day's ride, and then after a rest the darkness. finish. The first day brought the for many years to come. party to Walch's ranch at the Tl-El River, after seven and a half hours ride over the new trail from Charlotte City.

From Tl-El which was left at 8 a.m., Mexican Tom's ranch was made at 2.50 p.m. The storm by that time had arisen, and the Mexican's horse was all in. After a rest till 8 p.m. to allow of fording the tidal rivers, a start was again made at the height of the storm to make a night ride along the coast to Tow Hill. Mexican had a new mount, and led his black stallion, Marquis, as a precaution against accident.

Only one accident occurred, France's Reply to Germany in jumping a log in the darkness. Rounding Rose Spit in the storm and darkness the travellers trusted to the horses finding the trail. reached at 11.15. The Prince Pantorium Pioneer Cleaners, Phone

BANK BURGLARS MAKE A HUGE HAUL

(Canadian Press Despatch)

New Westminster, September 16.—What constitutes the largest and most successful robbery in the history of the American continent, was pulled off in the early hours of Friday morning. Three or four men entered the Bank of Montreal about midnight, when the clerk left, blew the safe and secured two hundred and fifty-eight thousand dollars. Over twenty thousand of this was in gold, one hundred and fifty thousand in five and ten dollar bills, and the remainder in larger denominations.

The Chinese janitor entered the bank at four o'clock. He was seized, bound, gagged and thrown into the basement, where he remained until six o'clock when he got free and informed the police.

The perpetrators made a successful get away. They were apparently familiar with the premises. The door of the safe was blown clear. Over thirty thousand dollars in gold and silver and bills were scattered over the premises by the force of the explosion. The furniture was badly damaged. The night was very dark, raining and windy. There is absolutely no trace of the burglars.

RELATIVE TRADE AND TARIFFS

A seeming reason advanced against the simultaneous removal of tariffs on natural products is that larger quantities of these goods are now shipped from the United States to Canada than from Canada customers have visited our closing to the United States. The argument is in its basic assumption invalid, sale and were completely surprised Crow Lake, thence northerly and for no matter how the relative volume of purchases and sales may at the rare bargains we are offering to Crow Lake and Kutzeymateen Inlet develop, both countries would benefit by the removal of obstruction. on every line of merchandise we more or less. Located August 7, 1911. Good roads, which are simply the removal of obstructions, benefit carry. Many of them have pur- Pub. Aug. 12. both city and country, though they be used entirely to bring goods chased their Christmas Gifts from country to city or from city to country.

But accepting the fallacious basis of the argument for the benefit great saving of about one hundred and of those who think it injurious to buy and beneficial only to sell, there percent they are making. are no grounds for alarm at the proposed tariff removals. American Such an opportunity cannot south 40 chains, thence west sales in Canada have exceeded Canadian sales in the United States come to the citizens of Rupert largely because the American tariff has been more absurdly obstructive again this season. than our own. Canadian products that might have been sold in the United States to the benefit of both buyer and seller have been forced to the British market, where they proportionately displaced American goods and lowered American prices. Wheat, for example, is taxed twenty-five cents per bushel on entering the United Stat3es from Canada and "only" twelve cents on entering Canada from the United States. Yet by the latest annual return Canada imported 54,964 bushels from the United States and exported 152,383 bushels to that UA U UA U LUALU country, which goes to show that Canada had the wheat to sell and the Americans wanted it. The balance will be increased when twenty- \$30.00 Ladies' Hand Bags \$18.00 five cents per bushel is taken off the American duty and twelve cents off the Canadian.

Theorists who imagine two nations are two individuals trading must be puzzled to learn that each bought wheat from and sold wheat to the other. But this international trade is not between two individuals, but between millions of people living adjacent along four thousand miles of boundary. A man in Vancouver might find it beneficial to buy from a man in Seattle the same line of goods that a man in Boston might buy from some one in St. John, N. B. Relief anywhere must be mutually beneficial, and as the Americans are making the greater tariff reductions on natural products the increase in exports to the United States will probably be greater than the increase in imports from that country. We have a convincing proof of that in the American duty on cream, which through a typographical error was changed from five cents per pound to five cents per gallon. As a result of the change Canada's export of milk and fresh cream to the United States increased from a comparatively trifling total of \$8,256 in the year ending with March, 1909, to \$1,731,393 in the year ending with March last.

