## VANCOUVER UNEMPLOYED REJECT STRIKE SETTLEMENT

### Abolition of Military Control Demanded-- Ask Work and Wages

General Sympathetic Strike in Southern City Now Planned For Monday—Will be But Fore-Runner of Larger Demonstrations, it is Declared

VANCOUVER, April 26: (CP)—Official proposals for settlement of the relief camp strike were turned down late yesterday at a mass meeting of two thousand men who insisted that negotiations on their demands be opened immediately. The men are demanding abolition of control of relief camps by the Department of National Defence, institution of regular work and wages and abolition of the "black-list" and "forced labor."

It was stated at the meeting that a sympathetic general strike was proposed in Vancouver next Monday afternoon between 3 and 4 o'clock, it being intimated that this would be but the forerunner of a larger strike demonstration later in the month if the demands were not met.

### SEES GOOD TIMES AHEAD

Colonel Nicholls Sees Steadily Rising Market—Tells of Interesting Things Seen in Travels

Building has been at a standstill for years, railway equipment is run down and must be renewed and everywhere there must be a great deal of money spent soon and this will result in a big buying movement in the near future with good times accompanying it. As a result of the devaluation of the dollar by 40% the price of goods must eventually go up that amount with the result that there will be a steadily rising market for some time to come. While this is going on there will be good times that was the opinion expressed by Colonel J. W. Nicholls in an address to the Rotary Club yesterday.

The Colonel's subject was "Here, There and Everywhere." He told of a visit to the Art Museum at Chicago where he was interested in the exhibit of old English silver. Old English furniture also attracted him and proved very interesting. Old English homes had been removed and re-erected at the museum exactly as they were in the Old Country. At the Metropolitan Museum at New York, the speaker said he found a very fine exhibit of old English silver. He was much interested too in the exhibit of Chinese pottery. There were marvellous products of Oriental art covering a period over the past two thousand years. The human figure was wholly absent from the decoration, fields, waterfalls, trees and birds taking its place. Symbolism was highly developed. For instance the dragon symbolized water which was penetrable, friable and fluid. When the meaning of the illustration (Continued on Page 4)

### DEATH SENTENCE ON KIDNAPPER UPHOLD

KANSAS CITY, April 26:—The Supreme Court of Missouri yesterday dismissed an appeal of Walter McGee, convicted kidnapper of Mary McElroy, daughter of the city treasurer of Kansas City, against a death sentence set for execution on May 10. The only hope for McGee now rests with the Governor with whom it was reported yesterday the kidnapper girl herself might plead for commutation to life imprisonment.

### COMPROMISE APPROVED

Senator Pat Harrison's Bonus Bill Sent to Floor of Chamber By Finance Committee

WASHINGTON, D.C., April 26:—By a vote of 12 to 8, the Senate finance committee yesterday decided to report Senator Pat Harrison's compromise bonus bill, which has the approval of President Franklin D. Roosevelt, to the floor of the Senate. It is anticipated that the measure will face a stiff fight on the floor of the Upper House.

### WHAT WILL HITLER SAY?

England Awaits Reply of Reichsfuehrer to Premier MacDonald's Caustic Comment

LONDON, April 26:—All England was wondering last night what reply Reichsfuehrer Adolf Hitler might have to make to Prime Minister J. Ramsay MacDonald's declaration that Germany had "broken up the road to peace and beset it with terrors."

### SERIES IS EVENED UP

L'Assomption College Wins Over Victoria Blue Ribbons in Second Basketball Match

VICTORIA, April 26: (CP)—L'Assomption College of Windsor evened up the series for the Canadian men's basketball title by defeating Victoria Blue Ribbons 44 to 21 in the second game last night. The Blue Ribbons had previously won the first game.

### Lord and Lady Baden-Powell Start Canadian Tour

On a tour of Canada enroute home to England after attending Australian centenary celebrations, Lord and Lady Baden-Powell are shown here in Victoria, as they commenced their tour. They are now in Calgary. They are accompanied by their two daughters, Hon. Betty (left) and Hon. Heather. Sun-tanned and fit, the Chief Scout declared that he is looking forward with keen interest to the visit he will make with scout organizations in all parts of the Dominion before he sails from Quebec on May 26. He is 76 years old, but still vigorous and healthy.

### University Extension Courses Planned For This City Under Scheme Launched at Meeting

Dr. Harry V. Warren Coming to Explain Plan in Detail At Public Gathering to be Held Here in May

It is possible that Prince Rupert may have a university extension branch somewhat along the lines of a polytechnic institute established in the city fostered by the University of British Columbia in co-operation with the Carnegie Foundation. A preliminary meeting was held in the City Hall last night with Dr. J. T. Mandy presiding to lay plans for a future gathering which will be addressed by Dr. Harry V. Warren, professor of mineralogy at the University of B.C., who is expected to arrive in the city about the middle of May for the purpose of learning the views and desires of the people of the city in regard to providing opportunities here for adult education.

