HITLER'S SPEECH IS CONCILIATORY

PATMAN BONUS BILL VETOED BY PRESIDENT ROOSEVELT

Germany Prepared to Respect All Treaty Undertakings But Other Nations Should As Well

Reichsfueher Delivers Himself of Important Statement on Nazi Foreign Policy—All Country Demands is Right To Arm For Own Protection

BERLIN, May 22: (CP)—Reichsfueher Adolf Hitler, in a speech in the Reichstag Tuesday night, told the former Allies that Germany would abide by all but the military sections of the Versailles Treaty and would agree to limit armaments with them, even to the scrapping of submarines. He said that a navy thirty-five percent the size of Great Britain's was all that Germany wanted. He denounced the powers for violating the Versailles treaty's arms limitations, thus forcing the Reich to re-arm. Hitler said that Germany required an army of half a million men and an air force limited to equality with Europe's largest. The chancellor said that Germany would keep its pledge of demilitarization of the Rhineland. Hitler charged that other nations had discriminated against Germany which would not return to the League of Nations until all such

spirit of discrimination was removed.

Germany was prepared to live up to all pacts it had entered into, even before the advent of the Nazi regime, the Reichsfueher declared. Germany intended, he said, to maintain its new found military powers to the maximum but would respect territorial clauses of all treaties and was prepared to negotiate honorably with any nation.

Previous to the Reichstag meeting at which Hitler delivered his message on foreign policy, a meeting of the cabinet decreed compulsory military service of one year in the army, navy and air force affecting all Germans between the ages of eighteen to forty-five.

France Disappointed

PARIS, May 22:—Although the "remarkably conciliatory" tone was admitted, official French government quarters were generally disappointed with Reichsfueher Adolf Hitler's speech on German foreign policy. It was interpreted by many simply as a return to the doctrine Hitler expounded when he announced plans for his conscript army.

How League Feels

GENEVA, May 22:—Delegates to the League of Nations who listened in on Reichsfueher Adolf Hitler's speech in Berlin last night interpreted it as primarily an appeal for British sympathy.

Dr. R. G. Large returned to the city on the Prince Rupert this morning from a two weeks' trip to Vancouver.

GIRL GUIDE MEET HELD

Annual Display of Marches, Etc.—Badges and Stars Presented

Last evening in the Anglican Cathedral Hall the First Prince Rupert Company of Girl Guides had their annual display of marches, drills, dances, first-aid, company formation, camp-fire songs and presentations.

Dean Gibson, as chairman, opened the program with a few words.

A feature event of the evening was a series of races between a select team from the 68th Company of I. O. D. E. Guides and the First Prince Rupert Company. After much consultation on the part of the judges the First Prince Rupert Company was adjudged the winner with only a very slight margin. The prize, a Girl Guide pennant, was presented at the close of the evening and was received by Guide Geraldine Cade.

The Irish jig, danced in costume by Jean Watt, Muriel Eby and Betty Wilkinson, proved a very delightful number.

At the close of the evening, in company formation, the girls received their badges and service stars worked for throughout the year. These were presented by Mrs. E. Anderson to the various girls as follows:

Second Class Badges—Patrol Leaders Muriel Eby, Hazel Lear and Hazel Maslin.

Thrill Badge—Patrol Leader Honora Silversides.

Service Stars—First Prince Rupert Company.

Five-year Star—Due February, 1935, Patrol Leader Honora Silversides.

Four-Year Star—(Due October 1934) Patrol Second Edna McLean.

Three-Year Star—(Due October 1934) Guide Geraldine Cade.

CREDIT IS DESTROYED

Ontario Power Contract Cancellations and Vancouver Bond Difficulties Responsible Says Bennett

OTTAWA, May 22: (CP)—The action of the Ontario government in passing legislation declaring void Quebec power contracts has completely destroyed Canada's credit in the United Kingdom, Premier R. B. Bennett told the House of Commons yesterday.

