NAVAL REDUCTIONS BEING FAVORED

MOLLISONS FAVORED TO WIN AIR RACE TO AUSTRALIA

Whether or Not Pacts Shall Be Retained Is Problem for Nations

Great Britain, France and United States Said to be Favorable to Retention of Basic Principles of London and Washington Treaties—Japan is Opposed

WASHINGTON, D.C., Oct. 19: (CP)—On the eve of the London naval conference, the United States made public its plan for submission to the conference. The American plan proposes substantial all around reduction of general naval armaments and renewal of the Washington and London naval treaties with mutual sacrifices. Great Britain and France, who had preliminary discussions in London yesterday, are also believed to favor retaining basic principles of the London and Washington treaties with general reductions.

Japan has already announced that it would renounce the Washington treaty under which it is denied parity with other nations. It demands the privilege of equal naval strength with other nations and favors reduction on that basis. It is hoped that a compromise arrangement acceptable to all the major naval powers may be arrived at.

NEIGHBORS IN ORIENT

Canon S. H. Gould Tells Rotary Club of What He Saw and Heard of Three Countries During Visits

China Coming to Life Pressure of Population in India but Caste System and Spiritual Stagnation Holds Country Back

Modern China is alive, throbbing and thrilling with life, a marvelous nation which is being gradually consolidated. Japan is bending her resources to increasing her military and industrial prestige. These countries are Canada's next door neighbors and will be great factors for weal or woe in the future of the nation. India too is adjusting herself as a British country and the pressure of population there is an important factor. These were matters brought to the attention of his audience by Rev. Canon S. H. Gould of the Anglican Missionary Society at the regular luncheon of the Prince Rupert Rotary Club in the Commodore Cafe yesterday. C. V. Evitt presiding.

Canon Gould told of "Contacts and Problems of the Orient" as discovered by him during three different visits to the countries of which he spoke. In Japan he found a sum equal to the whole budget appropriation was devoted to naval and military preparations last year. This sum was 1,200,000,000 yen or about \$400,000,000. It was raised in loans or through the Bank of Japan.

Of the total wealth of Japan from eighty to ninety per cent was in the hands of three families. On the other side of the picture was widespread poverty. The people were tremendously in debt. Only ten per cent of the population earned more than \$70 a year. The average income of the farmer was \$200 a year and the fisherman from \$100 to \$125 a year. By means of low paid labor Japan was producing at very low prices so that she was invading the markets of the world.

China The Chinese were the most numerous people in the world, the speaker said. He told of visiting the interior years ago and at that time in Honan their matches were imported from Japan. On the recent visit they had a match factory of their own and were exporting to Japan. Wages were (Continued on page five.)

All In Readiness For Take-Off Tomorrow of Planes for Melbourne

Twenty Thousand Persons Will Witness Start of 11,000 Mile Trip From Mildenhall—Much Money Wagered on Result

MILDENHALL, Eng., Oct. 19: (CP)—Everything was in readiness today for the start tomorrow of the air race from England to Melbourne, Australia. Twenty-one planes are officially entered to take off on the 11,000 odd mile flight and it is expected that twenty thousand persons will witness the start. All accommodation here has been taken up at prices that would do justice to the swankiest London hotels.

Capt. and Mrs. James Mollison were made favorites at twelve to one today to win the race by book-makers in Australia. More than \$150,000 has been bet on the race in Australia with considerable money also placed here.

GREAT FAIR IS OPENED

Duke of Gloucester Officiates at Inauguration of Centenary in Melbourne

MELBOURNE, Australia, Oct. 19: (CP)—With the triumphant entry of the Duke of Gloucester, Prince Henry, third son of the King and Queen, Melbourne and Victoria State's gigantic centenary celebration was officially declared open yesterday.

The Duke entered the city in a state coach and proceeded slowly through five miles of streets lined with cheering crowds and militiamen. An escort of seventy airplanes dipped and swooped overhead. More than a million persons were in the streets to cheer the Prince and his entourage.