### GRAIN SHIP IS IN PORT

British Freighter Paris City Arrives To Take Full Cargo To U. K.—Continent

After an uneventful sixteen and a half day voyage from Vladivostok, Russia, the Reardon, Smith freighter Paris City, Capt. B. Pearson, arrived in port at 7:30 this morning and went on berth immediately at the Alberta Wheat Pool's elevator where, after completing lining, she will start tomorrow on the loading of a full cargo of grain for the United Kingdom or Continent.

The Paris City is somewhat larger than the average grain boat to be seen here but not as large as some that have called here.

Empire Shipping Co. are the agents for the vessel, Capt. C. Brewster of Vancouver is here to act as pilot.

### WORLD PRODUCTION OF SILVER HIGHER

NEW YORK, April 26: (CP)—World production of silver for March totalled 15,940,000 ounces, a million ounces greater than February. The Canadian production for March was 966,000 ounces, 61,000 ounces greater than February.

Dr. Mandy explained the purpose of the gathering, mentioning the (Continued on page three)

### DODGERS KEEP UP

Brooklyn Going Strong in National League—Indians on Top in American

BROOKLYN, April 26: (CP)—With a rookie pitcher hurling a one-hit game, Brooklyn Dodgers blanked the Phillies yesterday to continue as pace-makers in the National League with the New York Giants keeping in stride by winning a tight victory over the Boston Braves. Cincinnati Reds blanked the Pittsburgh Pirates, the former, as a result, taking exclusive possession of third place.

The Cleveland Indians moved out on top in the American League by winning a slugfest from the St. Louis Browns at Cleveland while the Red Sox were losing to the New York Yankees at Boston. Washington Senators were unable to score against the Athletics at Philadelphia and dropped into tie for fourth place with the Yankees. The Detroit Tigers dropped into the cellar by losing to the White Sox at Chicago.

Yesterday's Big League scores:  
American League  
New York 12, Boston 4.  
Washington 0, Philadelphia 10.  
St. Louis 6, Cleveland 7.  
Detroit 8, Chicago 9.

D. McD. Hunter continues to make an excellent recovery following a recent major operation and it is expected he will be able to leave the Prince Rupert General Hospital within a few days.

### RIISING SILVER PRICES ARE MIXED BLESSING

VICTORIA, April 26: (CP)—Rising silver prices, if established, would mean a decided stimulus to British Columbia mining but lumber and other exports to the Orient, especially China, would probably suffer, it was stated at the Department of Mines yesterday.

### Spot Price For White Metal in Montreal is Up to 80 Cents Today

Old Country Owners of Cups and Trophies Sweep Eyesores From Mantles to Sell For Melting as Demand Reaches Highest Peak in Thirteen Years

MONTREAL, April 26: (CP)—Silver futures on the Canadian Commodity Exchange jumped an extreme limit of three cents per ounce immediately after the market opened today. April, which is spot silver, was bid at 80c per ounce and the boom continued throughout the day's trading. On all mining markets in the Dominion, silver mine stocks surged sensationally upwards.

### PIONEER IS DEAD

Wilfrid Gratton, Resident of Twenty-Five Years' Standing, Succumbs Suddenly

Another of Prince Rupert's well known and highly esteemed pioneer residents passed on early last evening with the sudden death of Wilfrid Gratton, aged 70, investor and merchant of a quarter of a century's standing here. Mr. Gratton's death will be a great shock to his many friends who will extend their deep sympathy to the bereaved.

Although he had been known to be not in the best of health of late, it was only on Wednesday that Mr. Gratton had complained of any particular distress. However, he had continued attendance at his store until late yesterday afternoon when he became weaker and was accompanied to his home at 741 Third Avenue by his wife. He was unable to make the ascent of the stairway but was assisted to his bed. There he, apparently, sensed that the end was near for he spoke of death. Before medical aid could be summoned, he expired between 6 and 7 o'clock, apparently the victim of heart disease.

The late Mr. Gratton was born at St. Monique, Quebec, and came here in 1910. He invested heavily in real estate, erected a number of buildings and during the past several years had conducted a general store.

Besides the widow, Mr. Gratton is survived by one daughter, Mrs. G. C. Arseneau, who is at present in Vancouver but who is expected home Sunday evening to attend the funeral which will probably take place on Monday. There are also brothers and sisters as well as other relatives in Quebec.