The government attempted to launch a £28,000,000 refunding loan in the United Kingdom last fall but was forced to abandon it. As a result, it would cost the Dominion \$700,000,000 annually for twenty years.

Canadian credit had been previously injured by Vancouver bond interest difficulties, Premier Bennett said.

HEPBURN'S COME-BACK

TORONTO, May 22: (CP)—Premier Mitchell Hepburn declared that Premier Bennett should have his head, not his heart, examined by specialists when he was informed that Mr. Bennett had charged him with destroying Canada's credit by cancelling the Quebec power contracts. The Ontario premier pointed to the rapid absorption of the \$60,000,000 Canadian loan last week.

STRIKE IS IMMINENT

Tie-up on Vancouver Waterfront Threatened Following Vote On Crew Dispatching

VANCOUVER, May 22: (CP)—With the Shipping Federation of British Columbia expected to give direct refusal to the demand of the Vancouver and District Waterfront Workers' Association that, after May 27, they be permitted to handle their own dispatching of crews, a waterfront strike here on that date is threatened. The Waterfront Workers' Association on Monday by a majority of 171 out of some seven hundred votes favored their own dispatching of crews. The Shipping Federation is being officially notified.

Powell River "Unfair"

Four waterfront organizations have declared Powell River unfair following the longshoremen's demand there for wages equal to those paid in Vancouver being refused. Powell River freight to and from Vancouver will not be handled by these bodies.

JANE ADDAMS DIES

CHICAGO, May 22: (CP)—Jane Addams internationally known social worker, died yesterday at the age of 75 following a recent major operation.

Pieces of Iron Hurlled For Mile Onto Zayas Island by Explosion On Steamer Denali; Board Wreck

Capt. W. P. Armour and members of the crew of the Armour Salvage Co. were able yesterday to board the shattered forepeak of the Alaska Steamship Co.'s 3,333-ton freighter Denali which is still clinging to a reef about a mile south of Zayas Island where she stranded early Sunday morning, later breaking up, burning and exploding in the high seas. The portion of the wreck which still remains is in imminent danger of slipping into deep water at any time. Capt. Armour says. It is moving all the time in the pounding seas and it will be possible to carry on salvage work only at considerable risk. If anything is to be done at all along this line, it will have to be done quickly and will have to be favored with better weather than has prevailed since the wreck. Swept by fresh westerly winds, the seas have been going right over the wreck at some times.

As soon as satisfactory arrangements have been made with the underwriters, Capt. Armour plans on starting salvage work and, with that end in view, has left the power tug Daly, Capt. Oscar Haveroy, and scow standing by the wreck. He himself came in last evening on the Pachena but will probably be going out again today after conferring regarding insurance. The police boat P. M. L. 8 has also been standing by the wreck to prevent looting. The fisheries patrol steamer Malaspina was also due there today.

On the forward portion of the vessel still remaining on the reef there are such articles as trucks, graders, road making machinery, etc. Everything has been damaged but some things may be salvageable. Two forward holds were stowed tight with salmon cans but these will be of little value now following the contact with salt water. There is also general cargo some of which it may be possible to save. The after portion of the vessel which broke away after the fire and explosion is submerged a good deal of the time and it is unlikely that much may be salvaged therefrom.

An inspection of the forepeak by Capt. Armour revealed what extensive damage was apparently done by the explosion Sunday evening sixteen hours after the stranding. Gaping holes were blown completely through the bow and the stem was completely shattered. Pieces of iron were hurled onto Zayas Island a mile away. Officers of the wrecked ship were again at the scene yesterday aboard the coastguard cutter Cyane with a view to saving personal effects if possible but they would not take the chance of boarding the ship.

Captain Thomas Healy and officers and crew of the Denali sailed from Ketchikan this afternoon on the company's steamer Victoria for Seattle. It is expected there will be a full investigation into the circumstances of the disaster.

Robert John Ferguson of Hudson Hope in the Peace River Block has been appointed justice of the peace and coroner. It is announced in the British Columbia Gazette.

