Lodge for the summer season.

Recent fine hot days brought many local people out to pick wild raspberries which are both large and plentiful.

Niece of Dr. H. L. Alexander Attends Girl Scouts' Conference in Switzerland

Margaret Davis, seventeen-year old daughter of Mr. and Mrs. John E. Davis of San Mateo, Cal., and niece of Dr. H. L. Alexander of this city, was named one of three Girl Scouts to represent the United States at a world conference of Girl Scouts in Switzerland this month.

Miss Davis, who was born in British Columbia and whose mother, Dr. Alexander's sister, was born at Fort St. James, was chosen from a list of thirty candidates from the Pacific Coast, Hawaiian Islands and Philippines. The trip is awarded for Girl Scout achievements, school records and on other qualifications. Miss Davis will be accompanied to Switzerland by another girl representing the western district of the United States and one representing the east.

REGIMENT IS WINNER

Defeated Merchants Three to Nil In Final Stuart Shield Game

The Regiment completed the Stuart Shield series with their fourth successive win when they beat a weakened Merchants team by three goals to nil last evening.

The game was only a few minutes old when Mitchell scored for the Regiment and soon after added a second. By now the Merchants had a full team but the Regiment did most of the pressing. Gurvich saved a point-blank drive from Campbell in good style. Carroll made headway but Davies cleared and then Wingham and Edgcombe combined neatly to set their forwards going and Mitchell added his third goal. Lokken cleared well and Wicks stopped Hill. Moe saved and then offside eased the pressure. No further goals were added when half time arrived.

The Regiment had the better of the second half although Bremner missed an easy opening. Wingham, Edgcombe, Armstrong and Campbell were playing neat football but Moe and then Parkes, who had replaced Gurvich in goal, cleared. Carroll hit the crossbar with Morgan beaten and later Morgan was lucky when the ball just passed the upright. Mitchell had a try and then Gurvich got in the way of a grand shot from Hill. The Regiment deserved more goals but there was no one to clinch the openings. Hill and Wilson made a nice run backed by Veitch but Palmer cleared. A cross from McMeekin was missed by Morgan but the ball went behind. Lokken and Carroll were dangerous but Davies cleared. Wingham went clean through but his parting centre was missed by the inside forwards. Full time found the soldiers on top by three goals to nil.

Merchants — Gurvich; Moe, Wicks; Radcliffe, Lokken, Bremner; Carroll, Laidler, Palmer, Parkes, McMeekin.

Regiment—Morgan; Ferguson, Davies; Veitch, Edgcombe, Wingham; Wilson, Hill, Mitchell, Campbell, Armstrong.

Referee—A. Harvey.

Linesmen—Roma and Dickens.

Capilano BEER

Makes thousands of Friends!

As predicted, "CAPILANO" proved a favorite from the start. Everywhere you hear the warmest praise of this NEW Beer. That rich, creamy collar that lingers long in the glass! That light, golden-amber body, so grateful to the last sip! That irresistible tang, the compliment of a richer brew, exactly aged in the wood! These are but a few of the virtues which already have created an insistent call for this good Beer.

If you haven't tasted CAPILANO BEER . . . accept the word of your friends. You have a real treat coming. Always ask for "CAPILANO." Nothing else can take its place.

PILOT IS TO BLAME

Accepts Responsibility For Sinking Of German Liner—Only One Person Actually Drowned

STAVANGERFJORD, Norway, July 20:—The pilot of the 15,000 ton German liner Dresden, which struck a rock in a fjord near here recently and sank, has accepted full responsibility for the stranding, it is reported.

There were 1000 German excursionists aboard the big ship. Although three lives were lost, all the victims being women, only one of them actually died from drowning. The other two were said to have succumbed to heart failure through excitement. Many of those on board had never been at sea before and this is believed to be the reason why panic broke out following the stranding. Despite this, there were many acts of bravery and wonder has been expressed that more lives were not lost.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

PICNIC IS ENJOYABLE

Splendid Outing For Sunday School Of First Baptist Church Held Yesterday Afternoon

Excellent weather conditions favored the annual picnic yesterday afternoon of the Sunday School of First Baptist Church and at least 150 children and parents enjoyed the happy outing on the beach along the Skeena River highway beyond Galloway Rapids bridge, transportation being by trucks and cars. There was a full program of races and games and refreshments were provided in abundance including the usual donation of ice cream from P. H. Linzey, superintendent of the Sunday School.

In general charge of the outing were Mr. Linzey, the Sunday School superintendent, and Rev. Dr. F. W. Dafoe, the pastor. The refreshment committee consisted of Mrs. P. H. Linzey, Miss Katherine Watson and Mrs. F. W. Dafoe while the sports program was in charge of Victor Houston and Melvin Dafoe.

Winners in the races were as follows:

DON'T BE CONFUSED BY MISLEADING CLAIMS

Be Sure You Get Genuine Kellogg's ALL-BRAN

Bran has proved so successful in relieving common constipation that some cereal manufacturers, with products having only a fractional quantity of bran, have claimed that this minimum bran content is sufficient to get results.

You may have tried some of these part-bran products—and have been disappointed! The simple truth is that they do not furnish the amount of bran you need.

It's the "bulk" or fiber in bran that helps correct common constipation. This "bulk" is similar to that in leafy vegetables. Within the body, it absorbs moisture and forms a soft mass, which gently clears out the intestinal wastes.

Kellogg's ALL-BRAN provides "bulk" in convenient and concentrated form. It also furnishes vitamin B, as well as iron for the blood. It has won millions of friends because it overcomes common constipation safely and pleasantly.

It is all bran just as the name implies—with nothing added except the flavoring of Salt, Sugar and Salt.

When you buy a bran cereal for the relief of constipation, read the wording on the package. The facts are there! Make sure by getting Kellogg's ALL-BRAN—in the red-and-green package. Sold by all grocers. Made by Kellogg in London, Ontario, Canada.
