STRONG OPPOSITION TO PEACE PLAN

Political Crises In Both Great Britain And France Looming

Emperor Haile Selassie Says He Will Resist to the End Against Giving up Land—Russia is Said To Be Opposed

LONDON, Dec. 14.—There is strong opposition in both the British House of Commons and the French Chamber of Deputies to the Hoare-Laval plan for the settlement of the East African War. A resolution condemning the plan has been introduced in the British House by Labor sponsors and is assured of support from other parties including some Conservatives. It will be debated next Thursday with the Foreign Secretary present. The leader of the Socialist party in the French Chamber yesterday said he learned "with stupor and shame of a plan for a dishonorable peace."

WILL VISIT G.T. BRITAIN

Premier Aberhart to See Major Douglas and Investors—Farmers Want Their \$25

OTTAWA, Dec. 14.—Premier William Aberhart leaves this week-end on his return to Alberta after attending the Dominion-provincial conference and is due back in Edmonton next Thursday. In an interview yesterday, Premier Aberhart said he planned to make a trip to Great Britain early in the New Year to meet Major C. H. Douglas, the originator of the Social Credit plan, and to see investors with a view to interesting them in development of Alberta resources.

Smelter For Bridge River

VANCOUVER, Dec. 14.—Plans for the establishment of a smelter in the Bridge River district are under consideration, it has become known in local mining circles.

Making People Happy

It was a miserable day. The rain poured in torrents. But a boy of twelve years seemed not to mind the elements as he raced through the streets arriving at the Army quarters soaking wet but cheery with all. "Mother wants to know if you have any clothes to give away," was the salutation of the boy as we answered his rap-tap-tap at the door, and then followed a list of the needs of the family. "Is dad working now?" we asked as we tried to fill the requisitions. "Nope," was the answer. "Are these the only shoes you have?"—noticing the boy's feet were enmeshed in canvas shoes from which the water just oozed. "Yep," he replied. Over the phone arrangements were made with a local store to fit the boy with suitable footwear. Off the boy dashed and soon was back, the proud owner of high rubber boots. Later on the boy was back at the quarters with a note expressing gratitude from a grateful mother. "Inasmuch as ye do it unto the least of these, ye do it unto Me," were the words of the master. Donations so far are: Previously acknowledged \$22.00 Mrs. O. Smith 5.00 "In His Name" 5.00

CANADA'S PROBLEMS NEARER SOLUTION

MESSAGE OF KING

Will be Heard on Pacific Coast Between 7 and 7:30 o'Clock Christmas Morning

LONDON, Dec. 14.—King George, before delivering his Christmas Day radio message to the Empire, will be introduced by a little girl, speaking in New Zealand, 12,000 miles away from Buckingham Palace. The Imperial Christmas broadcast will be of character somewhat similar to that of past years with all the Dominions taking part. The King will be heard at 7 o'clock Pacific Standard time on Christmas morning during a broadcast extending from 6:30 a.m. to 7:30 a.m. There will be a re-broadcast between 2:30 and 3:30 in the afternoon with the King's message at 3 p.m.

TRAINING FOR BOYS

Extension of Athletic Facilities As Means of Keeping Them On Right Track Proposed

To consider the possibility of extension of athletic training in the schools to include all boys and thus direct their activities along proper and beneficial lines, a meeting of school principals, male school teachers and civic authorities was held last evening in the Knox Hotel. It was called by City Commissioner W. J. Alder who presided.

Mr. Alder referred to the fact that at present there were seven boys from this city in the provincial industrial school at a cost to the city per month of \$24 each. This, he considered, was not a healthy situation. It was much to be desired that, if money was to be spent this way, it would be better to employ it along preventative rather than curative lines. Extended athletic activity for boys might tend to keep the lads on the right track and would be of general benefit.

Sergeant G. H. Greenwood, chief of city police, emphasized the necessity for physical and moral training of boys on the street whose home environment was not all that it should be. Lack of parental interest made it necessary for the public to attempt to do something. He suggested a gymnasium project.

After a general discussion, the meeting adjourned to gather again in January.

