Great Britain Getting Fleet in Readiness For Almost Any Eventuality

Opinion Is Gaining Ground That Mussolini Will Not Forego Military Action in Ethiopia No Matter What Happens At Geneva.

LONDON, September 9 (Canadian Press)—Authoritative sources today confirmed the belief that Great Britain has concentrated and prepared her Mediterranean and home fleets for any eventuality. This information came on heels of a report of Italian naval exercises in South Sicily and as the conviction increased in official quarters that Premier Mussolini would not forego military action in Ethiopia regardless of what happens at Geneva.

Huge Tidal Wave Sweeps Italian Seaport

View of the historical seaport city of Genoa, in northern Italy, which was swept by a devastating tidal wave, leaving an unknown toll of death and enormous property damage. Electrical power plants were smashed, putting the city in darkness. Houses were blown apart by the terrific gale which carried the huge wall of water down upon the city. Ships being loaded with war supplies for Africa were torn from their moorings and crushed against the piers. Troops and black-shirts rushed to the city, searched the debris with torchlights for victims throughout the night.

Assailant of Kingfish Is Slain; Stormy Solon Is in Grave Condition

Shooting Occurs in Corridor of State House on Sunday Night --- Machine Guns Make Quick Work of Attacker.

BATON ROUGE, Louisiana, September 9 (Canadian Press)—Senator Huey Long was shot and wounded in the abdomen in State House last night and his assailant, Dr. C. A. Weiss jr., a thirty-year old political opponent, was shot and killed. Representative Dave Cole said that the man fired at Long as he passed in the corridor between the House and Senate chambers.

Bodyguards immediately mowed Weiss down with machine gun fire.

Long is in hospital and, although his condition is grave, it is hoped he will recover. Doctors flew from New Orleans to assist in attending him. Two blood transfusions have been administered, one last night and the other this afternoon.

Following a report this morning that Long was gaining strength and resting satisfactorily, it was stated this afternoon that he had taken a turn for the worse. "No information will be available for about seventy-two hours," physicians said.

MANY ARE CREMATED

Mass Disposal Of Bodies Of Florida Hurricane Disaster—436 Dead

MIAMI, September 9.—A Roman Catholic priest, a Jewish Rabbi and a Protestant minister officiated on Saturday when a mass cremation was held to dispose of the bodies of victims of the hurricane disaster in the Keys district last week. As well as one major one, there were large funeral pyres at other points.

The Red Cross relief authorities on Saturday night placed the veterans dead and missing at 327 and the civilians at 119. In addition, 286 were injured, many seriously.

A federal inquiry is being launched. There has been some criticism as to why some of the veterans could not have been removed to safety.

Funeral Held At Essington

Victor Herbert Roberts Passed Away At Skeena River Village

PORT ESSINGTON, September 9.—The funeral of the late Victor Herbert Roberts took place at Port Essington. The service was held in Pierce Memorial United Church, the minister, Rev. Frank Bushfield, being assisted by Rev. M. H. Lawrence of Kitkatia. The body was escorted from the church to the cemetery by the Port Essington band.

Many floral tributes indicated the esteem in which deceased was held. A widow and three young children are left to mourn his loss.

DRY DOCK LEASE FOR PULP MILL IS STILL UNDER CONSIDERATION

Word received by mail from Ottawa today is to the effect that the question of giving a lease of ground on the local dry dock property to the Mutual Pulp and Paper Mills Ltd. for the establishment of a pulp mill is still under consideration of the government at Ottawa. It appears that, owing to pressure of business, all the departments concerned have not been able to get together as yet.

WHY THINK OF WAR?

On several occasions we have given the opinion that war in Africa was not by any means a certainty. We are glad to know now that Premier Mussolini has been forced by world pressure to at least hesitate in trying to conquer a minor nation.

If Italy is held back on this occasion, it may be looked upon as a precedent for future disputes and bodes well for a new era in regard to future settlements. It is felt by most nations today that war should be the last resort and that an attempt to arbitrate should always precede armed force.

