Radical Monetary Move Is Put Forward By Grit Member From Vancouver

Retirement of Large Block of Canada's National Debt By Turning Out of More Currency, Possibly \$430,000,000, Is Daring Suggestion

OTTAWA, Feb. 26: (CP)—A new and drastic departure in economic affairs was advanced before the House of Commons yesterday by Hon. Ian Mackenzie, Liberal member for Vancouver Centre, who suggested the retirement of a large block of Canada's national debt by a gigantic issue of new money to the possible extent of \$430,000,000. It is one of the most radical monetary proposals ever made in Parliament.

Interesting Series of Sermons Delivered at First United Church By Rev. C. D. Clarke

Obsolete Ideas

Books of Daniel and Revelations Interpreted in Interesting Manner—Persecution Discussed

"The Books of Daniel and Revelations in the Light of Modern Knowledge and Common Sense" is the topic of a series of sermons at First United Church by Rev. C. D. Clarke. The first of the series was given a week ago and the second last Sunday.

"Owing to the broadcast of speculative interpretation of these Books I feel impelled to present them in the light of modern knowledge," said Mr. Clarke. "The manner in which the Bible is studied in recognized theological institutions and universities in Canada, Britain, United States, Germany, etc. is not to take the Book as it appears on the surface but to enquire: Why was the Book written? When was it written? Who wrote it? What were the conditions at the time it was written? This necessitates the study of history of Bible times and of the nations of Egypt, Babylon, Assyria, etc. and also the study of archaeology. This is the x-ray method of study. Experts are required to read x-ray pictures and experts are also required to study the Bible and we depend on their discoveries. This method of study makes all the difference between supposition and fact, between the sea-serpent and a basking shark.

"This method of study has revealed different types of literature in the Bible and has determined the approximate dates the different books were written. Toward the close of Old Testament times there arose a type of literature known as 'apocalyptic' or the 'literature of the Apocalypse.' This writing flourished from 200 B.C. to 200 A.D. The Books of Daniel and Revelations belong to this literature. They are tracts for the times in which they were written and not panoramas of future events. They were related to crises and particularly to periods of persecution. They were written to encourage the people to endure and gave hope of deliverance.

"Daniel was written in the year 168 B.C. when the Jews were undergoing persecution at the hands of Antiochus Epiphanes whose aim it was to wipe out Judaism and use the temple for the worship of Zeus. The first half of the Book recounts how Hebrew youths remained true to their religion when in Babylon and how God took care of them. Would He not also care for those who are being persecuted? In the second part of the Book we find history written in the form of prediction. 'The empires of Babylon, Media, Persia and Greece all had their day and came to an end—Antiochus is no exception, he will also fall. There is hope, God's deliverance will come soon! The little horn at whom the writing was aimed was Antiochus. The transgression of desolation was the erection of the altar to Zeus in the temple in Jerusalem on December 15, 168 B.C. and the offering of swine ten days later. The Book had effect, the Maccabees led a revolt which overthrew Antiochus and restored the worship of Jehovah in Jerusalem."

J. O. Williams, customs officer at Whitehorse, and Mrs. Williams, who have been on a vacation trip to Vancouver, were passengers aboard the Princess Norah on Sunday returning north.

Chloroformed By Uncle Sam

Bats in the belfry, maybe—but fruit-eating bats on Catalina Island—not so good. Two "flying fox" bats from Java were sent to the Catalina bird farm, but fearing that they might escape, multiply and gobble citrus fruits, Uncle Sam ordered them killed.

Verdict of Guilty is Returned By Jury in Ontario Axe Killing

Passing of Death Sentence Deferred Until Today When May 2 is Set by Presiding Judge, Mr. Justice Nichol

BELLEVILLE, Ont., Feb. 26: (CP)—Harold W. Vermilyea last night was convicted by a jury of the hatchet murder of his seventy-nine year old mother, Mrs. Aurelia Vermilyea. Mr. Justice Nichol deferred passing of the death sentence until today when he set May 2 as the date on which Vermilyea should be hanged. The killing occurred several months ago and Vermilyea was arrested in California a few days after it was perpetrated.