Those present were City Commissioner Alder, Sergeant G. H. Greenwood, Police Magistrate Thomas McClymont; Dr. E. E. Lucas, principal of King Edward High School; Miss E. A. Mercer, principal of Booth Memorial School; Miss S. A. Mills, principal of Borden Street School; J. S. Wilson, W. W. C. O'Neill, James Hutchinson, Arthur Sutton, Roth Gordon, Nelson Allen, Dr. A. Poole and T. L. Davies, the men school teachers, and D. P. Miller, representing the Boy Scouts. All took part in the discussion.

APPROVAL OF BRIDGE

Premier Pattullo Taking Up Question Of Fraser River Span At New Westminster

OTTAWA, Dec. 14.—Premier T. D. Pattullo, here to attend the Dominion-provincial conference as head of the British Columbia delegation is endeavoring to seek approval from the federal authorities of the Fraser River bridge project at New Westminster.

An obstacle in connection with the use of the old bridge at New Westminster remains to be cleared up before approval can be given to the new project.

Stock Market Is Uneasy Just Now

Silver Price Causes Depression On One Hand With Wheat Boom Influencing Other

NEW YORK, Dec. 14.—Depressed by the slumping silver market on one hand and influenced by the wheat boom on the other, the stock market is moving nervously these days. Railway shares have been weak and industrials have been drawn in. Turnover for the day amounted to 2,140,000 shares with closing averages as follows: industrials, 142.15, off 1.60; rails, 40.74, off .54; utilities, 28.88, off .35; bonds, 98.16, off .09.

TODAY'S STOCKS

Gold, Caribou Quartz, Dentonia, Georgia River, Golconda, Minto, Meridian, Morning Star, National Silver, Noble Five, Pend Orielle, Porter Idaho, Premier, Reno, Silver Crest, Salmon Gold, Taylor Bridge, Whitewater, Waverly Tangier, Glacier Creek.

Far Reaching Changes to Be Made in Administration Of Relief, Conference Decides

LEFT WING CALLED ON

President Zamora of Spain Calls Upon Miguel Mora to Form Cabinet

MADRID, Spain, Dec. 14.—In a sudden move, President Zamora called upon Miguel Mora, Left Wing leader, to form a new cabinet in Spain. It is expected by many observers that the Rightists will be able to muster enough strength to block the move.

WHEEL RAN OVER HEAD

Lake Kathryn Farmer Suffers Severe Injury Under Wagon

SMITHERS, Dec. 14.—On Thursday afternoon Stefan Yelich, who operates a farm not far from the farm of Olof Hanson, about five miles from Smithers, was working on his farm with his team and a heavy wagon when the horses bolted and threw him out of the wagon, one hind wheel passing over his head, injuring him severely. It was fortunate that there was no load on the wagon or he might have been instantly killed. His wife ran to the Charles Wilson ranch and phoned for Dr. Brummitt, who soon had him in hospital and sewed up the many wounds on his head and face. He is now progressing satisfactorily.

CEREMONY IN TRIAL

Lord De Clifford Acquitted Of Manslaughter In House Of Lords

LONDON, Dec. 14.—(CP)—Following a trial which was accompanied by all the customary ceremonial, the House of Lords has acquitted Lord De Stafford, aged 28, on a charge of manslaughter arising from an automobile accident. Under the law of the land, a peer cannot be tried by an ordinary court but the trial must be by the House of Lords itself.

Lord De Stafford, in compliance with the ceremonial, appeared at the trial in morning clothes and, throughout the proceedings, knelt on a velvet cushion. As the verdict was announced, each peer placed his hand over his heart in assent.

City Comptroller Is Candidate For Mayor of Toronto

TORONTO, Dec. 14.—City Comptroller Sam McBride announced yesterday that he would be a candidate for the mayoralty against Mayor James Simpson at the civic election on New Years.

New Deal on Mining Taxation Planned—Debt Refunding and Taxation Duplication to be Further Discussed—Dominion to Aid Fifty-Fifty on Highway Building.

OTTAWA, Dec. 14.—(CP)—The Dominion-provincial conference, before concluding its sessions yesterday, adopted a report from a committee headed by Hon. Norman Rogers, minister of labor, recommending far-reaching changes in relief administration. A census will be taken of all unemployed and unemployables, somewhat along the lines as has already been followed in British Columbia, and a Dominion commission on employment will be established to supervise and co-ordinate relief in Canada. Co-operation of industry will be sought with a view to putting more men to work. There will be an increase of up to fifty percent in federal grants to the provinces for unemployment relief.

