### DETROIT IS NEAR CINCH

Mickey Cochrane's Crew, Behind Crowder's Brilliant Pitching, Takes Strangle-Hold On Series

CHICAGO, Oct. 5: (CP)—General Alvin Crowder, veteran righthander, hurled a brilliant two to one victory for the Detroit Tigers over the Chicago Cubs today in the fourth game of the world series as the American League champions hammered their way to within one victory of the 1935 world's baseball championship, the Tigers now having a three to one edge in games. Detroit again came up from behind to tie the score and then moved in front.

Brilliant fielding nipped off threatening Chicago rallies after Cochrane's crew had taken the

Loose fielding again contributed much to Chicago's defeat.

The Scoring Plays Second inning, Chicago-Hartnett pounded a home run into the right field stands.

Third inning. Detroit-Crowder singled. White singled, sending Crowder to third but was out himself trying to stretch it to second. Cochrane walked and Gehringer doubled, scoring Crowder.

### THE POLITICAL CORNER

THE C. C. F. AND THE ORIENTAL

The following questions and replies taken from Hansard of June 22nd, 1934, Page 4206, show the position of the C. C. F. party on the Oriental vote question. Ian Mackenzie, Liberal Member for Vancouver, was questioning Mr. Woodsworth as to where the C. C. F. party stood on votes for Orientals.

Mr. Mackenzie (Vancouver), "Is the Hon. member in favor of enfranchising Orientals in British Columbia?"

Mr. Woodsworth, "I am in favor of enfranchising Orientals in British Columbia."

Mr. Mackenzie, "Is the C. C. F. in favor of it?"

Mr. Woodsworth, "Yes; there is no doubt about that. I will go into your riding and tell them so; there is no doubt about it." This should silence any denials that the C. C. F. party is in

favor of giving the vote to Asiatics. The question is, "Are the farmers and fishermen of Northern British Columbia going to vote for a party committed to such a

policy?" If a politician dared advocate such a policy in the Fraser River Valley he would be mobbed. The Oriental question is not so acute in Northern B.C. but in the south the Asiatic farmers are rapidly pushing back the white farmer and the Oriental fisherman rapidly displacing the white. It is only a question of

time until we have the same conditions in the north. Giving the vote to the Asiatic would be a very dangerous business. We all know the way the canneries exploit the Orientals in the matter of fishing and fishing licences. Knowing nothing about our politics or system of government these Asiatic fishermen (all of whom are naturalized) could be herded in

droves to vote as the canneries wished. Every white fisherman knows this and will oppose to the last ditch the granting of such franchise.

The Liberal party is absolutely opposed to giving the franchise to any Asiatic. Your vote for Olof Hanson will ensure that they do not get it.

-Liberal Campaign Committee.

Prince Rupert more than many score. places is a capitalistic city. Many of the fishermen are capitalists who own their own boats and gear and they | Eleventh Inning, Detroit-Rogell would hate to have anyone claim that fishing should be singled and was forced at second nationalized and the owners of fishing boats be compelled on Owen's safe bunt. Lindstrom land and Wales played to a oneto give up their rights to their property. True that is not mentioned in the wonderful platform set forth by the leaders of that party but it is the logical sequence of their other proposals. Professor King Gordon says the farmers will have to give up their lands to be worked on a co-operative basis and the next logical move would be to force . the fishermen to give up their boats.

Leaders of the C. C. F. will doubtless say this is not their policy but these men would have little say in regard to it if the nationalization scheme once got fully under way. The proletariat junta would soon straighten them out as they did the karluks in Russia. Proposing a general nationalization policy is playing with fire and it is impossible to say whom it may burn.

#### The Letter Box

RANGE OF PRICES Editor, Daily News:

A table taken from the Dominion statistical records shows the range of price of certain commodities between the years 1930 and 1933. These include wheat on the one hand and a variety of textiles on the other. The table disclosed that during these years when wheat decreased 34 percent in value from the 1926 price level, the cost of the textiles which the consumer would have to buy decreased much less; thus, dress gingham, 3 percent; cotton blankets. 9 percent; bleached cotton, 10 percent; print, 5 percent; and in the cases of Canadian gingham, rayon taffeta and rayon diess crepe, the price actually increased above the 1926 level.

The reason the decrease in the price of these manufactured goods has not equalled the decrease in the value of wheat is due to the tariff and to nothing else. This means one thing and one thing clothing and other necessities in with dancing. protected industries.
