HOW RECIPROCITY WILL REDUCE COST OF FOOD

Interesting Comparison of Food Prices Which Every Housekeeper Will Understand—Reciprocity Will Mean Cheaper Food for the Consumer and Larger Profits for the Tradesman

The question to be decided at the coming election is not one of abstract politics that it takes a professor of economics to grapple with; it is one that personally appeals to all, and especially to the wage earner. It is simply to decide what we are to pay for the common necessities of life; what proportion of what one earns shall be paid for food.

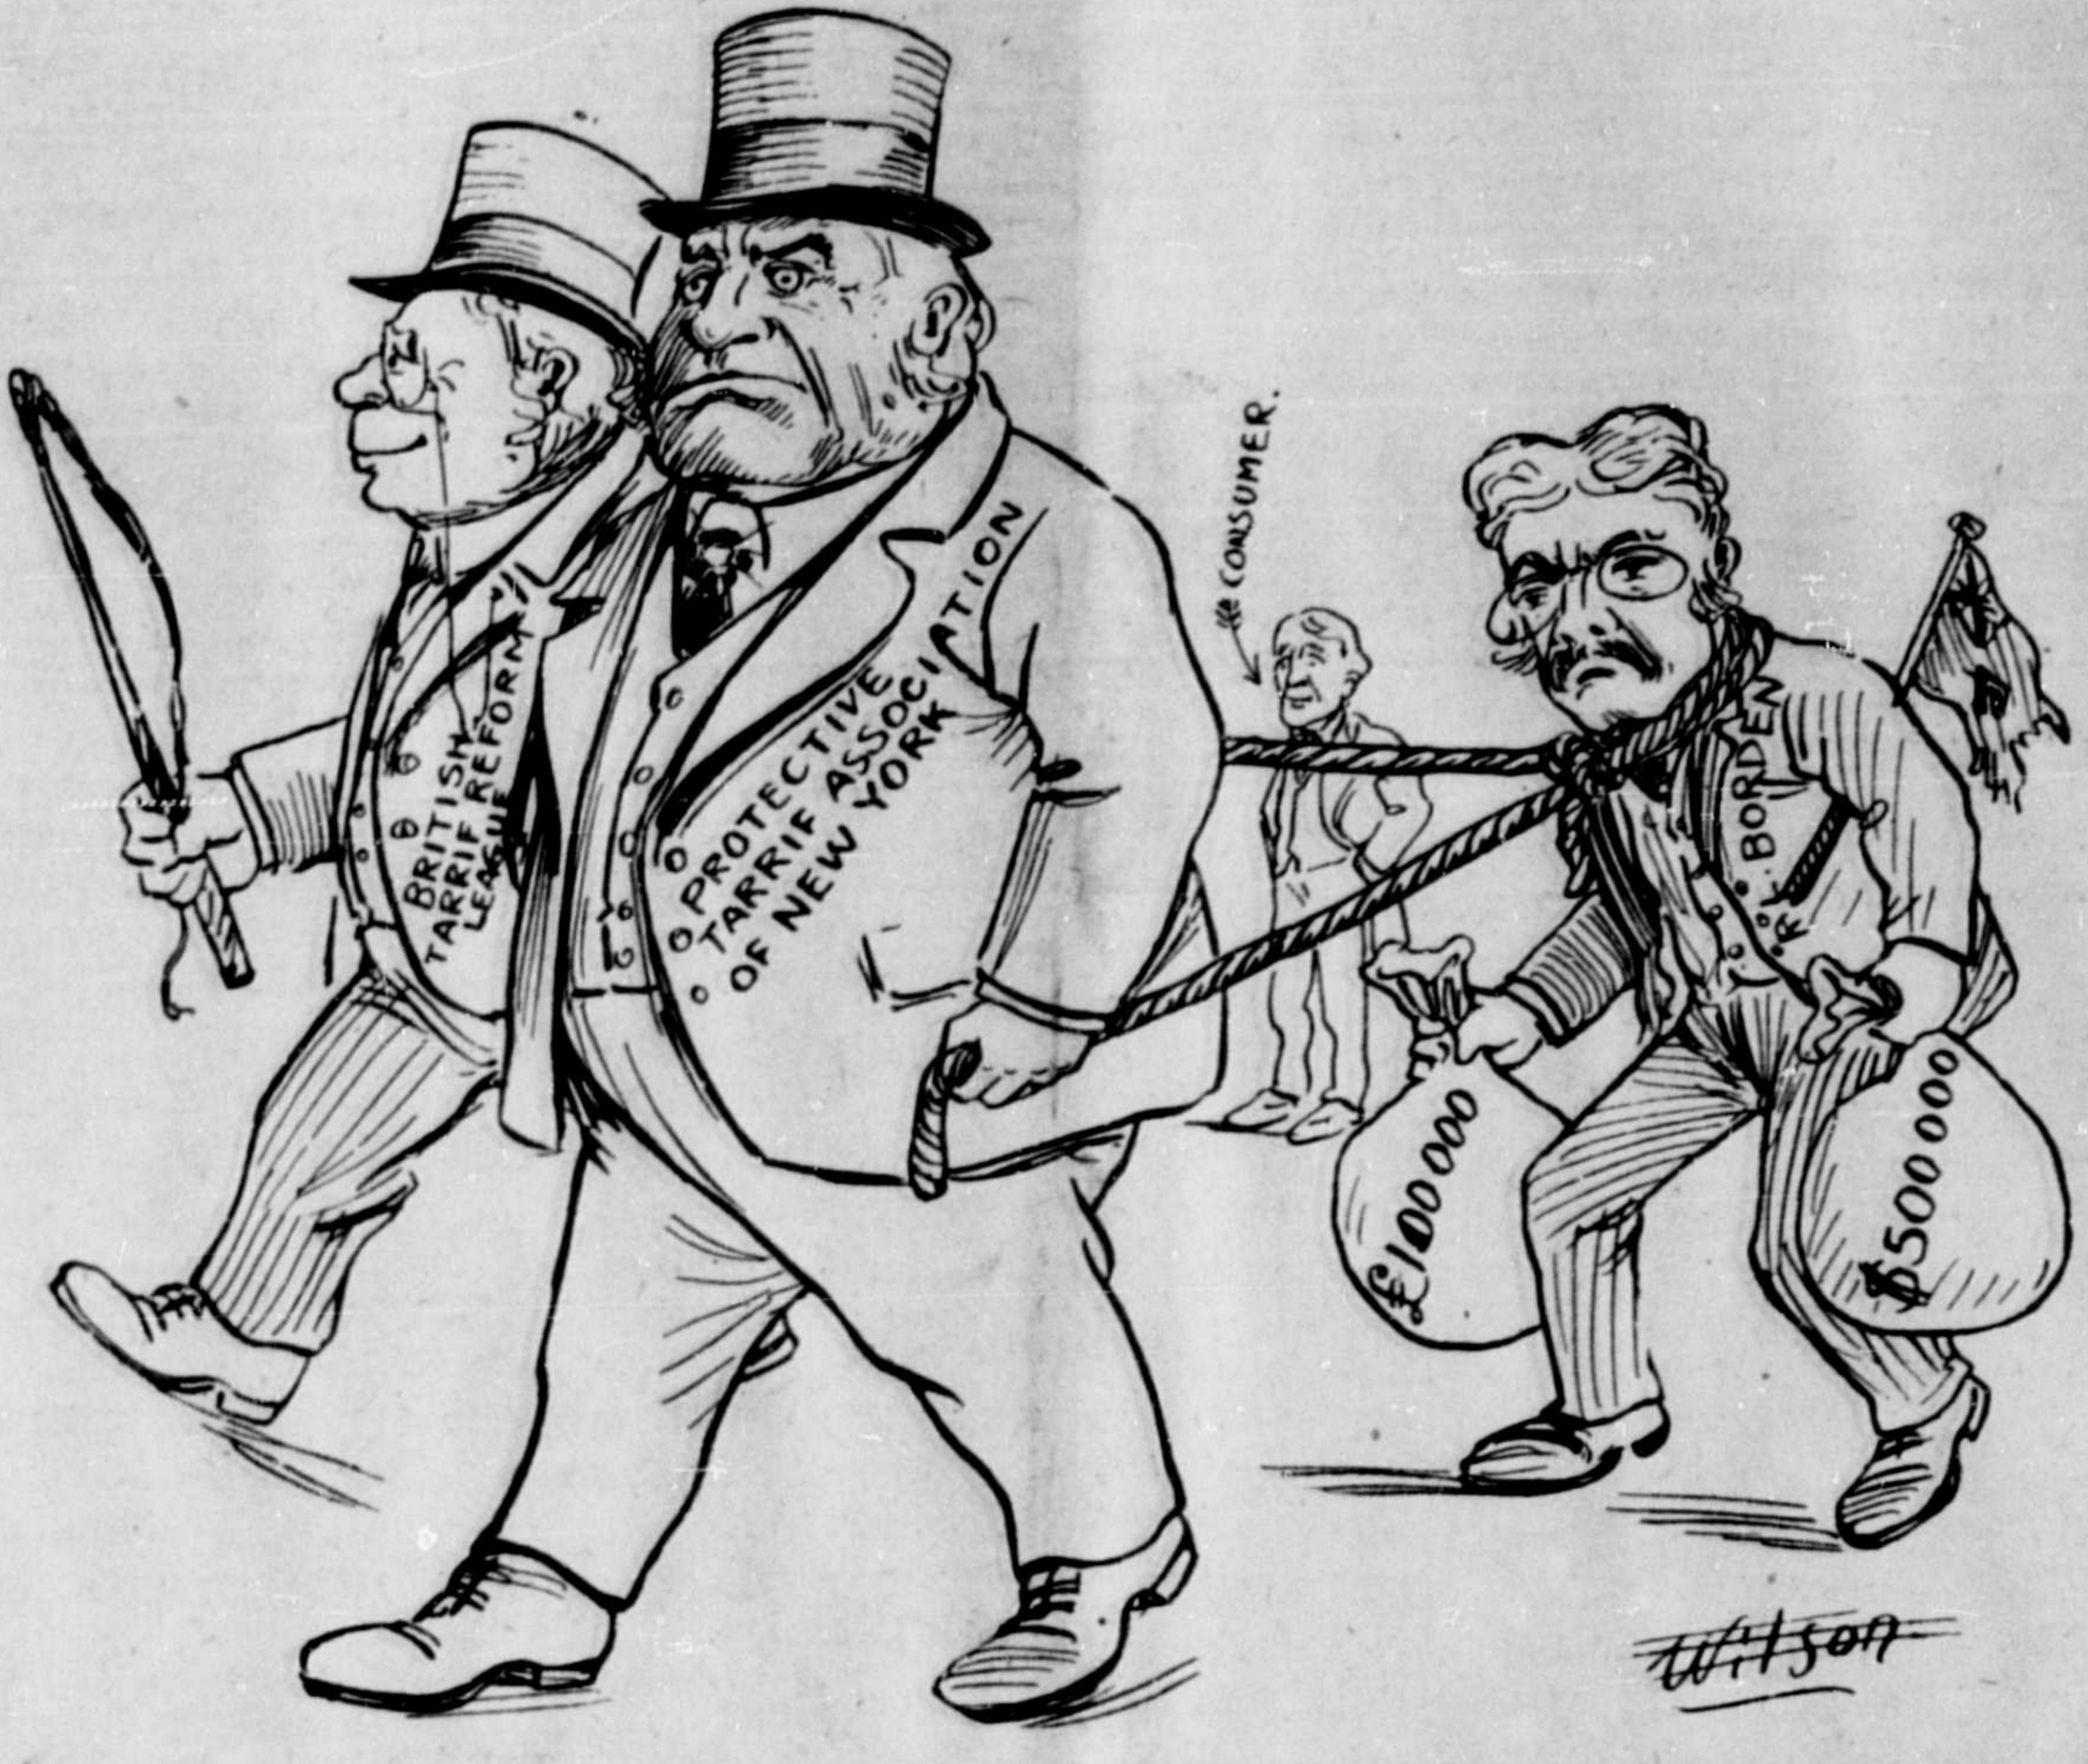

The dinner table is the strongest argument in this campaign. If reciprocity goes through, the price of almost everything we handle in this city will be reduced by the amount of the present duty and the percentage of profit on that duty. These duties are as follows:

Beef and Mutton, 3c per lb.	Apples, 40c per bbl.
Poultry, 25 per cent.	Peaches, \$1.00 per 100 lbs.
