BENNETT AND BRITISH COLUMBIA

PRIME MINISTER WILL LEAD PARTY THROUGH ELECTION

Premier Bennett and British Columbia in Recent Legislation

Premier Bennett Withdraws Application of Farmer Creditor Act to This Province—Premier Pattullo Says He is Imprudent

OTTAWA, June 20: (CP)—The operations of the Farmers' Creditors Arrangement Act in British Columbia will be withdrawn because of the opposition of the government of that province, Prime Minister R. B. Bennett announced in the House of Commons yesterday. It is understood the bill will be re-introduced so changed as to render it inoperative in British Columbia after July 1 next, but will not interfere with any debt compromise agreements already effected or to be effected in the meantime.

BENNETT CONTINUES

At Banquet in His Honor He States He Will Lead the Party at Election

OTTAWA, June 20:—Definite assurance that only a breakdown in health will prevent him continuing as leader of the government was given by Prime Minister Bennett last night at the complimentary banquet tendered him by Conservative members of the House of Commons and the Senate.

TILT WITH PREMIER

Hon. H. H. Stevens Criticizes Government Bill and Gets Retort From Mr. Bennett

OTTAWA, June 20:—Prime Minister Bennett and Hon. H. H. Stevens had a rather spectacular tilt in the House of Commons yesterday, a tilt that did nothing to help heal the rift that has torn the Conservative party asunder.

The former minister of trade and commerce, who resigned from the cabinet because of a difference with the Prime Minister, charged that the legislation introduced by the government did not go far enough in dealing with the price spreads report. Mr. Bennett replied that it went as far as was practicable.

In another speech at a banquet last night Mr. Bennett announced that he planned to lead the party at the coming general election.

EMERY TO BE TRIED

Committed by Magistrate at Preliminary Hearing in Police Court This Morning

VANCOUVER, June 20: (CP)—Ivan Emery, charged with inciting to riot was committed for trial in the police court here this morning. In defending Emery, Gordon Grant said Emery's speech was very mild compared with that of Mayor McGeer, who threatened to lead a Canada-wide riot and throw someone into the bay, during the meetings of mayors in Eastern Canada.

The situation on the waterfront today is quiet with negotiations for a settlement deadlocked.

VICTORIA, June 20: (CP)—"If the Dominion will confine the operation of the Farmers' Creditors Arrangement Act in British Columbia as between persons and not undertake to interfere with provincial contracts and rights to levy, and collect its own taxation, there will be no opposition from the provincial government," Premier Pattullo stated. In a wire to Mr. Bennett he said British Columbia had co-operated in the administration of the Act and had on file acknowledgement from Dominion officers expressing appreciation thereof, but the Act in its full significance would place the province in a position of complete subordination to a board appointed by the Dominion government in respect to the disposition of the natural resources of the province and the imposition of taxation.

Const. Cuthbert Is Improving

Police Man Who Is In Hospital Following Riot was Injured in Head; Quiet on Waterfront

VANCOUVER, June 20:—Constable Cuthbert who was badly injured in the head in the waterfront riots Tuesday afternoon and who was then taken to the hospital is improving.

Everything was quiet on the waterfront yesterday where the police refuse to allow picketing. The men working are members of a union but of a different union from the men who are on strike.

Hepburn Loan Is Subscribed

TORONTO, June 20: (CP)—In spite of the opposition of the bond dealers and of other big money interests the \$20,000,000 loan of the Hepburn government has been subscribed. The previous offer of \$15,000,000 received no bid from the bond dealers.

APPEAL HEARD TODAY

TRENTON, N.J., June 20: (CP)—The appeal in the case of Bruno Hauptmann, under conviction of having murdered the Lindbergh baby, is being heard today.

Doctor, Lawyer, Engineer

These graduates of the University of Alberta are not only charming, they are breaking into fields not usually broken into by co-eds. Left is Mary Duncan, who took her LL.B. and is now a qualified lawyer; Centre, Esther Rabkin, who qualified as an expert engineer so that she could be of use in her native Russia; Right, Helen Reid, who quivered not an eyelash as she came through the medical course for her M.D.

VALUE OF FORESTS

Chief Forester Tells Gyro Club of Timber Resources of Province and Need of Protection

Stressing the importance of the forests to the province of British Columbia and emphasizing the need of proper forest protection and the losses sustained through carelessness on the part of those who ought to know better, P. Z. Caverhill, chief forester for British Columbia, gave a very interesting address to the Gyro Club at their weekly luncheon yesterday, W. H. Tobey presiding in the absence of the president.

