HOLD-UP SUSPECT SAWS WAY OUT OF VANCOUVER JAIL

Youth Makes Escape by Sawing Through Bars And Stealing Away

James Grant, Aged 23, Made His Getaway Last Night Under Very Eyes of Police in Southern City

VANCOUVER, Dec. 14: (CP)—James Grant, 23-year-old hold-up-suspect, escaped from the city jail Thursday night after sawing his way through a steel screen and several window bars, sliding down an improvised rope of blanket strips to the unoccupied jail garage. Two hacksaws were found on the floor by the jail window through which Grant got out.

CO-OPERATION IS DESIRABLE IN EDUCATION

Parents and Teachers Both Take Part in Training of Children; Modern View Necessary

Making a plea for closer co-operation of parent and teacher in education and for a broader outlook on educational problems, based, not on conditions as they were years ago but as they are today in order to fit the younger generation for modern life with a world outlook, J. S. Wilson, vice-principal of Booth Memorial School, gave an interesting address at the luncheon of the Prince Rupert Rotary Club yesterday afternoon, J. J. Little presiding.

Mr. Wilson explained that in primitive times the child was educated by its parents in the art of securing food, clothing and shelter. Today the horizon had broadened and the aim was not only to make of him a good citizen of his country but a world citizen. If the superiority complex was developed, there was developed too great a national spirit which tended to distrustfulness of others. Impressing nationalistic characteristics made for differences which led to war.

The tendency today was to delegate to the teacher the whole duty of educating the child. Some parents gave too little thought to the education of their offspring. He urged the spirit of co-operation and an appreciation of the handicaps under which the teacher worked. School was the first conscious contact of the child outside the home. The foundations of life were being laid but to do that successfully it was necessary to know what was the kind of structure to be raised on that foundation. While the old-fashioned three "R's" were essential they were not enough today. People had abandoned the horse and buggy in transportation and in education something more than the three "R's" was necessary. People often said: "They did not teach that way when I was a child." Of course they did not. The world was making progress.

The Germans were experimenting today on taking children to the farms and educating them there. Discussing the question of "frills," Mr. Wilson objected to manual training and home economics being regarded as such. They were among the essentials, he thought. It was preferable that a girl should experiment on cooking in the school rather than experiment on her husband when she was married.

Examinations Useful While defending examinations the speaker expressed the opinion that too great importance was attached to them. Yet they were very useful. There was, he thought, too great a tendency to pour other people's thoughts into the child rather than to teach him to think for himself. Vocational guidance was desirable but it must be remembered that only a fragment of the teacher tried to teach a fragment of the child a fragment of the subjects before them. He urged the teaching of a keener appreciation of the arts as well as the more useful subjects. There must be progress to meet changing conditions. A greater understanding was desirable on the part of the citizens so that they may be willing to keep pace with the development that was going on around them.

Luther Johnson sailed last night on the Prince George for Vancouver where he will receive Workmen's Compensation Board treatment.

Belgian Sailors Lost While Taking Crew Off British Ship In Storm

Lifeboat Capsized in Mountainous Seas Eight Hundred Miles Off Newfoundland—Freighter Usworth in Distress

NEW YORK, Dec. 14: (CP)—Battling mountainous mid-Atlantic seas to rescue the crew of the foundering British freighter Usworth, two members of a lifeboat crew from the Belgian steamer Jane Jadot were lost today when their boat capsized. Previously the Jadot's lifeboat had rescued five members of the crew of twenty-six aboard the Usworth and was making a second trip when the capsizing occurred.

The Belgian steamer and the liner Ascania answered early morning calls of the Usworth which was in distress eight hundred miles off Newfoundland. The master of the Usworth said the crew had fought the storm for three days and was unable to carry on any longer. The Ascania wireless this afternoon that all members of the Usworth's crew had been rescued.

RESCUED IN NORTH

ANCHORAGE Alaska Dec. 14: (CP)—Three men and one woman enroute from McGrath to Anchorage in an airplane fitted with wheels fought death and hunger for nine days when their machine was forced to land in two feet of snow during blizzard conditions. After landing they found an abandoned cabin with meagre food supply. Becoming desperate the men by use of green branches from trees spelled out the message "Hungry, need food and skis" in the snow. Search planes flew low over the district several times and finally noted the green patches in the snow and effected a rescue. Members of the party had lost ten to fifteen pounds each in weight.

