Action of Federal Government May Prove Important Step In Port Development—Suggestion Also Made That Freight May be Brought Inbound

Transportation for hemlock logs from Prince Rupert to the Orient has been arranged. Olof Hanson, M. P. for Skeena, wires from Ottawa to say that the minister of trade and commerce, Hon. R. B. Hanson, gives him assurance that arrangements have been made for eight calls at this port during the year, providing cargoes offer out-

The minister also suggests that incoming calls might be arranged in order to bring freight to this port from the Orient, providing the business offers.

The arrangement made for the calling of the vessels here to pick up logs outbound is one of the most important steps taken in connection with the commercial development of this port. It is a recognition which has long been sought. It is now up to the log exporters to get busy and arrange for the logs to be cut.

The suggestion that help might be available to enable vessels to call inbound to discharge freight here is also very important and may be the beginning of a trade with the Orient which may lead to much greater things in the future.

ANOTHER BOMB FOR HUEY LONG FOUND

WATERBURY, Conn., March 9:—Their attention attracted by ticking inside the parcel, postal authorities here yesterday discovered a bomb in a parcel addressed to Senator Huey Long at Washington, D.C. After the infernal machine had been rendered impotent, the contents of the parcel were further examined and a note was found carrying the message: "We have all made mistakes. You have made yours."

FISHING IN 1934 GOOD

1934 Season Was Best Since 1930, Official Statistics Reveal—Halibut Bright Spot

VANCOUVER, March 9: (CP)—The British Columbia fishing industry last year was the best since 1930 with a total production value of \$16,000,000. Salmon led with a market value of \$12,000,000, canned salmon alone being valued at \$10,000,000. Halibut came next with 182 hundred-weight valued at \$1,470,000. Herring was valued at \$628,000 and pilchards at \$540,000. "A particularly pleasing feature of the year," Major J. A. Motherwell, chief supervisor of fisheries says "was the halibut fishing. Of the total 97,000 hundred-weights was landed by 115 Canadian vessels as compared with 83,000 hundredweights from 83 vessels in 1933."

Budget Debt Wound Up in Victoria With Address By Premier

Admits Necessity of Helping Municipalities and Proposes Two Governments Should Take Over Direct Relief; Other Assistance Will Also Have to be Given

VICTORIA, March 9: (CP)—A regional tariff policy for Canada was necessary if British Columbia was to prosper, Premier T. D. Pattullo told the Legislature yesterday in winding up the budget debate. "It is absolutely essential that we shall have a market for our products in order to prosper," he said. "We produce much more than we can have an outside market. Tariff, therefore, is of utmost consideration to this province and it will be necessary to have some form of regional tariff if we are to properly prosper."

With a view to offering some immediate relief to the municipalities, the provincial government has proposed to the Dominion government that the province and Dominion should pay all direct relief within municipal areas with the exception of the normally unemployed and indigent, the province and Dominion to contribute equally, the Premier said. This would relieve Vancouver of \$750,000 annually and other cities in a relative degree. The Premier added that there was no doubt that further revenues must be allocated to the municipalities or the social services taken over or possibly a measure of both. Just what form the permanent assistance would take, however, he was not prepared to say. To attempt anything of the kind immediately was impossible.

ADJOURNED IN UPROAR

Surprise Witness Heard in Case Of David A. Lamson, Charged With Wife Murder

SAN JOSE, Cal., March 8:—The second trial of David A. Lamson, charged with the "bathtub murder" of his pretty wife in their Stanford Campus home two years ago, adjourned in an uproar yesterday after Mrs. Sylvia Bailey, a surprise state witness and a neighbor of the Lamsons at the time the killing is alleged to have taken place, testified that she had heard a conversation at 9 o'clock on the morning of the murder between persons whom she believed to be Lamson and his wife. This would completely upset the defence theory as to the time of the killing. Defence attorneys immediately demanded that a mistrial be declared. The trial will be resumed on Monday.

Twenty-Five Years of Civic Progress in Prince Rupert; Permanent, Well Equipped City

Twenty-five years will have passed tomorrow since Prince Rupert was granted its charter of incorporation as a city. Although real progress has been made, there have been many vicissitudes since that epochal day in the community's history. Numerous have been the disappointments and these have been possibly accentuated because of the extravagance of the hopes of those early days. Unforeseen factors, which there is no necessity of repeating here, have arisen to frustrate some of the proud ambitions and aspirations of the early founders.

