Austria Causes Latest Scare By Announcement Of Army Increase Plan

No Details Given and it is Not Known Whether Conscription is Intended—British, French and Italians Prepare For Conference at Stresa Next Week

LONDON, April 4: (CP)—The tense European drama continues to unfold in swiftly-moving scenes. Austria provided the latest scare today when the government of that country announced it would increase its army but did not go into details as to whether conscription, like in Germany, was intended. Under the Treaty of Versailles Austria is allowed an army of 30,000 men.

Meantime preparations are being rushed for the British-French-Italian conference at Stresa next week when Premier Mussolini of Italy is expected to submit a peace plan.

From Berlin it was learned that Reichsfuehrer Adolf Hitler was opposed to any complicated general peace pacts. Capt. Anthony Eden, Lord Privy Seal for Great Britain, has left Warsaw, Poland, for Prague to confer with the Czech-Slovakian authorities in regard to the proposed eastern Europe security pact.

District Governor Of Gyro is Coming

Will Pay Visit to Local Club Next Week—Employment Service Report

The regular weekly luncheon of the Prince Rupert Gyro Club yesterday was followed by a moving picture show at the Capitol Theatre when interesting scenes in various parts of England were seen by a good attendance of members of the club and guests in the persons of J. L. Thompson (Vancouver), T. W. Hall, W. H. Wilson-Murray, Rev. Lawrence Jensen and Jack Bulger. President S. J. Jabour was in the chair. William Crutkshank and D. G. Borland were in charge of the program.

In the course of a brief business session, Frank Dibb presented a report on the employment service drive now in progress in the city. Rev. W. D. Grant Hollingworth was appointed captain of the gyro canvassing team. Next week the club is expecting a visit from Gerald Berry of Nanaimo, district governor.

Burns Lake—Clear, calm, zero.

C. D. Orchard of the forestry department at Victoria came in on the Prince Rupert yesterday and left later in the day for Terrace where he will conduct examinations for forest rangers. He will also make stops at Hazelton, Smithers and other points, the farthest being Prince George.

REVENUES INCREASED

Canadian National Railways and Steamships Made Better Show-Last Year

OTTAWA, April 4 (Canadian Press)—The annual report of the Canadian National Railways, tabled in the House of Commons on Tuesday by Hon. Dr. R. J. Manion, minister of railways and canals, showed that gross operating revenue in 1934 had increased by \$16,382,759 or eleven percent over the figures of the previous year. Freight revenues increased by 12.3 percent.

The deficit, after paying interest on debt owed the public, was \$48,407,900, a decrease of \$10,547,489 below the 1933 deficit. Canadian National Steamships showed an increase of \$522,763 in gross revenues during 1934 over the previous year it was announced in the annual report of the system.

BIRTHDAY OF JUNIOR ELKS

First Anniversary of Founding Of Order Here is Celebrated

The Junior and Senior Elks' lodges held a joint gathering last night in the Elks' Home to celebrate the first birthday of the junior organization.