Inflationary Fight is Now On Following Act Before Joint Session

House Expected to Override Veto at Once But Senate May Not Take Vote Until Tomorrow or Later—Hot Session Yesterday Afternoon

WASHINGTON, May 22: (CP)—President Franklin D. Roosevelt today vetoed the Patman soldier bonus bill calling for payment of \$2,200,000. He warned that enactment of the inflationary bill would invite an ultimate reckoning in uncontrollable prices and the destruction of the value of savings. The presidential veto was delivered before a joint session of the Senate and House of Representatives. The President held fast to his intention of delivering the veto personally to Congress.

NURSES PASS EXAMS

In addition to Miss Jane T. Potts who came fourth in the province with first class honors, four other nurses of the Prince Rupert General Hospital training school were successful in the recent Registered Nurses' tests. They were Misses Gunborg Pearson, Elizabeth Killer, Winnifred Eby and Ruth Wilkinson who passed with second class honors.

George Waddell, pioneer electrician of this city, who has been for some years in Vancouver, is a passenger aboard the Prince Rupert today going through to Anyox where he will locate. He is busy renewing many old friends and acquaintances while here today.

Extra Inning Required Last Evening Before Sons Could Earn Verdict Over Legion

Big Crowd

Local Transportation Man Wins In Drawing For Trip to Vancouver

Sons of Canada beat Canadian Legion in the opener of the 1935 baseball season last evening by a score of 5 to 4. It was a smartly contested extra inning battle which provided plenty of action for about three hundred fans.

The season was officially opened when George Rudderham, former president of the league, pitched the first ball with Sergeant Greenwood at the plate doing his best to knock the apple out of the lot. The weather was ideal.

The game opened up with Lindsay doing the hurling for the Sons and Eddie Smith for the Legion. Stalker started the heavy hitting by poling out a three-bagger in the first inning and scoring Bury, later crossing the plate himself on an infield error. The Sons, in their half of the inning, retaliated when Hill scored. In the second inning neither team counted but, in the third, Moran scored for the Legion. In the fourth Lambie made a counter for the Sons while Johnson added another run in the fifth to tie the score at three all. In the first of the sixth Pierce scored for the Legion and it looked as if the game was on ice but Johnson again scored, this time on an error in the last of the seventh to tie the count again. In the eighth inning Lindsay made short work of the Legion, striking out the three men who faced him. In the last of the eighth, with bases full and two out, Lindsay smacked out a Texas Leaguer over short to send Yager home and the game was all over.

Smith fanned fourteen batters and walked six. Lindsay fanned eight and walked two. Lambie, who went in the box in the third with two men on base and none out, struck out the next three batters. Lindsay returned to the mound in the fourth and managed to hold the Legion after that.

At the end of the fifth inning tiny Miss Joyce Moran drew the lucky ticket for the trip to Vancouver, the ticket being No. 623 held by Harold McDonald of the C. P. R. office. The drawing was in charge of Bill Stone, the announcer for the evening.

Sons of Canada—Gurvich c., Lindsay p., Cross 1b., Tobey 2b., Lambie 3b., Johnson ss., Yager lf., Hill cf., Simonson rf.

Legion—Bury c., Smith p., Stalker 1b., Pierce 2b., Antonelli 3b., Moran ss., Commons rf., Campbell cf., Morgan lf.

George Arseneau was umpire and Allan Davies, scorekeeper.

Prizes were won as follows:

Johnson—Bottle of liniment for first person to strike out.

Stalker—Pair of running shoes for first three-bagger.

Stalker—Pair of silk stockings for first hit of the season.

Moran—One shirt for first two-bagger.

Score by innings:

Legion . 2 0 1 0 0 1 0 0—4
S. O. C. 1 0 0 1 1 0 1 1—5

Batteries—Smith and Bury; Lindsay, Lambie and Gurvich.