DEATH TO BE ASKED

Drastic Punishment Against Thomas Robinson Will be Asked By Federal Authorities

LOUISVILLE, Ky., Oct. 19:—Federal authorities state here that the death penalty will be asked against Thomas H. Robinson, alleged kidnapper with violence of Mrs. Berry Stoll, who was returned to her home here Tuesday night after having been abducted last week. Under the new Lindbergh anti-kidnapping law, the death penalty may now be imposed.

Up to last night, Robinson had been still successful in eluding the police. His wife and father, however, are being held as accomplices. Mrs. Stoll is said to have declared that it was only through the offices of Mrs. Robinson that she had been saved from being killed by Robinson.

Quiet Wedding Last Evening

Miss Isabel Muriel Fidler Becomes Bride of William J. Henry

A very quiet wedding was solemnized at 8 o'clock last evening in First Presbyterian Church Manse, Rev. W. D. Grant Hollingworth officiating, when Isabel Muriel, only daughter of Mr. and Mrs. W. J. Fidler of this city, was united in marriage to William J. Henry, eldest son of Mr. and Mrs. W. Henry of Burnaby. The bride was unattended. William Fidler, brother of the bride, was best man.

After the ceremony a reception was held at the home of the bride's parents, Atlin Avenue, for immediate friends. Later in the evening the young couple left on the Prince George for Vancouver where they will reside.

Six Deaths And \$150,000 Damage Is Storm Result

LOS ANGELES, Oct. 19: (CP)—It was estimated last night that damage of \$150,000 had been caused by the storm which visited Los Angeles and district this week. Six deaths are also attributed to the tempest which included rain, snow, thunder, lightning and heavy wind and was accompanied by earthquake shocks.

MONTREAL JANITOR IS NOW MILLIONAIRE

MONTREAL, Oct. 19: (CP)—W. Hastings Davis, a Montreal janitor, was reported yesterday to have received a draft for \$1,125,000 under the settlement of the estate of his mother in Scotland but sent it back, claiming that the amount should have been \$1,500,000. As well as the money he also inherited a castle in the Old Country.

Winnipeg, Oct. 19: (CP)—Petty selling caused wheat prices on the Winnipeg Grain Exchange to drop slightly again yesterday. May futures closing at 83 1/4c. Chicago market was steady with no changes in prices.

### CHAMBER OF COMMERCE

Just now Prince Rupert people are beginning to realize the value of the Chamber of Commerce to the city. It is a permanent organization with a secretary who is on the job all the time looking after the interests of the city from the commercial point of view. It answers hundreds of inquiries in regard to the city and its possibilities, sends out publicity literature, makes representations to the authorities at Ottawa or Victoria as may be required from time to time and is always listened to with respect and its representations have weight. It works in co-operation with any members who may be representing it at the time, Conservative or Liberal.

Just recently the Chamber has found itself hardly pressed for funds because a number of former members have found it difficult to keep up their memberships. When the activities in connection with the log shipments to the Orient commenced there was no money in the treasury and it became necessary to ask help from the Northern Lumbermen's Association. But there is much yet to be done. Much money will be required for telegrams and other purposes in addition to the carrying on of the ordinary work of the organization.

The Chamber of Commerce is financed by its members who pay ten dollars a year. Some local firms pay for more than one membership, one in particular paying for five and another for three. Mostly the men who pay are also the ones who do the committee and other work of the organization.

The Chamber is now asking that the business and professional men of the city generally share the cost of carrying on work in the interests of the whole city. The membership committee is setting to work to make a personal canvass and those who are not now members are asked to consider carefully the claims of the organization. Those who attend the regular monthly meetings will realize what a large lot of detail work has to be done to keep the city properly before the world and, with the promise of greater local activity, the work of the Chamber will increase. We must keep pace with the times, taking advantage of every possible opportunity to advance the interests of the city.

## The Weakening Agony of Piles (Haemorrhoids) Ended

Thousands Bless This Famous Herbal Ointment

Piles or hemorrhoids cause excruciating pain and often serious loss of blood. The famous Zam-Buk ointment is wonderfully soothing to the swollen veins and itching parts. Zam-Buk derives its healing and mildly astringent influence from herbal extracts of special value in this weakening and agonizing complaint. Zam-Buk has a wonderful record of success.

