SOCKEYES EXPORT EMBARGO REMOVED PRINCE RUPERT REFUNDING BILL INTRODUCED AT VICTORIA

European Situation is Still Tense--France and Russia in Protest At British Mildness

Germany Gives Aerial Demonstration to Prove That Armament Clauses of Versailles Treaty are Dead; Demilitarization of Rhine to be Repudiated

LONDON, March 19: (CP)—A new element in the uncertain European arms situation was injected today with French protests over the "weak tone" of the British note to Germany protesting at universal conscription and repudiation of the military clauses of the Treaty of Versailles. Meantime, Sir John Simon, British foreign secretary, it is announced, will discuss the situation with Reichsfuehrer Adolf Hitler in Berlin next Monday.

Governor Is Killed In Plane

Brazzaville, French West Africa, March 19: (CP)—The French governor general, Edouard Renard, his wife and five French soldiers were found dead in the wreckage of their airplane near here today. The party had been missing for five days while enroute to the Congo River district.

ROBBERY OF BANK

Lone Bandit Gets Away With \$3000 From Branch in Busy Downtown Quarter of Seattle

SEATTLE, March 19:—The People's Bank at the corner of First Avenue and Columbia Street was visited by a lone armed bandit who made his getaway with \$3000. Covering the teller with a pistol, the bandit said: "Don't be a fool. Hand over \$5000 or I'll shoot and quick. And don't squawk before I get out or you die." Convinced, the teller handed over the money with which the bandit leisurely walked away, disappearing among the crowds on the busy street outside.

PASSING OF PHYSICIAN

Dr. A. S. Donaldson D. S. O., Ship's Surgeon of Empress of Japan, Dies

VANCOUVER, March 19: (CP)—Dr. Anson S. Donaldson, D. S. O., veteran of the Boer and Great Wars, died Sunday in Hong Kong Hospital of pneumonia at the age of fifty-nine. He was medical officer of the liner Empress of Japan and commodore surgeon of the Canadian Pacific Railway Co.'s Pacific fleet.

From Moscow also came strong criticism of the British action which was described as an "even greater capitulation by Great Britain than could have been expected."

The British government has announced the appointment of a subcommittee to investigate Great Britain's defences against aerial attacks.

Germany flew a big squadron of military airplanes over Berlin today preliminary to a mass night "attack" as proof that the armament clauses of the Versailles Treaty were dead.

In official German sources it was intimated that the next portion of the treaty to be scrapped would be that providing for the demilitarized zone on the Rhine.

SOUTH HAS LESS GRAIN

Production of Southern Hemisphere Down Considerably—Increase In South Africa

LIVERPOOL, March 19:—A large decrease in wheat production this season in the southern hemisphere is recorded in trading quarters here. In some sections of the Argentine, owing to unfavorable weather conditions, the production is down twenty-five percent. Excessive rainfall in Australia has affected the crop of that country. South Africa alone shows an increase, fourteen percent over last year.

STRIKE IS NEAR OVER

Shipping Situation at Seattle Considerably Eased Up—One Vessel Takes Union Crew

SEATTLE, March 19: (CP)—The longshore and seamen's strike situation here has eased considerably and the American Mail liner President Jefferson has sailed for the Orient two days late. Officers of the Shephard Line freighter Wind Rush discharged a Filipino crew and sailed with a union crew. Three tankers are still tied up here.

BAR SILVER NEW YORK, March 19: (CP)—Bar silver closed at 58 7/8¢ per ounce on the local metal market today.

"Miracle" Brings Sight to Boy

Twelve-year-old Peter Smith, right, of New York city, who is said to have regained his sight through a "miracle" after being blinded at birth through a nurse's error, is shown here reading a book with his brother, Raymond. The boy is to appear before an ecclesiastical tribunal in Columbus hospital, Chicago, which is to decide whether the late Mother Frances Xavier Cabrini, inset, should be canonized as a result of Peter's recovery.

Salmon May Be Shipped Out of Canada Now to United States Market

Will Enable Fishermen of This Country to Take Advantage of Higher Prices—Indignation is Being Voiced By Cannerymen at Order-in-Council

VANCOUVER, March 18: (CP)—After forty years standing, the embargo on export of Canadian salmon has been lifted by the passing of an order-in-council at Ottawa permitting the export of sockeyes caught in British Columbia into the United States, Major J. A. Motherwell, chief supervisor of fisheries, announces. As American cannerymen at times pay higher prices than Canadian fishermen will be able to take advantage of the situation.

Amendment To Fisheries Act Is Put Through

OTTAWA, March 19: (CP)—Third reading was given yesterday to the bill amending the Fisheries Act empowering the Governor General-in-Council to fix and collect fees for the issuance of fishery licences.

