AN EPIC OF THE SEAS

"Man of Aran," the picture showing today for the last time at the Capitol, is an outstanding oasis in a desert of a 24 by Balagno and two 22's by President is Off movie monotony. Hollywood is wholly eliminated in its filming. It is an artistic epic of the sea picturing life as it nearly as interesting as the first is really lived by the hardy folk who inhabit a small group block. of rocky islets in the Atlantic Ocean west of Ireland.

There is no other picture just like this one. If only for its originality of treatment it should be seen by all movie fans. Those who do not care much for the movies and who be- times and shows lack of experience come satiated with sex as seen on the silver screen, will in the shots he chooses. But he has President Franklin D. Roosevelt Mrs. W. L. Stamford. welcome this as a real piece of art, simple as all art must be, but gripping and exciting, something to be remembered. Any person seeing this film will find it difficult to get from the mind the picture of the lonely isle, the barren rocks, the fine features of the men and women, the homely problem to solve. simplicity and the terrible life they lead, fighting daily against ruthless forces of nature.

To some people the feature of this film will be the splen- and Neil Cameron should be a did pictures of the basking shark, a skeleton of which was liable to make a big break while recently picked up near Prince Rupert. The Aran residents cameron, if he plays up to his are seen hunting this huge creature and excellent close-up form, will show the spectators scenes are given by which it is possible to visualize what clever constructive billiards. As he the local skeleton is like when clothed with flesh. There has already made a 100 break, even Preparing For Attempt to Lower may be plenty of pictures one can afford to miss, but "Man best break, so far, of 45 may be of Aran" is in a different class and should be seen.

U.S. LUMBER DUTY

Minneapolis interests are asking Congress to remove or Ladies' Bowling reduce the duty on Canadian pine and spruce lumber even though no reciprocal arrangement is made with this country. It is pointed out in their brief that United States cannot supply the demand and that there is neither a demand nor a justification for the duty. Also it is shown that many American firms are interested in supplying this timber because of the scarcity in their own country.

It is also argued that it is a good thing to have this lum- in the Ladies' Bowling League, the ber enter the United States in order to preserve the balance of trade and thus make a market for American goods feated Grotto 1184 to 1077.