TYEE CONSOLIDATED MINING COMPANY LIMITED

(Non-Personal Liability)

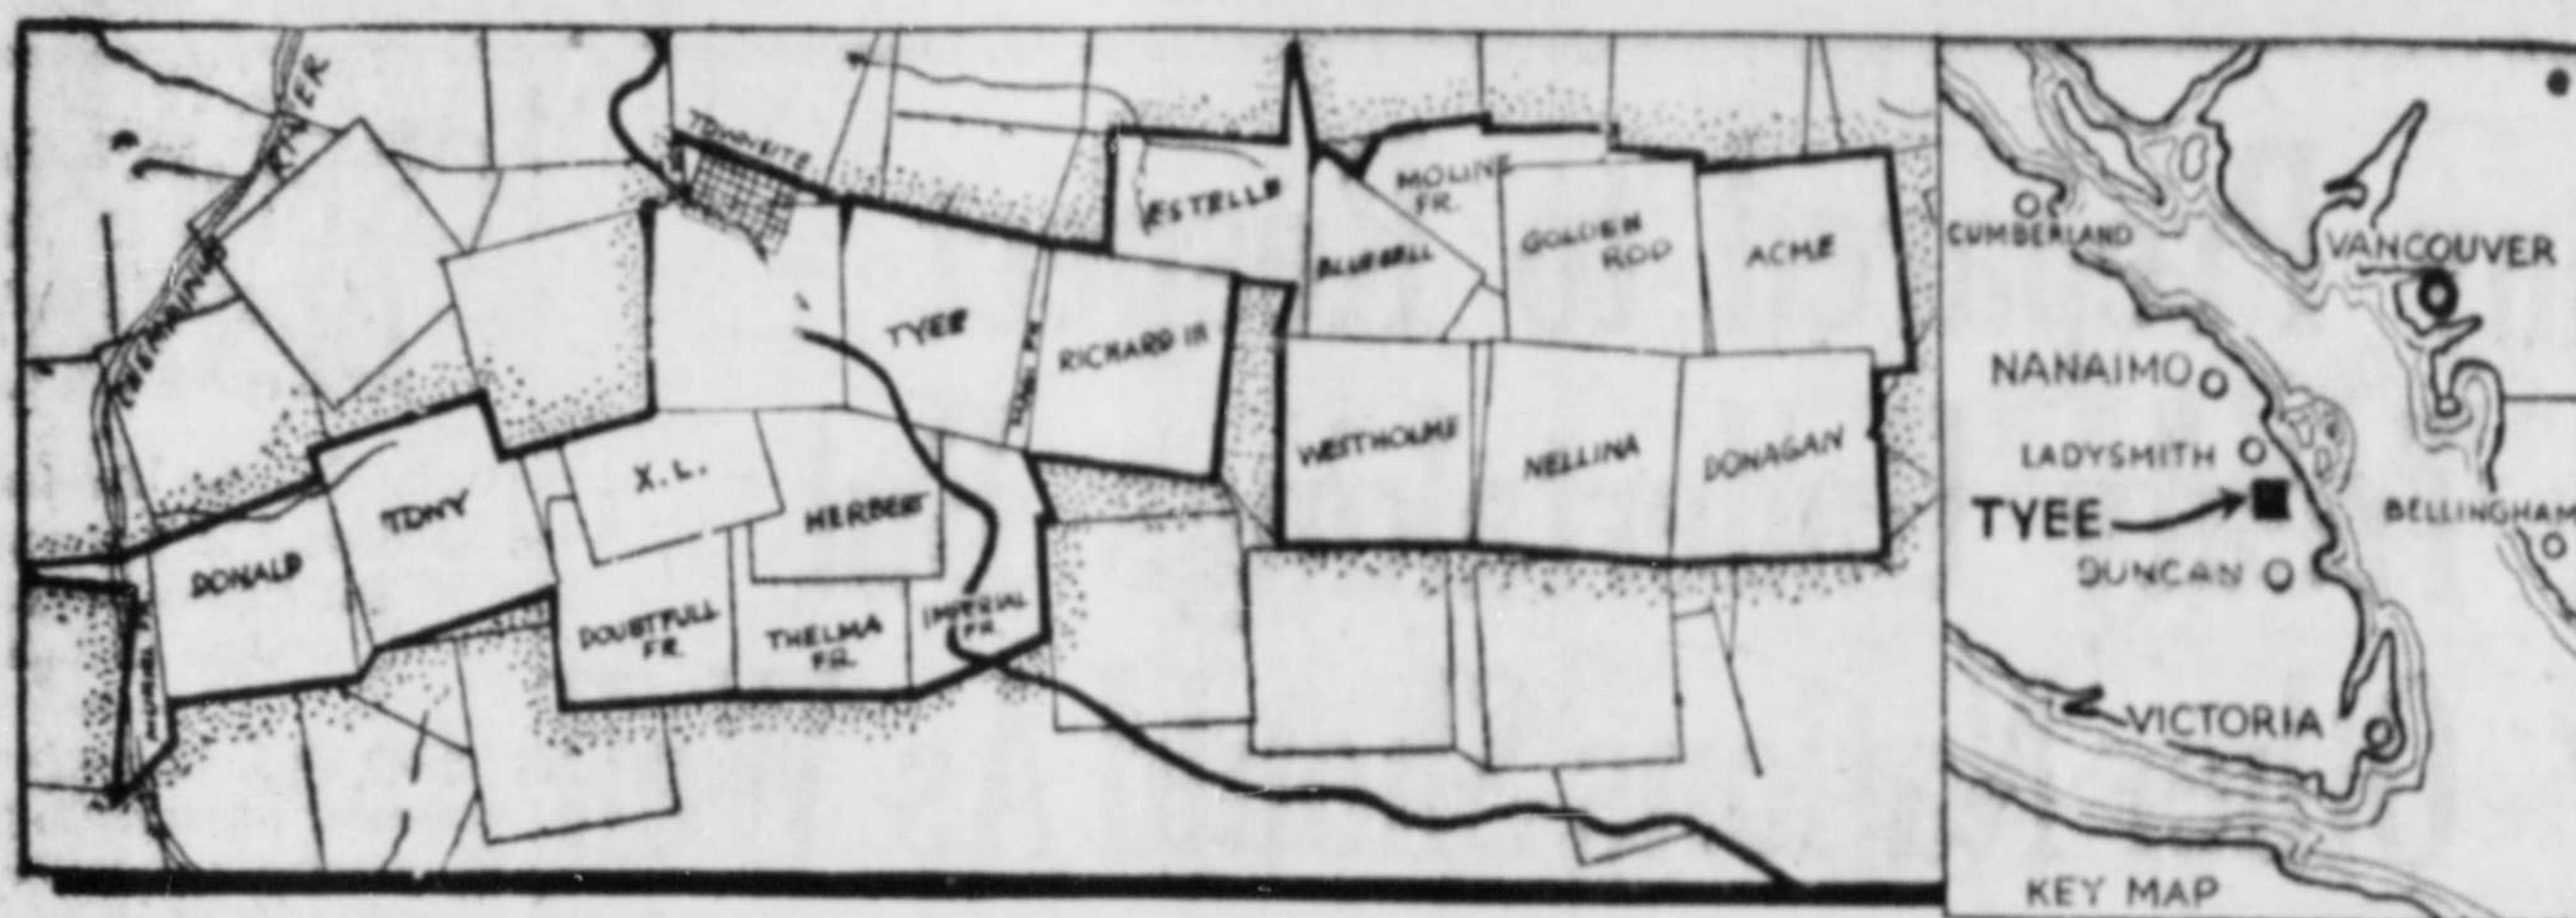

A company organized to develop by the use of modern mining and treatment methods the proven bodies of gold, silver, copper and zinc ore known to exist upon Mt. Sicker, Vancouver Island, British Columbia, and previously developed by Old Country capital more than 30 years ago.

