PRICE SPREADS REPORT IS TABLED

SECOND CONVICTION RECORDED AGAINST JOSEPH CELONA

Findings of Stevens Commission Presented to House of Commons; Important Recommendations Made

Long Steps in Direction of State Control of Industry and Commerce Advocated—Would Give Workers Better Return and Protect Consumers From Profiteers

OTTAWA, April 12: (CP)—Long steps in the direction of state control of industry and commerce motivated by the twin objectives of assuring workers and primary producers larger return for their work and of protecting consumers against profiteering were recommended in the report of the royal commission on price spreads and mass buying which was tabled in the House of Commons today. The key point of the majority report is the setting up of a federal trade and industry commission composed of five members, a semi-autonomous body clothed with wide powers of supervision, regulation, arbitration and investigation and serving as an advisory body to the government on all matters relating to trade and industry.

Reduction of the hours of work with a uniform forty-four hour week for all Canada is recommended. This could be accomplished either by federal or uniform provincial legislation.

Improved and more strictly enforced minimum wage laws are proposed.

Sweeping changes in company laws and methods of livestock marketing are also proposed.

A fisheries control board would have the general object of benefiting fishermen and fish-eaters by eliminating unsound trade practices and cut-throat competition and improving methods of handling, marketing and processing of fish.

A limited fund for the extension of credit to fishermen for purchase or repair of equipment, gear, etc. is suggested.

Unless flour milling companies write down their capital structures and capital valuations of their surplus capacity, they are faced with bankruptcies, the report says.

Three other Liberals, O. L. Boulanger, Sam Factor and J. L. Isley, as well as D. M. Kennedy, United Farmer member for Peace River, signed the report with reservations on various points.

The complete report runs about 350,000 words.

RELIEVING OF DROUGHT

Government's Measure Passes the House of Commons at Ottawa

OTTAWA, April 12: (CP)—The government's drought relief bill appropriating \$750,000 this year and \$100,000 yearly for the next four years to fight the prairie droughts passed the House of Commons last night. Dams will be built to store water and other steps taken.

Eden Hears Plea of Soviets

Envoy from Great Britain to Berlin where he received Germany's arms demands, Captain Anthony Eden is pictured at Croydon airdrome, London, with Mrs. Eden. After conferences at Paris and Berlin, Eden went to Moscow for a parley with Soviet statesmen. He is now ill and this week unable to attend Stresa conference.

DINNER OF GYRO CLUB

Official Visit From District Governor and Other Nanaimo Men; Activities Discussed

The Prince Rupert Gyro Club had a business dinner of more than usual interest and importance last evening. An official visit was paid to the club by Gerald P. Berry of Nanaimo, district governor, who was accompanied by Charles Wilson, district secretary, and Jack Ryan, president of the Nanaimo Club. The club also had a full discussion of activities for the coming year.

Mr. Berry gave an interesting review of district activities, telling of progress that was being made in the way of expansion. Mr. Ryan told of plans for the district convention to be held in Nanaimo in July and expressed the hope that Prince Rupert would be well represented at the gathering. Mr. Wilson also had appropriate remarks to make.

Jack Bulger was initiated as a member of the club by Mr. Berry in an impressive ceremony.

On behalf of the local club, Past President W. H. Tobey presented District Governor Berry with a local souvenir in appreciation and remembrance of the visit.

Club Activities

In the way of club activities, it was decided to concentrate mainly this year on playgrounds, renovating old equipment and installing new. It is possible that Westview playground equipment may be moved to the Sixth Avenue and McBride ball park. The feasibility of installing a tennis court at the latter site was also discussed.

After getting the playground in shape, it is the intention of the club to equip a ward on the men's floor at the Prince Rupert General Hospital.

Plans were reported under way for a hoedown dance to be held on May 10.

President S. J. Jabour was in the chair.

Messrs. Berry, Wilson and Ryan sailed by the Prince Rupert last night on their return south and were given a send-off by local members.

WOKING, England, April 12: (CP)—A descendant of Defoe's "Robinson Crusoe" (Alexander Selkirk), Thomas Rattery Selkirk, 60, was found dead with a throat wound recently.

BISHOP AT KITKATLA

Diocesan Head of Church Welcome Visitor at Village

KITKATLA, April 12:—On Saturday last the mission boat Northern Cross, bearing Bishop Rix and his party, dropped anchor at Kitkatla. The Bishop was enthusiastically welcomed by Chief Gamble and his people. He was received at the Town Hall where the people partook of a sumptuous dinner with his Lordship. The Kitkatla band entertained. The chief quite creditably addressed the gathering, expressing his pleasure at the visit and extended a most hearty welcome to his Lordship. Then an address of welcome was read from the president, Matthew Hill, of the Excelsior Club, and another by the first captain, Henry Brown, of the Church Army. The Bishop replied to the addresses of welcome in his kindly and appreciative manner. William Ridley acted as chairman for the evening's entertainment.

After the reception his Lordship met the Church Army people in their hall, where a service was conducted. A confirmation service was held on Sunday morning and St. Peter's choir sang a beautiful Easter Cantata. After visiting the sick of the village and having dinner with the rector, the Bishop hurried away bound for other outlying missions.

