MEETING OF FISHERMEN

Seek Cessation of Herring Reduction, Abolition of Gas and Fuel Tax—Back up Halibut Men

Resolutions requesting that sealing of herring for reduction purposes be discontinued, protesting the gasoline and fuel oil tax imposed upon commercial fishermen by the provincial government and pledging the support of the association to the halibut men in the event of a tie-up of the halibut fleet this spring were passed by the Northern British Columbia Fishermen's Association at a general meeting here at the week-end.

In regard to the sealing of herring, the meeting expressed the opinion that, as the salmon fishing of British Columbia was one of the most important branches of the fishing industry of Canada and as herring constituted the principal food for salmon in British Columbia waters, herring should not be used for other purposes than as bait or food for human consumption.

Decision of Supreme Court in Important Case is Interpreted

President Roosevelt and His Aides Scrap Elaborate Plans Which They Had Made in Case Judgment Went Against Them—Five to Four Judgment

WASHINGTON, D.C., Feb. 19: (CP)—There will be no change in United States gold policy as a result of the Supreme Court's decision on the gold clause yesterday.

The administration's sweeping practical victory in the all-important cases caused President Franklin D. Roosevelt and his aides gleefully to scrap elaborate plans for counter-action which had been prepared against the possibility of the decision having gone against the government.

That it has no such power where the government's own bonds are concerned but that federal bondholders had suffered no damage and had no right at present to other than dollar for dollar redemption.

The decision of the Supreme Court in regard to the gold clause was rendered on a five to four majority. Chief Justice Charles Evans Hughes, who delivered the judgment, was with the majority.

DAILY EDITION Tuesday, February 19, 1936

EXCELLENT PUBLICITY

The Sunday supplement of the Vancouver Province which arrived here with the Friday mail has a nicely illustrated half page article by Mrs. E. Madge Mandy entitled "Reign of Roses in Prince Rupert." It is written in the form of a conversation with an incredulous knocker in Vancouver and is excellent publicity for this city. It mentions the move to make this a rose city and also speaks of the preparations to make a sunken garden back of the court house which is making rather slow progress but is surely accomplishing its object. One of the gardens shown in the illustration is that of F. J. Fuller, First Avenue, and the other is one of the Westview rock gardens. Both Dr. and Mrs. Mandy are enthusiastic gardeners and boosters for Prince Rupert and the article in the Province is a form of publicity that will be much appreciated by residents of this city.

PLANT MORE ROSES

This is the time for local residents to make their plans for planting more roses. Reports seem to indicate that the trees planted last year came through the winter pretty well. There are sure to be a few casualties but the trees were brought in very late and very late planting means usually late growth and consequent danger of frost killing. There should be at least two thousand trees planted in the city this spring in order to continue to make progress toward the ideal of creating a rose city here.

PORTLAND CANAL MINING

Even should the Anyox mines and smelter close down in the near future, it seems likely that a new mine will take Cranby's place as a producer in this area. The Big Missouri is planning installation of the largest gold mine mill in British Columbia and other properties in the area are promising well.

If Big Missouri goes ahead with installation of a mill to the capacity of 1500 to 2000 tons it means that two big mills will be operating in the same neighborhood and that there will be great developments in the Stewart area. All that is needed now to complete the picture is for the Marmot River mines to reopen and for the Dunwell and United Empire to make regular shipments. This should cause a boom in the Portland Canal mining area and particularly in the town of Stewart.

Gardening

There are always plenty of new flowers listed in the catalogues but some of them are not very new and some are very slight variations from old ones so that it is very difficult to pick and choose.

One of the newest things featured by most of the seedsmen is the Klondyke Orange Flare Cosmos. It is, as its name implies, an orange flower said to be developed from a native of the Yukon country and is said to be a great addition to the Cosmos family. It should do well here.

Just one catalogue I have seen advertises the Fantasy Mixture of veined and watered sweet peas which is said to be extremely effective. It is a strong grower and should prove a real novelty.

The Scarlet Gleam nasturtium is listed by practically all seedsmen this year and is said to be exactly similar to the Golden Gleam. There is a mixed hybrid class which I tried last year that was not very satisfactory and I should not buy it again. Then one of the catalogues I notice has a Dwarf Golden Gleam which would be just the right thing for edging.

There are a number of good calendulas. Last year the Chrysantha was all the rage. These were grown with much success by Frank Dibb on Graham Avenue last year. This year's novelties in that line include the Orange Shaggy and there is a Yellow Supreme marigold that is also a gold medal winner.

An outstanding flower evidently shown only so far as I have seen in

an Ontario catalogue is the Clive Greaves scabiosa. No seeds are available and plants sell at a dollar each. It is an importation from Ireland. For those who like blue flowers this should be a winner. However its cost puts it beyond the range of most flower growers.

There is a Fantasy zinnia with curled petals that looks very attractive in the illustrations but zinnias do not succeed well here as a rule. This particular flower may be an exception to the rule as the petals are loose and curled. I should hesitate about ordering it unless it was to grow in a glass porch.—H. F. P.

