TERRORISTS ARE TAKEN

Two Alleged Accomplices of King Slayer Arrested—All Quiet in Jugo-Slavia Yesterday

PARIS, Oct. 13: (CP)—Charged with complicity in the assassination at Marseilles on Tuesday of this week of King Alexander of Jugo-Slavia, two suspects were taken into custody by the French police at the Swiss border yesterday. One of the men confessed that he had come to France with the avowed intention of killing King Alexander. The other admitted having been associated with Petrus Kalamán, the dead slayer of the Jugo-Slav monarch. They are all believed to have been members of an international terrorist band which has vowed to rid Europe of all reigning monarchs. The arrests were made at Anne Masse.

The two suspects and two other men who escaped the police hunt for the assassin's accomplices were identified from photographs as being members of a Jugo-Slav refugee organization.

The terrorist band "Utashi," which Jugo-Slavia accuses Hungary of harboring, was stated today by the French Surete Nationale as having been identified as the power behind the assassinations of King Alexander and Foreign Minister Barthou on Tuesday.

A woman accomplice said to have been in company with Kalamán just before the Marseilles affair is also being sought.

PETER ACCLAIMED

BELGRADE, Oct. 13: (CP)—All was reported quiet yesterday in Jugo-Slavia. King Peter II, the new boy monarch, arrived in Belgrade from England, where he has been attending Eton College. The body of the slain King is due to arrive today. A scene of unprecedented popular acclaim, joy and devotion greeted the child King on his arrival to take the throne of his assassinated father.

BARTHOU BURIED

PARIS, Oct. 13: (CP)—Louis Barthou, who was assassinated at Marseilles on Tuesday, was buried here today with nearly every country in the world paying homage to his memory. Sir John Simon, British foreign secretary, represented the British Empire.

SHIPPING DIRECT TO ORIENT

It seems much more satisfactory to Prince Rupert to load the aspen logs which are being exported through this port direct to the Orient rather than have them towed to Vancouver and re-handled there. We can never expect to get anywhere if we are to always be an annex to Vancouver. We want the big ships to come here for cargo and the Vancouver officials to get used to the idea of their coming. This stagnation in the grain business will not always continue. At present the elevator is not used much but it will be used more. It the Pool will not do it, some other firm will want it just as soon as conditions improve sufficiently to warrant expansion. Within two years we shall probably be making regular shipments. The people of Prince Rupert will not be satisfied until a change has taken place which will make this a real grain port. The elevator must become something more than a storehouse and Prince Rupert people should strain every nerve to have the change brought about.

THOU ART THE MAN

We often criticize Vancouver for not paying enough attention to the outlying portions of the province. We say that the people there are self-centred and that they never take any action unless they can see in it profit for themselves.

At the same time Prince Rupert is often criticized by people of outside districts as being too much interested in its own affairs and not sufficiently in helping the surrounding country to develop. The statements made in each case are almost identical.

When we criticize other centres we have to beware that someone does not point the finger of scorn and say "Thou art the man."

PRIZES ARE PRESENTED

Ceremony Yesterday at Booth Memorial School Auditorium

Booth Memorial School Auditorium was the scene of a very interesting celebration yesterday afternoon when the prizes won by last year's entrance classes were presented by the regents of the Imperial Order, Daughters of the Empire, chapters.

Mrs. D. C. Stuart, Municipal Regent, occupied the chair and was accompanied on the platform by the regents of the primary chapters, the educational secretaries, the principals of the schools and W. J. Alder, city commissioner.

Mrs. Stuart outlined briefly the work done by the Daughters of the Empire and said that she hoped in better times that the prize list would be greater.

Mr. Alder congratulated the pupils who had won prizes and those who had worked hard and passed into high school even if they had won no prize. He said he hoped as times improved that he would be able to co-operate with the I. O. D. E. to make the number of prizes greater.