Alleged Character in Vancouver Underworld Is Found Guilty Again

Jury Decides That He Lived Off Earnings of Prostitution And Kept Disorderly House—Sentence Reserved Until End of Assizes

VANCOUVER, April 12: (CP)—Joe Celona was found guilty by a jury at the Supreme Court Assizes here on a charge of living in part off the earnings of prostitution and keeping a disorderly house. He will be sentenced on this as well as a previous procuring conviction at the end of the Assizes. He had been out on bail but is back in Okalla jail again awaiting sentence.

TESTS SHOW PATERNITY

Blood Groupings to Aid in Deciding Legitimacy of Children

BROOKLYN, April 12: (CP)—The application of blood grouping tests, developed at the Jewish Hospital of Brooklyn and embodied in legislation just enacted in New York state, is explained by Dr. A. S. Wiener, associate in the division of genetics and biometrics at the Jewish hospital.

They may be used in cases of disputed paternity. The presumption that all children born in lawful wedlock are legitimate may be overcome, said Dr. Wiener, by scientific proof that the husband could not be the father of the child.

Thus, if the mother belongs to group "A," the child to group "B," and the husband to group "A," the husband could not be the father of the child, since the child possesses a substance "B" which neither of the supposed parents has.

"The tests," he added, "can only be used to prove non-paternity, and not to prove paternity."

In criminal cases, Dr. Wiener said, the blood grouping tests are valuable for purposes of identification.

He cited as an example the case of a criminal who escaped after being pursued and wounded by police. Some of the criminal's blood left at the scene of the crime is grouped and found to belong to group "B." type "M." Later several individuals are apprehended, and it is known that one of these has committed the crime. All individuals except those belonging to group "B," type "M," can be eliminated immediately.

Dividing of Coast Naval Units is Not Considered Just Now

CONFERENCE OF POWERS

The conference being held at Stresa between Great Britain, France and Italy is a very important one and may have an important bearing on the future peace of the world. Britain has been taking steps to bring the countries together. The difficulty in Germany seems to be that the political situation is such that it becomes necessary for Hitler to make a determined stand or lose control. We do not think an immediate war is likely but we hope to see adjustments made which will make peace more certain and thus enable nations to settle down to deal with economic problems which have been troubling all countries.

PRICE OF SILVER

The continued advance in the price of silver will probably result in the opening of mines on Portland Canal and elsewhere in this district that have been dormant for several years. Prosperity will probably be the first to be opened by Premier. There is a very expensive tram line running to it from the mouth of the Marmot River which will soon be operating once more.

GOVERNMENT PUBLIC WORKS

We are glad to hear that the federal government is about to spend some money on needed public works. For several years little has been done in that way to enable the unemployed to earn an honest dollar. Now, it seems, there is to be a stirring of the dry bones and public money is to be expended in needed work.

Might we suggest to the federal government that among the public works that would prove beneficial to the whole of Canada would be the building of the western outlet of the Peace River Railway and the completion of the trunk road westerly from Edmonton to Prince Rupert.

While road work is usually a provincial obligation, there is precedent for federal action on trunk highways. Possibly the Bennett administration may be able to see Northern British Columbia if it puts on its spectacles.

Honored in Life, Grave Forgotten

Brown Wife of Sir William Johnson Was Prominent in Church And Society

KINGSTON Ont., April 11: (CP)—Parish records indicate Molly Brant Indian wife of Sir William Johnson, was buried in the old St. George's churchyard, now St. Paul's, in the downtown section of this city, but no gravestone marks the spot.

Sir William Johnson was British government superintendent of Indian affairs in the province of New York before the American Revolutionary War of 1775 and Molly Brant, known as "the brown Lady Johnson" was the sister of Chief Joseph Brant, who led the Mohawk Indians as allies of the British.

Molly Brant and her brother came to Canada with the United Empire Loyalists in 1783 to live at Kingston, where Rev. Dr. John Stuart, father of the Church of England in Upper Canada also settled. Her brother helped Dr. Stuart to translate the Book of Common Prayer into the Indian tongue.

Molly Brant brought her children by Sir William Johnson to Kingston where they were given special homes by the British government. An interesting reference written by an American traveller who visited Kingston in 1792, and now in the provincial archives at Toronto follows:

"In St. George's church at Kingston we saw an Indian woman who sat in an honored place among the English. She appeared very devout during divine service and very attentive to the sermon. She is the relict of the late Sir William Johnson and mother of several children by him, who are married to Englishmen and provided for by the Crown. She is the sister of the celebrated Chief Joseph Brant and has been a faithful friend in Indian affairs while she resided at Johnson Hall (Johnstown, N.Y.), and since her removal to Upper Canada.

"When the Indian embassies arrived she was sent for, dined at Governor Simcoe's and was treated with respect by himself and Lady Simcoe. When treaties and purchases were about to be made at Johnson Hall she often persuaded the obstinate Indian chiefs into compliance with the proposals. She retains the habit of her countrywomen and is a Church of Englander. During the life of Sir William she was attended with splendor and respect and since the war receives a pension for herself and her children."

