UNEMPLOYMENT INSURANCE PLAN UP IMPORTANT REQUESTS BY WESTERN MAYORS AT CALGARY

Stern Parliamentarians Bow Before Altar of Smiling Dionne Babies

And little children shall lead them! Five big-wigs of the Ontario government heard so much about the famous Dionne quintuplets that they decided to go up and see for themselves. So they went, they saw and were completely conquered by the smiling little sisters so carefully attended to by Dr. A. R. D'afce. The picture shows, from left to right: Hon. David Croll, minister of public welfare, holding Annette; Armand Racine of T. & N. O. Railway with Cecile; Dr. D'afce with Marie, smallest of the quintuplets; Hon. Paul Leduc, minister of mines, with Emilie, and Premier Mitchell Hepburn demonstrating with Yvonne how a baby should be held.—Copyright 1935.

Interest Reduction, Relief Refunds, Work And Wages Demanded

Proposal of Mayor Houde of Montreal For Conference In Ottawa During Session of Federal House Is Approved

CALGARY, Jan. 30: (CP)—The meeting of western mayors here yesterday confirmed resolutions asking for a complete refunding scheme to take in all municipal capital indebtedness at a maximum interest rate of three percent with federal government guarantee, refund of all expenditures by municipalities on relief costs, work and wages for unemployed after March 31 and cash relief for all unemployed not covered by the work and wages program.

INSURANCE OF HEALTH

Importance Stressed in Report of Retiring President of Hospital Board

Reviews Year

Operation Was Satisfactory in Spite of Larger Deficit

"The hospital has passed through a very trying year with results which reflect great credit on the managing secretary, Mr. Birch, and upon Miss Harrison, the lady superintendent," said the report of G. V. Wilkinson, president of the hospital board, at the annual meeting of the Prince Rupert General Hospital Association last night. "Various factors have caused a larger deficit to be shown than was the case last year but the results of the year's operation are very satisfactory. Repairs to the hospital building and painting of the Nurses' Home, together with renewal of x-ray equipment and mattresses, have been paid for out of current revenue. Private wards have been renovated under the direction of Miss Harrison and present a much more comfortable appearance. Miss Randall, registrar of nurses for British Columbia, wrote commenting very favorably on the improved appearance of the hospital.

"No new students were taken into the training school last year but it is expected that a class will commence next September. This will give an opportunity to local girls to enter a very noble profession and, due to our affiliation with Vancouver General Hospital and Tranquille Sanitarium, each student has the advantage of two months training at Tranquille and two months training in dietetics at Vancouver.

"A review of hospital matters generally indicates that state health insurance is the most important matter at present under consideration. In this connection it should be pointed out that state health insurance does not necessarily mean the creation of new and avoidable expenditure. It means preparing in an orderly fashion to meet an expenditure that is with us, will always be with us and which we can never escape. A considerable section of the public look upon hospitalization as something to which they are entitled as a matter of right in the same way as the right to education—thus the demand that the state assume the responsibility of providing for hospital care and attention through taxation or some

Missions Are Well Attended

Large Attendances at Meetings In St. Andrew's Cathedral Yesterday

Church Army officers from England continued their work at St. Andrew's Cathedral yesterday.

There was a large attendance at the children's service which was conducted under the leadership of Captain Hanney.

The special service for young people in the evening was addressed by Captain Hutchinson who described the heroic character and life of Christ. He spoke from the words: "We would see Jesus."

Mrs. J. H. McLeod and Captain Hanney both rendered a solo.

The halfway mark of the mission is reached today. Apart from the ordinary children's and adult's mission services, there is a special service of Holy Communion.

Already the influence of this "Mission of Help and Renewal" is being felt in the community.

Preliminary Trial Of Indian Girl On Murder Charge Set

Preliminary trial of Nina Spalding, Port Essington Indian girl, on a charge of murdering her infant son in a grim incident a few weeks ago at the Port Essington graveyard at which time the girl was alleged to have attempted to take her own life by stabbing herself, is set for tomorrow morning before Stipendiary Magistrate Andrew Thompson in provincial police court. The girl came up on remand this morning and the case was adjourned until tomorrow. R. L. McLennan has been retained as defence counsel.

O. C. Walker, chief supervisor of perishable freight traffic and weighing service for the Canadian Pacific Railway with headquarters in Montreal, arrived in the city on last night's train from the east in the course of a trip to the Pacific Coast and will sail tomorrow afternoon on the Princess Norah for Vancouver.

Important Measure is Brought Before House of Commons With Sponsorship of Gov't. Leader

MACDONALD IS PRESIDENT

Is Chosen Head of Hospital Board For Coming Year—1934 Board Re-elected

W. M. Brown, S. D. Macdonald, G. V. Wilkinson, G. P. Tinker and Frank Dibb were re-elected as directors of the Prince Rupert General Hospital for the year 1935 at the annual general meeting last night of the Hospital Association. After the general meeting, the board went into session and S. D. Macdonald was named president for the year with W. M. Brown, vice-president, H. W. Birch being re-elected managing secretary.

