Leader of Liberals Tells Party's Plans To Assist Workless

Would Inaugurate Program of Slum Clearance, National Park Development, Afforestation, Public Buildings And Highways—Importance of Provincial Co-operation

OTTAWA, August 6: (CP)—Nation-wide co-operation under a national commission in the twin tasks of administering unemployment relief and providing work for the unemployed is the Liberal party's policy on the unemployment question. Rt. Hon. William Lyon Mackenzie King, Leader of the Opposition, declared last night in the third and last of his pre-campaign radio addresses.

ANOTHER TYPHOON SWEEPING CHINA

AMOY, China, Aug. 6: (CP)—Southern Fukien Province today was struck by a second typhoon, the heaviest in 25 years, which ripped inland, devastating a huge area. A great fishing fleet off Amoy was scattered and wrecked.

Hanson Visiting Francois-Ootsa Lake District

BURNS LAKE, Aug. 6:—Olof Hanson, M. P. for Skeena, arrived here this morning from Smithers, being on his way to the Francois and Ootsa Lake district south of here in the course of an election tour. All along the line, Mr. Hanson is receiving a warm reception and it is generally conceded that his chances of re-election are very bright.

UNANIMOUS CONVENTION

Harmony in Advancing Affairs Of Northern and Central B. C. At Prince George Gathering

Final Session

Quesnel and Wells to Join up With Central B.C. Associated Boards

PRINCE GEORGE, Aug. 6:—Scarcely has there been a more unanimous meeting of the Associated Boards of Trade of Central British Columbia than that which on Friday afternoon here got through a lot of business in short order, largely through the excellent management of J. O. Wilson of Prince George, chairman of the resolutions committee. Everything that was said and done was with a single eye to the good of the northern and central parts of the province.

Smithers led the way with the largest number of resolutions and they were explained and supported by F. M. Dockrill and H. H. Griffin, all being carried except one dealing with the letting of tie contracts which met with general opposition. Sam Cocker of Vanderhoof brought forward his annual resolution dealing with the establishment of model farms and also a resolution asking for the construction of stockyards at Red Pass by the Canadian National Railways.

H. F. Pullen introduced the resolution from Prince Rupert dealing with the northern transprovincial highway. He explained that it was the big thing with Prince Rupert people so they decided to centre on it. There were two closely related resolutions, one asking the expediting of work on the highway and the other asking for federal help in its construction. He explained that work was already under way at different points. Having a northern premier doubtless was an important factor in Northern British Columbia getting its fair share of the appropriation. The establishment of the pulp mill at Prince Rupert would make the construction of the highway more necessary than ever.

HIS FIRST CAMPAIGN

Premier Of Alberta Is A Scotchman And Farmer

EDMONTON, August 6, (CP)—A champion of farmer's rights who long before the advent of a United Farmers of Alberta government had played a prominent part in the agrarian life of the province, Hon. R. G. Reid today is conducting his first election campaign as premier.

After filling important cabinet positions in the U. F. A. administration from its formation in 1921, Mr. Reid was chosen premier to succeed Hon. J. E. Brownlee, who resigned, July 10, 1934. A veteran of the cabinet, he was the unanimous choice of the U. F. A. members.

A native of Scotland, Mr. Reid came to Canada when he was 24 years old and followed the trek of the early days to the land, becoming a successful farmer in the Vermillion district before he entered the political field 14 years ago. Since then he has represented the riding of Vermillion in the legislature, and from the first was named a cabinet minister, holding the important portfolio of minister of municipal affairs. He later became minister of mines and provincial treasurer. He was provincial treasurer when called to the premier's office, and through the

Drinking Preceded Indian's Drowning Evidence Indicates

According to evidence brought before an inquiry being conducted in connection with the fatality, drinking preceded the drowning on Saturday night of Robert Cooper, Port Simpson Indian, by falling overboard from his fishing boat at Sunnyside Cannery. The inquiry opened yesterday and has been adjourned for further witnesses.

