STRIKE IS DECLARED

Fishermen's Union Voted 101 to 6 Last Night

Meet Official

Conference of Government Agent With Disputing Parties

The Deep Sea Fishermen's Union, at a meeting here last night, voted 101 to six to declare a strike in the dispute with the halibut boat owners over the sharing of proceeds of halibut livers.

Actually no men are involved by the strike vote other than those who are already refusing to work on the boats whose owners are demanding that in future the boats should receive one-fifth of the proceeds of halibut livers on a gross stock basis.

Meet Government Agent

At the request of the two disputing parties, Government Agent Norman A. Watt, sitting in the capacity of a mediator, met last evening, prior to the union meeting, with representatives of the boat owners and fishermen with a view to arriving at a solution of the problem.

ASKING WORK AND WAGES

The chief request of the men who left the military camps in the south is that they be given work and wages. This request is a reasonable one and should be forwarded to Ottawa with all the force at the command of the southern authorities.

When Premier Pattullo was elected he promised every man work and wages. Instead of their receiving it, unemployment increased tremendously, and has continued up to the present, although it is evident that conditions are now on the mend.

Premier Pattullo promised to try to influence Ottawa to provide work and wages and everyone knows he did his best in that direction and is still busy on the job.

While men who have been receiving relief for years are subject to criticism for their lack of initiative, the wonder is that they have any initiative left. In the old days men who rebelled against unjust conditions lost their lives, either by the sword or by starvation. Today public feeling is very largely with the men who, because of flaws in our system, are unable to find work at reasonable wages. This is a problem to be faced because it is one that will recur with each depression and the people who suffer will be less inclined to take it philosophically as the years pass. The men feel today that they are the victims of an unjust system and they are right. It is up to us to change that system in such a way as to provide against conditions such as those which have obtained during the past few years. In making these remarks we are in agreement with Premier Bennett who, in his radio addresses, condemned the present system and promised to mend it. He made several gestures but not effective gestures. It could hardly be expected of him that he would go to the root of the matter. When he drops out, others will take up the burden, and one of the first problems they will have to tackle will be that of providing against unemployment, not by an insurance scheme which could not possibly prove effective over a long term of years, but by other more effective changes.

Cambridge Again Victors in Historic College Boat Race

Here are the Cambridge University crew who defeated Oxford for the twelfth time in succession in the annual renewal of the Classic boat race. The light blue crew got away slightly behind the heavier Oxford oarsmen, but rapidly pulled to the front and stayed there. The time was 19 minutes and 48 seconds, much slower than the record. The winning crew, above, are: J. N. Duckworth, coxswain; Z. Szilagyi, stroke; A. D. Kingsford, No. 7; W. G. R. M. Laurie, No. 6; J. H. T. Wilson, No. 5; M. P. Linnon, No. 4; D. G. Kingsford, No. 3; J. H. Powell, No. 2; and T. R. M. Bristow, bow. They are pulling up the Thames course at Mortlake.

ANYOX WON LAST NIGHT IN HOOP TITLE ENCOUNTER

ANYOX, April 27.—The finals in the Northern British Columbia senior basketball championship series were forced into a fifth game to-night as a result of a 19 to 16 victory by Anyox over Grotto of Prince Rupert last night.

The Grotto used its intermediate playing string, young Bill Murray excelling himself in defence. It was a very fast and fine clean game.

SPORT CHAT

It has been decided to give those wanting to sponsor teams in the City Softball League this year until May 11 to put in their entries with the league to commence the following week. A committee will be put to work immediately to put the playing grounds in condition and to improve the facilities for spectators.

Prince George has decided to hold its celebration of the silver jubilee of King George's accession on Dominion Day. Various sport organizations of the interior city will take part and Mickey Brown has been chosen president of the celebration committee. Track and field teams from various interior centres are expected to participate.

The marriage of Kaare Engstad, former Dominion all round ski champion and Olympic entrant, to Miss Margaret Moscrop, Burns Lake school teacher, is being solemnized in Vancouver during the Easter holidays. The bride is also an outstanding athlete, having been champion women's badminton player of Burns Lake.

WEDNESDAY WINS CUP

West Bromwich Albion Defeated 4 to 2 in English Final Today

LONDON, April 27. (CP)—Before a crowd of 93,000 fans packed into Wembley Stadium, Sheffield Wednesday today won the English Football Cup for the third time in the history of the club by defeating West Bromwich Albion 4 to 2.

