PLAIN TALK BY LAVAL

Tells Mussolini Attack on British Fleet Would Involve France

PARIS, Nov. 29:—Premier Pierre Laval of France bluntly assured Premier Benito Mussolini of Italy yesterday that, if Italy takes measures against British battleships in the Mediterranean, it will involve France as well.

Authoritative sources disclosed today that Premier Laval had warned Italy directly and officially that an unprovoked attack by Italy against Great Britain would be considered as an attack against France. The warning was described as a virtual ultimatum handed the Italian ambassador here. The note also warned Italy that all members of the League of Nations were standing together to resist attack.

Following Mussolini's intimation that he intended to bolster up Italian military forces in Libya came word that Major General Sir Charles Spinks, commander of British forces in Egypt, had ordered tanks to the Libyan border.

MEETING OF FISHERMEN

Suggestions For Submission To Commission Considered—To Meet With Boat Owners

A committee was appointed by the local Deep Sea Fishermen's Union at a meeting last night to meet with the Canadian Halibut Vessel Owners' Association with a view to drawing up local representations in regard to the halibut fisheries for presentation to the International Fisheries Commission which, it is announced, will hold a public hearing here on Thursday of next week. The committee consists of Alex Duthie, Karl Dybhavn, George Anderson, Fred Miller, Carl Greenstrand and Einar Larsen. No definite proposals have yet been made but one that is receiving consideration is that the present area system be done away with and the whole coast thrown open to fishing. No particular exception seems to be taken to a general quota for the coast but quotas for specific areas, it is contended, does not tend for equitability as between the American and Canadian fleets.

According to a guest who was an eye-witness of the tragedy, the mother quarrelled with the son over drinking and told him she would rather see him dead than drink to excess.

QUALITY GOODS

Merchants in Prince Rupert as well as throughout the country state that a change is coming about in regard to buying goods. People are again demanding quality goods instead of being satisfied with the cheaper grades of merchandise. They want high class suits of clothes, overcoats, dresses, groceries and all other lines. There is a steady improvement in this respect and very soon it seems as if the same high quality will be demanded that was the custom before the depression.

Prince Rupert has always demanded high class goods. The cheaper cuts of meat have never been asked for by the people in this city. So with clothes and other articles. The people demand and are willing to pay for the best or at any rate very high grade merchandise.

MR. JUSTICE MANSON

Prince Rupert people will all have been interested in the news of the appointment of a former citizen of Prince Rupert, A. M. Manson, to be a judge of the Supreme Court of British Columbia. Those who know him will realize how well fitted he is for the honorable position to which he has been elevated. He is a hard worker, has a keen and judicial mind and will doubtless do honor to the bench. We take pleasure in offering him our congratulations.

RELIEF CAMPS TO GO

Everyone will be glad to hear from the minister of labor at Ottawa that relief camps are to go during the coming year. The sooner they go, the better. Introduced as a means of taking care of the young men who were out of employment, they have become a bone of contention since their establishment. It is to be hoped that within the year all the young men will be at work and that never again will relief camps be needed to take care of the unemployed.

FEW HOUSES TO RENT

Yesterday we had a call from a man seeking a four-room house to rent. Referring to our advertising columns we found we had had no four-room house advertised for many weeks and we had been told that larger houses were also at a premium. Evidently the city is full of people although a few apartment houses are not filled.

District News VANDERHOOF

The annual central interior seed show was held in Vanderhoof on Friday of last week and occasioned a good deal of interest. There was keen competition and the quality of seeds and roots shown, while hampered somewhat owing to the season having been none too good from a weather standpoint, showed that the growers are becoming more and more conversant with the collection and assembling of material for exhibition purposes. Vanderhoof, Bulkley Valley, Prince George and Woodpecker districts were all well represented.

The village commissioners of Vanderhoof have had a siren placed on the top of the Vanderhoof Hotel for the purpose of giving an alarm in the event of fire and to sound the curfew each night at 9 o'clock. The siren is controlled by an electric switch.

A public meeting was held in Vanderhoof on Monday night of this week to consider the possibility of securing a suitable building for a young people's gymnasium and the raising of funds for same. A committee which had been considering the matter presented its report.

Miss Ena Campbell R. N. of the Quessnel General Hospital is visiting at her home in Vanderhoof.

G. L. Mortimer Lamb, who has been a member of the Vanderhoof staff of the Canadian Bank of Commerce for the past year or so, left this week for the south to join the staff of the branch at Duncan, Vancouver Island. His successor at Vanderhoof is R. G. Raisbeck of the Victory Square branch in Vancouver.