Eggs, 3c per doz.	Grapes, 2c per lb.
Turnips, 30 per cent.	Sweet Potatoes, 10c per bu.
Onions, 30 per cent.	Other vegetables, 30 per cent.
Cabbages, 30 per cent.	Other fruits, 25 per cent.

The retail prices here are practically the same as in Vancouver, plus freight. Following is a carefully made comparison of Vancouver and Seattle prices for foodstuffs. If reciprocity is adopted, the Prince Rupert prices will drop to a little above the Seattle prices, as the freight rates from Seattle are only trifling:

Seattle	Vancouver
Mutton, 9c per lb.	Mutton, 13c per lb.
Lamb, 11c per lb.	Lamb, 15c per lb.
Poultry, 20 to 24c.	Poultry, 23 to 30c.
Eggs, 25 to 40c.	Eggs, 30 to 45c.

MAY ESTABLISH A THIRD ECCLESIASTIC PROVINCE

Proposal Before the General Synod of the Anglican Church to Establish an Ecclesiastic Province of British Columbia, But Without an Archbishop

(Canadian Press Despatch)
 London, Ont., Sept. 8.—Legislation for a third Ecclesiastic Province of the Anglican Church in Canada was inaugurated at the general Synod meeting here today, when the recommendation of the House of Bishops for the establishment of a new ecclesiastic Province of British Columbia was placed before the House of Delegates.

The new province will comprise the dioceses of Columbia, Kootenay, Caledonia and New Westminster. It is likely that this third Province if it is established at this Synod, will be different from the two present Provinces of Canada and Rupert's land, for there is now before the Synod a notice of motion by the Bishop of Caledonia that in the event of the establishment of the Province its two houses of Bishops and Delegates will sit together.

Further than this the same Bishop has a second notice of

motion that there be no Archbishop to the new Province, and that its Metropolitan do not assume the title of Archbishop until there are at least five diocese Bishops within the Province.

S. A. ENTERTAINS OFFICERS

Major Morris from Vancouver and Adj. Smith of Alaska

Sunday's services in the S. A. Citadel will be particularly bright as the Army detachment in Prince Rupert under Ensign Johnstone is to entertain the two leading officers during the week end, and both will take part in the services. Major Morris of the Army Pacific Coast headquarters at Vancouver is expected by the Prince George tomorrow morning, and Adjutant Smith of Wrangell, officer commanding the Army operations in South Eastern Alaska, is at present on Prince Rupert.

FOG ON COAST

Shipping Delayed. Rupert Left Late. Rain at Points

Fog is reported from Triangle wireless station this morning and Point Grey reports hazy weather. The Prince Rupert this morning on her return trip from Stewart was delayed about two hours by fog but by hustling they gained about half an hour of the lost time at the wharf leaving an hour and a half late. Skidegate reports cloudy weather with Ikeda, and Cape Lazo rings in the rain signal. All ports report moderate to smooth seas.

