BOTH ARE TO BLAME

Mr. Justice Martin Divides Responsibility in First Narrows Ship Crash

VICTORIA, August 26. (CP).—Mr. Justice Archer Martin, after hearing evidence in the trial arising out of the collision of the West Vancouver ferryboat and steamer Princess Alice on February 4, at First Narrows, when Mrs. W. E. Burritt, who was aboard the ferry, was drowned, found both ships at fault by failing to comply with rules laid down for proceeding through fog and travelling at immoderate speeds. Any damages that would be found should be borne equally, the judge found, each side paying its own costs.

Demonstration For Constitutionality Planned by Mayor

SEATTLE, August 26.—Mayor Smith has called upon the entire city of Seattle to join with the American Legion convention here on September 17 in a demonstration favoring the upholding of constitutional government and resisting the activities of alien agitators and any move towards the establishment of an "unscrupulous dictatorship."

Thomas Edison Jr. Passes Suddenly

Son of Famous Inventor Succumbs in Springfield Massachusetts, To Heart Attack

SPRINGFIELD, Mass., Aug. 26.—Thomas Alva Edison Jr., son of the famous inventor, the late Thomas Alva Edison, died in a local hotel yesterday of a heart attack. He had stopped off here for a brief visit with friends while on his way West to visit a brother, Charles Edison. The remains are being forwarded to the home at East Orange, New Jersey, for burial.

U.S. LONGSHOREMEN RENEW AGREEMENT AGAINST UNFAIR SHIPS

SEATTLE, August 26.—(Canadian Press)—Seattle and San Francisco longshoremen have voted in favor of continuing the present agreement with employees for another year but voted against lifting the embargo against ships loaded at British Columbia ports designated as "unfair."

Italy Says That Any Attempt To Enforce Sanctions Will Mean Conflict—Mussolini May Come to Terms On Basis of Other Nations Giving Him Colonies in Africa

LONDON, August 26 (Canadian Press)—The war Office announces that fixed defences at Aden, Arabia and Malta will be brought up to strength already approved. From Rome it was semi-officially stated that any attempt to enforce sanctions upon Italy would mean war. In this connection William Hughes, former Premier of Australia and now president of the executive council, declared that any British attempt to enforce an economic blockade of Italy might endanger the Empire for, even though the British might be able to triumph over Italy, such a conflict would leave Britain an easy prey to other nations.

STEAMER STRANDS

Ketchikan Freighter Is Reported Ashore on Halliday Island by Steamer Prince George

Capt. Edward Mabbs of the s.s. Prince George, arriving in port this morning from Alaska, reported sighting from considerable distance an unidentified steamer, probably freighter or tanker, believed to be an American vessel, ashore on Halliday Island, about thirty-five miles north of here, in Chatham Sound. The vessel, while apparently fast ashore, is believed to have been in no particular danger. There were no distress signals and, in any case, there were plenty of small fishing vessels in the vicinity. The stranded vessel was sighted at 5:22 a.m. in very foggy weather. She was well out of water at the low tide and had probably gone ashore during the very thick night.

The local wireless station had no word this morning of any vessel being ashore and the local salvage company received its first advice of the stranding this morning from Capt. Mabbs.

It was learned here this afternoon that the stranded vessel was the small American freighter Banderon which left Ketchikan yesterday for Billmor mill, near Prince Rupert, to load a cargo of lumber for Seattle and which went ashore during the night in the fog. Banderon is not equipped with wireless. The coastguard cutter Cyane has left Ketchikan for the scene and the Armour Salvage Co. was preparing to dispatch the salvage tug Pachena to Halliday Island this afternoon.

Informed quarters tonight said that Mussolini may tell the League of Nations that his price for calling off the threatened invasion of Ethiopia is the gift by other powers of colonies in Africa.

Reports that the British Navy was mobilizing in the Mediterranean as for war were answered from the Admiralty Saturday with the statement that they were merely routine manoeuvres. However, it was intimated that the plan was to ring Suez Canal with warships this week, with capital ships, cruisers, aircraft carriers and auxiliary craft leaving Malta on Thursday for Alexandria, where there will be the largest concentration. Port Said and Ismailia, Garrisons at Malta and Gibraltar are also being strengthened.

A contingent of crack Indian troops was dispatched from Bombay to Aden Saturday. It is understood they will continue to Addis Ababa, the capital of Ethiopia, to reinforce the British military guard there.