Molly Brant attended a ball June 4 1793 at Navy Hall Niagara with her daughters who were described as beautiful young women. In September 1794 she made a trip on the Mississauga from Niagara to Kingston with Lord and Lady Simcoe, according to Lady Simcoe's diary. She was at Kingston in 1795 when Lord Simcoe was very ill and prescribed an Indian root remedy which gave him relief.

There is a Johnson group of gravestones, including one for a daughter, Mrs. Earl, in St. Paul's churchyard but none to the memory of the brown wife of Sir William Johnson, who died in April, 1796. Records show Molly Brant made a contribution to the erection of the first St. George's church, which stood on the site now occupied by the Whig-Standard newspaper office on King Street, opposite the market square and the city buildings.

Dramatic Merit To Reap Reward

Drama Circles to Establish Award For Those Adjudged Outstanding

VICTORIA, April 12: (CP)—Canadian drama circles have moved to establish an annual award in recognition of those persons who have been outstanding in the development of the drama in the Dominion.

During the past decade drama has made rapid strides in Canada, principally through those sponsors and others who have interested themselves in the Little Theatre movement and the provincial and Dominion musical festivals.

The award will be known as the Canadian Drama Award, abbreviated to "C.D.A." Authors, actors, producers, publishers and philanthropists who have aided in the drama movement will be equally eligible for the award.

Instituted by the British Columbia Drama Festival, Incorporated, the award will be made through a committee under the chairmanship of Mr. Justice A. E. McPhillips, of the British Columbia Court of Appeal. Major L. Bullock-Webster, of Victoria, is the organizing secretary.

During the past 12 months detailed information has been sought from dramatic groups and other responsible sources in each of the nine provinces on recommendations for this year's award list which it is expected will be announced this summer.

Efforts are being made to include in this year's list at least one person from each province and probably a few other persons of Dominion-wide reputation. Committee members are not eligible for the award.

PADLOCKED SONS LEGS

COLOMBO, April 12: (CP)—A mother who kept her son's legs padlocked together when she went to work, was discharged with a warning when she appeared in court, accused of "wrongfully confining." She said it was done to prevent her son from running into the road.

STOLE SACRED THREAD

PLAY IS ENJOYED

"Chloe" to be Repeated at United Church Tonight, Proves Acceptable Entertainment

The three-act southern play "Chloe," presented under the auspices of the Prince Rupert Players' Guild at First United Church last night, proved a very acceptable entertainment to all those who were present. The effort was worthy of a most substantial attendance than was on hand on the evening night and the expectation is that there will be a larger audience tonight. The proceeds are being applied to the First United Church Ladies' Aid and Hill Sixty Chapter, Imperial Order Daughters of the Empire.

The play is a good deal different in character than has heretofore been attempted. There is considerable character work which tests the histrionic ability of the members of the cast. The scene is the beautiful floral and foliage laden bower of a southern home garden. Miss Kay Kielback, as an old colored "Mammy," Miss Elizabeth Wilson, as her daughter, and Jack Cobb, as the latter's obsequious husband, are good in blackface parts. Mrs. Caroline Burke, as a jealous and haughty matron, is portrayed with skill by Mrs. H. L. Landry. The title part of Chloe is taken by Miss Edith Wilkinson who handles the major role in an excellent manner. Miss

Orange Ladies' Dance Enjoyed

Nearly 150 Persons Present at Delightful Event in Oddfellows' Hall

A very enjoyable Scotch and Canadian dance was held last night in the Oddfellows' Hall by the Ladies' Orange Benevolent Association, there being between 130 and 140 present at the affair. The hall was especially decorated for the occasion with yellow daffodils, green foliage and colored streamers and balloons.

Dancing was in full swing from 9:30 p.m. until 2:30 a.m. with splendid music by Mrs. J. S. Black's Orchestra. Robert McKay acting as master of ceremonies. In a special dance contest Miss Thelma Skinner and Jack Allen were the winners. At midnight delicious refreshments were served. The committee in charge consisted of Mrs. Helen Beale, convener, Mrs. Gladys Fowler, Mrs. William Geddes, Mrs. Lewis White, Mrs. Vic Mennie, Miss Rose Smith and Mrs. George Howe. Mrs. Fred Barber and Mrs. S. V. Colvett acted as the door and Mrs. J. G. Varnek assisted in the kitchen.

FIRST TIME IN YEARS

LONDON, April 12: (CP)—When West Bromwich Albion and Sheffield Wednesday, English soccer cup finalists, meet April 22 in a league match just prior to the final tussle for the cup April 27, it will be the first time in 11 years there has been a "double-header" of this kind in English soccer. The last occasion was in the 1923-24 season when Aston Villa beat Newcastle United in a league match 6-1 but in the cup final United blanked the Villans 2-0.

LOOKS FOR A MATCH

GEORGETOWN, St. Vincent, West Indies, April 12: (CP)—Charles Domingo, who said he had a reputation in the United States and was "just down this way for a holiday," announced he would like to meet Lionel Gibbs, welterweight champion of British Guiana and the West Indies. "I was glad to hear you have a champion down here," he drawled. "I would like to have a crack at him..." He didn't get it.