TYEE LODGE No. 66 A.F. & A.M. Members of Tyee Lodge please attend the funeral of our late Brother Robert Henry Ives on Thursday next, March 21st. Meeting at the Masonic Temple at 2:15 p.m. and Service at the B. C. Undertakers at 3 p.m. Members of Tsimpsan Lodge, and all sojourning Brethren are invited to attend.

This City Authorized To Cut Interest Rate And Extend Maturity

Measure Sponsored in Legislature by Minister of Municipalities—Amount to be Converted Totals \$1,756,211

VICTORIA, March 18: (CP)—Hon. A. Wells Gray, minister of municipalities, introduced a bill in the Legislature yesterday proposing the refunding of the entire debt of the City of Prince Rupert over a period of twenty years at four percent interest. The bill would authorize the city to substitute new debentures for the old and to hand over unexchanged balances to the bank, declaring further liability at the end of the unexchanged certificate. The amount to be converted is \$1,756,211.

MOSLEMS IN RIOT

Twenty-Seven Killed in Karachi Riots Following Execution—Body in Parade

KARACHI, India, March 19: (CP)—Twenty-seven Mohammedans were killed and two hundred wounded when police fired into them as they rioted following the execution of a fellow Moslem.

Eye-witnesses said that the excited crowd rushed to the executed man's grave, exhumed the body and attempted to carry it in the procession.

POST NOT DOWNCAST

American Flier to Keep at it Until He Makes New Record For Transcontinental Flight

CLEVELAND, March 19:—Undaunted by the failure at the weekend of his second attempt to fly through the stratosphere from California to New York and establish a new transcontinental speed record, Wiley Post, famous American flier, says he will make another try in the near future with the Winnie Mae. He hopes that the third attempt will be the lucky one.

Having left Burbank, Cal., at 6:15 Friday morning, seven hours later he landed here on account of mechanical difficulties. Flying too high to be seen or heard and not carrying radio equipment, Post had been unreported between the time he left Burbank and landed here. He had hoped to establish an eight hour record for the flight from California to New York.

Post, however, made the fastest time on record between California and Detroit.

WOULD KEEP ANYOX OPEN

Board of Trade at Vancouver Urges Governments to Do Everything Possible

VANCOUVER, March 19: (CP)—The Board of Trade last night recommended to the Ottawa and Victoria governments that everything possible be done to prevent the closing down of the Granby Co.'s plant at Anyox. The closing of the plant, a brief stated, would result in the loss of several million dollars and would possibly throw three thousand persons on relief.

City Commissioner W. J. Alder this morning expressed complete satisfaction with the legislation introduced to cover Prince Rupert's refunding scheme. The above dispatch indicated that it was exactly in line with Mr. Alder's plan.

LOGGER HAS LOST LIFE

Andrew Engstrom Instantly Killed By Falling Timber at Sewell Inlet Yesterday

Advice was received at divisional headquarters of the provincial police today that Andrew Engstrom, while logging at the Kelley Logging Co.'s camp at Sewell Inlet, Queen Charlotte Islands, was instantly killed at 2:30 yesterday afternoon on being struck by a falling tree. Coroner A. R. Mallory of Port Clements and Constable L. P. Olsen of Queen Charlotte City have left for Sewell Inlet to investigate the circumstances of the fatality.

Late Snowfall Is Heavy One

Four Inches Came Down During Night and Was Continuing This Morning

Prince Rupert people awoke this morning to find the ground covered with a fresh fall of four inches of snow. During the night the snowfall was of blizzard-like proportions. It was still snowing heavily well along in the morning, clearing up before noon but later starting to snow again.

There was a heavy fall of snow in the interior yesterday followed by mild weather. At Smithers there was a fall of eight inches which has now melted to two inches as a result of the thermometer rising to 52 above.

BELGIAN GOVERNMENT RESIGNS, TRYING TO KEEP GOLD STANDARD

BRUSSELS, March 19: (CP)—The government of Premier Theunis resigned today following opposition to his attempt to keep Belgium on the gold standard.

DAILY EDITION Tuesday, March 19, 1935

TIMBER FOR EXPORT

It is very satisfactory to know that Prince Rupert interests have undertaken to get out logs under the provision of the permit granted by the provincial government allowing the export of hemlock from this district. It would have been calamitous if, after the necessary permission had been secured and after the federal government had arranged for vessels to call at this port to pick up the cargoes, no logs had been available. This is one instance that proves that the prosperity of a community depends very largely on the energy and public spirit of its citizens.

ALL EYES ON GERMANY

All eyes are now turned to Germany in view of the recent utterances of Adolf Hitler, the stormy petrel of Europe. It is suggested that tendencies toward revolution at home have been the chief influence in causing the reichsfuehrer to defy the neighboring nations in the hope of drawing the German people together in face of a common danger. While the situation is undoubtedly critical few people believe that war is imminent.