One thousand British troops will leave next Saturday to reinforce the under-manned garrison at Malta, the British naval base in the Mediterranean.

King George, at present visiting in the Highlands, is keeping in close touch with latest developments in the Italo-Ethiopian crisis, and is prepared to return to London at the shortest notice.

Aberhart Cabinet to Be Chosen at Caucus Called on Wednesday

United Farmer Premier Would Have Resigned at Once But is Asked by Lieutenant Governor to Continue For While Longer

EDMONTON, August 26 (Canadian Press)—William Aberhart, leader of the Social Credit party, has notified Lieutenant Governor W. L. Walsh that he and the members of his new cabinet will be ready to take office on September 3. Meantime a caucus of all party candidates in the recent provincial election will be held on Wednesday in

consideration will be given to co-operation with Hon. H. H. Stevens' Reconstructionist Party in the forthcoming federal election, Mr. Stevens having already made overtures to this effect. Mr. Aberhart has asked that no federal candidates be named by Social Credit until the entire matter has been discussed.

There has been no change in the standing of candidates from last Thursday's election since Saturday when it was indicated that the new Legislature would consist of fifty-six Social Credit members, four Liberals, two Conservatives and one United Farmer.

Miss Jessie Howat, who has been nursing at Whitehorse, was a passenger aboard the Prince George today going through to Vancouver.

RIDING IS ENORMOUS

Over One Hundred Riding Divisions In Skeena At Forthcoming Federal Election

There will be just over one hundred polling divisions in widespread Skeena riding at the forthcoming federal election. The huge riding takes in about one quarter of the entire area of the province of British Columbia in the northwest corner and well over one-half of the coastline of the province not taking into account Alaska Panhandle. As in campaigning, the airplane is playing a prominent part in the moving of the election machinery.

The polling divisions have been set for some time but the appointment of polling stations has not yet been completed. Later deputy returning officers and poll clerks will be named.

The polling divisions are as follows:

- Atlin, Taku, Dense Lake, Telegraph Creek, Big Missouri, Premier Mine, Stewart, Bear River, Marmot River, Georgia River, Anyox Beach, Anyox Mine, Alice Arm, Mill Bay, Aiyansh, Kispiox, Babine, Hazelton, New Hazelton, South Hazelton, Skeena Crossing, Kitwanga, Woodcock, Cedarvale, Dorreen, Pacific, Usk, Copper City, Little Canyon, Terrace, Kitsumkalum Lake, Remo, Lakelse, Amsbury, Kwinitza, Port Inverness, Oceanic, Osland, Morice, town, Evelyn, Glentanna, Smithers, Essington, Tye, Haysport, Cassiar, Telkwa, Quick, Walcott, Houston, Topley, Rose Lake, Palling, Burns Lake, Sheraton, Endako, Francois Lake, Colleymount, Nadna, Tatal-Croze, Grassy Plains, Southbank, Ootsa, Wistaria, Allison Harbor, Smith's Inlet, Margaret Bay, Wadhams, Rivers Inlet, Dawson's Landing, Namu, Bella Bella, South Bentinck, Bella Coola, Hagensborg, Firvale, Kimsquit, Ocean Falls, Klemtu, Butedale, Surf Inlet, Kitimat, Lowe Inlet, Claxton, Oona River, Surf Point, Jap Inlet, Lawson Harbor, Billmor, Prince Rupert, Digby Island, Big Bay, Port Simpson, Wark Channel, Massett, Port Clements, Tlell, Skidegate, Queen Charlotte City, Sandspit, Cumshewa Inlet, Lookport and Atlin Inlet.

EXCELLENT EFFORT

The thanks of the community is due to the Junior Chamber of Commerce whose efforts resulted in the carrying out of a very successful carnival. Without the young men this year there would probably have been no celebration. They took up the work when there seemed no hope of anything being done.

The Junior Chamber could have done little without the support of the whole community. Happily their enthusiasm inspired confidence and the result was well worth the effort. We gladly join with all others in extending to them the thanks and appreciation of the citizens generally and express the hope that they will continue to function in the interests of the city.

NATIONAL GOVERNMENT MOVE.

Above is a cartoon sent out by the League for National Government in which a plea is made that the members of Parliament when elected will get together and form a government which would be independent of party.