FINANCIAL STRUCTURE

Authorized _____ 2,000,000 shares

OFFICERS AND DIRECTORS

President, Oller Benner, Vancouver, B. C.
Man. Dir., P. E. Peterson, M.E., Vancouver, B. C.
Vice-Pres., Frank L. Buckley, Vancouver, B. C.
Director, S. W. Miller, Vancouver, B. C.
Secretary, J. M. Coady, Vancouver, B. C.

PROPERTY

In the early days the riches of Mt. Sicker were being mined from three claims only—the Lenora, Tye, and Richard III. The present company controls 33 claims and tractions, including the three original ones. The consolidated property is within six miles of tidewater and a good motor road crosses the property.

HISTORY

Intense rivalry in the early days prevented economical operation. Yet, one mine paid 20 per cent. dividends. Modern mining and milling methods, plus the increase in gold and silver prices, now make the mining of the great ore bodies profitable.

ORE BODIES

"The average width of these ore bodies is over 20 feet, and some of the stopes have shown a width of 45 feet of solid ore," stated the Annual Report of the Minister of Mines (1903). Thousands of tons of this ore are available for immediate treatment.

OPERATING PLANS

It is the intention of the company to bring the consolidated property to the milling stage and to install a modern mill as soon as possible. Work from the start can be done in commercial ore, according to government and engineers' reports.

CONCLUSION

The large bodies of commercial grade ore awaiting immediate reduction, the advancement of metallurgical knowledge and practice since the early days when the mines were operated, the increased price of gold and silver, the enhancing values of base metals, and the consolidation of three important properties unite in making Tye Consolidated Mining Company Ltd. an undertaking from which the speculative element has been almost entirely removed. In addition to bringing employment to a large number of men, it should bring quick and large profits to those who participate in this, the original offering of Treasury Shares.

Gyro Club Honors Mr. and Mrs. T. W. Brown—Presentation Made At Dinner Dance

In honor of Mr. and Mrs. T. W. Brown, who were married recently, the Gyro Club held a delightful dinner dance last night in the Boston Cafe, upwards of seventy persons being present at the affair. The feature of the evening was the presentation to Mr. and Mrs. Brown of a handsome inscribed silver platter. The presentation was made with appropriate remarks by W. H. Tobey and Mr. Brown responded suitably to the honor. The evening from 7 to 11 p.m. was devoted to dancing, music for which was furnished by Charles P. Balagno and G. L. Rorie. President S. J. Jabour was in the chair, W. H. Tobey was master of ceremonies and William Cruickshank, chairman of the club's entertainment committee, was in general charge. Raffle winners were Mrs. W. H. Tobey and T. W. Brown.

Those present were: Mr. and Mrs. T. W. Brown, Mr. and Mrs. S. J. Jabour, Mr. and Mrs. W. H. Tobey, Mr. and Mrs. William Cruickshank, Mr. and Mrs. W. M. Blackstock, Mr. and Mrs. W. M. Watts, Dr. and Mrs. L. W. Kergin, Mr. and Mrs. George Cripps, Mr. and Mrs. Frank Dibb, Mr. and Mrs. J. L. Lee, Mr. and Mrs. F. A. MacCallum, Mr. and Mrs. C. W. Dawson, Mr. and Mrs. F. E. WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rinin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't look for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 50c at drug stores. © 1931 C. M. Co.

The Letter Box

RUPERT'S SWIMMING HOLE

Editor, Daily News—
Will you kindly publish this letter for the public in general of Prince Rupert? Where are we going to swim and dive this year?

Prince Rupert, as most know, has very few beaches warm enough to swim at but we do have a Salt Lake generally understood to have hot springs in it. This has been one ideal spot for a swimming beach in bygone years.

When a person can go in for a swim at a latitude of 54 degrees from April to September it is something to boast of. The Salt Lake this year is a disgrace to the youths of Prince Rupert.