TOMB IS VISITED

Washington's Birthday Honored By President Franklin D. Roosevelt

WASHINGTON, D.C., Feb. 26:—President Franklin D. Roosevelt visited the tomb of George Washington and laid a wreath thereon in honor of the birthday of the first president.

In Congress there was the traditional reading of the Washington farewell address in observance of the day.

Business throughout the country was suspended and all government offices were closed.

LIONS WIN OVER HAWKS

Vancouver Back in Tie With Portland For Second Place in Northwest League

VANCOUVER, Feb. 26: (CP)—Vancouver Lions moved back into a tie with Portland Buckaroos for second place in the Northwestern Professional Hockey League standing as a result of a close 3 to 2 victory over the league-leading Seattle Sea Hawks in a hotly-contested game here last night.

Preliminary Meet On Gymnasium For This City is Held

A preliminary meeting of representatives of interested bodies was held Monday afternoon in the city council chamber to discuss the community hall project. Ways and means were informally discussed, and the representatives will report back to their respective organizations.

Those in attendance were S. J. Jabour, Dr. R. G. Large and W. M. Watts, representing the Gyro Club; Foster Willan, T. J. Williams and Phil Edgcombe, the Junior Chamber of Commerce, and S. D. Johnston, the Rotary Club. Representatives of the Prince Rupert Chamber of Commerce were unable to be present.

Shower-Dance For Miss Jean Wilson And Sid Elkins

In honor of Miss Jean Wilson and Sid Elkins, whose marriage is to take place this Saturday, a delightful shower party was held last night by numerous friends of the contracting couple at the home of Mr. and Mrs. S. C. Thomson, Fourth Avenue East. Many beautiful gifts were presented and the evening was delightfully spent in dancing. Delicious refreshments were served.

J. O. Williams, customs officer at Whitehorse, and Mrs. Williams, who have been on a vacation trip to Vancouver, were passengers aboard the Princess Norah on Sunday returning north.

Alaska Highway is Still Far From Materialization; Ottawa Minister Says Little Demand

OTTAWA, Feb. 26: (CP)—"So far as I know the matter has not come within the realm of practical politics in the broad sense of the term," Hon. Grote Stirling, minister of national defence, said yesterday in regard to proposed joint action by the United States and Canada to build the Alaska Highway. Outside of the fact that it had been discussed in after dinner speeches and lauded as an excellent proposal, little had been done about it, he said. He was unaware of any general demand in British Columbia for construction of such a highway.

The comment of Mr. Stirling was in connection with dispatches from Washington announcing that the Senate had passed the McNary Bill providing \$2,000,000 for the construction of the Alaska portion of the proposed highway. The bill, similar to one proposed by Delegate Anthony Dimond of Alaska, now before the House at Washington, would also authorize the President to negotiate with Canada to construct its portion of the highway.

Museum Board Held Meeting Yesterday

The Prince Rupert museum board was in session yesterday afternoon to discuss a number of matters including the Hyde collection of curios. The meeting was held in the Canadian Bank of Commerce and R. L. McIntosh, chairman of the board, presided.

CREMATION IN SOUTH

The remains of Kanji Fujisaki, Cassiar cannery fisherman, who died yesterday morning while being brought into the city from the Skeena River for hospital treatment, was forwarded this afternoon aboard the steamer Cardena to Vancouver where the funeral will take place with cremation. There was a brief service at Hayner Bros. chapel here with Rev. T. Matsu moto, Japanese missionary, officiating, before the steamer sailed. An inquiry was held yesterday afternoon by Coroner Norman A. Watt, death being found to be due to natural causes.

BETTY GOW BACK HOME

Returns to Glasgow After Attending Hauptmann Murder Trial

GLASGOW, Feb. 26:—Betty Gow, former nursemaid in the home of Col. and Mrs. Charles A. Lindbergh at Hopewell, N.J., returned to her home here at the week-end from United States where she went to appear as a witness in the Hauptmann murder trial.

To spare her from the curious gaze of thousands who had gathered, she was spirited quietly off the ship on landing at Southampton by police officers and members of the vessel's crew.

