PRINCE RUPERT, B.C., MONDAY, OCTOBER 7, 1935

PRICE: 5 CENTS

WAR SITUATION IS STILL MENACING

Aduwa is Captured on Sunday By Italians; Committee of League Blames Mussolini For Invasion

Entry of Ethiopia Declared Violation of Covenant, Warranting Other Nations in Imposing Sanctions.

Meet Wednesday

Emphatically Denies That Peace Overtures Have Been Made; Campaign Only Started, It Is Asserted.

GENEVA, Oct. 7: (CP)—The report of the League of Nations committee of six, as finally approved this morning, finds that the "Italian government resorted to war in disregard of its covenants under Article 12 of the Covenant of the League of Nations."

This means that, under Article 16, Italy committed an act of war against all other members of the League and is liable to sanctions.

The council of the League will meet on Wednesday of this week and will, it is stated here, receive a report from its committee of thirteen condemning the Italian campaign.

Reports from Addis Ababa that Italy has made peace overtures to Ethiopia brought an emphatic denial in Rome. "Our campaign has just started," a government spokesman said.

Ethiopia has officially communicated with the League of Nations demanding the enforcement not only of economic sanctions but also military action against Italy as being the aggressors in the campaign.

Lift Ethiopian Embargo

LONDON, Oct. 7: (CP)—Lifting of the arms embargo against Ethiopia when the British cabinet meets Wednesday is forecast in the press today.

The decision to permit British aid to Ethiopia hinges on action of the League of Nations expected within the next forty-eight hours.

H. M. C. S. SKEENA LEAVES

After a four-day visit to this port, H. M. C. S. Skeena, Commander J. E. W. Oland D. S. C., left at 8:30 this morning. The vessel will return to her base at Esquimalt by leisurely stages. The destroyer was open for public inspection Saturday and Sunday afternoons and many local people visited the ship.

TWELVE KILLED IN CRASH OF AIRPLANE

CHEYENNE, Wyoming, Oct. 7: (CP)—Twelve persons in an eastbound United Air Lines mail plane were killed west of here early this morning when the machine crashed into a hill. The dead include nine passengers, two pilots and a stewardess.

Directors of Suez Canal Reiterate It Will Remain Open In Spite Of Warfare

PARIS, Oct. 7: (CP)—Directors of the Suez Canal Co. reiterated today their previous assertion that the canal will remain open to all countries during hostilities in East Africa. The status of the Suez Canal is a matter of vital importance in connection with any sanctions which might be imposed against Italy as an aggressor against the League of Nations authority. Means of closing the canal to Italy are being canvassed.

FALL ENDS IN DEATH

Frank Levy, Recent Arrival From Stewart, Fatally Hurt In Dropping Over Cliff On Waterfront

Frank Levy, an arrival of a few months ago from Stewart where he had been employed in assay work, succumbed at 10:30 yesterday morning in the Prince Rupert General Hospital to the effects of internal injuries sustained during the previous night when he fell over the high bluff on the waterfront just back of the Digby Island ferry float, a distance of some sixty feet to the railway grade below.

Discovery of Levy's plight was made about 3 o'clock yesterday morning when Miss Dolly Postulo, returning home from her duties at the Fleet Cafe, heard his groans and calls for help and returned to the restaurant to advise the police by telephone. Officers going to the scene found Levy in a helpless condition and removed him to the police station where a doctor was called who had him taken to the hospital where he expired later in the morning.

Levy told the police that he had fallen over the cliff but his condition was such that he was not able to give much information as to his movements during the night. It is believed that he probably had lain unconscious some time on the railroad grade after the fall and was commencing to come to when Miss Postulo heard his groans of pain. He had been seen uptown about midnight.

Deceased was alone at the time and circumstances are believed to have been entirely accidental. Funeral arrangements are in the hands of Hayner Bros., undertakers. Deceased was born in England and was 41 years of age. He was unmarried but has a sister at Agassiz. He lived in a cabin in McClymont Park.