If there is settlement of this dispute, the League of Nations will get a new lease of life. The League could have done nothing without the force of public opinion which was behind it, but the victory for peace will be just as important for there is always that public opinion to be counted on. In the case of Japan it was not as pronounced for various reasons but even in her case strong feeling was aroused in a number of countries.

It is possible that all the prophecies and predictions of war in which practically the whole world will be involved will have been based upon nothing more than guesswork. Of course there is a grave danger in the face of the dictatorships of Europe and Asia, where war may be sprung for the purpose of averting civil disaster, but the dictatorships cannot last long. The world will become more sane as the period of depression passes. Let us turn our thoughts to peace rather than war. Why release thoughts of conflict and disturbance when we might just as easily send out thought vibrations which would help keep the world calm, happy and peaceful.

Sons of Canada Defeat Elks In Twelve Inning Contest To Take 1935 City Diamond Championship

After lagging from the outset, Elks came up from behind to tie up yesterday afternoon's ball game 14 all at the end of the ninth inning but were unable to follow through and in the twelfth stanza yielded the run which gave the Sons of Canada the Orme Cup, emblematic of city baseball championship. The game was a heavy hitting affair, replete with fielding errors, and, with the Canucks piling up an early and heavy lead, did not inspire much enthusiasm until along towards the sixth frame when the Lodge Men began to swing into action to gradually tie it up.

In the tenth it looked like a certain Elks' victory when Don Arney, first man up, connected with a two bagger and advanced on Howe's single but was out at the home plate on a close decision by Umpire Stan Morin on the throw-in. Even then then there was a good chance with Eddie Smith taking a walk but Comadina fanned at the wrong time and Mitchell was put out.

The Sons won the game in the twelfth after two men had been put down, Herbie Morgan fanning and Jack Campbell being tossed out, pitcher to first. Walter Johnson was hit by a pitched ball and, after some fast base running, was scored by Lambie's two-bagger. Stiles took a walk but the side was down when Lambie was called between third and home after being forced off third by Stiles. It was all over when Arney fanned, Howe flied out to second and Herbie Morgan made a nice running catch of Eddie Smith's high fly into left field.

Jack Lindsay, although relieved by Sonny Stiles in the ninth, was given credit of being the winning pitcher. Don Arney was relieved on the mound in the eighth by Eddie Smith who gave the best hurling performance of the day with six strike-outs in the five innings, fanning three Canucks batsmen, one-two-three. Incidentally, had Arney been accorded the fielding support that the Elks gave Smith, the outcome might have been different.

Bill Lambie was the heavy hitter of the day, connecting on five of seven occasions. Johnny Comadina led the Elks' batsmen with a single, a triple and a homer. The circuit clout came in the ninth with Eddie Smith on the sacks when George Hill was unable to find the sphere in the right field grass. It was good for a three-bagger anyway.

Minor Simonsen did some nice fielding in the centre garden for the Elks, picking off some tough flies.

A double play was pulled off by the Elks in the eighth when George Howe took Walter Cross' fly at third and Dido Gurvich was caught on the throw to Fong after trying to get to second.

The weather being ideal, there was a good-sized crowd of fans in attendance.

FINAL IN BOWLING

Preece And MacDonald Take Doubles Title In Thrilling Finish With Borland And Bulger

A large and excited crowd of lawn bowling fans was in attendance at the greens of the Canadian National Recreation Association yesterday afternoon to see Jack Preece and Sid Macdonald capture the city doubles championship with a close 19 to 17 victory over Dave Borland and John Bulger in the final. All four players had their enthusiastic supporters, and each played a fine game. Play was so close that in many cases the last bowl counted.

In a semi-final of the singles Saturday afternoon, Jack Preece eliminated Fred Walton by a score of 21 to 14 and will meet D. A. MacPhee this evening in the final.

FROM EVERY CORNER OF THE WORLD

to the daily newspaper come flashing the engrossing incidents that are at this very moment making today's history. The whole atmosphere of the daily newspaper is comprehensive action—dealing with things of the moment that have just happened, or are about to happen.

When white paper leaves the printing presses in the daily newspaper office, it is no longer some inert material, but an active powerful force reaching the thousands who thirst for its contents.