Three Indians, George S. Ryan, W. A. Kelly and Edward Bryant, alleged to have been aboard the same boat at the time of the drowning, appeared in provincial police court yesterday afternoon on charges of drunkenness and were remanded until this afternoon.

Twelve Years in School Without Ever Being Absent or Late Has Been Record of Beatrice Berner

In the way of school attendance records, Prince Rupert can boast of a feat which is probably without parallel anywhere in the country. This year Beatrice Berner, daughter of Al Berner, a local railway conductor, and Mrs. Berner, completed her public and high school studies with the record of having never been absent or late throughout the entire twelve years. She has received all her schooling in Prince Rupert and has never on any occasion ranked lower than fifth in her class.

PREPARE FOR WAR

Ethiopia Dissatisfied With Victory For Italy in Negotiations At Geneva

ADDIS ABABA, Aug. 6:—Official Ethiopia considers that the result of the preliminary discussions at Geneva last week under the auspices of the council of the League of Nations for a settlement of the Italo-Ethiopian crisis constituted a victory for Italy.

Convinced that, if Ethiopia is to retain its independence, it must fight for it, Emperor Haile Selassie continues to make preparations for war.

Dr. C. H. Hankinson returned to the city on yesterday afternoon's train from Smithers where he spent the week-end with Mrs. Hankinson and family who are encamped there for the summer.

BANKS ARE CRITICIZED

Stevens Tells What He Will Do If Returned to Power

VICTORIA, Aug. 6: (CP)—Addressing a public meeting here, Hon. H. H. Stevens, leader of the Reconstructionist Party, strongly criticized the banking system. He claimed that, in the last five years, the banks had strangled business by cutting down loans to the extent of \$400,000,000 and at the same time increasing their investment in government bonds by \$375,000,000.

Mr. Stevens said that Canadian building construction was about \$900,000,000 behind the demand and said that, if returned to office, he would give the banks two weeks to reach a solution, failing which he would have the government organize a public corporation to finance a housing program.

Mr. Stevens left here for Vancouver where he addressed a mass meeting in the Arena before proceeding to his own constituency of East Kootenay.

VANCOUVER, Aug. 6: (CP)—Speaking here last night, Hon. H. H. Stevens, Reconstructionist Party leader, told an audience of three thousand persons that, from the first day on which the Parliamentary committee on price spreads and mass buying sat, "I was subjected to carping criticism by cabinet colleagues regarding the treatment accorded to the representatives of big corporations summoned to appear before us." Mr. Stevens devoted the most of his address to an explanation of the reasons for his break with the government.

Longshoremen of Golden Gate Port Refusing to Handle Victoria Boats

Had Previously Voted Against Loading or Unloading Vancouver Vessels—Order Made by Head of International Longshoremen's Association

SAN FRANCISCO, August 6: (CP)—Ship traffic between San Francisco and British Columbia ports virtually halted yesterday when Jack Creary, vice-president of the International Longshoremen's Association local, notified the Waterfront Employers' Association that no ships destined for Victoria will be loaded here. The International Longshoremen's Association had voted previously to refuse to load or unload ships bound for or arriving from Vancouver.

Modern Girl Fine To Lloyd George

Old Academies Were Atrocious Declares Former Premier

LONDON, Aug. 6: (CP)—Lloyd George prefers the modern girl and the education which makes her what she is. He said so at the speech day of St. Felix School, Southwold, where his grand-daughter is a pupil. Recalling that the school was founded just at the time "when the prim and grim Victorian era was coming to an end," he went on: "The old academies for young ladies—they were not girls in those days—at best were an expensive joke, and at their worst they were an atrocity."

HALIBUT CATCH IS MUCH LESS SO FAR DURING THIS YEAR SEATTLE, Aug. 6: (CP)—The halibut catch by the Canadian and United States fleets from March 1 to July 31 totalled 24,150,000 pounds as compared with 33,000,000 pounds in the same period last year, the International Fisheries Commission reports. The strike at the start of the season this year is blamed for the decrease.