Today's Weather

Terrace—Cloudy, calm, 52. Anyox—Raining, calm, 42. Stewart—Cloudy, calm, 48. Hazelton—Cloudy, calm, 50. Smithers—Cloudy, calm, cool. Burns Lake—Cloudy, calm, 45.

Ethiopians Evacuate Northern Town After 72-Hour Siege by Italian Forces.

Invaders Repelled

Mussolini's Hordes Do Not Find Going so Easy, Particularly in the Southern Jungles.

ADDIS ABABA, Oct. 7:—After 72 hours of siege from land and air, the town of Aduwa in Northern Ethiopia fell yesterday to the Italian forces attempting to advance from Eritrea towards the central plateau of Ethiopia and this capital city.

Despite the fall of Aduwa, reports received here are to the effect that the invaders had been repelled at many points.

Numerous small towns have been bombed in the southeast by Italian airplanes from Italian Somaliland out ground forces are meeting with little success in the jungle country of that region. The invaders are being repulsed by the deadly guerilla warfare of the natives.

Up to Saturday night more than five thousand troops were reported killed, opinions being in conflict as to which side had suffered the heaviest casualties.

Addis Ababa is already being evacuated by women and children in anticipation of the early commencement of aerial bombardment.

Little News Today Little news of fresh war activities came from the battle zone today although the Italian army in the north was reported as consolidating its positions in the city of Aduwa following its fall yesterday. One unofficial report said the Ethiopians had recaptured the city but this was doubted.

It is now expected the advance of the Italians will be slower although air bombings from advanced points are being carried out.

LIBERALS HOLD RALLY

President Of District Association Tells Of Splendid Reception Hanson Was Given In Points Visited By Him

That the Liberal party is the real party of reform, having put more real reforms on the statute books, thus helping to make conditions such that a man could make a decent living was one of the statements made at the Liberal rally Saturday night in the Liberal rooms. There was a good crowd present and it was a very enthusiastic gathering.

The official speaker was Arthur F. Macdonald of Vancouver whose address was punctuated by applause. He showed how the Liberal party had served the people in the past and spoke of some of the things they proposed to do in the future when Mackenzie King became Prime Minister. His election with a good working majority was a foregone conclusion and it was up to the Liberals here to see that a large majority was rolled up for Olof Hanson so that the candidate who had done such good work in face of conditions that had existed during the past five

(Continued on page three)

TWENTY-FIVE KILLED IN FACTORY BLAST

CHICAGO, Oct. 7: (CP)—Twenty-five persons were reported killed and an undetermined number injured today in an explosion at the Nubian Paint and Varnish Co. plant. Early this afternoon seven bodies had been removed from the wreckage.

DILATES ON SOCIALISM

Everything is Not Hopeless After All, Large Audience is Informed By Forceful C. C. F. Orator

Panter Heard

Takes up Oriental Question But Declines to Give Direct Answer As to Giving Franchise

A large gathering which assembled in the Moose Hall Saturday night for the C. C. F. federal election campaign meeting in support of J. E. Panter was not subjected by the principal speaker of the evening, Frank Roberts of Vancouver, to such a diatribe of blue ruin and hopelessness as C. C. F. orators often indulge in but instead was given a strong and advanced discourse on social economy and political science. As he intimated at the outset, Mr. Roberts made no pretensions at being a practical politician but he proved to be quite a convincing advocate of the cause of socialism and those present, whether or not they might have been sympathizers with the C. C. F. cause, were ready to agree that he had made out an effective argument against the present economic order, showing the desirability of a change even if he was not very specific about the method which should be followed in bringing the change about. J. E. Panter the candidate, spoke briefly, devoting himself to a refutation of Liberal claims of having enacted useful legislation and to a more or less vague explanation of the C. C. F. stand on the Oriental question. G. W. Rudderham was chairman. (Continued on Page 4)

THE POLITICAL CORNER

DESERTING THE SINKING SHIP

Why is it that Mr. Bennett has been able to keep a smaller proportion of his cabinet than any other Canadian Prime Minister? Seven ministers have just resigned in addition to the defection of H. H. Stevens.