CHALLENGES CHAMPION

Durnan of Toronto Defeats Hackett of Kenora

(Canadian Press Despatch)
 Kenora, Sept. 8.—Durnan of Toronto, yesterday defeated Hackett of Kenora, by 5 lengths in a matched race, three miles and turn. Time 20 minutes 23 seconds. The winner challenges Arst, Australian, the present holder of the championship.

Reciprocity will open a market of 92,000,000 people for Canada. Do we want it?

BRINGING OUT THEIR CHAMPION

RUPERT'S NEW AMBULANCE

Builders Suggest Dark Green Enamel with Red Relieving Lines and Gold Lettering—Will be Handsome Wagon.

When Prince Rupert General Hospital ambulance wagon arrives it will be a handsome vehicle not that that matters much to those it will serve. The builders—The Lendon Carriage Co., Montreal, have written suggesting that the ambulance be enamelled in dark bottle green with running gear lighter in color relieved in red. The firm wished to know whether the harness for the rig was to be mounted in silver or brass to have the metal work in keeping and suggested that the words "Ambulance—Prince Rupert General Hospital" be inscribed conspicuously in gold letters shaded.

The Board generally approved the suggestions of the firm as to color, etc., and the ambulance which is in hand at Montreal may be expected shortly. It is to cost \$950.

GRISLY JOKE ON CLEMENTS

Conservative Candidate Located in the Morgue may Like to Select Colors for Rupert's Ambulance.

In connection with the question of the coloring of the new hospital ambulance Mr. C. V. Bennett suggested with apparent seriousness that the matter be referred to Mr. H. S. Clements:

"As the Conservative candidate has made his headquarters in the morgue," he said, "it is only right that he should have an opinion in the coloring of the ambulance." "There will be one or two dead ones to carry out after the election result," remarked the Chairman, Mr. D. G. Stewart, while Messrs. O. H. Nelson and Jack Kirkpatrick endeavoured to look fierce.

TAFT'S CAMPAIGN

Business Interests Sacrificed by Tariff Legislation

Hamilton, Mass., Sept. 9.—What is believed by his friends to be the first gun in President Taft's presidential campaign of 1912 was fired here last night in a speech that breathed defiance and in which he scored the insurgent members of the Republican party in Congress and the Democrats who combined with them to revise the several schedules of the present tariff at the special session of Congress just ended.

Never in the history of the government, the President declared have important public interests been dealt with in such a light-hearted way with such absolute ignorance of the effect of legislation and with such willingness to sacrifice business interests to political exigencies as the tariff legislation which has just been defeated.

STAMPEDE FROM ASHCROFT TO THE CHILCOTIN STRIKE

Expert Opinion That District Will Prove to be by Far the Richest in the Province in Gold and Silver—Is in Good Ore Belt

(Canadian Press Despatch)
 Vancouver, Sept. 8.—A. Shepard, manager of the Tetlayako Gold Mines, confirms the reported discovery of rich gold and silver bearing property in the Chilcotin district, British Columbia. In the opinion of Mr. Shepard the district will prove to be by far the richest in the province. A stampede has already started from Ashcroft.

REAL FIRE FOLLOWED MIDNIGHT FALSE ALARM

Two Shacks Burned on Fraser Street Lane—Feared Danger to Life Gave Firemen Stifling Task—Warning to Fire Alarm Tricksters

Two shacks on the lane at Fraser street near Eighth street were burned out last night after midnight. Following a false alarm which was rung in from the Hays Creek neighborhood at 11.45 came the real call at 12.50 a.m. A shack belonging to Mrs. Ellis had caught fire through the upsetting, it is thought, of a lamp, and though the brigade got there promptly the flames had a good hold of the inside of the shack very quickly. Mrs. Ellis does not occupy the place. It was tenanted by Mr. Barbeau.