Similar changes mutually beneficial will follow the removals \$2.00 Razors. agreed upon. The American duty on oats is fifteen cents per bushel and the Canadian ten cents. The barley duty is thirty cents in the Extra Saturday Even-United States and fifteen cents in Canada. The duty on peas is twentyfive cents and fifteen cents per bushel, and on beans forty-five cents and twenty-five cents per bushel, respectively. Indian corn now pays fifteen cents per bushel in the United States and is free in Canada. After Four O'clock Today We Will In hay the duty is \$4 per ton in the United States and \$2 per ton in Canada. Potatoes are taxed twenty-five cents and twenty cents \$6.00 Kitchen Clocks per bushel, respectively. The apple duty is seventy-five cents per barrel in the United States and forty cents per barrel in Canada. Obviously the throwing off of these many similar duties will make a lows: greater increase in the volume of profitable American purchases than \$40.00 Gilt Clocks. in the volume of profitable Canadian purchases. Many of the rates are difficult to compare on account of different systems, and in a few cases the Canadian duties are higher, but the American reductions are in the aggregate far greater because their obstructions have been more extreme. This should relieve all fear as to the relative quantities of goods that will be permitted to pass both ways when the obstructions are removed.

Henri Bourassa-upon whose anti-British, down-with-the-navy Just the thing for Wedding Gifts. propaganda the whole hope of Conservative victory rests-prefers not to discuss reciprocity. He says it is not the issue. Mr. Bourassa Sterling Silver, is being sold at is himslef in favor of reciprocity. In his pamphlet on reciprocity he about HALF PRICE. expressed this opinion:

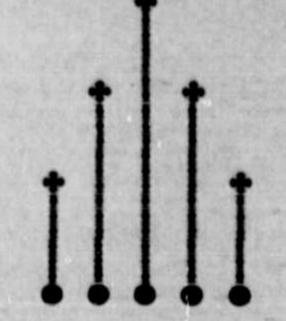

"The essential conditions of our economic situation cannot and all lines of Small Jewellery are be ignored. The majority of the Canadian people live on the farm. going at cost. Canada is above all a country of natural productions—farming, forestry, mining and fishing, and industries derived therefrom. Do you intend buying a dia-Ostentatious as may be the manifestations and the banquets of their association, manufacturers cannot bring us to believe that the whole of Canada and that 'other fellow' counts for nothing. Come in and save for yourself the The eight million Canadian producers and consumers are scattered alongside a conventional boundary by which they are separated from nearly one hundred million human benings having, to a One New Heintzman Player large extent, a temperament, habits and needs similar to their own. To prevent these two peoples making between themselves the local exchanges which are necessitated by the exigencies One Second-Hand Bell Piano, Pub. Aug. 26. of such a peculiar condition of things, and to stop the general trade arising therefrom, is impossible and unreasonable."

Lot on Sixth Avenue, Section 7, for \$200 cash and \$25 per month. A fine lot on Sherbrooke Avenue, for \$325 Lots on Eleventh Avenue for \$40 cash and \$10 per month.

Terrace

The townsite of Terrace, situated ninety four miles from Prince Rupert, is the only station on the G. T. P. railroad between mile 84 and 100, and is bound to become the main distributing point for the Lakelse and Kitsumkalum valleys. The townsite is situated a short distance from the Little Canyon, the natural place for a bridge, across the Skeena River, to Lakelse Valley. A tri-weekly train service is now in force on the G. T. P. railroad and a personal visit will convince intending purchasers of lots that Terrace is the only point available for a townsite that will serve the Lakelse and Kitsumkalum valleys. We are sole agents for Terrace townsite lots and will be pleased to supply any information desired.

THE HUB OF THE HAZELTON DISTRICT OF BRITISH COLUMBIA ON THE MAIN LINE OF THE GRAND TRUNK PACIFIC. REGISTERED TOWNSITE

THE PROSPERITY OF EVERY GREAT CITY IS DUE TO ITS GEOGRAPHICAL LOCATION

The Spokane of Canada

The Spokane of

The most important Townsite!

The most talked of Townsite along the line of the Grand Trunk Pacific Railway

NOTICE

New Hazelton Townsite, Sec. 1

Now being offered for sale Is Not a Grand Trunk Pacific Promotion Townsite. NEW HAZELTON Townsite was selected by the experts of a syndicate of successful men as the geographical location for a big city. They bought the land, realizing the wonderful resources of the Hazelton District, the Mines, the Distributing Centre for hundreds of miles, and many other reasons.

We ask you to investigate in your own way all of the statements in this advertisement. Should you join us by buying lots you will know that your investment is guarded by every means known to human foresight, and the judgment of a body of successful men known to you all.