These resignations too, let it be noted, include the ministers holding the most important posts: Mr. Rhodes, Minister of Finance; Mr. Guthrie, Minister of Justice and one of the wisest political weather forecasters in the history of the Dominion; Mr. Matthews, Minister of National Revenue; Mr. Stevens, Minister of Trade and Commerce, and Sir George Perley, acting Premier when Bennett is away.

The Conservative Vancouver "Province" suggests "Weariness of office" as one of the causes, but adds:

"It must be admitted too, that there is a feeling abroad—not confined to the opposition by any means—that when the ballots are counted on the evening of election day, the casualties on the Bennett side will be found to be very numerous. It may be that the darkness of the storm clouds has something to do with the number of ministers who are seeking shelter before the storm breaks."

We commend this extract from the "Province" to all who may be thinking of supporting the Conservative candidate, Mr. Orme, in this election. When a Liberal government is coming into power at Ottawa why should voters, ordinarily of Conservative leanings, cast a vote for Orme and so weaken the forces seeking to elect a supporter of the Liberal government, and thereby increase the chances of the C. C. F. candidate?

Those who vote for Mr. Orme in this election may in the end find it a very costly experiment should the C. C. F. candidate win.

Lloyds of London, the greatest insurance company and the best informed people in the world, are wagering that the Liberals will win 166 seats in this election (they require only 130 to control the House). They give Bennett only 10 supporters, with the Stevens party making the official opposition.

If Orme's Committee feels so sure of Orme winning why is it that the Liberals cannot get a bet with them?

It would take a weasel to ferret out a dollar of Tory money ready to back the "big talk" made by Orme's Committee.

—Liberal Campaign Committee.

HIGH WINS OVER BOOTH

Well-Contested Junior Football Game Ends In Three - Nil Score

A splendidly contested game in the Junior Football League on Saturday resulted in a win for King Edward High School over Booth Memorial School by three goals to nil.

Shortly after the start Ralph Smith put High School a goal up. High had the better of the exchanges but found Beynon very hard to beat. McKay cleared and Ritchie made headway but Parsons kicked well away. Beynon caught Wikdal's shot close in. Goalie was lucky in clearing twice not to have goals scored against him as he seemed to pull the ball over the line in throwing it away. Fitch was playing a strong game and made a good run and centre. Booth attacked and Gomez hit the upright.

The second half produced some fine football. Beynon saved a fine drive from Holkestad and later from Smith. Ritchie narrowly missed at the other end. Anderson blocked Holkestad and Ormiston cleared from Smith. McKay and McLean were defending well. When Booth got away Bolton and Parsons were very safe. Cameron shot over. Booth got the ball in the net but very properly the referee disallowed it. High added a second when Smith converted Knutson's high centre and later went through to add a third.

Teams

High School—Blain, Bolton, Parsons, Brown, Fitch, Christian, Knutson, Houston, Smith, Wikdal, Holkestad.

Booth—Beynon, McKay, Anderson, Ormiston, McLean, Franks, Cameron, Flewin, Ritchie, Baker, Gomez.

Andy Horne refereed, Linesmen R. Morin and J. Leland.

The game was a fine exhibition of football. High full-backs were Wood, and Smith, Knutson and Holkestad the best forwards.

Beynon starred for Booth whose defence was severely tried and held out well till the last five minutes. Ritchie and Cameron were good forwards.