The diving platform is completely rotten. There are no spring boards at all. The floats and ladders are loose and floating around, the bathing houses have both collapsed. The sewerage from both bathing houses runs not twenty-five feet away from where we swim and dive and the sidewalk most of the way is rotten and ready to collapse.

It is a known fact that bathing adds greatly to health and development and is a universal summer sport of which Rupert people should be well in the lead. But are we or can we? No, we are not and cannot be until circumstances permit.

Surely the parents of Prince Rupert aren't going to sit back and let their children swim and dive at the Salt Lake when at any time they are likely to meet with an accident or catch a disease.

My suggestion is that both the Chamber of Commerce and the prominent clubs start a campaign and raise a fund sufficient for reconditioning or else get support from Hon. Mr. Pattullo.

By reconditioning I mean to tear out completely and renew all platforms, diving boards, bathing houses and sidewalks and have everything new and, when building the bathing houses and toilets, have them back towards the entrance to the lake so that the sewerage will go into the sea, not into the lake. All this can be done with very little cost.

Thanking you kindly, Mr. Editor,
AN ENTHUSIASTIC SWIMMER

GREAT FILM AT CAPITOL

"Royal Cavalcade" Notable Chronicle of Events During King's Quarter Century Reign

"Royal Cavalcade," specially prepared British moving picture to celebrate the King's Silver Jubilee, comes to the screen of the Capitol Theatre here tonight and tomorrow as a notable feature presentation. Chronicling the story of the 25 years of King George's reign, it is said to be a richly glowing tapestry of real life packed with mighty drama and human interest.

Against an ever-changing background of tunes, catch-words and news items of the day and with a cast of every big name in England's stage and screen world, "Royal Cavalcade" travels the gamut of every momentous event during the past quarter of a century. Among its gripping episodes are the "Titanic" disaster, the Sarajevo incident which led up to the Great War, Lord Grey's eve-of-war speech, an air raid on London, Foch's armistice parley in a train, the signing of the Versailles peace treaty, Scott's heroic Antarctic expedition, suffragette agitation in Downing Street, Lady Astor taking her seat in the House of Commons, the memorable general strike and many other historic incidents.

Such brilliant stage and screen players as Matheson Lang, George Robey, Owen Nares, Florrie Forde, Alice Lloyd, Seymour Hicks, Clifford Mollison and Harry Tate are included in the cast.

The presentation of "Royal Cavalcade" here is sponsored by the I. O. D. E. and there will be a special matinee for public school children tomorrow afternoon in connection with the observance of Empire Day.

Another feature picture, "Have a Heart," featuring James Dunn, Jean Parker and Una Merkel, is being presented on the same program.

WHIFFLETS

From the Waterfront

Under the direction of Canon W. F. Rushbrook of the Prince Rupert Museum Board, the skeleton of Prince Rupert's "sea serpent" (basking shark) was loaded on a truck yesterday and moved from the Prince Rupert Fisheries Experimental Station to the upper floor of the public library building where it will be assembled as a permanent exhibit in the museum board's collection of relics.

Bringing passengers, mail and freight, C. N. R. steamer Prince John, Capt. Dan McKinnon, arrived in port at 7 o'clock this morning from Vancouver via the Queen Charlotte Islands and will be here until 10 o'clock Friday night when he will sail on his return south over the same route.

Northland Transportation Co.'s liner North Sea, Capt. A. W. Nickerson, arrived in port at 6 o'clock last evening from Ketchikan and, after discharging four carloads of fresh halibut for transshipment east over Canadian National Railways, sailed at midnight for Seattle.

With a good sized list of passengers, C. N. R. steamer Prince Rupert, Capt. Neil McLean, arrived in port at 11 o'clock this morning from Vancouver, Powell River and Ocean Falls and sails at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening southbound.

On her voyage of next week, C. P. R. steamer Princess Adelaide will make a special run north from here to Ketchikan with passengers from the south. The vessel will sail Friday afternoon following her arrival from Vancouver and will be here the next morning southbound.