Changing conditions and passing adversities cannot and have not, however, removed any of the natural attributes upon which were based the vision of those who founded the port and city. Although the realization may have been deferred, there are no true citizens of Prince Rupert who are not as firmly convinced today, as they were many years ago, that this vision is inevitable of fulfillment and that some day, possibly not so far hence, those fondly cherished dreams of an important metropolis will come to fruition. Such is the spirit of the pioneers in celebrating this year the important milestone of the completion of the first quarter of a century in Prince Rupert's civic history.

The storms through which the community has passed have, no doubt, made the roots the stronger. Through the years definite progress has been made in the building up of a permanent community. Prince Rupert is better equipped today than ever before to move forward and assume the place for which it is naturally fitted in the development of the country as a whole and its own district in particular.

Possibly a brief review of the community's inception may not be out of place at this point. The origin of the port, as is well known, was due to the conception of the Grand Trunk Pacific Railway, Canada's transcontinental railway. The townsite was acquired from the provincial government by the railway company. Then followed the laying out and planning of the terminals and townsite. A survey party landed and commenced operations in 1906. Townsite clearing continued during 1907 and 1908 when those who are today the pioneers of the community commenced arriving from all parts. Then came the sale of lots in 1909 with the disappearance soon thereafter of the squatter settlements of Baconsville, Knoxville and Vickersville as the era of permanent home building and ownership commenced. The task of city building has been a long and forbidding one but, with characteristic optimism and determination, it has been carried out with no small measure of success. The city is now firmly founded and well equipped to march forward with all developments and expansion which the future may bring.

ARMY VOTE IS PASSED

Sum of \$400,000,000 For Military Purposes in United States Approved by Senate

WASHINGTON, D.C., March 9:—By a vote of 68 to 15, the United States yesterday passed an appropriation of \$400,000,000 for military purposes, carrying with it provision to increase the strength of the standing army from 118,000 to 165,000 men.

THOMAS BRADSHAW AND MAYOR McGEER ARE IN DEADLOCK ON INTEREST

VANCOUVER, March 9: (CP)—In the report of Thomas Bradshaw, Toronto expert, who investigated the city's finances, no recommendation is made for reduction of interest rates in Vancouver's bonded debt. Mayor McGeer takes issue with the report and proposes to cut the interest by direct action and precipitate an immediate showdown.

State Completes Its Case In Trial of Samuel Insull

SMALL BOY MURDERED

Intensive Manhunt on For Perpetrator of Cruel Killing In Ypsilanti, Mich.

YPSILANTI, Mich., March 9:—An intensive manhunt was on throughout the state of Michigan yesterday following the discovery of the brutal murder of Richard Striker, seven-year old son of an official of a tool and dye factory here. The body of the boy, who disappeared while returning home from school Thursday, was found under a footbridge leading to a small island in the Huron River. He had been done to death by a series of stab wounds forming the shape of a cross in throat and chest.

PRINCE RUPERT PIONEERS' ASSOCIATION

Has Played Important Part in City Since Early Days; First and Present Officers

Organized on July 1, 1914, the Prince Rupert Pioneers' Association since that time has played a consistently important part in maintaining the traditions of the good old early days in Prince Rupert and in recording the history of this community since its inception. With the co-operation of the Junior Section of the Prince Rupert Chamber of Commerce, the Pioneers' Association is responsible for the special celebration this year of the twenty-fifth anniversary of the incorporation of the city. The anniversary actually falls tomorrow but it will be duly observed at the banquet to be held Monday evening. This annual banquet is a regular, established function as far as the Pioneers' Association is concerned but the organization also carries on other activities of importance.

Membership in the Prince Rupert Pioneers' Association is open to those who became residents of Prince Rupert during or before the years of incorporation and, as may be expected, the enrolment is somewhat cosmopolitan, consisting of those who have shared with each other adversity and prosperity, irrespective of station or calling in life and apart from race or religious or political leaning. No doubt this is largely responsible for the undiminished enthusiasm of its membership and the broad and comprehensive sphere of its usefulness.

First Officers

The first officers of the Prince Rupert Pioneers' Association in 1914 were:

President, David H. Hays;
Vice-president, William Manson,
Secretary - treasurer, Arthur Cuthbert.

Executive—D. W. Morrissey, John Dybhavn and A. J. Galland.
Membership committee—F. W. Hart, W. R. Morrison and Arthur Cuthbert.