Practically every Canadian family reads a daily newspaper.

It is an essential part of daily life and without it all would feel a distinct loss—nothing can take its place.

On the newspaper's pages also are advertisements placed there by thoughtful, energetic and far-seeing merchants and producers. The best traders in Canada—the firms which grow in strength and prestige year after year—know that the daily newspaper is as necessary to them as their raw material. When the fight is hardest—they have often proved this—it pays to strengthen their newspaper lists.

Follow their good example!

Living Policyholders are Receiving

75%

of Life Insurance Benefits

Beneficiaries Receive the Balance

YEAR after year, living policyholders are receiving by far the greater share of the moneys disbursed in Life Insurance benefits in Canada.

In 1934, for example, these living policyholders received an average of over \$400,000 every working day! In that year, their total receipts of over 127 million dollars amounted to 75% of all Life Insurance benefits; the balance of nearly 42 million dollars was distributed among beneficiaries of deceased policyholders.

Through Life Insurance disbursements, thousands of Canadians from coast to coast have been able to realize their earlier ambitions. Men and women have won financial independence in their later years. Young men have obtained a start in business. Children have been educated. Families have been tided over periods of financial stress.

Life Insurance offers a safe, because it is a scientific, plan of saving for future needs. Not only does it provide vital protection for dependents but it enables millions of policyholders to make sure of money when they need it most.

As a Life Insurance policyholder, your savings are held "in trust" for you. They are safely invested on your behalf so that you can look forward to the time when you will enjoy the benefits of your own thrift.

LIVING AT AGED HOME

Life At Kamloops Institution Is Described by Nick Coulter

Very Comfortable

Three Prince Rupert People There — A. E. Allen Died Recently

(By Nick J. Coulter) PROVINCIAL HOME, KAM- LOOPS, September 8— I have been here three weeks today and have found this institution a wonderful home for the aged and a credit to the people of the Province. There are nearly 140 inmates and each one is given personal and individual attention. Rules and regulations are not so strict that they interfere with a person's actions providing he behaves himself in a gentlemanly manner. Each person has his own private bedroom. Hot and cold water, toilets and bathrooms are located on each floor. The dining room seats 120, ten at each table. Food is served family style. The menus are as follows:

Breakfast—fruit, porridge, toast, tea or coffee.

Dinner— soup, meat, vegetables, desert, tea and coffee.

Supper—cold meats, vegetables, fruit, tea.

On the ground floor is a sick ward with nurses in attendance where the old timers are given the best of care. Here is also a smoking room with comfortable chairs and tables where checkers and card games are played. There is also an auditorium where divine services are held by the different churches of the city. Each night a radio program is rendered from 7 to 9 on both long and short waves.

A large farm is attached to the home where all kinds of products are grown, the farm work being done by prisoners serving time in provincial goal.

Prince Rupert's pioneers here at present are John Irvine, Robert Wilson (Barney), John Campbell. A. E. Allen died a few days ago.

Chum Run Starts on Queen Charlotte Islands — Aerial Angling Party Has Good Success—Inspector of Fisheries Flying to Babine Lake.

The run of chum salmon has now started at Skidegate Inlet on the Queen Charlotte Islands, according to word received in Prince Rupert. The run of chums and cohoes on the mainland is quite light. Early September sees five canneries still in operation in Prince Rupert district—Inverness and Claxton on the Skeena River, Butedale and Namu on the mainland coast and Lagoon Bay on the Queen Charlotte Islands.

After having taken a party of Premier anglers to Khtada Lake for the week-end, the Pacific Airways Junkers seaplane, at present based at Stewart in commercial service, left this afternoon on its return to Stewart. The party, which left here at 4:15 Saturday afternoon following arrival earlier in the day from Stewart, was at Khtada thirty-five minutes later, having landed at the lower end of the lake to take in tow a boat with which it taxied to upper end of the lake. Spending the night at Khtada, the plane left at 11 o'clock Sunday morning for Lakelse where it spent the afternoon making short passenger flights, returning to Khtada about 6 o'clock last evening to pick up its party with which it landed here at 7:30.