SEASON IS CONCLUDED

Enjoyable Dinner Dance Last Night By Skeena Badminton Club At Knox Hotel

The Skeena Badminton Club closed another successful winter season's activities with an enjoyable dinner dance last night at the Knox Hotel, some twenty-five couples being present at the event. After a splendid supper, dancing was indulged in. The affair commenced at 7 p.m. and broke up about 1 a.m.

Presentation was made by the president, W. H. Wilson-Murray, who was chairman and in general charge for the evening, of American tournament prizes donated by Mrs. W. L. Stamford and G. P. Lyons to the winners—Miss Sheila Stuart and C. J. Norrington. To Mrs. P. S. Walton was presented a souvenir as a token of "the grand order of good fellowship."

The president, Mr. Wilson-Murray, was honored by the presentation, made by G. P. Lyons, of a handsome cigarette case and holder. Speakers of the evening were Mr. Wilson-Murray, A. O. Aves, H. T. Cross and C. J. Norrington. There were vocal solos by Mrs. A. J. Webster, accompanied by Mrs. W. L. Stamford, and by C. J. Norrington, accompanied by Mrs. Norrington. Excellent music for dancing was provided by C. P. Balagno and G. L. Borie.

ROD AND GUN CLUB

Don Crerar Elected President Last Night in Succession to J. E. Boddie

The annual meeting of the Prince Rupert Rod and Gun Club took place last night in the city council chamber with a fair attendance of interested persons. The election of officers resulted as follows: President, Donald Crerar. Vice-President, G. W. Johnstone. Secretary - Treasurer, P. W. Grimble. Executive—J. L. Blain and Peter Gamula.

The executive will meet every two months to consider game and fish regulations and to make such suggestions to the authorities as may be deemed advisable.

The retiring president, J. E. Boddie, was in the chair during the early part of the meeting.

SCORED WHEN INJURED

LONDON, April 12: (CP)—When Moss, Arsenal goalkeeper, was injured recently in a soccer game against Everton, he was shifted to the wing and scored one of the Gunners' two goals to make victory certain for his side. Experts could not recall a similar feat.

SPORT CHAT

The poor player is the best thing for sport, according to Prof. Ramsay Traquair, head of the department of architecture at McGill University and authority on pastimes. Popularity, professionalism and what he calls the stranglehold of rules have turned most games into "complicated corpses" he declared at a meeting of the Royal Montreal Curling Club. Prof. Traquair said he had no better wish for the club than obscurity and plenty of poor players. In fact he had hopes of a club that would expel any member who won a championship. He pointed out that the majority of players in any sport belonged to the poor class competitively. The simple manner in which some popular sports originated was described by Prof. Traquair. Golf grew from Scottish shepherds practising field hockey. When it became a rich man's game it carried with it the loose knickerbockers of the lowland shepherd. Masons, held up in their work by frosty weather, began sliding ordinary stones over the ice and so curling got its start.

A University of Alberta football hero risked his reputation in the field but proved his prowess at gulping ice cream in the tuck shop by consuming three bricks in 25 minutes flat.

Indignant at cynical bystanders who doubted his assertion he could nudge a whole brick by himself, the athlete raised the quota to three bricks in 35 minutes and called for wagers.

After the first brick, which disappeared in four minutes, the grid-iron star was sternly refused an amendment to the wager by which subsequent bricks would be allowed to soften while another was eaten. The second brick occupied him seven minutes.

Desperate, the challenger craftily chose a rich cherry and nut mixture as the last hurdle. The ice cream champ laid it away for a lapsed time of 25 minutes and then called for hot coffee.

Kiss For Wife Costs Him \$15

That Only a Second, Says Motorist, But Was Guilty Just the Same

LONDON, April 12: (CP)—Because he kissed his wife while driving a car, David Morgan Davies of Haver, was summoned at Hendon for driving in such a position as not to have proper control over the car.

A police patrol who was following Davies for a traffic light offence said that when Davies put his arm around his wife and kissed her, the car swerved five feet to the left. Davies denied this and said the kiss "took only a second."

A solicitor said that Davies had been in France for some time and his wife had met him at Victoria. For failing to obey traffic signals Davies was fined \$15. The summons for driving without proper control was dismissed.

Japanese Girls High Idealists

To Be Pure and Beautiful is Their Ambition

LETHBRIDGE, April 12: (CP)—To be pure and beautiful until marriage is the ideal of Japanese girls today, in the opinion of Miss Nora Bowman, B.A., principal of a kindergarten training school at Nagoya, Miss Bowman, who is visiting Southern Alberta on furlough, has been a Church of England missionary in Japan for the past 28 years.

Women of Japan are very fond of their homes and stay in them during the evenings while their husbands go out. With the exception of the Geisha girls, she said, the Japanese maidens do not drink or smoke. Nor do they mix with the opposite sex socially, until after marriage.

A "go-between" is still employed to arrange marriages among the better classes. Clandestine affairs usually end in suicide in the Land of the Cherry Blossom.

King May Select Special Talks

Royal Custom of Command Plays Lapses

LONDON, April 12: (CP)—The old royal custom of command performances appears to have lapsed as regards plays, but it seems as if it may be revived for films. The cinema has been one of the few forms of public entertainment at which the King and Queen rarely appear.

