### ULTIMATUM DECISION IS FINAL

Chief Magistrate of Seattle Demands End of Longshore Strike; Radicals in Frisco

SEATTLE, June 15: (CP)—There was little change in the maritime workers' strike along the coast today.

SEATTLE, June 15:—Addressing the Junior Chamber of Commerce here, Mayor Charles Smith declared that neither side was in the right in the longshoremen's strike. "It is a case of a small minority working a hardship on the majority," declared Smith. "The dispute must be settled at once," asserted the mayor in declaring that, unless there was a settlement by 1 o'clock Thursday afternoon, he would be prepared to take definite action. Fears were expressed here yesterday that Alaska shipping, which has been moving since the end of last week, might again be tied up.

#### CARRYING AUTOS TO INTERIOR

The service given by the railway in carrying automobiles between Prince Rupert and interior points is to be discussed and passed upon by the Board of Railway Commissioners in the near future.

At present the business is practically nil. Cars cannot get to Terrace or Hazelton without paying a toll that is prohibitive. Tourists as well as Prince Rupert residents are cut off from enjoying the right to motor to outside points because the railway authorities have not so far considered it good business to carry their cars. They might as well put up a sign reading "No cars carried."

While it is difficult for a layman to talk costs to a railwayman, we cannot believe that, if this business were organized on a popular basis, it might not become profitable. Suppose each train carried one or two flat cars that were shunted off at Cedarvale or Hazelton and picked up there on the return, leaving the citizens of those places to arrange for the unloading and loading, it seems as if the problem would be solved. At a cost of ten dollars each there would be a more or less constant income from this source for the railway company and everybody else would be satisfied.

There is not the slightest hostility to the railway company in making this suggestion. Sooner or later Prince Rupert people must be given an opportunity to take their cars to the interior and the railway is the most suitable means of conveyance at present. With the possibility of taking the car to the Bulkley Valley, car owners would increase in number and there would follow a greater community of interest between Prince Rupert and the people of the hinterland.

## Terrace is Busier Town Today Than For Some Time; Timbering And Mining Give Work to Many

(By C. Irvine)

TERRACE, June 12:—Terrace as a whole is looking much busier now than it has for some time and the people here are feeling much more optimistic about the future. Truck loads of logs and ties are being brought in daily and the sawmills in Terrace are being kept busy all the time, giving employment to quite a number of men. There are five sawmills in operation in and around Terrace—the Inter-Valley Lumber and Supply Co., the Little Lumber Co., Lakelse Lumber Co., Vanarsdol Lumber Co. and the Carl Pohle Lumber Co. These mills are being kept busy cutting railway ties, switch ties, poles and piling.

## COLTHURST IS SPEAKER

Tells Rotary Club About Oxford Group Movement in Address At Luncheon

Captain J. B. Colthurst of Terrace, in an address to the Rotary Club yesterday afternoon at the Commodore Cafe, spoke of the Oxford Group Movement, its origin and spread and its effect on the life of each community where it had taken hold. It was a scheme for the co-operation of God and Man. Frank Buchman, the originator, was an American who, when in England in 1906, heard a woman give an address of "Surrender to God and the Folly of Resentment." He later met John R. Mott, who suggested he should go to the States and take up Y. M. C. A. work at the University of Pennsylvania. He did so with marked success until there were no fewer than 1500 men in his Bible class.

A group meeting was held at Cambridge, England, in which Oxford men were invited and this gave the movement its name. The movement spread to South Africa and was the means of getting Smuts and Hertzog together to work in unison for the good of the country.

The speaker expatiated on the outstanding features of the movement such as guidance, sin, sharing, stewardship, teamwork and loyalty and its effect on his own life. He said that there was in Canada, as a result of the movement, a new spirit of confidence and optimism. It was the best antidote for communism. He saw it spreading through the whole country until the Dominion from sea to sea became a Dominion of God.

Henry Whittaker, provincial architect, who arrived in the city at the end of last week from Smithers in the course of a northern trip on official duties, sailed Wednesday afternoon on the Prince George to make the round trip to Anyox and Stewart and was proceeding through to his headquarters in Victoria last evening.

Then the Columario mine at Usk has done much to brighten the aspect for the people here, reducing the unemployment list for Terrace and district by some sixty or seventy men.

There seems to be a steady increase of new families coming in from points along the line to locate in Terrace. This spring there have been a very noticeable number of these families and houses that for some time have been empty are now being occupied. In most of these families the men are working along the line putting in ties and other repair work along the road.

