PRINCE RUPERT, B.C., SATURDAY, JANUARY 26, 1935

PRICE: FIVE CENTS

VANCOUVER TRAVELLING VIA RUPERT

THIRTY-TWO PERSONS DEAD IN ATLANTIC SHIP COLLISION

Passengers To and From East Being Routed This Way Owing To Southern Railway Tie-up

Unprecedented Expedient in British Columbia Transportation—Steamer Prince George Being Rushed North To Connect With Special Trains

Owing to snow, rain and flood conditions in the lower Fraser Valley between Boston Bar and Vancouver having completely crippled the Canadian National and Canadian Pacific railway lines with numerous slides and wash-outs which cannot be cleared until the middle of next week at the earliest, the Canadian National Railways has resorted to the expedient of re-routing its Vancouver passenger traffic to and from the east by way of Prince Rupert. The steamer Prince George, arriving at Vancouver this afternoon from her regular weekly voyage north, is turning back immediately to Prince Rupert with passengers from Vancouver who will go east from here by rail. The vessel, expected to arrive here Monday morning, will sail that day on her return to Vancouver with passengers for that city from the east who have been tied up at Kamloops since the first of this week owing to

both railway lines into Vancouver being blocked. These passengers are being brought here by special train from Kamloops which will arrive on Monday via Jasper Park.

It is the first time in transportation history of the province that it has been necessary to resort to this expedient in order to handle Vancouver railway traffic. It will depend upon what progress is made in clearing up the southern railway lines whether or not it will be necessary to handle more business in this emergency fashion.

The special run north of the Prince George will involve a rearrangement of her regular schedule next week under which she should arrive here on Wednesday morning from the south. The expectation is that she will operate a day or so late until she is able to catch up the time lost owing to the special voyage.

The local line of the Canadian National Railways was reported to be in normal condition this morning with no interruption along the road. Tonight's train due from the east at 10:15, is, however, eleven hours behind time owing to a late connection at Jasper Park. This would bring the train in at 9:15 tomorrow morning.

No announcement was available up to early this afternoon in regard to times of special steamer and train movements.

Gives Up Business to Go Fishing

Mrs. Oliver Cromwell Grinnell, 57, turned over her million dollar lithographing business in New York to employees and retired to devote herself to her favorite pastimes, fishing and reading. She prides herself on having caught the first broadbill swordfish ever landed by woman on the Atlantic coast.

TWO THOUSAND MEN ARE EMPLOYED BY MINES OF DISTRICT DURING YEAR

Not Including Prospectors and Smaller Outfits—Activity in All Branches of Industry Increased

"Activity in all branches of mining has increased during 1934," stated Dr. Joseph T. Mandy, resident mining engineer for the Northwestern Mineral Survey District, in a review of mining developments in 1934, presented to the Prince Rupert Chamber of Commerce last night. "The various phases of the industry in this district are featured by business-like soundness and the absence of boom aspects. Employment has increased and about 2,000 men have been on direct payroll in about 40 separate operations, exclusive of numbers of individual prospectors and smaller outfits scattered throughout the district.

The Stewart camp is in the soundest condition of any time in its history. Negotiations between the Premier Gold Mining Co. Ltd. and the B. C. Silver offer additional encouragement for continued and increased gold and silver production from this camp. At Alice Arm, besides the likely silver prospects, gold aspects are becoming apparent and the outlook for early activity is brighter than it has been for some time. Lode mining has been revived in the Atlin area.

Placer operations have increased and exploration has expanded into outlying areas. Placer-gold production will probably show an increase for 1934. Eastern operating companies have become actively interested in the district during 1934. These include Mining Corporation of Canada, Bobjo Mines Limited and the John E. Hammell interests of Toronto.

Operations have been mainly centred in gold and the prevailing high gold price has not only stimulated the activity of all gold producers but has offered further encouragement to undertakings characterized by low-grade gold ore occurrences such as Big Missouri.