Present Officers

The present officers of the association are:
President, P. W. Anderson.

**First Civic Election
Held on May 19, 1910**

While March 19 is the actual anniversary of Prince Rupert's incorporation, it was not until May 19, 1910, that the first election was held. Old timers still recall it as the hottest political fight ever waged in this town. Fred Stork was elected mayor in a keen contest with William Manson who the next year defeated the late Frank Mobley to become the city's second chief magistrate.

Vice-president, Robert McKay.
Treasurer, F. W. Wesch.
Secretary, A. O. Franks.
Executive—Henri Letourneau, Fred Riffon, H. B. Eastman, G. W. Johnstone, Mrs. J. G. Viereck and A. J. Prudhomme.

PIONEERS LEADERS

All Mayors of Prince Rupert Have Been Chosen From Ranks Of Early Arrivals

Prince Rupert has consistently chosen the heads of its municipal affairs from among its pioneer citizens. Every man who has served as chief magistrate here has been a resident since before the incorporation. City Commissioner W. J. Alder, who has been in charge since May 15, 1933, is also a qualified pioneer.

The late S. M. Newton held the record of length of service as mayor of Prince Rupert with eight years. Incidentally, he is the only mayor of the city who has passed beyond. Mayors of Prince Rupert who still reside here are M. P. McCaffery, Thomas McClymont, H. B. Rochester, C. H. Orme and M. M. Stephens. Technically, T. D. Pattullo is still a resident of Prince Rupert, being Member of the Legislature for this seat although his duties as Prime Minister of British Columbia require him to reside in Victoria.

Alfred Stork, first mayor of the city, now lives in retirement in Brampton, Ont.; William Manson, second mayor, is in Vancouver, in which city Lieut.-Col S. P. McMordie also now resides.

Mayors Since Incorporation
Mayors since incorporation have been as follows:

- 1910—Alfred Stork.
- 1911—William Manson.
- 1912—S. M. Newton.
- 1913—T. D. Pattullo.
- 1914 and 1915—S. M. Newton.
- 1916 and 1917—M. P. McCaffery.
- 1918, 1919 and 1920—T. McClymont.
- 1921 and 1922—H. B. Rochester.
- 1923, 1924, 1925, 1926 and 1927—S. M. Newton.
- 1928 and 1929—S. P. McMordie.
- 1930, 1931 and 1932—C. H. Orme.
- 1933 to May 15—M. M. Stephens.
- Since May 15, 1933—Commissioner appointed (W. J. Alder).

Judge William Edward Fisher was the first lawyer to nail up his shingle in Prince Rupert, having landed in town in May 1907 from Atlin. He carried on the profession here until two years ago when he was appointed to the bench which he now occupies with honor and dignity.

First Mayor of Prince Rupert

ALFRED STORK

Following incorporation of the city in 1910, Prince Rupert citizens chose for their first mayor Fred Stork who had also been first mayor of the city of Fernie whence he came here in 1908 among the early pioneers. In 1922, Mr. Stork was elected Member of the Canadian House of Commons for Skeena and represented the seat at Ottawa until 1926. A few years ago, he moved to Ontario and now lives in retirement near Toronto.

Last Mayor of Prince Rupert

M. M. STEPHENS

M. M. Stephens, who served as mayor of Prince Rupert for the early part of 1933 before the city reverted to a commissionership, came here in 1908 from Phoenix. He was instrumental in the organization of the Prince Rupert Board of Trade and was its first secretary. Always taking a keen interest in civic affairs, he served as alderman for five years. Ever courageous in the advocacy of principles of efficiency and economy, the citizens turned to him in the extremity of the depression and swept him into office as mayor in 1933. He and his council saw in the appointment of a commissioner the only way out and acted accordingly.

PRINCE RUPERT'S SILVER JUBILEE

Twenty five years ago the City of Prince Rupert was incorporated. At that time there was great enthusiasm. People were here to make their fortunes in a short time with the expectation of leaving as soon as they had made their clean-up. There were few streets and sidewalks, none permanent, and the people all lived in the future. Present hardships were ignored in anticipation of a heaven of prosperity to come.

Of course things did not turn out the way it was expected. The land boom burst and immediately afterwards the war started, the leading spirit in the All-Red route through Prince Rupert went down in the Titanic, the male part of the population left for Europe to do their part in the great conflict and the city declined into a little fishing village, bolstered up later by wartime shipbuilding.