It was a typical Wednesday victory through the ability of the forwards to size opportunities in front of the goal.

Both teams played sterling soccer, each scoring once in the first half.

LINING UP FOOTBALL

The executive of the Prince Rupert Football Association, at a meeting last night, set May 9 as the date for the annual meeting of the association. Prospects are for a good playing year with at least three teams in the Senior League circuit. Canadian Legion and Regiment will be back in the competition again while Young Liberals may take the berth of the Merchants.

Reports presented at the meeting last night showed the association to be in a very healthy condition, financially with credit balances in both general and Stuart Benefit Shield accounts.

The drawing in connection with the English Cup final played today gave George Dawes the ticket on the winner, Sheffield Wednesday, while D. C. Schubert held West Bromwich Albion.

Present at last night's meeting were Bert Morgan, president, in the chair, C. L. Youngman, A. Dickens and George Dawes, secretary.

DRAWN AT DARKNESS

Phillies and Giants Unable to Break Deadlock—Dodgers Still Going Strong

NEW YORK, April 27. (CP)—Philadelphia and New York Giants battled until darkness in the thirteenth inning to a five-all draw at the Polo Grounds yesterday. It took St. Louis Cardinals eleven innings at Sportsman's Field to eke out a three to two victory over the Pittsburgh Pirates. Chicago Cubs defeated the Reds at Cincinnati, the latter dropping into fifth place below the Cards and Cubs who are still in a tie. The Brooklyn Dodgers continued supreme by scoring a close victory over the lowly Boston Braves at Ebbets Field.

The Cleveland Indians still held their leadership in the American League although losing to the Detroit Tigers at Cleveland. Chicago White Sox defeated the St. Louis Browns at Chicago to move into second place ahead of the Boston Red Sox who were losing at home to the Washington Senators. The Philadelphia Athletics dropped into the cellar by losing to the New York Yankees at Shibe Park.

Few Minutes Eases Neuritis Pains Now!

DISCOVERY BRINGING QUICK RELIEF FROM PAIN TO MILLIONS

Remember the pictures below when you want fast relief from pain. Demand and get the method doctors prescribe—Aspirin. Millions have found that Aspirin cures even a bad headache, neuritis or rheumatic pain often in a few minutes!

In the stomach as in the glass here, an Aspirin tablet starts to disintegrate, or disintegrate, almost the instant it touches moisture. It begins "taking hold" of your pain practically as soon as you swallow it. Equally important, Aspirin is safe. For scientific tests show this: Aspirin does not burn the heart.

Remember these two points: Aspirin Speed and Aspirin Safety. And, see that you get ASPIRIN. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet.

Get tin of 12 tablets or economical bottle of 24 or 100 at any druggist's.

Why Aspirin Works So Fast

Drop an Aspirin tablet in a glass of water. Note that BEFORE it touches the bottom, it is disintegrating.

IN 2 SECONDS BY STOP WATCH What happens in these glasses happens in your stomach—ASPIRIN tablets start "taking hold" of pain a few minutes after taking.

Motherwell Comments on Salmon Canning Prospects—American Halibut Arriving—Halibut Liver Oil Great For Football Players

Major J. A. Motherwell, chief supervisor of fisheries for British Columbia, who was a visitor in Prince Rupert this week in the course of a coast tour preliminary to the 1935 season's salmon canning operations, expressed the opinion that, while there was still some uncertainty, probably about the same number of canneries would be operating this year in Prince Rupert district as there were last. While good runs of sockeye and pinks were anticipated this season, it was not so much the supply of fish as condition of the markets which was causing the canners concern at present. Stocks of canned sockeye and chums had been moving out slowly. Major Motherwell intimated, although pinks and cohes were fairly well cleaned up. No settlement had yet been made of the salmon prices to be paid this year. Major Motherwell stated and there was still a good deal of uncertainty on this point. Major Motherwell left yesterday afternoon on the fisheries patrol steamer Masaspina on his return south, accompanied by J. W. Allen, superintendent engineer for the department.

The week ending yesterday saw the first appreciable quantities of American halibut to be landed at Prince Rupert this season, thirteen United States vessels coming in with a total of 212,200 pounds for which from 7c and 8c to 10.6c and 7c was paid. Canadian fish for the week was light at 65,500 pounds, only six boats landing catches and receiving from 6c and 5c to 7.8c and 6c. The total for the season up to yesterday was 616,700 pounds of which 226,200 was from American boats and 390,500 pounds from Canadian. Owing to the continued partial tie-up of the Canadian fleet on account of the dispute over halibut liver proceeds, it is expected that American landings will soon commence to outstrip Canadian.

