QUETTA, India, June 3:—To prevent the outbreak of pestilence, bodies of victims of last week's terrible earthquake disaster were being cremated in huge piles at the week-end. One out of every fourteen inhabitants of this district was, it is believed, killed. Another violent tremor, accompanied by volcanic disturbance, rocked the district yesterday. Roosevelt Holds Huge Crowd Spellbound

Interest shown by masses in all countries toward political developments as an economically depressed world struggles desperately to regain its lost poise, is evidenced by huge crowds which gather everywhere when present-day government heads appear in public. Reich-president Adolph Hitler, who apparently holds the future of Germany and possibly the peace of Europe in the hollow of his hand, recently addressed the largest single crowd in history when 2,000,000 people crushed together in Berlin to hear the flaming oratory of the ex-corporal who sways German throngs into a fever of passionate nationalism with his utterances. Above is part of the 240,000 people who listened to President Roosevelt at Green Bay, Wis.

MANHUNT IS CONTINUING

Authorities Certain That Abductors Of George Weyerhaeuser Will Be Captured

TACOMA, June 3: (CP)—The hectic manhunt for the kidnapers of nine-year old George Weyerhaeuser is continuing unremittingly following the safe return of the lad to his parents at the week-end after the ransom of \$200,000 had been paid. Despite the continuous search, however, the kidnapers are still at large, but early success in apprehending the abductors is anticipated, particularly in view of the fact that the identity of three of them seems practically certain. Also the money paid in ransom was marked, it has been disclosed, and the numbers of the banknotes kept.

Intensive search is being made in Eastern Oregon following reports that six men, driving furiously, were sighted late Saturday east of Umatilla.

Young Weyerhaeuser has told the authorities that the three men who picked him up and kept him in captivity for a week called each other "Alvin," "Bill" and "Harry." These are the first names of well known members of the Karpis gang.

Volney Davis, one of the members of the Karpis gang, was arrested in Chicago yesterday, it was announced here.

WAR WITHOUT RESTRICTIONS

We are in full agreement with Premier Mussolini of Italy that it is useless to make regulations for the conduct of war. War is hell and there are no regulations there, according to common report. If there is to be war, it might be as well to use poison gases, electrical death rays and all the infernal inventions that can be imagined so that the war may be over the sooner. It would be better to have a whole community or country blotted out in a moment than to have the men go to the trenches and fight there in the mud for years. War without restrictions will bring men to their senses quicker than anything else, if any of them survive to tell the tale of its horror.

MORE LOGS BEING CUT

More logs are being cut this year than last and last year's log cut was far ahead of the previous year. It would seem therefore that, so far as the forestry department is concerned, we are emerging from the depression. While it may be quiet in the local retail departments of the city, there is no doubt that the country is slowly but surely returning to a more nearly normal condition. With logging and mining busy two of our natural resources are being utilized.

From the Waterfront

Capt. W. P. Armour, head of the Armour Salvage Co., was in for a few hours last evening from the wreck of the American freighter Denali on Zayas Island. Weather has been so bad during the past few days, what with westerly winds and heavy ground swells, that it has been almost impossible to carry out any further salvage work. Capt. Armour reported. Since the middle of last week it was possible to get only one road grader off the wreck. However, the salvage outfit is standing by ready to get to work immediately conditions permit.

C.P.R. steamer Princess Adelaide, Capt. S. K. Gray, which was in port from 3:15 to 4:30 Saturday afternoon on her way back to Vancouver after a special run to Ketchikan, brought in thirty-six passengers, the majority of whom were Alaska school teachers going to Seattle and elsewhere in the south for the summer vacation. Two persons disembarked from the vessel here while half a dozen or so left here for Vancouver aboard her.

Crude oil escaping from the wreck of the American freighter Denali on Zayas Island has been drifting over the ocean for a wide area, being in some places a depth of a foot on the surface of the water. Considerable inconvenience has been caused to fishermen on the Dundas and Stephens Island trolling grounds. Pumps of power boats have been clogged and gear in many cases has been badly jumbled up.

Returning to service after the lapse of one voyage owing to the recent strike in Vancouver, Union steamer Catala, Capt. A. E. Dickson, arrived in port at 7:20 last evening from the south and sailed a couple of hours later for Anyox, Stewart and other northern points whence she will return here tomorrow morning and sail south at 1:30 p.m. The vessel brought north a good sized list of passengers and heavy freight cargo.

In none of these cases was insurance carried.

Norrington poured and serving were Millicent Anderson, Norma Curdie, Joyce Gawthorne, Zilla Sherman, Thelma Edlund, Ken Thomasson and Hazel Toombs. Jean Watt was cashier.

Practical Protection

In industry, the study of ways and means of helping workers to improve their efficiency is accepted by a forward looking management as a never-ending duty.

Realizing that no worker ever does his or her best when beset with worry, the Imperial Tobacco Company sees to it that the workers in its employ have little cause for financial worry over what is going to happen in the event of sickness or death.

Every employee male or female knows that, if taken sick, he can count upon the Company for help. He knows that, without his having had to contribute anything to a sick benefit fund, he will receive, when laid up by sickness or some non-occupational accident, at least 50 per cent of his usual weekly wage, for a period that increases from year to year according to the length of service.