Since that time there has been a more or less steady development until the depression once more set us back. But again we are seeing visions and dreaming dreams of greatness in the near future. Last year's improvement in the fishing business was a great help. A new cold storage plant and ice factory was built. Logging on the Queen Charlotte Islands improved and mining at various points showed considerable advances. There has been more grain shipping. Now we are looking for and expecting other industries. We are receiving encouraging reports which indicate the probability that Prince Rupert will come to life in a big way in the near future. We are all looking for it and hoping for it and some are working for it.

Little setbacks are bound to occur in the movement toward better conditions. The quiet two months with which the present year opened are an example of what may be expected from time to time. In spite of these difficult intervals there is every indication that we shall make progress this year, even if there is no outstanding happening.

INFLUENCE OF OLD TIMERS

We still have with us many of the old timers who were here at the founding of the city. We are happy to say many of them are as full of hope as they were at that time. A few have been soured by time and the weariness which comes of hope deferred. They were a fine lot of men and women, these pioneers of Prince Rupert, far above the average of pioneers of any city. They are today men of character, mellowed somewhat by the experiences through which they have passed, but ready when the day comes to take their places once more in the vanguard of the city and do their bit in bringing about the good times that all expect.

Ford Dealers Prince Rupert
March 9, 1935

Dear Sir or Madam:—
It's always news when Henry Ford introduces a new car. Three years ago he startled the automobile industry by bringing out a V-8 at a low price. For 1935 he's presenting CENTER-POISE RIDING—an important advance in motor car comfort. It makes the ride a glide.
The reason for the remarkable comfort of the new Ford V-8 is a fundamental change in automobile design, with new weight distribution, new seat position and new developments in spring suspension. You ride forward, toward the center of the car—away from the rear axle and away from the bumps. Hence the name Center-Poise Riding. For almost the first time a car has been specially designed to give real comfort to the back seat passengers.
The wider, longer, roomier New Ford V-8 is now ready for delivery. You are invited to call at our office for full particulars and learn the full story of its distinctive new features, including the new easy-pressure clutch and newly designed self-centering brakes.
The combination of fine-car comfort and fine-car performance makes it an outstanding value. The luxuriousness of its upholstery and appointments has never been approached in a low-priced car.

Very truly yours,
S. E. PARKER LTD.

Prince Rupert's first school was opened in January 1908 with an enrollment of ten pupils, sufficient youngsters for the school being mastered with some difficulty. The first teacher was Miss Johnson and she conducted her pioneer pedagogy in temporary quarters.

Any mention of pioneer affairs would be incomplete without reference to that pioneer of pioneers, Frank W. Hart, who has been identified with more cities in the making than possibly any other. Mr. Hart came here in 1908 and has made his home here ever since. It was a pleasure to see him downtown again this week after having not been so well of late. Having left for Victoria last night on the Princess Adelaide, he will not be able to attend the pioneer banquet on Monday night. Incidentally, he is planning to take part in the Golden Jubilee celebration of the city of Vancouver next year.

From the Prince Rupert Optimist, predecessor of the Daily News

A. J. Prudhomme has just started work on the new eight-room school building on Seventh Avenue East. September 1 is the date set for completion.

O. M. Helgeson is having plans prepared for a two-storey business block at the northwest corner of Third Avenue and Sixth Street.

H. S. Wallace, Rossland merchant, who arrived in the city recently, has leased the double corner at the southeast of Third Avenue and Fulton Street from Peter Scott and will erect a two-storey business building. On the ground floor he will open up a departmental store on May 1.

W. W. C. Mehan, superintendent of the mountain division of the Grand Trunk Pacific Railway, arrived in Prince Rupert to make his headquarters. Track-laying out of here is now well under way and work in the local yards is about to commence. The steamer Cape Breton is here with a cargo of rails.

The Bank of British North America will start construction immediately of a bank building on its property on Fulton Street at the corner of Third Avenue.