In the cartoon Canada is represented as a sick man after being dosed by the Bennett medicine. Mackenzie King is offering pills, and each of the other party leaders has a cure to offer. We wonder if it occurred to the cartoonist to suggest what would happen to the patient if all the medicines were mixed together and given to the patient. It seems to a good many people that, as the Bennett medicine seems to have failed, the patient should be given the Mackenzie King Pills to clear the system and start the proper functioning of the different organs of the body politic.

SPORT CHAT

Rain caused the cancellation of the football game which had been set for Saturday evening between Aiyansh and Prince Rupert as a wind-up to the Silver Jubilee Carnival Week sports program. There was nothing involved in the game as Aiyansh, by virtue of a 5 to nil victory over Massett on Friday evening, had won the cup and medals put up for Northern British Columbia native soccer championship.

Yesterday's unfavorable weather necessitated postponement of an American tournament for members of the Prince Rupert Tennis Club. If conditions permit, the tournament will probably be played next Sunday. It is planned as a final get-together of members of the club before the 1935 season draws to a close.

After a suspension since last Monday owing to rainy weather and the Silver Jubilee Carnival sports activities, the City Softball League will swing into action again this week. There are four postponed league fixtures still to be played and the first of these will probably be run off tonight as weather now looks favorable. It will probably require all the postponed games to decide the winner of the second half.

THE LARGEST SELLING REMEDY OF ITS KIND

Will Rogers is fond of saying: "Well, all I know is what I see in the paper". It is substantially true that all most of us know about current topics is what we see in the daily newspaper.

An unusual bond of friendship unites the reader and his newspaper, a relationship cemented by that wonderful thing we know as "News".

What is it?

News might be called the theme song of life. It is the sound of civilization's machinery in motion. It is the speed gauge of progress. It is the background of all thinking, all planning and all knowledge of current human affairs.

Because of this quality, when white paper leaves the printing presses carrying "the news", it has become an active force in its city, its country and the world.

In such an atmosphere of motion and vitality the Daily Newspaper places within the hands of maker and seller the power of contact with this new-reading public—a power that is limited only by the advertiser's own ability to use it intelligently.

AS A CEREAL

OR IN COOKING

it's FINE either way!

It's so handy to have a package of Kellogg's ALL-BRAN in the kitchen. Serve it as a cereal. Use it also as a wholesome ingredient in your muffins, breads, omelets, waffles, etc.

Kellogg's ALL-BRAN supplies "bulk" to aid regular habits. ALL-BRAN is also rich in vitamin B, as well as iron, an element of the blood.

Two tablespoons daily will correct common constipation, due to insufficient bulk in the diet. In severe cases, with each meal. If not relieved this way, see your doctor.

The "bulk" of ALL-BRAN does not break down during digestion as does that of leafy vegetables, and is therefore more effective for furnishing the needed "bulk." It is a delicious laxative food . . . far better than patent medicines.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

Keep on the Sunny Side of Life

A Case A Week

Pacific Milk

In the letter we quoted recently in which the lady writing said her family used one to one and every month; in the logging camp run by her husband they use from a case to a little over a week. What the lady is telling in many ways is how good Pacific actually is. Thank you very much.

A FRIENDLY CRITIC

Editor, Daily News:

As a visitor to your young and progressive city, possibly you would allow me space in your valuable paper to criticize the judging at the recent flower show held in connection with the carnival.

In going through the awards it seemed to me that the judges thought more of quantity than of quality. Big blooms and big bunches of flowers were given prizes where better quality blooms and bouquets were left unnoticed.

Particularly was I struck with the result of the judging in the vases or bowls of mixed flowers. I doubt the value of asking flower growers to pick all their best flowers and heap them together in huge bowls in most unsightly array contrary to all the canons of good taste. Then, when they did this, the prizes were given to those who had most of the best flowers hidden from view in the massed jumble.

The present trend is wholly against mixing roses and various annuals, perennials and biennials together in a bowl irrespective of color or form. In this the Japanese take the lead. They usually use three or five sprays with considerable greenery and the pyramid shape is wholly eliminated. There is usually a tall spray or bough at one side of the bowls and lower sprays of the same or similar flower on the other side. The idea of jamming half a garden of bloom into one huge bowl is most repulsive. To the flower lover it is cruel, crude and stolid. It indicates an undeveloped taste. With the exception of a bowl of sweet peas or other similar flowers, there should never be more than a dozen in one bowl and that is generally too many. Possibly your Horticultural Society could guard against this unseemly array in future by limiting the number of flowers to be used by exhibitors and by awarding the prizes to quality exhibits rather than quantity.