No important revival of activity relative to purely silver and base metal deposits has materialized. The prevailing low copper price and discouraging market outlook has had a depressing effect on present and future operations concerning this metal and has adversely affected the Granby Consolidated operation at Anyox.

Outstanding prospecting and exploration has been carried out in the Unuk River area by Unuk Valley Gold Syndicate and promising discoveries in this area have been made by five outfits.

The main production has come from Premier, Dunwell, Granby Consolidated at Anyox, Surf Point, and production of small lots from the Spider, Joker, United Empire, Lakeview, Blackhill, Jeannie and Princess Royal Gold Mines Limited.

Premier production for 1934 has totalled 153,950 tons averaging 0.17 ounces gold and 4.38 ounces silver to the ton. With the resumption of negotiations the possibility for bringing the B. C. Silver into production is encouraged. The prevailing low copper price has adversely affected production and shipments of blister from Anyox. Ore-tonnage production from the Anyox mine during 1934 may, however, show a slight increase over 1933. At the Anyox operation about 1,100 men are employed with a monthly payroll of \$135,000.

The 1934 gold production from the Surf Point mine on Porcher Island is estimated at 4186 ounces.

FARMING IN 1934

Decidedly Improved Over Preceding Two Years, Says District Agriculturalist

Good Seed Year

Further Progress Was Made in Development of Markets

"In the general aspect, conditions throughout the northern central interior showed decided improvement over those existing during the two years previous," stated Don Sutherland, district agriculturalist. Sutherland, in a resume of agricultural conditions in the northern central interior in 1934, presented to the Prince Rupert Chamber of Commerce last evening. "Improvement is particularly marked in the Bulkley Valley and Lakes district where farmers succeeded in harvesting a big crop of timothy seed, prices for which are double ordinary values. Owing to crop failures in other timothy seed producing areas on the continent.

Aside, however, from this unusually fortuitous occurrence, there has been a continuous improvement in the number and quality of livestock, a satisfactory harvest of fruit, garden and field crops, considerable development of markets for local produce, particularly at Prince Rupert, and a new cohesiveness and activity evident in farmers' organizations. These all reflect a broadening and strengthening of the foundation necessary for a more prosperous agricultural industry that requires only a continued rise in the returns received for farm produce in order to forge ahead rapidly.

Seasonal conditions were much more favorable for plant growth than during either of the two previous years. Ample moisture in the spring and freedom from summer frosts, resulted in satisfactory yields of fruit, vegetables and field crops of excellent quality. Lack of summer rains checked growth somewhat so that yields were no greater than usual and, moreover, wet weather in the late fall caused difficulties and delays in harvesting. To compensate for this, however, the fall was open and the weather extremely mild so that there is ample assurance of sufficient supplies of fodder for livestock and of seed grain for spring requirements with the exception of individual cases due largely to lack of effort on the part of the settler himself.

Particular progress was made with the development of markets for interior produce through the efforts put forth by agricultural and civic organizations and by local provincial and federal members.

Today's Limerick

A monster while out for a lark
Was resting where sea lions bark
Till some wise men came out
Plucked the quills from his snout
Then swore he was only a shark.

SWORN IN AT DINNER

New Feature Introduced at Annual Meeting of Chamber of Commerce; Executive Chosen

A new feature was introduced at the annual dinner meeting of the Prince Rupert Chamber of Commerce last night. Judge W. E. Fisher was present as an honored guest and, after the election of officers, he administered the pledge of office to the new president. Vice-president W. M. Blackstock was not present so he will have to be sworn in later.

On motion of Theo Collart it was decided to refer to a committee of the new board the work of raising a few hundred dollars to bonus a trial shipment of hemlock logs out of Prince Rupert at the same time the next lot of aspen is shipped. The importance of doing this was stressed by several speakers.

President John Dybavon said that the ss. Prince Robert would not have her annual overhaul at this port. B. T. Chappell, C. N. R. superintendent for British Columbia, had spoken to him about it in Vancouver recently and had asked him to explain that it was impossible to have the work done economically in Prince Rupert. Most of the work was such as could not be done here.