Policyholders Own the "Assets" of Life Insurance Companies

As a great co-operative enterprise, Life Insurance has built up Assets in Canada totalling, approximately, two billion dollars. Yet these Assets are relatively small when it is realized that they are jointly owned by about 3,500,000 policyholders—one-third of Canada's population.

On the average, each policyholder owns \$571 as his share of the total Assets in Life Companies operating in Canada. Obviously, the great majority of policyholders are men and women of ordinary means—thrifty people who, year by year, have entrusted to Life Insurance part of their savings so that they may have financial security against the uncertain future.

These policyholders represent the best type of Canadian citizens. They have sought

to preserve their financial independence, and, as thrifty citizens, neither they nor their dependants are ever likely to become charges upon government or municipal relief.

To protect the interests of these 3,500,000 Canadian policyholders, Life Insurance Companies have invested their Assets in government and municipal bonds—in first mortgages—in public utilities and industrial enterprises—and in other authorized securities.

The soundness of the Investment policy of the Companies has been tried and proven during periods of severe financial stress. Governing and corporate bodies in which policyholders' moneys are invested have maintained the integrity of their obligations and made it possible in turn for the companies, in their capacity as trustees for the policyholders, to fulfill every promise and protect every policyholder against the loss of a single dollar.

TELLS EXPERIENCE BEFORE A NOTARY

Mrs. Albert Aubry, 1605 Masonneuve St., Montreal, relates in a sworn statement how Fruit-a-tives bettered her health. She now enjoys life after years of poor health and, so you may be sure of its truth, Mrs. Aubry tells of her experience in a statement made under oath. She says,—"I was troubled for years with dizzy headaches. My bowels did not function regularly. I had no appetite. I had no sleep. It was difficult for me to do my work. I tried a great many laxatives but found most of them too violent. Finally I started taking Fruit-a-tives. In a very short time my health became greatly improved. I now enjoy life much more than before I learned about Fruit-a-tives."

Copy of Mrs. Aubry's complete sworn statement will be sent on request. Write Fruit-a-tives Limited, Ottawa, Canada. FRUIT-A-TIVES—25c and 50c EVERYWHERE

Cannery Valuation Is Being Appealed

Canadian Fishing Co. Not Satisfied With Assessment Placed on Humpback Bay Plant

The only appeal of any importance on the list of the provincial court of revision this year is one in which the Canadian Fishing Co. is seeking a downward revision of the assessment on the cannery property at Humpback Bay, Porcher Island, which it purchased from the Chatham Sound Canning Co. last year. Hearing of this appeal has been adjourned until March 7 on application of T. W. Brown, appearing for the company.

Several minor adjustments were made by John Dybhavn, judge of the court, before adjourning sessions late last week.

Many Attend Funeral Rites For Aged Billmor Man—Masons and Oddfellows Pallbearers

With many friends of the family in attendance to pay final tributes of sympathy and respect, the funeral of the late Clarence E. Morgan, cousin of John R. Morgan and B. E. Morgan, took place yesterday afternoon from the chapel of the B. C. Undertakers to Fairview Cemetery. The service was conducted by Rev. Dr. F. W. Dafoe, pastor of First Baptist Church, and W. Vaughan Davies presided at the organ. Hymns were "Lead Kindly Light" and "Aderystwth" (Welsh). Pallbearers were Alex McRae, C. V. Evitt, Murdo McArthur, J. A. Hinton, H. M. Hale and J. W. McKinley, representing the Masonic and Odd-fellows orders of which deceased was a member. There were a number of floral offerings.

The late Mr. Morgan passed away on Saturday morning last at Billmor where he had lived for seven years. Until his retirement fifteen years ago he was in the carpentering trade. Born eighty years ago in Cincinnati of Welsh descent, he had come here from Minneapolis.

WHIFFLETS From the Waterfront

The grain ship Frumenton, now loading here, is a vessel of 4059 tons register and was especially built for grain carrying. Capt. S. G. Boulton, the master, is no stranger to this port, having been here in previous vessels. The crew numbers thirty-one men. The vessel had loaded 158,000 bushels up to last night. Her maximum capacity is 410,664 bushels. It is expected she will be ready to sail by tomorrow.

Union steamer Cardena, Capt. James Findlay, returned to port at 9:45 this morning from Anyox. Stewart and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

Seattle halibut boat owners and fishermen, according to information received here, have accepted a figure of 40¢ per pound for halibut livers this season, this price being just about double that which was paid last year. The Prince Rupert fleet has not yet decided on the liver price question.

It was twenty years ago yesterday since A. D. Gillies arrived in Prince Rupert from Winnipeg to open the Grand Trunk Pacific Express Co.'s office here. Mr. Gillies is still manager of the railway express service here. Since he took over, the business has showed much expansion and increase, due largely to the fish trade. Mr. Gillies was accompanied on his arrival here by Mrs. Gillies and young family.