### THE BEST OF PROOF

Mrs. E. L. Garber, of 2545 Ohio Avenue, Southgate, California, a nurse, writes as follows:—"My husband suffered from Piles for years, but a year ago they recurred with acute stage and he could neither sleep nor attend his work. He had medical advice, tried all sorts of baths, hot packs, enemata and ointments which cost him hundreds of dollars without obtaining any relief. Finally a friend gave him a box of Zam-Buk; after application for one day he obtained a good night's rest. He continued the treatment and

by the time he had finished a second box he was completely relieved of this agonizing ailment and able to resume his work."

Mrs. F. Barrett, Pioneer, Alberta, writes:—"We have used Zam-Buk ever since I was a young girl and I have never known it fail. My husband, who has been troubled with itching piles for years, says the soothing relief Zam-Buk brought was wonderful."

The unparalleled success of Zam-Buk lies in its original and valuable formula. Zam-Buk is compounded from certain herbal extracts of an extraordinarily healing, soothing and antiseptic nature. Zam-Buk soon stops all pain and itching. It gets at the root of such troubles as eczema, salt rheum, bad legs, ulcers, scap disease, poisoned sores, etc., and is also a fine ever-ready first-aid for injuries. ## BREEZE FROM PEACE RIVER

Article in Record Urges Formation Of Province of North Columbia

Page Rideout, sage of the Peace River country, comes back into the fight for a new province for the north with a long article in the Peace River Record dealing with it and other constitutional changes. He urges that provincial legislatures be reduced to the status of city councils and that Northern British Columbia and Northern Alberta each be a separate province. He says:

"The last spike was driven on the Grand Trunk Pacific in 1914 in Northern B.C. If at that time the country had been made into the Province of North Columbia with its own little assembly (again allow me to advise the reader to forget the Parliament stuff), North Columbia would have had a bunch of her own men working these twenty years in their little assembly for the development of her own province."

"Would the Port of Prince Rupert, with its three million dollar ship building plant; with the largest floating dry dock on the Pacific; with a terminal elevator of 1,255,000 bushel capacity; with a land-locked harbor that would accommodate the British fleet—would Prince Rupert with all this be the byword in the shipping world that she is today? Would North Columbia with all her mineral and timber wealth, all her fisheries and fertile lands, with her railway and boating facilities, be the mere shadow she now is?"

"I am leaving these questions for the reader to answer himself."

## BAZAAR WAS SUCCESSFUL

Annual Affair Yesterday Afternoon And Last Evening of Legion Women's Auxiliary

In spite of rather unfavorable weather conditions, the annual bazaar yesterday afternoon of the Women's Auxiliary to the Canadian Legion was a very successful affair. The event was held in the Legion clubrooms which were tastefully decorated for the occasion. During the afternoon many ladies called to lend their patronage and in the evening there was a dance which drew a large turn-out.

Mrs. J. H. Preece, president of the Women's Auxiliary, and Mrs. F. Barber were general conveners.

Mrs. Boulter was convener of the tea room. Mrs. Baker and Mrs. Christensen posted and assisting by serving were Mrs. S. V. Cox, Mrs. H. Smith, Mrs. W. Rothwell, Mrs. William Rance, Mrs. W. Stewart, Mrs. Nesbitt and Miss Gandy.

In charge of other bazaar departments were:  
Punch Board—Mrs. Hugh Smith and Mrs. Schubert.

Fancy Work—Mrs. Anderson and Mrs. M. Lamb.

Candy—Mrs. Dickens and Mrs. McGreish.

Ice Cream—Mrs. Grimson.

Raffles—Mrs. Murray and Mrs. McDonald.

Home Cooking—Mrs. Goodsell and Mrs. Killin.

Fish Pond—Mrs. Robertson and Mrs. McLeod.

Cashier—Mrs. Raynor.

Wheels—Members of the Legion.

A delightful musical program was presented during the afternoon, this including vocal solos by Mrs. William Miller and Mrs. Anderson, violin solos by Bobby Houston and piano solos by Miss Catherine Watson. Mrs. J. S. Black was accompanist.