THE RECONSTRUCTIONIST CRUSADE

Hon. H. H. Stevens and his Reconstructionist Party are not overlooking anything in making their appeal as broad and as attractive as possible for the discontented and sorely tried voters. The latest to incur Mr. Stevens' displeasure are the bankers whom he says he will, if elected, give two weeks to meet the building requirements of the country, failing which he would organize a public corporation to finance a housing program.

Like many others we cannot help but wonder why Mr. Stevens during his four years' incumbency as an important minister of the crown in the Bennett government which he so roundly assails now was not able to do anything about these things regarding which he so bitterly complains. We do not recall of his having made any criticism of the Bennett government in regard to its policies on this and other problems before the quarrel about a year ago over the reorganization of the Vancouver Harbor Commission prior to the famous brochure regarding the mass buying commission.

We may agree with some of the reforms which Mr. Stevens now professes to espouse. We may not sympathize with the Bennett government. At the same time, however, we cannot help but be just a little curious about the real motives behind Mr. Stevens' reformation and question whether or not he would be able or try to carry out his promises in the remote event of getting into power.

CLEANING UP PRINCE RUPERT

The paintbrush has been in use possibly to a greater extent in Prince Rupert this year than it has been for some years past. Great improvements have also been made by means of new and extended gardens and in other ways. Much yet remains to be done, however, and one eyesore that occupies a very prominent position and is to be seen by all visitors is the debris of the buildings destroyed by last winter's fire on Second Avenue. It is to be hoped that, ere long, if it is not decided to rebuild on the property in question, at least some steps will be taken to clean up the remains of the disaster.

OUR FAMILY GROWS

We take pleasure in welcoming the Cariboo mining towns of Quesnel and Wells into the communal family of Central British Columbia. Their decision to affiliate with the Associated Boards of Trade of Central British Columbia is noted with interest. We hope that our association in this way may prove of mutual benefit.

Possibly there has been a tendency here to think of the Cariboo as being somewhat out of our area. After all, the only thing that seriously separates Prince Rupert from the Cariboo is the lack of a highway, the same lack that prevents us from enjoying the society and business to a greater degree of other and closer interior communities. It should be our aim to have this handicap removed at the earliest possible moment. The best way to do this is to be unremitting in our fight for our rights in regard to highway connection with our hinterland.

SMITHERS WINS OUT

Exciting Finish to Baseball Series In Interior With Prince Rupert on Short End

SMITHERS, Aug. 6.—Smithers won the Northern British Columbia baseball championship yesterday by defeating Prince Rupert in an exciting extra inning final game by a score of 10 to 9. Twice during the game, Smithers overcame four run leads of Prince Rupert. Smithers made nine hits and Prince Rupert fifteen.

The Smithers battery consisted of Carpenter, O'Neill and Chisholm and Prince Rupert's Lambie and Bary.

The Prince Rupert team and large party of fans left on this morning's train for the coast and will be home tonight.

CRISIS IS NOW ENDED

Giants Have Four Game Lead In National League—Tigers Same In American

NEW YORK, Aug. 6. (CP)—The crisis for the New York Giants as far as the National League supremacy is concerned appears to have passed for the time being at least. Yesterday the Giants scored a close victory over the Brooklyn Dodgers at Ebbetts Field here while the second place Chicago Cubs were dropping one to the Reds at Cincinnati. The Giants' margin is now four full games over the Cubs. The Dodgers dropped from the leadership of the second division into seventh place below both the Reds and the Phillies who trounced the Boston Braves at Philadelphia.

Yesterday's play brought forth no changes in the American League situation, the idle Detroit Tigers now having a four game lead over the New York Yankees who had an easy victory over the Red Sox at Boston.

Yesterday's Big League scores:
National League
Brooklyn 4, New York 5.
Boston 1, Philadelphia 9.
Chicago 1, Cincinnati 3.
American League
Chicago 2, Cleveland 4.
Philadelphia 7, Washington 10.
New York 10, Boston 2.

