NEW HIGHWAY PROGRAM ANNOUNCED

DISASTROUS FLOODS WRECK PEACE RIVER FARM LANDS

Two Hundred and Fifty Miles Of Highway to be Started on At Once; North Gets Attention

Important Statement Made by Minister of Public Works; Planned to Connect up Terrace With Outside By Transprovincial Highway

VICTORIA, June 27: (CP)—More than two hundred and fifty miles of road work will be immediately undertaken by the provincial government, it was announced today by Hon. F. M. McPherson, minister of public works. The general scheme provides for the hard surfacing this year of sections of trunk highways and main connections where they are definitely established and in proper conditions and to simultaneously improve adjoining sections of road bed which will make possible a continuous program of surface treatment. A low cost of bituminous surface adjusted to traffic requirements of each section will be used throughout. The work will be laid out with the ultimate idea of providing a hard surface highway across the province connecting with all important United States ports of entry, the province of Alberta and the national parks system.

Endeavor in Wake of Valsheda

A striking picture of T. O. M. Sojwith's America's Cup challenger Endeavour coming on apace to overtake the Valsheda, whose deck can be seen in the foreground. Shortly after this picture was taken, the Endeavour overtook the Valsheda to win the first yacht race of the current season off Harwich, England.

MYSTERY MAN WINS IN POLICY

Joachim von Ribbentrop Lived in Ottawa But is Now Hitler's Ambassador at Large

LONDON, June 27.—The success of the negotiations which have crowned the efforts of Germany recently have been due to the work of a man who lived in Ottawa for a number of years. Joachim von Ribbentrop, Germany's ambassador-at-large, remains the mystery man of European foreign affairs. He has risen rapidly in favor with Chancellor Adolf Hitler in the past year, as the promotions granted him indicate. And he has played a prominent role in the important negotiations between Germany and other European countries—notably Britain and France—on the disarmament question.

Although once a resident of Ottawa little is known of von Ribbentrop's background or of his experience before 1934. He had served a year in the German war ministry when the then president, Paul von Hindenburg, named him in April, 1934, special German commissioner for disarmament. A year later, on Hitler's birthday, April 20, he was promoted to a high rank in the Schutz Staffeln, the Nazi guard troops. And at the end of May he was named ambassador-at-large.

Von Ribbentrop has been mentioned several times as a possible successor to Bernard von Buelow state secretary in the foreign office. It is believed in some quarters that the post of ambassador-at-large is a stepping-stone to the foreign office post.

Von Ribbentrop was the intermediary through whom Hitler sought to convince Britain, France and Italy of Germany's right to equality during the past year. Von Ribbentrop attended the historic meeting last March in Berlin between Hitler, and the British envoys, Sir John Simon, foreign secretary and Anthony Eden, Lord Privy Seal. He was in close contact with the Fuehrer in the dramatic events following Germany's announcement of her rearmament plans following the Stresa meeting of Britain, France and Italy, and the League of Nations council meeting in Geneva in April which condemned the Reich's violation of the military clauses of the Versailles treaty.

Slave Lake Tempest Causes Much Damage To Land and Railway

Crops Over Area of Quarter of Million Acres Ruined And Livestock Will Have to be Sacrificed on Account Of Almost Certain Fodder Shortage

EDMONTON, June 27: (CP)—The Northern Alberta Railway line west of Slave Lake town is a mass of twisted steel and driftwood following devastation caused by the most serious floods in the history of Lesser Slave Lake. Once prosperous farms on 250,000 acres of Slave Lake lowlands are represented by storm-wrecked buildings dotting foam-flecked waters. Work on the highway to Peace River has been abandoned as hopeless, crops are ruined and an almost certain fodder shortage will force the sale of livestock which was hastily moved to higher lands when the flood struck.

CREWS ARE DISCHARGED

Men on American Steamers Lose Jobs After Refusing to Work In "Unfair" Ports

VANCOUVER, June 27: (CP)—The American Mall Line freighter Shelton is tied up here after her crew, refusing to keep up steam in this port or Powell River declared to be unfair ports by longshoremen, were paid off and given bus transportation to Seattle.

The Kingsley Navigation Co.'s steamer Texada is also anchored in the harbor, her crew having been discharged after they requested a ruling from the American consul here on the ordering of American citizens into a "danger zone," by which phrase they described the police-barricaded Ballantyne Pier.

TO STOP STRIKERS

R. C. M. P. to Prevent Relief Camp Men From Leaving Regina by Trucks

REGINA, June 27: (CP)—The Royal Canadian Mounted Police, it was reported in reliable circles today, will stop the trek by truck of striking relief camp workers to Winnipeg, the next scheduled stop on the projected march to Ottawa.

Attempting to dodge federal orders banning riding on freight trains, the strikers called for trucks and automobiles to transport them to Winnipeg and had planned leaving Regina today.

NEW DEAL FOR YOUTH

President Roosevelt to Help Young People Leaving Schools and Universities

WASHINGTON, D.C., June 27.—Under an executive order made yesterday by President Franklin D. Roosevelt the New Deal was extended to benefit youths from 16 to 25 years of age who are graduating from schools and universities with no prospect of employment in business or industry. A new national youth administration board is to be set up and \$50,000,000 will be made available for its use in providing employment on pro tem projects for the youth of the country.