Evening's Proceedings

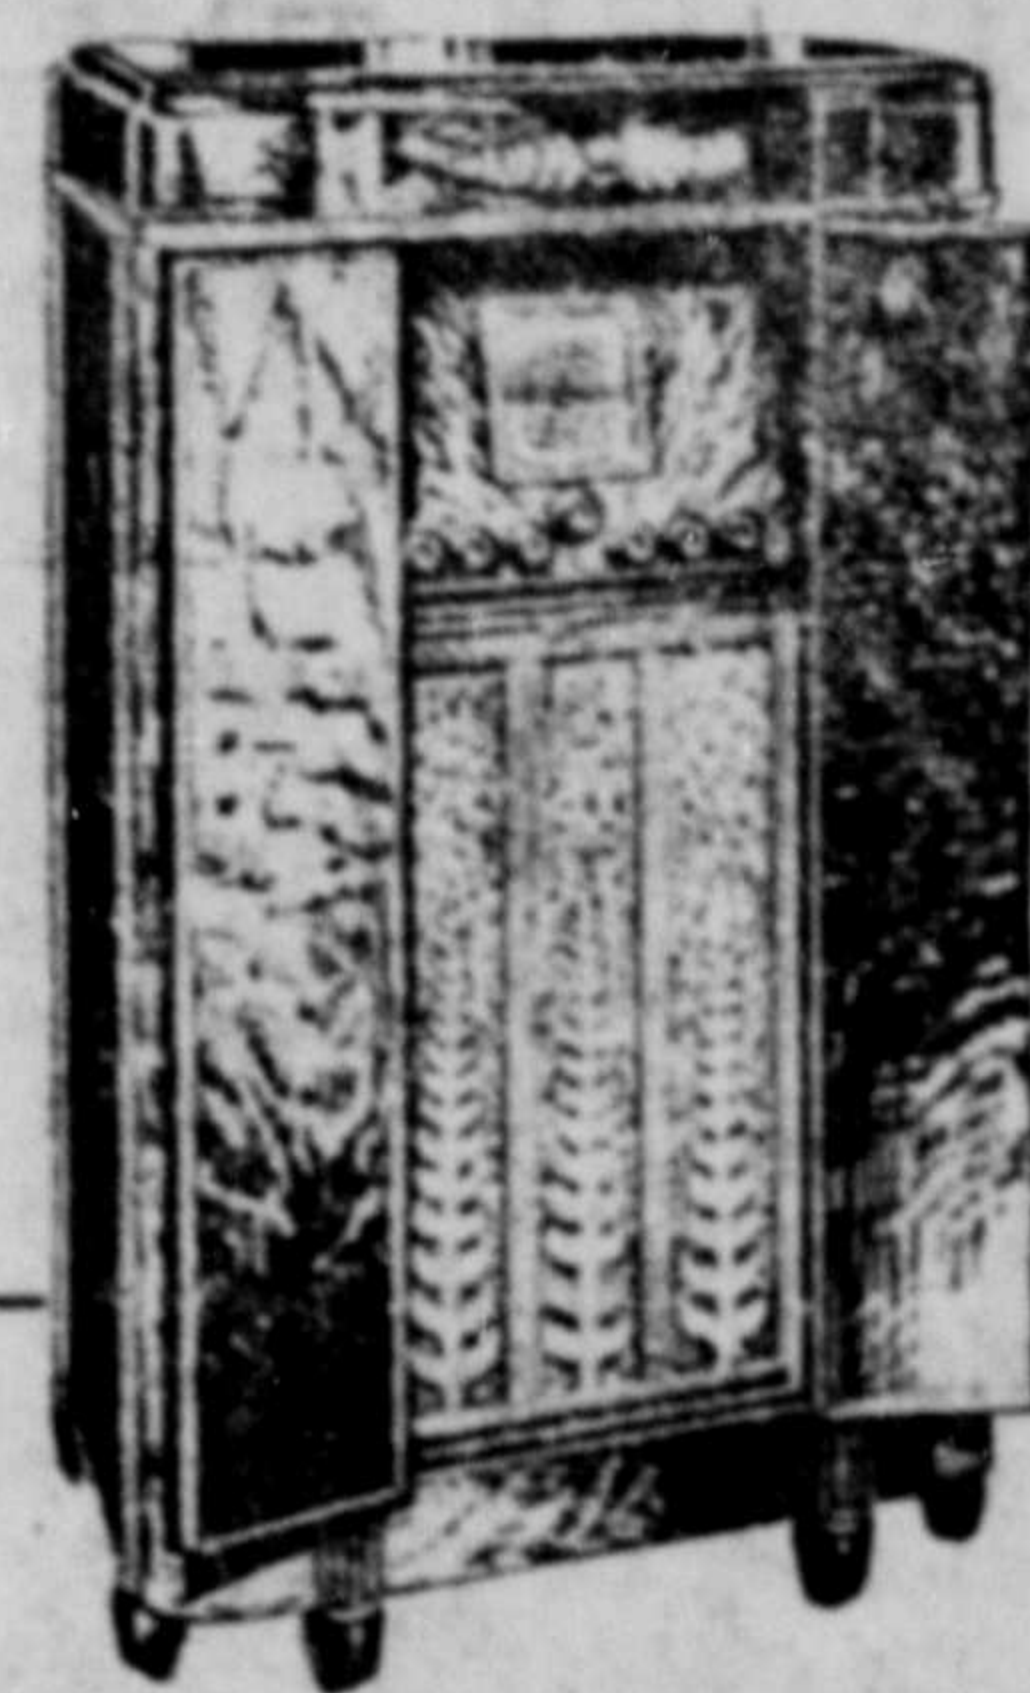

Music for dancing in the evening was furnished by Mrs. J. S. Black's Orchestra. There was also a program in the evening which included vocal solos by Master Dave Houston, Miss Betty Cameron, S. P. Woodside and J. A. Teng, tap dancing by Miss Eileen Mair and card tricks by M. J. Dougherty. Mrs. Black was again accompanist.

The following were prize winners in the raffles:

**OONA RIVER GETS FLOAT**

Victoria Piledriving and Contracting Co. Doing Job For Federal Public Works Department

The Victoria Piledriving and Contracting Co. is proceeding with the contract of building a float landing at Oona River, Porcher Island, for the federal department of public works. The size is 40 by 60 feet. It will be the first public landing at that point and will be a welcome facility for the community whose only means of transportation is by small boat.  
John Currie & Son got out the logs which are being used by the contractors in building the float. Lumber and other equipment arrived from Vancouver at the first of the week.

