Commission Agreed on To Investigate Italo-Ethiopian Differences

Great Britain, France, Poland, Spain and Turkey to Provide Members--Italy's Attitude More Conciliatory

GENEVA, September 7—A much easier feeling with respect to the peace of Europe prevailed last night following unanimous decision of the League of Nations, with Italy's agreement, to set up a commission to investigate and report upon the Italo-Abyssinian dispute. This commission will consist of members from Great Britain, France, Poland, Spain and Turkey. Italy had at first objected to the British and French members on the commission but was induced to accept them after Spain and Turkey had refused to act without them. With France and Poland desirous of retaining friendship with Italy, Great Britain and Spain opposed to Italian aggression and Turkey supposedly favoring Ethiopia, the commission, it is believed, will be as impartial as could be obtained.

Aberhart will leave next week for Ottawa to meet the federal government with a view to securing a loan of \$18,000,000 to meet the immediate needs of the province of Alberta. LOG SCALE IS HIGHER

This Year Continues to Maintain Healthy Margin Over Production One Year Ago.

Log scaling in Prince Rupert for the year 1935 to date, amounting to 7,241,328 board feet, shows a healthy increase over the corresponding period in 1934 when the total was 70,842,530 board feet, a complication of official figures reveals. In August this year the scale was 20,646,616 board feet in comparison with 18,396,449. Cedar, Douglas fir, spruce, hemlock and jackpine all showed an increase in scale, the only variety to show a decrease being balsam. The scale of poles and piling in the interior totalling 40,682 lineal feet was down from last year's 70,850 lineal feet. The tie count of 93,483 pieces this August was well ahead of 54,303 in the same month last year. The cordwood count of 342 was slightly below 267 last year.

PARALYSIS SPREADING

Epidemic of Infantile Malady Quite Serious in Edmonton—Nearly 200 Cases

EDMONTON, September 7 (Canadian Press)—While officially only seventeen cases of infantile paralysis are reported in this city, Dr. A. C. McGugan, director of health announced yesterday that he believed there were between one and two hundred cases here.

Parents generally, Dr. McGugan declared, seemed to be making little effort to co-operate in keeping down the spread. Schools will be closed for another week at least.

SOVIET IS EVASIVE

Disclaims Responsibility For Communist Activities Abroad In Answering Japanese Protest

TOKYO, September 7.—Japanese minister Ota at Moscow has reported to his government here that he received no satisfaction from the Soviet Russian government in regard to his protest at communist activities in Japan presumably originating in Russia. The Soviet officials informed him that they could not be responsible for the activities abroad of the Third Internationale.

Another Warning WASHINGTON D. C., September 7.—Secretary of State Cordell Hull has sent another note to Moscow warning Soviet Russia that any further attempt to interfere in the domestic affairs of the United States—either political, social or economic—would involve the breaking off of the present friendly relations.

VANCOUVER SHOOTING

Hold-Up Man Gets Bullet in Abdomen From Police Officer—Was Staging Hold-Up

VANCOUVER, September 7 (Canadian Press)—A man giving the name of Ronald Holdsworth of Montreal is in a serious condition in hospital here after being shot down by a policeman after he had fired a bullet through the officer's cap.

Holdsworth first entered the Patricia Hotel and grabbed a glass of beer. Remonstrated with, he pulled a gun, firing twice, misfiring once and next sending a bullet into the wall. He left and entered a Japanese store, holding up three Japanese men and a woman.

During the hold-up Officers Ray Slattery and Jack Harrison came into the store. They ordered Holdsworth to put up his hands but he fired instead, the bullet striking the shield on Slattery's cap and giving him powder burns. Slattery fired back, a bullet entering Holdsworth's abdomen.

BEER IS OPPOSED KELOWNA, September 7.—Following the example of this city a short time ago, South Kelowna, in a plebiscite yesterday, voted 90 to 80 against sale of beer by the glass.