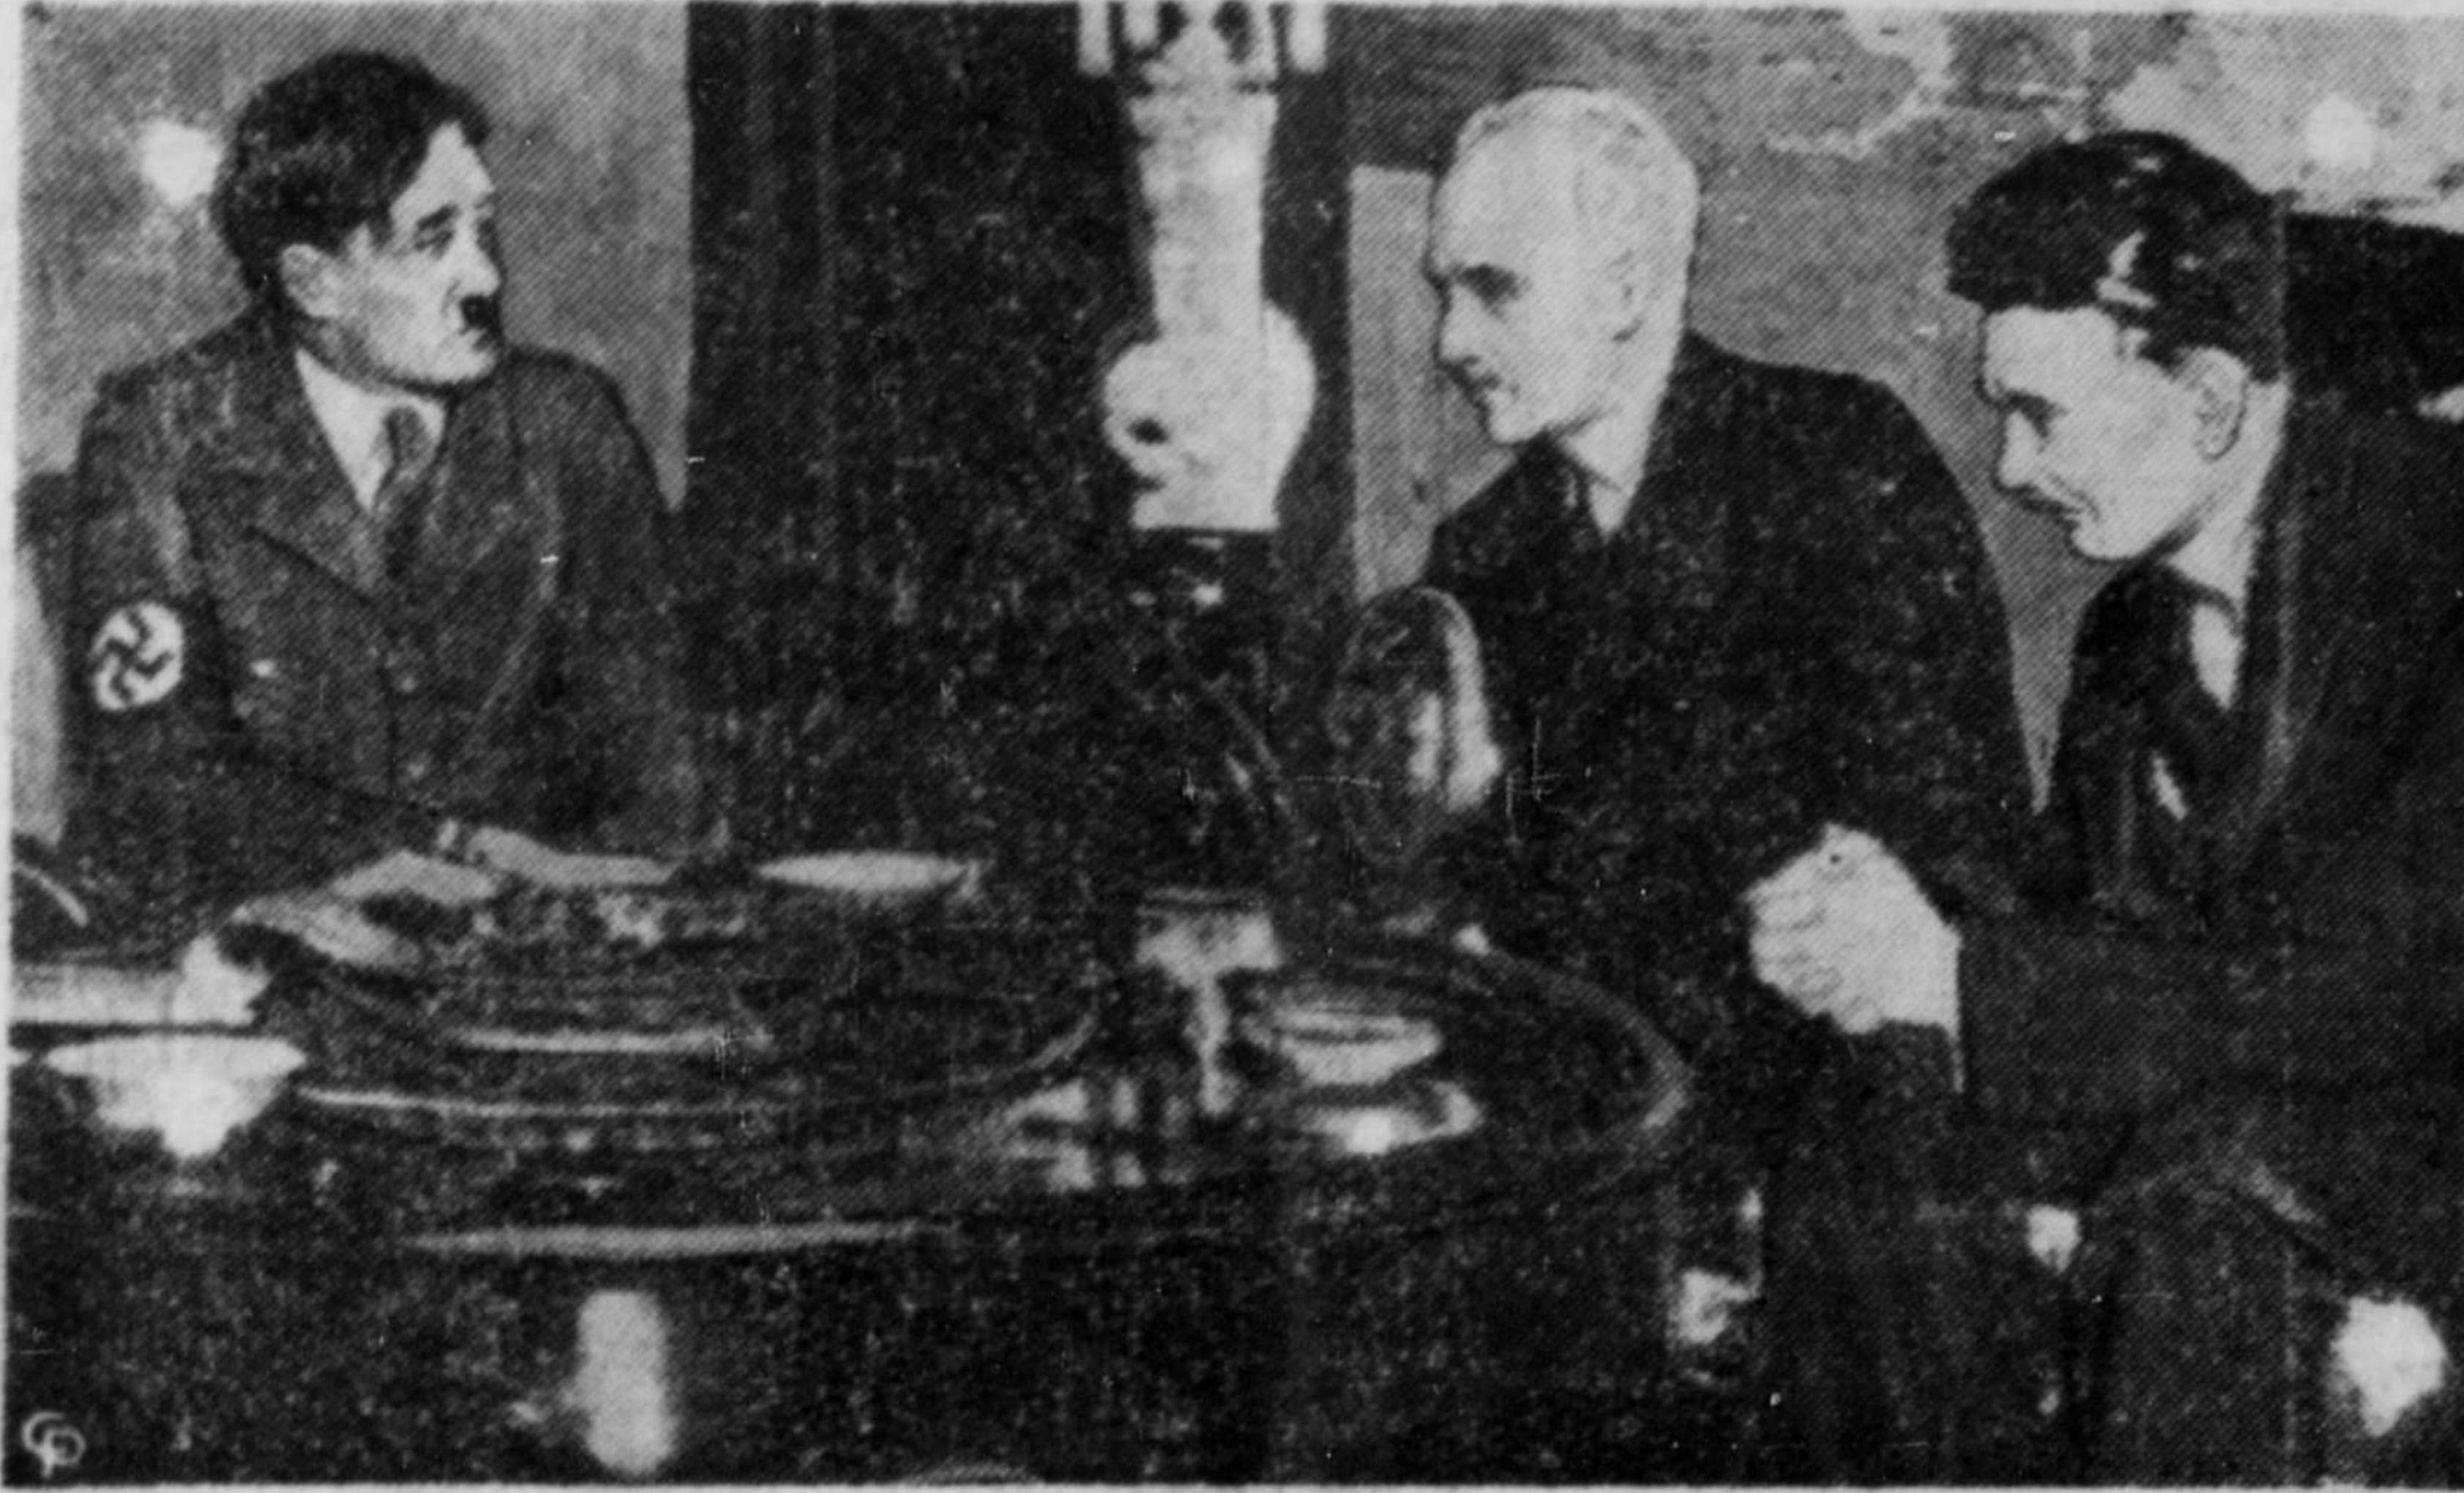

Remarks appropriate to the occasion were made by Exalted Ruler George Peters, Past Exalted Ruler Lee Gordon, Jack Finn, president of the Junior Elks, and Carl Smith, last year's president.

Dr. C. H. Hankinson, who was guest speaker for the occasion, gave an extremely interesting talk on his impressions of Central Europe gleaned on a recent tour of the Old World. Especially interesting was his account of the famous Passion Play at Oberammergau, Germany, which he attended.

WORKLESS ON MARCH

Exodus of Men From Relief Camps Starts Today—Percentage Is Not Heavy

No Anxiety Felt

Royal Commission Opens Sessions At Vancouver—Five Hundred Men in Walk-Out

VANCOUVER, April 4: (CP)—Some five hundred men have left relief camps and are now reported to be marching toward Vancouver as the first step in a camp walk-out scheduled to start today.