Pat Clanton Passes Away

Former Well Known Local Boxer Died Recently Following Long Illness

After a lengthy stay at Tranquille Sanitarium whence he was sent from here for treatment, Pat Clanton, former well known local boxer, passed away on July 15, according to information received by P. J. Rolls of this city in a letter from deceased's mother, Mrs. J. Clanton of Vancouver. The funeral took place at Sidney, Vancouver Island his home town, on July 18.

Shortly prior to his death, Pat had suffered a severe hemorrhage which further sapped his strength following the lengthy illness.

Many friends attended the funeral rites at Sidney and there were no less than forty wreaths and sprays.

TAKING UP OLD MINE

Men And Machinery Arrive At Skidegate Enroute to South-Easter Property

QUEEN CHARLOTTE CITY, Aug. 6.—A. P. Smith of Seattle has been here for some time making an examination of the Southeast mine near Skidegate. He represents American capital which may become interested in the property. Strength was lent to this belief with the arrival on the Prince Charles last week of five men and ten tons of machinery on the way to the property.

Guided by Toes When Sightless

This is the Way Blind Girls Do In Swimming Pool

HERTFORD, Eng., Aug. 6. (CP)—Blind girls use their toes instead of their eyes, as was demonstrated to Viscountess Hempen at the opening of the new swimming pool at Chorleywood College where blind girls are being educated.

The pool has a raised pavement round the edge and the spring-board is fitted with a double thickness of matting at its end. Using their toes as guides instead of their eyes, the girls plunge in with easy grace.

An official of the National Institute of the Blind says: "Swimming is one of the exercises that the blind enjoy with the confidence of sighted people and the coolness with which some of the blind girls at Chorleywood leap off a six-foot diving board is amazing."

The college is for those who are totally blind or whose sight is so poor that they dare not read more than one or two books in a year.

SPACE

MR. ADVERTISER?

Space in a daily newspaper possesses a power that is lacking in the lineage of other advertising media.

It is not only more economical... which is a matter of easy computation... it is not only more flexible, it is not only more timely and rapid, but also it is the advertiser's unfailing point of contact with the mass market and every spot market of the Dominion of Canada.

The Daily Newspaper possesses a power by means of which an advertiser, who knows how to use it, can reach and move to action all or any part of the Canadian consuming public.

In this North American continent there was spent during 1934 in the columns of the daily newspapers more than \$500,000,000. The strongest of all supplementary media was used to the extent of \$114,000,000. Why?

Because for prompt action on sales plans... for quick consumer influence at minimum cost... for willing co-operation from the retail trade, the daily newspaper is today, as it always has been, the outstanding and most economical basic advertising medium.

Major W. J. Caruthers, Salvation Army, Wrangell, and Mrs. Caruthers left on last evening's train for Hazelton.

Misses Muriel and Joyce Collison, daughters of Mr. and Mrs. W. E. Collison, left on the Prince Rupert yesterday afternoon for a trip to Vancouver.

Miss Ruth Gilbes, after having made the round trip north from here to Skagway, was aboard the Prince Rupert yesterday going through to Vancouver where she will spend the remainder of her annual vacation.

WEAK WOMEN

ARE you tired, nervous, run-down? No pep? No ambition? Take Lydia E. Pinkham's Vegetable Compound. It quiets quivering nerves—improves the appetite—makes life seem worth living again.
Mrs. James Martin of 227 1/2 Main Street E., Hamilton, Ontario, says—"Your Vegetable Compound built me up wonderfully. I have gained pep, my nerves are better and I have a good appetite. I feel much stronger."

Otto Olsen, charged with supplying liquor to Edward Bryant, a Port Simpson Indian, was remanded for eight days on appearing this morning before Magistrate McClymont in city police court.

Mrs. A. V. Fisher of Telkwa returned to her home in the interior on last evening's train after spending a few days in the city. She brought in a shipment of stock from her farm for the local abattoir.