I. O. D. E. WORK LAST YEAR

Activities Reviewed in Report of Secretary at Annual Meeting

Work of Municipal Chapter, Imperial Order, Daughters of the Empire, during the past year was reviewed in the secretary's report at the annual meeting Thursday night as follows:
"During the year nine regular and two special meetings were held; minimum attendance was 14 and maximum, 25. Aggregate representations from primary chapters were as follows: Queen Mary, 47; Hill 60, 36; Cambrai, 19.
"Under the Canadian Legion, in unison, the members attended the Amistice Memorial service at which time the various chapters placed wreaths on cenotaph. Members also attended the yearly inter-divisional service held May 27 at Baptist Church.
The regular Empire Day celebration took place on May 23 when children from public schools assembled at the local theatre and listened to an interesting patriotic address and musical program. Through the courtesy of the Capitol Theatre management a film was also shown on this occasion.
"During the year Municipal Chapter raised \$563.73: Queen Mary Chapter, \$185.69; Hill 60 Chapter, \$157.10; Cambrai Chapter, \$359.68. Total receipts were \$1265.89.
"These monies were used in making payments on property taxes, maintenance and operation of I. O. D. E. Hall, also donations to needy families, chiefly provisions, clothing, shoes and fuel.
"All chapters presented cash burials to pupils ranking highest in June examinations. Six book prizes were also presented to pupils under classification of history and literature subjects.
"The usual form of impressive Decoration Day service was held at Fairview Cemetery Sunday, June 27, with Queen Mary Chapter in charge. Daughters of the Empire, together with members of the Canadian Legion, were in attendance. The chapter has now placed 45 markers on returned soldiers' graves. The supplying of these markers, together with reconditioning expenses, represent an expenditure of \$1425.00.
"The chapter carried on a house to house campaign for the blind. Members were assigned to the different sections of the city. When collections were made, proceeds amounted to \$555.61.
"During the visit of the H. M. S. Danae, the chapter tendered a reception for the city to the ship's company which entertainment proved a decided success.
"All chapters have a ward in the local hospital. Such wards are re-equipped and re-supplied with furnishings from time to time, as deemed necessary.
"The chapter this past year met with difficulties in the way of financing the I. O. D. E. Building. The consensus of opinion was to offer it for rental with the result that it has been leased for a period of three years, beginning March 15.
"While the order shows a decrease in revenue for the year ending February 1935, I would point out that from proceeds of \$1265.89 less than \$100 has been expended out of our own city, which amount we are obligated to send to our national and provincial offices."
C. J. Lundquist of Hays Cove Circle and his daughter, Miss Clara Lundquist, returned to the city on the Princess Adelaide yesterday afternoon from a trip to Seattle. Miss Lundquist spent the winter in the south and made a motor trip to California.
J. J. Hillard, well known northern United States customs officer, arrived in the city on the Prince George Thursday night from Hyder, where he has been relieving for the past few weeks, and will sail tomorrow aboard the Princess Norah for his headquarters in Juneau.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last night in the hospital. It was a brief session and business was largely of routine nature. Those present were S. D. Macdonald, president; W. J. Alder, city commissioner; Frank Dobb, G. P. Tinker; Dr. R. G. Large, W. M. Brown and G. V. Wilkinson, directors; H. W. Birch, managing secretary, and Miss Jean Harrison, R.N., lady superintendent.

Hospital Board To Hold on Property

Will Pay Taxes on Section Seven Parcel Following Cut In Assessment

In view of a reduction in assessment of from \$2385 to \$1500 having been granted at the civic court of revision, members of the hospital board, at the regular monthly meeting last night, agreed that they should continue to hold on to the property by paying of taxes on a parcel of land on Overlook Street in Section 7.
City Commissioner W. J. Alder, who was in attendance at the meeting, felt that the board would be well advised to hold on to the property. Some time it would be necessary to build a new hospital and he believed that this would be an excellent site. The taxes would not exceed \$75.

Hospitalization Contract System

Board to Consider Reviving Plan Which Operated With Success Here Before War

The question of instituting a contract system in connection with the Prince Rupert General Hospital whereby persons who pay a regular monthly fee would be entitled to receive free medical and hospital treatment in the hospital when necessary was brought up at last night's hospital board meeting and, after some discussion, referred to the executive committee for report upon the practicability of instituting some such scheme here. Mr. Brown referred to how such a system was working to advantage in Kamloops and Port Alberni.
President S. D. Macdonald recalled how the plan had worked with success here prior to the war when Dr. J. T. Wall had been here, having been discontinued only when Dr. Wall left to go overseas. Mr. Macdonald was favorable to considering the idea of reviving the plan.

NOW SORE THROAT EASED IN LESS THAN 3 MINUTES!