Mr. Macdonald, in accepting the presidency, thanked the board for honoring him. With the assistance of members of the board, he hoped to be able to carry on with a measure of efficiency comparable with that of preceding presidents.

Frank Dibb and H. W. Birch were appointed to attend the forthcoming civic court of revision at which the board is appealing the valuation of acreage property it holds in Section 7.

Proposal is to Pay \$1 Per Day Under Contributory Arrangement—Number of Industries Excepted—Employers Would Collect and Commission Would Administer

OTTAWA, Jan. 30: (CP)—A contributory unemployment insurance scheme was introduced in the House of Commons yesterday by Premier R. B. Bennett. Roughly, under the plan, men over twenty-one years of age would contribute twenty cents a week, employers a like amount and the Dominion ten cents in addition to paying the cost of administration. After paying for forty weeks a man would be entitled to receive \$1 per day or \$6 weekly for thirteen weeks plus one day for every week he has contributed. Lesser sums are provided for women, younger men and women and dependents.

Certain occupational exceptions are made including agriculture, teaching, fishing, lumbering, banking, government employees, police and army and navy forces.

Responsibility for the collection of the levies is placed upon the employer. The scheme will be administered by a commission which will try to find employment for those out of work.

HEADLEY IS DEFEATED

Dusky Sonny Jones of Vancouver Wins Technical Knockout Over Easterner

VANCOUVER, Jan. 30: (CP)—Dusky Sonny Jones of Vancouver smashed his way into the Canadian welterweight picture last night with a five-round technical knock-out over Ron Headley of Ottawa.

Ted Dungeat will sail tomorrow afternoon on the Princess Norah for a trip to Vancouver.

Missing Flier And Searcher Come Out From North

Airplanes carrying "Ginger" Coote, well known northern flier, who had been missing for ten days in the Finlay Forks region, and Gil McMillan of the Two Brothers Mining Co., who had gone to search for Coote, passed over Prince George yesterday bound for Quesnel, according to word received at divisional headquarters of the provincial police here. Owing to ground conditions at Prince George, the planes were unable to land there but a note was dropped telling of Coote's safety. No particulars were given as to why he had been detained.

FIRE LOSS WAS LIGHT

Practically All Damage Last Year Covered by Insurance—Chief's Annual Report

Total damage to property by fire and water during the year 1934 was \$1151.43, \$757.45 of this being to buildings and \$393.98 to contents, according to the annual report of the fire department submitted by Fire Chief J. R. Morrison to City Commissioner W. J. Alder. The amount of insurance paid was \$1106.43, the actual loss over and above insurance being therefore but \$45. The value of property involved was \$185,000.

The brigade responded to 64 calls during the year of which 19 were chimney fires, six false alarms, five each hot ashes against wood and cigarette stubs, four each overheated stovepipes, bush fires, sparks from chimneys falling on roofs and carbonization of jets in oil burners, two smoke scares and one each drying wood too close to a stove, brakeman's seat too close to a boiler, children playing with matches, overheated fireplace, taking dead man off roof, gasoline fire, grease spilling on electric stove, unknown cause, short circuit in car, live coals falling on floor and overheated stove.

The Gyro Club enjoyed a debate today on the capitalistic system.

HOSPITAL FINANCES

Deficit Was Larger During Year 1934, Amounting to \$3,087.83

The Prince Rupert General Hospital shows a deficit of \$3,087.83 on operation during the year 1934 according to the financial statement presented to the annual meeting last night of the Prince Rupert General Hospital Association. This deficit compared with one of \$1,167.99 in 1933. Revenue for the year totalled \$68,607.58, a decrease of \$5,289.92 from 1933 while expenditure for 1934 was \$71,695.41, a decrease of \$3,370.08 from the year previous.

Owing to a decrease in the number of hospital days during the year, there had been a consequent decrease in grants, explained S. D. Macdonald, chairman of the finance committee, except in the case of the provincial government, the grant of which had been higher owing to a 25 percent cut in grant having been restored. Pending the establishment of state health insurance, which the provincial government was considering, it appeared necessary to press for increases in grants, stated Mr. Macdonald. During the year grants for Indian patients had been withdrawn. Rigid economy had been exercised during the year, expenditures being curtailed to what appeared to be absolutely necessary. The cost per hospital day for the year had been \$2.74.

The Port Alberni Hospital, which had the advantage of large contracts in connection with the logging industry, was possibly the only one in the province which had a better financial showing than Prince Rupert, declared Mr. Macdonald.