But twice recently, in the billiard room of Compton Palace, Eastbourne, where their Majesties stayed, talks were shown. The Duke and Duchess of Kent made extensive use of their private cinema during their honeymoon at Himley Hall, but it must be the first time during their reign that the King and Queen have seen films on two successive evenings. The two pictures were full of action and dealt with British themes.

Twenty-Five Years Ago

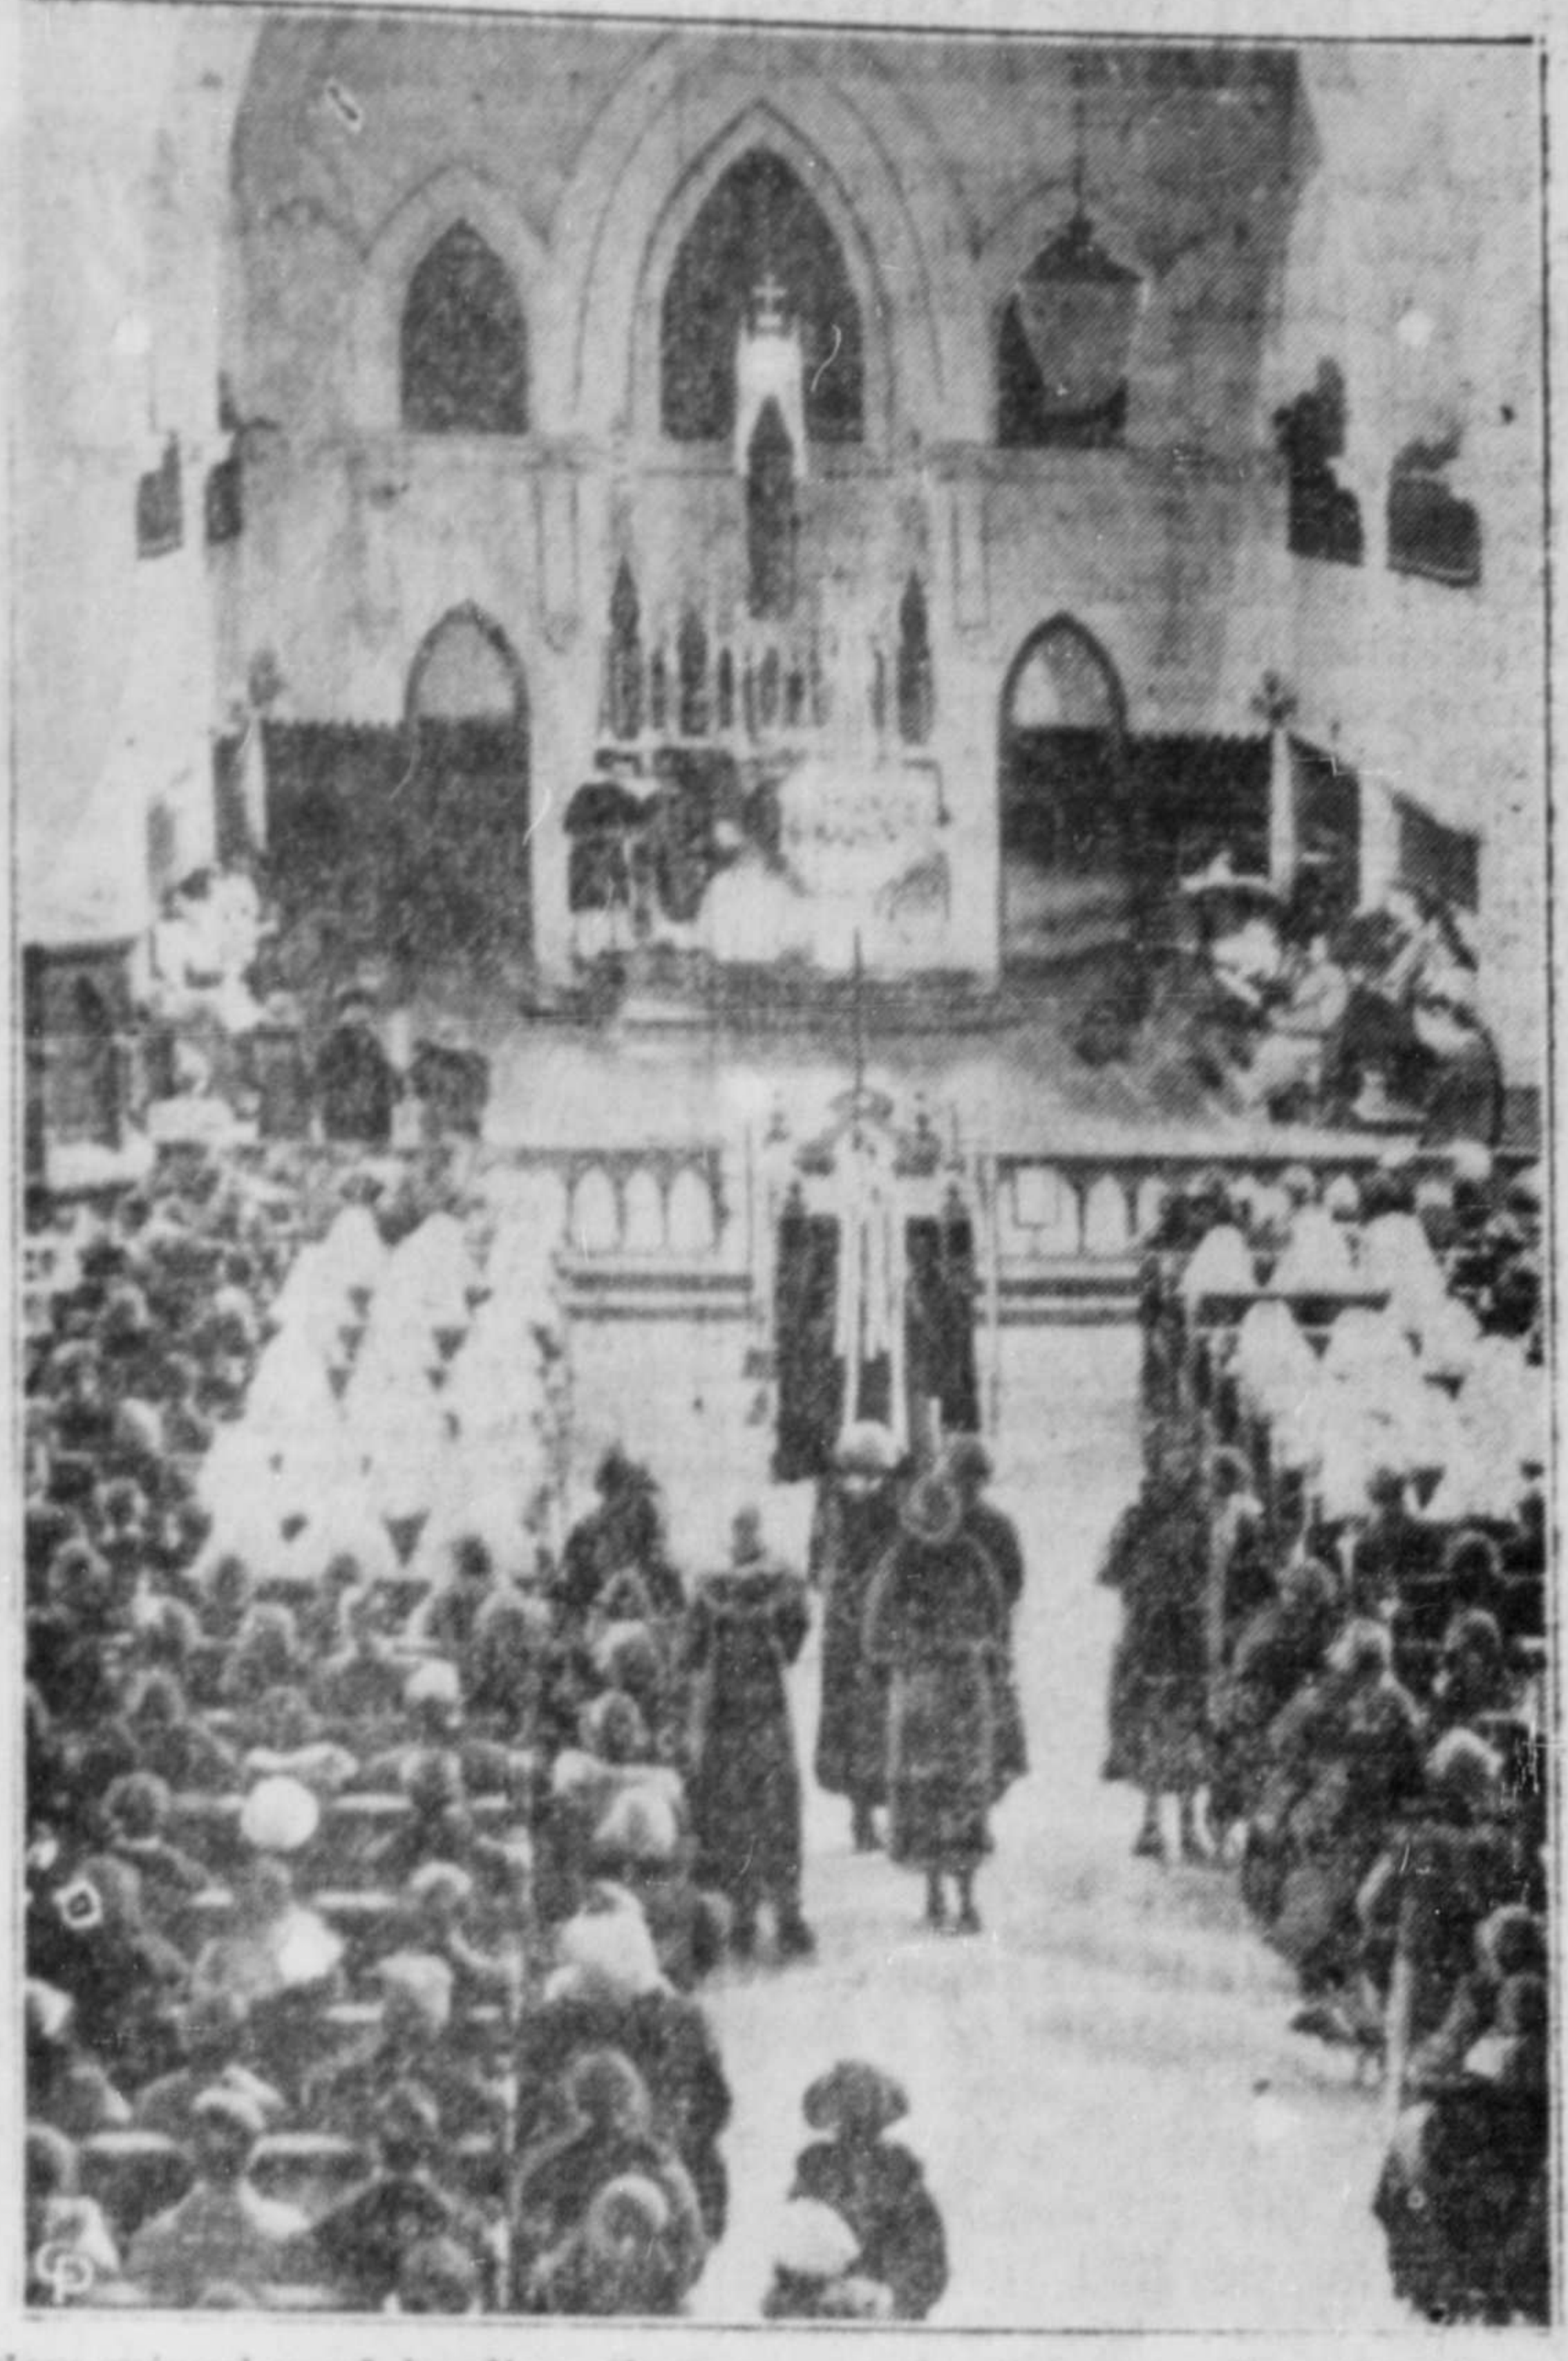

April 11, 1910

In order to conserve the salmon fisheries, the provincial fisheries department has limited the number of boats to be operated from Skeena River canneries as follows: Balmoral, 115; Cunningham, 55; Dominion, 60; British-American, 85; North Pacific, 69; Claxton, 89; Oceanic, 89; Inverness, 69; Carlisle, 69; Cassiar, 65; Alexandria, 35.

The Big Casino group of mineral claims, adjoining the Red Cliff at Stewart, has been sold by the Mercantile Trust Co. to a Vancouver syndicate. Extensive development work is planned.

The new steamer Inlander, for service on the Skeena River, has been launched from the Victoria Machinery depot and will be brought north next month by Capt. Boney to go into service. George Prizzell is at present in the south in connection with the outfitting of the vessel.