First Half of Basketball Ends With All Three Senior Teams In Tie; Play Over Till After Xmas

The Canadian National Recreation Association five were derailed by the Moose cagers last night in the Senior Basketball League tilt, the Lodgemen coming out on the long end of a 45 to 34 score. It was one of the fastest and cleanest basketball games seen here this season. The trainmen scored the first but the Moose tied it up a few moments later and from then on both teams started out to try and get a good lead. At half time the Moose had a three-point lead, score being 20 to 17. Right after the start of the second half the Moose sank three to increase the lead. C. N. R. A. called time out and after that started to catch up until the Lodgemen had only a three-point lead. With seven minutes to go it was anybody's game until the last four minutes and then the Lodgemen started to sink them from all positions on the floor. When the final whistle sounded the C. N. R. A. were on the short end of a 45-34 score. Referee Skinner handled the game in a capable manner, calling only 18 fouls—eight on the C. N. R. A. and 10 on the Moose. Now that the Moose have tied the league up the winners of the first half will have to be decided some time in the near future as this was the last night of basketball until after Christmas. Pebbles Stone and her Annettes won over the High School girls 14-8. Half time score was 4-2 in favor of Annettes. In the second half the sharpshooters of Annettes broke loose to win by six points. The Canadian Legion combination clicked in the Intermediate

SERVICE IS IMPRESSIVE

Laying of Cornerstone For New Church at Port Simpson

PORT SIMPSON, Dec. 14:—The ceremony of the laying of the cornerstone by Rev. S. S. Osterhout of Vancouver for the new United Church here was a very impressive one. Mr. Osterhout, himself a former missionary at Port Simpson, spoke reminiscently of the old days and the older people of his former mission. Chief Harry Brooks formally welcomed Mr. Osterhout on behalf of the people of Port Simpson and Chief Councillor E. F. Dudoward, who is also the chairman of the board of stewards, gave his financial report, emphasizing the importance of the undertaking which the people of Port Simpson were assuming in building the new church and further asked that all support the movement.

The new church will be a large and spacious one particularly designed to look after the many different branches of the work of the United Church Mission at Port Simpson. The construction work is under the supervision of Thos. Gosnell.

The Epworth League of the Port Simpson United Church was host at a supper in their hall in honor of Mr. Osterhout, all of the people of the village being guests.

Mr. and Mrs. B. E. Valde of Prince George, formerly of Prince Rupert, left the interior town yesterday for Winnipeg where they will spend their annual vacation with their parents.

SCYTHIANS DEFEATED MUSKETEERS STILL LEAD

Lost 47 to 14 at Port Simpson Last Night Against Athletic Club Intermediates

The champion Scythian team of the local Junior Basketball League returned home early this morning from Port Simpson where a game was played last night with the Port Simpson Athletic Club Intermediates, the latter winning 47 to 14. The Simpson players were older and more experienced than the locals and played a short, snappy passing game in their own hall to which the Scythians, were, of course, unaccustomed, its smallness cramping their style. Half time score was 25 to 8. T. McKay made 22 of Simpson's points.

The local team, which made the trip on the trolling boat Water Lily, consisted of Art Murray, captain, Severino Dominato, Andrew Letourneau, Allan Gillis, Mike Montesano and Louis Astori. Ham Antonelli was coach and Johnny Morrison and Red Gillis went along as supporters.

The Scythians are, apparently, not superstitious. It was their thirteenth game of the season, the trip was made on the thirteenth and the party numbered thirteen.

HELLO, RODNEY. DID I KEEP YOU WAITING LONG?

IT SEEMED LIKE YEARS, GOSH. YOU LOOK ENCHANTING IN THAT EVENING GOWN.

ER, OH, I GET ALL MY DRESSES AT SIMPKINS' STYLE SHOP.

YOU MUST SPEND MOST OF YOUR TIME THERE.

YES, I MAKE IT MY BUSINESS TO BE WELL DRESSED.