Brief speeches were made by T. N. LePage, president of the Junior Chamber, M. P. McCaffery, Lieut. Col. J. W. Nicholls, W. H. Tobey, W. P. Armour and C. V. Evitt, the last mentioned of whom thanked the chamber for its confidence in electing him president and promised, with the help of the other officers, to make the work of the year a success.

The executive for the coming year was chosen as follows: W. J. Alder, W. P. Armour, W. E. Drake, W. O. Fulton, T. H. Johnson, S. D. Johnston, J. J. Little, G. W. Laidler, W. R. McAfee, M. P. McCaffery, G. W. Nickerson, J. W. Nicholls, C. H. Orme, S. E. Parker, W. H. Tobey and G. P. Tinker.

DENIAL BY HAUPTMANN

Declares on Witness Stand That He Did Not Kidnap Baby or Collect Ransom Money

FLEMINGTON, N.J., Jan. 26.—As had been forecast by his attorneys at the opening of the trial, Bruno Richard Hauptmann, charged with the kidnap-murder of baby Charles Augustus Lindbergh jr., took the witness stand in his own behalf and specifically denied having kidnaped the child or collected the ransom money. He said he had never seen the Lindbergh baby and had nothing to do with securing the ransom.

Hauptmann denied having been at or near Hopewell, N.J., at the time of the kidnapping and charged that New York police had submitted him to third degree methods in the attempt to force him by duress to admit the crime. He declared that he was at his home on the night of the kidnapping and denied ever having seen Dr. J. F. Condon until last September when he was arrested.

Ward Line Figures For Third Time in Disaster Of Sea Off East Coast

Passenger Vessel Mohawk Crashes With Freighter Off New Jersey Coast—Death List May Be Even Higher—Frozen Bodies Washed Ashore

NEW YORK, Jan. 26: (CP)—At least thirty-two persons are known to have perished and fifteen are missing as a result of the sinking of the Ward Line steamer Mohawk following a collision on Thursday night off Seagirt, N.J., with the freighter Talisman. Thirty-one frozen bodies have been picked up including those of eight passengers, four women.

It is the third major marine disaster in which Ward Line vessels have figured during recent months. The first was the burning last summer with heavy loss of life of the steamer Morro Castle. The second was the stranding of the steamer Havana off Florida three weeks ago when one passenger died of heart failure.

Saar Transfer Expected About Mid-February

GENEVA, Jan. 26.—While the date for the transfer of the Saar Basin to Germany following the recent plebiscite has not yet been definitely announced, it is expected it will be made by the League of Nations probably on February 16.

Plane is Missing At Finlay Forks

A plane of the Two Brothers Mining Co., intending to make a search for Pilot "Ginger" Coote, missing on a mercy flight to the Finlay Forks district, was held at Prince George today by weather.

TIE-UP IS COMPLETE

Three Men Killed by Avalanche Near Nelson While Clearing Railway Line

VANCOUVER, Jan. 26: (CP)—Train and other services of Vancouver are still paralyzed as a result of the unprecedented snow and rain conditions which have been prevailing here this week and it will possibly be next week before traffic can be restored. Meantime, heavy rain continues.

Three railway workers clearing slides near Nelson were killed by an avalanche.

Three men were killed and three seriously injured yesterday when a snowslide struck a government unemployed camp at Clan William, 11 miles west of Revelstoke.

Victoria and other Vancouver Island points are gradually recovering from the effects of the unusual weather.

Twenty-five miles of telegraph wires were reported yesterday to be down at one point not far from the city. Fifty poles had fallen.