FIGHT COMMERCIAL INTERESTS

Powerful commercial interests have always been at work to frustrate the efforts of Canada to sell timber in the British markets. For years the British would buy nothing but United States lumber when they imported from this continent. What we call Douglas fir was marketed as Oregon Pine and the impression given that it could be obtained only in Oregon and neighboring states. The other opposition came from dealers in European timber. Gradually British Columbia timber has taken the place of other imported timbers for certain purposes and the trend of opinion is such that architects now provide that British Columbia timber be used on many contracts.

An effort was made this year by dealers in Soviet timber to oust the B. C. product and only the timely action of the British government acting under the provisions of the Ottawa agreements has saved the day for the Canadian timber, the market in which now seems likely to be maintained during the coming summer.

WOLF CUBS ORGANIZED

Under the auspices of the local Toc H group, a new pack of Wolf Cubs has been organized. N. L. Jones is in charge and some fifteen lads have already been enrolled.

ENTERTAINED AT BRIDGE

VANARSOL, March 18—Mr. and Mrs. Somerville entertained at bridge recently. There were three tables and a most enjoyable time was spent by all. The prize-winners were Mr. and Mrs. H. W. Clark of Copper River, first awards, and Mrs. Somerville and Mr. Gladstone of Vanarsdol, consolation.