The following program was given after which the prizes were presented:

Piano solo, Mary Orme.
Vocal solo, David Houston, accompanied by Mrs. Black.
Piano solo, Maureen Kirkpatrick.
Recitation, Beryl Birch.

Prizes given by Queen Mary Chapter were presented by Mrs. Norrington in the absence of the regent, as follows:

Cheque for \$10, pupil first in entrance examination at Borden School, Alma Dybbavn.

Canadian History prizes, to first girl and first boy at Borden Street School, Mary Orme and Albert O'Neill.

The following prizes given by Hill 60 Chapter were presented by the regent, Mrs. H. L. Landry:

Cheque for \$5, pupil first in entrance at Booth Memorial School, Helen Valentine.

English prize, Alan Kergin.
First prize for Canadian History, Beryl Birch.

Second prize for Canadian History, George Brown, Geraldine Cade (equal).

Cambrai Chapter had already given a cheque for \$15 to Dorothy O'Neill as the pupil ranking first in the Junior Matriculation examination at High School.

The principals of the schools expressed their gratitude to the I. O. D. E. for the work done in the schools to encourage scholars after which the event was brought to a close with the singing of the National Anthem.

DEROGATORY
Editor, Daily News:—

In just what classification of lies to place your editorial "Worse Than Killing" I hesitate to say.

There are people who are not capable of taking in the whole of an address no matter how short it may be, and unfortunately they miss some very important things.

In my address of "Lies," I included under "damned lies" derogatory statements about a person made to do harm to that person. In emphasizing the point I suggested that such lies be killed as soon as they are made.

The word "derogatory," Mr. Editor, is found in most dictionaries.

Way to Ease Headaches, Pain Almost Instantly

METHOD OFTEN RELIEVES NEURALGIA AND RHEUMATIC PAINS IN MINUTES!

Remember the pictures below when you want fast relief from pain. Equally important, Aspirin is safe. For scientific tests show that Aspirin does not harm the heart. Remember these two points: Aspirin Speed and Aspirin Safety. And, see that you get ASPIRIN. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet. Get a tin of 12 tablets or economical bottle of 24 or 100 at any druggist's.

Why Aspirin Works So Fast

Drop an Aspirin tablet in a glass of water. Note that BEFORE it touches the bottom, it is disintegrating.

IN 2 SECONDS BY STOP WATCH An Aspirin tablet starts to disintegrate and go to work.

What happens in these glasses happens in your stomach—ASPIRIN tablets start "taking hold" of pain a few minutes after taking.

Feel That They're Slipping Losing Their "Grip" on Things

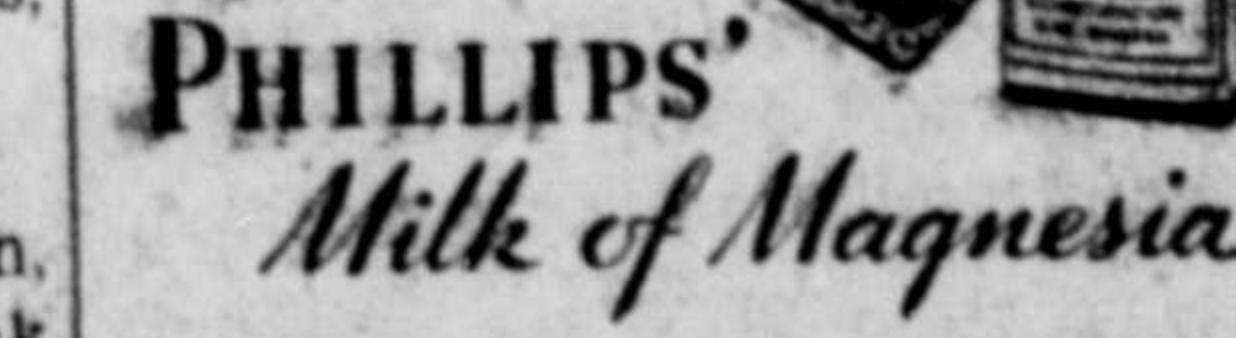

Many people "round 40 think they're "growing old." They feel tired a lot... "weak." Have headaches, dizziness, stomach upsets.