ADVENTURER IS MISSING

Harry Williams Missing on Overland Trip From Pouce Coupe To Mount Robson

A search party has set out from Pouce Coupe in the Peace River Block to look for Harry Williams, a young Australian, who left Pouce Coupe on December 9 with a view to travelling overland to Mount Robson on the Canadian National Railways. On leaving Williams had with him five dogs, a toboggan, a rifle and three weeks' provisions. Three of the dogs have returned to Pouce Coupe, divisional headquarters of the provincial police have been advised, but there is no sign of Williams either there or at his destination and some misgivings are now felt as to his safety. He had intended visiting friends at Loos station on the railway line.

THRONE SPEECH ADOPTED WITHOUT DIVISION FOR FIRST TIME IN HISTORY

OTTAWA, Jan. 26: (CP)—The address in reply to the Speech from the Throne was passed by the House of Commons on Thursday without division for the first time since Confederation. Premier R. B. Bennett has suggested a national housing scheme.

DEBATE ON ADDRESS

The debate on the address in reply to the Speech from the Throne, which usually occupies at least several weeks, loses all its interest at Ottawa this year because the Liberal members refuse to discuss generalities and are saving their powder, if it should be needed, for the details of the measures promised by Mr. Bennett. They, as well as members on the other side, seem anxious that the Prime Minister shall get away to England in May and are co-operating with a view to making his trip possible. The Leader of the Opposition spoke for all the Liberals in the debate on the address, none of the other members rising in their seats to discuss the program.

It was understood that the Leader of the Opposition was prepared to move a vote of censure on the government and ask for an immediate election. Mr. Bennett forestalled such a move with the result that the legislative mill will have an opportunity to do a great deal of grinding this spring.

THEY SEEM TO LIKE IT

Several local people have mentioned to the Daily News that the old time Prince Rupert Tories seem overjoyed at the chance given them by Mr. Bennett to turn Liberal without deserting their party. Numbers of them had seemed inclined to follow Hon. H. H. Stevens when he set out to bolt the party but now this is not necessary and Mr. Stevens is almost forgotten in joy at the coming to life of Mr. Bennett.

It's For **COUGHS and COLDS**

By Every Test

You don't have to put up with a cough or cold for another day—no, not for another hour—and that goes for hard, deep-seated colds as well as incipient ones.

Buckley's goes farther—costs less because it can be diluted with water without impairing its marvellous power to banish coughs, colds, flu and bronchitis in almost less time than it takes to tell about it. Get a bottle of BUCKLEY'S MIXTURE TODAY. For the children, mix with equal parts honey. They'll love it. It is sold everywhere. For your health's sake refuse substitutes.

Second Half Of Ladies' Bowling

C. N. R. A. and Big Four Win Over Alley Cats and Mussalle's

In opening games of the second half of the Ladies' Bowling League last night, Canadian National Recreation Association won over Alley Cats 408 to 358 while Big Four defeated Mussalle's 428 to 405. Some games were postponed and further reorganization of the league is proceeding.

Moose Legion Novelty Dance

Nearly Three Hundred Persons In Attendance at Happy Affair Last Night

An enjoyable novelty dance, presenting a number of unique features, drew a crowd of almost three hundred persons to the Moose Hall last night, the affair being under the auspices of the Moose Legion. There were special decorations for the occasion and numerous novel stunts included a spot waltz in which Miss Nora Roma and Rupert Whiffin were the winners and a nook weight-lifting contest of which Miss Frances Michaluk was the winner.

Dancing was in progress from 10 p.m. until 3 a.m. with music by Carl Smith's Orchestra. At midnight delicious buffet refreshments were served. Gillis Royer was master of ceremonies and Ole Stevavig presided at the door.

The committee in charge consisted of Fred Scadden, B. J. Bacon, T. O. Morgan, Ted Rovik, Louis Schibig, N. S. K. Brewer, A. K. Nelson, Joe Ratchford and Jack Morrison.

TWO DRAWS IN HOCKEY

Chicago Black Hawks in Tie With Boston Bruins For Leadership Of American Division

NEW YORK, Jan. 26: (CP)—Two games played Thursday night in the National Hockey League resulted in draws after overtime in each case. The Chicago Black Hawks, playing to a three-all score with the Rangers here, pulled back up into first place in the American Division along with the Boston Bruins.

