She has already taken on herself responsibility for Pacific Asia and, through her belief in the survival of the fittest and the intense patriotism of her people, she may eventually prevail over nations where patriotism is lanuishing and the young men of the day are declaring that they will not fight for their country under any circumstances.

The ancient tradition of the Samurai is that they never! surrender and both men and women are always ready to sacrifice their lives for their king or country. This has spread to include the officers of the army and navy and many of the rank and file.

The writer of the article sees inevitable conflict between United States and Japan in which the Japanese hold a favorable position. He suggests that Japan may accomplish what Alexander, Caesar, Napoleon and the Kaiser failed to do. At any rate it is well that people on this side of the Pacific should know the danger there is from the pecular position in which they are placed as close neighbors to a warlike and virile people holding entirely different codes from our own.

Hamilton Rink Again in Dominion Curling Tankard

For the second consecutive year the Campbell Rink from Hamilton (Ont.) Thistle club won the Ontario Tankard. Their win came after a week of enthusiastic curling in Toronto, where the Ontario Curling Association staged their annual gathering of curlers. The Hamilton Thistles will represent Ontario for the third consecutive year in the competition for the Macdonald Brier Trophy, emblematic of Dominion supremacy in the curling world. In their previous appearances in the championship race they have failed to capture the coveted trophy. This year may be their year. MARKET IS UNCHANGED

Local Retail Prices Steady With No New Lines Coming in at This Time of Year

Little change is to be noted in the March revision of the list of local retail prices. Few, if any, new lines are in at this between-season time. Prices in practically all lines are steady. Eggs and meat are slightly lower while flour has an upward tendency in the wholesale