Meantime the Royal Commission appointed by Ottawa to investigate camp conditions opened its first public hearing here this morning. The commission consists of Hon. W. A. Macdonald, former justice of the Supreme Court of British Columbia, Rev. E. D. Braden and C. T. McHattie.

Premier T. D. Pattullo has already issued warning that men leaving the camps will not receive any aid from the provincial government.

So far the men leaving the camps represent but a small percentage of the total and authorities feel that the situation is not serious.

Reports from ten camps in the vicinity of Vancouver at noon today indicated that only a handful from each district obeyed the call of the relief camp workers' union for a strike. Kamloops reported that sixty men had arrived there with eighty more enroute.

E. O. Aves, deputy provincial assessor, was a passenger from Anyox to Stewart aboard the steamer Catala on its trip this week.

ONTARIO DEFICIT

Eastern Province Went Behind \$30,500,000 During Last Fiscal Year

TORONTO, April 4: (CP)—The province of Ontario had a deficit of \$30,500,000 during the fiscal year ending October 31, Premier Mitchell Hepburn announced in his budget. For the new fiscal year beginning April 1 a deficit of \$14,500,000 is estimated. The 1934 deficit included \$61,500,000 for direct relief.

Premier Hepburn announced that no gold tax would be imposed this year.

The budget also forecast an increase of approximately \$4,600,000 in corporation taxation, stock transfer tax and succession taxes.

Calling of a special fall session of the legislature to pass such new taxation as required to wipe out the \$14,500,000 deficit was announced.

The government was adopting a policy for the future by which all direct relief would be charged to ordinary expenditures. Premier Hepburn intimated.