Miss Evelyn Edstrom of the staff of Johnston's department store has left to spend two or three weeks at her home four miles south of Vanderhoof.

Mrs. G. S. Palin, sister of George Ogston, has left for her home in New Toronto after a two weeks' visit here. Her young son, Donald, is remaining with Mr. and Mrs. Ogston for the winter months.

On account of an epidemic of measles, the school at Woodpecker is closed and the teacher, Miss Jean

A. Cameron, is visiting at her home in Vanderhoof.

There are fierce timber wolves in the Webber Lake district. Recently two year-old Shorthorn steers belonging to Mrs. Peter Burnstead were killed and devoured by the wolves.

Mrs. John Kemp of Fort Fraser has been spending a few days here visiting with Mr. and Mrs. Paul Boor.

Mervill Averill, Ken Johnson and Ken Campbell were out on a hunting expedition recently and brought home two fine specimens of moose.

Harold Hyde and his cousin, Clarence Green, have arrived here from Winnipeg and are visiting with Mr. and Mrs. Melville Hyde.

WINNERS IN SEED FAIR

Awards of Judges in Annual Show At Vanderhoof

The Central Interior Seed Fair under the auspices of the Provincial Seeds Branch was held at Vanderhoof last Friday. James Travis, District Agriculturalist, Prince George, and Don Sutherland, District Agriculturalist, Smithers, were in charge of assembling and arranging exhibits. G. A. Luyat, District Agriculturalist from Williams Lake, placed the awards. Adverse weather conditions prevented a number of settlers from getting their seed in but the excellent quality of the seed shown made up for shortage in entries.

The Vanderhoof district had the largest number of entries in seed oats and made an easy win in that class. The Bulkley Valley repeated past victories in again taking the prizes for timothy seed. Prince George settlers winning the prizes for Alsike seed.

At the close of the day Mr. Travis, District Agriculturalist, Prince George, delivered an instructive address on the assembling and preparation of material for exhibitions. He then compared the various varieties of the crops represented at the show from the standpoint of field performance and adaptability to location. The many questions asked of Mr. Travis by his attentive audience bore witness to their appreciation of the educational feature of seed shows so ably presented.

WEDDING AT OONA RIVER

Miss Astrid Hanson and James Reynolds Are United

The school house at Oona River, prettily decorated in pink and white, and equipped with a temporary altar, was the scene of one of the happiest and most colorful events in the history of the Porcher Island community Wednesday evening when the marriage took place, with Rev. Canon W. F. Rushbrook of Prince Rupert officiating, of Astrid Maria Hanson, elder daughter of the late John P. Hanson and Mrs. Hanson, and James Robert Reynolds, son of Mr. and Mrs. Frederick J. Reynolds of Houston.

The bride made a pretty picture in pink silk taffeta piped with blue, hat and footwear to match and carrying a bouquet of white and rose carnations. She entered the hall accompanied by her mother, attired in royal blue flat crepe trimmed with white silk and wearing a hat to match, who gave her in marriage. Miss Alice Hansen, in white embroidered organdie with accessories to match and bouquet of white and pink carnations, was bridesmaid. Charles Letts was groomsmen.

Between sixty and seventy guests were in attendance at a wedding repast which followed. The toast to the bride was fittingly proposed by Canon Rushbrook with the groom responding. Other speakers were John Anderson, Bert Hansen and Mr. Ivarson. The bride, in a neat speech, thanked all the Oona River people for their kindnesses. A community gift consisted of blankets, linen and silk bed covers besides a substantial purse of money. Dancing continued until the small hours of the morning.

After spending a few days at Oona River, Mr. and Mrs. Reynolds will make a trip to Vancouver. Their permanent place of residence has not yet been decided upon.

Soft collars are apt to wrinkle, crease and become unsightly. Starched collars look smart but are not always comfortable to wear. Now comes Forfused—a new scientific process which produces a semi-stiff collar that actually retains its freshness and neatness all day long—in any kind of weather. The layers of cloth are so fused together that washing and ironing cannot separate them—humidity and perspiration do not spoil their trim neatness and freshness.

*Forfused Collars bring you what you have always looked for—soft-collared comfort with stiff-collared smartness. They are as easy to launder as a pocket-handkerchief—never need starching—are always immaculate, trim and dressy.

CLOTHIERS WIN AGAIN

Lambie & Stone in Running For Hoop Honors—Intermediates Are Fast

The Grotto lost to Lambie & Stone in last night's Senior League basketball game by a score of 36-25. The Clothiers, playing a different brand of ball and the Cigar Store gang enjoying a night off and also without the services of their coach, were two of the reasons why the Northern British Columbia champs lost.

