NEW TRADE DEAL FOR B.C. IS URGED ANOTHER FLIGHT ACROSS ATLANTIC BEING ATTEMPTED

If Western Canada was Getting Its Just Due, It Would Be Debt Free

So Declares Byron Johnson in Legislature in Appealing For Revision of Province's Position With Dominion; Mrs. Steeves Hakes Her Maiden Speech

VICTORIA, Feb. 16: (CP)—"If we were trading properly, Western Canada wouldn't owe a dollar to anyone and our bonded indebtedness would be wiped out in no time," declared Byron Johnson, Liberal member for Victoria, in appealing to the Legislature yesterday for revision of British Columbia's trading position with the Dominion. "It's not that I blame Eastern Canada for selling us as much as it can at the highest figure it can get but I blame policies of the Dominion which force us to pay such high prices," Mr. Johnson declared.

HEAD OF STORAGE RETIRES

T. H. Johnson to Relinquish General Managership—Col. Nicholls Successor

T. H. Johnson, general manager of the Canadian Fish & Cold Storage Company, announced this morning that he would be retiring from his present position at the end of the year and Col. J. W. Nicholls, comptroller of the company, would take his place as manager.

Mr. Johnson, who has been general manager of the company for the past twenty-one years, will remain in Prince Rupert until the end of the year. His departure after that time will be regretted by a great many friends and business associates.

Mr. Winslow, since he left here, has been secretary of the canned salmon and the meal, oil and salt fish sections of the Canadian Manufacturers' Association with headquarters in Vancouver and for the past few months has been secretary and executive officer of the B. C. Salt Fish Board. It is understood that he will be moving to Prince Rupert before the fishing season commences.

Discussing the halibut situation this morning, Mr. Johnson said the frozen stock had not been moving quite as well of late, the demand, especially in the United States, having slackened off. He thought it a good move to delay the opening of the season.

Alberta Hit By Snowstorms

Twenty-five thousand panes of glass crashed down when six greenhouses collapsed under the weight of an eight-inch snow which fell in as many hours in Edmonton, adding greatly to the already near-record depth. The heavy blanket, falling when it did, just at the end of a month of real sub zero weather when the mercury slipped to 44 below, greatly hampered the work of crews repairing frozen sewer and watermains.

BALL HELD BY MASON'S

One Hundred and Fifty Persons Present at Craft's Annual Affair Last Night

The annual Masonic Ball last night in the banquet hall of the Masonic Temple was, as usual, one of the outstanding affairs of the local social season. There were about 150 persons present and the event was as completely enjoyable as any of its kind which has been previously held. The hall had been attractively decorated under direction of A. S. Nickerson and E. J. Smith with Masonic and St. Valentine's adornments.

At 9:30 the proceedings opened with the Grand March led by G. V. Wilkinson, master of Tsimpsaan Lodge, and Mrs. Wilkinson and W. R. McAfee, master of Tyee Lodge, and Mrs. G. H. Munro. From then on until 2:30 a.m. dancing continued in full swing with splendid music by Mrs. J. S. Black's Orchestra. G. H. Munro performed his duties as master of ceremonies in a genial and capable manner.

Delicious refreshments were served at midnight with Thomas Andrews, who was in charge of this important feature, leaving nothing to be desired.

The committee responsible for the success of the affair consisted of C. V. Eviit, chairman, Alex McAfee, G. E. Phillipson, S. A. Bird, J. S. Nelson and A. S. Nickerson.

PROMINENT MEN COMING

Primate of Church of England in Canada and Sir Henry Drayton Expected in March

Prince Rupert is to have a visit next month from two very prominent Canadians. Sir Henry Drayton, one of the leading laymen of the Church of England in Canada, is expected to accompany Most Reverend Derwin T. Owen, Archbishop of Toronto and primate of the church throughout Canada, on a tour of the west which it is expected will include a two-day visit to Prince Rupert in connection with the completion of the restoration fund.

The visit is to be made March 27 and 28, the prime purpose being an aspirational conference with the people of the church in this city. On the second day, doubtless, the two distinguished visitors will be entertained by some local organization or organizations. Thursday is the Rotary Club luncheon day but it is understood no definite plans have yet been made as to what form the entertainment will take.

Observe Their Golden Wedding

Mr. and Mrs. R. F. Perry Had Been Married Fifty Years Yesterday—Lived Here Nearly Half of Time

Ex-Ald. and Mrs. R. F. Perry, well known and popular pioneer residents of Prince Rupert, yesterday celebrated the golden anniversary of their marriage which took place on February 15, 1885, at the Roman Catholic Church in Port Arthur, Ont. Owing to the fact that Mr. Perry has not been in the best of health of late, the occasion was quietly observed although many friends tendered their heartiest congratulations and best wishes. Before her marriage, Mrs. Perry was Miss Alice McCarthy of Port Arthur. Mr. Perry, when married, was in the contracting business, later joining the service of the Grand Trunk Pacific (later the Canadian National) Railway from which he retired a few years ago after having been B. and B. foreman here for many years. For twenty-three years Mr. and Mrs. Perry have made their home in Prince Rupert.