TERRACE GAME CASES

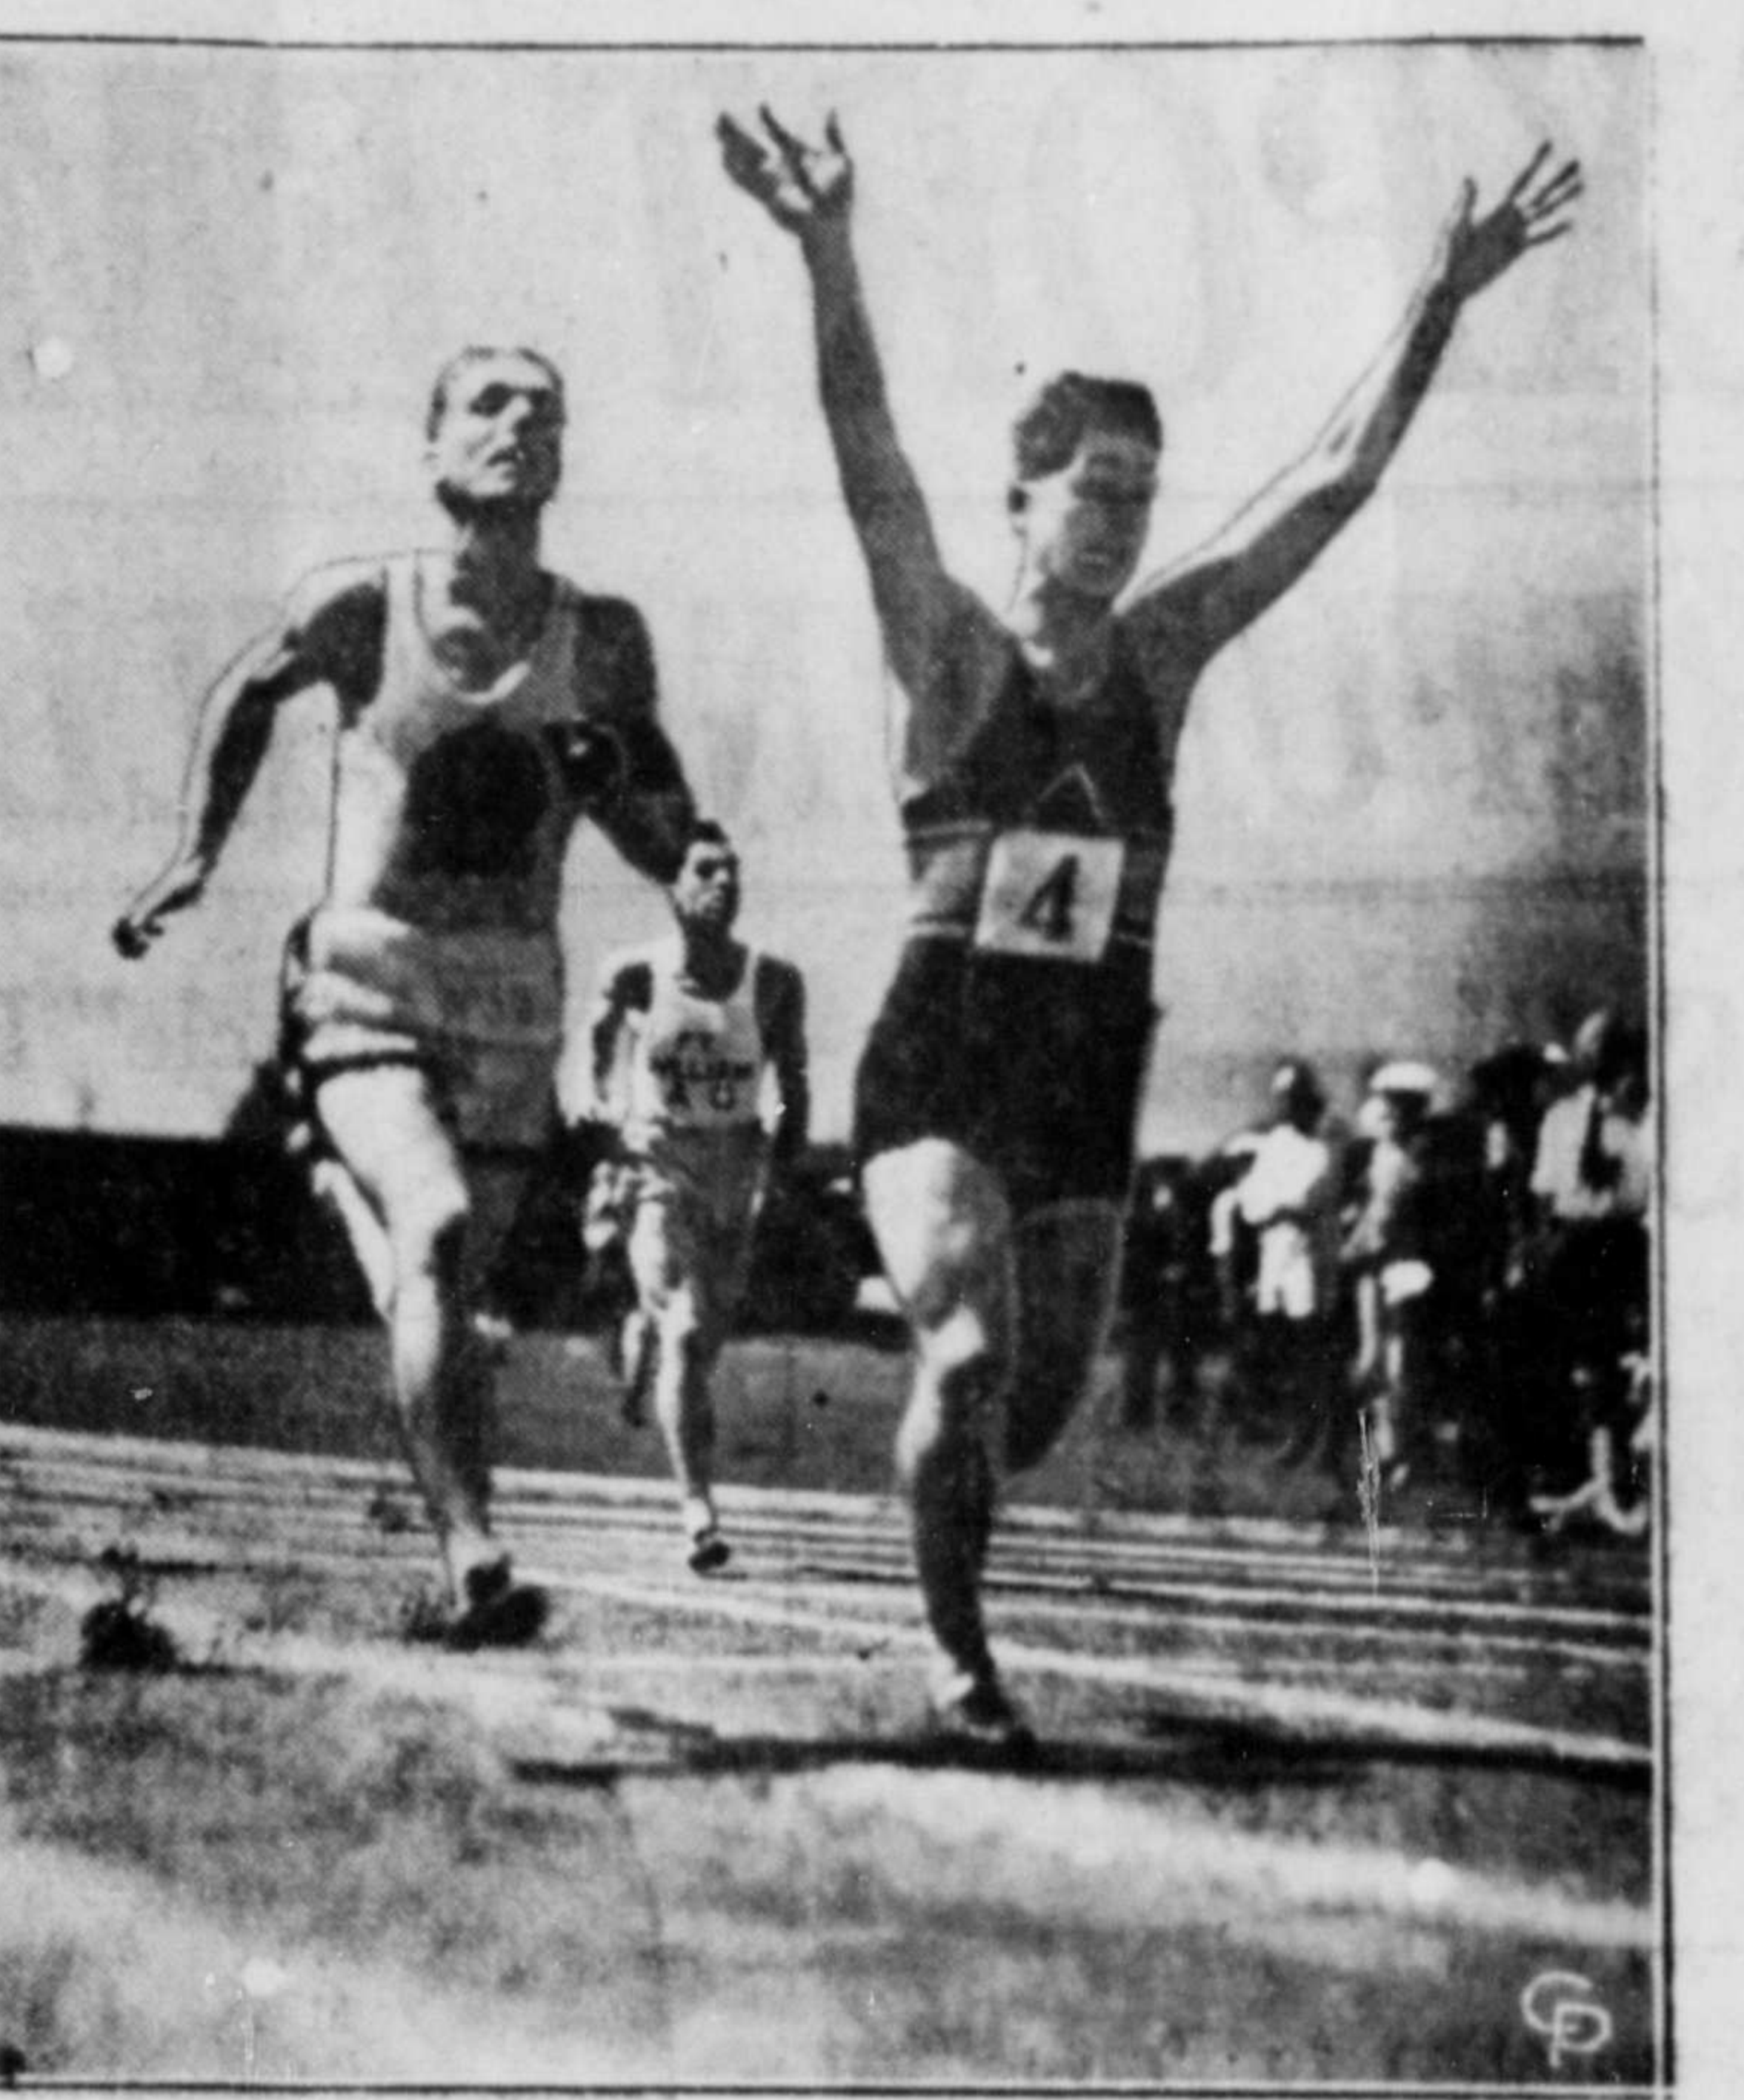

In a session of provincial police court at Terrace last Thursday with Stipendiary Magistrate O. T. Sundal presiding, Mark MacKay, Simon Lockerby and Robert Bryant were each fined \$50 under the Game Act for having in their possession beaver and muskrat skins taken during the close season. The cases were prosecuted by Game Warden Ed. Martin and T. W. Brown defended.

Wins Again

Sam Ferris, the wonderful R.A. F. runner, again won the Polytechnic Marathon race from Windsor Castle to the White City, London. Ferris, the holder of the title, has won this event eight times in the last nine years. Photo shows Sam Ferris entering the White City stadium at the conclusion of his great run.

Winnipeg Youth Defeats Pearson

One of the greatest upsets in the Canadian track and field world last year was the defeat in the track and field championships at Fort William of Bert Pearson, generally considered Canada's outstanding sprinter. A hitherto comparatively unknown sprinter, Harry Coleman of Winnipeg, did the trick in 94.5 seconds. Above shows the finish of the 100-yard dash, with Pearson just a step behind Coleman.