Your profits should eclipse the story of Edmonton, Calgary, Regina, Moose Jaw or Prince Rupert.

Don't be classed among the failures who will say, "I wish I had known." Don't stand idly by and see your neighbors reap the profits on Real Estate while you reap nothing but your salary. Put your savings to work in that sure coming City-NEW HAZELTON.

NEW HAZELTON is out of the damp belt, and many people who spend the whole year in the district say the winters are not severe-plenty of sunshine and dry air.

Taken from Official Bulletin, B. C., No. 22, Page 23:--

"On the Upper Skeena, about a distance of 50 miles, there are large tracts of land on both sides of the river, which, as far as soil and climatic conditions are concerned, I would consider ideal for successful growing of fruit as well as for other branches of agriculture. Potatoes, and all garden produce, grow to perfection."

HAVE YOU CONFIDENCE OF MERCHANTS ON THE GROUND?

Many lots already purchased by the keenest business men of Hazelton (Old Town). You can safely follow the judgment of such men.

NEW HAZELTON should be the centre of a busy population of thousands within a year. Why not? During the past year there was an average of over two new towns created in the Canadian West every week. We are all here to share in this most wonderful prosperity. We offer you an opportunity to participate in the progress of the best town for investment on the line of the Grand Trunk Pacific.

NEW HAZELTON Railroads Open New Country.

Railroads have been the great feature in the growth of Western Canada.

NEW HAZELTON located on the Grand Trunk Pacific Railroad is attracting the attention of the whole world, as all important towns do on the main line of the Grand Trunk Pacific Railroad.

Stores are going up. Newspaper plant now moving on the Townsite. Two or three General Merchandise Stores, Drug Store, Bank, Restuarants and in fact, many lines of trade are now arranging to open in NEW HAZ-ELTON, Section One. Activity is in that part of the Townsite known as Section One.

The story of NEW HAZELTON is well known to the public. It is a Townsite being offered to the public by successful business men. There is positively no Railroad Company or Townsite Promoter financially interested in the land. The owners have undertaken to make NEW HAZ-ELTON a city of importance in British Columbia. NEW HAZELTON promises to be the most profitable city to the Grand Trunk Pacific along its main lines.

Offices of Foley, Welch & Stewart, contractors building the Grand Trunk Pacific Railroad, will be located in NEW HAZELTON. The Chief Clerk, Paymaster and Purchasing Agent are preparing to, and will, build homes in NEW HAZEL-TON, Section One.

NEW HAZELTON, the hub of the Hazelton District, will be the natural headquarters for what promises to be the most active and sensational new city in the fastest growing part

investments. This is the town at New Hazelton, B.C.

Vast Agricultural Country tributary to for you. the coming principal city in British Columbia on the Grand Trunk Pacific Railroad.

100 miles out of Prince Rupert. The British Columbia. G. T. P. Officials, and also the G. T. P. Contractors, say that the Railroad should be running to Mile 164 this winter, and will reach NEW HAZEL-TON next summer. Grading is now under way as far along the line as 30 miles east of NEW HAZELTON. The grading is about finished from Prince Rupert to NEW HAZELTON. Many mines are getting ready to ship ore. Some of the mines being developed are:-Silver Cup, American Boy, Silver Standard, Sunrise and Sunset Lead King, Erie Babine. Most the ore in NEW HAZELTON mines is high grade Silver-Lead, similar to ore in the Slocan District in East Kootenay, B. C., and similar to some ores found at Leadville, Col.

Remember NEW HAZELTON is not a gift Townsite and when you buy a lot in it you are investing your The Grand Trunk Pacific Railroad money on the business judgment is now running regular trains over of the most successful men in

NEW HAZELTON Townsite had over a Quarter of a Million Dollars Invested by a few Business Men before the Lots were offered for sale. NEW HAZELTON is a Business Man's Townsite. All the G. T. P. and Local History was carefully considered. The Engineer's Reports as to grades, opportunities for side tracks necessry to handle the thousands of freight cars were examined. Then they invested in NEW HAZELTON. They paid in Cash for NEW HAZELTON and nearby Lands over Two Hundred and Fifty Thousand Dollars.

That is a wonderful sonnet written by John J. Ingalls on the subject of Opportunity, but the real fact is Opportunity does not knock once on each man's door. Opportunity plays a continual anvil on every man's portals-but, of course, if he is knocking at the time he will not hear Opportunity when she

JUST ONE NEW HAZELTON THE SPOKANE OF CANADA

All Interests Combine to Boost the New Town-Campaign Has Started-Natural Resources Guarantee a Big Population-Contractors' Headquarters.