Safety Device In Lowering Buckets Is Urged by Jury

Verdict of accidental death has been returned by a coroner's jury at Anyox investigating the death of John Sajatovich, who was killed recently in the Bonanza mine. A rider was attached to the verdict recommending that, in future, a spring catch be placed on hooks to prevent buckets becoming detached from lowering cables and falling down shafts.

Sajatovich was instantly killed when his skull, pelvis and legs were broken as a result of an ore bucket falling two hundred feet down a shaft at the bottom of which deceased was standing.

Sajatovich was forty years of age and a Jugo-Slav. He is survived by a widow in Jugo-Slavia.

Business at the regular meeting of the Moose Lodge was of a routine nature. W. B. McCallum presided.

Owners Are Taking Out Boats; Liver Proceeds Dispute is Unsettled

Seattle Minimum Price Negotiations Deferred For Another Couple of Days—Nine Local Boats Clear Up to This Afternoon

With the dispute between the boat owners and fishermen over the sharing of proceeds of fish livers still unsettled, the Prince Rupert halibut fleet started clearing for the fishing grounds today. Manned by the boat owners themselves with the fisherman remaining in port, only a portion of the fleet is departing. The arrangement is that, as long as the fleet is being manned

SPOKE TO TEACHERS

Mathematics Discussed at Association Meeting by W. W. C. O'Neill

Taking as his subject "Some Reflections on the Course in Mathematics," W. W. C. O'Neill gave a very interesting, practical and informative address before the Prince Rupert Teachers' Association Tuesday evening.

While it was generally agreed that, in the lower grades, arithmetic required the teaching of the four fundamental processes of mathematics, there was much less agreement regarding the content and objectives of mathematics in the higher grades. There were the two extreme schools of thought, one advocating the continuance of the mathematics taught pupils and having for its aim the exercise and development of the "mathematical faculty" as an end in itself and the other school that which would make mathematics "practical." The latter would eliminate everything that had not an immediate connection with the social life of the pupil.

Some modern changes such as the increased emphasis on the value of the graph and equation, the general application of formulae, and the correlation of arithmetic, geometry and algebra were very desirable and were, undoubtedly, a step in the right direction. The expansion of the course had necessarily and wisely resulted in the elimination of much of the older type of mathematics. But there was always the need for absolute accuracy in the fundamentals so that the later applications could be carried out correctly.

A very hearty vote of thanks was accorded Mr. O'Neill for his very comprehensive and searching study of the subject.

At the business meeting preceding, routine matters were dealt with and the selection of delegates to the annual convention of the B. C. Teachers' Federation at Easter arranged for.

Fish Conservation In Bristol Bay To Be First Insured

WASHINGTON, D.C., April 4: (CP)—The Department of Commerce announces that commercial salmon fishing will be permitted this year in the Bristol Bay area of Alaska only if conditions show that fishing will be consistent with conservation.

By owners and captains, there will be no boat share of the proceeds of catches which will be divided equally among the owners on board. Fishermen willing to meet the boat owners' demand that the boats be given a share in the proceeds from halibut livers are being offered the right to go out.

Although no agreement has yet been reached by Seattle boat owners and fishermen in their negotiations with the fish buyers for a minimum price, the Prince Rupert fleet has now decided to leave. Negotiations between the Seattle fleet and the fish buyers have been postponed for another two days. It is reported however, that some of the Seattle boats are leaving.

Boats taking out clearances up to early this afternoon were: Nornen, Capt. John Morrison. Unome, Capt. Dave Ritchie. Gem, Capt. Paul Rosang. Vera Beatrice, Capt. J. D. Thurber.

D. S. T., Capt. P. A. Meuse. Melville, Capt. John Ivanson. Kaien, Capt. Ole Stegavig. Gibson, Capt. Chris Henriksen. Pair of Jacks, Capt. A. Petersen. None of the boats had actually left up to early this afternoon.

PREMIER MEETING

Re-Opening of Porter Idaho Depends Upon Price of Silver, Shareholders Are Told

Profits Higher

Ore Reserves At Famous Property Also Increased—Bert Smith is General Manager

VANCOUVER, April 4 (Canadian Press)—Reopening of the Porter-Idaho Mining Co. Ltd. property in the Portland Canal district is dependent upon a reasonable assurance of silver market stability. Bert P. Smith, general manager of the Premier Gold Mining Co., which controls the Porter-Idaho, said at the annual meeting of the company here. Mr. Smith said he was not prepared to state what price silver would have to be before reopening.