GROTTO AND KNOX EVEN

Deadlock Now For Leadership of Ten Pin Bowling League

In the Ten Pin Bowling League fixtures on Sunday Canadian Legion won over Elks two games to one with an aggregate score of 2099 to 1186. High average score of 210 was made by Mrs. Owens.

ST. PATRICK IS HONORED

Fine Supper, Concert and Dance Last Night at Parish Hall With Large Crowd Present

St. Patrick's Day was celebrated at the Parish Hall of Annunciation Church last night with a highly successful supper, concert and dance with close on to three hundred persons in attendance at the affair; general arrangements for which were in the hands of Charles P. Balagno. The crowd was about twice as large as had been expected and all had a very enjoyable time. The hall had been attractively decorated appropriate to the occasion.

After full justice had been done to the splendid supper spread provided by the ladies under the direction of Mrs. M. P. McCaffery, the program commenced with Father Smith presiding. Speakers included Bishop E. M. Buzoz, Father E. Alford, Mrs. J. T. Mandy, City Commissioner W. J. Alder and G. E. Phillipson. The program included a demonstration of card tricks by M. J. Dougherty, vocal solos by Dr. R. G. Large and Mrs. J. H. McLeod and a one-act sketch "The Bed Room Suite" by the Prince Rupert Players' Guild, the cast consisting of Miss Helen McCaffery, Johnny Comadina and Jack Dougherty.

Music for dancing was furnished by George Rorie and Charles Balagno with Walter Smith acting as master of ceremonies. The proceedings came to a conclusion at midnight.

Today's Weather

Dead Tree Point—Part cloudy, calm; barometer, 29.54; temperature, 36; sea smooth.

Triple Island—Occasional snow flurries, calm, westerly swell.

Langara Island—Cloudy, light northerly wind; heavy swell, good visibility.

Terrace—Cloudy, calm 30.

Have you found the **SUNNY PACKAGE** on your grocer's shelf?

It's a delicious ready-to-eat cereal. Millions of Canadians have found Kellogg's ALL-BRAN a safe, effective means of correcting common constipation—the kind caused by lack of "bulk" in the menu.

Laboratory measurements show that ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also supplies vitamin B and iron.

The "bulk" in this tempting cereal is more effective than that found in fruits and vegetables—because it resists digestion better. Within the body, it absorbs moisture, and forms a soft mass. Gently, this cleans out the intestinal waste.

Isn't this natural food better than taking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases with each meal. If this fails to give relief, see your doctor.

Enjoy ALL-BRAN as a cereal or cook into appetizing recipes. Kellogg's ALL-BRAN contains much more needed "bulk" than most bran products. In the red-and-green package. Made by Kellogg in London, Ontario.

Keep on the **Sunny Side of Life**

Mrs. B. M. Hickey returned to the city on the Catala this morning from Stewart.

George Dibb returned to the city on the Catala this morning from a week's trip to Stewart.

Al Small left on last evening's train for a business trip to Hazelton and other interior points.

John Skrl of Alice Arm is a visitor in the city. He arrived in the city from the north on the Catala this morning and is a guest at the Royal Hotel.

Mr. and Mrs. P. Loudon and family, who are leaving Anyox where they have resided for years, were passengers aboard the Catala today going through to Vancouver.

The current influenza epidemic has now struck at the ranks of the provincial police, both Inspector John A. Fraser and Constable Daniels being confined to bed with the malady.

J. W. Reid, official of the Board of Railway Commissioners, left by last evening's train on his return to his headquarters at Calgary after a brief visit here on official business.

J. L. Osborne, who arrived in the city on the Catala Sunday evening after receiving treatment at the Shaughnessy Military Hospital in Vancouver, proceeded on last evening's train to his home at Terrace.

There was a further organization meeting Saturday night of the proposed Junior Moose Lodge here. Arrival of a charter is being awaited after which election of officers and other business will be proceeded with.

Charles Fyfe, accountant in the local branch of the Canadian Bank of Commerce, is confined to his bed at his quarters in the Commerce Mess. Recently he underwent a foot operation from which he is recovering.

Leroy Rowe appeared in city police court yesterday afternoon on a charge of assaulting A. Baxendale, gardener at the Court House grounds, and was fined \$5 with option of five days' imprisonment. Rowe was alleged to have struck Baxendale on the face with his fist, breaking the latter's teeth. He is serving the five days.

Provincial court of revision adjourned its deliberations this morning. John Dybhavn is presiding judge. The sole remaining appeal is that of the Canadian Fishing Co. against the valuation placed on Porcher Island Cannery. T. W. Brown is appearing on behalf of the company. Today it was decided to have another appraisal made by the assessor.