The Clothiers got a big lead in the first half—at one time it was 17-3. The first period was fast with the Grotto lacking the services at guard of Murray who might have slowed down the Lambie & Stone forwards while Stalker was late in getting into the game.

It was in the second half that the battle started with the Smokers starting on the short end of a 22-8 count. Soon, however, they started to sink the od dbasket and, with four minutes to go, they had 23 points while Lambie & Stone had 29. The latter called time out and, on the resuming of play, proceeded to stal land also ran in a few more points. The Tobaccoists sank one more before full time to make the score 36 to 25.

The Clothiers, by winning this game, got in the running for first half honors.

Intermediate League The Seythians trimmed King Edward High School to the tune of 22-17 in the Intermediate League.

It was a fast game from start to finish with the Seythians playing real ball all the way. The large crowd of fans were on their feet the whole game and exercising their throats. Half time score was 12-7 in favor of the Seythians.

The Students started to score in the second half but the Seythians kept their lead. The one big feature of the game was Currie's shot from centre. Seythians well deserved their win.

Ladies' League Annette's stepped out and defeated the King Edward Co-Eds by a 19-10 score in the Ladies' League.

The score does not give any indication of the play as the Student girls were fighting all the way but could not convert their shots, of which they had plenty. Half time score was 13-6. Wilson turned in a great game for the Students while Stamp-Vincent and Morris starred for Annettes.

Junior League High School and Seythians raised the curtain and also the roof in

the opener with the Students winning 18-5.

Half time score was 6-1 in favor of the Brain Trust. Shrubbsall and Gulick played good ball for the Seythians.

Representative Of Quaker Products Is Visiting in Rupert

Arranges For Introduction of New English China in Premium Packages and Closing Quints Campaign

F. C. Banks of Vancouver, representing the Quaker Oats Co., has been here for several days in connection with the distribution of the company's products in Prince Rupert. His particular business has been introducing to the dealers the new design of English chinaware in the Quaker Oats premium packages which he thinks will be in great demand as soon as it is seen by the customers.

Mr. Banks has also been arranging for the closing up of the special campaign for the Quintuplets birthday bowls, thousands of which have been distributed in connection with their special advertising campaign which Prince Rupert people have seen in the Daily News. He draws attention to the fact that all orders for the beautiful quintuplets bowls must be sent for on or before December 15.

BAKER TELLS ABOUT BREAD

Roy Van der Sluys Talks to Rotary Club About Business In Which He is Engaged

Making a plea for the use of white bread and explaining the process of bread making and some of its difficulties Roy Van der Sluys of the Rotary Club talked to his fellow members at their club luncheon yesterday in the Commodore Cafe and let them in on many of the secrets of how to make good bread. He explained that there were in Canada 2,861 bakeries with plants valued at \$50,000,000 and the industry ranked ninth among the industries of the Dominion.

In the past bakers lived under very unhealthy conditions and worked very long hours. Today this was all changed but even yet in Quebec a law was recently passed restricting the hours of labor of bakers to 60 hours a week.

In his plea for the use of white bread Mr. Van der Sluys explained that all the bran did was to provide roughage. The movement toward the use of brown bread was set on foot by the millers who found it difficult to dispose of their bran and shorts at a profitable price. The fad had caught on to such an extent that today they were in danger of having their white flour left on their hands. At his bakery in Prince Rupert half the bread sold

was brown. He read from reports of prominent medical men to show that white bread was more nourishing than brown.

The speaker deplored the method of marketing through the groceries. In the country from which he came people, when they wanted bread, bought it at the bakery.

After describing the process of baking in the large factories, Mr. Van der Sluys expressed the hope that what he had said might have been interesting.

He was thanked by President W. M. Blackstock.

WELL KNOWN STORY HERE

Jack London's "Call of the Wild" Stars Clark Gable, Loretta Young and Jack Oakie

"Call of the Wild," immortal Jack London classic of the days of the Yukon Gold Rush, comes as the end of the week feature offering on the screen of the Capitol Theatre here and should attract widespread patronage.

The picture is replete with rugged drama and clean fun. The love story is splendidly played by Clark Gable and Loretta Young while Jack Oakie is excellent in the comedy part. A new dog star—a huge soft-eyed St. Bernard named "Buck"—is also presented.

Gable is a swash-buckling prospector who sets out with his buddy, Jack Oakie, to find a lost claim. On the trail they rescue beautiful Loretta Young from wolves and learn that her husband has been lost searching for the same claim. Mutual contempt of Gable and Miss Young gradually turns to love. There is a dramatic climax with a rather unusual finish.