**WOMAN SWEARS TO STATEMENT**

Mrs. Aigoua Normandin, Montreal Quebec, wants to help others. That is why she tells how she got permanent relief from indigestion and constipation, in a statement given under oath before a notary so everyone can be sure of its truth. She declares,—"I was sleepy and dizzy after meals. I suffered badly from indigestion. Everything I ate formed gas which causes heartburn. I found that by taking Fruit-a-tives my indigestion and constipation disappeared. I am lively and energetic all day now."  
Copy of Mrs. Normandin's sworn statement will be sent on request. Write Fruit-a-tives Limited, Ottawa, Canada.

**Moose Defeated Grotto in Senior League—High School Girls Win Over Grotto**

Senior League—Grotto 27, Moose 36.  
Ladies' League—Grotettes 1, High School 6.  
Intermediate League—Warriors 24, Canadian Legion 26.  
Junior League—Boy Scouts 9, Seythians 15.

The Moose, making their first appearance of the season last night in the Senior basketball loop, took the Grotto into camp in a rough and hectic game by a score of 36 to 27. It was a close contest all the way with only two points difference in the scoring at half time, 15-13.

In the second half the Tobacconists tied the score only to lose ground again. It was anybody's game up to the last three minutes when the lodgemen ran in a few to win 36-27.