The league standing to date is as follows:

Booth	1	1	6	6	3
High	1	1	0	5	2
Borden	0	0	1	1	4

LOCAL UNIT WON SOCCER

R. C. N. V. R. Defeats H. M. C. S. Skeena In Football By Score Of Three To One

Coming from behind after the visitors had held a 2 to 1 lead at half time, the local Royal Canadian Naval Volunteer Reserve defeated a team from H. M. C. S. Skeena by a score of 4 to 2 in football yesterday afternoon. It was a hard fought, well contested match. Both sides showed to best advantage when playing on the downgrade, this being reflected in the scoring. Doug Christison was responsible for three of the local goals and Bob Armstrong for the fourth. The crowd of spectators was not very large.

NO CONSERVATIVE CANDIDATE

The Conservative party did not place a candidate in the field in opposition to Hon. H. H. Stevens in Kootenay East. The Liberals are represented by Hon. R. R. Bruce, former Lieutenant Governor of British Columbia, and there is a Social Credit candidate, E. W. Sjodin, and a C. F. The result there will be watched with great interest.

NOISY OPPOSITION

In most of the places where he has spoken, the Prime Minister, R. B. Bennett, has met with noisy opposition. People who have suffered from the Bennett policy during the past five years have given voice to their discontent in unmistakable manner. Not being a tactician and having little sympathy with the malcontents, the Prime Minister has tried to fight down opposition.

In sharp contrast with the policy of the Prime Minister has been that of his great opponent, Right Hon. W. L. Mackenzie King, leader of the Liberal party. He has reasoned quietly with his interrupters and has found that they were usually amenable to reason. The two men are as far apart as the east is from the west in their methods and manners.

ALL MAY HELP

Discussing the policy of the Liberal party at Calgary the Liberal leader said:

"I am just as strong as anyone in this country for a more equitable distribution of wealth, it has got to come and it will come but it will not be done by sitting on the sidelines and shouting, but by coming along and helping the party that stands for it."

Sons of Norway Whist and Dance

Enjoyable Affair Held Last Thursday Night With About Seventy Persons In Attendance

About seventy persons were in attendance at an enjoyable whist party and dance held by the Sons of Norway last Thursday night at the Oddfellows' Hall.

There were ten tables of cards and prize-winners were:

Ladies' first, Mrs. Joe Ratchford; second, Mrs. Leaper; consolation, Mrs. C. Edwards; men's first, K. Bienes; second, A. Andersen; third, Ole Larsen.

After cards, delicious refreshments were served and dancing followed with music by Julius Welle's Orchestra. Gunnar Selvig was master of ceremonies and Alf Hanson presided at the door.

The committee in charge consisted of Mrs. J. Gjerstad, Mrs. Anker Wick and Mrs. Knut Slatta.

TEN PIN RESULTS

Three matches were played Sunday in the Ten Pin Bowling League. Elks defeating Rose, Cowan & Latta three games to nil to a total score of 1977 to 1872. Atlin Fisheries winning over Grotto two games to one despite an adverse aggregate score of 2220 to 2238 and Canadian Legion taking an easy three-game to nil 2316-1852 aggregate victory over Moose. Bill Schriaberg of the Legion had high average of 175 on the day's play.

First Basketball Practice is Held

All Teams Out Yesterday For Initial Workouts and Prospects Look Bright

The first basketball practice of the season was held at the Moose Hall yesterday with all teams of the four leagues fully represented. There is new hoop material this year and, judging from the looks of the talent in the opening workouts, there should be a good brand of basketball play here this winter. The Canadian National Recreation Association team will be strengthened by Tony and Fred Calderone, who have just arrived from Anyox.

ANNUAL BILLIARD MEETING

The annual meeting of the Prince Rupert Billiard Association, scheduled for yesterday, was postponed for a week.

Supporting Home Production

TOTAL USINGS OF TOBACCO, BURLEY & FLUE-CURED, BY ALL CANADIAN MANUFACTURERS

No single policy of the Imperial Tobacco Company is adhered to with more determination, or practised with more sympathetic co-operation, than that which prescribes the use of Canadian materials and supplies, whenever and wherever possible.