As "Miracle" Girl is Buried

New miracles of healing that came about even after death are reported as Marie Anne Gravelle, 19-year-old Navan, Ontario, girl, to whom is attributed many remarkable cures, is buried from the Church of St. Joseph d'Orleans near Ottawa. The above scene, taken inside the church during the ceremony, shows only a part of the huge throng that gathered in a procession a mile long to follow the girl to her grave. Meanwhile medical men and church officials refuse to comment.

Timely Recipes

A NEW MERINGUE

One way to gain the family's gratitude is to give the best possible meal with the least possible effort. That should be a primary rule in cooking. It will keep the cook alert, too, looking for new and better ways of doing an old job, and teach her modern short cuts.

Some of the most attractive finishes to otherwise ordinary dishes can be made simply now. It's even possible to make a delicious meringue without using the oven and that's very helpful when the rest of the dinner is being cooked on the top of the stove. To top off some of those fine jellied fruit pies or tarts, and even jellied desserts when there is no whipped cream in the house, a three-minute meringue is splendid.

Two egg whites, unbeaten; 2 tablespoons water, 1/2 cup sugar, dash of salt, few drops vanilla or almond extract.

Put egg whites, sugar, salt and water in upper part of double boiler. Beat with rotary egg beater until thoroughly mixed. Place over rapidly boiling water and beat one minute; then remove from fire and continue beating two minutes longer or until mixture will stand in peaks. Add flavoring. Beat well. Spread over top of jellied fruit pies or tarts and sprinkle generously with southern style coconut.

VINES ALL-TIME BEST

NEW YORK, April 12: (CP)—Andre Gobert, French champion of pre-war days, rates Ellsworth Vines as the greatest tennis player of all time, relegating Bill Tilden to second place. Jack Crawford and Fred Perry, the best of the present-day amateur crop, he considers good but not exceptional players.

AS WEALTH GOES

LONDON, April 12: (CP)—Tottenham Hotspurs, a team near relegation in the English soccer league, first division, is the wealthiest club in England, says a sports-writer. But in wealth of players he calls Arsenal first and Aston Villa second.

BETTING ON SOCCER

WOLVERHAMPTON, Eng. April 12: (CP)—A bookie here accepted a bet of \$1,250 to \$1,000 on West Bromwich Albion beating Bolton Wanderers in their semi-final replay for the English soccer cup at Stoke. The Albion won.

