CONFIRMATION OF PULP AND PAPER PROJECT IS MADE

A telegram received today by the Prince Rupert Chamber of Commerce from F. L. Buckley of Vancouver confirmed the announcement in press dispatches yesterday of the incorporation of the Mutual Pulp & Paper Mills of Prince Rupert Ltd., which company has been formed in connection with the project for the establishment of a pulp and paper mill here. It was in connection with this project that Mr. Buckley, accompanied by Geoffrey Winslow and Edward Thompson of San Francisco and L. A. PROPOSED PULP MILL

The official announcement yesterday that incorporation papers had been granted to The Mutual Pulp & Paper Mills of Prince Rupert Ltd. brings us one step nearer the realization of our hopes in the establishment of a paper mill in the city.

Organization of the company has been carried out largely through the effort of F. L. Buckley, who has drawn to the attention of the parties concerned the advantageous position of Prince Rupert for such an industry.

The plant is to be constructed at Seal Cove on the site of the old lumber mill. At that point a dock can be constructed which would be available to deep sea shipping and the site is also served by the railway, so that the plant would have land and water transportation.

It is understood that the plans are to construct the first unit of a plant with a capacity output of 150 tons of paper daily and 30 tons of sulphite pulp. This is a little better than half the size of the Ocean Falls plant which supports a population of two thousand people in addition to the men working in the woods.

While under company control at Ocean Falls the community supported by the mill is only about two thousand, under open town conditions such as obtain in Prince Rupert the population supported by such a mill would be almost twice that number. So we may take it that when the mill is established the population of Prince Rupert will increase by approximately two thousand people. Business will improve, not only as a direct result of the mill but as a result of the improvement in railway business, from the shipping coming to the port and from the various ramifications of interlocking trade and commerce.

It is very difficult for us to realize just how much benefit we shall receive from the new industry, not only after it is established but also during construction days.

When Mr. Buckley and his friends were in the city recently they intimated that work might start as early as July.

BROOKLYN MOVES UP

Dodgers Going Strong in National League—Wen Over Giants Yesterday

BROOKLYN, May 1: (CP)—Brooklyn Dodgers renewed their bid for the National League supremacy by more than doubling the count of the New York Giants in a free-hitting game at Ebbets Field yesterday. The Cincinnati Reds had an easy slugging victory over the world champion St. Louis Cardinals at Cincinnati to move back again into the first division. The Cards are now leading the second division with Pittsburgh dropping into a poor sixth place as a result of a shut-out at the hands of the Cubs at Wrigley Field.

In the American League, New York Yankees eked out a close victory in a heavy hitting contest at the Yankee Stadium with the Washington Senators, the Senators, as a result, dropping into the second division. In the only other game in the junior circuit, the Detroit Tigers vanquished the St. Louis Browns at St. Louis, the Browns, as a result, dropping into the basement along with the idle Philadelphia Athletics.

SPORT CHAT

A meeting is to be called here in the near future to form a model yacht club, the intention being to build model yachts of several classes to engage in local, provincial and Dominion competition. Several scale drawings of model yachts of various classes will shortly be put on display, probably in the Canadian National city ticket office windows on Third Avenue. Interest in model yacht racing is taking hold here and it seems to have possibilities of developing into quite a popular local sport. There is even talk of providing a special pool for racing.

METLAKATLA IS WINNER

Defeated Port Simpson in Two Softball Games Saturday

METLAKATLA, May 1:—A double-header of softball was played at Metlakatla Saturday between a Port Simpson pick-up team (Athletic Club and Y. P. E. A.) and the Metlakatla "home" team, the latter winning both.

Both games went nine innings and umpires were Managers E. A. Leighton (Metlakatla) and Joshua MacKay (Port Simpson). Base umpires were W. Lawson (Port Simpson) and Matt Leighton (Metlakatla). Jimmy Ryan was pitcher and Wally Leighton catcher for Metlakatla. George White was pitcher and Peter Alexcee catcher for Port Simpson.

The first game proved a fast one, well fought, evenly contested and with close fielding. At the end of the fifth inning the score was 5-1 for the home team. From then on both teams were on their toes as evidenced by their watchfulness, not to let any opportunities pass, and determination to win. Spectators were on their feet with excitement. No runs were made in the sixth or seventh. In the eighth Port Simpson, first at bat, made another run. Metlakatla also made a run. In the first of the ninth Port Simpson got one man to third but failed to bring him home.

The visitors started the second game with one run in the first inning. Metlakatla evened up in the second. From then on it was the home team's game until the end of the ninth.

Monday, a return game was played at Port Simpson.