The chairman of the finance committee acknowledged the efficient work of the managing secretary and the co-operation of the lady superintendent.

UNEMPLOYMENT CURE NEEDED

Prime Minister Bennett has brought down his unemployment insurance bill, which is a measure designed to help take care of the unemployment problem at some future date, although in a time like the one through which we have recently been passing it could not meet the conditions effectively. The measure is a good one and is a decided advance on the present system.

While we are glad to see this legislation being passed, as it presumably will be, we should have liked better to see the government make an attempt to deal with the present unemployment situation. After years of idleness thousands of men are still seeking employment. Some of them have been living on the dole and others are in government camps. What they want and what they need is remunerative employment but the Ottawa New Deal administration seems to be playing around with a measure designed to cure a situation which may arise in the future.

We have today an unemployment situation on our hands, the most serious the country ever has had. True there is an improvement over last year, but the improvement is slow and laborious and, in the meantime, the unemployed are losing an important slice of life which can never be recovered. What they want is work and wages. The mayors of the western cities in conference at Calgary are asking for work and wages for the people. The men who have been the innocent victims of the recent sad conditions are also asking for work and wages. The Premier and government of British Columbia have since and before their election been asking for federal action which would give the men work and wages. The business people of the country realize that until there is general employment they cannot prosper. Work and wages is what they wish to see. All are agreed that the only salvation of the country is to put the purchasing power back into the hands of the workers.

Mr. Bennett has promised through his policy, which has been all these years hatching, that he will give the people work and wages but he seems to be starting at the wrong end. Possibly he has a good reason for this, but it is not apparent. We should have liked to see him get to the heart of the business and take steps to put the men to work instead of introducing measures which cannot have any real effect on the present situation.

Moose Hall
 Prince Rupert Lodge 1051
 Loyal Order of Moose
 Meets Wednesday Evening 8 o'clock

C. V. Ewart sailed yesterday afternoon on the Catala for a brief business trip to Vancouver. He will be away about a week or ten days.

Constable I. Causton of the city detachment of the provincial police returned to the city on the Catala yesterday after making the round trip to Stewart on escort duty.

The limerick competition closes definitely tomorrow. Those dropped into the mail or left at the office any time tomorrow evening will be in time to comply with the regulations. Judging will take place as soon as all the possible prize winners have been published, which should be within a few days.

P. S. Walton, provincial government representative on the board of directors of the Prince Rupert General Hospital, was welcomed at the annual general meeting of the hospital association last night by President G. V. Wilkinson. It was the first meeting he had been able to attend since his appointment.

The annual meeting of the members of the Prince Rupert General Hospital Association was held last night in the city council chamber. President G. V. Wilkinson was in the chair and those in attendance included H. W. Birch, managing secretary, F. W. Wesch, G. L. Rorie, F. E. Robertson, A. R. Phillips, Peter DeJong, Mrs. Alex MacKenzie, S. D. Macdonald, Miss Jean Harrison R.N., lady superintendent, Miss P. M. Mooney, G. P. Tinker, Thomas McMeekin, W. M. Brown, Frank Dibb, L. Lambly, P. S. Walton, Robert Gordon, C. H. Elkins, Mrs. J. W. Kilpatrick, R. L. McIntosh and J. S. Irvine.

Chiropractors And Hospital
 Question Raised at Annual Meeting Last Night of Local Hospital Association
 The question of permitting chiropractors to practice in the hospital was brought up last night at the annual meeting of the Prince Rupert General Hospital Association by Mrs. Alex MacKenzie. She felt that chiropractors were doing good work and had achieved some remarkable recoveries among their patients.
 President G. V. Wilkinson and Frank Dibb, chairman of the executive committee, explained that the matter had been considered by the executive committee but, until such time as a case arose where the issue of allowing chiropractors to use the hospital was presented, it had been felt that no change in hospital regulations was necessary.

INSURANCE OF HEALTH
 (Continued from page one)
 other means. The poor man should be looked after as he needs attention more than the wealthy man. There is no doubt that the poor man is as sick as the rich man and probably worse as he comes from a poorer home.
Duty of State
 "Private ward patients frequently feel they are paying for the poorer patients' hospitalization and they resent it because they, too, are ill. The fact of the matter is that no hospital in this province charges sufficient for private ward patients to pay for the actual cost of private ward patients. What service is given in hotels for five dollars a day, compared to that obtained in the hospital where medical attention, nursing and general care is given during 24 hours of the day?
 "Anything that can be done to forward state health insurance should be done in the interest of the people and of humanity. We have only one body to use and there is no option but to use that body for 365 days in the year. It, therefore, becomes the duty of the state to assist the citizens in protecting that body which, after all, is divine as well as human.
 "I would like to thank the various organizations and individuals who have so generously assisted the work of the hospital by gifts and donations during the year. Also the members of the staff, nurses and employees for their loyalty and co-operation.
 "The board meetings have been harmonious and while differences of opinion have arisen at times, the best interest of the hospital has been paramount and I appreciate the co-operation of the members of the board during the year."