ROBBERY AT VANDERHOOF

The epidemic of robberies in the central interior is continuing, the latest point to report such an incident being Vanderhoof where, according to telegraphic advices reaching divisional headquarters of the provincial police here today, three business premises were broken into during Tuesday night of this week. No particulars are given except that \$100 cash was taken as well as two black wallets containing shares in the Nechako Co-operative Society and one other company. One of the stores entered is believed to have been that of E. B. Smith. It is thought possible that the incident may have been the work of a transient passing through by automobile.

NO SYMPATHY WITH COMMUNISM

Many people who agreed with the idea of trying to emphasize British Columbia's needs by supporting the march of the two thousand young men to Ottawa will change their minds if they find that, as their leader states, it is to be interpreted as a communistic demonstration. It is very desirable that Premier Bennett should be impressed but, if the boys are communists, it is his policy that has made them what they are.

PARLIAMENT STILL BUSY

It was announced early in the year that the session of Parliament was to be a brief one in order that an adjournment might be taken and an election held. Now, although it is past midsummer, the House is still in session and the government, which by the by is Mr. Bennett, is bringing down some of the most important legislation of the whole session and is rushing it through.

It is possible that everything may be finished up this week but even that is not certain.

HOW THINGS CHANGE!

In his address to the Chamber of Commerce a few days ago, Hon. Dr. G. M. Weir, minister of education, spoke of the time when a member was elected in the east who openly advocated annexation of this country to the United States. At that time there was a very considerable section of the population that favored such a move. Sentiment is now changed. No one, publicly at least, would advocate the policy of annexation. We have, however, candidates who advocate the overthrow of the present system of government and the establishment of absolute control by committees of so-called workingmen (dictatorship of the proletariat) as advocated by Carl Marx. They do not advocate this openly for the system smacks too much of fascism and might be copied. Also it is illegal to advocate violent overthrow of the government.

To prevent the growth of these ideas in Canada, the first thing to do is to set our house in order and make it possible for people to work for a living. This done, there is little to fear.

Henry Cotton and Alf Padgham Tied For Second Place At Muirhead Today

MUIRHEAD, Scot., June 27: (CP)—Charles A. Whitcombe took the lead in the British open golf championship today with a 68, four under par, for a thirty-six hole aggregate of 139 while Henry Cotton took 74 for a total of 142 which tied him for second place with Alf Padgham.

The depressed price of farm products is a problem with which everyone is familiar, but on the 1913 basis farm product prices have never been as low as gasoline. Between 1913 and 1920 gasoline did not rise in price to nearly the same extent as farm products, yet since 1920 its price has almost continuously declined. The data for the above graph are based on figures published by the Dominion Bureau of Statistics.

FAIR LABOR POLICIES BENEFIT THE CONSUMER

WORRY and unhappiness are enemies of efficiency. We have always tried to be efficient and years ago we said, "to the greatest extent possible let us get worry and unhappiness out of this organization—out of the minds of every man and woman in our employ."

So Imperial Oil has always paid high wages. It set up sickness and death benefits, a pensions plan and group insurance for its workers. It made it easy for them to share ownership in the Company. It gave them a voice in the discussion of Company

policies that directly affect them. It introduced the forty-hour week, thus increasing the number of those who work for the Company.

Efficiency and loyalty are repaying the Company for all these measures. Imperial Oil employees give generously of their hands and minds because they are well treated. They feel secure and this feeling is reflected in their work and in the high quality and lower cost of the products they make. The consumer benefits, the employees benefit and the Company benefits by these policies.

"Exploits of U 35" Being Presented at Capitol Theatre to Aid Sea Cadets' Camp Fund

"The Exploits of U 35" an unusual film depicting German submarine activities on the high seas during the Great War, is being presented at a special midnight show which is being staged at the Capitol Theatre tomorrow night by the Gyro Club and local branch of the Navy League of Canada for the purpose of raising funds to assist local Sea Cadets in going to summer camp next month. Some of the Cadets are able to pay their own way but others are not and it is in order to insure that no boy shall be disappointed that the effort is being made to raise additional funds.

The film which is being offered consists largely of real pictures taken from the conning tower of the U 55 portraying the sinking of Allied merchantmen during the War. The film was captured when the U 35 was taken in the Mediterranean by the British.

Also showing with the submarine film will be a Laurel & Hardy picture "Oliver the Eighth."

In addition to the showing Friday night, there will be a special school children's matinee tomorrow afternoon.

MYSTERY MAN WINS

(Continued from page one)

Paris and Rome during 1934—most of them shrouded in secrecy or described as "private"—apparently had as their objective the recognition of Germany's right to defensive armaments. The Reich was reported ready to re-enter the League of Nations and the disarmament conference provided she was granted equality and some quarters had it—the return of her colonies and solution of the difficult Polish corridor question.

When von Ribbentrop lived in Canada in pre-war days his princely bearing and distinguished manner won him an entry into society. It was understood his purpose in living in the Canadian capital was to study the English language.

Von Ribbentrop's latest role was as negotiator with naval experts in the Anglo-German naval talks in London. There seems little doubt he will continue to play a prominent part in the shaping of German foreign policy and in interpreting Germany's aims to the rest of Europe.