The New Hazelton campaign has started. For the next few months the very best efforts of some of the greatest advertising men and real estate firms in British Columbia will be devoted to boosting New Hazelton. The different interests have combined to make this town one of the foremost in the province. A careful study has been made by experts and they are all agreed that there cannot be too much boosting. The natural resources are there and they are now being developed in a way heretofore unknown. Everything is now on the move. Mining has this week had a stimulation that was not dreamed of. During the two previous weeks several big deals were put through which meant the bringing in of mining men known the world over. Agriculture has been very successful this year and the farmers have had bigger crops than ever. They are all getting on their feet and buying machinery as fast as it can be brought into the country.

This week Charles S. Meek, president of Standard Securities, Ltd., Vancouver, was in town and completed arrangements with the surveyors to lay out his company's property. This work has already been started and it will be finished in another ten days.

It is on the Northern Interior Land Company's property that so many of the old Hazelton business men have purchased lots and are prepared to build, many this fall. It is from this point that the business section will start and grow, and where high values will prevail.

There will be the one town instead of several as might have been. This means a great deal; in fact, many hundreds of dollars to the people of

the old town, who have been wondering where the town would be. From now on New Hazelton will be introduced to the world in a manner that no other town can equal.

The gentlemen associated in the borning of this New Townsite they now call NEW HAZELTON, paid out in actual cash before a lot was sold Over a Quarter of a Million Dollars.

NEW HAZELTON

Where the Grand Trunk Pacific Railroad has Sixty Acres of right-ofway and track grounds.

NEW HAZELTON is reported by Engineers to be the only available spot in the Skeena or Bulkley Valleys for many miles each way where it would be possible to have Railroad Yards large enough to handle the Hazelton District's business.

NEW HAZELTON affords a long, nearly level stretch of land suitable for Immense Yards, which will be required to handle the thousands of cars of ore and coal that will be shipped from the mines in the Hazelton District.

The G. T. P.

Capital of Grand Trunk Railway and the Grand Trunk Railway Systems, \$447,898,923.

Over 50,000 Stockholders, G. T. and G. T. P. Millions of people boost for Grand Trunk Pacific Townites.

Maximum grade of G. T. P. is 21 feet to the mile, one-fifth of any other Transcontinental Railroad in Canada or the United States.

NEW HAZELTON is the town that everybody is talking about, and there are no two opinions as to its opportunities for investments. The reason is obvious.

NEW HAZELTON is situated near the junction of the Skeena and Bulkley

The Northern Interior Land Co., Ltd., paid cash for and own (Section One) NEW HAZELTON TOWNSITE and guarantee to deliver to purchasers of lots an Indefeasible Title upon receipt of final payment.

DUNCAN ROSS'S CAMPAIGN HERE

(Continued from Page 1)

to the development not only of the islands but of the port of Prince Rupert." (Loud cheers).

Only Sore in Places

One instance of loyalty to the cause Mr. Ross drew attention to was that of J. S. Cowper, and his ride of 120 miles through a storm from Queen Charlotte City Masset, which was made in the record time of twenty-three hours. "No matter," said Mr. Ross, "how sore Mr. Cowper may feel in places we know that his heart is all right." (Laughter).

sist upon hearing from Mr. Cow- ers and crossed the international Mack Realty & Insurance per, and Fred Stork, who acted as boundary. Bloodhounds are on chairman of the proceedings, with the trail. Premier Roblin arrived a few jovial phrases called upon today in his fast automobile and that gentleman. He told of an enthusiastic meeting he had addressed at Queen Charlotte before he took the ride Mr. Ross had from shock and apprehension durtried to make memorable. It was ing the ruffian's detention of her. a meeting where the Conservatives and the Liberals were gathered and they had a heart to heart talk on reciprocity as it would affect the islands that lasted for two hours. They then separated with hearty cheers for Ross and Reciprocity.

Dread to Hear Truth

Frank Angers told of the incident which had happened to him at the Conservative meeting in properties to the railway builders. McIntyre Hall. He said he had The amount involved is one million gone there as a Liberal to hear Dr. Young, on the chance that something Dr. Young might say might be of interest to him, as he always was liberal enough to be open to conviction. The incident, he said, showed that the Conservatives dreaded to hear the truth.