Mussolini Still Sending Troops

Despite the attempts by all nations to bring about a peaceable settlement of the present Ethiopian-Italian crisis, Premier Benito Mussolini continues to send new detachments of his finest troops to Eritrea, Italy's colony in northern Africa. In Eritrea the troops will be ready to attack the Ethiopian kingdom, should war be declared. This picture of the ss. Gange was made just as it left Naples, laden with troops for Africa.

CONSOLIDATED ACQUIRES HERCULES PROPERTY IN IMPORTANT MINING DEAL

Lease and Bond is Taken by Smelters On Ground Adjoining Big Missouri, General Manager of Trail Company Announces.

VANCOUVER, September 7 (Canadian Press)—S. G. Blaylock, general manager of the Consolidated Mining & Smelting Co., announced yesterday that his company had taken a lease and bond on the property of the Hercules Mines Ltd. in the Portland Canal district.

The holdings of the Hercules Mines Limited consist of the Martha Ellen group of claims adjoining and lying northwest of the big Missouri group. The rocks on the property are rudely bedded, tuff and breccia, striking north and dipping gently west. A bed of tuff has been mineralized with pyrite, chalcopyrite, sphalerite, galena and quartz. The mineralized body is up to twenty-five feet wide and has been traced from south to north across two full claims. Samples taken over fair width have shown good values in gold. A quartz vein, similarly mineralized, strikes northeast, is one to eight feet wide and has been traced for several hundred feet.

The acquisition of the Hercules property will have an important bearing on future plans of the Consolidated company with respect to Big Missouri, it is believed.

Vancouver Wheat

VANCOUVER, September 7 (Canadian Press)—Wheat was quoted at 83½c. on the local Exchange yesterday, jumping to 86½c. today in response to yesterday's price pegging.

Trade Treaty With United States is Under Arrangement

Details To Be Announced On Monday—Premier Would Consider It His Duty To Keep Country Out of Conflict.

OTTAWA, September 7 (Canadian Press)—Canada should not become involved in any foreign war in which there is no aggression of Canadian rights, declared Premier R. B. Bennett in a nation-wide radio address last night in opening his election campaign. He would consider it the duty of any government he headed to keep Canada out of such a war. In peace and war, the Conservative party stood for Canadian rights and against economic aggression of any foreign power but Canadians would not be embroiled in any foreign quarrel in which rights of Canadians are not involved.

Premier Bennett also announced that a trade treaty was being arranged between United States and Canada, details of which would be made public on Monday.

The Prime Minister disclosed that he had threatened to cancel trade arrangements with Japan if that country insisted on continuing its fifty percent surtax.

Hurricane Death Toll Uncertain

Two Hundred and Fifty-Six Bodies Recovered in Florida—320 Still Missing

MIAMI, Florida, September 7 (Canadian Press)—Red Cross reports yesterday showed 256 known dead in veterans' relief camps as a result of the hurricane 144 bodies having been recovered, following the destruction of camps. There are at least 320 persons still missing.

Governor Scholtz ordered yesterday, in the interests of public health, that the bodies be cremated on the spot as soon as identification had been established. This order was made in spite of a proposal of President Roosevelt that all the dead veterans be buried in Arlington National Cemetery at the public expense. Many of the dead veterans were former bonus marchers.

Pegging of Wheat Price Causes Rise in Price of Flour

Local dealers were advised this morning of an advance of 20c per barrel in the price of flour. The advance is believed to be in response to the federal government's action of yesterday in pegging the price of wheat at 87½c per bushel.

NEW YORK WEATHER BAD. NEW YORK, September 7.—New York has had the wettest and meanest summer in years from the weather standpoint.

DOMINION GOVERNMENT PEGS PRICE OF WHEAT AT 87½c PER BUSHEL

OTTAWA, September 7 (Canadian Press)—Acting upon recommendation of the Canadian Wheat Board, the Dominion government by order-in-council last night fixed the minimum Canadian wheat price for one year at 87½c per bushel for No. 1 Northern at Fort William. If the world price goes higher, the farmers will get the benefit but, as far as Canada is concerned, it will not be allowed to go lower.

POPULATION AND EDUCATION.
 The population of the city is increasing and the educational facilities of the city are being taxed to the limit in providing for all the youngsters that are offering. Class rooms are bulging and teachers are already working hard. If the increase continues we shall be feeling growing pains and we hope we shall have the opportunity. Nothing would please us better than to be a little crowded.