W. O. Fulton returned to the city on yesterday afternoon's train from Lakelse Lake where he has been spending a while with Mrs. Fulton and family who are in residence at their summer home there for the season.

W. E. Peterson of Seattle, inspector of salmon canning machinery, after a tour of Alaska, arrived here from Ketchikan on the Prince Rupert yesterday and will now visit the Skeena River and elsewhere in this district.

Carl W. Breznell, prominent broker from Miami Beach, Fla., and Mrs. Braznell and son and daughter were passengers aboard the Prince Rupert yesterday returning south after having made the round trip to Skagway.

Owing to the illness of Dr. A. S. Lamb, travelling provincial health officer and inspector of hospitals for the province, it has been necessary to postpone the annual chest clinic which was to have been held here this week, opening today. If his health improves sufficiently, Dr. Lamb may come north later to conduct the clinic but this appears to be problematical at this time.

Kenneth D. Marshall of Edinburgh, Scotland, who is on a tour of the world, disembarked here yesterday from the steamer Prince Rupert after having made the round trip north from Vancouver to Skagway and proceeded east by train last evening. He has been away from his home in the Scottish capital for two months and it will be another six months, he expects, before he gets back there.

A report covering the recent crash of an airplane at McDames Creek in the Dease River country in which Pilot Howard MacDonald and passengers sustained injuries has been received from the McDames Creek post at divisional headquarters of the provincial police here. Following the accident, the injured were taken to Whitehorse hospital and have since been discharged from the institution.

Automobile Taken But Is Recovered

Vehicle Of John R. Mitchell Removed From Fourth Avenue West To Seal Cove

Buick sedan belonging to J. R. Mitchell was removed last evening from in front of the Waldron Apartments on Fourth Avenue West. The matter was reported to the police at 1:30 a.m. and by 3 a.m. the missing car had been located on a plank roadway on Immanuel Street branching upwards from Sixth Avenue near Seal Cove. The car was undamaged although it had gone through the roadway after which it was abandoned. The incident is being further investigated by the police.

Quick relief for acid stomach

Acid indigestion indicates too much acid in the stomach. The resultant misery will vanish speedily if you take a little Bisurated Magnesia (Bismuth in Magnesia) after eating, to improve the over-acid condition of the stomach. This is better than relying on habit-forming laxatives. At all Drug Stores—in powder form, or in tablets for handy carrying.

AIRPLANES VISIT HERE

Three Flying Machines in Port Within Twenty-Four Hours, Engaged in Various Missions

Three airplanes were in port within a few hours after Sunday afternoon. The first was a low-winged Junkers monoplane of the Pacific Airways piloted by Charles Elliott which paused briefly for refuelling late Sunday afternoon on the way from Vancouver to Stewart whence it will freight supplies into the Unuk River district for the Premier Gold Mining Co.

At 9:30 yesterday morning a twin-motored Boeing flying boat, piloted by Clayton L. Scott, dropped in, being here to await the arrival later in the morning of the yacht Taconite having on board the owner, W. E. Boeing, Seattle aircraft and ship builder, who is making a cruise to Alaska with party. The Taconite left Vancouver ten days ago and Mr. and Mrs. Hunt of California who came north as the guests of Mr. and Mrs. Boeing left the yacht here and sailed by the Prince Rupert yesterday afternoon on their return south. The Taconite, of which Capt. W. R. Stacey is skipper, left at noon today in continuation of a trip to Alaska which will occupy another week. The seaplane will be here for a couple of days longer before proceeding to Alaska to rejoin the yacht.

At 10 o'clock yesterday morning a Super-Pokker monoplane, piloted by Major D. R. McLaren D. S. O., western manager of the Canadian Airways, and with Gordon Bulger aboard as air engineer, arrived. It left Vancouver Saturday morning with H. R. MacMillan, president of the B. C. Packers, W. J. Van Dusen, well known Vancouver lumberman, and Jack Buchanan, chief accountant for the B. C. Packers, on board. The night had been spent at Sunnyside and the visitors were touring Skeena River cannery points yesterday morning. The plane left at noon for Sunnyside to pick up the passengers and fly them back to Vancouver.