Mrs. Gow was met at Southampton by her mother with whom she returned to Glasgow.

Will Not Repair Wrecked Ferry

Powell River Boat Norsal May Join West Vancouver Fleet

VANCOUVER, Feb. 26:—The motor ferry West Vancouver No. 45, which was sunk in a collision recently with the steamer Princess Alice, will not be repaired, it was announced by the owners yesterday. Repairs would have cost \$12,000.

Officials of the company have made an inspection of the Powell River Co's yacht Norsal with a view to purchase for use as a ferry boat.

LECTURES COMMENCE

Good Turn-Out Last Night at First Of Dr. Mandy's Discourses

A series of mining lectures for prospectors and all other persons who may be interested in the important industry in any of its phases was opened last night by Dr. Joseph T. Mandy, resident mining engineer, in the city council chamber, about thirty persons being in attendance. The inaugural meeting was opened by City Commissioner W. J. Alder who alluded to the importance of mining to the city of Prince Rupert and in the development of Northern British Columbia.

The Commissioner then turned the meeting over to Dr. Mandy who, at the outset, expressed appreciation of the generous co-operation of Mr. Alder in connection with the making available of quarters for the lectures and in other ways.

Dr. Mandy gave his listeners an interesting history of mining, geology and affiliated subjects. He went into the planetesimal theory of the history of the earth, describing how it had been formed out of and consolidated from a gaseous nebula, originating from the sun from which it had been drawn by attraction by another planetary body. The gradual development of the present condition of the earth was described including the solidification of the sixty mile crust which contained the ore bodies which were to be found from five to fifteen miles from the surface. Dr. Mandy referred to the various processes which had resulted in the sculpturing of the earth to its present shape and then led up to the occurrence of rocks and minerals which will be further gone into at the next lecture.

Dr. Mandy announced that a change had been made from the original plan and that, starting at once, the lectures would be held each Tuesday and Friday evening instead of Monday and Thursday evenings as originally announced.

JAP CARS ARE CHEAP

Good Motor Manufacturers May Soon Enter World's Markets, Washington Believes

WASHINGTON, D.C., Feb. 26:—The Department of Commerce announces that the Japanese automobile industry is reaching a point where it may soon be a competitor in the foreign markets. The principal attraction of Japanese automobiles is their low gas consumption and their price which is about \$285.

Mrs. Alice Chisholm Passes in Hospital

Was Sixty-Seven Years of Age and Native of England—Resided On Eighth Avenue

Mrs. Alice Chisholm, who lived on Eighth Avenue near the corner of McBride Street and who had been a patient in the institution since February 7, passed away last night about 10 o'clock at the Prince Rupert General Hospital. She was born in England and was sixty-seven years of age. As far as can be learned, she had no relatives in this country. She has a sister, Mrs. Smith, in Birkenhead, England. Funeral arrangements are in the hands of the B. C. Undertakers.

The Letter Box

ANSWERS TO 'SOME QUESTIONS'

Editor, Daily News:—

I have read in your issue of February 25, a letter signed by "Curious" and have answered these questions as seriously and suitably as possible, and would ask "Curious" to pay careful attention to my views in the matter and you, Mr. Editor, to be kind enough to publish my opinion.

As is well known there was not going to be a city in the world larger than Prince Rupert, according to the opinions of those who first came here. Hence, they thought it necessary, it is believed, to put the houses so close together that even cats found it difficult to squeeze in between them on dark nights.

Slums may be said to have originated through landlords having built accommodations suitable for people of limited means—the working class chiefly. When such premises were built hygiene was not considered.

The name of the architect of the local liquor store is unknown to the writer. It is probably natural to assume that, whoever he was, he must have been impressed by California or Mexican buildings as suggested by "Curious." Whatever the case may be, it has frequently been noticed that the American tourists lose no time in entering the place concerned. Perhaps it looks like home. Personally, I have become accustomed to it and forget the appearance of the building once I get my crock.

There is no doubt that the Masonic Temple is a fine asset to the architecture of the city but the open sewers in its vicinity and elsewhere are by no means an asset. When these are covered, it will be more pleasant to live here. Of course, people who smell the same colors over and over again soon become accustomed to them and do not notice the strangeness.