The Dominion government will consider increasing from 33 1-3 to 50 percent the depletion allowance for gold mines. The depletion allowance enters into income tax computations. Uniform mining taxes were found impractical as well as unified taxation collection. The Dominion will consider paying each province one-half of the income taxes collected from its mines. As far as possible there will be stable mining laws for a period of years. A continuing committee was established to give further consideration to mining problems.

An amendment to the British North America Act to define clearly taxation rights of the provinces was foreshadowed in the report of the financial committee. A committee representing the Dominion and provinces will continue to function in the discussion of such subjects as debt refunding, a loan council, duplicate taxes and unified tax collection. No definite arrangement was decided upon as yet in the matter of refunding. The financial committee of the conference agreed that, where the Dominion and provinces impose the same type of taxation, there should be co-operation in administration. It was agreed that Canada should have the power to amend its own constitution. The continuing committee will meet later to define methods of amending the British North America Act.

The agricultural committee recommended the continuation of the Dominion's farm loan service and the reduction of interest on farm loans to four percent. All ministers of agriculture will meet after the Supreme Court rules on the constitutionality of the Natural Products Marketing Act to discuss marketing problems. This will form the basis of revision of the marketing act which the Dominion government has in mind.

Split on Highway Costs

The Dominion and the provinces will split fifty-fifty on trans-Canada highway costs and on costs of specially designated feeder roads. Attempts will be made by the provinces to establish uniform highway transportation rates. The provinces are urged to build dust free highways and take other steps to promote tourist traffic. The conference agreed that there should be uniform company laws throughout Canada and the Secretary of State was empowered to call a meeting of legal officers to prepare a new draft act. With Canada's financial, economic and constitutional problems a step nearer solution, the conference closed late yesterday afternoon. It adjourned until next year and will probably meet every year.

IN FAVOR OF SWEEPSTAKES

The board of directors of the Prince Rupert General Hospital, at its regular monthly meeting last night, went on record as favoring an amendment to the Criminal Code of Canada providing for the legalization of sweepstakes for hospital purposes only.

The matter came up in a communication from the Kootenay Lake General Hospital-Association of Nelson, Charles F. McHardy, president, seeking support of such sweepstake legislation. The letter told how the Nelson Hospital had been faced with bankruptcy until it had initiated sweepstakes as a result of which it had paid thousands of dollars which it owed as well as having money in the bank. Then the authorities had stepped in and the sweepstakes had to be discontinued. Most of the money derived from sweepstakes, it was suggested in the letter, came from persons who were not overburdened with taxation. A system of quarterly sweepstakes for the benefit of hospitals was suggested.

The local board, with little discussion, endorsed the sweepstake proposal and will urge the matter upon the local federal member.

DAILY EDITION

Saturday, Dec. 14, 1935

B. C. MINISTER AT OTTAWA

According to Bruce Hutchison, Hon. G. S. Pearson, minister of labor for British Columbia, made a very good impression at the Ottawa conference. The conference adopted his plan of segregating those unemployed who are able to work from the unemployed who cannot work and never will be able to do so. That would show exactly how much unemployment there is and how much effort was needed to put every able man to work. He impressed the conference with the Pattullo policy that every able man should be given remunerative work, either through industry or government undertakings. He explained the present system of giving relief through road work as badly hampering the department of public works. The province should pay wages on road work as a business undertaking rather than as a relief project. He suggested that, by spending about five million dollars a year for a few years, practically all the unemployed could be put to work. The question was purely a matter of finance. This was a national concern as the men are out of work as a result of national conditions.

BEATEN BY PROSPERITY

At the annual Winter Fair and Livestock Show in Vancouver "Gerry McGeer," a steer, was beaten by "Prosperity," another young animal. This may by some people be considered a bad omen for the mayor of Vancouver. The return of prosperity will undoubtedly cure many of our ills and some people feel that Gerry in an affliction.

BIG MISSOURI MILL

It has been expected for some time past that Big Missouri mine would have a large mill. The authoritative announcement made Thursday from Montreal that a mill would be in operation next year and that it would not be less capacity than 1500 tons is an assurance that there will be busy times in the Portland Canal area. With this mine in operation and the Premier also running at full capacity, and with smaller operations also general in the district, the town of Stewart should begin to feel a general improvement.

Best Christmas Gift

This is a season of the year when people are selecting their Christmas gifts to go to different parts of the world.