Speaking of the immense value of the forests, Mr. Caverhill said that lumbering was still the leading industry in the province of British Columbia. He estimated the original stand of timber still available to be approximately two hundred and sixty million feet, though all of this was not at present merchantable. As the province developed it would become available.

Most of the timber was replacing itself as fast as it was being used except in the case of Douglas fir on Vancouver Island. Telling of the fire losses, the speaker said most of the fires were fought without cost to the province. Some were fought at small cost and an occasional big fire proved very costly.

VANCOUVER BABY BONDS

Nine Millions Taken Up to Last Night and City Hall Will Be Built

VANCOUVER, June 20:—It was officially announced last night that the sale of baby bonds had reached the sum of nine million dollars and that the building of the new city hall was already assured.

Liberal Policies In New Brunswick Cover Wide Range

Re-organization of Department Is Included in Platform of Party Led by A. A. Dysart

SAINT JOHN, N.B., June 20: (CP)—Touching on governmental, industrial and other matters, policies enunciated by the Liberal party under A. A. Dysart in New Brunswick's general election campaign cover a wide range of subjects. The following promises have been made by the opposition providing it overthrows the Conservative government of Hon. L. P. D. Tilley on polling day, June 27:

Immediate steps to revitalize basic and secondary industries. A general re-organization of governmental departments, with establishment of a special department to deal with matters of a federal and inter-provincial nature.

A new land settlement policy, with government bonus for clearing land.

Cold storage facilities for farmers and fishermen; encouragement of co-operative effort; steps to lessen spread between prices to farmers and consumers; mortgage loans and fire insurance for farmers at reasonable rates. A progressive road policy and economical hard-surfacing program; use of man-power wherever practicable in all public works.

An improved program of health education; enlargement of the present policy of treatment for mental and cancer cases, restrictions against child labor; old age pensions and minimum wages for women and girls.

Restoration of free school books; improvement and simplification of school instruction.

Immediate investigation into the operation and administration of crown lands; an equitable stumpage rate; improved forest husbandry.

Re-organization of the system of justice; lower cost of administration. (Continued on page three)

Uniform Prices in All Parts of Canada For All Manufactured Goods

Plan is Suggested to Make Working of Tariff More Equitable to the People of the Whole Country

That all distribution costs should be pooled and that all manufactured goods should be sold at the same price in every city in Canada is the claim of J. D. McKenna, writing in "Canadian Business." He says that the tariff does not at present work out equitably and that most of the benefit goes to a few of the larger cities. Eighty-five per-

cent of all manufactured goods are produced in Ontario and Quebec, leaving only fifteen percent to be divided among all the other provinces and that within less than a score of cities. They get the advantage from the tariff and the rest of Canada pays the bill. This is the way Mr. McKenna works it out:

"The presence of a large number of factories in Montreal and Toronto confers on these communities special privileges and outstanding benefits which are not shared in by non-manufacturing communities. When one of these manufacturers sells goods to any other part of Canada, he includes in his bill of costs his overhead, the depreciation of his plant, the depreciation of his buildings, shrinkage in the value of his stocks, finished and raw, his local taxes including services for fire, police, schools and current expenditures, public improvements, such as paving, parks, school grounds, etc., etc. He passes that item along in his bill of costs to his customer who may be a resident of Cape Breton, N.S., or Prince Rupert, B.C. In every case the man in Cape Breton or the man in Prince Rupert pays his proportion of the local taxes of the factory in Montreal, as well as his own local taxes in Cape Breton or Prince Rupert as the case may be. Considering, as indicated above, that eighty-five percent of all Canadian manufactured goods are produced in a few communities in Ontario and Quebec, it will be readily appreciated how much of the taxes of these cities are paid by people who reside outside the confines of the favored municipalities. So that summing up, the large Canadian manufacturing centres derive population, wealth and a hand-out in the way of taxes from Canadian customers.

"In the Maritimes there are a few well managed factories which sell nationally known goods. They are usually of the light weight variety. In order to successfully compete in the Canadian market, the Maritime Province manufacturer must absorb as factory cost the expense of delivering his goods to any part in the Dominion. The Ontario and Quebec producers do not include freight charges as factory costs, but compel their customers in the Maritime Provinces to pay the transportation charges.