There have been cases of sea gulls having been used as pets, but no one who lives by the sea would call the sea gulls a pest. Why should one not feel sorry for the gulls, when they, in the winter, find it hard to obtain the wherewithal to

live? After all, they obtain no relief. They face scarcity of food and they are out in the rain without shelter the whole long winter. No wonder that they feel and look sick. But behold! They have feasted on the herring recently and leave the streets and alleys to the cats and dogs. Are not many of the four-legged animals pests?

I do not claim to be acquainted with Comox Avenue although I have visited it when there was not a stir with the exception of a couple of sleepy looking canines and a man trying the knobs of the various houses. I am of the opinion, however, that it is essential but I do not wish to discuss it here.

Any one brightening up our city by use of paint deserves credit. It is to be hoped that paint will not be used so sparingly in the future. There is no paint on the market that would stand the weathering which it is exposed to in our districts.

Whether the float toilets in Cow Bay are inspected by any one in authority, I cannot say. There is no doubt that new ones are needed.

The writer agrees that the name of Prince Rupert was ill chosen to honor a great man. He could suggest names much more suitable, but they would hardly be fit printing.

Finally, I think that criticism of our city, as we see it, should be noted and considered, it is, as we all know, easy to criticize, but in some cases criticism is constructive. Let our future motto for Prince Rupert be: A cleaner, more beautiful city. More fragrance of flowers and less open sewers. More paint on the walls and more feed for the sea gulls. And, above all, let us get places where one can dare to be seen any time of the day or night without fear of gossip or a ruined reputation. But remember, a child's behavior depends upon the home chiefly, and secondly, the surroundings.

Yours truly,
"SWIFTY"

Miss Phyllis Harvey called this afternoon on the Cardena for a holiday visit to Vancouver.

A. W. Lipsin sailed this afternoon on the Cardena for a trip to Vancouver.

SCOFFS AT WORLD END

(Continued from Page 11)

The Temple on December 25, 1935 B.C.

Christians Persecuted
The Book of Revelation was written in 95 A.D. when the Christians were being persecuted by the Romans. The first three chapters contain letters of encouragement to churches in the province of Asia. Then follow a number of mystical visions of angels, trumpets and beasts. The author assures his readers that they can rely on the majesty and sovereignty of God and Christ. Persecutions will follow for a time due to the wrath of Satan who has been cast out of heaven but as he has been cast out of heaven so he will be cast from the earth with terrible judgment to Satan's representatives. There will be the 1000 years of peace with a final judgment and the establishment of the New Jerusalem.

The writing was sined at the power of Rome which was the agent of Satan. Rome was the enemy. The number 666 has been the basis of speculation for centuries. The Greeks and Hebrews used letters to stand for numbers and the number of the beast is 666. Speculators have found this to mean Mohammed, Saladin, Napoleon, the Kaiser and of course Hitler. Why speculate? The writer was writing against Rome and the worst emperor whom history had known had been Nero, hence Nero returned to life would become the final incarnation and the beastly representative of Satan on earth—Nero Caesar equals 666.
"Deliverance came to both Jews and Christians but not the way

predicted. To the Jews by revolution and to the Christians by Christianizing Rome.

End of the World

The theories of the end of the world are based on the old conception of the flat earth and floods, etc. as being a visitation of God upon sinful people. In such a world of course the writers lived. But we live in a universe in which the forces of nature are law-abiding. Nothing is so reliable as the laws which underly the universe. As man comes to know them he gains control over the world and who knows but that some day he will have complete control over storms, floods, etc. just as he has control over electricity and pestilences. Man has learned that God's way with the universe is not cataclysmic but the way of law, which knocks the end of the world idea on the head.

"In the second place the theory of the world's end ignores completely the record of human achievement in our world. Life for man today is better, fuller and more abundant than for any previous generation. Not that we have reached perfection but today there is more justice, more freedom, more regard for human life and a better understanding of human relationships than ever before. The ideals of peace, brotherhood and human welfare are more firmly rooted and generally accepted than heretofore. The progress of man has been upward as he has sought the highest good and the future is in his hands, in his eternal quest.