Mr. and Mrs. Perry have three children—Mrs. Ernestine Rooney of Taft, Cal.; Mrs. Kathleen Wakefield of Stewart, and Ernest Perry of Prince Rupert. There are seven grandchildren.

Nautical Message By Pastor Barnes

Procrastination Will Cause Eternal Death For Millions

A good sized crowd was in attendance at the Pentecostal Assembly last night to hear Superintendent J. E. Barnes deliver a helpful and interesting nautical message. He recounted some of his varied experiences on the seas, one during the Great War when he was on board the huge liner Olympic on his way back on leave of absence, when at midnight they were attacked by an enemy submarine. His two sergeant companions in the same cabin tried to persuade him to get up and dress as there was danger. In spite of the unpleasant situation, however, he remained below, until startled suddenly by the realization that he was alone and that everyone had fled to the decks. Then he, too, jumped up, hurriedly dressed and tried to make his way to safety only to find that the great water-tight compartment doors had been closed and that he was a prisoner. Fortunately everything turned out all right, but, pointed out Mr. Barnes, procrastination in accepting the only way of escape from the wrath of God would be the cause of the eternal death of millions.

Pastor Barnes will continue his messages tomorrow.

COMPLETE AUTONOMY IS SOUGHT BY INDIA

BOMBAY, Feb. 16.—The India State Council has decided to demand of the British government a more definite plan of self-government for India than is at present offered which it is declared means only that India some day in the future may be permitted to govern herself. India wants definite provision that it is to be made a full-fledged self-governing Dominion like Canada, Australia, South Africa and New Zealand.

TAKEN SERIOUSLY

When the Townsend plan of providing every person in the United States over 60 years of age a regular pension of \$200 a month which he must spend during the month was first proposed everybody smiled and thought it just a passing fad. The plan was taken up by lawyers and other professional men, by people of all sorts and conditions and huge petitions were sent to Congress advocating the scheme. Then notice was taken of it.

While we are not prepared to endorse a scheme of that kind, which is one of the most radical yet propounded anywhere, yet, even in Prince Rupert there are a number of people, even businessmen, who are inclined to favor something of the sort, possibly in a smaller way. In the States it is proposed to finance the payments through a general sales tax sufficiently high to cover it. In Canada we already have a high sales tax, so that part of the plan is out of the question.

LEARNED BRIDGE HERE

A recent newspaper article tells of Ely Culbertson, the bridge expert, who got at least some of his card experience when acting as timekeeper to a railway gang not far from Prince Rupert during the construction of the Grand Trunk Pacific Railway. It was about that time he was arrested by the Mounted Police as a dangerous radical. Many other experiences prepared him for the work of teaching the world to play bridge. It is curious what tricks fortune plays with us in this world. Capitalism may be iniquitous as some of our friends tell us but it is often good sport.

The famous New Metlakatla (Alaska) basketball team is to visit Prince Rupert tonight and will play a game against a specially strengthened Moose Senior League team. The New Metlakatla team is composed of collegiate players and its presence will give the Prince Rupert fans an idea of what chance the home team may have against southern players. The New Metlakatla team has been visiting Port Simpson and special arrangements were made by the executive of the Prince Rupert Basketball Association to have it come here. A further series of games may be arranged later. High School and Canadian Legion will meet in the curtain raiser.

Canadian National Recreation Association lost to the Grotto in the Senior basketball tilt Thursday night by a score of 39-43. It was the best game of the evening although both teams were without their respective stars, Lambie and Ratchford. Stalker staged a comeback by scoring 16 points which was the reason why the Train Crew lost. The game was fast right from the opening gun and the teams were tied 11-11 after six minutes of playing. When the hooter hoisted for the lemon and orange interval the Cigar hoopers were on the short end of a 19-15 count. After the breather, Stalker and his cagers tied it up 19-all and, with fifteen minutes to go, they were all square at 21 apiece. Then the Grotto took the lead. The C. N. R. A. tied it up with four minutes to go, only to lose out.

The Warriors lost to the High School in the Intermediate fixture 37-23. The first half was close with the Warriors on the short end of a 13-11 score. When the play resumed the Warriors dropped out of the picture and were 14 points behind at the finish.

The Grottettes, minus their star centre, Smith, lost to Annette's 3-15 in the Ladies' League. Stone and Ratchford turned in a perfect performance for the Mannequins while Croxford and Dickens did the scoring for the Grottettes.

Scythians defeated the Junior High School team 31-14 in a free-scoring game. The Scythians had things their own way in the first half with a shutout while they got 16 points themselves.

Be Sensible about the FLU

With every epidemic of influenza comes an epidemic of advice. But if you have the flu—or you even suspect its presence—there's just one thing to do. Call a doctor immediately.

There are, however, some simple and sensible precautions everyone should take at this time. Try to keep in good physical condition. Guard against colds or sore throat by avoiding contact with all coughers and sneezers. The germs of disease will often fasten upon the man or woman

whose vitality has been lowered by a severe cold or gripe.