May we suggest that nothing is so acceptable to a former resident of Prince Rupert or to one who has friends and interests in the city or district, as a copy of the Daily News mailed to them direct at the special Christmas Gift rate of—

\$2.00 A YEAR

In this way they get approximately 300 reminders of your thoughtfulness.

NEWS OF THE MINES

Silver Crisis Matter of Northern Interest—Stewart Endeavors to Popularize Silver Dollar—Mining Men Coming Out of Omineca

Particularly in the mining areas contiguous to Prince Rupert is the present crisis in regard to the world's silver price a matter of outstanding interest from day to day. Many Prince Rupert people, more especially those who hold mining stocks and, despite the depression, there are still a good many of these, also seem anxious to keep in touch with all latest developments in regard to the silver markets which, since the first of the week, have been slumping in a rather alarming manner with an average drop of a cent a day. In view of the interest in all matters pertaining to silver, a resolution passed recently by the Stewart Board of Trade with a view to popularizing the use of the silver dollar is, at least, an innovation. The Stewart Board is drafting a resolution for presentation to all the Boards of Trade in British Columbia urging that every possible action be taken to promote the public use of silver dollars in place of small denomination of paper currency. The greater use of silver dollars would be of advantage to the mining industry, particularly of this district, it is felt. And it might be considered by some a patriotic duty to weight themselves down and wear holes in their pockets by totting around silver dollars. Many, of course, would have no difficulty in carrying around all the dollars they can lay their hands upon—even if they be silver.

LABORITES IN SESSION

Elevator Re-Surfacing, Appointment of Teachers, Garbage Dumping Among Matters Taken Up

Satisfactory adjustment has been made in connection with the complaint that unfair rates were paid in connection with the recent work of re-surfacing the local elevator, the Prince Rupert Trades and Labor Council was advised Thursday night at its regular monthly meeting by F. E. Harrison of Vancouver, Dominion fair wage officer. The final payment had been held up until such time as the conditions complained of were rectified.

The council decided to make a donation of \$25 towards a lobby which will be conducted during the next session of the Legislature at Victoria with a view to having state health insurance legislation enacted along the lines desired by organized labor. Co-operation in connection with such a lobby was requested in a communication from the Vancouver and New Westminster District Trades Council.

E. E. Winch, C. C. F. member for Burnaby, invited the council to supply him with proposals for legislation on behalf of the working classes so that he might take up same on the floor of the House. The matter was referred to the legislative committee for report.

A letter from the Canadian Jewish Association expressed appreciation of a resolution supporting non-participation of Canada in the 1936 Olympic Games at Berlin in view of the attitude of the Nazi government. Organized labor throughout Canada supports this proposed boycott but no decision has yet been made by the Amateur Athletic Union of Canada.

The council went on record as protesting against the action of the city commissioner in appointing an outside teacher to fill a vacancy which had occurred on the school teaching staff while local teachers in city and district were without positions. A copy of the protest will also be sent to the Department of Education.

It will also be brought to the attention of the Department of Education that there has been no medical examination of school children, as required by statute, in Prince Rupert during the past three years.

Dumping of garbage within the city limits is also to be protested, the council decided. The protest will be sent to the minister of health. Such a practice is considered a menace to the public health as well as being objectionable to residents.

In view of the higher cost of living and local weather conditions, the Board of Industrial Relations is to be asked by the council to change the basis of pay for labor on construction work here from 45c to 50c an hour.

It was intimated that the local Deep Sea Fishermen's Union would be again affiliated with the Trades and Labor Council.

The question of apprenticeship in industry was discussed by the meeting.

President S. D. Macdonald was in the chair and there was a good turnout of delegates.

Eucharist Congress In South Next Year

Important Roman Catholic Church Gathering To Take Place In Vancouver

VANCOUVER, Dec. 14. (CP)—A Roman Catholic diocesan Eucharistic Congress, the first in British Columbia, is to be held in Vancouver June 11 to 14 next.

Sid Anderson and associates of the Last Chance group of mineral claims in the Portland Canal district recently made a test shipment of slightly over two tons of ore, the returns on the steel galena and grey copper ore being very satisfactory.

Organization of the Cardinal Mining & Development Co. Ltd. to develop the Aurum and Bush Consolidated Mining properties in the Portland Canal district has been completed with R. K. Neill of Spokane as president and general manager. Directors are Col. W. S. Buell, Capt. W. G. R. Gordon, G. R. Irwin and J. G. Campbell, all of Vancouver.