"May I, for a moment, call attention to just two items of freight charges in this connection: the Maritime Provinces' actual out-of-pocket expenditure for freights on automobiles now running in the three provinces amounts to the very considerable sum of \$2,750,000. Or, let me take another commodity, cement. There are in the Maritime Provinces some of the finest deposits in the world available for cement production. Yet people in the Maritime Provinces pay an annual bill in freights on

BRITAIN IS CRITICIZED

Government Declares it is Saving World From Costly Armament Race

LONDON, June 20: (CP)—A storm of criticism has been aroused by Britain entering into a naval treaty with Germany in which the latter country is permitted to increase its navy to thirty-five percent of that of Britain.

The government stoutly maintains that its position is saving the world from a costly and dangerous armament race.

Is Anaemic And Ill-Considered

OTTAWA, June 20: (CP)—The government had gone the limit of the constitutional power of Parliament in proposing legislation based on the report of the price spreads commission, Prime Minister Bennett stated in the House yesterday, in replying to complaints of H. H. Stevens that the legislation was anaemic and ill-considered.

REGRETTABLE INCIDENT

The collision between strikers and police at Vancouver is a regrettable incident. Such a mix-up breeds all sorts of ill-feeling. It helps nobody except the enemies of Canada and prevents that friendly co-operation which is the essence of all progress.

ANOTHER SCRAP OF PAPER

There was an agreement between Germany and the powers of Europe that she would not do certain things in Europe before the war but she did them. The scrap of paper she signed did not mean anything. Another scrap of paper was signed after the war but neither Germany or the other powers kept either its letter or spirit. Now Germany has signed another scrap of paper with Britain but to them it is only a scrap of paper and will mean no more than the others when it is of advantage to them to ignore it.

ASK FOR *Kellogg's*

**TODAY'S
 BIG VALUE**

Kellogg's Corn Flakes are one of the greatest values you can buy. Only a few cents for many servings of this delicious cereal. You get twice as many Corn Flakes now for the same price you paid for half the amount in 1914!

Every one in your family loves the crisp crunchiness of these golden flakes. When you go to your grocer's—be sure you buy Kellogg's—the original Corn Flakes. No imitation can equal their appetizing flavor—heat-sealed in the patented WAXTITE inner bag.

Kellogg's Corn Flakes are sold by grocers everywhere. Quality guaranteed. Made by Kellogg in London, Ontario.

**Borden Street School Winners
 Of Rochester Shield in Final
 Football Game of the Season**

Youngsters Acquired Themselves Well and Provided Excellent Sport For Spectators

The final of the Junior Football League last evening provided all the thrills that a sportsman would want when Borden outplayed and outscored High School by four clear goals and won the Rochester Shield.

At the start High School pressed and O'Neill and Clausen tried out the Borden defence in which Brown, Perpich and Roma were seen to advantage. Fitch was able to get the ball away and Bob Williscroft centred well for Currie to come through and score a splendid goal. High came back strongly and Cameron made a fine run only to have Fitch stop him. Clausen forced a corner which was cleared. Rice held up a Borden attack and Cameron got away but tried too much on his own and Fitch cleared. O'Neill went close. Then Borden scored a second on a beautiful play. Alan Smith at half robbed Clausen and fast, accurate passing

SPORT CHAT

The play-off for the Rochester Shield last evening provided a splendid game for an enthusiastic crowd of strong voiced supporters from the schools whose encouragement added an extra zest to the match.

Borden were worthy winners. The team all played their positions well. Mah did all that was asked of him and Brown and Perpich kicked strongly and tackled with judgment. Fitch was very reliable at centre half while Alan Smith at right half took the eye of the old-timers watching. Roma completed a strong defence. Of the forwards Currie supplied most of the danger playing a better game than usual. He passed with judgment as well as getting two goals. R. Smith has all the signs of a coming forward and scored two fine goals. Bob Williscroft is another promising forward who wastes no time centering and Barton and D. Houston play neat football to complete a well balanced team. The team shows the result of the steady coaching of Mr. O'Neill who, with

FRIDAY, JUNE 21
 Legion vs. S. O. C.

from him to Barton, to Currie to R. Smith enabled the latter to score with a fine drive that went in off the upright just before the half-time whistle went.

High tried to force the game but Currie picked up after slack defence play and gave Borden a third goal with a good shot. Just after D. Houston's shot was just too high. Then Currie got away and a pass to R. Smith was made the most of and Borden was safe with a four-goal lead. High fought back strongly and some of the best play of the evening was seen. Cameron raided frequently and then missed a good opening from O'Neill's centre. A moment later O'Neill missed an easy opening from Cameron's centre. Gulick, Eastman and Brown fought bravely but Borden defence was good and Cameron's solo runs were stopped. A fine centre from him went past and a cross from O'Neill hit the upright but was cleared. To the end play was full of thrills but no further goals were scored and Borden were worthy winners of a hard fought game.