Mr. Gratton was a Roman Catholic. As a heavy owner of property, he took an active interest in civic affairs.

### NO INCORPORATION YET

W. J. ALDER, Commissioner.

### London Very Strong

LONDON, April 26: (CP)—Thousands of persons swept eyesore silver cups and trophies from their mantles today and rushed them to market to capitalize on the great silver boom. Antique dealers did a rushing business, paying 34 pence per ounce for all kinds of silver goods for melting purposes.

The open market price jumped another three pence today, reaching 36 1/4 pence, the highest price since October 1922. Heavy speculative orders came from local brokers and from India and China.

NEW YORK BOOMS TOO  
NEW YORK, April 26: (CP)—Silver boomed along here again today, climbing four cents to close at 81c.

#### RIOTS AND RUMBLINGS NOTHING NEW

There have been labor troubles and political upheavals and international difficulties during the past year or so but they have not been any worse than similar troubles of which we hear and read. Riots were not uncommon away back in the days when Charles Kingsley wrote his novels. People who have felt themselves oppressed have committed illegal acts largely for the purpose of drawing attention. In all ages the men who have made a failure of life have become "red." The average successful man is conservative and opposed to great changes.

Often rioters have been misled by agitators who promised that if they stood up for their rights they would get what they wanted. As a result many people have lost their lives and usually the wrongs have been righted.

In the United States today it is not the legitimate labor agitations that cause the trouble. It is the rackets that accompany them under which the union dictators levy tribute on both men and employers and become very rich at the expense of their victims. A number of such cases have recently been exposed but most of them never see the light and the victims suffer in silence. Those who try to fight against this octopus find their premises bombed, their machinery sabotaged, their lives endangered and their families molested. It is a terrible menace.

In Vancouver Wednesday there were riots but they meant little. It is probable that they were the result of some communistic activities, futile as all such activities are in this country. All they do is to cause inconvenience and worry to a few people and an item of news to the many.

### RUPERT IN GOOD LEAD

Cops Another Victory From Anyox  
In Northern B. C. Hoop  
Finals

#### Well Ahead Now

Victory Tonight Would Give Locals  
District Cage Title

ANYOX, April 26.—Grotto of Prince Rupert won last night's game in the Northern British Columbia senior basketball championships by a score of 33 to 23 to increase their aggregate lead over Anyox to date to thirty points, having won two games to date over Anyox with the first tied.

Five minutes after the interval, Anyox was leading 21 to 6 but Forwards Ratchford, Smith and Stiles of Prince Rupert then started to click with Ratchford doing the most of the scoring on plays from Stiles and Smith. Ratchford was responsible for seventeen points.

The Prince Rupert defence was solid with Morrison starring.

Anyox was superior in the first half.

Youngs and Watson refereed very satisfactorily.

Eleven fouls were called on Prince Rupert and eight on Anyox. Rupert converted three in twelve penalties and Anyox four in twelve.

If Prince Rupert wins tonight, the team will return home without remaining for another game tomorrow night.

The boys from the railway terminus are having a good time.

#### SPORT CHAT

A meeting of the executive of the Prince Rupert Football Association is being arranged, possibly for tonight, to set the date for the annual spring organization meeting of the association and to discuss plans for the coming season in a preliminary way. One interesting proposal that is being advanced is that league football might be played this summer on the Canadian National Recreation Association softball grounds rather than at Acropolis Hill. Whether anything comes of this suggestion, however, remains to be seen.

Ocean Falls men and women bowlers are reported to be interesting themselves in the possibility of coming to Prince Rupert for an inter-town competition shortly. There is, of course, considerable in the way of preliminary arrangements to be made before any such excursion could be embarked upon. The plan is now under consideration locally. The paper town is said to have many skilful adepts of both sexes in the alley sport which has been going over so strong again in Prince Rupert recently.

golden opportunity that lay before the people. If brought to fruition it would have an important effect on the life of the city. He mentioned that the plan had been discussed with Professor Soward at Mrs. McIntosh' home a few days ago and some useful suggestions had then been made. Dr. Warren would elaborate the plans on his arrival in the city.

#### Subjects of Study

Subjects suggested for study include mining and affiliated subjects, forestry and affiliated technique, biology, including fishery subjects, navigation, internal combustion engines, electricity and relative technique, mechanics, chemistry, building, safety first, first aid, sanitation and hygiene, etc., manual training (use of Booth Memorial School equipment), home economics (use of Booth Memorial School equipment), interior decorating, bookbinding, dressmaking and affiliated subjects, child welfare, shorthand, typewriting, bookkeeping, small handcraft, refrigeration, horticulture, English, literature, speech, drama, music, history, archaeology, astronomy, zoology, botany.