Mining men are coming into Vanderhoof from the Omineca district to the north after a heavy season's work on their way homeward for the winter. This does not mean, however, that some operations will not be continued throughout the winter. One of these will be that of Capt. R. Adams who went in early last spring with a Keystone drill. It is expected that next season will see even greater activity up in the Manson Creek and Omineca mining areas.

SMITHERS MAN DIES

Nils Swenson, Well Known Pioneer Of Bulkley Valley Succumbs Suddenly

SMITHERS, Dec. 14.—Nils Swenson, one of the best known old timers in the Bulkley Valley, died suddenly on Thursday afternoon while alone in his cabin. He had been out working all the forenoon in company with Mr. Eggleston and had come in for dinner. About four o'clock in the afternoon Mr. Eggleston went to his cabin and found him on his bed. He sent for a doctor immediately. It was found that he had been dead about two hours.

Mr. Swenson came to Telkwa in 1910 and went into the carpenter and contracting business there. Two years ago he moved to Smithers where he erected a large building and installed machinery and went into the sash and door business adjoining the Little Lumbar yard. He had not been well of late but complained very little and his passing is a matter of regret to his many friends throughout the Bulkley Valley. It is not known whether he has any relatives at all in the country. He was a man of sterling character and industrious and the district has suffered a loss in his death.

Everybody reads the Daily News There's reason.

FED TURKEYS TO COYOTES

Farmer From South of Francois Lake Tells of Conditions in That Part of Country

B. Hougan of Tatalrose, south of Francois Lake, who, with Mrs. Hougan, came in on the excursion this week, is continuing his visit for a week or so. Mrs. Hougan returned last evening.

Speaking of conditions this year in the South Francois country, Mr. Hougan said the hay and grain crops were good but potatoes and turnips were a failure as there was a lack of moisture at the proper time.

Mr. Hougan referred humorously to the turkey situation by saying that they fed their turkeys to the coyotes. As a matter of fact, the coyotes are so numerous there that they take not only the turkeys but all other poultry and the farmers have to almost give up raising them. Mr. Hougan favors an extension of the bounty season so that there may be a greater incentive to hunt the coyotes.

Another suggestion Mr. Hougan has to make is that the time allowed by the railway company in the excursion in Prince Rupert is too short. He thinks the time allowed in town should be at least a week.

MILD WITH SNOW

EDMONTON, Dec. 14.—Weather is mild on the prairies today with light snow reported from various points.

Santa Claus At Children's Story Hour Meeting

The Children's Story Hour took the form of a special meeting this morning in the Elks' Hall for all children from 4 to 12 inclusive. Miss Venetia Feero opened the program with piano solos following which Mrs. F. E. Robertson told a story about sleigh bells. A fairy then sang "Jingle Bells." Mrs. Neal Carter's story was about evergreen trees and a little bird. Miss Winnie Cameron told a story about decorating the Christmas tree. Everyone sang "Jingle Bells." A surprise visit was paid by Santa Claus who had a few cheery words for the children and presents for everyone of

the 144 who were there. The hour was brought to a close with a grand march.

The Story Hour will meet again on January 11 for all children 9 to 12 inclusive. The program will be in charge of Mrs. J. R. Morison, Mrs. G. A. Bryant and Miss W. Cameron.

Miss Jean Harrison R.N., lady superintendent, reported to the hospital board at its meeting last night that the institution was fairly busy at this time. General routine was going along nicely and preparations for observance of Christmas were under way.

A letter from the provincial secretary's office, read at last night's meeting of the hospital board, requested a list of names of all members of the board so that each might be kept in touch with developments as they came in connection with the matter of health insurance legislation.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last night at the hospital. Those present were: S. D. Macdonald, president; W. M. Brown, Frank Dobb, G. P. Tinker and G. V. Wilkinson, directors; H. W. Birch, managing secretary, and Miss Jean Harrison R.N., lady superintendent.

The hospital board, at its meeting last night, decided to send a letter to the Prince Rupert Gyro Club warmly expressing appreciation of the club's action in deciding to go ahead with the complete furnishing of a hospital ward. Furniture for the ward is expected to arrive at any time and will be immediately installed.