The false alarm been rung in an hour later it might have been the cause of a serious spread of the flames in the business district. Chief McInnis and his men have a good idea who was responsible for the trick and will see to it. In this case the tricksters left the phone in the alarm box off the hook throwing a whole alarm section out of use. Anyone caught tampering with the boxes will not be likely to do it again.

The cry went up that there was a man suffocating in the smoke inside, and the firemen fought their way into the stifling fumes but the man had got out. Nearly three blocks' length of hose had to be run out from Sixth street hydrant to the fire, but there was water enough, says the Fire Chief. The fire caught the next shack belonging to R. Bradshaw. Mr. Bradshaw managed to save his carpenters' tools. Property to the value of about \$200 was destroyed by the double fire which though of trifling extent in itself, occurred in the real danger zone of the city. Had

Occupants of the buildings burned down last night lost their property. Damage by water was more extensive than damage by fire. One man, careful enough himself, had his place burned through the outbreak from his neighbor's dwelling. You cannot guarantee that your neighbor won't set his house ablaze and so endanger your home and property, but you CAN protect yourself from financial loss through a fire whether your own or your neighbor's fault by insuring your house and its contents with the Mack Realty and Insurance Company, Fulton street, opposite the Fire Station.

FRIDAY, SEPT. 8

MR. CLEMENTS' REAL TRADE OPINIONS

On sundry telephone poles all over the townsite of Prince Rupert are posters circulated by Mr. Herbert S. Clements of 535 Pender St. West, Vancouver, who is anxious to represent the constituency of Comox-Atlin at Ottawa.

The posters are well worth studying. They contain in addition to a large picture of the gentleman's handsome features, a sort of Shorter Catechism of the political creed of the gentleman from Vancouver.

By Shorter Catechism, we do not mean the political platitudes on the card—"A White Canada—Canada for the Canadians and the Empire—A Square Deal for British Columbia"—Those are merely conventional word-padding. They mean nothing.

The real trade opinions of the Vancouver gentleman are to be seen at the foot of the poster, where in small type is says that the posters were printed in Vancouver at the News-Advertiser office.

Although Mr. Clements of Vancouver is travelling through this great district of Comox-Atlin, telling us all in a superior sort of way that the only way to build up a community is to keep all its trade within its own borders, he has started in by having his printing done in Vancouver.

There are lots of printing establishments in Comox-Atlin. There are five in the city of Prince Rupert alone. But the gentleman who says he believes in the "Canada for the Canadians" philosophy, and in "a square deal for British Columbia," when it comes to spending a few dollars in printing in an effort to become M. P. for Comox-Atlin, sends his orders away from the constituency to Vancouver.

And he has either so little sense of logic, or so poor an opinion of the intelligence of the people of Comox-Atlin, that he advertises the fact on every poster he has sent out.

It is idle for Mr. Clements to prate of protection and loyalty—to tell audiences that he would buy Canadian potatoes at 4c a pound instead of American potatoes at 2c a pound.

The simple fact remains that the only item of expenditure he

could have placed in the constituency of Comox-Atlin he sent out of the constituency to his own city of Vancouver.

On the bottom line of the poster circulated by Mr. Herbert S. Clements of 535 Pender St. West, Vancouver, is a true statement of that gentleman's real trade opinions when it comes to spending his own dollars. Take a good look at it.

COMMENTS ON THE CAMPAIGN

"I think they've unloaded a dead one onto us," was the remark overheard at a political meeting Wednesday. Guess whose meeting it was, and who the "dead one" is. No prizes offered. The contest is too easy.

At his first meeting in Prince Rupert, Mr. Clements said he was not a "carpet-bagger." Yet his nomination paper describes him as of 535 Pender St. West, Vancouver. This is almost as glaring as his denial of Hansard, or his refusal to fulfil his challenge to retire.