**Intermediate League**

Warriors dropped another close game to the new entry in the Intermediate League, the Canadian Legion by two points, the score being 26-24. The Warriors were leading 13-8 in the first half but in the last period Nakamoto turned on the heat and led his teammates to their first victory. It was a fast and rough game with 23 fouls dished out by Referees Johnson and Mitchell. There is no doubt but that these intermediate games are as good as any on the program as the boys are fighting all the way.

**Ladies' League**

A new all time feat was made in the ladies' tilt when the Co-ed's held a 1-0 lead over the Grotettes at half time. Also it was the first victory the student girls have won in two seasons. They defeated a somewhat disorganized Grotto quintette 6-1 in a free shooting and missing game of basketball.

**Junior League**

Seythians put themselves firmly in first place by defeating the Boy Scouts in a Junior League fixture 15-9. The first half was evenly fought, ending 7-6 in favor of the Seythians but in the second half the Scouts' defence cracked and the Seythians tore in and piled up a good lead. Crompt was the outstanding star of the evening.

**Individual scoring:**

**Junior League**

Boy Scouts (9)—Eby, Lindseth, Viereck, Sakamoto, Brown, Erickson, Crompt (9).  
Seythians (15)—Gillis (2), Létourneau, Montesano, Dominato (9), Murray (4), Currie.

**The SECRET of DELICIOUS Pies**

A good pie brings more compliments than anything else you can bake! Even if you're a beginner—you can make pies that are astonishingly fine by following these easy St. Charles recipes—crust so light and flaky—fillings so smooth and creamy—what pastry!

**Borden's Special Pastry**

1 1/4 cups flour.  
1/4 teaspoon baking powder.  
1/4 teaspoon salt.  
1/2 cup shortening.  
2 tablespoons ice water.  
2 tablespoons St. Charles Milk.

Sift flour and measure. Add baking powder and salt. Sift again. Cut in shortening. Blend St. Charles Milk and water. Some flours absorb more liquid than others. Add just enough to make mixture stick together. Roll on slightly floured board. (In mixing and rolling handle as little as possible to insure flaky crust.) Makes one pie shell.

NOTE: For Baked Pie Shell bake 15 minutes in a hot oven (450° F.) or until delicately browned.

**Custard Pie**

1 1/2 cups St. Charles Milk.  
1 1/2 cups water.  
4 eggs.  
1/2 cup granulated sugar.  
1/4 teaspoon salt.  
Unbaked pie crust (9 inch).  
Grating of nutmeg.

Blend St. Charles Milk, water, slightly beaten eggs, sugar and salt together. Line pie tin with unbaked pie crust. Build up fluted edge. Pour in filling. Sprinkle with nutmeg. Bake in a hot oven (400° F.) to set edge. Decrease heat and bake about 40 minutes in slow oven (300° F.) A knife blade inserted will come out clean when custard is done.

Borden's St. Charles Milk makes a wonderful improvement, too, in soups, creamed vegetables, puddings... but be sure you buy St. Charles—the evaporated milk with the fresh natural double-rich milk flavor!

**Strange Species  
Of Bird is Seen  
On Q. C. Islands**

SKIDEGATE, Oct. 19.—A strange species of bird for these parts has been seen around Skidegate Inlet this fall. They resemble the swallow somewhat but are twice the size and of a dark grey color and can light and rise from the water at will. It is the first time that such birds have been seen on the Queen Charlotte Islands.

**WHIFFLETS  
From the Waterfront**

Ernest Dudoward was here at the first of the week with his seineboat Anna Louise on the way from the Queen Charlotte Islands, where he has been seining this fall, to Nanaimo in which district he will operate until early next month when he will return to his home in Port Simpson for the winter.

Freighter Salvor, Capt. A. Georgeron, arrived in port early yesterday morning from the south with coal and general cargo and, after discharging, sailed yesterday afternoon for Stewart whence she will return direct to Vancouver.