BRITISH COLUMBIA DEPARTMENT OF MINES
British Columbia has produced over \$1,373,000,000.00 worth of minerals.
Improved base metal prices, the increased value in Gold, and the general trend towards recovery, are bringing about steadily an increasing activity in mining throughout British Columbia.
NOTE: re "Mines Development Act"
In future, applications for assistance in construction or reconstruction of trails to mining properties, pursuant to the above Act, must be made on printed forms provided for the purpose. These forms may be obtained from the Department of Mines, Victoria, B.C., or from any Resident Mining Engineer or Mining Recorder.
Annual Reports of the Honourable the Minister of Mines, and special reports on lode and placer-mining, etc., may be obtained upon application to—

WHEN FOOD "REPEATS"
ACID IS USUALLY PRESENT
TAKE THIS
WITH some people the digestion of certain foods is difficult. More acid is formed than the stomach requires. This causes "repeats" or eructations. Sometimes these "risings" are extremely sour with acid. If neglected, over-acidity can lead to more serious result. Either omit the foods which "repeat", or neutralize the acid with Bisurated Magnesia. This will immediately give you relief and with no bad after-effects, for this preparation is harmless.
Bisurated MAGNESIA
IS BISMUTH IN MAGNESIA...NOT A LAXATIVE

**Much Interest Is
 Shown in Lectures**

Resident Mining Engineer's Dis-
 courses Drawing Between
 Forty and Fifty Persons

Interest in the lectures for pros-
 pectors and all interested in mining
 being held Tuesday and Friday eve-
 nings by Dr. Joseph T. Mandy, resi-
 dent mining engineer, continues to
 be well sustained with between
 forty and fifty persons present each
 evening. Ore deposits, occurrences,
 characteristics and favorable fac-
 tors of deposition are now being
 discussed. Tonight coal, oil and
 placer deposits will be dealt with.
 It is expected the lectures will con-
 clude next week.

Beached On a Sand-Bar

The Alaskan steamship Northwestern beached on an Eagle river sand-bar after the ship struck a rock at Senine Island, near Juneau. The 131 passengers and crew were taken off safely and the ship was taken to Seattle for repairs.

TERRACE

Several sordoughs are in from
 Kalum Lake. They report snow is
 rapidly disappearing from the gold
 diggings at Douglas Creek and
 hope is running high, especially in
 view of the rising price of gold.

Rev. Mr. Birchall, preparing the
 Anglican Church for Sunday's ser-
 vice, was dismayed to find no hymn
 books in the church pews. Cogitat-
 ing upon this dilemma he wandered
 about the village to think up some
 way of solving the riddle. Whichever
 would want to steal hymn books,
 somewhat the worse for wear,
 seemed to him a baffling problem.
 Passing an empty building his ears
 caught the sounds of infant voices
 joined in what appeared rather a
 vabbly chorus. Entering the build-
 ing to see what the youngsters were
 up to he was delighted to find the
 missing books. It seemed the young
 folk had borrowed the hymn books
 on their own responsibility and
 were having a great game of
 "Church".

The week has brought bright
 sunny days but rather cold nights.
 Local gardening enthusiasts have
 received a decided set-back and
 hoes and rakes have disappeared
 again.

**ARMAMENT
 MAN DIES**

Carl Duisberg, Dye Magnate, Suc-
 cumbs at Age of 74—Was
 Self-Made Man

BERLIN, March 19. (CP)—Carl
 Duisberg, founder and president of
 a famous German dye trust which
 is playing a prominent part in the
 German re-armament program,
 died today at the age of 74.

An organizer of phenomenal ver-
 sality, a man who could juggle
 atoms or industrial projects with
 equal skill, at once scholar and
 business man, inventor and econ-
 omist, chemist and connoisseur, Carl
 Duisberg was a baffling combina-
 tion of what have come to be re-
 garded as the typical self-made
 men.

Although he battled his way to
 the top of the German dye indus-
 try by virtue of his own unaided
 achievements, it was not in the
 "university of hard knocks" that he
 got his preliminary training. He
 was born at Barmen, Germany,
 September 29, 1861, the son of a
 well-to-do business man and he
 thus inherited as a matter of course
 the opportunity of equipping him-
 self with what the best schools had
 to offer.

At the universities of Goettingen
 and Jena he developed an absorb-
 ing interest in chemistry and eco-
 nomics, a linking of enthusiasms
 which struck some of his professors
 as peculiar. The link between
 chemistry and industry was not
 very obvious in those days.

Young Duisberg's laboratory re-
 searches, however, always leaned
 towards the practical. He wrote his
 doctor's thesis at Jena on what
 housewives unfamiliar with chemi-
 cal terminology would call vinegar.
 And soon after that what captured
 his interest was the practical prob-
 lem of synthetic dye production.

For a while he worked with Pro-
 fessor Hans von Pechmann, the
 Munich chemist whose researches
 were arousing the interest of Ger-
 man scientists. Here Duisberg's
 brilliance soon attracted attention.
 The head of a dye-manufacturing
 concern in Elberfeld heard about
 the young chemist, and in 1884
 Duisberg was on the payroll, devot-
 ing his talents to the practical
 problems of the plant.

