KETCHIKAN, Aug. 20: (CP)—Approximately two million fish under normal production, the Alaska salmon pack for the season is estimated by Frank T. Bell, United States commissioner of fisheries, at 4,500,000 cases. Mr. Bell said that the cannerymen should benefit, however, by improved prices.

BOOK BY LOCAL MAN

D'Arcy Marsh, Formerly Member Of High School Staff, Writes Of Sir Henry Thornton

A biography of the late Sir Henry Thornton has been written by D'Arcy Marsh, former member of the high school staff at Prince Rupert. Published reviews indicate that the book is cleverly written. It to some extent is a defence of the great railwayman but it points out many of his weaknesses. It is suggested that Mr. Marsh's findings will be used in the coming election by Liberals who have always defended the National Railways.

The reviews suggest that the book is a record of great human interest and that it is an excellent piece of journalistic craftsmanship.

Rogers' funeral will take place at Glendale Thursday while Post's body goes on to Oklahoma where interment will also be made Thursday. Immediately after the arrival of the plane a wild and riotous scene occurred at the hangar when a photographer was discovered concealed in the rafters above the ship. The police arrested him and smashed his camera and engaged in hand to hand fights with other photographers and onlookers. 17.

Everyone Invited to Take Flowers To Exhibition Hall

Entries for the Flower Show at the Silver Jubilee Carnival may be made this evening from 4 to 8 o'clock at the Junior Chamber of Commerce office at the City Hall. Exhibitors would be well advised to make their entries tonight instead of leaving this to the last minute. Exhibits should be in position tomorrow morning at the Exhibition Hall by 11 o'clock so that everything will be in readiness for judging.

NEW YORK, Aug. 20: (CP)—Copper sales are being made in domestic markets at 8 1/2c, an advance of half a cent, while abroad sales are reported at 8 1/4c. ALL JOIN IN CELEBRATION

The Junior Chamber of Commerce has arranged a big carnival celebration for three days commencing tomorrow. They are giving their time and energy in making it a successful event and we suggest that all join the young men in co-operating to make it a big event and to welcome the visitors to the city.

As explained in a letter published recently, the boys make absolutely no profit from the undertaking. Their sole aim is to put on a carnival that will be a credit to the city and that will be worthy entertainment to the many visitors who are expected. If all enter into the spirit of the occasion it will be a success. Let us for this time show the proper community spirit.

WAR IN AFRICA

It seems that it is impossible to prevent war in Africa. Statesmen in Europe have done their best without effect. The Kingdom of Ethiopia seems to be doomed to extinction as an independent entity. Italy is hurrying troops to the borders of that country in readiness for a war of subjugation. It would seem that nothing can save them.

ANOTHER WAR POSSIBILITY

Another war possibility for the near future seems to have arisen. Germany is arming as rapidly as possible and has made a treaty with Japan which spells danger for Russia. The land of the Soviets is ringed around with enemies who would like to crush her. This is another case where the League of Nations will be helpless to prevent a conflict if occasion arises for these two warlike nations to attack.

CANADA KEEP OUT

It is hoped that in these troubles Canada will be able to keep out. This country needs no more wars and neither does Ethiopia or Russia. Evidently the war to end war was not wholly a success. It has aroused the war spirit in the world. The desire for conquest is still strong and it may take centuries for us to evolve to a state where it will be impossible for one country to prey upon another.

YANKS WIN IN DETROIT

American League Leaders Drop One to Runners-up—National Race Still Tight

DETROIT, Aug. 20. (CP)—The second place New York Yankees defeated the American League leading Detroit Tigers in the opening game of a "crucial" series here yesterday. The series will probably be only moderately "crucial" as the Tigers still have a seven-game lead which should be sufficient to see them through to another pennant unless something very unforeseen happens. The Cleveland Indians, playing at home, defeated the Washington Senators and moved into a tie with Chicago White Sox, who were splitting a doubleheader with the Philadelphia Athletics, for fourth place.

The New York Giants increased their margin of leadership in the National League to three full games over the idle St. Louis Cardinals by eking out a close victory over the Cincinnati Reds in 16 innings at the Polo Grounds while the Chicago Cubs defeated the Philadelphia to again present a real threat to the second place Cardinals and, for that matter, to the first place Giants.

Yesterday's Big League scores:
National League
Cincinnati 3, New York 4.
Chicago 2, Philadelphia 1.
American League
Philadelphia 2-3, Chicago 7-4.
Washington 5, Cleveland 11.
New York 7, Detroit 5.

AFRICA WINNER

LONDON, Aug. 20. (CP)—South Africa completed the first innings of the fifth test cricket match yesterday for a total of 475. England went to bat after luncheon, piling up 313 for four wickets at the close. South Africa was declared the winner of the series today when the fifth and concluding match was drawn. South Africa ran up 476 and 287 for six wickets, England's only innings netting a total of 634 for six. Of the five matches, four were drawn and South Africa won one.