Well, scientists say the cause of all this, in a great many cases, is simply an acid condition of the stomach. Nothing more.

All you have to do is to neutralize the excess stomach acidity. When you have one of these acid stomach upsets, take Phillips' Milk of Magnesia after meals and before going to bed. That's all!

Try this. Soon you'll feel like another person! Take either the familiar liquid "PHILLIPS'" or the convenient new Phillips' Milk of Magnesia Tablets. Made in Canada.

ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

Moving Pictures At Church Enjoyable

Scenes of Scotland and Jasper Park Seen—Similar Entertainment For Children Last Night

Moving pictures of scenes in Scotland and Jasper Park proved very interesting to a fair sized gathering on Wednesday night in the social parlors of First Presbyterian Church. The pictures were shown by William Cruickshank, city passenger agent for the Canadian National Railways, and W. W. C. O'Neill was in the chair.

Last night Mr. Cruickshank showed a special selection of pictures for the Sunday School children with John E. Davey presiding.

Prince Rupert Troller in Rescue at Skidegate— Salmon Investigations on Islands—Halibut Landings

Skidegate Inlet recently experienced one of the most severe westerly gales that has been felt for many a year, the people of Skidegate nearly witnessing a serious tragedy when Ernest Dudoward's seiner Anna Louise went adrift. The vessel became adrift while the members of the crew were ashore and they did not notice the fact until

the craft was out in the worst part of the storm. The five men at once look after the larger boat with the seine skiff but, when they got out in the inlet, they found that their frail craft could not weather the storm. Unable to make shore in the terrific gale, it looked for a while like all were doomed. Then Capt. H. Simonsen of Prince Rupert, with his big trolling boat, went out single-handed through the worst part of the storm and rescued the five men from the skiff, taking them to the seiner which, by that time, had drifted nearly across the inlet. Splendid seamanship and considerable courage was displayed by Capt. Simonsen.

Dr. A. L. Pritchard, who has been in charge of pink salmon research work at McClinton Creek for the Biological Board of Canada during the past few weeks, arrived in the city on the Prince John yesterday from the Islands and sailed last night on the Princess Adelaide for the south. Dr. Pritchard is a member of the scientific staff of the Nanaimo biological station. Satisfactory results attended this year's work at McClinton Creek.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, arrived in port at 7 o'clock last evening from the south and sailed at 10 p.m. on her return to Vancouver and waypoints.

With the fishing season coming to a close for the year two weeks from today, halibut landings at the port of Prince Rupert so far this year have totalled 13,467,365 pounds as compared with 12,454,200 pounds at a corresponding date last year. American landings for this year have reached a total of 7,707,600 pounds in comparison with last year's 7,344,200 pounds while the Canadian catch is 5,759,765 pounds as against 5,110,000 pounds in 1933.

During the past week landings have amounted to 441,500 pounds of which one Canadian boat accounted for 16,000 pounds, the remainder being from American vessels. The Canadian boat was the Takia which received 6c and 45c for her catch. The price for American fish ranged from a high of 10.6c and 5c, paid the Coolidge for 21,000 pounds, down to 6c and 4c which a number of boats received.

Little, if any, damage was done to the Massett Cannery fish packer

had been spending a couple of weeks at the springs.

An American cutter from Ketchikan is due here on Wednesday morning of next week to pick up Corp. Robert Gibson, provincial police, who will give evidence at Ketchikan in a case in which Pat Kelly of Ketchikan is charged with the theft of a gasboat. Some months ago Kelly was arrested in Prince Rupert for the American authorities, he having come here with the allegedly stolen boat. It is expected that Corp. Gibson will be away two or three days.

Herbert Henry Griffin of Vancouver, who was called to the British Columbia bar a few days ago, passed through the city on Wednesday of this week on his way from Vancouver to Smithers where he will take over the practice of the late L. S. McGill.