Even barbers are amazed

They laughed at the idea of a man getting a clean, close shave with a Schick Dry Shaver—no lather, no preparation whatever and no blades. Now their own eyes and fingertips convince them when a dry shaving customer comes in for a hair cut. You cannot cut yourself with a Dry Shaver. Tender faces do not smart under its cool gliding. It is economical too—no blades to buy, nothing to sharpen or renew.

Get a demonstration.

OLD STORY ON SCREEN

Robert Louis Stevenson's "Treasure Island" Makes Offering of Unusual Interest

Another of the exceptionally fine run of pictures which the local Capitol Theatre is presenting these days comes this week-end in "Treasure Island," the filmization of the world famous Robert Louis Stevenson story of pirate adventure. In bringing this story to the screen, the main problem of the producers, it is said, was to retain the utmost fidelity in plot and characters which have been so vividly impressed upon the minds of millions of readers. The result is said to offer a literal translation of the book to celluloid with a maximum of realism and visual power.

The necessity for casting more than fifty individual character parts, in addition to the leading roles, resulted in some of the finest players in Hollywood being chosen for the picture. Wallace Berry has the role of Long John Silver while Jackie Cooper plays the part of Jim Hawkins, the boy adventurer. Others in the cast include such notable players as Lionel Barrymore (Billy Bones), Otto Kruger, Lewis Stone, Nigel Bruce and Chick Sale. Extensive marine locations were used in the picture, much of the "shooting" having been around Catalina Island.

Dance by Women's Labor League Is Enjoyable Event

There was a good sized crowd at a dance held last night in the Canadian Labor Defence League Hall by the Women's Labor League. Among those present were a number of men from an Imperial Oil tanker which was in port. Dancing was in progress from 9 p.m. until 2 a.m. with music by Carl Smith's Orchestra. Buffet refreshments were served. Mrs. A. Gomez was responsible for the success of the affair.

Roy Wakefield, J. E. Brown and K. Kleven, all of Smithers, arrived in the city from the interior on last night's train and sailed on the steamer Prince George for a trip to Vancouver.

Dr. Joseph T. Mandy, resident mining engineer, and Mrs. Mandy, who have been on a trip south, returned to the city on the Princess Adelaide this afternoon. Dr. Mandy attended the recent convention of the Canadian Institute of Mining and Metallurgy in Vancouver and also visited Department of Mines headquarters in Victoria.

WHIFFLETS From the Waterfront

With a cargo of fuel oil for the company's local tanks, Imperial Oil Co.'s tanker - Albertolite, Capt. A. Mother, arrived in port at 2 o'clock yesterday afternoon from Ioco via Port Alice and sailed at 6 o'clock this morning for San Pedro direct. The Armour Salvage Co.'s service boat Pachena went out to Triple Island to bring back Capt. Larry Thomson, the pilot, who brought the Albertolite north and who will return to Vancouver by steamer tonight. Capt. Mosher states that weather conditions between British Columbia and California have been exceedingly rough this fall with southeast gale after southeast gale.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, arrived in port at 2 o'clock this afternoon from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

In order to get Christmas passengers into Vancouver earlier than usual, Union steamer Cardena on Friday night of next week will sail from here at 8 p.m. instead of midnight the regularly scheduled hour. The vessel will arrive in Vancouver

Miss Dimock Is Speaker Before Teachers' Meet

The third regular monthly meeting of the Northern High School Teachers' Association was held on Wednesday evening at the home of Mrs. A. R. Gordon, 1236 Second Avenue West.

The speaker was Miss M. Dimock who gave a most enlightening talk on "Guidance and its Place in Education." Miss Dimock gave her hearers the benefit of her notes taken while attending a conference in Washington on this subject.

Discussion of a general nature, followed by serving of refreshments, brought the evening to a pleasant close.

V. Soule of Terrace arrived in the city from the interior on last night's train and sailed on the steamer Prince George for a trip to Vancouver.

early Sunday afternoon instead of late at night.

Union steamer Cardena, Capt. Ernest Georgeson, is due in port at 10 o'clock tonight from the south and will sail at 12 midnight on her return to Vancouver and waypoints.