If you should catch a cold or feel grippy, "Aspirin" will help fight it. Keep a supply of "Aspirin" tablets in the house and take them according to directions at the first sign of any cold. Crush three "Aspirin" tablets in a glass of water and gargle as directed, if there is any soreness of the throat or hoarseness.

Above all, don't delay calling your doctor if you have reason to suspect that you may have caught the flu.

"ASPIRIN" should be in every home

Halibut Fishing Not to Start Until March 15—Quota Limit Set at 46,000,000 Pounds—Dr. Neal Carter Becomes Full Fledged Member of Mystic Order

It is now expected here that the 1935 halibut fishing season on the Pacific Coast will not actually commence until March 15, two weeks after the legal date for the opening of the season as set by the International Fisheries Commission. According to information here, the buyers of halibut on the coast have suggested to the operators that it would be to their best interests, as far as prices are concerned, to defer the placing of fresh fish on the market until after a further chance has been given to clear out frozen stocks which have not been moving as rapidly of late as might have been hoped for. It has been suggested by the buyers that the frozen fish situation might be somewhat improved by March 15. Prince Rupert boat owners and fishermen, it seems, have all but formally decided to accept the suggestion of the buyers and fall in line with the Seattle interests which, it is understood, have decided to remain in port until the middle of March. Final decision on this point will, it is expected, be made at a conference to be held next Tuesday in Seattle between the fish buyers and the boat owners and fishermen. Capt. George Fritz left Thursday night for the south to act as representative of Prince Rupert boat owners and fishermen at this meeting. Meantime work preparatory to the commencement of fishing operations is going ahead here as well as at other points on the coast.

The seineboat Zenardi, Capt. R. Gammon, has been netting herring right in Prince Rupert Harbor for the better part of this week and is reported to have taken something like five hundred tons for the reduction plant of Nelson Bros. Fisheries Limited. Capt. Ole Skog also made a few sets in the harbor with the Fredella during the week. He is seining for the Canadian Fish & Cold Storage Co. for halibut bait purposes. Some of the herring taken by the Zenardi went into the plant of the Northern Fishermen's Cold Storage to be frozen for bait. While the herring have been running, trollers have also been busy in the harbor and a few fine spring salmon have been taken.

It is reported that boat owners and fishermen have re-opened the question of disposal of halibut livers this season and that no tenders have, as yet, been actually accepted. This is another matter that will have to be cleared up before the halibut fishing season opens.

The coast freighter Salvor, Capt. Albert Georgeson, arrived in port at 2 o'clock yesterday afternoon from Vancouver with general cargo including freight for the Canadian Fish & Cold Storage Co.

Neal Rides the Goat

There were mystic rites at Departure Bay, Vancouver Island, recently when Dr. Neal Carter was duly initiated into the Ancient and Honorable Order of Sea Serpent Worshippers with Dr. W. A. Clemens, Dr. C. McC. Motley and J. P. Tully acting as the three high priests at the awe-inspiring and fearful ceremony. We had wondered why our good friend had looked so sheepish and washed out when he arrived home from the south recently. He had at first tried to pass it off by blaming the Vancouver weather and talking about trudging neck deep in snowdrifts and swimming along Granville and Hastings Street. Murder will out, however, and the Whiff Man was able to ascertain this week the real reason for it all. Neal, it seems, had been riding

goats, seeing marine spooks and otherwise flirring with the dreadful and supernatural. Investigation is proceeding and we hope in the near future to make such progress as will enable us to expose the secrets and mysteries of the order and disclose them to our dear public. In other words, we might suggest to our readers that we are hot on the trail of nothing less than the ritual itself and that these columns at an early date may reveal further interesting adventures of the chief of the local fisheries experimental station in the nether regions of the Sea Serpent Worshippers.

Copies of the Pacific Halibut Fishery Regulations for the 1935 season as set by the International Fisheries Commission have come to hand. As already announced March 1 has been set as the date for the legal opening of fishing operations this year. The catch of halibut to be taken during the year 1935 and up to the end of February 1936 from Area No. 2 shall be limited to approximately 21,700,000 pounds of saleable halibut and from Area No. 3 to approximately 24,300,000 pounds or, if the Commission shall at any time so decide, the catch shall be limited separately in Areas No. 2 and 3 not, however, exceeding a combined total of 46,000,000 pounds from the two areas. The Commission shall as early in the year as possible determine and announce the dates on which it deems such catch limits shall be reached.

Returning to service after having been off the run for a week relieving the Chelohsin, which had been out of commission following her recent collision with the Princess Charlotte outside of Vancouver Harbor, Union steamer Venture, Capt. Ernest Georgeson, arrived in port at 3:45 this morning from the south and sailed a couple of hours later on her return to Vancouver and waypoints.

Loggers returning to the reopening Queen Charlotte Island camps constituted the larger portion of passengers aboard the steamer Prince Charles on her departure last night for the Islands. Some