MEETING OF FISHERMEN

Continued from Page 1

In the fishing industry at present, unless it was a fairly good year with fairly good prices, fishermen would have all they could do to keep off relief during the winter months. If the fuel oil tax were imposed, necessary repairs to boats and gear would have to be postponed, causing unnecessary loss and danger to fishermen.

With respect to the possibility of a tie-up of the halibut fleet, salmon fishermen who may be intending to go halibut fishing this spring are being asked by the association to govern themselves by whatever ruling the Canadian Halibut Vessel Owners' Association and the Deep Sea Fishermen's Union may put into effect.

Babe Ruth Returning

NEW YORK, Feb. 18.—Babe Ruth, accompanied by his wife and daughter, are due here this week from London after the last lap of a trip which has taken them around the world. A large crowd of Americans was on hand to see Ruth and his party off at London. These included Former Mayor Walker of New York.

SPORT CHAT

On Thursday night the regular Junior, Intermediate and Ladies' League basketball fixtures will be played while the Canadian National Recreation Association will take on the touring Ketchikan Owl five in place of the regular senior game. The Ketchikan referee will be the eleventh man on the floor.

Clem Loughlin, manager of Chicago Black Hawks, believes the Montreal Maroons will be as "tough as any of them" when the Stanley Cup hockey playoffs come around. But Clem likes his Hawks pretty well, too.

In what was advertised as a "test" hockey series between England and Canada in England, the Canadians won easily. In the deciding game Canada won by 10-5. All the Canadian players perform on English teams.

Douglas Grant of Halifax, the best badminton player developed in Canada since Jack Purcell, is preparing to defend his Canadian singles championship. Grant first won the title in 1933 and successfully defended it last year.

British snooker enthusiasts have been eagerly awaiting the first appearance in London of Con Stanbury of Winnipeg, the Canadian champion. Stanbury arrived in London recently to challenge for the world's championship, held by Joe Davis. He will take part in several exhibition matches first.

Boxing promoters seeking to make Wembley, England, the ring centre of the country are searching diligently for young heavyweight material. British fans like to watch the big fellows who can hit, and there is a dearth of them just now.

The British Empire heavyweight champion, Jack Petersen, is engaged to be married—but not until he has had a crack at Max Baer's title. The girl is Betty Williams, 18, of Cardiff, whom Petersen met at a dance 18 months ago. Miss Williams is more interested in hockey and swimming than boxing.

South Africa's cricket side to visit England next season is the first "turf-educated" team the Union has ever sent abroad. In the past South African teams have been handicapped in England because the players were accustomed to hard pitches.

A testimonial game to Patsy Hendren, famous Middlesex cricketer, will be staged at Lord's on the Whitsun bank holiday. Now 45 years old, Hendren should reap a rich reward from this "gate."

GROTTO IS DEFEATED

Moose Defeat Senior Basketball League Leaders by Score of 38 to 26

The Moose, with Pierce and Wingham enjoying a big night, defeated the Grotto 38-26 in a rough and tumble senior basketball game last night. The Grotto was without the services of its play-making forward, Ratchford, and also Gurvich was checked to a frazzle while "Bullet" Scott never put in an appearance. The game started off fast and rough with the Moose scoring the first basket in fifteen seconds of play. One minute later Gillis sank two penalty shots to square it up. From then on it was just a basketball game with Moose having a six-point lead at the interval.

When the teams went to work in the second half the Moose held their lead while Referee Skinner handed out personals to both teams, bouncing three Grotto players and Pierce of the Moose.

With five minutes to go the Moose called time out to stop the Grotto scoring spurt. When the game ended the Moose had 38 points. Skinner dished out 31 fouls.

The Grotettes, led by Lofty Beale, downed the ladies from the High School 16 to 12. The Cigar Store girls had things their own way for a six-point lead at half time with a 10-4 score. It was in the second half that the Students turned on the heat to outscore their opponents by two points but were stopped by the final gun to end the game 16-12 in favor of the Grotettes.

The Warriors, minus Bill Nelson, lost to the fast moving Canadian Legion cagers 28-12. The Vets were never headed as they had a seven-point lead at the breather with the score 15-8. In the second half the Legion held their badly rattled opponents down to four points while they snared 13. Nakamoto and

Smith handled the game in a capable manner.

Junior League
The Scythians mowed down the Boy Scouts 10-3 in the Junior League curtain raiser. The first half ended two-all. Then the power play put on by the Scythians held the Scouts down to one point while they snared eight.

ENTRIES EXTENDED
Entries for the ladies' bowling league at the Rex Bowling Club have been extended until the middle of this week. Six teams are already entered and eight are expected. The entering teams to date are: Grotto, Annette's, Canadian National Recreation Association, Strikers, Melroses and Mrs. Keron's Five. The men's ten-pin league gets under way tonight.

JACK McEVY BACK
Jack McEvoy, well known boxer, who has been at Anyox for some time, came in from the smelter town on the Cardena this morning.