"In the third place the ideas regarding the end of the world ignore the nature of God as revealed by Jesus of Nazareth. The end of the world theory represents God as an

arbitrary, revengful Diety, loving His chosen people—but visiting with unspeakable and unending tortures his wrath upon those who do not please Him. Jesus on the other hand taught that God is the universal heavenly Father, who loves men the way Jesus loved them, never in anger, never in vengeance, never in arbitrary punishment but always in patience, unselfishness and unwearying efforts to lead people out into loving and brotherly lives.

"One redeeming feature about the people who hold theories about the end of the world being near at hand is that they deny their theories in the actual things of life. They build permanent buildings, carry life insurance, fight disease and pestilences and try to make the world a better place to live in and better people to live in it."

Rev. C. D. Clarke, pastor of First United Church, called this afternoon on the Cardena for a trip to Vancouver on church business.

Policyholders Own the "Assets" of Life Insurance Companies

As a great co-operative enterprise, Life Insurance has built up Assets in Canada totalling, approximately, two billion dollars. Yet these Assets are relatively small when it is realized that they are jointly owned by about 3,500,000 policyholders—one-third of Canada's population.

On the average, each policyholder owns \$571 as his share of the total Assets in Life Insurance Companies operating in Canada. Obviously, the great majority of policyholders are men and women of ordinary means—thrifty people who, year by year, have entrusted to Life Insurance part of their savings so that they may have financial security against the uncertain future.

These policyholders represent the best type of Canadian citizens. They have sought

to preserve their financial independence, and, as thrifty citizens, neither they nor their dependants are ever likely to become charges upon government or municipal relief.

To protect the interests of these 3,500,000 Canadian policyholders, Life Insurance Companies have invested their Assets in government and municipal bonds—in first mortgages—in public utilities and industrial enterprises—and in other authorized securities.

The soundness of the Investment policy of the Companies has been tried and proven during periods of severe financial stress. Governing and corporate bodies in which policyholders' moneys are invested have maintained the integrity of their obligations and made it possible in turn for the companies, in their capacity as trustees for the policyholders, to fulfill every obligation guaranteed by their policies.

Robert Gordon
British-Israel
Ass'n Speaker

At the semi-monthly meeting of the British Israel Association last night, a paper was given by Robert Gordon entitled "A New Era," declaring that God is calling the peoples of the state together again and is in process of unifying them all for the next stage of world history.

An interesting discussion followed.

The chair was occupied by F. H. Linzey, president of the association, and there was a good attendance of members, several visitors also being present.

SPORT NEWS

GROTTO IS NEAR CINCH

Took C. N. R. A. Into Camp Again In Senior Basketball Last Night

In the Senior basketball fixture last night the Grotto continued their bid for second half honors by winning 37-31 over Canadian National Recreation Association who had a lead of three points at half time and held it until the last few minutes when Gurvich and Morgan clinched the game for the Grotto. Brick Skinner bounced two players of each team, calling 15 fouls on the C. N. R. A. and 13 on the Grotto.

The game was ragged with little pretence at combination by either team. If the C. N. R. A. had played more basketball and done less bickering with the referee the result might have been different. If the Grotto win on Thursday night they are cinched for the play-offs.

In the Ladies' League game Grotettes won over Annette's quintette 12 to 9. The Grotettes took the lead from the start and half time score was 6-2 in their favor. Smith and Gulick turned in a good game for Grotettes.

The intermediate High School team took the Warriors into camp in a listless game 30 to 19. The issue was never in doubt with High having a seven-point lead at the interval. Naylor and Viereck proved the mainstay of the Warriors but little support. Lindsay turned in a nice game for the Students.

In the opener the Scythians had an easy win over the High School 21-14. The Scythians played nice basketball and no doubt will supply much intermediate material for the next season.

Individual scoring was as follows:

Ladies' League
Annettes—Stone (2), Boddie (4), Brochu (3), Morris, Brand, Stamp-Vincent; total, 9.
Grotettes—Smith (6), Beale (6), Dickens, Croxford, Hallberg, Gulick, McMeekin; total, 12.