Reporting at the regular monthly meeting of the hospital board last night, Frank Dobb, chairman of the house committee, stated that an examination of the roof of the hospital building had been made by J. G. Steen who had given an outside estimate of \$40 on work necessary to stop leaks which have developed during recent heavy rainfalls. Subject to approval of the rest of the committee, it was proposed to have the work done as soon as weather permitted.

Communications at last night's meeting of the hospital board from the Prince Rupert Trades & Labor Council, Prince Rupert Liberal Association, Prince Rupert Gyro Club, Canadian Legion and Junior Section of the Prince Rupert Chamber of Commerce announced that each of these organizations had endorsed the move to have the provincial government lend financial support to the project of establishing a new fireproof hospital building here.

A report from Fire Chief J. R. Morrison, read at last night's hospital board, stated that the usual monthly inspection had been made at the hospital and nurses' home, both places being reported to be in good order from a fire standpoint.

Jack McRae arrived home on the Princess Adelaide yesterday afternoon from his studies at the University of British Columbia in Vancouver to spend the Christmas and New Year holiday season with his parents, Mr. and Mrs. D. C. McRae, Fourth Avenue East.

Max Asemissen, manager of the Knox Hotel, who has been on a vacation trip to Vancouver and the northwestern states, returned to the city on the Princess Adelaide yesterday afternoon. Mrs. Asemissen will return on the Princess Norah tomorrow morning.

Adjutant Eva Laycock, local commandant of the Salvation Army, has accepted an invitation to address the Prince Rupert GYRO Club at its regular weekly luncheon next Wednesday. She will tell of a trip she made recently to the Matanuska Valley and elsewhere in Alaska and the Yukon.

Brown Homesite Lease thence West 1,200 Feet; thence North 900 Feet thence East 1,800 Feet; thence South 900 Feet; thence West 600 Feet to point of commencement and containing Thirty acres, more or less.

WILLIAM ANTHONY BROWN
Dated November 4th, 1935.

How to Keep Colds UNDER *better* CONTROL

Catching Cold?... Vicks Va-tro-nol helps Prevent many Colds

Caught a Cold?... Vicks VapoRub helps End a Cold Sooner

At the first warning nasal irritation, snifle or sneeze, use Vicks Va-tro-nol—just a few drops up each nostril. Va-tro-nol is especially designed for the nose and upper throat—where most colds start. It stimulates Nature's own functions—in the nose—to help prevent colds, and to throw off head colds in their early stages. Used in time, Va-tro-nol helps avoid many colds.

If a cold has developed, rub Vicks VapoRub on throat and chest before bedtime. VapoRub acts directly at once: (1) By stimulating through the skin like a poultice plaster; (2) By inhalation of medicated vapors direct to inflamed air-passages. Through the night this combined vapor-poultice action loosens phlegm, soothes irritation, helps break congestion.

Follow Vicks Plan for Better Control of Colds
A helpful guide to fewer colds and shorter colds. Developed by Vicks Chemists and Medical Staff; tested in extensive clinics by practicing physicians—further proved in everyday home use by millions. The Plan is fully explained in each Vicks package.

Banquet and Card Party Enjoyed By Ladies of Orange

An enjoyable banquet and card party was held last night by the Ladies' Orange Lodge in the Knox Hotel banquet room, some thirty ladies being present. After the dinner, cards were played. Miss Doris Webster and Mrs. W. E. Denning were winners in bridge and Mrs. Hugh Killin in whist. Dancing was later enjoyed by the ladies with music by Mrs. J. S. Black. Mrs. A. Guyan, worthy mistress, was in the chair.

JOKERS IN GOOD LEAD

Cannot be Headed in First Half Now—Defeated Old Empress Last Night

Five Jokers defeated Old Empress two games to one in the Five Pin Bowling League last night and, with one game to go in the first half, have a three-point lead in the standing. This gives them a cinch to cop the first half. In the second fixture last evening, Pioneer Laundry beat Lambie & Stone two games to one. High average scorer of the evening was Jimmy Andrews of the Five Jokers with 250.

Individual scoring was as follows:

Five Jokers—Dingwell, 552; Barton, 717; Keron, 449; Morrison, 626; Andrews, 751.

Old Empress—Schriaberg, 595; Ross, 628; McKay, 470; Clecone, 465; Stacey, 582.

Lambie & Stone—Johnson, 546; Bury, 749; Horton, 546; Comadina, 726; McIntosh, 647.