FINE YACHT PAYS VISIT

Intrepid of New York is Million Dollar Vessel—On Her Way To Alaska With Owner

Making her second cruise this season to Alaskan waters, the 210-foot barkentine-rigged three-masted auxiliary yacht Intrepid, having on board W. P. Murphy of New York and Miami, wealthy manufacturer of railroad equipment, and party of friends including C. N. Wesley and Donald Defrees, was a notable marine visitor to Prince Rupert overnight. She is by far the largest and most palatial yacht to be seen here this year and, indeed, for a number of seasons. She arrived last evening from the south and left at 10:45 this morning for Alaska.

Holder of the trans-Atlantic sailing record of twelve days, the Intrepid is a vessel of 210 feet length and was built five years ago at a cost of \$1,000,000. Deriving auxiliary propulsion from powerful diesel engines, she has strikingly beautiful and racy lines without and elaborate and commodious accommodation within including twenty staterooms each fitted with a private tiled bathroom. She has been ten months out of New York on the present cruise and expects to spend the coming month in Alaskan waters after which she will return to Victoria and start out on a long trip across the Pacific Ocean to Honolulu, the South Sea Islands and Australia. On the present trip, she left Esquimalt last Wednesday. Only last month she had been in Alaskan waters previously.

The Intrepid carries a crew of 31 and her skipper is Capt. Jones F. Devlin of Chicago, formerly a master of Dollar Line steamers.

SOFTBALL WAS DRAW

C. N. R. A. and Grotto Game Called in Twelfth Inning Because Of Darkness

Another interesting softball battle was fought last night when the Canadian National Recreation Association and the Grotto played 12 innings to a 2-2 draw and had to call it off on account of darkness.

The game was airtight for the first five innings but in the first of the sixth, the Grotto scored two men and took a substantial lead. However, in the last half of the eighth, the C. N. R. A. managed to score one man and, then in the last half of the ninth, they scored another to tie things up. Neither team was able to score after that and, in the twelfth inning, it became too dark to play any longer and the game was called.

Batteries were:
C. N. R. A.—Stone and Budinich.
Grotto—Pitcher and Geddes.

5,000 OF ITS WORKERS ARE SHAREHOLDERS IN IMPERIAL OIL LIMITED

A FEW DAYS AGO, 208,528 shares of Imperial Oil stock were distributed to Imperial Oil employees throughout Canada. The market value of the stock at the time of distribution was about \$4,000,000. The stock was not given to the workers. They subscribed for it over a three-year period and under advantageous terms. For many years the Company's employees have been acquiring stock in this way. Consequently, of Imperial Oil's 55,000 shareholders in Canada more than 5,000 are employees of the Company.

Imperial Oil has encouraged and assisted its workers to acquire ownership in the Company for two reasons:

- (1) Because Imperial Oil believes that labour is entitled to fair and just treatment, and the stock acquisition plan is only one phase of the Company's labour policy which includes pensions, sickness and death benefits, group insurance, etc.; and
- (2) Because Imperial Oil, Limited wants its employees to have a real interest in serving you — and all the Company's customers — to the very best of their ability.

So when you deal with an employee of Imperial Oil, Limited you are, in many cases, dealing with one of the owners of the Company. He is anxious to serve you well, to win your goodwill and continued patronage, because it is his Company. The men who drill for oil, the sailors who man great tankers on the Atlantic and Pacific, the workers in the refineries, the chemists in the laboratories, the agents at country bulk stations, the drivers on the trucks, the salesmen at the service stations — most of these are not only employees; they are shareholders too. They are responsible people with an interest in the business and so we have faith in their ability and desire to serve you well.

Funeral Service Held For Mah Bon Quen Prior to Sending Remains To China For Burial

A large congregation representative of all sections of Prince Rupert community life gathered last night at First United Church for the funeral service of the late Mah Bon Quen, well known local merchant, who passed away last February. Notable among those present were many unemployed and former unemployed to whom deceased had been a benefactor for years.

The service was conducted by Rev. C. D. Clarke, pastor of the church, who paid tribute to the worth of deceased. Miss Swanna Olafson presided at the pipe organ to accompany the hymns which were "Lead, Kindly Light" and "Blest Be the Tie That Binds." During the service Miss Olafson played Mendelssohn's Funeral March.

For two hours prior to the service, the remains had lain in state in the church. This afternoon they were placed aboard the steamer Catala and will be taken to Vancouver whence they will go to Hoisan Faiye, China, where interment will be made in the family plot. Making the trip from Vancouver aboard a Blue Funnel Line steamer, the widow and seven children will accompany the remains to the Old Country.

Honorary pallbearers were J. H. McLeod, C. D. Fyfe, L. W. Patmore, Mah Wing, Richard Long and W. D. Vance. Active pallbearers were S. C. Thomson, M. M. Stephens, A. Gomez, M. T. Lee, R. E. Moore and Thomas McClymont.

Numerous beautiful floral offerings also testified to the general esteem in which deceased was held. B. C. Undertakers were in charge of funeral arrangements.

WHEN you're feeling low, try a bowl of Kellogg's Rice Krispies in milk or cream. Their crisp crackle will cheer you. Rich in energy—easy to digest.

Children like Rice Krispies because they snap, crackle, and pop in milk or cream. Fine for the nursery supper because they promote restful sleep.

At all grocers in the Mother Goose story package. Made by Kellogg in London, Ont. Quality guaranteed.