Up to the present all the Prince Rupert halibut boats which are operating with the exception of three, are still being manned by boat owners, the majority of fishermen still remaining in port in support of their demand for arbitration on the point as to whether the boats should receive a one-fifth gross stock share of halibut livers or these proceeds should continue to be divided entirely among the fishermen. The three boats with union crews aboard are the Aleva, Capt. Fred Blunden; J. R., Capt. J. P. Reid, and Lysekil, Capt. Al Wole.

Alex Gordon, well known chief engineer of the steamer Princess Norah, is being transferred to the steamer Princess Adelaide and will come north with that vessel on her next voyage. Donald McRaid, from the Princess Maquinna, succeeds Mr. Gordon on the Princess Norah.

Willis George, president of the Juneau Cold Storage Co., was a passenger aboard the Princess Norah Thursday afternoon going through on a brief business trip to Seattle.

Discovery was made this morning that during the past two weeks five cases of sixty percent dynamite had been removed from the city powder magazine on Park Avenue. Entry was made by breaking a padlock. Police investigation has been started.

Nanaimo Biological Station and the Prince Rupert Fisheries Experimental Station of the Biological Board of Canada, which will be in distribution within the coming week, features an article entitled "The Sharks of British Columbia Waters" by W. A. Clemens, director of the Nanaimo station, and G. V. Wilby of the Provincial Museum at Victoria. Inspired undoubtedly by the skeleton of a large basking shark which was found near Prince Rupert last fall and caused so much stir at that time, the article announces that nine species of sharks have been authentically recorded in waters off the coast of British Columbia as follows: spotted cow shark, mud shark, cat shark, mackerel shark, basking shark, soup-fin shark, blue shark, sleeper shark and dogfish. To assist persons observing specimens in the field, a brief description and sketch of each species of shark is given. The article suggests that the basking shark is quite common along this coast. Another article of timely local interest written by P. A. Sunderland of the local station staff is entitled "The Herring Run in Prince Rupert Harbor." It associates the vagaries of the herring run with temperature and chlorinity of water, theorizing upon how this might have explained the re-appearance of herring in large numbers in Prince Rupert Harbor at the first of this year. Other members of the local station staff contributing to the latest progress report are Dr. Neal M. Carter on "The Vitamin Properties and Industrial Applications of Fish Oils Investigated at the Pacific Fisheries Experimental Station," B. E. Bailey on "Further Progress in Studies of Variations in Vitamin Potency of Pilchard Oil," and Dr. R. H. Bedford on "The Glass-Like Crystals in Canned Salmon."

Before returning to Prince Rupert, B. E. Bailey of the Prince Rupert Fisheries Experimental Station staff, who has been in Vancouver to receive his master's degree in applied science from the University of British Columbia, will devote some time to the medicinal oil field in the south.

Delayed again by having heavy freights for cannery points along the coast, Union steamer Cardena, Capt. James Findlay, arrived in port at 4:15 this morning from the south, sailing an hour or so later on her return to Vancouver and waypoints.

Lining Grain Ship Considerable heavy timber work is involved in the completion of the lining of the grain ship Paris City, which is now at the Alberta Wheat Pool's local elevator, and the vessel is not expected to be ready to start loading before Monday. It will probably be next Thursday before the vessel leaves with her full cargo for the United Kingdom or Continent. After the loading of the Paris City, there will still be another shipload of wheat left in the local house. There is no word as yet in regard to further ships coming to load or of more grain coming here from the prairies.

Armour Salvage Co.'s power tug Daly will go out over the week-end to Claxton Cannery to pick up a scow laden with machinery and equipment salvaged from the B. C. Packers cold storage plant which was destroyed by fire last year and on Monday will leave for Vancouver with the material which has been re-sold in the south. Capt. W. P. Armour, head of the Armour Salvage Co., will be leaving on the Catala next Tuesday afternoon on a brief business trip to Vancouver.

Baptist Dinner Very Enjoyable

Eighty Persons in Attendance at Congregational Affair Thursday Night

The finance committee of First Baptist Church, of which C. H. Elkins is chairman, was responsible for a highly enjoyable congregational banquet Thursday night in the church parlors, about eighty persons being present at the affair. The rooms were attractively decorated with spring flowers and foliage and patriotic colors of red, white and blue.