Senior League
C. N. R. A.—Johnson (13), C. Smith, Stiles (8), Steffensrud (1), Nakamoto (2), E. Smith (4), Morrison (3); total, 31.
Grotto—Ratchford (4), Hickey, Murray, Morrison (3), Gillis (3), Morgan (11), Gurvich (16); total, 37.

Junior League
Scythians—Dominato (14), Montensano (4), Gillis (3), Letourneau, Astori, B. Roma, H. Montesano, Antonelli; total, 21.
High School—Houston (4), Hirano (2), Kelsey (6), Veitch (2), Husoy, Lear, Munro; total, 14.

Intermediate League
Warriors—J. Comadina, Viereck (6), Dominato (5), Miller, Naylor (8), Fitzpatrick, F. Comadina; total, 19.
High School—Campbell (6), Morgan (4), Lindsay (12), Davis (4), Fulton (4), Hirano; total, 30.

SCHEDULE OF WHIST

March 1—St. Andrews vs. I.O.O.F., Sons of Norway vs. Canadian Legion.
March 8—I.O.O.F. vs. Canadian Legion, Grotto vs. St. Andrews.

HOCKEY SCHEDULE FOR PRAIRIES IS CANCELLED AND TEAMS DISBANDING

CALGARY, Feb. 26.—Owing to lack of ice at Calgary due to mild weather and the financial impossibility of the coast teams making the prairie trip to play only Edmonton, the balance of the North-west Hockey League schedule as far as Calgary and Edmonton are concerned is being cancelled, it was announced yesterday, and the two teams are to be disbanded. The Portland, Seattle and Vancouver teams will finish out the schedule.

MOOSE WIN IN CRIBBAGE

Capture Second Half Honors And Will Meet Oddfellows, First Half Winners in Final

Although defeated 14 to 13 by the Grotto last night in the final scheduled games of the season, Moose ran out winners of the second half of the Prince Rupert Cribbage League schedule and will play off next Monday with Oddfellows, winners of the first half, for the season's honors. Last night's scores were as follows:
Grotto, 14; Moose, 13.
Canadian Legion, 14; Meat Packers, 13.
Empress, 17; Oddfellows 19.
Elevator, 14; Canadian National Recreation Association, 13.

The final standing for the second half of the season is as follows:

	G.	F.	A.
Moose	7	103	86
Canadian Legion	7	101	88
Empress	7	100	89
Grotto	7	97	92
Elevator	7	94	95
Meat Packers	7	88	101
Oddfellows	7	87	102
C. N. R. A.	7	86	103

SPORT CHAT

Although there has been a virtual suspension of Prince Rupert Billiard League activities during the last week it is still being planned to continue the schedule with line-ups for this week's games as follows:

Tonight—G. P. Tinker (Canadian Legion) vs. C. P. Balagno (Elks), Jack Allen vs. W. E. Williscroft, G. A. Woodland vs. James Andrew, Arthur Beale vs. William Stuart, George Cripps vs. J. E. Morris; M. M. Lamb vs. Harry Menzie.

Thursday—Don Brown (Grotto) vs. E. Cameron (Empress), Earl Batt vs. A. Donald, George Howe vs. M. E. Young, Bert Morgan vs. Pete Pritchard, T. Kerrigan vs. Len Raabe, J. Sutherland vs. R. McLeod.

Following are the outstanding games:

February 21—E. Cameron (Empress) vs. G. P. Tinker (Canadian Legion), A. Donald vs. J. Allen, M. E. Young vs. G. A. Woodland, Pete Pritchard vs. Arthur Beale, Len Raabe vs. George Cripps, R. McLeod vs. M. M. Lamb. (None so far played.)

February 19—C. P. Balagno, Elks, vs. Don Brown, Grotto; James Andrews vs. George Howe; J. E. Morris vs. T. Kerrigan. (Aggregate score to date: Elks, 690; Grotto, 671.)