Capt. William Gleason, Chief Engineer William Ballantyne and Purser Norman A. McLean were among officers and members of the crew of the steamer Prince Charles who sailed last night on the Prince George for their homes in Vancouver following the tying up of their ship at the local dry dock for the winter.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, is due in port at 3:45 this afternoon from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

## Gardening In Prince Rupert

It is about time the roses were earthed up around the roots. See that no water lies around them and that they are not flooded out during the winter. They will then be pretty sure to winter well. Incidentally, I am inclined to think that the south side of a building is not the best place for roses. John Mitchell had his on the south side of his house in a warm, dry location and he lost several last winter. Others have reported similarly.

Charles Balagno says that three years ago he bought forty fifteen-cent roses and he still has thirty-nine of them doing well. He earths them up around the roots about eighteen inches for the winter. The

Pot of trumpet daffodils.

ground in which they are planted is well drained and cultivated. Most authorities recommend earthing up six to twelve inches.  
Some local people have had very good success with lilies. The regal lilies do well and some have grown the liliun atratum with very good results. It seems as if most of the lilies will grow here and flower well. Jack Fuller has grown some very fine ones out of doors.

It is rather difficult at this time of year to keep up interest in the garden. Yet the interest taken now makes a great difference to the success of the spring and summer showing next year. Fertilizer is desirable in the ground where bulbs are being planted as the spring flowers are then larger and earlier. The roots are formed during the winter and they at once begin to absorb the plant food which is used in the spring.  
Most of the spring flowers may be grown indoors. Bulbs planted now will flower in the window, in

Plant a bed of double tulips for a mass of color.

(the greenhouse or in the cold frame. They may be grown alone or with ferns or other greenery. The art of growing bulbs indoors is to develop something more than just a bunch of color. The setting is often more important than the flowers.—H.E.P.

## NEIGHBORS IN ORIENT

(Continued from Page 1)

ly half the wages paid in Japan. This was the country where Prince Rupert was sending her aspen logs for use in the match factories. The spirit of nationalism was growing. At Nanking, the capital, there was a large park around the city where was the mausoleum of Sun Yat Sen but more important in it was equipment for all kinds of modern sports and games. China was indeed a country with a great future.

### India

Passing to Singapore and the Straits Settlements, Canon Gould mentioned the large population of Chinese, British subjects speaking the English language and only studying Chinese as a cultural subject in the schools. At Singapore they were completing a graving dock large enough to accommodate the largest vessel in the British Navy. This was fortified with the latest modern devices.

In India the speaker found an adjustment going on. Natives were taking important positions politically and socially. The country was coming to another turning point in its history, one in which he suggested the natives would take a still greater part in the affairs of the country. The British were still needed, however, to lend stability and wisdom to the deliberations. Agitators had ceased to occupy a large place in the public life and Ghandi's political prestige was below the horizon although his policy for the uplift of the socially outcast was still very valuable.

In India the pressure of population was very great. In one year forty million people had died of plague and yet in that same year the population had increased by thirty millions. The caste system and the spiritual paralysis of the country were the great drawbacks to progress.  
At the close Canon Gould was thanked for his splendid address.

S. E. Blaxell, manager for the Hudson Bay Co. at Kitwanga, who has left for a trip to his home in Norfolk, England, was a recent visitor here. He was the guest of Chief and Mrs. M. G. McKay.

Chief M. G. McKay has nearly completed the construction of a fine new house which will be opened some time before Christmas or between Christmas and New Year.

Ben Seymour and Albert McKay are engaged in the repairing of their houses before winter sets in.

There were special Thanksgiving services in Kitselas. The Kitselas people had good crops of fruits and vegetables this year.

### Port Simpson

Mark Luther, elderly native resident, sustained a fractured leg and arm, abrasions, bruises and other injuries on Sunday evening in a fall from the bridge between the island and mainland sections of the village. He is a patient in the Port Simpson General Hospital.

Mrs. C. B. Flewin returned to her home here on the Catala Sunday night after a week's visit in Prince Rupert as the guest of Dr. and Mrs. R. G. Large.

Mr. and Mrs. Walter Brentzen left recently for a two months' visit to Winnipeg where Mrs. Brentzen's relatives reside.

Most of the local natives have now finished their summer work in the canneries but are still absent from the village in the camps smoking fish and otherwise preparing for the winter. Early November

will see the most of them in their homes for the winter.