Borden—Mah; Brown, Perpich; Alan Smith, Fitch (captain), Roma; Barton, R. Smith, Currie, D. Houston, Bob Williscroft.

High—Williscroft; G. Brown, Eastman; Rice, Gulick, Croxford; Cameron, Beale, O'Neill, Kanaya, Clausen.

Referee—J. Carroll.

Regular Game Postponed and Other Called Because of Rain

The regular game between the Grotto and C. N. R. A. was postponed on account of C. N. R. A. members going on the Elks' picnic.

A postponed game between the Grotto and Junior Elks was substituted but after playing three and one-half innings the game was called on account of rain with the score standing 9 to 0 in favor of the Grotto. As five innings were not played the game was declared no contest.

Miss Mills, is to be congratulated on their success.

High are to be congratulated on their display. The team lacked combination though they never gave up. The goalies had no chance with the shots that scored. Brown and Eastman were safe though overplayed at times. Gulick was the best half with Rice a good second. An uneven forward line suffered in comparison with Borden's. Cameron and O'Neill have class but there was little combination. Clausen was dangerous and Beale and Kanaya kept trying to the end.

Jesse Owens, explaining how he set a world record of 20.3 for the 220-yard dash: "We just trotted the first 100 yards. Then the field started to pull away on me. Damn it, I'll tell you I never ran a faster 100 yards after that."

Hamilton Tigers football team may have five former Western Mustangs in the line-up this fall. Three of them—Frank Turville, George Stull and Mike Valerioté—won't be newcomers, but they will be joined by Tom Tweedie and Bill Bryant, graduated doctors who are joining the staff of a hospital there.

The "mile race of the century" here last Saturday brought together Glen Cunningham, Bill Bonthron, Jack Lovelock and Gene Venzke. The object was Cunningham's world record of four minutes, 6.7 seconds. But the man who is perhaps the world's greatest miler, Luigi Bacelli of Italy, Olympic champion, was not there.

England's gunniest-looking race horse is named Grock, after a famous French clown. He has a completely white face on a chestnut body, colorless wall eyes and no (Continued on page 4)

The accompanying chart shows how the price of gasoline to the retailer has decreased and the gasoline tax has increased since 1924. The data for this graph are based on figures published by the Dominion Bureau of Statistics.

FALLING PRICES—RISING TAXES

IN 1924 the average price to the retailer of all gasoline sold in Canada was 26.6 cents per Imperial gallon. Since 1924 the price has fallen almost continuously and for 1933 and 1934 it stood at 18.8 cents—nearly eight cents less than in 1924.

average of only a little more than 1/4 of one cent for each gallon consumed. But as the price of gasoline fell the tax on gasoline rose to higher and higher levels until in 1933 it amounted to nearly 5 1/2 cents for each gallon consumed in Canada.

"But", you say, "gasoline does not cost me eight cents less a gallon than ten years ago."

When you buy a gallon of Imperial gasoline you also pay other taxes totaling about 8/10 of one cent. The profit which Imperial Oil earned on each gallon of gasoline that it made and sold during 1934 was just over 5/10 of one cent per Imperial gallon.

You are right, and this is why: In 1924 the gasoline tax was new in Canada and the total gasoline tax collected in that year amounted to an

TAKE NOTICE that by order of His Honor, W. E. Fisher the 7th day of June, A.D. 1935, I was appointed Administrator of the estate of Svante N. Sjostrand, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 10th day of July, A.D. 1935, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.
NORMAN A. WATT
Official Administrator,
Prince Rupert, B. C.
Dated the 7th day of June, A.D. 1935.

NOTICE

"Water Act"
Notice is hereby given that His Honour the Lieutenant-Governor by and with the advice of His Executive Council has been pleased to order that the reservation of the unrecorded waters of Pine Creek and Surprise, Lake in the Atlin Water District which reservation was established by Order-in-Council No. 543, approved on the 21st day of June, 1916, and Order-in-Council No. 993, approved on the 19th day of October, 1916, be cancelled.
The said cancellation shall be effective on the 22nd day of July, 1935.
DATED at Victoria, B.C., this 13th day of June, 1935.
"A. WELLS GRAY"
Minister of Lands
June 17, 24, July 2, & 28.

SPORT CHAT

(Continued from page 2)

eyebrows. He has four white "stockings" on his legs, which make him look as if he were wearing spats. He wins a race occasionally at that.