It is believed that adequate instructors for most of these subjects could be found locally. The importance of utilizing local instructors is stressed because these courses would not only benefit and stimulate the instructed but also the instructors. It is thought that many local instructors could be found who would act voluntarily and without compensation. However, a nominal general compensation for the instructors would be of assistance. Enrolment would decide the subjects to be chosen.

## SALE IS SUCCESS

Enchanted Garden is Attractive  
Event at Cathedral

The Easter sale held in St. An-  
drew's Anglican Cathedral Hall on  
Thursday afternoon took the form  
of an Enchanted Garden, the vari-  
ous stalls being decorated with  
spring flowers, birds and butter-  
flies. On the stage was a rustic  
bower covered with roses.

The sale was a great success and  
well attended, being opened by  
Mrs. G. A. Rix.

The guests were welcomed by  
Mrs. J. B. Gibson and Mrs. Thomas  
Andrew.

The tea room was in charge of  
Mrs. A. L. Holtby and Mrs. A. H.

Waddington. Presiding at the urns  
were Mrs. C. H. Orme, Mrs. R. L.  
McIntosh, Mrs. F. A. MacCallum

assisting in serving were Mrs. J. A.  
Hinton, Mrs. H. G. Kennedy, Mrs.  
J. W. Nicholls, Mrs. J. S. Wilson,

doubly interesting. Picture galler-  
ies also proved attractive, the Dutch  
school as represented by Rem-  
brandt and the English by Con-  
stable predominating.

Colonel Nicholls ascribed the  
flower show put on by professional  
gardeners in a large building ad-  
joining the Grand Central Station  
in New York. There were spring  
gardens, summer gardens and au-  
tumn gardens all in bloom at the  
same time and the orchid collec-  
tion he was told was valued at a  
quarter of a million dollars. Roses  
were all in bloom.

The speaker said he attended  
several movies in New York but  
was not enthused with any except

## WHIFFLETS

From the Waterfront

C. P. R. steamer Princess Ade-  
laide, Capt. S. K. Gray, is due in  
port at 4:30 this afternoon from the  
south and will sail at 10 p.m. on  
her return to Vancouver and way-  
points.

There was still no change this  
morning as regards the dispute be-  
tween boat owners and union fish-  
ermen of this port in regard to the  
sharing of proceeds of halibut liv-  
ers. Capt. George Fritz, president  
of the Canadian Halibut Vessel  
Owners' Association, advised George  
Anderson, secretary of the local  
Deep Sea Fishermen's Union, today  
that an endeavor would be made to  
have a meeting of boat owners next  
Monday evening to discuss the  
dispute. Meantime, a meeting of  
the fishermen is to be held tonight.  
It is hoped that, as a result of these  
meetings, some basis of settlement  
of the present impasse may be  
reached. Major J. A. Motherwell,  
chief supervisor of fisheries, who  
is a visitor in the city, conferred  
yesterday afternoon with repre-  
sentatives of the two sides of the dis-  
pute.

There were but eighteen passen-  
gers aboard the steamer Princess  
Norah which was in port yesterday  
afternoon southbound from Skag-  
way to Vancouver. There were  
none disembarking from the vessel  
here while but one went south  
aboard her.

No boats being in with catches,  
there was no sale of halibut on the  
local fish exchange yesterday.

Mrs. J. H. Carson and son, Pat,  
who have been visiting for the past  
three weeks at Premier, returned to  
the city from the north on the  
Prince Rupert last evening.

## FILM HAS MUCH FUN

"Latest Will Rogers Comedy, 'Life  
Begins at Forty,' at Capitol

Will Rogers' latest comedy, "Life  
Begins at 40," opening tonight at  
the Capitol Theatre, contains a  
bundle of hilarious situations. This  
breezy comedy is described as a  
fun fest that works into a pande-  
monium of mirth.

Will is cast as a country editor  
who proves that the way to get a  
kick out of life is to put a double  
kick into it. Rogers stampees ex-  
citement into his small town, tries  
his hand at match-making, leads  
an army of veteran hill-billy hog-  
callers into battle, fights a "frolic-  
some duel using wisecracks for ev-  
ery pistol bullet of his adversary.

The comedy is doubled with a  
tender romance. As the editor, Ro-  
gers clears the reputation of a  
youth "railroaded" to penitentiary,  
and so stirs up a hornet's nest of  
hostility.

The fine supporting cast includes  
Rochelle Hudson, Richard Crom-  
well, George Barber, Jane Darwell,  
Slim Summerville, Sterling Hollo-  
way, Thomas Beck, Roger Imhof,  
Charles Sellon, John Bradford and  
Ruth Gillette.