The New York Americans and St. Louis Eagles, playing at St. Louis, each made two goals.

St. Andrew's	0	1	0
Grotto	0	2	0

BURNS IS HONORED

There were 150 people in attendance at St. Andrew's Society Burns banquet in the I. O. O. F. Hall last night. Tables were laden with good Scotch cooking and the proceedings started with the Selkirk grace given by Wm. Brown. At a later period the Haggis was piped in by Piper S. H. Leslie followed by Capt. Calderwood carrying the Haggis which was given "a the honors" by Wm. Brown in his very capable style. The Misses Jean Scott, Jean Watt, Betty Cameron, Evelyn Dalgarno, Betty Wood, Mary Bremner, Kath Duncan, Georgina Lamb, Sheila Stuart, Peggy Steen, Ruby Green, Helen May Bell acted as servitors.

A very enjoyable program followed, the president, S. D. Macdonald, acting as toastmaster. The toast program was as follows:

Toast, "The King."
Song, "The Star of Rabbin Burns," by Dr. R. G. Large.

Toast, "The Immortal Memory," W. M. Blackstock.
Song, "My Ain Folk," Mrs. Jarvis P. Lead.

Toast to the Lasses, proposed by J. Frew and responded to by Mrs. J. T. Mandy.
Song, "Mary of Argyle," John E. Davey.

Song, "There Was a Lad Was Born in Kyle," Mrs. H. N. Blockiesby.

Selections by the Scotch Orchestra and the singing of "Auld Lang Syne" brought this part of the evening to a close when the tables were cleared and every one joined in merriment and dancing to the strains of the Scotch orchestra, led by John Bremner and his merry men which continued until the "wee, sma' ours."

During the dance Miss Jean Watt gave an excellent exhibition of Highland dancing.

Howard Steen was master of ceremonies for the dance.

The catering was ably handled by Mrs. H. B. Eastman and daughters. Ben Dalgarno was in charge at the door.

Mrs. J. S. Black presided at the piano, playing the accompaniments. The committee in charge of the arrangements consisted of Howard Steen (chairman), Mrs. H. Steen, Mrs. J. Hadden, Mrs. J. S. Irvine, Mrs. J. Watson, J. Frew, J. S. Irvine, Geo. Geddes, Ben Dalgarno and J. Hadden.

NOW SORE THROAT EASED IN LESS THAN 3 MINUTES!

1. Crush and stir 3 Aspirin tablets in a third of a glass of water.

2. Gargle thoroughly—throw head way back, allowing a little to trickle down throat. Repeat—do not raise mouth.

3. If you have signs of a head or cold take 2 Aspirin tablets—drink a full glass of water. Repeat in 2 hours.

Rawness, Irritation Go at Once
Note Directions for New Instant Treatment

Incredible as it may seem, doctors are now prescribing a way that relieves raw, painful sore throat in as little as 2 to 3 minutes!

All you do is crush and stir 3 Aspirin tablets in 1/3 glass of water and gargle with it twice.

Aspirin tablets disintegrate so completely no irritating particles are left. Results are immediate. At once soreness is eased—discomfort allayed.

Everywhere throat specialists urge this fundamental treatment instead of less effective old-time "washes" and "antiseptics." Remember this. And when you buy, see that you get ASPIRIN. It is made in Canada and all druggists have it. Look for the name Bayer on every Aspirin tablet. Aspirin is the trade mark of the Bayer Company, Limited.

Fresh Flounders and Sole aboard Unome, Hunt's Boat. (19)

In the course of his report for the past year at the annual meeting last night of the Prince Rupert Chamber of Commerce, Retiring President John Dybhavn expressed his appreciation for services rendered and assistance given by the executive, the various committees, the secretary and the vice-president, C. V. Evitt, who so ably officiated for several months during his (Mr. Dybhavn's) absence from the city.