Phil Scott, the "fainting Phil" of the heavyweights, opened a beauty parlor and hasn't got into the news since. But his brother, S. W. Suffling, is a good enough billiard player to rate mention frequently. He is champion of the Queen's Club. Scott's family name is Suffling.

They don't crowd to the cricket pitches any more to see Harold Larwood bowl the fastest ball in the sport. The famous internationalist is using neither speed nor "leg theory" this season and his popularity waned with his speed. Crowds don't care to see Larwood bowl medium pace.

Whether Duncan McNaughton will be available for the next Olympic Games is problematical, but the Vancouver youth who won the high jump for Canada in the 1932 games is still able to get up there. He went to Edmonton last month and cleared six feet without much difficulty.

Expect Good Team For English Tour

Plans Progress For Visit by Canadian Cricketers in 1936

TORONTO, June 20.—(CP)—Further progress has been made by Hon. R. C. Matthews, Minister of National Revenue, with his plans to sponsor an English tour by a team of Canadian cricketers during the summer of 1936.

It is 13 years ago since a representative Canadian team visited England and in order that the best men available may be selected Mr. Matthews has expressed his intention of inviting several well-known cricketers to act as a selection committee. The selectors will include Dr. H. C. Griffith of Ridley College, St. Catharines, and Harry Dean of the Toronto Cricket Club. They will be asked to watch the form displayed by a number of promising young Canadian cricketers during the present season.

While many members of the side to be chosen will probably come from Ontario clubs several young players from Quebec, British Columbia and other parts of the Dominion are expected to be included. In order that the strongest team possible may be sent an appeal will be made to employers to allow extended leave of absence in the case of a number of outstanding players.

It is expected that the team will leave Canada late in June and return by the end of August.

LOCAL GIRL WINS PRIZE

Marcelle Jabour Ties With North Vancouver Girl For \$50 Award in Australian Competition

TORONTO, June 20.—Marcelle A. Jabour of Prince Rupert and Grace Walton of North Vancouver tied for the best essay from British Columbia on Australia, it was stated in the announcement of the awards yesterday by L. R. MacGregor, Australian trade commissioner to Canada.

Grace B. Pattullo, whose father is second cousin to Premier Pattullo, won the free trip to Australia offered for the best essay in all Canada.

Held Indoor Picnic Party

Cambrai Chapter I. O. D. E. Meet At Home of Mrs. William Watts On Atlin Avenue

The Cambrai Chapter, Imperial Order Daughters of the Empire held a delightful indoor picnic party last night at the home of Mrs. William Watts, Atlin Avenue, marking the closing of the meetings of the chapter for the summer months.

During the evening many novelty games were enjoyed, those being responsible for the program were Mrs. Watts and Mrs. G. W. Laidler. Refreshments were then served consisting of individual picnic lunches and coffee.

WHIFFLETS From the Waterfront

In connection with the burning of George Wesley's boat at Warke Canal it is pointed out that the boat did not take its gas supply from the tanker but that the tanker was just going out of the bay at the time of the fire and it turned and extinguished the fire.

The Armour Salvage Company is still working on the rescue work of the material from the wreck, a quantity of coal having been taken from her hold. Four scowloads have been taken in all from the vessel since salvage operations commenced.

Strawberry Tea Was Delightful

Mrs. Leaper in Charge of Interesting Event at Baptist Church Yesterday Afternoon

A very delightful strawberry tea was held yesterday afternoon in the parlors of the Baptist Church. The guests were received by Mrs. Leaper, who was the general convener for the event. In charge of the tea room was Mrs. Norman Fraser, assisted by Mrs. B. Morgan and Mrs. F. Morris. Serviteurs were Mrs. H. Daggett, Mrs. T. Christoff and Misses Eileen Hamblin and Cathie Watson.

The home cooking was in charge of Mrs. H. M. Hale and Mrs. P. H. Linzey. The cashier was Mrs. G. Hibbard. Miss Eileen Hamblin gave piano selections.

The rooms were prettily decorated with lilac and columbine.

ELKS' LODGE MERRY TIME

Aquatic Sports at Salt Lake Followed by Enjoyable Time at Summer Cottage

The Elks' Senior Lodge had a jolly party last evening, the losing team of a three-group contest being guests to two other groups at the Salt Lake. The parties went over in boats provided by W. W. Wrathall, George Bryant, George Peters, with Joe Scott's speeder and enjoyed swimming in the lake during the early part of the evening. Martin vanCouten's fancy diving and other water stunts being an attractive feature of the occasion.

After the aquatic events, the party adjourned to the summer cottage of George Peters, Exalted Ruler of the lodge where refreshments were served.