Needless to say, the Company's first care must always be to safeguard the reputation of its brands. In everything it buys, therefore, it insists upon its own standards of quality. When Canadian products fail to measure up to those standards, it has no alternative but to import. But where it has reason to believe that, with explanation and assistance, the problem of producing in Canada up to the required standard of quality is definitely solvable, it is prepared to go to almost any length in co-operating with Canadian producers, so that they can qualify for its business.

The tobacco growing industry provides two cases in point. In the Leamington district, the growers of Burley were successful almost from the start in producing leaf comparable with Burley, heretofore imported from Kentucky. As a consequence, year after year the Company has purchased the major part of their crop. In recent

years the Company has been able to increase its purchases from them, due to its success in creating a demand for Picobac Pipe Tobacco made entirely from Canadian Burley.

But the Norfolk County growers of Virginia flue-cured tobacco experienced some difficulty in producing leaf of the colour and texture comparable with that imported from Virginia and North Carolina. So the Company sent its experts to guide them in experiments with various kinds of seeds and fertilizers, to instruct them in better methods of planting and harvesting, and to assist them with their curing. And as the growers succeeded in meeting the Company's requirements, it used more and more of their product.

In 1920, only 30.9 per cent. of all the leaf used in the manufacture of tobacco in Canada was domestic leaf. By 1933 the usings of domestic leaf by all manufacturers had increased to 65.5 per cent. of the total.

It is a matter of much gratification to the Imperial Tobacco Company that improvements year after year in the quality of Canadian leaf have enabled it to support home production so effectively.

TUESDAY, OCT. 8
Moose Legion 45 Meets at 8 o'clock

William Stone sailed last night on the Catala for Stewart and Premier on one of his periodical business trips.

Come, celebrate "Lief Eriksen" anniversary, Oddfellows Hall, October 9, 8 p.m. Admission 35c. (233)

S. J. Jabour returned to the city last Friday night on the Princess Adelaide from a week's business trip to Ocean Falls.

F. C. O. Edwards, manager, and staff of the branch of the Canadian Bank of Commerce at Anyox which is being closed down, will be passengers aboard the Catala tomorrow going through to Vancouver where Mr. Edwards will report at head office for future duty.

Frank Charnley, assistant chemist at the Prince Rupert Fisheries Experimental Station here, who left here recently for Vancouver has been appointed chief chemist in charge of the inspection of canned salmon in British Columbia under the Department of Fisheries. This appointment, it is intimated officially, will be followed in the near future by that of two assistants.

Bringing north a fair-sized list of passengers, Union steamer Catala, Capt. James Findlay, arrived in port at 10:15 last night from the south and sailed a couple of hours later for Stewart, Anyox and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. on here return to Vancouver and waypoints.

No boats being in with catches, there was no sale of halibut on the local Fish Exchange Saturday.

LIBERALS HOLD RALLY

(Continued from page one)

years might have an opportunity to do better work with a friendly party behind him.

"Liberalism," Mr. Macdonald said, "had always brought prosperity and there is no doubt but that it will do so on this occasion. The advent of the Liberal party should be Prince Rupert's opportunity." All the country needed now was a change of government that would approach friendly countries in a friendly way, for the prosperity of a country to a large extent depended on its commerce.

Alex. Prudhomme, president of the district Liberal Association, who presided, told of his recent trip with Olof Hanson and others to Queen Charlotte Islands and points south of Prince Rupert. Everywhere they were received particularly well. He was satisfied Mr. Hanson would be given a good majority in those places visited by him. Prince Rupert had been a long time in opposition and it was now about to have a member on the government side.

MYSTERY-THRILLER

Big City Murder Story And Exciting Western On Screen At Capitol This Week Opening

"The Glass Key," a novel murder mystery with George Raft in the starring role and Edward Arnold, Claire Dodd, Rosalind Keith and Charles Richman also featured, and "Hopalong Cassidy," an exciting western with William Boyd in the title role, comes to the Capitol on a double bill at the first of this week.