Should he desire to take advantage of the Company's plan of group insurance against death and permanent disability, he may do so any time after one year's employment. One-half of the cost of such insurance is borne by the Company. Policies in amounts from \$500 to \$3,000 are written on the lives of factory workers, at a cost to the worker

of only 50 cents per month per \$1,000 of insurance carried. Over 75 per cent of all factory workers, male and female, are insured in this way.

As a matter of further protection, the Company maintains a joint contributory Pension Fund, applicable for the time being to male salaried employees only, under which the employee on reaching a stipulated age, or prior thereto if incapacitated, or at any time after fifteen years service, may retire and receive for life a specified percentage of his salary.

In addition to the foregoing, the Company voluntarily makes subsistence allowances to those who leave its employ upon reaching the age of retirement, but who have not qualified under the pension plan. Every case is individually considered in the light of known facts, and dealt with accordingly. The Company disburses many thousands of dollars yearly in this way.

The concern the Imperial Tobacco Company has always shown for the financial protection of its employees has been more than reciprocated in the splendid loyalty and efficiency with which they have served the Company's interests.

Brighten up with ALL-BRAN!

You've had days when you've felt discouraged and low. Nothing seemed to go right. Frequently these dreary days can be traced to common constipation, due to lack of "bulk" in your meals.

This ailment may cause headaches and loss of energy. Correct it by eating a delicious cereal.

Laboratory research shows Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also furnishes vitamin B and food-iron.

The "bulk" in ALL-BRAN resists digestion better than the fiber in fruits and vegetables. It is gentle—and often more effective. Isn't this natural food better than taking patent medicines—often harmful?

Two tablespoonsful of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If not relieved this way, see your doctor.

Brighten days with ALL-BRAN! Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

Quits Boston Braves

BOSTON, June 3.—Babe Ruth quit the Boston Braves in a huff yesterday after having been with the club as vice-president and assistant manager only since this spring. The forty-year old Home Run King said that he did not intend to retire from the game. Following a dispute with Judge Emil Fuchs, president of the Braves, Ruth announced his resignation. The Judge later announced that an unconditional release had been given.

BABE RUTH

Ruth, in announcing his intention of going on the voluntary retired list, explained that he had asked Fuchs' permission to go to New York but, despite a sore leg which would not permit him to play, he said he was ordered to report to the playing field. He would not accept such treatment, Ruth said.

(The picture was taken when Ruth signed his contract with the Braves.)

LEGION IN BALL WIN

Veterans Squeeze Out Close Victory Over Canucks in Baseball League

With uncertain skies overhead and an ordinary sized crowd present, the Sons of Canada and Legion fought out a close battle in the Senior Baseball League yesterday, the Sons finishing on the short end of a 6-5 score.

The Legion took the field first and Smith, the veterans' mound artist, struck out the first three Sons to face him. The Sons' hurler, Lindsay, however, was nicked for two runs in the first and another pair in the second while the Canucks failed to mark the new score board in either the second or the third innings. The fourth inning, however, saw a decided change for Smith issued three passes to the Canadians and topped it off by hitting Johnson with a pitched ball. The result of this inning was two runs for the Sons. The Legion gained another run in the fourth when Pierce scored but in the fifth, with two men on bases, Jack Yager poled out a two-bagger, scoring both men and the Legion led now by one scant run. In the sixth both teams garnered another run but the Sons failed to score in the first of the seventh and the "Sweatshirt Gang" walked off the field with their first victory of the season.

NEW TEAM ON SCREEN

"Wedding Night," Stirring Drama, Marks Debut of Cooper and Sten

A stirring and romantic drama, the love story of a sophisticated New York author and a New England farm girl, comes to the screen of the Capitol Theatre the first of this week in "The Wedding Night," in which Gary Cooper and Anna Sten appear for the first time as a romantic team.

Cooper proves that he can be just as convincing and thrilling a lover as he is a soldier and fighter, and the fair Anna Sten sheds all traces of her Russian birth and training, emerging as a full-fledged American star.

Cooper is the author and Helen Vinson his wife. Together they return to his country home because his finances are low and he vainly is seeking an idea and background for a new book.

He finds, unexpectedly, the color and theme for his manuscript in the lives and customs of the neighboring tobacco farmers. After he sells a tract of land his wife insists upon returning to gay New York but he remains in the country. He meets a neighboring farm girl, played by Anna Sten, and she offers to care for his material wants, cooking his meals, tidying the house. Each finds keen interest in the other because they are from entirely different worlds. Against this background is told the dramatic love story. She realizes that she loves the author and that he loves her. But both know there is a wide social chasm between them, that he is married and she betrothed.

Siegfried is a harsh, stern father who clings blindly to the traditions of his native land and his ancestors; Ralph Bellamy is the sturdy young tiller of the soil selected to marry the girl.

Bishop Thurber, son of Capt. and Mrs. J. D. Thurber of this city, was here Saturday afternoon aboard the steamer Princess Alice bound from Vancouver to Dawson. He will spend the summer with a federal Geological Survey in the Yukon.