The men took entire charge and provided an excellent spread, the servers being H. M. Dargett, V. G. Houston, J. C. Gilker, G. W. Johnstone, Kenwood Green and Allan Hale.

Rev. Dr. F. W. Dafoe, the pastor, was in the chair. The toast to the ladies was proposed by P. H. Linzey and responded to by Mrs. F. W. Dafoe.

The musical program, in charge of W. Vaughan Davies, included vocal quartets by Mrs. Frank Glass, Miss Aileen Hamblin, V. G. Houston and W. Vaughan Davies; violin solos by Miss Phyllis Hamblin, accompanied by Miss Aileen Hamblin, and community singing.

Mrs. H. Wearne of Quick returned to the city on the Princess Adelaide yesterday afternoon on her way back to the interior after a trip to Vancouver to which city she accompanied her twin daughters who have left on a trip to England.

F. S. Clendenning arrived in the city on the Princess Adelaide yesterday afternoon from Vancouver, being here to represent the Empire Shipping Co. in connection with the loading of the British steamer Paris City at the local elevator with a full cargo of grain for the United Kingdom or Continent.

LOCAL NEWS

T. W. Hall, inspector of schools, sailed last night on the Prince John for a trip to Queen Charlotte City and other Island points on official business.

John Thompson, storekeeper at Cedarvale, left that interior point on last night's train for Montreal where he will embark May 3 aboard the steamer Ascania for a trip to London, England.

Miss Eileen Gibson, who has been paying a brief visit at her home during the Easter holidays, sailed last night by the Prince John on her return to her school teaching duties at Massett.

Between April 1 and October 31 each year henceforth, provincial government offices, with the exception of the court, land registry and mining recorders' offices, will close at 12 o'clock noon Saturdays instead of 1 p.m., according to instructions received here from Victoria.

Mrs. G. A. Edgcombe left on last evening's train for the east. She will spend a few days at Longworth visiting with her daughter, Miss Betty Edgcombe who teaches school there, and will also visit at other points before sailing from Montreal June 7 aboard the steamer Aurania for a year's visit to her native home in London. Mrs. Edgcombe will be accompanied on her trip to the Old Country by her brother, Ernest Turner of Dulham, Quebec.

DYNAMITE IS STOLEN

Discovery was made this morning that during the past two weeks five cases of sixty percent dynamite had been removed from the city powder magazine on Park Avenue. Entry was made by breaking a padlock. Police investigation has been started.

New Patrol Boat

Intended to replace a boat which long years have made unfit for further service, a new fisheries patrol boat, Bonilla Rock 2, built for the Dominion Department of Fisheries, was launched recently at Vancouver and will go on duty in Northern British Columbia waters. British Columbia fir and cedar were used wherever possible in the construction of the boat which has a 75-horsepower diesel engine, which will develop a running speed of 10 knots. The craft has an overall length of 52 feet, an 11-foot beam, and a maximum draught of four feet and a half. In general, its dimensions are similar to those of several other craft in the British Columbia service but frame and planking are heavier and the boat should stand up well to the stiff weather which, since it will be on duty at all seasons it may sometimes be expected to encounter.

John Dybhavn and Dr. Neal M. Carter, director of the Prince Rupert Fisheries Experimental Station, left last night on the Princess Adelaide for Vancouver to attend spring sessions of the Pacific sub-executive of the Biological Board of Canada of which Mr. Dybhavn is chairman. Mr. Dybhavn will be away for one week and Dr. Carter two weeks, the latter planning to visit Victoria on station business following the executive sessions.

Now Science Explains Why So Many People Past 40

Feel That They're Slipping Losing Their "Grip" on Things

Many people 'round 40 think they're "growing old." They feel tired a lot... "weak." Have headaches, dizziness, stomach upsets.

Well, scientists say the cause of all this, in a great many cases, is simply an acid condition of the stomach. Nothing more.

All you have to do is to neutralize the excess stomach acidity.

When you have one of these acid stomach upsets, take Phillips' Milk of Magnesia after meals and before going to bed. That's all!

Try this. Soon you'll feel like another person! Take either the familiar liquid "PHILLIPS'" or the convenient new Phillips' Milk of Magnesia Tablets. Made in Canada.