Owing to the early spring the strawberries and orchards, as well as the flower gardens, are two or three weeks ahead of usual. People were beginning to fear that on account of the lack of moisture the crops this year would be dried up and ruined but, on Saturday morning, came the much needed rain and, with this element of nature assisting, very good crops are anticipated.

Each year Lakelse Lake seems to become more and more popular as a summer holiday resort. Camps are still being built off the lake shore and people from Terrace and all around the district come to Lakelse to spend their vacation. It is anticipated there will be more this year than ever before. There are at present fifty camps around the lake and during the summer months about as many more tents are put up.

At the Rotary Club luncheon yesterday guests were Captain Colthurst of Terrace, W. H. Wilson Murray, Frank Dockrill of Telkwa and Clarence Thomson of San Francisco. John Dybhavn presided.

# MAX BAER IS NEW WORLD'S HEAVYWEIGHT CHAMPION

## Primo Carnera Suffers Technical Knockout in Wild Fought Battle

Young Californian Clowns His Way to Victory Over Massive Man Mountain From Italy Who Was Completely Outclassed and Went to Canvas Eleven Times

NEW YORK, June 15: (CP)—Max Baer, young 210-pound Californian, ascended to the pugilistic throne of world's heavyweight boxing champion last night by ending the brief reign of Primo Carnera, the massive Italian giant, who outweighed him by more than fifty pounds, with a technical knockout soon after the start of the eleventh round at Madison Square Garden Long Island Bowl. From the outset, the issue was never in doubt and, almost from the opening gong of what was scheduled to be a fifteen round bout, it was apparent that a new boxing monarch was about to be crowned. Baer worked hard on Carnera's heart region and midsection with terrific rights and lefts. Carnera was knocked down, even in the first round no less than three times, going to the canvas eleven times in all. He was down three times in the second and once in the third but not again until the tenth. Baer took every one of the rounds.

At the end of the sixth the Italian was lying against the ropes almost out before Baer's slashing two-fisted attack on his body. Carnera was revived somewhat for the seventh and then made a better showing for three rounds. Both were trying hard for a knock-out but Baer continued to hit the hardest although Carnera was also able to land himself, lighter though they might be. The tenth saw the huge European in trouble again. He could not take Baer's terrific rights to the body and went down three times, once for the count of two, but was up again although dazed and staggering. The crowd called on the referee to stop the fight but he refused to do so. Carnera was obviously unable to weather the storm further in the eleventh and after the Italian had gone down twice, the referee, Arthur Donovan, held up Baer's arm in token of a technical knock-out. It was the first time in his spectacular career

that the "Man Mountain" had taken such a beating.