MATT HOLDS THE BAG

ABERDEEN, April 12: (CP)—Matt Armstrong of the first division Aberdeen soccer club has sent out an SOS for his travelling bag. While he was being mobbed by admiring fans here recently a man offered to hold his bag for him. That was the last seen of both.

SNOOKER BREAK AT EIGHTY

DUBLIN, April 12: (CP)—A break of 80, which constitutes a world's record in amateur snooker, was accomplished by Seamus Fenning in the Irish amateur snooker championship here recently.

WHIFFLETS From the Waterfront

A special meeting of the Deep Sea Fishermen's Union is being held this afternoon to further discuss the dispute between the fishermen and the boat owners in regard to the sharing of the proceeds of halibut livers. With the boat owners still standing pat that boats shall in future draw a one-fifth gross stock share of the liver proceeds, there was no change in the situation up to this morning.

Loading of the British steamer Jersey City with a full cargo of grain for the United Kingdom or Continent is expected to be completed at the local elevator this afternoon and the vessel may get away this evening. The steamer Paris City, next vessel to load grain here, is expected to arrive during the first week in May.

Following his arrival on the Skeena River for the season a few days ago, R. G. Johnston, veteran manager of Inverness cannery, is paying his first business visit of the year today, having arrived on last night's train. Mr. Johnston, as is his usual custom, spent the winter in Victoria. This will be his fifty-first season on the Skeena River.

Union steamer Cardena, Capt. Ernest Georgeson, is due in port at 2:45 tomorrow morning from the south and will sail soon thereafter on her return to Vancouver and waypoints.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, is due in port at 4:45 this afternoon from Vancouver and waypoints and will sail at 10 p.m. on her return south.

H. B. Rochester sailed last night on the Prince Rupert for a trip to Vancouver and Victoria.

District News STEWART

A meeting was held here on Monday of this week to consider plans for the local celebration of the King's Silver Jubilee on May 6. Various local organizations were represented at the meeting.

The labor market at Stewart is flooded at the present time. Of late men have been coming in from the outside in greater numbers than can be absorbed.

Local baseball players are busy practicing these days in anticipation of the opening of the season on Monday next.

Extensive improvements have been made to the North Star Hall in the Empress Building here. Pillars have been replaced with iron rods, ceiling beams and trusses and there is now an unobstructed view of the stage.

The Stewart Badminton Association has been organized with officers as follows: president G. P. Helnekey; secretary - treasurer, Lawrence Whittaker; executive, Miss Bonnie Campbell, Mrs. J. W. Vosburgh and Len Cox.

LONG IN DOG

TRINIDAD, April 12: (CP)—A dog fancier here recently increased her household, with a daschund, one of the longest specimens of that breed, and has given him a name as long as he is—Johannsburg, the title of her favorite German wine. Describing Johannsburg, she says: "A fine animal, but it takes him so long to come through the screen door that all the flies get in."

Put Men To Work Gainfully

The people of Prince Rupert are asked to co-operate for the purpose of providing gainful employment for as many people as possible during the next six months. A group of canvassers will undertake to call on all local citizens asking for pledges from them that they will undertake to spend as much as possible and stating how much they plan to spend on gainful employment.

It is not the intention to interfere with the private concerns of our neighbors but to try to secure as much employment as possible as a means of improving local conditions.

We have set as our objective the sum of \$50,000

If every person will undertake to spend some money in such a way as to make conditions better, we shall easily attain our object.

The pledge cards will be kept private in order to prevent solicitation on the part of those who may be trying to secure advantage from the campaign.

We are not an employment agency and have nothing to say as to who shall be employed or what they shall be paid. That is between the employer and employed. All we ask is that the money be expended. The provincial employment officer can supply men if required.

Things in the home, outside the home, in office buildings and factories are beginning to look the worse for wear. And there are hundreds of unemployed hands wanting and willing to do those jobs. You need the work done—they need the money for the necessities of life.

Help make these idle hands earning hands, for the good of the community and the happiness and self-respect work brings to an idle man or woman.

MELODIOUS FILM HERE

"The Merry Widow." Starring Chevalier and MacDonald. Outstanding Attraction

Glamorous romance, beautiful women, whimsical humor and the haunting strains of Frank Lehar's famous music blend into charming entertainment in the moving picture version of "The Merry Widow," which is the week-end feature offering on the screen of the Capitol Theatre here.

With Maurice Chevalier and Jeanette MacDonald as co-stars singing the ever-popular song hits and enacting the whimsical romance of the musical masterpiece, the picture has been produced on a massive scale and all its continental gaiety and spicy humor is said to be well preserved.

The story, of course, is that of the rich widow and the count whom the ruler of a mythical kingdom sent to Paris to win her in order that her money might be kept in the country. How they fall in love, their gay revels in Paris, the romantic episode of the dreamy "Merry Widow Waltz" and the gay night at Maxim's are all staged on a spectacular basis.

Chevalier is gay, debonair and tuneful in the lilting songs, also turning for the first time to the dramatic side. Miss MacDonald wears many beautiful gowns and several times gorgeously.

Edward Everett Horton, Una Merkel, George Barbier and Minna Gombell are also important members of the cast.