The fine big motor vessel Marauder, which has come north in her capacity as a fish packer for Edmunds & Walker to look for a load of salmon, is again tied up at the dock of the Home Oil Distributors Ltd. after having made a trip to the new fuel station of the Home Oil Co. at North Island with a load of supplies. Making the trip on the Marauder, which left here on Monday and returned last night, was T. N. LePage, manager of the northern division for Home Oil. The Marauder arrived here from the south late last week and will probably be here for several days yet. A converted sub-chaser refitted at a cost of \$25,000 for use as a fish packer, the vessel was formerly named the Hurry Home. She is owned by the Pachena Fishing & Navigation Co. of which her skipper, Capt. Duncan A. Sims, is president. She is 110 feet long and was built at Bremerton, Wash., in 1918. WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. Best drug stores. ©1931 C. M. Co.

"WHEN

Mrs. W. H. Covert

PLANS A SUPPER PARTY AT GOVERNMENT HOUSE I OFTEN MAKE CHICKEN A LA KING*

says E. Coulstring, chef at Government House, Halifax, official residence of the Honourable W. H. Covert, K.C., Lieutenant-Governor of Nova Scotia, and Mrs. Covert.

*Chicken a la King

3 cups cold chicken cut in inch discs
3 tablespoons butter 3 tbs. flour
1/2 green pepper cut in shreds
1/2 red pepper cut in shreds
1 cup chicken broth
1 or 2 eggs (yolks only)
1 cup Nestlé's Evaporated Milk
1/4 pound mushrooms if desired
Salt and pepper to taste

Cook the shredded peppers (also mushrooms if they are used) in the butter for fifteen minutes, keeping them covered while cooking slowly. Add the flour and seasoning, also the Nestlé's Evaporated Milk and broth; stir to a smooth sauce. Put the chicken in the sauce to heat, and just before serving, stir in the beaten eggs. Do not allow the mixture to boil or it will curdle. It is best to cook it over hot water. Serves six or seven persons

"I HAVE FOUND," states the Government House chef, "that only by using Nestlé's Evaporated Milk do I get that smooth, creamy consistency and rich flavour so important to the success of this dish. In fact, I find I get better results with all creamed recipes when I use Nestlé's Evaporated Milk."

We believe you will come to the same conclusion as Chef Coulstring. Nestlé's is ideal for creamed dishes... as it is for use in soups, sauces, cakes, pie-fillings, frozen desserts and an infinite variety of other delicacies. Remember, there are no added ingredients! Nestlé's Evaporated Milk is just purest cow's milk, with more than half the water removed. That is why it is so rich—twice as rich as ordinary fluid milk.

For better cooking results, decide now to give Nestlé's a thorough trial. Order a few tins from your grocer today. You will be surprised at the low cost.

BRITISH MUSICAL

"Evensong," romantic picture of an opera singer's career, at the Capitol Theatre this mid-week, presents in its leading role that glamorous artist of stage and screen, the lovely Evelyn Laye.

The British production is executed on a lavish scale, the period of the story extending over the first quarter of the present century.

A notable cast supports Miss Laye. Chief among them is the seasoned character actor, Fritz Kortner, who plays with authority and conviction the role of the prima donna's manager.

One of the most important roles is played by the world-famous coloratura soprano, Mme. Conchita Supervia.

Alice Delysia— noted star of the musical comedy stage; Carl Esmond, handsome and highly popular juvenile; Emlyn Williams, well-accredited in dramatic roles, and Arthur Sinclair, old favorite character man—are also noted in the carefully chosen cast.

"Evensong" presents a number of scenes showing some of the most noted rendezvous of Europe including Monte Carlo and Venice.

"St. Louis Kid" second picture on the mid-week double bill; combines riotous comedy with melodramatic thrills. James Cagney is starred, the supporting cast including Patricia Ellis, Allan Jenkins, Hobart Cavanaugh, Spencer Charters, Dorothy Dare, Arthur Aylesworth and Robert Barrat.

The cast was as follows: Easter, Miss Grace Spalding; Light, Miss Cecilia Bolton; Life, Jane Spalding; Youth, Irene Wesley; Love, Edna Campbell; Joy, May Wesley; Hope, Fanny Spalding; Peace, Pearl Millar.

The choir sang the anthem "Our Savior" with solos by W. Spalding. The church was beautifully decorated with mottoes and dozens of artificial Easter lilies and daffodils, made by the members of the Ladies' Aid, centred by real Calla lilies and red carnations beneath a decorated cross.

Mrs. Bushfield, the organist, was assisted by Howard Starr playing the cornet.