The members of the Premier party who had excellent success were J. R. Drysdale, D. L. Coulter, Harry Melville, W. Dickieson and D. S. Campbell (Big Misoufi). Jimmy Bryant joined the party here and made the flight to Khtada and Lakelse Lake with Mr. Drysdale and Pilot Charles Elliott.

A Canadian Airways Boeing flying boat, which has been based at Swanson Bay in fisheries patrol service during the summer, arrived here Saturday afternoon from down the coast with Pilot Maurice McGregor and Mechanic J. G. Haslett on board and left at noon today for Babine Lake with James Boyd, supervisor of fisheries for District No. 2, on board. Mr. Boyd will spend two or three days at Babine Lake in connection with an inspection of the hatchery there.

C.N.R. steamer Prince John was taken on the pontoons at the local dry dock this morning for annual overhaul. The vessel will go back in the run between here and Vancouver via the Queen Charlotte Islands, sailing for the south from here Saturday night in place of the Prince Charles which is to be tied up here for the winter.

Capt. W. P. Armour, head of the Armour Salvage Co., is expected to arrive here about the end of this week or the first of next with the new service boat Algie for the company's local fleet. The Algie, a former Atlantic Coast rum runner, was recently acquired by the local concern and has had one of two engines removed in Vancouver and converted to a single screw vessel. Capt. Armour is expected to leave Vancouver for Prince Rupert tomorrow with a big scowload of coal in tow. Mrs. Armour and daughter, June, will be returning north with him.

Lieut. L. H. Haworth of the local unit of the Royal Canadian Naval Volunteer Reserve left at the end of the week for Esquimaux where he will take a course of naval training.

Bringing north a light list of passengers, Union steamer Catala, A. E. Dickson, arrived in port at 10:30 last night from the south and sailed at midnight for Anyox, Stewart and other northern points whence she will return here tomorrow afternoon southbound.

C.N.R. steamer Prince Rupert, Capt. Neil McLean, returned to port at 6 o'clock Saturday night from Stewart and sailed at 10:30 p.m., following the arrival of the train from the East, for Vancouver via Ocean Falls and Powell River.

Heading southward following the closing down of the smelter town camp, Skipper and Mrs. F. G. Bristol and son of Anyox were here the latter part of last week bound from Anyox to Vancouver aboard their

MUSICAL ROMANCE

Al Johnson and Ruby Keeler Up In "Go Into Your Dance".

"Go Into Your Dance," first of the week feature offering at the Capitol Theatre, in which Al Johnson and Ruby Keeler are co-starred, is not only a musical comedy but a picture which is replete with dramatic situations, hilarious laughs, romance and spectacular dance numbers. It is the first time that Johnson and Miss Keeler, who is his wife, have played together on the screen and they are said to make a perfect team.

As a Broadway entertainer in the picture Johnson is barred from the New York stage because of his fondness for the ponies as well as wine and women. After sharing honors with a little dancing girl, Miss Keeler, in a mid-west town, he stages a sensational comeback but falls for the wiles of a blues singer, Helen Morgan. Glenda Farrell has an important part as the wise-cracking hard-boiled sister of Johnson who tries to keep him from ruination through his own folly. The cast also includes Barton MacLane, Sharon Lynne, Patsy Kelly and Phil Regan. The comedy drama is interspersed with several song and dance numbers which are enjoying current popularity.

SUNNY LIVING starts at the table

How you feel and how you look depend largely on the foods you eat. The balanced menu provides the "bulk" to prevent common constipation—caused by lack of this essential fiber.

Common constipation frequently causes headaches, loss of appetite and energy. Yet, in most cases, it can be overcome pleasantly and safely by eating a delicious cereal.

Kellogg's ALL-BRAN is a natural food for normal individuals. It furnishes "bulk" in convenient and concentrated form. ALL-BRAN also provides vitamin B and iron.

Isn't this sunny way better than taking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal. If relief is not obtained, see your doctor.

Serve ALL-BRAN as a cereal, or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.