**SAFETY  
SPEED  
COMFORT  
SERVICE**

**All-the-year-round transportation is necessary . . . Railways alone provide it.**

The obligations imposed upon a railway system are great. Primarily, these are providing and maintaining adequate and reliable transportation service throughout the whole year, regardless of climatic conditions or the costs and difficulties involved in meeting those conditions. A railway system which operated only when weather conditions were pleasant, or which did not guarantee the closest possible adherence to standards of safety, or which had no regular schedule of trains would very soon create public indignation.

To ensure that these onerous requirements are provided by the railway companies, and also to avoid undue advantage being taken by the companies whose services are so essential to the public welfare, all railways are subject to strict government regulation and supervision. They are by law required to carry a specified minimum number of crew on each train . . . to be equipped with efficient safety devices . . . to operate according to approved schedules . . . to conform to approved passenger and freight tariffs . . . to be subject to inspection by government officials at all times. In addition the companies themselves impose the most rigorous tests upon their train operators and each piece of rolling stock and each mile of track is subject to constant and careful scrutiny.

This, of course, is only as it should be. Unfortunately, however, it does not apply to all forms of commercial transportation—only to railways, which are placed at a decided disadvantage in having to compete with services operated only when the weather permits, and at times when operating costs are lowest. Further, these unsupervised services can, and do discriminate capriciously regarding the nature of the commodities they carry, and the rates they charge. While the railways of Canada pay approximately ten million dollars of taxes each year these other services are notoriously undertaxed, and, unlike the railways which run over their own properties, they increase the risk and discomforts of our already overcrowded highways.

A little thought will convince anyone that this is unfair to the railways and that—since railways are the only dependable agency for the provision of all-the-year-round transportation service—it is also hostile to the public interest. With winter approaching the importance of all-the-year-round service is easily appreciated.

The Canadian National Railways provides the best in railway service, and at all times and under all circumstances it is your efficient and unfailing servant.

Use the C. N. R. for all transportation purposes.

## TWO STARS TEAMED UP

Janet Gaynor and Charles Farrell Here With James Dunn and Ginger Rogers

Those two very popular screen favorites, Janet Gaynor and Charles Farrell, are seen together again at the Capitol Theatre this week-end in "Change of Heart," it being the first occasion in eighteen months that they have been co-starred. With them appears a splendid cast headed by James Dunn and Ginger Rogers and also including Beryl Mercer and Little Shirley Temple.  
Two significant changes have been made in connection with the return to the screen of the Gaynor-Farrell team. "Change of Heart" is the first picture definitely to present Miss Gaynor in a grown-up role and it is the first to reveal the two stars in a realistic setting. Idealism is abandoned and they present brand-new portrayals to their admirers.

The story deals in human fashion with the joys and sorrows of four young people who, after leaving college, struggle against the trials and vicissitudes of a great city, the theme being a unique one.

The week-end program at the Capitol also includes the latest Laurel and Hardy comedy, the Silly Symphony "Big Bad Wolf" in technicolor. Chic Sale in "Old Chop" and a Metro news reel.

At the Rotary Club luncheon yesterday guests were R. L. McIntosh, Dr. J. P. Cade, W. Cruikshank, Dr. C. H. Hankinson, Capt. Gillatt and Ed. Lipsett.

## Queen Charlotte Deer and Geese Are Plentiful

SKIDEGATE, Oct. 19.—The hunting season has opened on the Queen Charlotte Islands with plenty of deer but few hunters going out. Since the last hunting season, a very large increase in the number of deer on the Islands is noted. Wild geese are also plentiful on the Islands this fall.

## Healthy ... Happy ... Wise!

COUNT those friends of yours who get a lot of happiness out of living. Health helps them see the bright side of things—smooths over the every-day lumps. They're happy because they're healthy.

Downcast days frequently follow common constipation. It may cause headaches, loss of appetite and energy. Yet it can be overcome usually by eating a delicious cereal.

Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" and vitamin B to aid regularity. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Special processes of cooking and flavoring make Kellogg's ALL-BRAN more palatable than ordinary bran.

Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

Keep on the sunny side of life