A year ago people were suggesting that our population had decreased since the census when the official count was six thousand three hundred and twenty-six odd. Now they are suggesting that the population is considerably higher than that. The recent demand for small houses was probably caused by the arrival here of families from Anyox who are awaiting the starting of the pulp mill. These people think they see more opportunity here than in the south where competition is keener and life more complicated.

We are glad to know that the local schools are able to take care of all the pupils that are offering and that in cases where there is too much pressure, extra teachers are being provided.

One of the signs of the times in this part of the country is the fact that all the qualified girls who last year were unable to secure schools are now teaching, either in the city or country. In fact there is not a qualified unmarried teacher in a position to do substituting and married teachers have to be impressed into the service.

Brighter Days Better Smokes

These brighter days are certainly worth celebrating—and wise "roll-your-owners" are doing it by getting back to Ogden's Fine Cut.

What a thrill it is to enjoy again the completely satisfying cigarettes that only Ogden's give—particularly when it costs so little to smoke the best! Of course, you'll be wise to use "Chantecler" or "Vogue" papers.

Papermakers Defeat Young Liberals To Win Title at Ocean Falls

OCEAN FALLS, September 7—Pat Dolan's Papermakers softball nine registered three straight wins in the opening games of the three out of five championship play-off series with Young Liberals on Friday, Monday and Wednesday nights.

Friday's game was close until the fifth inning when three men were walked with the bases loaded. Timely hitting gave the Papermakers a final victory of 9 to 4.

Monday night's game provided the best brand of ball seen here for some time. Marshall scored for the Papermakers in the fifth on an overthrew but that was the only counter prior to the eighth when Lalonde started a rally that the politicians could not stop, the final score being 9 to nil.

Wednesday night's game was a spectacular affair with "Tarzan" Simpson hurling for the winners and the veteran Gordie McLean former Macabee pitcher of Vancouver, working for the losers.

The teams were:
 Papermakers—Marshall, c.; Simpson, p.; Alexander, lb. H. Kelley, 2b.; Munn, ss.; Calhoun, 3b.; Lalonde, rf.; Simpson, lf.; Pat Dolan, cf.

Young Liberals—Ishister, c.; McLean, p.; J. Clarke, lb.; L. Clarke, 2b.; Eddie, ss.; McCarrick, 3b.; P. Kelly, lf.; Peterson, rf.; North, cf.

An all star team will play the Papermakers tonight, the proceeds to go to the injured players' fund.