At the meeting of the Prince Rupert Chamber of Commerce last evening J. G. Johns was elected a member to succeed D. G. Stewart as a representative of Stewart and Mobley.

M. L. Stepp, former United States customs officer at Prince Rupert and now stationed at Ketchikan, was heard in a radio address yesterday from station KOBV of Ketchikan on behalf of the campaign to raise funds at Ketchikan on the occasion of the birthday of President Roosevelt for the Warm Springs Foundation for relief of infantile paralysis sufferers.

Certificates

Presented At Scout Meeting

The weekly meeting of St. Andrew's Sea Scouts last night commenced with the presentation of the Scouts' registration certificates to various Scouts by the Scoutmaster. This certifies that they are legally included in any Scout activities for the year 1935. Several Scouts passed tests. Business was discussed and instructional classes in Morse codes will be held on Wednesday under the Scoutmaster. Basketball and physical drill ended the meeting.

THE LARGEST SELLING REMEDY IN THE WORLD

A Law Every Mother Should Know and Observe

Never Give Your Child An Unkown Remedy without Asking Your Doctor First

According to any doctor you ask, the only safe way is never to give your child a remedy you don't know all about, without asking him first.

When it comes to "milk of magnesia," that you know everywhere, for over 60 years, doctors have said "PHILLIPS' Milk of Magnesia for your child."

So—always say Phillips' when you buy. And, for your own peace of mind, see that your child gets this; the finest men know. Made in Canada.

PHILLIPS' Milk of Magnesia

TIMBERING IMPROVED

Better Prices and Increased Volume of Business Expected Next Year

A. E. Parlow, district forester, in a report on forestry activities for 1934 presented to the Prince Rupert Chamber of Commerce, at its annual meeting last night, stated as follows:

"All lines of forest production showed considerable increase. The log scale was 136 million F.B.M. for the calendar year as compared with 56 million for 1933. The bulk of the increased output came from three large operators on the Queen Charlotte Islands, but operations on the mainland coast also produced substantially more than in the previous year. The demand came from the large pulp and paper mills and from manufacturers of high grade spruce lumber in Powell River and Vancouver. Log production east of the Cascades showed little increase.

"Poles and piling scaled approximately 900,000 lineal feet, a slight increase but the bulk of this material represented liquidation of old stocks produced before the slump and was sold at low prices. The stock of old poles are now cleared out and a beginning has been made in production of new poles. All future shipments will be from new production.

"Railway ties in 1934 scaled 316,000 pieces compared with 128,462 in 1933 and although there was no improvement in price it has meant more cash distributed among a great many small operators all along the railway line. The present indications are for still larger contracts in the coming year, with a slight increase in the price paid per tie.

"Two shipments of aspen poplar logs have been made from this port to the Orient and the material is reported to be very satisfactory. There is every prospect of an increasing and sustained volume of business developing.

"Authority has been obtained from the government for the export of hemlock logs to the Orient where a considerable market for this material exists, and a good trade may develop shortly in this line.

"While the prices paid for all forest products have remained low, there has been some improvement shown, particularly towards the end of the year and the very considerable increase in volume of sales has put more money into circulation, which helped to stimulate all lines of business.

"There is every indication of still better prices and increased volume of business for the coming year."

FINE REMEDY FOR ACID STOMACH

Four out of five people have acid stomach, whether they know it or not. Pains after eating, belching, gas, and bloating are all signs of too much acid. A spoonful of Bisourated Magnesia after meals will overcome this condition within three minutes—any druggist will tell you that. Try it and see.

CHURCH NOTICES

FIRST PRESBYTERIAN CHURCH

Preacher—Rev. W. D. Grant Hollingworth, B.A.
Organist: Mrs. E. J. Smith

11 A.M. Service Subject: "JESUS—THE TEACHER"
12:15, Sunday School 12:30, Westview School
7:30 P.M., Sermon Subject: "ISAIAH SPEAKS TO OUR TIMES"
REMEMBER the special Anniversary Services on February 3rd, and anniversary banquet on February 4th.
All visitors welcome

PENTECOSTAL ASSEMBLY

216 Sixth Avenue West
Rev. E. J. North, Pastor

Sunday, 11 A.M. Subject: "CHURCH AT EPHESUS"
Sunday School and Bible Class, 2 P.M.
Sunday, 7:30 P.M.