Premier increased both ore reserves and profit before depletion in 1934, the annual report of the company showed. The profit before depletion was \$847,037 as compared with \$789,458 in the previous year. Bert Smith was named general manager of the company to succeed D. L. Pitt, who was transferred last year to take charge of the company's interests there.

SATISFACTORY ANSWER

One of the satisfactory results from the election of G. G. McGeer as mayor of Vancouver is the conviction of a white slavery gang at the Assize Court this week. At the time of the police inquiry a year or two ago the names of some of those involved were prominently mentioned as being underworld leaders.

EMPLOYMENT SERVICE

It is possible that even yet some people are not aware of what sort of work is being done by the Employment Service committee in this city. Preparations are being made for a thorough canvass of the householders of the city with a view to asking their co-operation in putting as many people as possible to work. No one is to be asked to do more than they can afford to do. No pressure is being put upon anyone. It is a public service work with a view to securing gainful employment for as many people as possible.

BALAGNO HAS LEAD

Outscores Tinker by 100 in First Block of Billiard Semi-Final

Getting off to a good start and maintaining a lead of one hundred points gained in the first hundred and fifty, C. P. Balagno finished up 97 points ahead of G. P. Tinker in the first block of 500 points in the opening semi-final of the city billiard Championship last night. The score at adjournment was: Balagno, 503; Tinker, 406.

With Tinker unable to get going, Balagno kept increasing his lead until he had 155 points to Tinker's 50. Then the back marker hit his stride and scored equally for the rest of the game. Tinker's best break of 52 was very neatly played but he made an error when he decided to play in off the red instead of potting it. A kiss in the jaws of the pocket was almost inevitable when the shot was played slowly. His next break was a 23 but he had several double figure scores.

Balagno had the best break of the evening with a fine sixty. He looked like beating Cameron's best so far of 71 but failed at an easy losing hazard in the side pocket. Other breaks were 27, 25, 23 and 20. Tinker begins tonight's play with a good position and another interesting session is assured. The standard of play all through was in keeping with the best ideals of the game, a thoroughly sporting spirit being in evidence at all times and greatly appealing to an audience that filled the hall.

Are a Guide to Value

Experts can roughly estimate the value of a product by looking at it. More accurately, by handling and examining it. Its appearance, its texture, the "feel" and balance of it all mean something to their trained eyes and fingers.

But no one person can be an expert on steel, brass, wood, leather, foodstuffs, fabrics, and all of the materials that make up a list of personal purchases. And even experts are fooled, sometimes, by concealed flaws and imperfections.

There is a surer index of value than the senses of sight and touch... knowledge of the maker's name and for what it stands. Here is the most certain method, except that of actual use, for judging the value of any manufactured goods. Here is the only guarantee against careless workmanship, or the use of shoddy materials. This is one important reason why it pays to read advertisements and to buy advertised goods. The product that is advertised is worthy of your confidence.

French Style
TO those travellers who know rural France, there comes at least one happy memory—the pot of vegetable soup simmering in every French farm house. The aroma wafted and the taste won—and you wondered if you could ever be satisfied with other soups. But now, Royal City Kitchens offer you the same savor and tang and zest by the skillful blending of 17 different vegetables in true French style—without fats of any kind. Royal City Vegetable Soup may be used for salad.

MARKET IS QUIET NOW

Little in the Way of New Vegetables Or Fruits Being Offered In Local Retail Stores

Supplies of British Columbia cabbage are just about finished now and California stocks are coming in at very high prices. First fresh California asparagus of the season has also made its appearance in local stores. Dumping duty going into effect on imported lettuce will result in the stiffening of the price. Okanagan storage onions are about finished and Australian stocks are now in at firmer prices.

Supplies of up-river potatoes are fairly plentiful at this time, the quality being good.

Hothouse rhubarb is about finished.

Salvation Army Home League Sale

Successful Affair Yesterday Afternoon, \$69.10 Being Realized

A very successful sale of work and home cooking was held in Ja-bour's old store Wednesday afternoon by the Salvation Army Home League.

Afternoon tea was served at dainty tables, flowers, donated by Mrs. Preece, giving a very pleasing appearance. The fancy work stall and home cooking table were nicely decorated and members of the Salvation Army Home League were kept quite busy serving tea and displaying goods for sale to smiling purchasers. A very enjoyable afternoon was spent, the results of the sale amounting to \$69.10.

Tonight's train, due from the east at 10:15, was reported this morning to be on time.