WHIFFLETS

From the Waterfront

The Armour Salvage Co. speedily raised the well known Juneau halibut boat Addington which stranded and sank in Metlakatla Passage late Sunday night while bound here with a catch of 9000 pounds of halibut. The sunken vessel was lashed to the derrick scow and brought into the McLean ways where she will be repaired. Her forefoot was crushed and seams sprung but damage was not as extensive as might have been at first anticipated. The Addington had the misfortune to strike a rock and sink a couple of years ago off Dundas Island.

Skipper Harry Ward left Sunday morning with the local power cruiser Bonanza for a trip to Vancouver. Accompanying him were Misses Lorna MacLaren and Blanche Curtin. They are on a holiday jaunt and will be away for a few weeks.

News from the north tells of Capt. John Macdonald, well known master of the steamer Tutshi, plying from Carcross on Tagish Lake, slipping recently on a sidewalk at Atlin and breaking his leg not far below the hip. He is in hospital at Atlin.

Boats leaving today for the fishing grounds are the Toodie, Morris H., Teeny Milly and Cape Spencer.

Border Line Transportation Co.'s freighter Border Prince, Capt. Gosse, arrived in port at 9 o'clock last night from Vancouver via Skeena River cannery points and is today loading fish meal from the Nelson Bros. Fisheries Ltd. reduction plant at Tucks Inlet for delivery to Vancouver.

Southbound after a specially scheduled Alaska cruise with a capacity list of passengers, C. P. R. steamer Princess Charlotte, Capt. W. Q. Palmer, is due here at 9:30 Thursday morning from the north and will sail at 1 p.m. for Vancouver and waypoints.

Delayed again by having heavy freights to handle at waypoints, Union steamer Catula, Capt. A. E. Dickson, is due in port at 5:30 this afternoon from Anyox Stewart and other northern ports and will sail soon thereafter on her return to Vancouver and waypoints. The vessel is bringing south another large party of Anyox people, the most of whom will be proceeding through to Vancouver.

A FRANK ANSWER

The Bishop of London tells a story about a visit he made to a home in his parish. A little girl came to the door. Then a voice from the wash tub in the rear inquired: "Well Sally, who is it?" The answer was "Its religion, mother".

REX BEACH COMING

Rex Beach, famous American novelist, is expected to be a visitor in Prince Rupert tomorrow going north aboard the steamer Prince George to Alaska. He is also visiting Jasper Park in the course of his present tour.