"The Glass Key," finds an ingenious solution to a murder that threatens to blow up the political structure of a big city. Edward Arnold, the city's political boss, is supporting Charles Richman for a senatorial post when the latter's son is killed. Rumor lays the responsibility for the murder at Arnold's door. Only Raft, Arnold's trusted friend, believes in his innocence and the climax of the film shows how he, after many trying experiences, finally succeeds in trapping the real criminal into a confession and clears Arnold.

"Hopalong Cassidy" deals with the days of the West forty or fifty years ago in the time when the open range, cattle barons, rustlers and the six-gun were law. Plenty of drama and action is packed into the film.

Miss Evelyn Dalgarno, daughter of Mr. and Mrs. Ben Dalgarno, sailed last night on the Catala for Stewart.

DILATES ON SOCIALISM

(Continued from page one)

man of the meeting. In opening, Mr. Roberts declared that, although the people of Canada had been going to the polls regularly for sixty years, they had really never changed the government. There was no difference between the Liberals and Conservatives. Both represented the same interests. There had been all kinds of tariffs, yet conditions became gradually worse. In 1930 Premier Bennett blamed the Liberals for the depression and came forward as a savior of the country, promising, if he was placed in power, there would be jobs for all. Unsuccessful in remedying things, he then blamed the Communists and threw eight of their leaders in prison. Still there was no improvement. Now he was beginning to blame the bankers. The time had arrived for political understanding, declared the speaker. "All politicians were liars," he asserted. Never had a truthful politician existed in the history of the world. Take Gerry McGeer for instance. He appealed to every human prejudice. The more one could receive, the better a politician he was. "We of the C. C. F.," asserted Mr. Roberts, "do not call ourselves politicians but, rather, we claim to be political scientists. As such, we are out to change the social system—to get rid of capitalism."

Delves Into History

Discussing the basis of political science, the speaker delved deep into history. Political science, like everything else, was governed by laws of nature which even the capitalistic politicians could not forever circumvent. Capitalism had not always been here. It had come into being 160 years ago as a result of scientific development which had brought about the machine and revolutionized the means of production, developing the two classes—capitalists and wage earners. Today the problem was no longer one of being able to produce enough to meet the demand but rather to distribute what was produced. Rivalry for markets had engendered international disputes and wars.

Having long since displaced manual labor of man, machines were now being developed with "brains." Instruments of production could be operated without any human attendants whatever. Airplanes could fly with electric control from the ground. Ships could cross the ocean under control from the shore. In war there could be no limit to

the spread of death and destruction. The photo-electric cell would bring about the destruction of capitalism, declared the speaker. Scientific development had been such that there would no longer be profits for the capitalists or jobs for the workers. Under capitalism there was no longer security for any one. If these machines were not controlled by man, then man would be controlled by them. The only thing they lacked was a soul. But all was not hopeless. With the exercise of a little intelligence, these machines would be brought under control and paradise was within the grasp of man. The days of slavery would be ended and the worker would be free after 6,000 years of the curse of toil. The next step in social evolution was socialism under which machines would be used not for amassing profits for the few but for the benefit of all mankind.

"We of the C. C. F. aim to bring politics up to the twentieth century," averred Mr. Roberts. "The other parties—Liberals, Conservatives, Reconstructionists and Social Credit—all are still away back in the seventeenth century. We do not promise you \$25 a month, work and wages or old age pensions at sixty. That is not enough. When you vote C. C. F., you vote to own Canada, which is just as easy to get as \$25 a month. With the rising spirit of the proletariat eventually destined to displace the capitalist, the elimination of labor by the modern machine is the greatest argument in favor of socialism. Vote C. C. F. if you would end unemployment, class distinction, human misery and foreign world wars. Vote C. C. F. and vote for yourself. When the majority are willing, we are ready

to bring into Canada a system of real freedom, liberty and justice under which all people may enjoy the good things of life."