I hope my few remarks will not be taken amiss but in any event I shall be far away by the time this letter is published. You have my address and I shall be very glad to hear at some future date if the suggestions I have made bear fruit.

A VISITOR TO THE SHOW.

Mr. and Mrs. Al Small and Mr. and Mrs. Laurie Lambly returned to the city the latter part of last week from a motor trip in the course of which they travelled from Hazelton via Prince George and Cache Creek to Kamloops and Penticton, crossing into the Wenatchee and Yakima Valleys in the State of Washington, on to Seattle and Vancouver and back north via the Cariboo Highway. They were away for three weeks and the outing was a highly enjoyable one.

WHIFFLETS From the Waterfront

The local power cruiser Bonanza, having on board Harry Ward, Miss Lorna McLaren and Miss Blanche Curtin, returned to port last night from a three weeks' trip down the coast as far as Vancouver in which city six days were spent. Except for the last three days, good weather was experienced throughout the cruise which proved most enjoyable. On the way north a run was made up Gardner Canal where good angling was had by the party.

Completing her final voyage of the season on the Alaska route C.N.R. steamer Prince George, Capt. Edward Mabbs, arrived in port at 8:15 this morning from Skagway and other northern points and sails at 5 o'clock this afternoon for Vancouver via Ocean Falls and Powell River. The vessel brought in 169 passengers from the north of whom four disembarked here.

After a stay of almost a week in port, the Vancouver power cruiser Adventus, with party of commercial men on board, is leaving today on its return south.

Granby Co.'s service boat Granby arrived in port this morning from Anyox on a brief business call, leaving later in the day on its return to the smelter town.

C.N.R. steamer Prince John, Capt. James Watt, which is now being operated in freight service, arrived in port at 8:15 this morning from Vancouver and moved shortly after out to Digby Island to discharge a cargo of coal at the marine depot. She will return here to unload eneral cargo and will return south from this port.

C.P.R. steamer Princess Alice, Capt. Clifford Penton, in port on Saturday afternoon southbound from Skagway to Vancouver, was a full ship with a capacity list of passengers numbering 216 in all. Six disembarked from the vessel here while two took passage from here for the south aboard her. This was the final voyage of the season for the Princess Alice on the Alaska route but it is reported she may be coming north shortly on the Vancouver-Ocean Falls-Prince Rupert route relieving the Princess Adelaide.

With a good sized passenger list of passengers, Union steamer Catala, Capt. A. E. Dickson, arrived in port at 8 o'clock last evening from the south and sailed a couple of hours later for Anyox. Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. for Vancouver and waypoints.

"Goin' To Town" Sparkles With Modernity and Fun, Covering Wide Range of Ground

In a picture sparkling with modernity and fun, Mae West comes to the screen of the Capitol Theatre here at the first of this week in "Goin' to Town," a yarn which opens in a western mining town, ranges over the western hemisphere and reaches a climax at Southampton.

A cattle baron's widow with money to burn and warm affections, Miss West picks Paul Cavanaugh, a handsome Englishman, as the object of her affections but Cavanaugh mistrusts his feelings and runs off to Buenos Aires. Taking

E. Jensen, Port Essington; P. Nelson, E. Butler, D. Broson and R. H. Crowe, city; Mr. and Mrs. Johnson, Oceanic.

Sleeping Sickness In Japan Spreading

TOKYO, August 26 (Canadian Press)—Ninety-nine new cases of sleeping sickness were reported over the week-end, bringing the total of cases so far reported to some 2,000 of which nearly 1,000 have been fatal. No foreigners have yet been affected by the nation-wide epidemic. There have been 40 deaths in Tokyo alone with 200 cases still under attention.

her horses to the Buenos Aires races, Miss West continues her campaign but still without effect. Then she decides that, in order to win his love, she must change her tactics so she marries an impoverished young socialite, Monroe Owsley, in order to improve her standing. The husband proves to be a wash-out but the heroine beats society at its own game and finally gets out of the romantic tangle and into Cavanaugh's arms in a grand climax. Miss West's costumes are dashing and new and she sings a number of songs.

Also tonight the finals in the Strollers' waltz competition between three couples will take place.