All services will be held in the Pentecostal Assembly. PLEASE NOTE—Transportation difficulties at the coast, made it impossible for Rev. J. E. Barnes to arrive here when expected. The services to have been held in the Oddfellows' Hall are cancelled for this Sunday. We are expecting Mr. Barnes to arrive Sunday. If he does, he will speak at night in the Pentecostal Assembly.

ST. ANDREW'S CATHEDRAL

(Church of England)

Very Rev. J. E. Gibson, Dean

Improved Outlook For Coming Year Seen By Retiring Head Of P. R. Commerce Chamber

"We leave the old year and enter the new under more promising auspices, with a more optimistic outlook, and this better feeling should help materially in the efforts to bring about still further improvements during 1935," stated John Dybhavn, retiring president of the Prince Rupert Chamber of Commerce, in his report at last night's annual dinner meeting of the chamber.

"There has been an appreciable improvement in all lines of industry during the past year and the outlook for the future is quite bright."

"During the year many matters pertaining to the city and district have come before the chamber, including the following:

"Exportation of hemlock logs. This is a matter which this chamber has been working upon for several years. Our labors were substantially rewarded last year, by authority being granted for the export of thirty million feet. No stone is now being left unturned in our effort to break into the market. If we are successful this business has great potentialities for Prince Rupert and district.

"Reduced rates on tourist automobiles between Prince Rupert and Hazelton and Terrace, also between here and Vancouver. For many years we have endeavored to get the reasonable rates established, which are now in effect on the coastal steamers, and which will be given a trial during the 1935 tourist season on the railway line.

"Exportation of aspen logs. Some shipments have already been made, and prospects are good for a continuation of this trade.

"Pulp mill matters. Much committee work has been done in regard to two proposed projects and the situation never looked brighter than it does today.

"Gasoline tax. Through the efforts of this chamber and other bodies, the government of British Columbia granted a special concession to the fishermen of this district, whereby they are exempted from putting up the rebatable 5c which fishermen in the south have to do, thus saving our fishermen much work and inconvenience.

"The construction of a new federal building at Prince Rupert.

"The feasibility of an aeroplane landing field being established here and an inquiry into what the federal government would contribute towards the cost of one.

"Longer period of stop-overs of C. N. R. vessels while in this port.

"Improvement of mail service from the east during the summer months, providing a more evenly distributed service during the week.

"Facilitating the entry of food-stuffs into Alaska from this port.

"Reduced freight rates on produce from the islands to here, and merchandise from here to island points. Also on hay from the Bulkley Valley.

"One cent a mile fares from points along the line of the C. N. R., also reduced passenger rates from the Queen Charlottes.

"Treatment of Indians by the police. Assurance has been given us by the Department of Indian Affairs that the custom of police sharing in fines collected by them will shortly be given consideration, with a view to abolishment.

"The employment of local men and boys on C. N. R. vessels.

"The re-monetization of silver.

"The proposal to amalgamate the Canadian Pacific and Canadian National Railways.

"The conservation of our forest resources.

"The advisability of immigration to create community settlements in the Bulkley and Nechako Valley areas.

"Some other matters were: Schemes for the relief of destitute persons, unfair features of Dominion taxation, wage reduction restoration to C. N. R. employees, housing scheme for Canada, standard retail business practices and the construction of a golf course at Prince Rupert.

Visits

"On June 11 some eighty members of the Vancouver Board of Trade visited our city and were entertained with a trip to Metlakatla on one of the Armour Salvage vessels, and by motor car to the Cold Storage. They in turn entertained the executive of this chamber and a number of other prominent citizens to dinner on the ss. Prince Rupert. Past-President Johnson addressed the gathering on our highway needs.