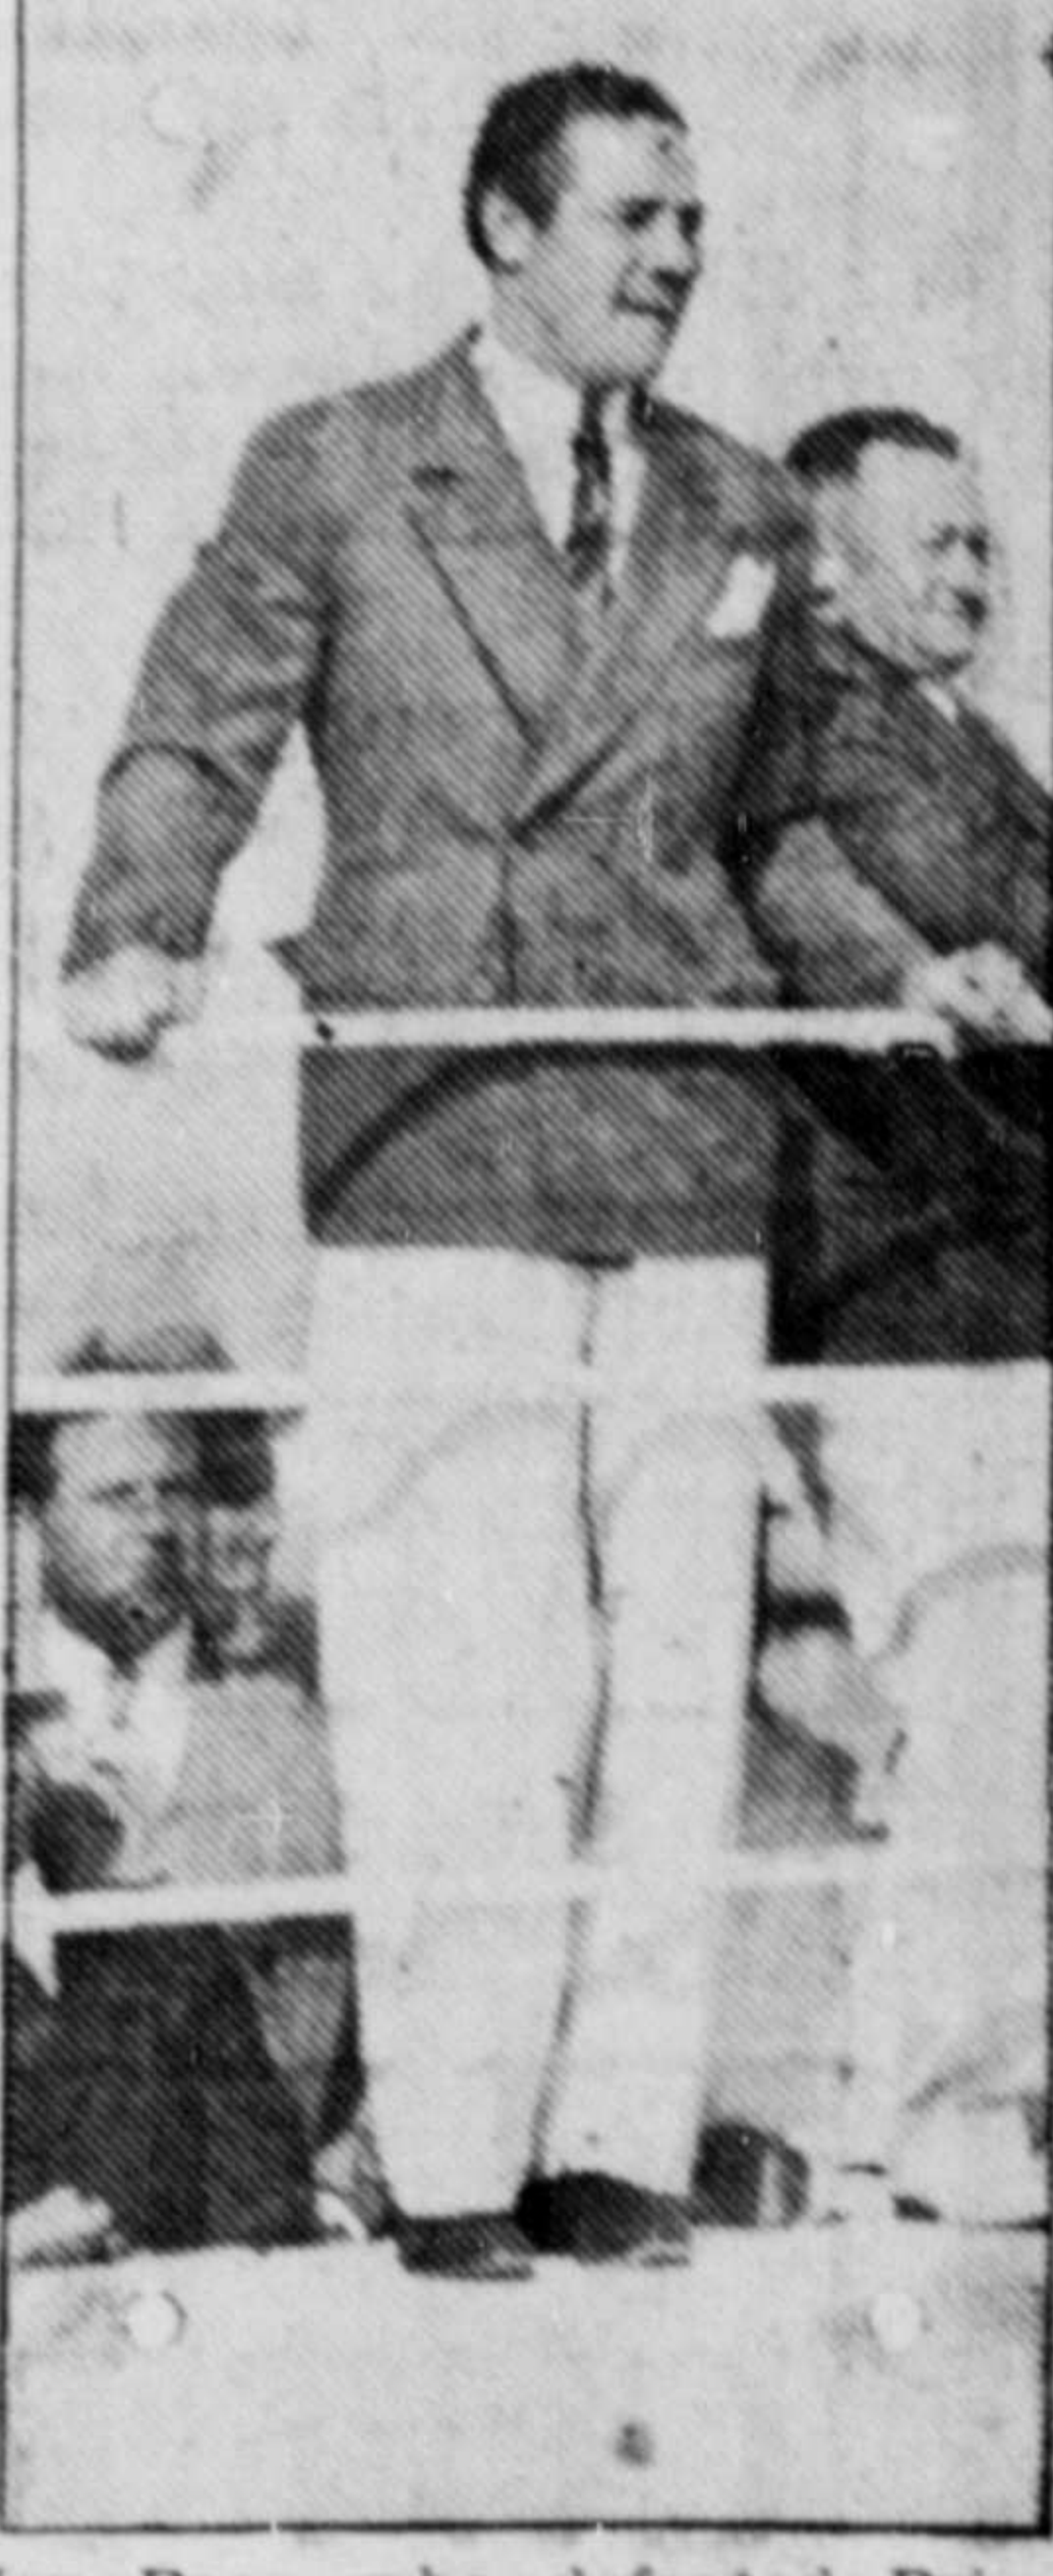

### Wild Scenes

In scenes as wild as the modern ring has ever seen, Baer virtually clowned himself to the title. Although it was a mixture more of comedy than tragedy, Max was clearly too clever for the Italian. He took all Carnera had to offer, gave plenty in return, proved elusive when necessary and, withal, made the champion look very foolish. Primo was knocked down so often that it almost looked funny. Carnera led with his left while Baer relied largely on his right. The one-sided duel ended in virtual chaos although Carnera was back on his feet when the referee called it off two minutes and sixteen seconds after the start of the eleventh round.

All the savagery and drama of Jack Dempsey's conquest of Luis Firpo, something the prize ring thought never would be equalled, rocketed out of the past to awe the fans as Baer rushed his way to the championship over Carnera's battered body. Helpless at the end of the tenth round, when Referee Donovan almost stopped the fight between the two knockdowns, Carnera staggered out for his finish in the eleventh—bloody and semi-conscious but as brave as any man who ever went to so certain a fate. That the challenger fought only in flashes probably accounted for the fact that Carnera lasted as long as he did.

A crowd of fifty thousand fans witnessed the battle and the gate

receipts were estimated at \$350,000. Carnera, weighing 263½ pounds, had a 53½-pound advantage in weight over Baer as the fighters entered the ring.

### SPORT CHAT

The second half of Wednesday night's Junior League football game was vigorously contested with Booth and Borden teams alternately attacking. Bob Williscroft checked well and Clausen kept his goal clear and fed his forwards effectively. A fine run by Monkley ended with a clever centre which Fitch received and placed well. O'Neill got possession and, with a fine shot, scored. Borden's second goal. From the centre Booth pressed and Ritchie shot but Rostuk cleverly saved. Husoy drove hard from a free kick but Postuk was safe. Booth had now an opportunity when a penalty was awarded but Ritchie was unable to score. Another fine run and centre by Monkley ended in Gulick scoring a third goal for Borden. Booth again pressed and was awarded a free kick for hands just outside the penalty area. Clausen, with a fine shot, drove the ball through Postuk, thinking that the ball had to be touched twice, made no effort to save. Encouraged by this success, the Booth forwards again pressed and were rewarded when Carlyle scored a fine goal. Booth tried hard to equalize but Mah, Fitch and Roma were hard to get past, and the Borden forwards were determined to have their share in attacking. No further scoring took place.