Pioneer Laundry—Vic Houston, 544; Arroll, 544; Joy, 501; Wesch, 604; Asemissen, 519.

The Five Pin Bowling League standing to date:

Five Jokers 19 14
Lambie & Stone 16 17
Old Empress 15 18
Pioneer Laundry 15 18

SPORT CHAT

A football game played by Mount Allison (New Brunswick) University athletes under unique rules including features of hockey and basketball was voted a success by players and spectators. Two teams of 12 men each battled at high speed through four 15-minute periods. White Shirts defeated the Red Shirts 40-27. The field was divided into three zones, as in hockey, with forward passing permitted in each zone. Brilliant passing combinations, spectacular runs and wide open tackling kept the fans on edge. Only 18 scrummages were called aside from those at centre field after a try had been scored, and there were no more than six kicks for touch.

The rules were devised by "Spec" Peebles, well known football and hockey player. Hope was expressed that similar ones might be adopted by the Maritime Rugby Union to make the game comparable in speed with basketball and hockey. "The experiment certainly showed the possibilities of speeding up and making the game more attractive to both players and spectators," said Coach Lister of Mount Allison. "Through my short experience with

senior teams, as it would give a school with a small student body a chance to field a team of greater strength and would minimize injuries, due to lack of piling up in the scrum and around loose balls."

"It certainly opens the game up," said Captain Bob Brodie, whose team won the Maritime intercollegiate rugby championship this fall. "The next thing that has to be done is to work out a system of defence." Confidence that a defence could be worked out to keep down the score was expressed by Peebles. "One suggestion would be for the inside three-quarters to act as a fading defence as in hockey or as in soccer," he said. "This would leave three men to break up forward passes in the defending zone, in case the opposition broke through their forwards. There is another possibility of having forward passing allowed in the neutral zone only until the players get accustomed to forward passing, and eventually open up the other two zones. This restriction would give the defending team a chance to organize its defence. I firmly believe that this would be an ideal game for school teams as well as

WATERFRONT WHIFFS

Takla is Total Loss—No Canadian Halibut This
Week—Dybhavn and Carter Going East

The well known Canadian halibut boat Takla, which burned and sank in Deepwater Bay, north of Seymour narrows last week while on its way from Prince Rupert to Vancouver, is a total loss, according to Capt. F. L. Clark, surveyor for the marine underwriters. The vessel was insured at \$20,000. Salvage, at first thought possible, will be impracticable, it is now believed.

With the season due to close on Christmas Eve and only a handful of the Canadian boats still remaining in operation, mid-December finds halibut fishing activity on the Pacific Coast for the season rapidly falling off. This is indicated by the fact that only scattered catches are now being landed at Prince Rupert. During the past week no Canadian boats were in and but six American vessels with catches aggregating 204,000 pounds. This brings the landings for the season to date up to 11,715,150 pounds including 6,447,300 pounds from American boats and 5,267,850 pounds from Canadian. Boats landing catches during the week were: Attu, 42,000 pounds, 8c and 6c; Excel, 11,000, 8c and 6c; Explorer, 40,000, 8c and 6c; Tahoma, 40,000, 7c and 6c; Yakutat, 36,000, 7.9c and 6c; Western, 35,000, 8c and 6c.

John Dybhavn, member of the board, and Dr. Neal M. Carter, director of the Prince Rupert Fisheries Experimental Station, will leave Prince Rupert on Christmas Day for Ottawa to attend the annual meeting of the Biological Board of Canada. Mr. Dybhavn, while away, will pay his annual business visit to cities of Eastern Canada and the United States in connection with the affairs of the Royal Fish Co. of which he is president. The annual meeting of the Biological Board will open on December 31 and continue for a week.

Delayed through having made her monthly run into Kitimaat on the way north, Ujion steamer Cardena, Capt. J. E. Boden, arrived in port at 11 p.m. yesterday from the south and sailed about an hour later on her return to Vancouver and waypoints.

No boats being in with catches, there was no sale of halibut on the local fish exchange this morning.

Final Boats Out

Seven boats of the Prince Rupert fleet are still in operation on the halibut banks, being on their final trips of the season. They are: Oslo Capt. Axel Olsen; Sea Maid, Capt. Henry Doinon; Johanna, Capt. John Wick; White Hope, Capt. Pete Thompson; Balsac, Capt. John Orvik; Lysekil, Capt. Al Wole; Cape Beale, Capt. Edgar Arnott.