The Mayor's ideas of reciprocity are even more amusing than Mr. Clements'. He started out by handing the ladies of Prince Rupert a raw cut by advising all the men in the audience to go to the United States when they wanted wives. He could see no disloyalty in that. But he thinks it is disloyal to buy bacon at a reduced duty in the United States and thus frustrate the robber captains out of a 2-cent pound levy.

Here is a problem in higher mathematics for the Mayor. If five thousand American wives coming into Prince Rupert cannot affect their husbands' loyalty to the British flag, how many cubic yards of American pork and beans will we have to eat free of duty before we will clamor for annexation.

"According to Premier McBride of British Columbia, President Taft is scheming to annex Canada, because the United States, having wasted its resources, needs to replenish its raw material. If all the material in Canada is as raw as Premier McBride the United States does not want it."—Chicago Daily News.

MAGAZINES BY FREIGHT

American Post Office Department Brings Down Rates.

Washington, Sept. 8.—Arrangements have been perfected by the Postoffice Department whereby second-class mail matter, consisting of magazines and periodicals, heretofore transported in railway cars will go by freight.

With the idea of reducing the expense of transporting this, the greater part of second-class mail, Postmaster-General Hitchcock has taken advantage of an old statute permitting the department to send it by freight.

Publishers have assured the Postmaster-General that they generally will be satisfied with the arrangements, and assurances also

have been received from the railroads that the mail can be delivered promptly. The expense of transporting and delivering will be far less than at present.

That Jack Johnson will receive 18,000 pounds for three fights in Australia this winter and that after these engagements he will retire from the ring was the announcement made by Hugh McIntosh, the Australian fight promoter recently. McIntosh, who has signed Johnson for several fights in Australia stated that the world's champion would meet Sam Langford, Sam McVey and Bill Lang this winter.

Vote for reciprocity and show your faith in Canada and what Canada produces.

ITEMS OF SPORT

The British Columbia Football League will commence earlier this season, but the name of the league will in all probability be changed to the Pacific Coast League. Victoria and Cumberland both intend having a team in the league and they will be represented at the organization meeting which will be held in Vancouver this month. If Victoria and Cumberland are both admitted this will make six teams in the league, two from Vancouver and one each from Nanaimo and Ladysmith. It is proposed to play a double schedule, each team playing twenty games in the season.

Vivia II., the R. C. Y. C. George Cup defender in a fifteen-mile breeze and a big rolling sea from the eastward, beat the challengers, Kathleen of Kingston, and the Watertown of the Crescent Yacht Club, handsomely. Vivia II. won by nearly a mile. Kathleen of Kingston, was second, a quarter of a mile in front of the Yankee creek Watertown. The Canadians thus successfully defended the cup.

With Laurier pitching, Fielding doing the backstopping, Graham holding down first base, Mackenzie King at second, Dr. Beland at short, Sir Frederick Borden on the third bag, Paterson in right field, Lemieux in the left garden, Dr. Pugsley in centre, Murphy on the coaching, and the embattled farmers of the country filling the stands and bleachers and cheering for reciprocity, the Borden-Monk-Bourassa team has a poor chance.

The Chicago Bowling League has abolished the "Dodo" ball. The National Bowling Association, put a ban on the ball last spring. The "Dodo" ball is made by taking two halves of different balls and glueing them together, the heavier half enabling the sphere to take a sweeping hook and cleaning up more pins than an ordinary ball can knock down.

GOOD PRINTING

Is a Persistent "Influence" Exerted in Your Behalf?

Every bit of printing that goes out to serve you makes "Some Kind of an Impression." Poor printing will leave a poor impression of its user as surely as would poor clothes, or poor store or shop or office. "Good" printing will leave upon every mind an impression wholly favorable of its user. Even if but one in a thousand of these "Impressions" really tips the scales for business, for orders, for you "Good Printing" will have thus paid for itself!