Mr. Panter

Mr. Panter referred briefly to the appearance of Liberal campaign literature which did not bear the union label. Old age pensions had not been given by the Liberals but had been made possible through the efforts of Woodsworth and Heaps who held the balance of power between 1921 and 1925. The Liberals had taken no action on unemployment insurance. Speaking of railway matters, he asserted that the biggest wage cuts had come in August 1929 while the Liberals were in power.

The candidate charged that Mr. Woodsworth had been misrepresented in regard to his stand on the Oriental question. He gave fuller reference from Hansard in connection with Mr. Woodsworth's declarations in favor of giving the franchise to Orientals in British Columbia which had been made incidental to a discussion along broader lines. It had been the Liberals who had first given the vote to the Orientals through enfranchising Japanese who had served in the Great War. The Liberals and Conservatives had brought the Orientals into this country in order to exploit the white workers. Neither at this point nor in the question period at the close of the meeting would Mr. Panter be drawn out definitely as to his own stand or that of the C. C. F. on the specific question of giving the vote to Orientals. He said the C. C. F. had never asked or proposed the giving of the franchise to the Orientals. The C. C. F. would not advocate bringing any more people into this

country until it was possible to take care of those already here. International socialism, he declared, must inevitably come either by peaceful means or as a result of the war which was now pending.

In answer to a question, Mr. Roberts expressed the belief that the League of Nations and the capitalists would willingly plunge the whole world into another war in order to keep the old system alive if the means of warfare such as from 1914 to 1918 could be employed. They were fearful, however, of how far destruction might go under the new scientific means and that was the only reason that general warfare had not already started out of the present crisis.

OCTOBER PICTURES

List Of Attractions On Capitol Theatre Screen Announced By Manager D. G. Borland

Manager D. G. Borland, announces the following Capitol Theatre bookings for the remainder of October:

- October 7 and 8—"The Glass Key," with George Raft, and "Hop-along Cassidy," with William Boyd.
October 9 and 10—"Stranded," with Kay Francis, and "The Nit Wits," with Bert Wheeler and Robert Woolsey.
October 11—Liberal campaign meeting.

October 28 and 29—"No More Ladies," with Joan Crawford, Robert Montgomery and Franchot Tone.
October 30 and 31—"Alibi Ike," with Joe E. Brown.

A VOTE FOR ORME IS A VOTE FOR BENNETT

WHAT BENNETT FACED

When he took over, unemployment in Canada was increasing at an enormous rate, like through the world in general; increasing until the end of 1932; since then unemployment has decreased about one half.

Most of the provincial governments had to be helped by the Dominion on a large scale; which was done regardless of their political complexion; which is to the credit of this government.

A vast government and railway debt, outside of Canada, mostly in New York, called for interest payments of a million every three days.

He found many large trading countries had almost placed embargoes on goods coming into those countries to try and keep their money up, and as well these countries bonused home production, in some cases as much as our goods for sale would have cost them.

He found our agricultural exports to the U. S. had gone down to a fraction of what they were in 1921 when Mr. King came into power; all lost during Mr. King's term of office; caused by successive raises of the U. S. tariff against us.

These problems in themselves were great, but greater ones were to follow—world panic, Britain herself forced off the gold standard, the fall of the pound, the total closing in panic of all the banks in the U. S., fear everywhere.

Years of drought on the prairies alone would, in ordinary times, have been a national disaster.

Bennett in these trials showed capacity of brilliant and courageous leadership, has brought us through and things are brightening all over the country, though much remains yet to be done.

This is no time to change leaders; another would have to intensely study the problems that have been in the mind of the government daily for years; delay and experiments would result; we do not change doctors when we are recovering from grave illness.

He has not been able to do all he had planned—no man could have foreseen in 1930 the extent or severity of our troubles; but today world leaders recognize Bennett among the real big men—Canada is among the first four nations leading the recovery.

We all know the tide has turned—give the man who has brought us through the storm a chance to prove his worth in smoother waters—Canada cannot afford to lose Bennett.