The exceptionally inclement weather has been hampering progress of loading the Norwegian motorship Danwood at the lumber assembly wharf with her cargo of aspen and hemlock logs for China. Last evening about 100,000 of the quarter of a million feet still remained to be taken on board. The vessel may be ready to sail tonight or tomorrow morning. Capt. Lewis Vancouver pilot, who brought the vessel north, will take her out as far as Triple Island.

We sell circulation. We have it. Try a classified

MAY STOP BOAT RUN

Subsidy Must Be Increased If Aorangi and Niagara are To Continue In TransPacific Service

MONTREAL, Dec. 14.—Unless increased subsidies can be obtained from the Canadian, New Zealand and Australian governments, the service of the Canadian-Australian Line with the ships Aorangi and Niagara between Vancouver and Sydney via New Zealand will have to be discontinued. Sir Edward Beatty K.C., president of the Canadian Pacific, announced. The Canadian Pacific Railway owns half interest in the line and the Union Steamship Co. of New Zealand the other half interest. The service has been conducted since 1893.

Without increase of the subsidy, it will be impossible to continue in competition with the heavily subsidized American lines. Sir Edward declared.

HOSPITAL FINANCES

During the month of November there were 1337 hospital days at the Prince Rupert General Hospital at a cost per day of \$2.74. Hospital expenditures for the month totalled \$3651.97.

NEW CHURCH IS SHINGLED

Greenville Party in City Tell Of Plans For Christmas Celebrations At Naas Village

The new Church at the Naas River Indian village of Greenville is now all shingled and there was a party in town from there yesterday purchasing electric light fixtures and other material for it. This party was headed by Chief Councillor Johnson Russ and with him was William Leeson, Albert Stevens. They were also buying the Christmas supplies for the village and interviewed the Indian Agent in regard to affairs there. They came in yesterday morning and left for home last evening on their gas boat, W. L.

The party told of the formation of a new organization, the Greenville Improvement Association, which was formed at a public meeting held there recently with Chief Councillor Johnson Russ in the chair. Officers were elected as follows:

President, Fred McKay.
Vice-president, George Martin
Secretary, Walter Calder.
Manager, Alex. Angus
Collectors: William Leeson and Albert Stevens.

Directors: Charles Leeson, Simon Calder, Oswald Alexander, Benjamin Alexander, and Sam Tait.
Treasurer, Jonah Grey.
Messengers: Jeffery Martin, and Frank Russ.

The new society has charge of the Christmas celebrations for the village, the program of which follows:

- December 16—Concert by the Greenville Concert Band.
- December 18—Carnival and Christmas Tree by the Association
- December 19—Concert by the Day School.
- December 20—Basket Social by St. Andrew's Guild.
- December 21—Concert by St. Andrew's Church Choir.

Dance Thursday Night Enjoyed By Visitors

For the entertainment of interior visitors to the city on the cent-amile excursion, an enjoyable dance was held Thursday night in the Elks' Home. The affair, inspired by the Junior Chamber of Commerce, was conducted by Charlie Balagno and his orchestra. Dancing was in progress from 9:30 p.m. until 1:30 a.m. Bill Stuart was master of ceremonies.

The excursion visitors returned to their various homes in the interior on last evening's train.

Christmas Hampers To Be Given Out

Sea Scouts Are Again Making Appeal For Donations

This year the Sea Scout troop of St. Andrew's Cathedral is again placing boxes in the various grocery stores for the receiving of donations towards the Christmas hamper scheme. Last year some ten families were taken care of with fairly substantial gifts of groceries and another appeal is made this year so that the troop may be able to carry on the good work. When buying groceries if there is a nickel or a dime left, something may be bought and placed in the box. Any person who wishes to make a cash donation may telephone Bertie Cross.

THE MINERALS OF BRITISH COLUMBIA

This Province has produced minerals of an aggregate value of \$1,424,248,000.00.

The value of Mineral production for the year 1935 is estimated at \$47,810,612.00, being an increase of 13% over the production for 1934. The high light of mining in British Columbia during the year has been the substantial increase in gold and silver production.

For authoritative information regarding mining development in the Province, apply to

THE DEPARTMENT OF MINES
Victoria, B.C.