Dominion Day Cup Series Gets Off To Good Start With Legion and Merchants Playing Draw

If the closeness of the contest put up last night by the Canadian Legion and Merchants in playing a three all draw in the opening game of the series may be taken as any criterion, the Dominion Day football competition this year should be a hard fought out soccer war. It was a ding-dong battle all the way with the issue ever in doubt. True the Merchants took a two-nil lead for the first half but, after the switch over, the Legion was up and at it and, a short time before the final whistle, was leading 3 to 2. Then Albert Dickens, following a scrimmage, scored on a doubtful penalty against Currie to even things up.

Delightful Affair Yesterday Afternoon at Home of Mrs. Thomas Silversides  
A delightful strawberry tea and sale of home cooking was held yesterday afternoon by the Ladies' Aid of First United Church at the home of Mrs. Thomas Silversides, Fifth Avenue West. It had been planned to have a lawn party but inclement weather made it necessary to hold the affair indoors. Nevertheless, there was a good attendance and the affair was as successful as it was enjoyable.  
Mrs. Silversides and Mrs. James Krikevsky, president of the Ladies' Aid, received the guests.  
Miss McGregor, Mrs. Frank Derry, Mrs. M. A. Thomas and Mrs. Jenkins poured and Mrs. Stevens, Mrs. L. H. Haworth, Miss B. Stiles and Miss Ruth Wilkinson were servers. Mrs. Santerbane and Mrs. Moore were cashiers. Mrs. Clavering and Mrs. N. Thomas had charge of refreshments.  
In charge of the home cooking sale were Mrs. Hugh Killin, Mrs. G. F. Davey and Mrs. W. B. Cornish.  
During the afternoon there were acceptable piano solos by Miss Jean McLean, Miss Aileen Hamblin and Mrs. S. A. Kielback.

Seventy Men in Employment on Construction and Development At Columario Mine

After paying one of his periodical visits of inspection to the Columario mine at Usk, where mill and tramline construction as well as mine development have a crew of some seventy men at work, H. L. Batten, well known consulting mining engineer, arrived in the city from the interior on last night's train and sailed aboard the steamer Prince George for Vancouver.

Bunkhouses, messhouses, bathhouses, storerooms, etc. are being constructed as quickly as possible in addition to the mill buildings proper. Teams of horses are being kept busy transporting the supplies, machinery and lumber from Usk to the mine and the community there is busier than it has been for years.

It is expected to have the mill construction work completed about the end of August or early in September.

**GARBO HAS FINE ROLE**

"Queen Christina" Gives Swedish Film Star Greatest Part She Has Ever Had

"Queen Christina," much-discussed and long-anticipated picture featuring Greta Garbo and John Gilbert in the leading roles, comes to the Capitol Theatre today and tomorrow and is expected to draw large audiences. A spectacular presentation of Seventeenth Century romance, as depicted in the life and loves of Sweden's famous queen, the film is primarily historical. It is based authentically upon events and customs of the time, presenting elaborate, accurate and beautiful settings.

The story deals with Christina who, after being reared as a man, actually being crowned King of Sweden, finds the course of her life changed through the visit to her court of Ambassador Antonio Dimintelli of Spain, played by John Gilbert. Their open love affair incenses the nation against Christina, the people repeatedly clamoring for her marriage to Prince Charles, one of her countrymen. She is finally forced to expel her lover from the country but abdicates the throne in favor of Prince Charles, fleeing in pursuit of Antonio, only to find him slain in a duel.

The performance of Garbo is said to be the finest of her career while Gilbert is his old petulant self. Ian Keith, Lewis Stone, Elizabeth Youns and C. Aubrey Smith are among the members of the supporting cast.

Divisional headquarters of the provincial police here have been advised of the sentencing by Stipendiary Magistrate G. H. Milburn of Prince George of Robert A. Simpson of Valemont to six months imprisonment with hard labor on a charge of being in possession of stolen goods.