Rawness, Irritation Go at Once Note Directions for New Instant Treatment

Incredible as it may seem, doctors are now prescribing a way that relieves raw, painful sore throat in as little as 2 to 3 minutes!

All you do is crush and stir 3 Aspirin tablets in 1/2 glass of water and gargle with it twice.

Aspirin tablets disintegrate so completely no irritating particles are left. Results are immediate. At once soreness is eased—discomfort allayed.

Everywhere throat specialists urge this fundamental treatment instead of less effective old-time "washes" and "antiseptics." Remember this. And when you buy, see that you get ASPIRIN. It is made in Canada and all druggists have it. Look for the name Bayer on every Aspirin tablet. Aspirin is the trade mark of the Bayer Company, Limited.

2. Gargle thoroughly—throw head way back, allowing a little to trickle down throat. Repeat—do not rinse mouth.

3. If you have signs of a head or chest cold take 2 Aspirin tablets—drink 4 full glass of water. Repeat in 2 hours.

Slow Start in Fishing This Year Makes Waterfront Unusually Quiet—Weather is Having Adverse Effect—No Fresh Halibut Yet

It is many years since various lines of fishing out of Prince Rupert have been so slow in getting started as this spring. With the halibut fleet decided not to start the season's operations until April 1, and some uncertainty existing as to the extent of their activity even at that time, a spell of strong northwesterly winds during the past week has prevented salmon trolling activities around Port Simpson while an unseasonable cold snap has slowed up the herring fishing. The Prince Rupert waterfront is experiencing one of the quietest springs it has had in many a day.

In spite of the decision of the regular fleet not to start out with the opening of legal fishing on March 1, it had been expected that a few small boats would have been in within a few days of the opening with small parcels of fresh halibut for the local market. The rough weather off Port Simpson has prevented even this but it is expected that Indian fishermen may be landing halibut within a few days.

There has been a noticeable scarcity of spring salmon around Port Simpson this spring. Few if any of these succulent fish are being taken there, the odd one that is finding its way to the Prince Rupert market originating for the most part elsewhere, some right in Prince Rupert harbor.

The cold and windy weather caused the herring to scatter this week but Capt. R. Gammon is still fishing for the fourth straight week right in Prince Rupert harbor. Capt. Gammon is still taking the fish for the Nelson Bros. Ltd. reduction plant. Having filled the bait requirements of the Canadian Fish & Cold Storage Co. for the season, Capt. Ole Skog has ceased seining with the Fredelia for that company.

A new water main is now in process of being laid along the waterfront to the rear of the Government Wharf alongside the railway track and roadway.

Union steamer Venture, Capt. Ernest Georgeson, delayed by having to make a monthly call at Kitimat on her way up the coast, arrived in port from the south at 7:45 this morning and sailed soon hereafter on her return to Vancouver and waypoints. This is the 1st voyage of the Venture on this run. For some weeks she has been relieving the steamer Cardena which will be back on the route again next week.

DIES AT SIMPSON

Native Community Mourns Passing Of Hazekiah Wesley at Age Of Forty-Eight Years

PORT SIMPSON, March 9:—After an illness of only three days, death last Saturday removed Hazekiah Wesley, aged 48, one of Port Simpson's best known and most highly esteemed native residents. He was born here and had made his home in the village all his life, following the occupation of a fisherman. His wife predeceased him in 1918 but he is survived by three daughters, Mrs. Charles Moraes, Mrs. Gus Leighton and Miss Rena Wesley, all of Port Simpson. There are also five sisters, Mrs. Esther Sankey of Vancouver, Mrs. Mabel Elder of New Westminster, Mrs. Gus Webster of Port Simpson, Miss Salome Wesley of Prince Rupert and Mrs. Nellie Clayton of Vancouver. Deceased belonged to the Y. P. E. A. and was a member of the Port Simpson Band and the United Church choir.

The entire population of the village paid tribute to the memory of deceased at the funeral which took place on Tuesday from the local United Church with Rev. R. J. Love officiating.

There were numerous floral tributes at the funeral, among those sending flowers being His Sisters and Daughters, Mrs. Henry Brentzen, Port Simpson Athletic Club, Ivy Guild, Mr. and Mrs. P. H. Wesley, Mr. and Mrs. Jack Moraes, Mr. and Mrs. William Beynon and family, Young People's Educational Association, Mr. and Mrs. George P.