Report Made On Convention

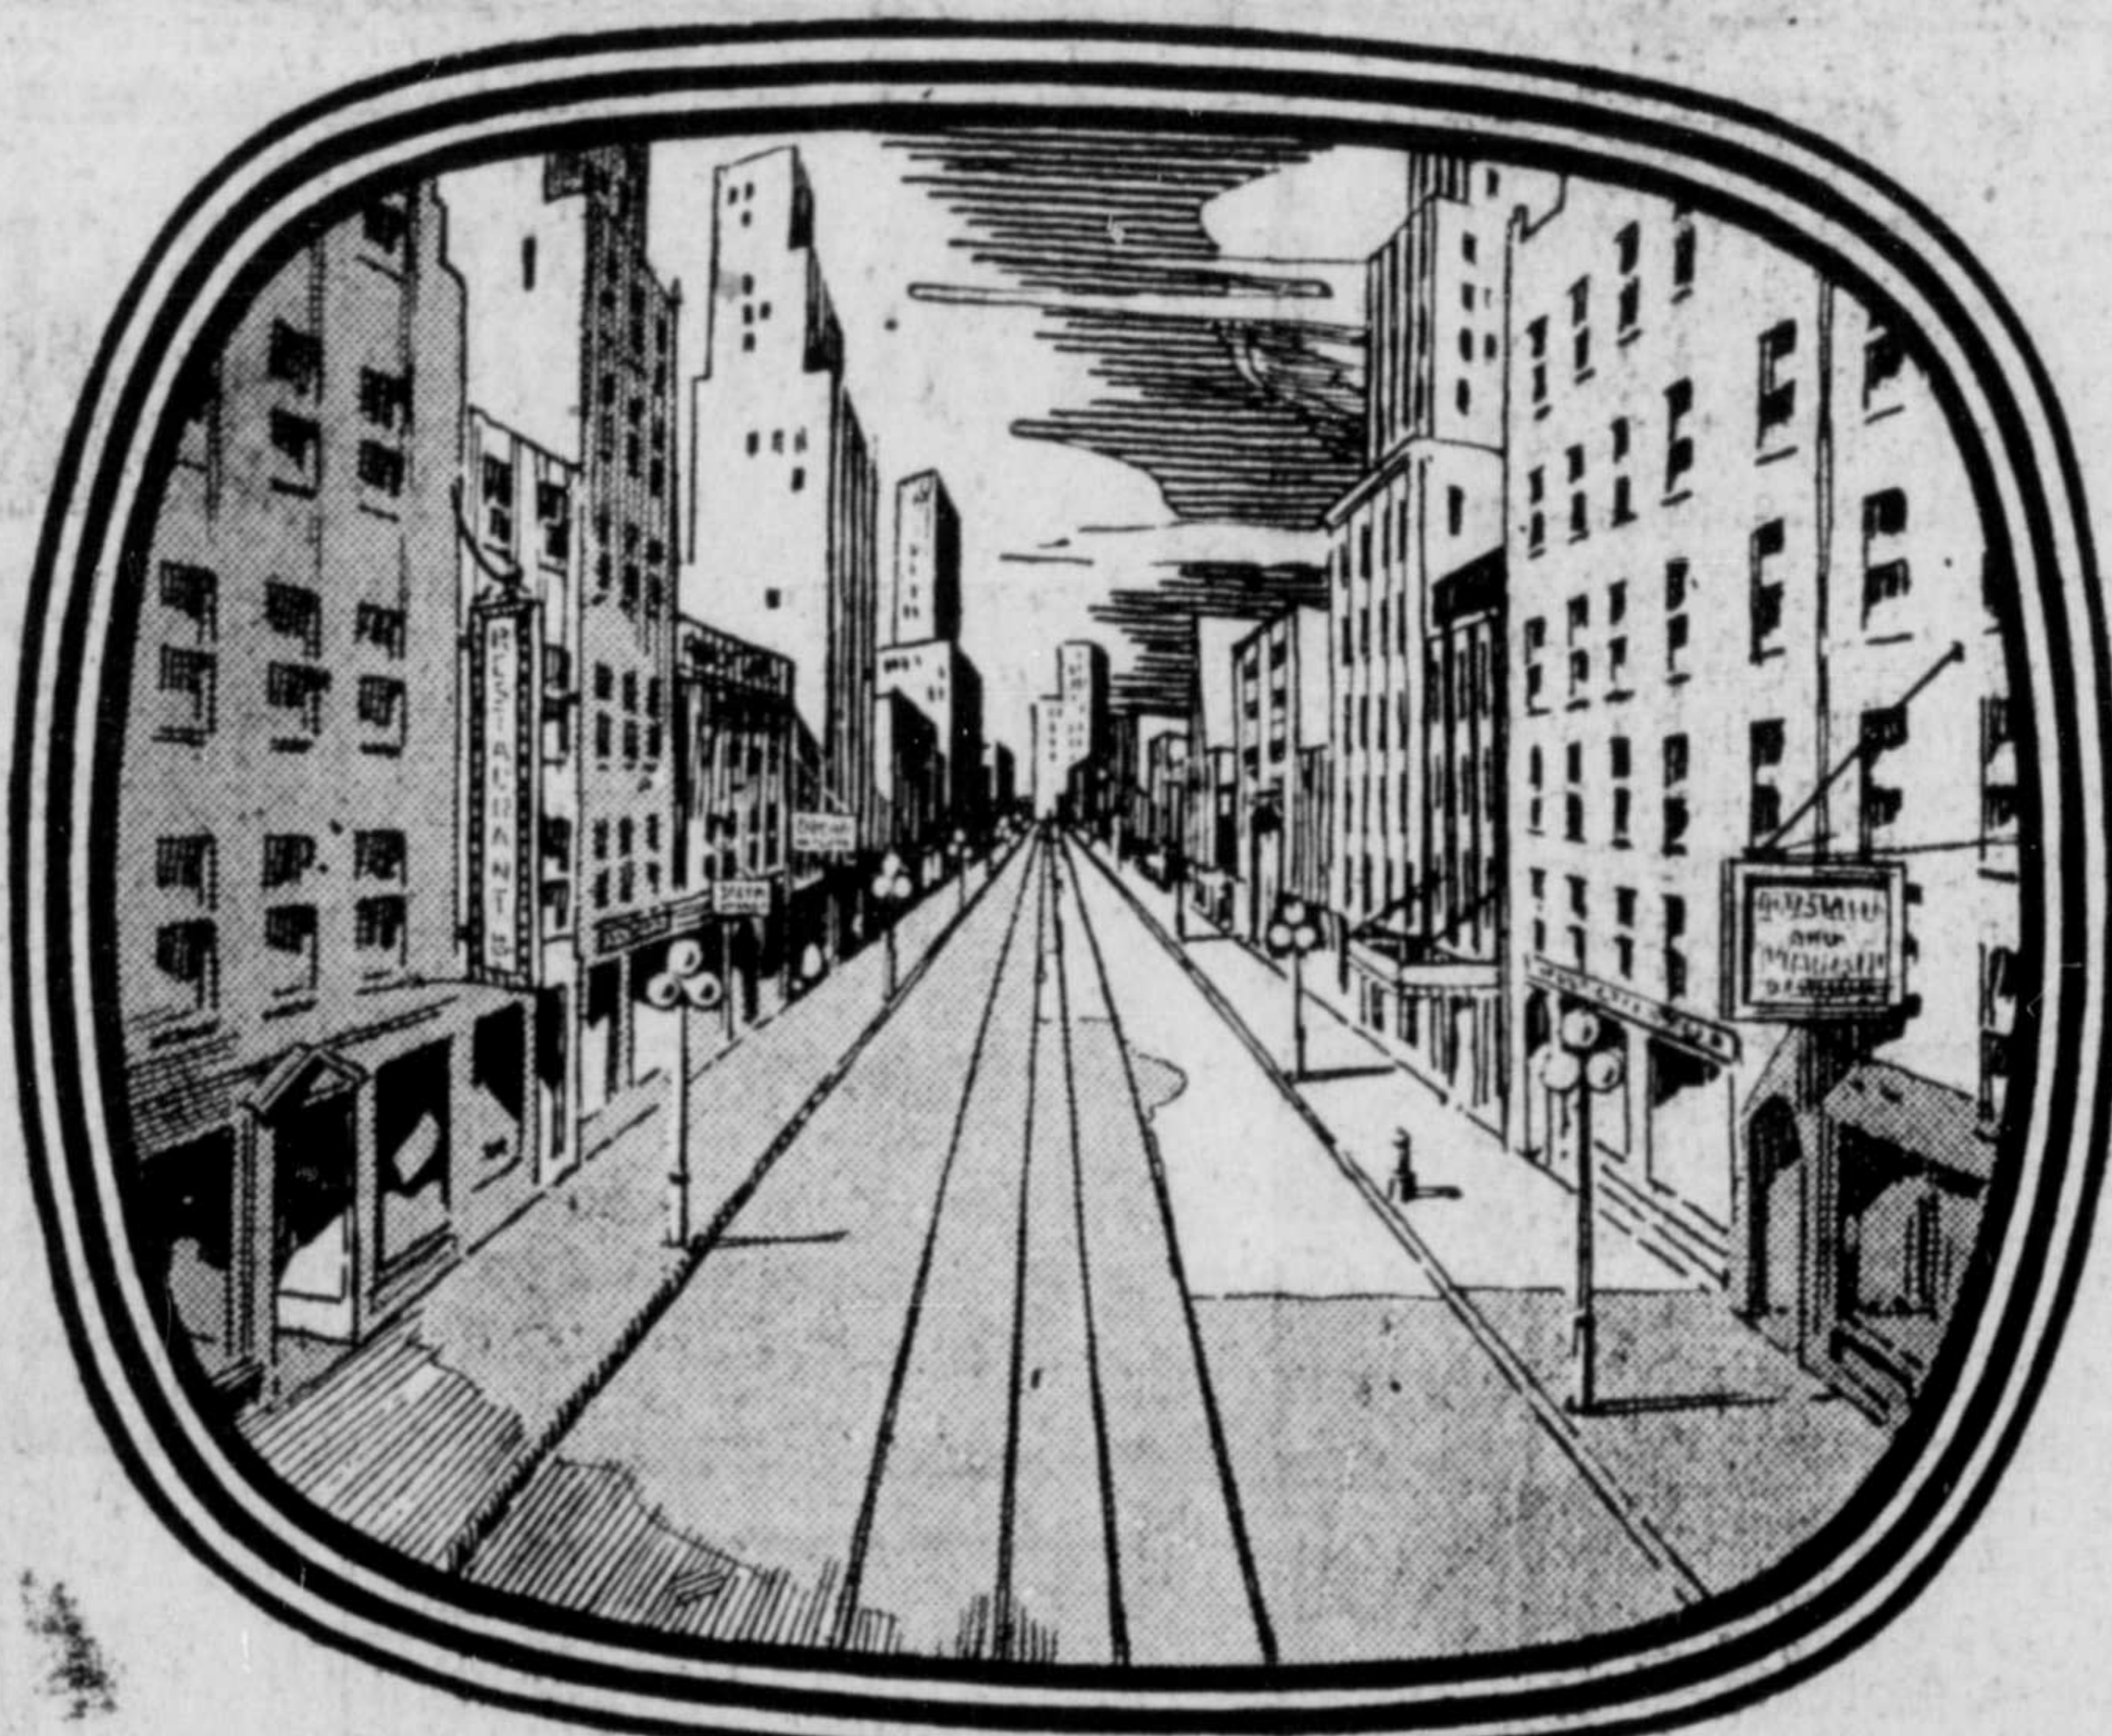

H. F. Pullen and Peter Lachie Tell Of Visit To Prince George and The Cariboo At Chamber Of Commerce Meeting

At the meeting of the Prince Rupert Chamber of Commerce last night, H. F. Pullen and Peter Lachie gave a report on their visit to Prince George recently to attend the convention of the Associated Boards of Trade of Central British Columbia as representatives from Prince Rupert.

Mr. Pullen showed that the convention was notable for the fact that no railway extensions were asked but that it was decided to centre efforts on highway extensions and improvements. Of particular interest to Prince Rupert was the early completion of the highway from Prince Rupert to Jasper which had been urged and a resolution covering it passed.

Both delegates mentioned the splendid welcome that had been given them and the hospitality and friendliness of the people and urged that more members from Prince Rupert make an effort to attend the gatherings as a gesture of goodwill to the people of the interior.

On motion of T. H. Johnson seconded by City Commissioner W. J. Alder, the Prince Rupert Chamber of Commerce at its meeting last night passed a resolution extending the thanks of the Chamber to the Junior Chamber for the excellent carnival it had put on in the city. Representatives of the Junior Chamber, Trevor Williams and W. Lyons, thanked the members of the senior organization for the help given in staging the event. The felicitation bee was started by President C. V. Evitt of the senior Chamber who spoke of the excellent work done by the younger men.

FORGOTTEN CITY

● If newspapers were to stop, this city would practically be forgotten. You would quickly realize how much we all depend upon our daily publication. If daily newspapers throughout Canada were stopped, communities would be upset and disorganized—ordinary trade paralyzed—the populace panicky and easily misled.

The universal communication maintained by the Daily Newspapers nourishes and stimulates our social, business and economic structures in countless ways—and is necessary to their healthy functioning. Daily Newspapers have established and have sustained spot markets everywhere—that all may contact the public and cultivate its goodwill.