February 14—G. A. Woodland, Canadian Legion, vs. George Howe, Grotto; George Cripps vs. Bert Morgan. (Aggregate score to date: Canadian Legion, 864; Grotto, 958.)

February 5—James Andrews, Elks, vs. G. A. Woodland, Canadian Legion; J. E. Morris vs. George Cripps. (Aggregate score to date: Elks, 966; Canadian Legion, 859.)

January 31—George Cripps, Canadian Legion, vs. Len Raabe, Empress. (Aggregate score to date: Empress, 1214; Canadian Legion, 1162.)

January 29—George Howe, Grotto, vs. James Andrews, Elks. (Aggregate score to date: Elks, 1141; Grotto, 1058.)

January 24—J. Sutherland, Grotto, vs. George Cripps, Legion. (Aggregate score to date: Grotto, 1186; Canadian Legion, 1021.)

January 15—G. A. Woodland, Canadian Legion, vs. James Andrews, Elks. (Aggregate score to date: Canadian Legion, 1155; Elks, 1225.)

A. E. Parlow, district forester, left on last evening's train for a trip to Smithers on official business.

GIRLS PLAY GOOD BOWLS

Ladies' League Gets Under Way With Keenly Contested and Interesting Matches

The Ladies' Bowling League at the Rex Bowling Club got under way last night with two keenly contested matches which were followed with much interest. In one contest, the Doodads defeated the Bluebirds two matches to nil with an aggregate score of 1247 to 1180. In the other, the Carnation Girls and Coquettes divided the matches, the latter being on the long end of a 1369 to 1328 aggregate. High scorer of the evening was Miss Colussi of the Coquettes with 170.

The teams were as follows:
Bluebirds—Mrs. R. J. Keron, Mrs. T. Boulter, Miss Webster, Miss Comadina and Mrs. E. L. Hartwig.
Doodads—Mrs. Didd, Gurvich, Miss Dungeat, Miss Pat Way, Miss Elva, Mrs. George Ciccone and Miss McLean (spare).

Carnation Girls—Miss Ruth Gillies, Mrs. Hodgson, Miss Ivy Anderson, Mrs. C. G. Stevens, Mrs. Max Asemissen and Miss Morse (spare).
Coquettes—Miss Brown, Miss Colussi, Miss Murray, Miss Byrne, Miss Turgeon and Miss Petteuzzo (spare).

Ten Pins Tonight
The men's ten pin league will play tonight with fixtures as follows: Empress Club vs. Rose, Cowan & Latta and Power Corporation vs. Canadian Legion.

MACKENZIE'S FURNITURE

Phone 775 Third Ave. Prince Rupert

WHIFFLETS
From the Waterfront

Considerable controversy appears to be developing over the actual cost of placing Pacific Coast frozen halibut on the New York market. One local authority on such matters this morning declared that the outside cost of delivering frozen halibut from Prince Rupert to the Atlantic Coast would be no more than 3 1/2¢ per pound this including all expenses. Costs of freight shipment of frozen halibut and express shipment of fresh fish should not be confused, it is pointed out.

Making a speedy voyage from Vancouver via the Queen Charlotte Islands, C. N. R. steamer Prince Charles, Capt. Neil McLean, left Skidegate Inlet last evening for Masset Inlet and should arrive late tonight or early tomorrow morning.

Preparatory to being recommissioned in service next week following annual overhaul which is now nearing completion, C. N. R. steamer Prince Rupert was taken on the pontoons at the local dry dock yesterday afternoon for hull work. The vessel will be out of the water for the next few days. On Wednesday of next week she will be given trial runs and on Thursday evening will go back into service, relieving the steamer Prince George which will then be tied up here for her annual overhaul.

Union steamer Cardena, Capt. James Findlay, returned to port at 9:30 this morning from Anjox, Stewart and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

Northland Transportation Co.'s motorship Noreo, Capt. Ekholm, arrived in port at 7:40 this morning from Ketchikan and, after discharging two carloads of frozen fish for transshipment east over the Canadian National Railways, sailed a couple of hours later for Seattle. The Noreo had on board nine passengers going through to Seattle in addition to one stowaway who was found on top of the house of the vessel some three hours after