"On August 21 and 22 the Associated Boards of Trade of Central B. C. convened in our city and delegates were suitably entertained during their sojourn.

"Clive Planta, M.L.A. visited Prince Rupert, on the request of this chamber, during early October and addressed both the Chamber of Commerce and the junior body on the Peace River outlet situation.

"On August 27 C. P. Fullerton, chairman of the board of C. N. R. trustees, visited the port along with a party of transportation officials and was interviewed by a committee from the chamber.

Junior Chamber

"On March 2 this chamber recognized the Junior Section of the Prince Rupert Chamber of Commerce, and it is with gratitude we acknowledge the very active and energetic work performed by this body during the year in various fields of community activities."

GEMS FROM LIFE'S SCRAP-BOOK

PRAYER

More things are wrought by prayer than this word dreams of.—Tennyson.

They never sought in vain that sought the Lord aright.—Burns.

Desire is prayer, and no loss can occur from trusting God with our desires, that they may be molded and exalted before they take form in words and in deeds.—Mary Baker Eddy.

And help us this, and every day, to live more nearly as we pray.—Keeble.

Trouble and perplexity drive me to prayer, and prayer drives away perplexity and trouble.—Melancthon.

Prayer is not conquering God's reluctance, but taking hold of God's willingness.—Phillips Brooks.

Miniature Railroad Train Travels Under Own Steam

This miniature railroad was manufactured in England. The tracks, of seven-inch gauge, are nearly a mile long. The engine, which burns coal, develops a speed of 25 m.p.h. on the level. So anytime you wish to buy a complete railway cheap here's a bargain.

WATERFRONT WHIFFS

Little Change in Halibut Regulations Expected—Great Increase in Value of District Fisheries—To Return to Local Station

While there has been no official promulgation up to today as to the regulations which may be imposed by the International Fisheries Commission to govern the Pacific halibut fishing industry during the 1935 season, according to what can be learned at Prince Rupert in the most authoritative quarters no changes of any consequence from 1934 are anticipated. Quota limits which it is understood, will be the same as last year and March 1, it is expected, will again be the date for the opening of fishing operations. A statement from the International Fisheries Commission is expected momentarily.

The fisheries showed a most decided improvement during the year," stated President John Dybhavn of the Prince Rupert Chamber of Commerce for 1934, in his annual report at last night's meeting. "The quantities landed were greater and the value to the fishermen on fish landed in District No. 2 was increased approximately \$1,292,000 during the year under review. This does not include 350 whales taken in this area."

Orville F. Denstedt, now engaged in studies at McGill University in Montreal, has advised Dr. Neal Carter director of the Prince Rupert Fisheries Experimental Station that it is his intention to remain with the scientific staff of the Prince Rupert station. When he has completed studies leading to his Ph. D. degree, he will be returning here permanently.

Delayed somewhat by making the calls on her way up the coast ordinarily made by the Princess Adelaide, whose sailing this week was cancelled after a collision

with a barge in Vancouver harbor, C.P.R. steamer Princess Norah, Capt. Thomas Cliff, is expected here tomorrow afternoon instead of in the morning from Vancouver enroute to Skagway. Extra calls which the vessel has to make include Campbell River, Englewood, Port Hardy and Ocean Falls. It is not known definitely as yet how long the Princess Adelaide will be out of service but it is rather anticipated that it will not be necessary for her to miss any more than the one sailing.

FARMING IN 1934

(Continued from page one)

The combined efforts of all these produced results that are highly gratifying and the farmer is in a much superior position as regards markets than he has been for some time past.

"The results of these combined efforts have been that railway officials have co-operated in granting rate reductions on produce to Prince Rupert, giving a temporary reduction on the rate on baled hay to Vancouver and certain freight concessions permitting the shipment of perishable produce to Prince Rupert on the regular trains."