He had not been a year before
 he found the formula for a new
 red dye, Benzopurpurin, which
 turned out to be a bonanza for his
 company. Through further research
 he developed Azo-blue, Benzo-

**DEATH OF
 SCIENTIST**

Michael Pupin Passes Away at Age
 Of 76 Following Heart Attack

NEW YORK, March 19.—Michael
 Pupin, noted inventor of electrical
 communication transmission sys-
 tems, is dead at the age of 76 after
 having suffered a heart attack two
 weeks ago. He came as an immi-
 grant boy from Europe to this
 country sixty years ago and gradu-
 ated from Columbia University
 as president of the class. For many
 years he was a leader in the scien-
 tific world.

Inventions which revolutionized
 telephony, wireless telegraphy, and
 the x-ray were Michael Pupin's
 contributions to the scientific
 world. The man who passed from
 immigrant to inventor in 22 years
 returned a rich reward of more
 than he received from "the land of
 opportunity."

The "Pupin coil," used in putting
 telephone and telegraph wires un-
 derground, he regarded as his
 greatest achievement. It made pos-
 sible the New York to San Francisco
 telephone line, the Boston to Wash-
 ington underground cable, and the
 submarine cable between England
 and Holland.

In 1896 he discovered a rapid
 method of x-ray photography,
 which shortened the time of ex-
 posure from about an hour to a few
 seconds. At that time he made a
 photograph of a wounded hand
 containing 100 small shot, all of
 which a surgeon, guided by the
 picture, was able to remove. In the
 same year he also discovered the
 secondary x-ray radiation principle
 universally employed now in the
 study of x-ray spectra.

Wireless telegraphy, however, was
 the first field to benefit from his
 research and inventions. With the
 appearance of wireless in 1896
 came the problem of sending mes-
 sages so that they would not inter-
 fere with each other. Pupin inven-
 ted a method of electrical tuning,
 later purchased by the Marconi
 Company, and practised univers-
 ally now in radio-telegraphy. He
 also devised a method of receiving
 wireless signals through electrolytic
 rectification of high frequency os-
 cillations at wireless receiving sta-
 tions.

Michael Idvorsky Pupin was
 born in Idvor, Banat, then a pro-
 vince of Hungary but now in Jugo-
 Slavia, October 4, 1858, of peasant
 people. His mother supplemented
 his school lessons with her own
 teaching.

His loyalty to Serbian tradition
 resulted in friction with constituted
 authority and he determined to go
 to the land where Franklin had
 made his experiment with a kite.
 Encouraged by his mother he sold
 his watch, his cap and almost
 everything he possessed for suffi-
 cient funds to make the trip, and
 in 1874 sailed for America without
 even enough money to buy at mat-
 tress for his steerage bunk. Some
 days later he landed in New York
 with a single nickel to begin the
 career which led him from the most
 menial tasks to a professorship at
 Columbia University and the in-
 ventions and discoveries which so
 benefited the scientific world.

Miss Nicholls, Chilliwack nurse,
 who has been making the trip
 north to Port Simpson in charge of
 a student from Coqualeetza Insti-
 tute, who has been taken ill to his
 home there, was a passenger aboard
 the Catala today returning south.

azurin, Sulfonazurin and a host of
 other new coal-tar derivatives
 which helped to establish the popu-
 larity of German dyes throughout
 the world.

**WHIFFLETS
 From the Waterfront**

Union steamer Catala, Capt.
 James Findlay, returned to port at
 10:15 this morning from Anyox,
 Stewart and other northern points
 and sailed at 1:30 this afternoon
 for Vancouver and waypoints.

The well known steamer Prince
 Albert, which for years was oper-
 ated as a freighter out of Prince
 Rupert by the Grand Trunk Paci-
 fic Steamship Co., has been pur-
 chased by the J. R. Morgan Logging
 Co., according to reports received
 here, and is now being recondi-
 tioned in Vancouver for use as a
 tugboat in towing Davis rafts of
 logs from the Queen Charlotte
 Islands to the mainland.

The Anglican mission boat Nor-
 thern Cross, with Rev. Captain W.
 A. Delap in charge, returned to port
 yesterday after having spent the
 winter at Metlakatla and is now
 tied up at her regular berth at the
 floats of the Prince Rupert Rowing
 & Yacht Club. The Northern Cross
 will now undergo engine overhaul
 before taking up her summer's
 work along the coast out of Prince
 Rupert.

Oolachans are running on the
 Naas River. First deliveries of the
 popular "candle fish" arrived yester-
 day and were meeting with ready
 sale today. The Tlidians are also re-
 ported to have already started on
 their harvest of the oolachans.