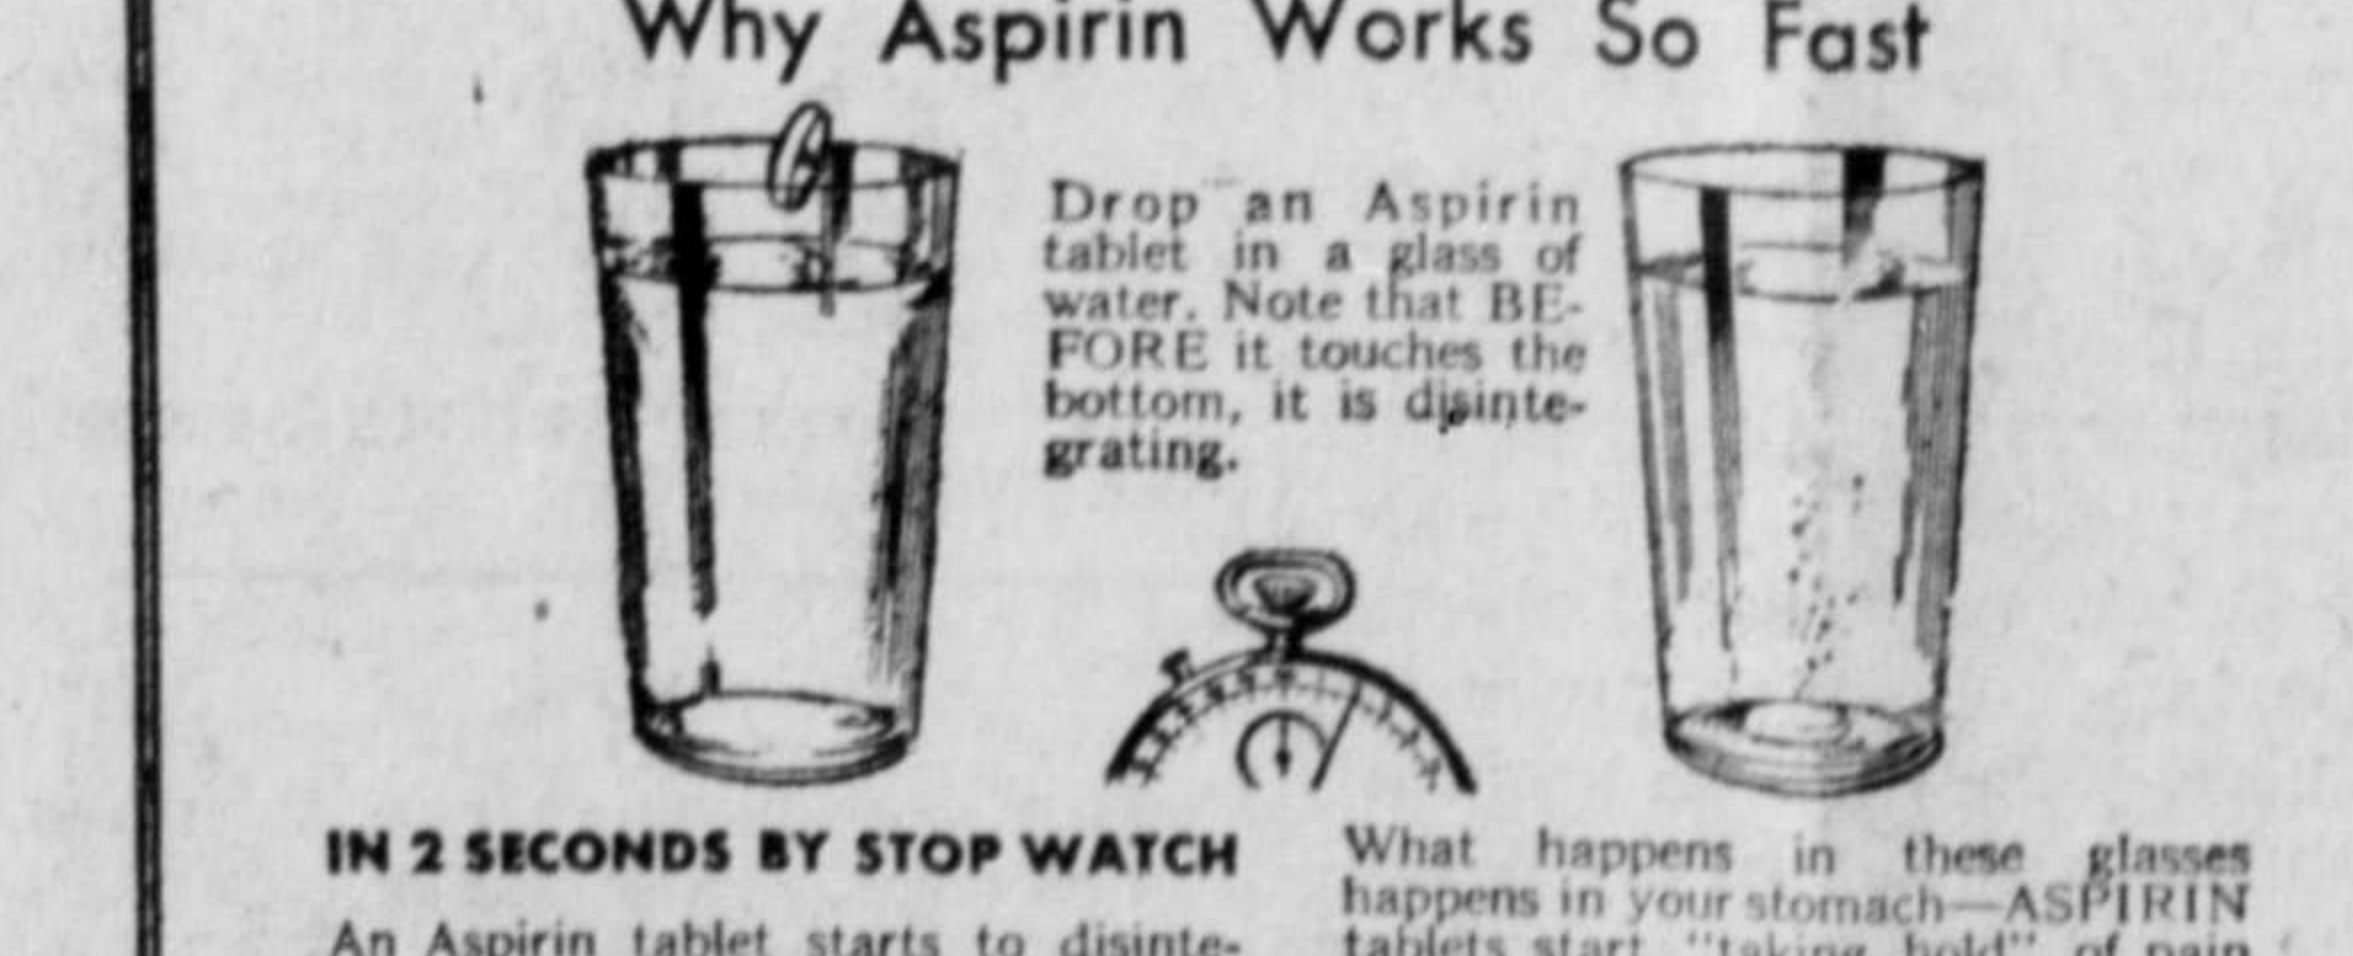

Faster Way Now to Relieve Neuralgia

DISCOVERY ALSO EASES BAD HEADACHES
MUSCULAR PAIN OFTEN IN FEW MINUTES

Remember the pictures below when you want fast relief from pain. Aspirin eases even a bad headache or neuralgia often in a few minutes! An Aspirin tablet begins "taking hold" of your pain practically as soon as you swallow it. And Aspirin is safe. For Aspirin does not harm the heart.

Remember these two points: Aspirin Speed and Aspirin Safety. And, see that you get ASPIRIN, the method doctors prescribe. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet. Get tin of 12 tablets or economical bottle of 24 or 100 tablets.

Why Aspirin Works So Fast

Drop an Aspirin tablet in a glass of water. Note that BEFORE it touches the bottom, it is disintegrating.

IN 2 SECONDS BY STOP WATCH
An Aspirin tablet starts to disintegrate and go to work.

What happens in these glasses happens in your stomach—ASPIRIN tablets start "taking hold" of pain a few minutes after taking.

New Assays Give Owners of Mine Fresh Confidence

SMITHERS, August 6.—Assay of several samples sent out during the past week or two suggests to S. F. Campbell, Grover Loveless and Wesley Banta of Smithers, owners of the Glacier Gulch mine, that the R. W. Wilson interests may not have been right after all in relinquishing their option on the property after having carried out considerable work. From the old workings they shipped a car-load of ore which realized \$100 per ton. Loveless and Banta have been recently taking out some nice looking ore. Three samples were sent out for assay, one showing \$271 in gold, another \$322 in gold and the third, taken right off the dump, giving a content of \$28 in gold. Free gold is said to show prominently in the new ore and the owners are confident that a shipment which is now about completed will average \$100 to the ton in gold or better.
