CHANCE TO REGULATE

The news despatches tell of four girls in Oklahoma, quadruplets now 20 years of age, and they are all saxaphone players. Due to the prescience of Premier Hepburn of Ontario the Dionne quintuplets are wards of the province so the province of Ontario has the say whether they shall or shall not become saxaphone players. As they took over the duties of the parents in the interests of the children, may we also ask that they protect the public from allowing them all to become saxaphone players. We bring New Y this to the attention of the local service clubs and the st. Louis Parent-Teachers' Association in the hope that they will Pittsburg take such action as may be found desirable to prevent a Brooklyn national calamity.

CONVENTION CITY OF NORTH

Delegates to the Synod of the Anglican Church have mentioned the advantages of Prince Rupert as a convention city for northern and central British Columbia. Not only is it the centre for business but it is the most convenient place for northern people to gather as it is where rail and steamships meet. Also it is a place where visitors Philadelphia can get what they want in a business way. Visitors to the st. Louis city usually find the people here anxious to entertain and show them every possible courtesy. This has become well Pittsburg Man Is known with beneficial results. Possibly the next time the Chamber of Commerce or any other organizations get out advertising leaflets the possibilities as a convention city will be mentioned.

THE CALL OF THE WILD

Oh children dear, do you recall the day he took the stand; And made a speech in Calgary that hypnotized the land? He won the people's confidence, and for him all did vote, To put him into Parliament and now he's got their goat.

He made them rosy promises about his native land; The markets of the world he would blast for his demand, Instead of that he gave them camps and coupons for relief; He's clubbing down the unemployed who are starving on the street. advertisements.

Now when the time for reckoning comes upon the Judgment Day; And he will have to give accounts, I don't know what he'll say; There'll be no class distinction among us at that time, For everyone will pay the price according to the crime.

These children they will vote again, and pull the other oar, And let those parties use them for a carpet on the floor; Or maybe there's a "Moses" to come down from the sky, And lead the way to Heaven, friends-I guess I'll say "Good-bye."

-J. W. MORAN.

DOCTOR SAID SHE NEEDED "BULK" FOR HER CONSTIPATION

Kellogg's ALL-BRAN Brings Relief to Mrs. Maneely

Read the following unsolicited

"Up to five years ago, I knew no end of suffering caused by constipation.* I used all kinds of laxatives but only found relief till I got used to them. My physician told me to get some Kellogg's ALL-BRAN, and instructed me how to use it.

"I did just as I was told by my doctor, and today I send my highest praise for what your ALL-BRAN has done for me."-Mrs. Jas. Maneely, Jr. Address upon request.

*Due to insufficient "bulk" in ALL-BRAN provides gentle "bulk"

to help overcome common constipation. It is also a good source of vitamin B and iron. The "bulk" of ALL-BRAN is often

more effective than the "bulk" in fruits and vegetables, as it does not break down within the body. Two tablespoonfuls daily are usually sufficient. If not corrected this way,

Isn't this food much pleasanter and safer than risking patent medicines? Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

that Calls You "General"

You'll need a microscope to see these soldiers of yours. They are so small that thirty thousand of them side by side only measure one inch. Yet there are billions of them serving you.

These soldiers - known to medical science as red corpuscles - give your. blood its red color. They carry haemoglobin (iron-nutriment) to every nerve, fibre and tissue of your body. If these little red corpuscles become too few or do not carry enough haemoglobin look out for trouble. For it is the weakening of this army that is a danger signal of health. Persons who are rundown, anæmic, nervous, easily tired, lack vitality and strength are generally those whose red corpuscles and haemoglobin (iron-nutriment) are below normal.

There is, fortunately, a treatment that soon builds up both red corpuscles and iron-nutriment and by actual test of blood under the microscope this remedy proved its blood-building worth.

The test was applied to a group of run-down people and the blood of each one was found to be decidedly below normal. The competent authority who supervised the tests, instructed each person to take Dr./Williams' Pink Pills -called pink because they have a pink sugar coating - for 30 days, and then return for another blood test!

In that short period Dr. Williams' fine old remedy infallibly demonstrated what it can do for run-down, anæmic people. The gains made in health and strength were remarkable. The people looked and felt much better and the microscope showed how their red corpuscles had been increased and their iron-nutriment, too!

These tests form a reliable guide for you if you, too, are run-down. Take Dr. Williams' Pink Pills. The shortages of your blood will be made up and strength, vitality and vigor will return. All druggists have Dr. Williams' Pink Pills at 50c, the full-size package.