MUSTARD'S the 'thing'
 for that **COUGH or COLD!**
 It does not pay to take any chances with so-called "simple" coughs and colds! Fill the bathtub with piping hot water and add three table-spoonsful of Colman's Mustard mixed first to arhin paste. The old saying is "Leave your cold in a mustard bath!" Soak and relax; perspire and tingle. Then a good rub down, jump into bed and sweat out the poisons. A grand old remedy! If more convenient, wrap yourself up warm and soak your feet for 15 minutes in a pail of steaming hot water with 1 table-spoonful of Colman's—and get to bed. And you can rely on the old-fashioned mustard plasters for quick relief for chest colds.
 Cut out this ad. (or the chart) and keep it and your Colman's Mustard handy for the first sign of a cough or cold.

PATHFINDING

Established in 1817, the Bank of Montreal was the first permanent bank in British North America.

The first banker for the Government of Canada.

Inaugurating branch banking in Canada, it was the first bank in the capital of Lower Canada, first in the capital of Upper Canada, and first of the present banks in Bytown, afterwards Ottawa, the capital of the Dominion. It was the first permanent bank to be established west of the Great Lakes and the first to achieve a transcontinental system of branches. It was also:

- The first institution to provide Canada with a domestic currency, both bills and coinage.
- The first bank to assist in financing the foreign trade of Canada.

From its inception the Bank of Montreal has held the confidence of the Canadian people. Today that confidence is expressed in the fact that the Bank holds more than one million deposit accounts, equal to a deposit account for one in every ten persons in the entire Dominion.

Canadians naturally expect, as the sequel to such a record, that this Bank will retain the spirit of the pioneer in co-operating with the future business life of the nation.

TWO THRILL FILMS HERE

"Crime Without Passion" and "Return of Bulldog Drummond" At Capitol Theatre

"Crime Without Passion," a tense and thrilling murder story, and "The Return of Bulldog Drummond," a British adaptation of one of the stories of the famous and popular series, are being presented on a mid-week double bill at the Capitol Theatre here.

"Crime Without Passion" is weighted with suspense dealing with the mental processes of the legally trained brain of a man who has committed murder. The story is that of the brief and startlingly final episode in the career of a criminal lawyer, played by Claude Rains, who defends men whom he knows to be guilty purely for the sport of it. Accidentally he shoots a woman from whom he is endeavoring to cut loose in order to engage in an affair with another. Mistakenly thinking he has killed her, he proceeds to cover up his tracks. Then he discovers that she is not dead and, in a blind fit, he shoots and kills her former lover, thus bringing an unpremeditated end to his own spectacular career.

Ralph Richardson appears in the title role of "The Return of Bulldog Drummond" and is reported to give a splendid portrayal of the beloved character who in this play comes to grips with an arch-fiend engaged in sedition and murder.

Beautification Of Hospital Grounds

Retiring Committee Recommends That More Attention be Given To This Matter

In his report as chairman of the grounds committee for the year 1934, Frank Dibb recommended at the annual general meeting of the Prince Rupert General Hospital Association that, in line with the general campaign towards city beautification, the hospital board during the coming year should consider the establishment of a rock garden on the eastern portion of the hospital grounds beyond the Nurses' Home. It was also suggested that a larger grant than usual be made for grounds improvement this year.

For work that had been done on the grounds during the past year, credit was due Miss Jean Harrison R. N., the lady superintendent, Mr. Dibb stated.

WHIFFLETS From the Waterfront

C. N. R. steamer Prince John, Capt. Neil McLean, is being delayed by rough weather on her voyage this week from Vancouver to Prince Rupert via the Queen Charlotte Islands. Last night the vessel was stormbound at Cumsheewa Inlet and it is not expected she will arrive here before Thursday night or Friday morning.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, which has been in dry dock at Esquimalt for the past week for repairs to damage sustained a week ago when she collided with a scow at First Narrows in Vancouver Harbor, will be back on the run again this week but will be running a day late. She is due here Saturday afternoon, instead of Friday, from the south and will sail the same night on her return to Vancouver and waypoints.

Building Upkeep At Hospital Is More Expensive

Upkeep of the hospital building is becoming increasingly expensive year by year on account of the age of the building. W. M. Brown, chairman of the house committee, told the annual general meeting of the Prince Rupert General Hospital Association last night in presenting his report for the year. During the year 1934 the building had been kept in a reasonable state of repair insofar as finances would permit. Exterior of the Nurses' Home had been repainted, interior of the operating room had been painted, the hospital roof had been resingled and other work done, all being charged to general revenue.
